ITEM 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review

This amendment to Form 8-K (“Amendment No. 1”) amends and supplements the Current Report on Form 8-K of Sutron Corporation, a Virginia corporation (the “Company”), filed with the Securities and Exchange Commission (the “Commission”) on March 25, 2010 (the “Initial Form 8-K”) to disclose an additional error in the Company’s financial statements, as described herein, that was discovered subsequent to the filing of the Initial Form 8-K.

On April 9, 2010, the audit committee of the board of directors, upon the recommendation of management and after discussion with our independent registered public accounting firm, Yount, Hyde & Barbour, P.C. concluded that errors in reporting additional paid-in capital and income tax expense relating to tax deductible employee compensation from the exercise of stock options resulted in the understatement of additional paid-in capital and income tax expense reported for the years ended December 31, 2006, 2007 and 2008. Our management identified the errors with respect to additional paid-in capital and income tax expense and our audit committee and management have discussed the matters disclosed in this Item 4.02 with our independent registered public accounting firm, Yount, Hyde & Barbour, P.C. and with our former auditor, Thompson, Greenspon & Co., P.C.

Year Ended	Estimated Increase in Additional Paid-In Capital	Estimated Increase in Income Tax Expense
December 31, 2006	\$504,000	\$504,000
December 31, 2007	\$ 58,000	\$ 58,000
December 31, 2008	\$101,000	\$101,000

On March 19, 2010, the audit committee of our board of directors had previously concluded that the financial statements contained in our annual reports on Form 10-K for the years ended December 31, 2006, December 31, 2007 and December 31, 2008, as well as the interim financial statements included in the corresponding Form 10-Q’s for each such year, should no longer be relied upon because of errors relating to inventory standard costs, and that these financial statements would be restated to make the necessary accounting corrections. Similarly, the reports of our independent registered accounting firm related to these financial statements and to the effectiveness of our internal control over financial reporting for the related periods also should no longer be relied upon.

We will issue restated financial statements reflecting the corrected additional paid-in capital and income tax expense amounts in connection with the filing of our Annual Report on Form 10-K for the year ended December 31, 2009.
