The "Selling Securityholders" section of the accompanying prospectus is hereby supplemented to include the information provided below in the table appearing in the "Selling Securityholders" section of this prospectus supplement with respect to amendments to the information previously listed in the accompanying prospectus and, as indicated, supercedes the information previously included in the table appearing in the "Selling Securityholders" section of the accompanying prospectus, or any other amendments or supplements thereto.

This prospectus supplement should be read in conjunction with, and may not be delivered or utilized without, the accompanying prospectus dated June 3, 2004 and all other amendments or supplements thereto. The terms of the Series C Preferred Stock are set forth in the accompanying prospectus dated June 3, 2004.

Selling securityholders listed in the "Selling Securityholders" section of this prospectus supplement and any other amendments or supplements thereto may offer and sell the Series C Preferred Stock and the shares of common stock issuable upon conversion of the Series C Preferred Stock pursuant to this prospectus supplement, the accompanying prospectus, and any other amendments or supplements thereto. Our registration of the Series C Preferred Stock and the shares of common stock issuable upon conversion of the Series C Preferred Stock does not necessarily mean that the selling securityholders will sell all or any of the Series C Preferred Stock or the shares of common stock.

SELLING SECURITYHOLDERS

The Series C Preferred Stock, and any shares of our common stock issued upon conversion of the Series C Preferred Stock, are being offered by the selling securityholders listed in the table below. We issued and sold the Series C Preferred Stock in a private placement to the initial purchasers, Morgan Stanley & Co. Incorporated and Deutsche Bank Securities Inc. The selling securityholders purchased their Series C Preferred Stock from the initial purchasers or from subsequent holders in transactions exempt from registration under the Securities Act.

Edgar Filing: KANSAS CITY SOUTHERN - Form 424B3

This prospectus covers sales, by the named selling securityholders, of Series C Preferred Stock and shares of common stock issued upon any conversion of the Series C Preferred Stock by the selling securityholder. This prospectus will not cover subsequent sales of our common stock received upon conversion of Series C Preferred Stock purchased from a selling securityholder named in this prospectus.

No offer or sale under this prospectus may be made by a securityholder unless that holder is listed in the table below, in a supplement to this prospectus or in an amendment to the related registration statement that has become effective. We will supplement or amend this prospectus to include additional selling securityholders upon request and upon provision of all required information to us, subject to the terms of the Registration Rights Agreement, dated as of May 5, 2003 between KCS and the initial purchasers.

The following table sets forth certain information, as of August 24, 2004 about the amount of Series C Preferred Stock beneficially owned by each selling security holder and the number of shares of common stock issuable upon conversion of the Series C Preferred Stock that may be offered from time to time pursuant to this prospectus.

The percentage of Series C Preferred Stock outstanding beneficially owned by each selling security holder is based on 400,000 shares of Series C Preferred Stock outstanding. The number of shares of common stock owned prior to the offering does not include shares of common stock issuable upon conversion of the Series C Preferred Stock. The number of shares of common stock shown in the table below assumes conversion of all shares of Series C Preferred Stock held by such holder at the initial conversion rate of 33.4728 shares of common stock per share of Series C Preferred Stock. This conversion rate is subject to adjustment as described under "Description of the Series C Preferred Stock--Adjustments to the Conversion Rate." Accordingly, the number of shares of common stock issuable upon conversion of the Series C Preferred Stock may increase or decrease from time to time. Under the certificate of designations for the Series C Preferred Stock, fractional shares will not be issued upon conversion of the Series C Preferred Stock. Cash will be paid instead of fractional shares, if any.

The following table has been prepared based upon the information furnished to us by the selling security holders. The selling security holders identified below may have sold, transferred or otherwise disposed of some or all of their Series C Preferred Stock since the date on which the information in the following table is presented in transactions exempt from or not subject to the registration requirements of the Securities Act of 1933. Information concerning the selling security holders may change from time to time and, if necessary, we will supplement this prospectus accordingly. We cannot give an estimate as to the amount of Series C Preferred Stock or common stock issuable upon conversion thereof that will be held by the selling security holders upon the termination of this offering because the selling security holders may offer some or all of their Series C Preferred Stock or common stock pursuant to the offering contemplated by this prospectus. See "Plan of Distribution."

Except as otherwise disclosed in footnotes to the table below, to our knowledge, other than their ownership of the securities described below, none of the selling security holders has, or has had within the past three years, any position, office or other material relationship with us or any of our predecessors or affiliates.

- (1) Does not include shares of common stock issuable upon conversion of the Series C Preferred Stock.
- (2) Consists of shares of common stock issuable upon conversion of the Series C Preferred Stock, assuming a conversion rate of 33.4728 shares of common stock for each share of Series C Preferred Stock and a cash payment in lieu of any fractional share interest. The conversion rate is subject to adjustment as described under "Description of the Series C Preferred Stock--Adjustments to the Conversion Rate." Accordingly, the number of shares of common stock issuable upon conversion of the Series C Preferred Stock may increase or decrease from time to time. Numbers have been rounded down to whole numbers due to fact that fractional shares will not be issued upon conversion of the Series C Preferred Stock. The "total" for number of shares of common stock that may be sold is based on the conversion rate applied to the total shares of Series C Preferred Stock remaining unsold under the registration statement.
- (3) Calculated based on Rule 13d-3(d)(1) under the Securities Exchange Act of 1934, as amended, using 62,674,383 shares of common stock outstanding on July 31, 2004. In calculating this amount, we treated as outstanding the number of shares of common stock issuable upon conversion of the Series C Preferred Stock by the applicable holder. However, we did not assume the conversion of any other holder's Series C Preferred Stock.
- (4) Morgan Stanley Senior Funding, Inc. was a lender under KCS's credit facility. In addition, during the past three years, Morgan Stanley & Co. Incorporated and/or its affiliates have performed financial advisory and investment banking services for KCS. Morgan Stanley & Co., Incorporated was an initial purchaser of 80% of the Series C Preferred Stock in the private placement of these securities.
- (5) We will identify additional selling security holders, if any, by post-effective amendment before they offer or sell their securities.
- (6) Assumes that the unnamed holders of Series C Preferred Stock or any future transferees, pledgees or donees of or from any such unnamed holder do not beneficially own any common stock other than the common stock issuable upon conversion of the Series C Preferred Stock at the initial conversion rate.
- (7) Does not include 197,130 shares of Series C Preferred Stock sold by selling securityholders which shares are convertible into 6,598,474 shares of KCS common stock, assuming a conversion rate of 33.4728 shares of common stock for each share of Series C Preferred Stock and a cash payment in lieu of any fractional share interest.
