Report of Independent Auditors

To the Participants and Administrator of Millennium Chemicals Savings and Investment Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Millennium Chemicals Savings and Investment Plan (the "Plan") at December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held for investment purposes and reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

PricewaterhouseCoopers LLP June 27, 2003

4

Millennium Savings and Investment Plan Notes to Financial Statements

1. Description of the Plan

The following description of the Millennium Savings and

Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all United States employees, 21 years or older, of Millennium Chemicals Inc. (the "Company") who are regular, full-time, non-represented employees; part-time employees that have worked 1,000 hours; and certain regular, full-time represented employees that are covered under a collective bargaining agreement that allows eligibility into the Plan. A participant is eligible to participate effective immediately.

Contributions

Each year, participants may contribute up to 17% of eligible compensation in 1% increments for contribution into the Plan on a pretax basis. The Plan sponsor matches 75% of the first 6% of basic contributions. The match $\,$ is funded primarily in Millennium Chemicals Inc. common stock. There is no employer match on participant contributions in excess of 6% of wages (supplemental contributions). Contributions are recorded when withheld from participants by the Plan sponsor and are deposited twice each month. On or after February 11, 2002, participants who are age 50 or older, or who attain age 50 during the calendar year, may sell the employer securities in his or her Employer Matching Contribution Account and reinvest the proceeds in any of the core funds or the BrokerageLink, subject to applicable limitations in the plan. Additionally, see Note 10 - Subsequent Events regarding changes to participant eligibility for diversification of assets in the Plan and participant contribution limits. The maximum pre-tax contribution allowed by the Internal Revenue Service was \$11,000 and \$10,500 for 2002 and 2001, respectively.

Vesting

Participants are immediately vested in their contributions, company contributions and earnings thereon.

Trust

On April 1, 2002, Fidelity Management Trust Company ("Fidelity") became the recordkeeper and trustee of the Plan. Participant account balances were automatically transferred from Bankers Trust Company of New York, former trustee, and Metropolitan Life Insurance Company, former recordkeeper, to Fidelity, which provides similar investment options.

5

Distributions and Loans

Distributions of any participant's vested account balance may be made upon the participant attaining certain age requirements, termination of employment, death, permanent disability, termination of the Plan or a change in control as defined in the Plan document. Participants are permitted to make hardship withdrawals if certain criteria

are $\mbox{met.}$ Generally, only one withdrawal of any type is allowed in a 12-month period.

Participants may borrow against their account balance. The minimum amount a participant may borrow is \$1,000. Total loans to a participant cannot exceed the lesser of \$50,000 or 50% of the participant's account balance. The amount of any loan will be withdrawn in a ratio that is proportionate to the participant's balance in each investment fund. Loans shall bear interest at the prime lending rate (at the date of the loan) plus 1% and are repayable within 5 years from the date of borrowing, with the exception of loans in excess of \$15,000 used to acquire a primary residence, which are repayable over a period of up to 10 years. As loans are repaid, both the principal and interest are deposited to the participant's current investment fund elections. A portion of a participant's investment account is pledged as collateral for the loan.

2. Plan Transfers and Mergers

On July 1, 2001, a group of participants (United Steelworkers of America - Local 12200 and PACE Local 2-0020) in the United Steelworkers of America (USWA) Savings Program - Millennium Inorganic Chemicals Inc. 401(k) Plan transferred into the Plan. This represented a transfer of approximately \$.4 million of assets into the Plan.

On March 9, 2001, a group of participants (the International Union of Painters & Allied Trades - Local 1937 HPP and the United Steelworkers of America - Local 14019 HPP) in the USWA Savings Program - Millennium Inorganic Chemicals Inc. 401(k) Plan transferred into the Plan. This represented a transfer of approximately \$2.9 million of assets into the Plan.

3. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

6

Valuation of Investments and Income Recognition
The Plan's investments are stated at fair value. Quoted
market prices are used to value investments. Shares of
mutual funds are valued at the net asset value of shares
held by the Plan at year end.

In 2001, guaranteed and synthetic investment contracts were recorded at their contract values (which represented

cost plus accrued interest for guaranteed investment contracts and fair value of the collateral plus the benefit responsive wrap value for synthetics), as the contracts were fully benefit responsive. For example, participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value. Investments in the Bankers Trust Company BT Pyramid Directed Account Cash Fund and BT Pyramid Discretionary Account Cash Fund were recorded on the basis of cost, which approximated fair value.

Investments in the BrokerageLink are recorded at fair value. Fair value of investments is determined by quoted market prices in an active market, if available. For those securities with no quoted market prices, fair value is estimated by the Trustee. Information included in the financial statements related to the BrokerageLink represents the aggregation of individual participant accounts and, as a result, the investment results presented are not representative of the results obtained by each participant in that fund. Individuals participating in the BrokerageLink should refer to their individual participant account statements for information regarding their own investment performance. The Plan sponsor, the Benefits Administration Committee and Plan Trustee do not take responsibility for the investment decisions of individual participants.

Purchases and sales of securities are recorded on a tradedate basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Since April 1, 2002, trustee and recordkeeping fees are paid by the Company. Other expenses are paid by participants. Prior to April 1, 2002, administrative expenses of the Plan were paid by the Trust and allocated to participant accounts on a pro-rata basis based on account balances.

Use of Estimates

The preparation of the Plan financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

7

Risks and Uncertainties

The Plan provides for various investment options in funds, which includes a combination of stocks, bonds, fixed income securities, mutual funds and other investment securities. Due to the level of risk associated with certain investment securities and the level of uncertainty

related to the changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

4. Investment Contracts with Insurance Companies

The Plan used a fixed income fund to invest in a number of guaranteed investment contracts. The average yield for the investment contracts was 5.60% for the year ended December 31, 2001. The crediting interest rates were 5.41% at March 31, 2002 and ranged from 4.62% to 6.95% at December 31, 2001, and were determined based on the balance and the activity in the account. All investment contracts with insurance companies were liquidated during the 2002 Plan year.

Selected contracts had crediting interest rate resets on a quarterly or annual basis. There were no limitations on guarantees under the terms of the contracts. No valuation reserves had been established to adjust contract amounts due to the creditworthiness of the contract issuers. The contracts included in the financial statements were stated at contract value (which represented contributions made under the contract plus earnings, less withdrawals and administrative expenses) because the contracts were fully benefit responsive. The contract value of the investment contracts approximated fair value at December 31, 2001.

5. Plan Termination

benefits per Form 5500

Although the Plan sponsor has not expressed any intent to terminate the Plan, it has the right to do so at any time, subject to the provisions of ERISA.

8

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in these financial statements to the Form 5500:

| | December 31, 2002 |
|---|-------------------|
| Net assets available for benefits as reported in these financial statements | \$88,627,101 |
| Less: Loan amounts that have been deemed distributed | (8,870) |
| Net assets available for | \$88,618,231 |

7. Investments in Excess of 5% of Assets

The following individual investments represented more than 5% of Plan assets at December 31, 2002:

| Fidelity Retiree Money Market Fund | \$28,817,379 |
|------------------------------------|--------------|
| Millennium Chemicals Inc. Stock | 19,661,311 |
| Fidelity Mid-Cap Fund | 7,970,958 |
| Fidelity Freedom 2030 Fund | 5,825,336 |
| Spartan US Equity Index Fund | 5,591,816 |

The following individual investments represented more than 5% of Plan assets at December 31, 2001:

| Bankers Trust Company Pyramid Stable Value Gov't Fund II | \$ 25,832,224 |
|--|---------------|
| Millennium Chemicals Inc. Stock | 23,114,133 |
| Bankers Trust Company Pyramid Mid Cap Fund | 10,781,258 |
| Bankers Trust Company Lifecycle Long Range Fund | 7,658,113 |
| Bankers Trust Company Pyramid Equity 500 Index Fund | 6,876,965 |

During 2002, the Plan's investments (including gains and losses on investments bought and sold during the year) depreciated in value by \$14,361,965 as follows:

| Common stock | \$ (735,821) |
|---------------------------------------|--------------------|
| Millennium Chemicals Inc.common stock | (4,852,785) |
| Mutual funds | (8,388,371) |
| U.S. Government securities | (20,803) |
| Short-term investments | (364,185) |
| | |
| | \$ (14,361,965) |
| | |

9

The employer matching portion of the Millennium Chemicals Stock Fund is non-participant directed, except as noted in Note 1.

8. Nonparticipant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

| | December 31, | | |
|---|--------------------------|---------------|--|
| | 2002 | 2001 | |
| Net Assets: Millennium Chemicals Inc. common stock Short-Term investments | \$ 19,661,311 517,613 | | |
| | \$ 20,178,924 | \$ 23,596,906 | |

| | Year Ended December 31, 2002 |
|-------------------------|------------------------------------|
| Changes in Net | |
| Assets: | |
| Contributions | \$ 4,722,740 |
| Dividends | 241,362 |
| Interest | 31,030 |
| Administrative expenses | (14,467) |
| Net depreciation | (4,852,785) |
| Benefits paid | (1,818,128) |
| Interfund transfers | (1,727,734) |
| | |
| | \$ (3,417,982) |
| | |

9. Tax Status

The Internal Revenue Service (IRS) has issued a determination letter dated December 2, 2002, indicating that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the Plan is not subject to tax under Section 501(a) of the IRC. Although the plan has been amended since receiving the determination letter, the Plan Sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal income taxes has been made.

10

10. Subsequent Events

Effective January 1, 2003, all participants became eligible to diversify out of their company match account within the company stock fund. Under the new diversification feature, participants have the choice to retain their company match account within the Millennium Chemicals Stock Fund, or sell the stock and transfer the proceeds into one or more of the other investment vehicles offered in the Plan, subject to Plan provisions.

Effective January 1, 2003, participants may contribute up to 30% of eligible compensation in 1% increments.
