Notes to the financial statements

For the three months ended March 31, 2006

(Unaudited- expressed in US dollars)

1. BASIS OF PRESENTATION AND GOING CONCERN

The accompanying unaudited financial statements have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission (SEC) and, in the opinion of management, include all adjustments (consisting of normal recurring accruals) necessary for fair presentation of financial position, results of operations and cash flows for the interim periods. Certain information and footnote disclosures normally included in financial statements prepared in accordance with United States generally accepted accounting principles have been condensed or omitted pursuant to the rules and regulations of the SEC. The Company believes that the disclosures contained herein are adequate to make the information presented not misleading. The statements of operations for the three months ended March 31, 2006 are not necessarily indicative of the results to be expected for the full year. These unaudited financial statements should be read in conjunction with the audited financial statements and accompanying notes included in the Company's 2005 Annual Report on Form 10-KSB for the year ended December 31, 2005.

As of March 31, 2006, the Company has not reached a level of operations which would finance day-to-day activities. These financial statements have been prepared on the assumption that the Company is a going concern, meaning it will continue in operation for the foreseeable future and will be able to realize assets and discharge liabilities in the ordinary course of operations. Different bases of measurement may be appropriate when a company is not expected to continue operations for the foreseeable future. The Company's continuation as a going concern is dependent upon its ability to attain profitable operations and generate funds therefrom and/or raise equity capital or borrowings sufficient to meet current and future obligations. The Company incurred losses from operations of \$21,114 and \$15,212 for the three-month periods ended March 31, 2006 and 2005 respectively. The Company had working capital deficiencies of \$325,945 as of March 31, 2006 and \$305,762 as of December 31, 2005. These conditions give rise to substantial doubt about the Company's ability to continue as a going concern.

2.

RELATED PARTY TRANSACTIONS

During the three-month period ended March 31, 2006:

(i)

The Company paid or accrued \$6,421 (2005 - \$6,201) for management fees to a director.

(ii)

A total of \$6,837 (2005 - \$4,964) was paid or accrued to a company owned by a director of the Company for accounting fees, office services and rent.

(iii)

Accounts payable related parties includes \$65,874 (2005 - \$31,254) payable to a director and a company owned by a director for services, disbursements, and advances to the Company.

3.

COMPARATIVE FIGURES

Certain comparative figures have been reclassified to conform to the current quarter's presentation.

4.

RESTATEMENT

The accompanying financial statements have been restated to correct the presentation of other comprehensive income which was included in net loss of prior periods. The effect of the restatement was to increase the net loss for the quarter ended March 31, 2005 by \$1,000 (no effect on per share amounts) and to increase Other Comprehensive Income by the same amount. Deficit and Accumulated Other Comprehensive Loss at the beginning of 2005 have been adjusted for the cumulative effects of the restatements of prior years.

Item 2 Management Discussion and Analysis

(a) Liquidity

The Company is experiencing illiquidity and has been dependent upon shareholders and directors to provide funds to maintain its activities. At March 31, 2006, the balance of funds loaned by the shareholders amounted to \$33,004, which is included in accounts payable. There are no specific terms of repayment.

(b) Capital Resources

The Company had a working capital deficiency of \$325,945 at March 31, 2006. As noted above, the Company has been funding from shareholders and directors, and has also received funds from a private placement of shares.

(c) Results of Operations

For the three-month period ended March 31, 2006, the Company incurred a net loss of \$21,114.

Administration expenses for the three-month period amounted to \$14,179 compared to \$8,516 the same period of 2005. The higher expenses in the 2006 period were due to higher than estimated costs for audit and accounting work to complete the 2005 year end, and completion of amended quarterlies resulting from requests for amendments from the Securities and Exchange Commission, as well as due to increases resulting from the higher value of the Canadian dollar at March 31, 2006. Most of the Company's expenses are incurred in Canadian dollars, which have increased due to the higher rate of exchange for the Canadian dollar. In addition, Canadian dollar denominated accounts payable have increased in US dollars due to the higher exchange rate.

(d) Stock Options and Warrants

The Company currently has 800,000 stock options outstanding priced at \$0.15 with an expiry date of October 31, 2006, and has 1,739,380 warrants outstanding at a price of \$0.10, expiry November 22, 2008..

Item 3 - Controls and Procedures

As required by SEC rules, we have evaluated the effectiveness of the design and operation of our disclosure controls and procedures at the end of the period covered by this report. This evaluation was carried out under the supervision and with the participation of our management, including our principal executive officer and principal financial officer. Based upon this evaluation, these officers have concluded that the design and operation of our disclosure controls and procedures are effective. There were no changes in our internal control over financial reporting or in other factors that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Disclosure controls and procedures are our controls and other procedures that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us in the reports that we file under the Exchange Act is accumulated and communicated to our management, including principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.
