KORE HOLDINGS INC. AND SUBSIDIARIES  
(FORMERLY VOLT INC. AND SUBSIDIARIES)  
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)  
JUNE 30, 2005 AND 2004

### NOTE 1- ORGANIZATION AND BASIS OF PRESENTATION

The condensed consolidated unaudited interim financial statements included herein have been prepared, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. The consolidated financial statements and notes are presented as permitted on Form 10-QSB and do not contain information included in the Company's annual consolidated statements and notes. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading. The results for the nine months ended June 30, 2005 may not be indicative of the results for the entire year.

The Company on October 16, 2004, changed its name to Kore Holdings, Inc. The Company, at that time, increased its authorized common stock shares to 400,000,000 and its preferred stock to 100,000,000.

These statements reflect all adjustments, consisting of normal recurring adjustments which, in the opinion of management, are necessary for fair presentation of the information contained herein.

Kore Holdings, Inc. and Subsidiaries is a power provider and marketer of alternative energy and financial services. The Company is in the initial stages of implementing its business plan.

On May 17, 2002, the Company acquired First Washington Financial Corporation, a company which provides financial services in Bethesda, Maryland ("First Washington"). First Washington, is a mortgage company whose emphasis lies in residential mortgages in the greater Washington D.C. service area. The combination was treated as a purchase with First Washington becoming a wholly owned subsidiary of Volt, Inc. Volt, Inc. recognized an intangible asset (goodwill) which represented the amount of value received over the net assets acquired.

(CONTINUED)  
JUNE 30, 2005 AND 2004

NOTE 1- ORGANIZATION AND BASIS OF PRESENTATION (CONTINUED)

The operations of First Washington were included in the consolidated statements of income for the year ended September 30, 2002 from the date of inception May 17, 2002 to September 30, 2002. There was no predecessor entity of First Washington. The fair value of the transaction was recorded based on the number of shares issued to First Washington (2,000,000) at the fair value of the stock of Volt on the date of acquisition net of a discount since the stock issued in the acquisition was restricted stock (\$1.50). The cost of the net assets purchased and liabilities assumed approximated zero, however, the value of \$3,000,000 was based on the mortgage company's future earnings. The Company acquired Opportunity Knocks, LLC. during the third fiscal quarter of 2002 to rehab HUD homes and other properties in Washington, D.C., Maryland and Virginia under the HUD Gift Program. This acquisition was done simultaneously with the acquisition of First Washington, and Opportunity Knocks is a wholly owned subsidiary of the Company.

In fiscal 2003, the Company expanded its financial services business, and brought in two businesses, that operationally failed to meet the Company's business model. Subsequent to these agreements being in force, the Company spun them out. Additionally, the Washington Metropolitan Area market had not met Company expectations, so the Company's subsidiary First Washington acquired Yosemite Brokerage, Inc. in Oakhurst, California, a few miles from the Company's headquarters. The Company had issued Preferred Stock Class B, which has been cancelled by the Company.

In July 2003 (effective August 1, 2003), First Washington acquired Yosemite Brokerage, Inc. ("Yosemite"), a California corporation for 500,000 shares of First Washington Class A Preferred Stock. The acquisition was recorded for accounting purposes as a purchase acquisition. The Company valued this transaction at \$200,000 (\$.40 per share), which included the recognition of \$31,840 in goodwill. Yosemite was disposed of in the second quarter ended March 31, 2005

The Company has three other power related wholly-owned subsidiaries, Sun Volt, Inc., Sun Electronics, Inc. and Arcadian Renewable Power, Inc. Arcadian Renewable Power, Inc. is the corporation that holds the Altamont Wind Farm in the Altamont Pass in Livermore, California.

### NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Principles of Consolidation

The condensed consolidated balance sheet for June 30, 2005 and condensed consolidated statements of income and cash flows for the nine months ended June 30, 2005 includes Kore Holdings, Inc. and its wholly-owned subsidiaries. Intercompany transactions and balances have been eliminated in consolidation.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Cash and Cash Equivalents

The Company considers all highly liquid debt instruments and other short-term investments with an initial maturity of three months or less to be cash or cash equivalents.

The Company maintains cash and cash equivalent balances at several financial institutions which are insured by the Federal Deposit Insurance Corporation up to \$100,000.

The Company has \$234,240 in restricted cash that is expected to be received in the next two years.

### NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Property and Equipment

Property and equipment are stated at cost. Depreciation is computed primarily using the straight-line method over the estimated useful life of the assets.

## Edgar Filing: KORE HOLDINGS, INC - Form 10QSB

Furniture and fixtures	5-7 years
Office and computer equipment	3-5 years
Wind Farm	40 years

### Revenue Recognition

For the Company's power division, sold merchandise and revenue was recorded under the accrual method of accounting.

For the Company's financial services division, they record commission income upon the closing of their respective transactions.

### Advertising

Advertising costs are typically expensed as incurred. Advertising expense was approximately \$194 and \$444 for the nine months ending June 30, 2005 and 2004, respectively.

### Income Taxes

The income tax benefit is computed on the pretax loss based on the current tax law. Deferred income taxes are recognized for the tax consequences in future years of differences between the tax basis of assets and liabilities and their financial reporting amounts at each year-end based on enacted tax laws and statutory tax rates.

#### Fair Value of Financial Instruments

The carrying amount reported in the condensed consolidated balance sheet for cash and cash equivalents, advances receivable, commissions receivable, accounts payable and accrued expenses approximate fair value because of the immediate or short-term maturity of these financial instruments.

#### Earnings (Loss) Per Share of Common Stock

Historical net income (loss) per common share is computed using the weighted average number of common shares outstanding. Diluted earnings per share (EPS) includes additional dilution from common stock equivalents, such as stock issuable pursuant to the exercise of stock options and warrants.

Edgar Filing: KORE HOLDINGS, INC - Form 10QSB

The following is a reconciliation of the computation for basic and diluted EPS:

	2005	2004
	-----	-----
Net income (loss)	\$ (39,657)	\$ 176,544
Weighted-average common shares Outstanding (Basic)	4,919,422	4,919,422

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements

In June 2001, the FASB issued Statement No. 142 "Goodwill and Other Intangible Assets". This statement addresses financial accounting and reporting for acquired goodwill and other intangible assets and supersedes APB Opinion No. 17, Intangible Assets. It addresses how intangible assets that are acquired individually or with a group of other assets (but not those acquired in a business combination) should be accounted for in financial statements upon their acquisition. This statement also addresses how goodwill and other intangible assets should be accounted for after they have been initially recognized in the financial statements. This statement has been considered when determining impairment of goodwill in certain transactions. During fiscal 2004, the Company recognized \$31,840 of goodwill acquired in the Yosemite transaction. There was an impairment of goodwill during the nine months ended June 30, 2005 of \$31,840 upon the disposition.

On October 3, 2001, the FASB issued Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144"), that is applicable to financial statements issued for fiscal years beginning after December 15, 2001. The FASB's new rules on asset impairment supersede SFAS 121, "Accounting for the

Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of," and portions of Accounting Principles Board Opinion 30, "Reporting the Results of Operations." This Standard provides a single accounting model for long-lived assets to be disposed of and significantly changes the criteria that would have to be met to classify an asset as held-for-sale. Classification as held-for-sale is an important distinction since such assets are not depreciated and are stated at the lower of fair value and carrying amount. This Standard also requires expected future operating losses from discontinued operations to be displayed in the period (s) in which the losses are incurred, rather than as of the measurement date as presently required.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### Recent Accounting Pronouncements

On December 16, 2004, the Financial Accounting Standards Board ("FASB") published Statement of Financial Accounting Standards No. 123 (Revised 2004), Share-Based Payment ("SFAS 123R"). SFAS 123R requires that compensation cost related to share-based payment transactions be recognized in the financial statements. Share-based payment transactions within the scope of SFAS 123R include stock options, restricted stock plans, performance-based awards, stock appreciation rights, and employee share purchase plans. The provisions of SFAS 123R are effective for small business issuers as of the first interim period that begins after December 15, 2005. Accordingly, the Company will implement the revised standard in the fourth quarter of fiscal year 2005. Currently, the Company accounts for its share-based payment transactions under the provisions of APB 25, which does not necessarily require the recognition of compensation cost in the financial statements. Management is assessing the implications of this revised standard, which may materially impact the Company's results of operations in the fourth quarter of fiscal year 2005 and thereafter.

### Reclassifications

Certain amounts for the nine months ended June 30, 2004 have been reclassified to conform with the presentation of the June 30, 2005 amounts. The reclassifications have no effect on net income for the nine months ended June 30, 2004.

NOTE 3- PROPERTY AND EQUIPMENT

Property and equipment consist of the following at June 30, 2005:

Wind Farm	\$5,700,000
Furniture and fixtures	8,001
Computer and office equipment	84,459
	-----
Less: accumulated depreciation	(55,003)
	-----
Net book value	\$5,737,457
	=====

Depreciation expense for the nine months ended June 30, 2005 and 2004 was \$10,867 and \$21,847, respectively. There is no depreciation recognized on the Wind Farm as it is non operational until placed in service.

The Company upon acquisition of the Wind Farm, has classified this asset under property and equipment. The Wind Farm consists of hundreds of nonoperational turbines located in California. The Company has received independent valuations on the Wind Farm that have valued it in excess of \$14,000,000. The Company would need to spend in excess of \$5,000,000 to bring these assets into operational use, at which time the Company would depreciate them over their estimated useful life of 40 years. Consequently, there is no depreciation recognized on the Wind Farm for the nine months ended June 30, 2005 and 2004.

NOTE 4- INTANGIBLE ASSET

The Company in November 2003 issued 1,000 shares of its common stock valued at \$500,000 for exclusive rights to distribute generators in northern California, Hawaii and other agreed territories. Additionally, the Company received the non-exclusive rights to acquire the generators at prevailing wholesale prices for distribution and the non-exclusive license to use the name, trademark and trade names of the manufacturer or distributor of the power generators. The license agreements are being amortized over the five year life. Amortization charged to expense for the nine months ended June 30, 2005 was \$75,000.

commenced February 1, 2000 and runs through January 31, 2005. The monthly rents commenced at \$5,600 per month and calls for increase annually up to 3%. Rent expense for the nine months ended June 30, 2005 and 2004 was \$16,800 and \$50,400, respectively. This agreement terminated January 1, 2005.

### NOTE 8- PROVISION FOR INCOME TAXES

Deferred income taxes will be determined using the liability method for the temporary differences between the financial reporting basis and income tax basis of the Company's assets and liabilities. Deferred income taxes will be measured based on the tax rates expected to be in effect when the temporary differences are included in the Company's consolidated tax return. Deferred tax assets and liabilities are recognized based on anticipated future tax consequences attributable to differences between financial statement carrying amounts of assets and liabilities and their respective tax bases.

At June 30, 2005 deferred tax assets consist of the following:

	2005
Net tax deferred assets	\$ 316,000
Less: valuation allowance	(316,000)
	-----
	\$ -0-

At June 30, 2005 the Company had federal net operating loss carryforwards in the approximate amounts of \$790,000 available to offset future taxable income. The Company established valuation allowances equal to the full amount of the deferred tax assets due to the uncertainty of the utilization of the operating losses in future periods.
