Report of Independent Accountants

To the Participants and Administrator of
FirstEnergy Corp. 401(k) Retirement Savings Plan for IBEW
Represented Employees at the Beaver Valley Nuclear Power Plant

In our opinion, the accompanying statements of net assets available for plan

Edgar Filing: FIRSTENERGY CORP - Form 11-K

benefits and the related statements of changes in net assets available for plan benefits present fairly, in all material respects, the net assets available for plan benefits of the FirstEnergy Corp. 401(k) Retirement Savings Plan for IBEW Represented Employees at the Beaver Valley Nuclear Power Plant (the "Plan") at December 31, 2001 and 2000 and the changes in net assets available for plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

FirstEnergy Corp. 401(k) Retirement Savings Plan for IBEW
 Represented Employees at the Beaver Valley Nuclear Power Plant

Notes to Financial Statements
 December 31, 2001 and 2000

1. Description of the Plan

Beaver Valley Nuclear Power Plant, (the "Company") is a wholly-owned subsidiary of FirstEnergy Corp. ("FirstEnergy" or "FE"), a multi-utility delivery and services company. The Company is an electric utility engaged in the transmission, distribution and sale of electric energy. On December 3, 1999, the Duquesne Light Company ("DQE") completed a power station asset exchange with FirstEnergy Corp. as the first phase of its plan to divest its generation assets.

The following is a brief description of the FirstEnergy Corp. 401(k) Retirement Savings Plan for IBEW Represented Employees at the Beaver Valley Nuclear Power Plant (the "Plan"). The Plan was established for employees at the Beaver Valley Nuclear Power Plant who were previously participants in the 401(k) Retirement Savings Plan for IBEW Represented Employees of Duquesne Light Company. During 2000, net assets with a value of \$16,812,054 were transferred to the Plan from the 401(k) Retirement Savings Plan for IBEW Represented Employees of Duquesne Light Company.

Participants should refer to the Plan document, "401(k) Retirement Savings Plan for IBEW Represented Employees at the Beaver Valley Nuclear Power Plant" effective as of January 1, 2000 for more complete information.

General

The Plan is a defined contribution savings plan established by FirstEnergy and is subject to the provisions of the Employee Retirement

Edgar Filing: FIRSTENERGY CORP - Form 11-K

Income Security Act of 1974 (ERISA), as amended. During 2001, the following funds (the "Funds") were available for investment of contributions to the Plan:

Money Market Fund

This fund invests in equity securities and is designed to closely track the risk and investment returns of the S&P 500 Composite Index.

FirstEnergy Corp. Common Stock Fund

This fund invests in the common stock of FirstEnergy Corp.

Diversified Bond Fund

This fund invests in government and corporate bond issues and is designed to closely track the risk and investment returns of the Lehman Brothers Government and Corporate Bond Index.

Large U.S. Stock Fund

This fund invests in common stocks and is designed to closely track the risk and investment returns of the S&P 500 Composite Index.

Mid-Size U.S. Stock Fund

This fund invests in equity securities and is designed to closely track the risk and investment returns of the Wilshire 4500 Stock Index.

Small U.S. Stock Fund

This fund invests in equity securities and is designed to closely track the risk and investment returns of the Russell 2000 Stock Index.

4

FirstEnergy Corp. 401(k) Retirement Savings Plan for IBEW
Represented Employees at the Beaver Valley Nuclear Power Plant

Notes to Financial Statements
December 31, 2001 and 2000

International Stock Fund

This fund invests in equity securities and is designed to closely track the risk and investment returns of the Morgan Stanley Europe, Australia and the Far East (EAFE) Stock Index.

DQE Common Stock Fund

This fund invested in common stock of DQE. The DQE Stock Fund no longer accepts employee contributions for investment.

The Savings Plan Committee (the "Plan Administrator") is the plan administrator and the named fiduciary for the Plan. The Plan Administrator has all the powers necessary to carry out the provisions of the Plan and to satisfy the requirements of any applicable law. The Investment Committee establishes, among other things, the Participants' investment options and the Company's matching contribution. Northern Trust Company (the "Trustee") is custodian of the Plan's assets and invests all participant contributions to the Plan as directed. ADP Retirement Services (the "Recordkeeper") serves as recordkeeper of the Plan. The Recordkeeper's duties are to establish participant accounts, record contributions, communicate with the Trustee as to the values of the Funds and to determine the value and increase or decrease in each participant account.

Edgar Filing: FIRSTENERGY CORP - Form 11-K

Participation

Participation in the Plan is voluntary. An eligible employee is any person regularly employed by the Company and represented by a collective bargaining agreement between the Company and the International Brotherhood of Electrical Workers (IBEW) and not excluded under the terms of the collective bargaining agreement. An eligible employee may become a participant in the Plan, herein referred to as employee or Participant, by completing an enrollment form whereby the employee agrees to accept a specified reduction in salary/wage for each pay period in consideration for the Company's contribution of such amount to the Plan. These contributions are excluded from the Participant's taxable income for federal income tax purposes until received as a withdrawal or a distribution from the Plan. A Participant may increase or decrease the amount of the contribution on a monthly basis. Eligible employees who were previously participants in the 401(k) Retirement Savings Plan for IBEW Represented Employees of Duquesne Light Company became Participants in the Plan on January 1, 2000.

A Participant's contribution to the Plan may not exceed 18.5% of the qualified compensation net of pretax compensation reductions paid to the Participant by the Company for the calendar year as of the date of the contribution. Total contributions in any calendar year are limited to the applicable limit under the Internal Revenue Code Section 402(g), \$10,500 for calendar years 2001 and 2000. The Plan also provides that certain limitations may be imposed on Participant's contributions in order to comply with statutory requirements.

Investment Elections

Participants may direct their contributions be invested in one or more of the Funds. Allocations must be in increments of 10% of each contribution. Participants may change such allocation monthly and may transfer all or a portion of the value of their individual account balance, in increments of 10%, among the Funds as often as once each calendar quarter.

5

FirstEnergy Corp. 401(k) Retirement Savings Plan for IBEW
Represented Employees at the Beaver Valley Nuclear Power Plant

Notes to Financial Statements
December 31, 2001 and 2000

Valuation

All of a Participant's contributions are credited to his or her account. The value of each of the Funds is determined by the Trustee on each valuation date, the last business day of any month or such other period as is established by the Plan Administrator, and is transmitted by the Trustee to the Recordkeeper. The Recordkeeper then determines the value and adjusts each participant account balance to reflect the proportionate interest in each of the Funds as adjusted for activity since the preceding valuation date. A Participant's interest in the DQE Common Stock Fund and FirstEnergy Corp. Common Stock Fund is calculated in units which are equivalent to shares. The fair values per unit of DQE and FirstEnergy common stock were as follows for the respective quarters ended during 2001 and 2000:

2001

2000

Edgar Filing: FIRSTENERGY CORP - Form 11-K

	FirstEnergy	DQE	FirstEnergy	DQE
March 31	\$27.92	\$29.15	\$20.19	\$45.50
June 30	\$32.16	\$22.50	\$23.38	\$39.50
September 30	\$35.95	\$19.24	\$26.95	\$40.14
December 31	\$34.98	\$18.93	\$31.56	\$32.75

Investment securities are exposed to various risks such as interest rate, market and credit risks. Market values of securities fluctuate based on the magnitude of changing market conditions; significant changes in market conditions could materially affect plan investments.

Matching Contributions

The Plan has a matching contribution feature, which provides that the Company will contribute \$.25 for every \$1.00 of contributions by a Participant up to a maximum of 4% of eligible salary. The matching contributions are made in the form of FirstEnergy common stock. Voting rights are extended to Participants with investments in FirstEnergy Corp. common stock.

The Company or its affiliate will match up to an additional \$.25 on every \$1.00 of eligible contributions by a Participant as an annual performance matching contribution if the Company achieves certain performance objectives established by the FirstEnergy Nuclear Operating Company.

Vesting and Distributions

Participants are fully vested immediately in their contributions. Upon completion of five years of service or earlier termination due to disability, death, or the attainment of age 62 while an employee, the matching contribution shall be fully vested. Amounts contributed by Participants may be withdrawn by, or distributed to, a Participant only (1) upon termination of employment or (2) upon attaining the age of 59-1/2. Upon proof, to the satisfaction of the Plan Administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Certain income tax penalties may apply to withdrawals or distributions prior to age 59-1/2.

Administration Expenses

The Company pays all expenses associated with administering the Plan, including the trustee's fees and brokerage commissions on purchases and transfers between the Funds.

FirstEnergy Corp. 401(k) Retirement Savings Plan for IBEW
Represented Employees at the Beaver Valley Nuclear Power Plant

Notes to Financial Statements
December 31, 2001 and 2000

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the Participant's account, as defined by the Plan, represents a potential forfeiture. If upon reemployment, the former participant fulfills certain requirements, as defined by the Plan, these potential forfeitures, including earnings, will be transferred to the Participant's matching contribution. If the former participant does not

Edgar Filing: FIRSTENERGY CORP - Form 11-K

fulfill certain requirements, as defined by the Plan, these forfeitures reduce subsequent Company matching contributions to the Plan.

2. Summary of Significant Accounting Policies

The financial statements have been prepared on the accrual basis of accounting.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts recorded in the financial statements and accompanying notes. Actual results may differ from these estimates.

The Plan presents in the Statements of Changes in Net Assets Available for Plan Benefits the net depreciation in the fair value of its investments, which consists of realized gains or losses and unrealized appreciation or depreciation on these investments. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned.

3. Termination of the Plan

The Company terminated the FirstEnergy Corp. 401(k) Retirement Savings Plan for IBEW Represented Employees at the Beaver Valley Nuclear Power Plant on March 31, 2002 and the assets were transferred to the FirstEnergy Corp. Savings Plan. Such event did not adversely affect the Participants' rights to their account balances.

4. Investments

Investments in the Money Market Fund are based on historical cost, which approximates fair value. Investments in the Large U.S. Stock Fund, Mid-Size U.S. Stock Fund, Small U.S. Stock Fund and International Stock Fund are reported at fair value based on the quoted asset value of shares of the fund. Investments in the FirstEnergy Corp. Common Stock Fund and DQE Common Stock Fund are stated at fair value based upon the closing sales price of the common stock reported on recognized securities exchanges on the last business day of the year. Investments in the Diversified Bond Fund are reported at fair value based on the quoted asset value of the bond issues of the fund.

The following represents the investments that exceeded 5% of net assets available for plan benefits at December 31, 2001 and 2000, respectively:

Conversions, net	(1,394)	-
	-----	-----
	\$ 516,586	\$ 2,063,608
	=====	=====

6. Tax Considerations

The Company has not yet applied for a determination letter from the Internal Revenue Service. The Company believes that the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code of 1986, as amended (the "IRC") and that the Plan qualifies under section 401(a) of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements at December 31, 2001 and 2000.

7. Reconciliation to Form 5500

At December 31, 2001 and 2000, respectively, the Plan has received applications for withdrawals in the amount of \$122,356 and \$80,263 which were not paid at year end. As required by authoritative accounting literature, no payable has been recorded in the Statements of Net Assets Available for Plan Benefits at December 31, 2001 and 2000. These pending withdrawals have been included as a liability in the Form 5500.
