NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2005 and 2004 (Unaudited) and December 31, 2004

1. **BASIS OF PRESENTATION**

The accompanying unaudited interim consolidated financial statements include the accounts of BIO-key International, Inc. and their wholly owned subsidiary (collectively, the Company) and are stated in conformity with accounting principles generally accepted in the United States, pursuant to the rules and regulations of the Securities and Exchange Commission. Pursuant to such rules and regulations, certain financial information and footnote disclosures normally included in the financial statements have been condensed or omitted. Significant intercompany accounts and transactions have been eliminated in consolidation.

In the opinion of management, the accompanying unaudited interim consolidated financial statements contain all necessary adjustments, consisting only of those of a recurring nature, and disclosures to present fairly the financial position and the results of its operations and cash flows for the periods presented. It is suggested that these interim consolidated financial statements are read in conjunction with the financial statements and the related notes thereto included in the Company's Annual Report on Form 10-KSB for the fiscal year ended December 31, 2004.

Certain amounts in the 2004 consolidated financial statements have been reclassified to conform to the 2005 presentation. These reclassifications had no effect on the previously reported net loss or stockholders' equity.

2. **LIQUIDITY AND CAPITAL RESOURCE MATTERS**

Broad commercial acceptance of the Company's technology is critical to the Company's success and ability to generate revenues. The Company has only recently begun to generate significant revenues, has suffered recurring losses from operations and has a working capital deficit.

The Company is in need of additional capital. The Company is currently considering various alternatives related to raising additional capital including continued funding from an investment group and new funding from other sources. No assurance can be given that any form of additional financing will be available on terms acceptable to the Company, that adequate financing will be obtained to meet its needs, or that such financing would not be dilutive to existing shareholders.

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States, which contemplate continuation of the Company as a going concern. The matters described in the preceding paragraphs raise substantial doubt about the Company's ability to continue as a going concern. Recoverability of a major portion of the recorded asset amounts shown in the accompanying balance sheet is dependent upon the Company's ability to obtain additional financing, meet its financing requirements on a continuing basis, and succeed in its future operations. The accompanying financial statements do not include any adjustments that may result from the uncertainty regarding the Company's ability to continue as a going concern.

3. LOSS PER COMMON SHARE

Basic loss per share is calculated by dividing the net loss attributable to common stockholders by the number of weighted average common shares outstanding. Diluted earnings per share are calculated by dividing the net loss attributable to common stockholders by the weighted average common shares, and when dilutive, by including options, warrants and convertible securities outstanding using the treasury stock method. There was no difference between basic and diluted loss per share for all periods presented, because the impact of including options, warrants and convertible securities would be antidilutive.

4. EQUIPMENT AND LEASEHOLD IMPROVEMENTS

Equipment and leasehold improvements at June 30, 2005 and December 31, 2004 consisted of the following:

	June 30, 2005	December 31, 2004
Equipment	\$ 433,658	\$ 348,298
Furniture and fixtures	175,650	162,593

	885,934	764,949
Less accumulated depreciation and amortization	236,466	120,848
	\$ 649,468	\$ 644,101

5. GOODWILL, OTHER INTANGIBLE ASSETS

The Company's goodwill resulted from the acquisition of Public Safety Group, Inc. and certain assets and assumed liabilities of the Mobile Government Division of Aether

Systems, Inc. in 2004. As provided by SFAS No. 142, the Company has elected to perform the annual assessment of the carrying value of all goodwill as of August 1 each year using a number of criteria, including the value of the overall enterprise. As of June 30, 2005, the Company believes no material impairment exists. Future impairment charges from existing operations or other acquisitions, if any, will be reflected as an operating expense in the statement of operations.

7. CONVERTIBLE DEBT FINANCING

On June 8, 2005, we entered into a Securities Purchase Agreement (the "Senior Purchase Agreement") with an institutional investor. Under the Senior Purchase Agreement, the Company issued a Secured Convertible Term Note (the "Senior Convertible Note") in the aggregate principal amount of \$2,000,000, convertible into Common Stock of the Company in certain circumstances at \$1.35 per share, and issued a warrant (the "Senior Warrant") to purchase an aggregate of 444,444 shares of the Common Stock at a per share exercise price of \$1.55. The aggregate consideration received by the Company, net of all fees and expenses, for the Senior Convertible Note and the Senior Warrant was approximately \$1,841,000. The proceeds from this transaction are to be used for working capital purposes. The Company's obligations under the Senior Purchase Agreement and the Senior Convertible Notes are secured by a security interest in all or substantially all of the Company's assets.

Under the terms of the Senior Convertible Note, we are required to make monthly payments of accrued interest only beginning on July 1, 2005. In addition, the Senior Convertible Note provides for monthly payments of principal in equal $\frac{1}{32}$ increments thereof, plus accrued interest, commencing October 1, 2005. The Senior Convertible Note bears interest at an initial rate equal to the prime rate plus two percent (2%), subject to a six percent (6%) floor. The interest rate on the Senior Convertible Note is subject to reduction on a month-by-month basis if the following specified conditions are met. If (a) we register the common stock underlying the Senior Convertible Note and Senior Warrant on a registration statement declared effective by the Securities and Exchange Commission and (b) our common stock is trading at a 25% or greater premium to the note conversion price, then the interest rate will be adjusted downward by 2.0% for each incremental 25% increase over the note conversion price. Alternatively, if (x) we have not registered such

common stock under an effective registration statement, but (y) our common stock is trading at a 25% or greater premium to the note conversion price, then the interest rate will be adjusted downward by 1.0% for each incremental 25% increase over the note conversion price. In no event shall the interest rate be less than 0%.

For any cash payments we make on the Senior Convertible Note (e.g., any amounts due that are not converted into common stock), we are required to pay an amount equal to 102% of the principal amount due. In addition, we can prepay the note at any time upon payment of an amount equal to 110% of the then outstanding principal balance, plus accrued and unpaid interest.

Laurus has the option at any time to convert any or all of the outstanding principal and accrued and unpaid interest on the Senior Convertible Note into shares of our common stock at a conversion price of \$1.35 per share. In addition, for each monthly payment under the note, Laurus will be obligated to convert a portion of the monthly payment into common stock at the applicable conversion price, so long as:

the average closing price of our common stock (for the five trading days immediately preceding the payment date) is greater than \$1.48 per share (which represents 110% of the note conversion price, based on the initial conversion price of \$1.35),

such amount being converted does not exceed 25% of the aggregate dollar trading volume for such immediately preceding twenty-two trading days, and

the shares of common stock underlying the note are registered under an effective registration statement with the Securities and Exchange Commission.

The terms of the Senior Convertible Note and Senior Warrant prohibit conversion of the note or exercise of the warrant to the extent that conversion of the note and exercise of the warrant would result in any holder thereof, together with its affiliates, beneficially owning in excess of 4.99% of our outstanding shares of common stock. A holder may waive the 4.99% limitation upon 75 days prior written notice to us. Also, this limitation does not preclude the holder from converting or exercising the note or warrant and selling shares underlying the note or warrant in stages over time where each stage does not cause the holder and its affiliates to beneficially own shares in excess of the limitation amount.

As security for our obligations to Laurus, we, along with our wholly-owned subsidiary Public Safety Group, Inc. (PSG), have granted to Laurus a blanket security interest in all of our assets, and we have entered into a stock pledge with Laurus for the capital stock in

PSG. If an event of default occurs under the Senior Convertible Note or the other related investment agreements, 120% of the unpaid principal balance on the Senior Convertible Note, plus accrued interest and fees, shall become immediately due and Laurus shall be entitled to payment of a default interest rate of 1.5% per month on all amounts due under the Senior Convertible Note. Such events of default include the following:

a failure to pay interest and principal payments under the Senior Convertible Note within three days of when due;

a breach by us of any material covenant or term or condition of the Senior Convertible Note or in any of the investment agreements, if not cured within 30 days of such breach;

a breach by us of any material representation or warranty made in the Senior Convertible Note or in any of the investment agreements;

if we make an assignment for the benefit of our creditors, or a receiver or trustee is appointed for us, or any form of bankruptcy or insolvency proceeding is instituted by us, or any involuntary proceeding is instituted against us if not vacated within 60 days;

the filing of any money judgment or similar final process against us for more than \$50,000, which remains unvacated, unbonded or unstayed for a period of 30 days;

if our common stock is suspended for five consecutive days or for five days during any ten consecutive days from a principal market or pursuant to a Securities and Exchange Commission stop order; and

a failure by us to timely deliver shares of common stock when due upon conversions of the Senior Convertible Note.

Upon an event of default, Laurus will be entitled to specified remedies, including remedies under the Uniform Commercial Code.

We have agreed to register with the Securities and Exchange Commission for resale the shares of common stock that are issuable upon conversion of the Senior Convertible Note and upon exercise of the Senior Warrant. Under the registration rights agreement, we are obligated to file a registration statement with the Securities and Exchange Commission on or before July 8, 2005, and to use reasonable commercial efforts to have the registration statement declared effective not later than September 6, 2005. The resale registration statement was initially filed with the Securities and Exchange Commission on July 8, 2005 for the shares underlying the Senior Convertible Note and Senior Warrant. If we fail to

comply with our registration obligations, Laurus will be entitled to certain specified remedies, including monetary liquidated damages. In

particular, for each 30 days (or such pro rated number of days) that we are out of compliance with our registration obligations, we will be subject to a liquidated damage assessment of 2% of the then outstanding principal amount of the Senior Convertible Note.

We entered into a Securities Purchase Agreement, effective as of May 31, 2005, (the Subordinated Purchase Agreement) with existing shareholders of the Company and other accredited investors (collectively, the Subordinated Investors). Under the Subordinated Purchase Agreement, the Company issued Convertible Term Notes (the Subordinated Convertible Notes) in the aggregate principal amount of \$2,794,723, convertible into Common Stock of the Company in certain circumstances at \$1.35 per share, and issued warrants (the Subordinated Warrants) to purchase an aggregate of 828,066 shares of the Common Stock at a per share exercise price of \$1.50. The aggregate consideration received by the Company, net of all fees and expenses, for such Subordinated Convertible Notes and Subordinated Warrants was approximately \$2,411,000. The proceeds from this transaction are to be used for working capital purposes. The Subordinated Convertible Notes were issued at a purchase price equal to \$900 for each \$1,000 of principal amount of the Note.

Under the terms of the Subordinated Convertible Notes, we are required to make quarterly payments of accrued interest only beginning on September 1, 2005. In addition, the Subordinated Convertible Notes provide for quarterly payments of principal in equal increments thereof, plus accrued interest, commencing September 1, 2006 through May 31, 2008, which payments may be made in shares of common stock at the option of each noteholder. The Subordinated Convertible Notes bear interest at nine percent (9%) per annum. Each Subordinated Convertible Note was issued at a purchase price equal to \$900 for each \$1,000 of principal amount of the Note.

We may prepay the Subordinated Convertible Notes at any time upon payment of an amount equal to 120% of the then outstanding principal balance, plus accrued and unpaid interest. Upon any such prepayment, the Senior Convertible Note must also be prepaid. The Subordinated Investors have the option at any time to convert any or all of the outstanding principal and accrued and unpaid interest on the Subordinated Convertible Notes into shares of our common stock at a conversion price of \$1.35 per share.

The terms of the Subordinated Convertible Notes and Subordinated Warrants prohibit conversion of the notes or exercise of the warrants to the extent that conversion of the notes and exercise of the warrants would result in any holder thereof, together with its affiliates, beneficially owning in excess of 4.99% of our outstanding shares of common stock. A holder may waive the 4.99% limitation upon 75 days prior written notice to us. Also, this limitation does not preclude the holder from converting or exercising the note or warrant and selling shares underlying the note or warrant in stages over time where each stage does not cause the holder and its affiliates to beneficially own shares in excess of the limitation amount.

If an event of default occurs under the Subordinated Convertible Notes or the other related investment agreements, the unpaid principal balance on the Subordinated Convertible Notes, plus accrued interest, shall, at the noteholder's option, become immediately due and the Subordinated Investors shall be entitled to payment of additional default interest at the rate of 2.0% per month on all amounts due under the Subordinated Convertible Notes. Such events of default include the following:

failure to pay interest and principal payments under the Subordinated Convertible Notes within three days of when due;

a breach by us of any covenant, term or condition in any material respect of the Subordinated Convertible Notes or in any of the investment agreements, if not cured within 30 days of such breach;

any representation or warranty made in the Subordinated Convertible Notes or in any of the investment agreements being false or misleading in any material respect;

if we make an assignment for the benefit of our creditors, or a receiver or trustee is appointed for us, or any form of bankruptcy or insolvency proceeding is instituted by us, or any involuntary proceeding is instituted against us;

the filing of any money judgment or similar final process against us for more than \$50,000, which remains unvacated, unbonded or unstayed for a period of 30 days;

if our common stock is suspended for five consecutive days or for five days during any ten consecutive days from a principal market or pursuant to a Securities and Exchange Commission stop order;

a failure by us to timely deliver shares of common stock when due upon conversions of the Subordinated Convertible Notes; and

a change in our controlling ownership.

Upon an event of default, the rights and remedies of the Subordinated Investors will be subordinate to those of the Senior Investors pursuant to a Subordination and Intercreditor Agreement dated as of September 30, 2004 (as amended, supplemented or otherwise modified from time to time) by and among Laurus, as Collateral Agent, Shaar, as Purchaser Agent, Aether Systems, Inc., PSG and the Company.

We have agreed to register with the Securities and Exchange Commission for resale the shares of common stock that are issuable upon conversion of the Subordinated Convertible Notes and upon exercise of the Subordinated Warrants. Under the registration rights agreement, we are obligated to file a registration statement with the Securities and Exchange Commission on or before July 8, 2005, and to use reasonable commercial efforts to have the registration statement declared effective not later than September 6, 2005. The resale registration statement was initially filed with the Securities and Exchange Commission on July 8, 2005 for the shares underlying the Subordinated Convertible Notes and Subordinated Warrants. If we fail to comply with our registration obligations, the Subordinated Investors will be entitled to certain specified remedies, including monetary liquidated damages. In particular, for each 30 days (or such pro rated number of days) that we are out of compliance with our registration obligations, we will be subject to a liquidated damage assessment of 2% of the then outstanding principal amount of the Subordinated Convertible Notes.

Certain Subordinated Investors purchased additional Subordinated Convertible Notes under the Subordinated Purchase Agreement in the aggregate principal amount of \$450,000 and received additional Subordinated Warrants to purchase an aggregate of 133,333 shares of Common Stock at a per share exercise price of \$1.50. The aggregate consideration received by the Company, net of all fees and expenses, for such Subordinated Convertible Notes and Subordinated Warrants was \$404,500.

In connection with these purchase agreements, the Company's investment bankers received warrants to purchase an aggregate 271,948 shares of the Common Stock at a per share exercise price of \$1.35.

On April 28, 2005 The Shaar Fund Ltd. loaned \$250,000 to the Company. The loan allowed for interest at 10% per annum and was paid in full in June 2005 in conjunction with the Company's recent financing activities.

On July 8, 2005 the Company made a payment of \$39,061 to a holder of a senior convertible note issued by the Company on September 29, 2004 to fully pay all principal and interest on the Note. In conjunction with this repayment, the holder surrendered a warrant to purchase 11,111 shares of the Company's \$0.0001 par value common stock.

As of June 30, 2005 the Company was delinquent with respect to certain principal and interest obligations on certain subordinated notes issued in September 2004. Accordingly, the Company has reclassified approximately \$783,000 of principal from long-term to current as of June 30, 2005.

In January 2005, the Company agreed to exchange an employee's 1999 Plan stock option of 17,544 shares for a 1996 Plan stock option of 18,018 shares. This employee along with another employee exercised options for 20,288 shares of the Company's common stock at a cost of \$7,914.

In January 2005, warrants to purchase 10,000 shares of the Company's common stock were exercised on a cashless basis. This transaction resulted in the Company issuing an aggregate of 3,070 shares of the Company's common stock.

In January 2005, a former employee exercised an option for 97,000 shares of the Company's common stock in exchange for the cancellation of 60,195 shares of the Company's common stock previously owned by the former employee.

In January 2005, options to purchase 76,380 shares of the Company's common stock were exercised on a cashless basis. This transaction resulted in the Company issuing an aggregate of 27,302 shares of the Company's common stock.

During the three months ended March 31, 2005, warrants for 515,000 shares of the Company's common stock were exercised for \$520,250.

Edgar Filing: BIO KEY INTERNATIONAL INC - Form 10QSB

On May 13, 2005 the Company issued a director, Charles Romeo a stock option to purchase 350,000 shares of the Company's common stock at an exercise price of \$1.17 per share. The option has a term of seven (7) years and 200,000 shares vest immediately. Of the remaining shares, 75,000 vest on May 13, 2006 and 75,000 vest on May 13, 2007. The estimated fair value of this option was approximately \$355,825.

On May 13, 2005, the Company issued a consultant a stock option to purchase 100,000 shares of common stock at an exercise price of \$0.86 per share. This option has a term of seven (7) years and vests in two equal annual installments commencing May 13, 2006. The estimated fair value of this option was approximately \$104,000.

Proforma Compensation Disclosure

In December 2002, the Financial Accounting Standards Board (FASB) issued SFASB No. 148, Accounting for Stock-Based Compensation-Transition and Disclosure. SFAS No. 148 amends SFAS No. 123, Accounting for Stock-Based Compensation, to provide alternative methods of transition for a voluntary charge to the fair value based method of accounting for stock-based employee compensation. In addition, SFAS No. 148 requires expanded and more prominent disclosure in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method on reported results.

The Company has not adopted a method under SFAS No. 148 to expense stock options but rather continues to apply the recognition and measurement provisions of APB Opinion No.25, Accounting for Stock issued to Employees, and related interpretations in accounting for those plans. No stock-based employee compensation expense for options is reflected in net income for the fiscal periods presented as all options granted under those plans had an exercise price equal to or lower than the market price of the underlying common stock at the date of grant.

If compensation expense for the stock options granted had been determined based on the fair value at the grant dates consistent with the method of SFAS No. 123, the Company's proforma net loss and proforma loss per share would have been as follows:

	Three Months Ended June 30,		Six Months Ended June 30,

CAUTIONARY STATEMENT FOR FORWARD-LOOKING STATEMENTS

The information contained in this Report on Form 10-QSB and in other public statements by the Company and Company officers include or may contain certain forward-looking statements within the meaning of Section 27A of the U.S. Securities Act of 1933 and Section 21E of the U.S. Securities Exchange of 1934. All statements other than statements of historical facts contained in this Report on Form 10-QSB, including statements regarding our future financial position, business strategy and plans and objectives of management for future operations, are forward-looking statements. The words anticipate, believe, estimate, will, may, future, plan, intend and expect and similar expressions identify forward-looking statements. Although we believe that our plans, intentions and expectations reflected in the forward-looking statements are reasonable, we cannot be sure that they will be achieved. Actual results may differ materially from the forward-looking statements contained herein due to a number of factors. Many of these factors are set forth in the Company's Annual Report on Form 10-KSB under the caption Risk Factors and other filings with the Securities and Exchange Commission. These factors are not intended to represent a complete list of the general or specific factors that may affect us. It should be recognized that other factors, including general economic factors and business strategies may be significant, presently or in the future. Except as required by law, we undertake no obligation to update any forward-looking statement, whether as a result of new information, future events or otherwise.

OVERVIEW

Edgar Filing: BIO KEY INTERNATIONAL INC - Form 10QSB

The following should be read in conjunction with the financial statements of the Company included elsewhere herein.

BIO-key International, Inc., a Delaware corporation (the Company, BIO-key, we, or us) founded in 1993, delivers advanced finger based biometric identification and security solutions and information services to law enforcement, fire service, and emergency medical service agencies as well as other government and private sector customers. BIO-key's mobile wireless technology provides first responders with critical, reliable, real-time data and images from local, state, and national databases. More than 2,500 police, fire, and emergency services departments in North America currently use BIO-key solutions, making the company a leading supplier of mobile and wireless solutions for public safety.

Effective January 1, 2005, BIO-key International, Inc., a Minnesota corporation (Old BIO-key) reincorporated as the Company. The reincorporation was effected pursuant to an Agreement and Plan of Merger (the Merger Agreement), whereby Old BIO-key was merged with and into the Company, its wholly owned subsidiary, in order to reincorporate in the State of Delaware (the Reincorporation). As a result of the Reincorporation, the legal domicile of the Company is now Delaware.

BIO-key has four major product lines: biometrics, handheld mobile software/devices, mobile information software and records management software for fire service/EMS agencies.

We actively market and sell our biometric technology to biometric system integrators and resellers who are focused on the security and logical access markets. A number of BIO-key's customers have begun to deploy its technology on a run-time basis, which is generating recurring revenues.

BIO-key's public safety offerings are sold directly to counties, cities, or towns across North America and to Computer Aided Dispatch/Records Management System application providers and system integrators who include BIO-key's mobile data and fire records management software as part of their overall deliverables for their customers. Most often, public safety offerings for small sized cities or towns are provided by BIO-key authorized resellers.

We are a leading supplier of mobile data solutions for police and fire service agencies using laptop computers as well as applications for handheld mobile delivery on different devices, including Blackberries, PDAs, Smartphones, and tablet notebook computers located in police vehicles. BIO-key handheld offerings are particularly suited for specialty units and investigators that work remotely and do not have access to a conventional office desktop computer or a laptop computer.

Concerns relating to Homeland Security and the ever-increasing occurrences of identity theft in the commercial marketplace have amplified the need for positive identification of individuals, and increased interest in biometrics. BIO-key believes its biometric technology provides a most reliable, convenient, and cost effective method for confirming the identity of persons in local or remote locations relative to existing traditional methods.

CRITICAL ACCOUNTING POLICIES

There have been no material changes to our critical accounting policies and estimates since the end of our 2004 fiscal year. For detailed information on our critical accounting policies and estimates, see our financial statements and notes thereto included in this Report and in our Annual Report on Form 10-KSB for the fiscal year ended December 31, 2004.

RECENT ACCOUNTING PRONOUNCEMENTS

In December 2004, the FASB issued SFAS No. 123 (revised 2004), *Share-Based Payment* (SFAS 123R). This statement replaces SFAS No. 123 and supersedes *APB Opinion No. 25, Accounting for Stock Issued to Employees*. SFAS 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the financial statements based on their fair value. The pro-forma disclosures previously permitted under SFAS 123 no longer will be an alternative to financial statement recognition. For the Company, SFAS 123R is effective for periods beginning after December 15, 2005.

We plan to adopt SFAS 123R on January 1, 2006 using the modified prospective application method described in the statement. Under the modified prospective application method, we will apply the standard to new awards and to awards modified, repurchased, or cancelled after the required effective date. Additionally, compensation cost for the unvested portion of awards outstanding as of the required effective date will be recognized as compensation expense as the requisite service is rendered after the required effective date. We are evaluating the impact of adopting SFAS 123R and expect that we will record substantial non-cash stock compensation expenses. The adoption of SFAS 123R is not expected to have a significant effect on cash flows but is expected to have a significant adverse effect on our results of operations. The future impact of the adoption of SFAS 123R cannot be predicted at this time because it will depend upon the levels of share-based payments granted in the future. However, had we adopted SFAS 123R in prior periods, the impact would have approximated the impact of SFAS 123 as described in the disclosure of pro forma net loss attributable to common stockholders included in the Stockholders' Equity footnote.

RESULTS OF OPERATIONS

The discussion below regarding our results of operations for the three and six months ended June 30, 2005 reflects the combined operations of our historic biometric technology licensing business and our new public safety division, comprised of the former PSG and the former Mobile Government. The corresponding periods in 2004 include the operations of our historic biometric business and three months of results for the new public safety division. In order to present the following discussion in a manner to provide a more meaningful comparison between the two periods, where possible, we have quantified the material changes in our results of operations which are attributable to the operations of each of our businesses. Because the acquisition of the Mobile Government division of Aether Systems was not completed until September 30, 2004, the results of operations for Mobile Government are not included in the three and six month periods ending June 30, 2004.

THREE AND SIX MONTHS ENDED JUNE 30, 2005 AS COMPARED TO JUNE 30, 2004

Revenue

Services revenues, which include maintenance, technical support and other professional services, were approximately \$2,762,000 during the three months ended June 30, 2005 as compared to approximately \$158,000 during the corresponding period in 2004. The increase in 2005 services revenues is due to \$2,683,000 in revenue from Mobile Government, which was acquired in September, 2004. Services revenues from BIO-key and PSG were \$79,000 during the three months ended June 30, 2005 as compared with \$158,000 during the comparable period in 2004.

License fees and other revenue, which principally includes software license fees and hardware sales, were approximately \$903,000 during the three months ended June 30, 2005 as compared to approximately \$361,000 during the corresponding period in 2004. The increase in 2005 license and other revenues is due to \$776,000 in revenue from Mobile Government. License and other revenues from BIO-key and PSG on a combined basis were \$127,000 for the second quarter of 2005 as compared with \$ 361,000 during the comparable period in 2004.

For the six months ended June 30, 2005, services revenues were approximately \$5,822,000 compared to approximately \$201,000 during the corresponding period in 2004. The increase in 2005 services revenues is due to \$5,689,000 in revenue from the Mobile Government division. Service revenues from the BIO-key division and the Public Safety Group were \$132,000 during the six months ended June 30, 2005 compared to \$201,000 during the corresponding period in 2004.

License fees and other revenue, were approximately \$1,743,000 during the six months ended June 30, 2005 as compared to approximately \$630,000 during the corresponding period in 2004. The increase in 2005 license and other revenues is due to \$1,550,000 in revenue from Mobile Government. License fees and other revenue from BIO-key and PSG were approximately \$193,000 during the six months ended June 30, 2005.

Costs And Other Expenses

Costs of services were approximately \$1,034,000 during the three months ended June 30, 2005 as compared to approximately \$ 156,000 during the prior year period. The increase in 2005 was due to \$874,000 in costs of services of Mobile Government.

Costs of license and other were approximately \$205,000 during the three months ended June 30, 2005 as compared to approximately \$95,000 during the corresponding period in 2004. The increase in 2005 was due to \$202,000 in costs of license and other of Mobile Government.

Costs of services were approximately \$1,870,000 during the six months ended June 30, 2005 as compared to approximately \$156,000 during the prior year period. The increase in 2005

Edgar Filing: BIO KEY INTERNATIONAL INC - Form 10QSB

was due to \$1,550,000 in costs of services of Mobile Government. Costs of services for BIO-key and PSG were \$320,000 for the six months ended June 30, 2005 as compared to approximately \$156,000 during the prior year period.

Costs of license and other were approximately \$533,000 during the six months ended June 30, 2005 as compared to approximately \$101,000 during the corresponding period in 2004. The increase in 2005 was due to \$510,000 in costs of license and other of Mobile Government. Costs of license and other for BIO-key and PSG were \$23,000 for the six months ended June 30, 2005.

Selling, general and administrative expenses. Selling, general and administrative expenses increased to approximately \$3,125,000 during the three months ended June 30, 2005 from approximately \$1,190,000 during the corresponding period in 2004. With the acquisition of Mobile Government, the company significantly increased the number of employees in the selling, general and administrative area. Salary and benefit related expenses were approximately \$1,812,000 during the three months ended June 30, 2005 compared to \$585,000 for the comparable period in 2004. For the six months ended June 30, 2005, selling, general and administrative expenses increased by \$3,961,000 to approximately \$5,972,000. Salary and benefit related expenses were approximately \$3,817,000 during the six months ended June 30, 2005 compared to \$878,000 for the comparable period in 2004.

We expect selling, general and administrative expenses to decrease as a percentage of revenue during the remainder of 2005.

Research and Development. Research and development expenses increased to approximately \$1,670,000 during the three months ended June 30, 2005 from approximately \$352,000 in 2004. The increase was due to the addition of a significant number of employees as a result of the acquisition of Mobile Government. Salary, benefits and contractor expenses were approximately \$1,341,000 during the three months ended June 30, 2005 compared to \$252,000 for the comparable period in 2004. For the six months ended June 30, 2005, research and development expenses increased by \$3,131,000 to approximately \$3,746,000. Salary, benefits and contractor expenses were approximately \$2,734,000 during the six months ended June 30, 2005 compared to \$425,000 for the comparable period in 2004.

We expect research and development expenses to decrease as a percentage of revenue during the remainder of 2005.

Interest Expense. Interest expense was approximately \$576,000 during the three months ended June 30, 2005 as compared with approximately \$1,000 during the corresponding period of the prior year, when the Company had virtually no debt. For the six months ended June 30, 2005, interest expense was approximately \$1,081,000, as compared with approximately \$137,000 during the prior year period, which included debt during the first quarter only.

Net Operating Loss Carryforwards. As of December 31, 2004, we had federal and state net operating loss carryforwards of approximately \$32,501,000 and \$14,129,000, respectively. The carryforwards expire between

2011 and 2024. Such net operating loss carryforwards are subject to the limitations under Section 382 of the Internal Revenue Code due to changes in the equity ownership of the Company.

LIQUIDITY AND CAPITAL RESOURCES

Net cash used in operations during the six months ended June 30, 2005 was approximately \$3,752,000 compared to approximately \$2,307,000 during the six months ended June 30, 2004. The increase in negative operating cash flow in 2005 was due to the net loss of approximately \$5,628,000 as compared to the net loss of approximately \$2,173,000 during the comparable prior year period. The impact of the net loss on operating cash flow was somewhat mitigated in 2005 by non cash charges for amortization of intangible assets of approximately \$456,000, discounts on convertible debt related to warrants and beneficial conversion features of approximately \$312,000 and compensation expense associated with options and warrants issued for services of approximately \$530,000.

Net cash provided by investing activities for the six months ended June 30, 2005 was approximately \$1,389,000 compared to net cash used in investing activities of approximately \$6,541,000 for the corresponding period in 2004. The 2005 amount includes approximately \$980,000 in proceeds from the sale of marketable securities and return of \$501,000 of deposits. During the prior year, the Company used approximately \$499,000 to acquire PSG and approximately \$5,888,000 to purchase marketable securities.

Net cash provided by financing activities during the six months ended June 30, 2005 was approximately \$3,380,000 compared to approximately \$11,673,000 in the corresponding period in 2004, at which time the Company raised approximately \$11,249,000 in net proceeds from a private placement of common stock. During the six months ended June 30, 2005, the Company raised approximately \$4,515,000 in net proceeds from a private placement of convertible debt and received proceeds of approximately \$539,000 from warrant and option exercises. Offsetting these proceeds were debt repayments of approximately \$1,405,000. To the extent the Company continues to generate losses and negative cash flows from operations, the Company expects to seek additional outside financing.

Working capital deficit at June 30, 2005 was approximately \$2,262,000 as compared to a deficit of approximately \$3,016,000 at December 31, 2004.

On June 8, 2005, we entered into a Securities Purchase Agreement (the "Senior Purchase Agreement") with an institutional investor. Under the Senior Purchase Agreement, the Company issued a Secured Convertible Term Note (the "Senior Convertible Note") in the aggregate principal amount of \$2,000,000, convertible into Common Stock of the Company in certain circumstances at \$1.35 per share, and issued a warrant (the "Senior Warrant") to purchase an aggregate of 444,444 shares of the Common Stock at a per share exercise price of \$1.55. The aggregate consideration received by the Company, net of all fees and expenses, for the Senior Convertible Note and the Senior Warrant was approximately \$1,841,000, which was paid by the Investor on June 8, 2005. The proceeds from this transaction are to be used for working capital purposes. The Company's

obligations under the Senior Purchase Agreement and the Senior Convertible Notes are secured by a security interest in all or substantially all of the Company's assets.

We entered into a Securities Purchase Agreement, effective as of May 31, 2005, (the "Subordinated Purchase Agreement") with existing shareholders of the Company and other accredited investors (collectively, the "Subordinated Investors"). Under the Subordinated Purchase Agreement, the Company issued Convertible Term Notes (the "Subordinated Convertible Notes") in the aggregate principal amount of \$2,794,723, convertible into Common Stock of the Company in certain circumstances at \$1.35 per share, and issued warrants (the "Subordinated Warrants") to purchase an aggregate of 828,066 shares of the Common Stock at a per share exercise price of \$1.50. The aggregate consideration received by the Company, net of all fees and expenses, for the Subordinated Convertible Notes and Convertible Warrants was approximately \$2,411,000, which was paid by the Investor on June 8, 2005. The proceeds from this transaction are to be used for working capital purposes. The Subordinated Convertible Notes were issued at a purchase price equal to \$900 for each \$1,000 of principal amount of the Note.

Certain Subordinated Investors purchased additional Subordinated Convertible Notes in the aggregate principal amount of \$450,000 and received additional Subordinated Warrants to purchase an aggregate of 133,333 shares of Common Stock at a per share exercise price of \$1.50. The aggregate consideration received by the Company net of all fees and expenses for such Subordinated Convertible Notes and Subordinated Warrants was \$404,500, which was paid by the Subordinated Investors on July 8, 2005.

In connection with these purchase agreements, the Company's investment bankers received warrants to purchase an aggregate of 271,948 shares of the Common Stock at a per share exercise price of \$1.35.

We do not expect any material capital expenditures during the next twelve months.

The resources necessary to provide working capital in the next twelve months for operations and to provide the resources for growth are a major concern for the Company. Current monthly operating expenses are approximately \$1,700,000 and monthly debt payments are approximately \$350,000. At this level, the Company would need to increase revenue to approximately \$2,000,000 per month in order to break even. This is significantly higher than the monthly revenue generated by the Company in the six months ending June 30, 2005. Accounts Receivable and Costs and Earnings in Excess of Billings, totaling \$9,243,687 at June 20, 2005, are expected to be a significant source of cash for the Company. However, there can be no assurance that the Company can significantly increase its revenue or that timing of the payments from Accounts Receivable and Costs and Earnings in Excess of Billings will allow the Company to meet its monthly financial obligations.

To the extent that the Company is unable to increase its monthly revenue and continues to generate losses, we will need to obtain additional funding to (i) conduct the sales, marketing and technical support necessary to execute our plan to substantially grow operations, increase revenue and serve a significant customer base; and (ii) provide working capital. Due to several factors, including our history of losses and limited revenue, our independent auditors have included an explanatory paragraph in their opinion for the year ended December 31, 2004 as to the substantial doubt about our ability to continue as a going concern. Our long term viability and growth will depend on the successful commercialization of our technologies and our ability to obtain adequate financing.

Since January 7, 1993 (date of inception), our capital needs have been principally met through proceeds from the sale of equity and debt securities. If we continue to require additional financing, we expect to look to similar sources of additional capital.

Edgar Filing: BIO KEY INTERNATIONAL INC - Form 10QSB

No assurance can be given that any form of additional financing will be available on terms acceptable to us, that adequate financing will be obtained to meet our needs, or that such financing would not be dilutive to existing stockholders. If available financing is insufficient or unavailable or we fail to continue to generate meaningful revenue, we will be required to further reduce operating expenses, delay the expansion of operations, or be unable to pursue merger or acquisition candidates.

Additionally, the Company's ability to repay its outstanding debt obligations and accrued interest on a timely basis will be at risk. As of June 30, 2005 the Company was delinquent with respect to certain principal and interest obligations on certain subordinated notes issued in September 2004. Accordingly, the Company has reclassified approximately \$783,000 of principal from long-term to current as of June 30, 2005.

We do not currently maintain a line of credit or term loan with any commercial bank or other financial institution.

ITEM 3. CONTROLS AND PROCEDURES

Edgar Filing: BIO KEY INTERNATIONAL INC - Form 10QSB

An evaluation of the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) or 15d-15(e) of the Securities Exchange Act of 1934, as amended (the Exchange Act)) was carried out by the Company under the supervision and with the participation of the Company's Co-Chief Executive Officers (Co-CEOs) and Chief Financial Officer (CFO). As part of this evaluation, the Company's Co-CEOs and CFO considered the letter dated April 18, 2005 from the Company's independent auditors to the Audit Committee of the Company's Board of Directors, as previously disclosed by the Company, which identified material weaknesses in the Company's internal control systems.

Specifically, the Company's auditors stated in their letter that they found the Company to be deficient in its design and implementation of its internal control system and that, due to two recent acquisitions, the Company is not staffed properly in its accounting and reporting department, and it may not have appropriate accounting and reporting software. For these reasons, the Company was not able to meet its schedule for preparing its audit and for filing its annual report on Form 10-KSB in a timely manner. Based upon their evaluation, the Company's CO-CEOs and CFO concluded that, as of the end of the period covered by this quarterly report, the Company's disclosure controls and procedures were not effective to provide reasonable assurance that information the Company is required to disclose in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms.

The Company is in the process of addressing these issues to ensure that the Company's disclosure controls and procedures are improved so as to provide such reasonable assurance. Specifically, during fiscal 2005, the Company has hired an Assistant Controller, a Manager of Finance, a Senior Staff Accountant and a Staff Accountant and has also retained the services of several financial consultants to assist the finance and accounting staff. The Company expects to continue to add to its finance and accounting staff during the second half of fiscal 2005. Also, the Company believes that its accounting and reporting software itself is appropriate for the business, but feels that additional training of the finance and accounting staff will enhance the software's utilization and improve the Company's internal control system. This training is currently being planned and is expected to be implemented during the quarter ending September 30, 2005.

Other than the remedial measures discussed above, which the Company believes have, and will continue to, materially improve its internal control over financial reporting, there has been no change in the Company's internal control over financial reporting identified in connection with the evaluation that occurred during the period covered by this report that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

1. Between April 1, 2005 and May 2, 2005 The Shaar Fund Ltd. converted unsecured convertible term notes in the aggregate principal and accrued interest amount of \$103,892 into 76,957 shares of the Company's common stock. These securities were issued in a private placement transaction exempt from registration requirements of the Securities Act pursuant to Section 4(2) thereof directly by the Company without engaging in any advertising or general solicitation of any kind and without payment of underwriting discounts or commissions to any person.
2. During May and June 2005, investors converted a total of 3,625 shares of the Company's Series A Preferred Stock and \$20,757 of accrued dividends thereon into 511,009 shares of the Company's common stock. These securities were issued in a private placement transaction exempt from registration requirements of the Securities Act pursuant to Section 4(2) thereof directly by the Company without engaging in any advertising or general solicitation of any kind and without payment of underwriting discounts or commissions to any person.
3. In May 2005 the Company issued a director, Charles Romeo a stock option to purchase 350,000 shares of the Company's common stock at an exercise price of \$1.17 per share. The option has a term of seven (7) years and 200,000 shares vest immediately. Of the remaining shares, 75,000 vest on May 12, 2006 and 75,000 vest on May 12, 2007. These securities were issued in a private placement transaction exempt from the registration requirements of the Securities Act pursuant to Section 4(2) thereof directly by the Company without engaging in any advertising or general solicitation of any kind and without payment of underwriting discounts or commissions to any person.
4. On June 8, 2005 the Company issued secured convertible term notes in the aggregate principal amount of \$2,000,000 and warrants to purchase 444,444 shares of common stock at an exercise price of \$1.55 per share to an institutional investor. These securities were issued in a private placement transaction exempt from the registration requirements of the Securities Act pursuant to Section 4(2) thereof directly by the Company without engaging in any advertising or general solicitation of any kind and without payment of underwriting discounts or commissions to any person.
5. As of May 31, 2005, the Company issued secured convertible term notes in the aggregate principal amount of \$3,244,723 and warrants to purchase 961,399 shares of common stock at an exercise price of \$1.50 per share to existing shareholders of the Company and other accredited investors. These securities were issued in a private placement transaction exempt from the registration requirements of the Securities Act pursuant to Section 4(2) thereof directly by the Company without engaging in any advertising or general solicitation of any kind and without payment of underwriting discounts or commissions to any person.
