ITEM 1. SECURITY AND ISSUES

This Amendment No. 1 on Schedule 13D (this Statement) relates to the Common Stock, Par Value \$1 Per Share (the Common Stock), of The Brink's Company, a Virginia corporation (the Issuer), the principal executive offices of which are located at 1801 Bayberry Court, Richmond, Virginia 23226-8100. This Amendment No. 1 amends and restates in full each of the items set forth below. Terms not defined in this Amendment No. 1 shall have the respective meanings given to such terms in the Schedule 13D as originally deemed filed on February 6, 2004.

ITEM 3. SOURCE AND AMOUNT OF FUNDS OR OTHER CONSIDERATIONS

The total purchase price of the 3,225,100 shares of Common Stock (the Shares) purchased by MMI Investments was \$71,993,636; the source of funds is a combination of MMI's working capital and margin loans. These margin loans were obtained from Bear, Stearns & Co. Inc. under customary terms and conditions. The entire principal amount of such margin loans remains outstanding as of the date of this Statement.

ITEM 4. PURPOSE OF TRANSACTION

MMI Investments purchased the Shares as part of its investment activities. The Reporting Persons intend to review and evaluate the investment by MMI Investments in the Common Stock of the Issuer on an ongoing basis and may, depending upon their evaluation of the business and prospects of the Issuer, or such other considerations as they may deem relevant, determine to increase, decrease, or dispose of MMI Investments' holdings of Common Stock. As a part of such review and evaluation, the Reporting Persons may communicate with the Issuer's management, directors and other shareholders, including as described in the following paragraph.

On April 20, 2005, MMI Investments submitted to the Issuer's Board of Directors a letter and attachment, filed as Exhibit 2, hereto, discussing MMI's views concerning the desirability of the Issuer exiting BAX.

Other than as described in this Item 4, neither Reporting Person, nor, to the knowledge of each Reporting Person, any individuals listed on Schedule I, has any current plan or proposal that relates to or would result in any of the transactions or other matters specified in clauses (a) through (j) of Item 4 of Schedule 13D; PROVIDED that the Reporting Persons reserve the right to develop such plans or proposals.

ITEM 5. INTEREST IN SECURITIES OF THE ISSUER

(a)-(b) Based on 56,734,041 shares of Common Stock outstanding as of March 1, 2005, as reported in the Issuer's Form 10-K filed March 16, 2005, the Shares owned by MMI Investments represent approximately 5.7% of the outstanding Common Stock. MMI Investments has the sole power to direct the vote and disposition of such Shares on the date of this Statement. However, by virtue of being the general partner of MMI Investments, MCM may be deemed to be the beneficial owner of the Shares owned by MMI Investments and have sole power over the voting and disposition of such Shares as a result of its having the sole power to make voting and disposition decisions on behalf of MMI Investments with respect to such Shares.

Except for the Shares owned by MMI Investments, as of the date hereof, neither MCM nor, to MMI Investments' and MCM's knowledge, any of the persons listed on Schedule I, owns any Common Stock of the Issuer or has any right to acquire, directly or indirectly, any beneficial ownership of other Common Stock of the Issuer.

(c) There have been no transactions with respect to the Common Stock during the past 60 days by MMI Investments, MCM, or, to either Reporting Person's knowledge, any of the persons listed on Schedule I.

(d) No person other than MMI Investments is known to either Reporting Person to have the right to receive or the power to direct the receipt of dividends from or the proceeds from the sale of, any of the Shares referred to in Item 5(a) above.

(e) Not applicable.

ITEM 7. MATERIAL TO BE FILED AS EXHIBITS

See Exhibit Index appearing elsewhere herein, which is incorporated herein by reference.

Board of Directors
c/o Mr. Michael T. Dan
Chairman, President & Chief Executive Officer
The Brinks Company
1801 Bayberry Court
P.O. Box 18100
Richmond, Virginia 23226-8100

Dear Members of the Board:

As The Brinks Company's (BCO) largest shareholder (based on public filings), we are familiar with, and highly appreciative of, the excellence of BCO's operations, market positions and management. We are therefore all the more frustrated with its poor stock performance year-to-date and what we consider to be its long-term and extraordinary undervaluation. We believe that the main cause of BCO's poor valuation is its ownership of BAX. Furthermore, we believe that BCO's under-funded legacy liabilities remain an over-hang on the stock. We believe that the sale of BAX can potentially resolve both these issues at once and that it is time for BCO to pursue this alternative aggressively.

We believe two-thirds of BCO's business units are attractive as a public company. While BAX has a cumulative net loss over the last five years of \$50 million, Brinks, Inc. and Brinks Home Security are unparalleled operational, financial and brand leaders in their respective security fields. Yet despite BCO's leadership in security, and the fact that its security operations comprise 80% of operating earnings over the last twelve months and over 100% of operating earnings over the last five years, BCO currently trades at a greater than 30% discount to its publicly traded security peers on multiples of EBITDA.

The cyclical nature inherent in BAX makes the likelihood of BAX earning its cost of capital over an entire business cycle poor at best – but moreover, why bother? The air freight industry experiences high capital costs and severe cyclical nature, and deserves low valuation as a result. We believe that BCO's valuation and stock price performance will continue to be weighed down by these industry fundamentals as long as it owns BAX. For evidence of this, one need look no further than BCO's year-to-date stock performance. BCO is down 23% in 2005, principally due, we believe, to the deceleration of international and North American cargo volume growth rates in January and February, and Wall Street's expectations for weaker BAX growth and profitability as a result.

We believe the opportunity to improve shareholder value is substantial: assuming a sale of BAX now with proceeds ranging from zero to \$500 million, use of the proceeds (if any) to fund your VEBA and other liabilities and a subsequent revaluation of BCO at 8x EBITDA (a conservative multiple, we believe, based upon BCO's leadership position), **BCO's stock should trade between \$42 and \$51 per share. This implies a potential 37% premium to the current stock price if BAX proved to be worthless and a potential 66% premium if \$500 million were realized (see attached analysis).**

The other main cause of BCO's poor valuation, the legacy liabilities it retains from its former coal operations, makes the potential sale of BAX even more compelling. The potential benefit of funding the VEBA would be a positive for the Company, and should positively impact the share price as a result. A sale of BAX should contribute to achieving this objective.

- Page 11 of 13 -

Edgar Filing: BRINKS CO - Form SC 13D/A

We understand that BAX operations might be further improved, but conclude that this is insufficient grounds to retain them. The depressed market capitalization of BCO far outweighs any benefit of holding BAX. Furthermore, we believe that by waiting until 2006 to divest BAX in the hope it will earn its cost of capital would be making a decision to trade the certainty of the currently robust M&A and freight markets for the uncertainty of BAX's hypothetical ability to earn its cost of capital. We believe BCO is currently in a brief cyclical window of robustness in world freight markets and strong earnings for BAX, coupled with low-interest rates and a vibrant M&A market. Any concerns about losing key people during a sale process can be addressed with meaningful divestiture incentive bonuses. This happens all the time and we would support such extra compensation for BAX executives in the event of a successful exit, whether that results in one or more transactions or a shut-down/liquidation. Most divestitures today, we believe, are achieved via an organized process, which includes a qualified investment banker with a board-approved mandate to approach qualified prospective buyers. Waiting for the buyers to come will likely result in no transaction.

It is rare in life or business that the sun, moon and stars all align. We believe that BCO has such an occasion at this moment: a win-win transaction for exiting an undesirable subsidiary and funding a legacy liability, and a highly favorable environment in which to do so. We conclude that it is crucial for the future of BCO that a buyer is sought promptly. We would welcome the opportunity to discuss this or present further details to the Board.

Sincerely,

/s/ CLAY LIFFLANDER

Clay Lifflander

Encl.
