# Edgar Filing: New York \& Company, Inc. - Form 10-Q 

## New York \& Company, Inc.

Notes to Condensed Consolidated Financial Statements
October 28, 2006
(Unaudited)

## 1. Organization and Basis of Presentation

New York \& Company, Inc. (together with its subsidiaries, collectively the Company ) is a leading specialty retailer of fashion-oriented, moderately-priced women s apparel. The Company designs and sources its proprietary branded New York \& Company merchandise sold exclusively through its national network of New York \& Company retail stores and, beginning in November 2006, on-line at www.nyandcompany.com. The target customers for the Company s New York \& Company merchandise are fashion-conscious, value-sensitive women between the ages of 25 and 45 . On July 19, 2005, the Company acquired Jasmine Company, Inc. ( JasmineSola ), a Boston-based, privately held women s retailer of upscale and contemporary apparel, footwear and accessories sold through its chain of JasmineSola branded retail stores. As of October 28, 2006, the Company operated 560 retail stores in 45 states, including 23 JasmineSola stores. Trademarks referenced in this Quarterly Report on Form 10-Q appear in italic type and are the property of the Company.

The accompanying condensed consolidated financial statements include the accounts for New York \& Company, Inc. and all of its subsidiaries, including Lerner New York Holding, Inc. ( Lerner Holding ); Lerner New York, Inc.; Lernco, Inc.; Nevada Receivable Factoring, Inc. and JasmineSola. On a stand alone basis, without the consolidation of its subsidiaries, New York \& Company, Inc. has no significant independent assets or operations. All significant intercompany balances and transactions have been eliminated in consolidation.

The condensed consolidated financial statements as of October 28, 2006 and October 29, 2005 and for the thirteen weeks ( three months ) and thirty-nine weeks ( nine months ) ended October 28, 2006 and October 29, 2005 are unaudited and are presented pursuant to the rules and regulations of the United States Securities and Exchange Commission (SEC ). Accordingly, these unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto for the fiscal year ended January 28, 2006 ( fiscal year 2005 ), which were filed with the Company s Annual Report on Form 10-K with the SEC on April 7, 2006. The fiscal year ending February 3, 2007 is referred to herein as fiscal year 2006. In the opinion of management, the accompanying condensed consolidated financial statements reflect all adjustments, which are of a normal recurring nature, necessary to present fairly the financial condition, results of operations and cash flows for the interim periods.

Due to seasonal variations in the retail industry, the results of operations for any interim period are not necessarily indicative of the results expected for the full fiscal year.

## 2. Public Offering of Common Stock

On January 25, 2006, the Company completed a public offering of 8,050,000 shares of common stock, including the underwriters over-allotment option, of which 130,000 shares were offered by the Company and $7,920,000$ shares were offered by certain selling stockholders at a price to the public of $\$ 18.50$ per share. Upon consummation of the public offering on January 31, 2006, net proceeds of $\$ 2.3$ million and $\$ 139.8$ million were distributed to the Company and selling stockholders, respectively.

## 2. Public Offering of Common Stock (Continued)

The net proceeds received by the Company were used to pay the fees and expenses of the offering, as well as for general corporate purposes.

## 3. Acquisition

On July 19, 2005, the Company entered into a Stock Purchase Agreement to acquire all of the outstanding common stock of JasmineSola for $\$ 22.5$ million in cash and 350,000 shares of New York \& Company, Inc. common stock, $\$ 0.001$ par value, valued at $\$ 8.1$ million based upon the closing stock price of New York \& Company, Inc. on July 19, 2005. In addition, the Company will issue up to 200,000 shares of its common stock as additional consideration for the acquisition of JasmineSola contingent upon the achievement of certain growth targets over the three full fiscal years following the acquisition. These contingent shares, if issued, will be recorded as an adjustment to the purchase price and goodwill.

The acquisition was accounted for under the purchase method of accounting. The purchase price allocation resulted in goodwill of $\$ 11.1$ million and indefinite-lived intangible assets related to trademarks of $\$ 17.2$ million.

The Company is currently engaged in an arbitration proceeding relating to the Stock Purchase Agreement, which could result in a future adjustment to the purchase price and a corresponding adjustment to goodwill.

## 4. Earnings Per Share

Basic earnings per share are computed by dividing net income by the weighted average number of shares of common stock outstanding for the period. Diluted earnings per share are calculated based on the weighted average number of shares of common stock outstanding plus the dilutive effect of stock options as if they were exercised. A reconciliation between basic and diluted earnings per share is as follows:
$\left.\begin{array}{llllll} & \begin{array}{l}\text { Three months } \\ \text { ended } \\ \text { October 28, }\end{array} & \begin{array}{l}\text { Three months } \\ \text { ended } \\ \text { October 29, }\end{array} & \begin{array}{l}\text { Nine months } \\ \text { ended } \\ \text { October 28, } \\ \mathbf{2 0 0 6}\end{array} & \begin{array}{l}\text { Nine months } \\ \text { ended } \\ \text { October 29, }\end{array} \\ \text { (Amounts in thousands, }\end{array}\right\}$

The calculation of diluted earnings per share for the three months ended October 28, 2006 and October 29, 2005 excludes options to purchase 768,165 and 395,336 shares, respectively, due to their antidilutive effect. The calculation of diluted earnings per share for the nine months ended October 28, 2006 and October 29, 2005 excludes options to purchase 826,279 and 144,279 shares, respectively, due to their antidilutive effect.

5

Edgar Filing: New York \& Company, Inc. - Form 10-Q

## 5. Share-Based Compensation

In December 2004, the Financial Accounting Standards Board ( FASB) published SFAS No. 123 (Revised 2004), Share-Based Payment ( SFAS 123-R ). SFAS 123-R retains certain requirements of the original SFAS No. 123, Accounting for Stock-Based Compensation ( SFAS 123 ) and requires all forms of share-based payment to employees, including employee stock options, to be treated as compensation and recognized in the consolidated statement of income. The Company adopted SFAS 123-R in December 2004, utilizing the modified prospective method. Prior to the Company s adoption of SFAS 123-R, the Company followed SFAS 123 and treated all forms of share-based payments as compensation recognized in the consolidated statement of income. Therefore, the adoption of SFAS 123-R did not have a material impact on the Company s consolidated financial statements.

In connection with the consummation of the public offering on January 31, 2006, BSMB/NYCG, LLC, an affiliate of Bear Stearns Merchant Banking and the controlling stockholder of the Company, realized a cash return in excess of 3.0 times its investment in the Company; as such, $2,777,311$ options to purchase common stock issued pursuant to grants under the Company s Amended and Restated 2002 Stock Option Plan vested and became immediately exercisable.

The Company recorded share-based compensation expense in the amount of $\$ 0.4$ million and $\$ 0.3$ million for the three months ended October 28, 2006 and October 29, 2005, respectively, and $\$ 1.2$ million and $\$ 0.8$ million for the nine months ended October 28, 2006 and October 29, 2005 , respectively. Included in the $\$ 1.2$ million of share-based compensation expense for the nine months ended October 28, 2006 is $\$ 0.2$ million of expense related to the 2,777,311 stock options that vested on January 31, 2006.

During the nine months ended October 28, 2006, the Company issued 36,500 shares of restricted stock to certain officers and members of its board of directors and $1,955,935$ shares of common stock were issued upon exercise of stock options.

## 6. Pension Plan

The Company sponsors a single-employer defined benefit pension plan covering substantially all union employees. Employees covered by collective bargaining agreements are primarily non-management store associates, representing approximately $10 \%$ of the Company stotal employees. The Company s collective bargaining agreement with the Local 1102 unit of the Retail, Wholesale and Department Store Union (RWDSU) AFL-CIO that was set to expire in August 2005 is under renegotiation. A signed extension agreement is in effect until February 28, 2007.

The plan provides retirement benefits for union employees who have attained the age of 18 and completed 425 hours of service in the twelve-month period following the date of employment. The plan provides benefits based on length of service. The Company sfunding policy for the plan is to contribute annually the amount necessary to provide for benefits based on accrued service. The Company does not anticipate the need for a material contribution to the plan for the remainder of the current fiscal year. Net periodic benefit cost includes the following components:
$\left.\begin{array}{lllll} & \begin{array}{l}\text { Three months } \\ \text { ended } \\ \text { October 28, } \\ \mathbf{2 0 0 6} \\ \text { (Amounts in thousands) }\end{array} & \begin{array}{l}\text { Three months } \\ \text { ended } \\ \text { October 29, }\end{array} & \begin{array}{l}\text { Nine months } \\ \text { ended } \\ \text { October 28, } \\ \text { 2006 }\end{array} & \begin{array}{l}\text { Nine months } \\ \text { ended } \\ \text { October 29, }\end{array} \\ \mathbf{2 0 0 5}\end{array}\right]$

Edgar Filing: New York \& Company, Inc. - Form 10-Q

## 7. Deferred Rent

The Company recognizes fixed minimum rent expense on non-cancelable leases on a straight-line basis over the term of each individual lease including the build-out period. The difference between recognized rental expense and amounts payable under the lease is recorded as a deferred lease liability. In addition, the Company recognizes landlord allowances as a deferred lease liability, which is amortized over the term of the related lease as a reduction to rent expense. For contingent rent expense based upon sales, the Company estimates annual contingent rent expense and recognizes a portion each month based on actual sales. At October 28, 2006, January 28, 2006 and October 29, 2005, the deferred lease liability was $\$ 54.1$ million, $\$ 35.1$ million, and $\$ 33.6$ million, respectively, and is reported in deferred rent and other liabilities on the consolidated balance sheets. The increase in the deferred lease liability during the nine months ended October 28, 2006 is primarily related to the 50 new stores opened and 31 stores remodeled during the period.

## 8. Income Tax Provision

The income tax provisions for interim periods are based upon management $s$ estimate of the Company $s$ annualized effective tax rate. Effective tax rates differ from statutory federal income tax rates primarily due to provisions for state and local taxes.

## 9. Long-Term Debt and Credit Facilities

On January 4, 2006, the Company s credit facilities were amended to include: (i) an additional $\$ 37.5$ million term loan facility maturing on March 17, 2009 bearing interest at the Eurodollar rate plus $2.50 \%$ ( January 4, 2006 term loan ), (ii) an extension of the term of the Company s existing $\$ 90.0$ million revolving credit facility to March 17,2009 (contains a sub-facility available for issuance of letters of credit of up to $\$ 75.0$ million), and (iii) a reduction of certain interest rates under the revolver by as much as 50 basis points, depending upon the Company s financial performance. Using the $\$ 37.5$ million of proceeds from the January 4, 2006 term loan plus $\$ 38.0$ million of cash on-hand, the Company prepaid in full the $\$ 75.0$ million term loan entered into on March 16, 2004 ( March 16, 2004 term loan ), which was bearing interest at the Eurodollar rate plus $5.00 \%$, and paid $\$ 0.5$ million in fees related to the refinancing. In connection with the prepayment of the March 16,2004 term loan, $\$ 0.9$ million of unamortized deferred financing costs were written-off in the fourth quarter of fiscal year 2005.

As of October 28, 2006, the Company had availability under its revolving credit facility of $\$ 73.3$ million, net of letters of credit outstanding of $\$ 9.5$ million, as compared to availability of $\$ 63.3$ million, net of letters of credit outstanding of $\$ 16.0$ million, as of October 29, 2005.

The revolving loans under the credit facilities bear interest, at the Company s option, either at a floating rate equal to the Eurodollar rate plus a margin of between $1.00 \%$ and $2.00 \%$ per year, depending upon the Company s financial performance, or the Prime rate. The Company pays the lenders under the revolving credit facility a monthly fee on outstanding letters of credit at a rate of between $1.00 \%$ and $1.50 \%$ per year, depending upon the Company s financial performance. The Company pays the lenders under the revolving credit facility a monthly fee on a proportion of the unused commitments under that facility at a rate of between $0.25 \%$ and $0.50 \%$ per year, depending upon the Company s financial performance. The term loan bears interest at a floating rate equal to the Eurodollar rate plus $2.50 \%$ per year. For so long as any default under the revolving credit facility continues, at the option of the agent or lenders, interest on the revolving loans may increase to $4.00 \%$ per year above the Eurodollar rate for all Eurodollar rate loans and $2.00 \%$ per year above the Prime rate for all Prime rate loans, and interest on the term loan may increase to the Eurodollar rate plus $4.50 \%$ per year.

Edgar Filing: New York \& Company, Inc. - Form 10-Q

## 9. Long-Term Debt and Credit Facilities (Continued)

The Company s credit facilities contain certain covenants, including restrictions on its ability to pay dividends on its common stock, incur additional indebtedness and to prepay, redeem or repurchase other debt. Subject to such restrictions, the Company may incur more debt for working capital, capital expenditures, acquisitions and for other purposes. The terms of the Company s credit facilities also subject it to certain maintenance covenants in the event its borrowing availability under its revolving credit facility, plus cash on-hand, falls below $\$ 40.0$ million. These covenants include maintaining a minimum trailing twelve-month EBITDA (as defined in the Company samended and restated credit agreement) and a maximum leverage ratio. This ratio and the calculation of EBITDA under the amended and restated credit agreement are not necessarily comparable to other similarly titled ratios and measurements of other companies due to inconsistencies in the method of calculation. In addition, in the event that the Company s borrowing availability under its revolving credit facility, plus cash on-hand, falls below $\$ 50.0$ million and it fails to maintain a minimum trailing twelve-month EBITDA, then the outstanding principal amount of the $\$ 37.5$ million term loan must be prepaid down to $\$ 25.0$ million, subject to certain restrictions. The Company is currently in compliance with the financial covenants referred to above.

The lenders have been granted a pledge of the common stock of Lerner Holding and certain of its subsidiaries, and a first priority security interest in substantially all other tangible and intangible assets of New York \& Company, Inc. and certain of its subsidiaries, as collateral for the Company s obligations under the credit facilities. In addition, New York \& Company, Inc. and certain of its subsidiaries have fully and unconditionally guaranteed the credit facilities, and such guarantees are joint and several.

## 10. New Accounting Pronouncements

In October 2005, the FASB issued FSP No. FAS 13-1, Accounting for Rental Costs Incurred during a Construction Period. The FSP concluded that rental costs associated with ground or building operating leases that are incurred during a construction period should be recognized as rental expense. The rental costs should be included in income from continuing operations. The guidance does not change application of the maximum guarantee test in EITF Issue No. 97-10, The Effect of Lessee Involvement in Asset Construction. The guidance in this FSP shall be applied in the first reporting period beginning after December 15, 2005. Retrospective application in accordance with FASB Statement No. 154,

Accounting Changes and Error Corrections, is permitted but not required; as such, the Company adopted the provisions of the FSP beginning in February 2006 and is applying them prospectively. The Company currently anticipates that the adoption of this pronouncement will result in approximately $\$ 3.3$ million of additional rent expense in the current fiscal year, which prior to the adoption of this pronouncement would have been capitalized and amortized into depreciation expense on a straight-line basis over the lease term, commencing on a store s opening date. For the three months ended October 28, 2006, $\$ 1.1$ million of rent expense was recognized during the construction periods for stores, resulting in an after-tax charge to earnings of $\$ 0.6$ million, or $\$ 0.01$ per diluted share. For the nine months ended October 28, 2006, $\$ 3.1$ million of rent expense was recognized during the construction periods for stores, resulting in an after-tax charge to earnings of $\$ 1.8$ million, or $\$ 0.03$ per diluted share.

In June 2006, the FASB issued Interpretation No. 48, Accounting for Uncertainty in Income Taxes an interpretation of FASB Statement No. 109. This Interpretation clarifies the accounting for uncertain tax positions recognized in a company sfinancial statements in accordance with the provisions of FASB Statement No. 109, Accounting for Income Taxes. This Interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This Interpretation also provides guidance on derecognition of uncertain positions, financial statement classification, accounting for interest and penalties, accounting in interim periods, disclosure, and transition. The Interpretation is effective for fiscal years beginning after

## 10. New Accounting Pronouncements (Continued)

December 15, 2006. The Company is currently evaluating the impact that the adoption of this Interpretation will have on its financial position and results of operations.

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements ( SFAS No. 157 ). SFAS No. 157 establishes a common definition for fair value to be applied to US GAAP guidance requiring the use of fair value, establishes a framework for measuring fair value, and expands the disclosure about such fair value measurements. SFAS No. 157 is effective for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. The Company is currently evaluating the impact that the adoption of this Statement will have on its financial position and results of operations.

In September 2006, the FASB issued SFAS No. 158, Employers Accounting for Defined Benefit Pension and Other Postretirement Plans, an amendment of FASB statements No. 87, 88, 106, and 132(R) ( SFAS No. 158 ). SFAS No. 158 requires recognition of the overfunded or underfunded status of defined benefit postretirement plans as an asset or liability in the statement of financial position and requires companies to recognize changes in that funded status in comprehensive income in the year in which the changes occur. SFAS No. 158 also requires measurement of the funded status of a plan as of the date of the statement of financial position. SFAS No. 158 is effective for recognition of the funded status of the benefit plans for fiscal years ending after December 15, 2006 and is effective for the measurement date provisions for fiscal years ending after December 15, 2008. The Company is currently evaluating the impact that the adoption of this Statement will have on its financial position and results of operations.

## ITEM 2. MANAGEMENT S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

## SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS AND RISK FACTORS

(Cautionary Statements Under the Private Securities Litigation Reform Act of 1995)
This Quarterly Report on Form 10-Q includes forward-looking statements. Certain matters discussed in Item 2. Management s Discussion and Analysis of Financial Condition and Results of Operations and other sections of this Quarterly Report on Form 10-Q are forward-looking statements intended to qualify for safe harbors from liability established by the Private Securities Litigation Reform Act of 1995. Some of these statements can be identified by terms and phrases such as anticipate, believe, intend, estimate, expect, continue, and similar expressions and include references to assumptions that the Company believes are reasonable and relate to its future prospects, developments and business strategies. Factors that could cause the Company s actual results to differ materially from those expressed or implied in such forward-looking statements, include, but are not limited to those discussed under the heading Item 3. Quantitative and Qualitative Disclosures About Market Risk in this Quarterly Report on Form 10-Q and:

- the Company $s$ ability to open and operate stores successfully;
- seasonal fluctuations in the Company s business;
- the Company s ability to anticipate and respond to fashion trends and launch new product lines successfully;
- general economic conditions, consumer confidence and spending patterns;
- the Company $s$ dependence on mall traffic for its sales;
- the susceptibility of the Company s business to extreme and/or unseasonable weather conditions;
- the Company s ability to retain and recruit key personnel;
- the Company s reliance on third parties to manage some aspects of its business;
- changes in the cost of raw materials, distribution services or labor;
- the Company s reliance on foreign sources of production;
- the potential impact of natural disasters and health concerns relating to outbreaks of widespread diseases, particularly on manufacturing operations of the Company s vendors;
- the ability of the Company $s$ manufacturers to manufacture and deliver products in a timely manner while meeting its quality standards;
- the Company s ability to successfully integrate acquired businesses into its existing business;
- the Company s reliance on manufacturers to maintain ethical business practices;
- the Company s ability to protect its trademarks and other intellectual property rights;
- the Company s ability to maintain, and its reliance on, its information systems infrastructure;
- the Company $s$ dependence on the success of its brand;
- competition in the Company s market, including promotional and pricing competition;
- the Company s reliance on the effective use of customer information;
- the effects of government regulation;

10

## Edgar Filing: New York \& Company, Inc. - Form 10-Q

- the control of the Company by its sponsors; and
- risks and uncertainties as described in the Company s documents filed with the SEC, including its Annual Report on Form 10-K, as filed on April 7, 2006.

The Company undertakes no obligation to revise the forward-looking statements included in this Quarterly Report on Form 10-Q to reflect any future events or circumstances. The Company s actual results, performance or achievements could differ materially from the results expressed or implied by these forward-looking statements.

## Overview

The Company is a leading specialty retailer of fashion-oriented, moderately-priced women sapparel. The Company designs and sources its proprietary branded New York \& Company merchandise sold exclusively through its national network of New York \& Company retail stores and, beginning in November 2006, on-line at www.nyandcompany.com. The target customers for the Company s New York \& Company merchandise are fashion-conscious, value-sensitive women between the ages of 25 and 45 . On July 19, 2005, the Company acquired JasmineSola, a Boston-based, privately held women s retailer of upscale and contemporary apparel, footwear and accessories sold through its chain of JasmineSola branded retail stores. As of October 28, 2006, the Company operated 560 retail stores in 45 states, including 23 JasmineSola stores.

The Company views the retail apparel market as having two principal selling seasons: spring (first and second quarter) and fall (third and fourth quarter). The Company s business experiences seasonal fluctuations in net sales and operating income, with a significant portion of its operating income typically realized during its first and fourth quarters. Seasonal fluctuations also affect inventory levels. The Company must carry a significant amount of inventory, especially before the holiday season selling period.

Net sales for the three months ended October 28, 2006 increased $6.5 \%$ to $\$ 270.9$ million, as compared to $\$ 254.4$ million for the three months ended October 29, 2005. Net sales for the nine months ended October 28, 2006 increased $3.1 \%$ to $\$ 802.9$ million, as compared to $\$ 778.9$ million for the nine months ended October 29, 2005. Comparable store sales increased $0.5 \%$ for the three months ended October 28, 2006, as compared to a comparable store sales decrease of $3.1 \%$ for the three months ended October 29, 2005. Comparable store sales decreased $4.4 \%$ for the nine months ended October 28, 2006, as compared to a comparable store sales increase of $0.5 \%$ for the nine months ended October 29, 2005. Net income for the three months ended October 28, 2006 increased to $\$ 9.6$ million, or $\$ 0.16$ per diluted share, as compared to $\$ 4.2$ million, or $\$ 0.07$ per diluted share, for the three months ended October 29, 2005. Net income for the nine months ended October 28, 2006 decreased to $\$ 22.1$ million, or $\$ 0.37$ per diluted share, as compared to $\$ 37.9$ million, or $\$ 0.66$ per diluted share, for the nine months ended October 29, 2005. For a discussion of the more significant factors impacting these results, see Results of Operations below.

During the nine months ended October 28, 2006, the Company opened 50 new stores, including eight new JasmineSola stores, closed nine stores and completed 31 remodels, ending the period operating 560 stores in 45 states, as compared to 523 stores as of October 29, 2005. Total selling square footage as of October 28, 2006 was 3.357 million, as compared to 3.306 million as of October 29, 2005. Capital spending for the nine months ended October 28, 2006 was $\$ 66.1$ million, as compared to $\$ 68.6$ million for the nine months ended October 29, 2005. The $\$ 66.1$ million of capital spending represents $\$ 59.9$ million related to the construction of new stores and the remodeling of existing stores and $\$ 6.2$ million related to non-store capital projects, which principally represent information technology enhancements.

The Company s balance sheet at October 28, 2006 included $\$ 23.7$ million in cash and $\$ 49.0$ million of working capital, as compared to $\$ 30.0$ million in cash and $\$ 68.6$ million of working capital at October 29, 2005. The decrease in cash and working capital compared to last year was primarily the result of the

Edgar Filing: New York \& Company, Inc. - Form 10-Q

Company s capital spending program in addition to the Company using $\$ 38.0$ million of cash on-hand plus $\$ 37.5$ million of proceeds from the January 4,2006 term loan to prepay in full a $\$ 75.0$ million term loan plus $\$ 0.5$ million of fees incurred in connection with the refinancing. At October 28, 2006, the Company s inventory was $\$ 150.4$ million, as compared to $\$ 136.8$ million of inventory at October 29, 2005.

Earlier this year the Company signed a three year agreement with Accretive Commerce for integrated e-commerce operations. Under the agreement, Accretive Commerce provides an end to end suite of direct commerce services, including integration of a new e-commerce platform (in alliance with Art Technology Group, Inc.), order management, order fulfillment, customer care, and channel management services. In November 2006, the Company began selling merchandise through its e-commerce internet site at www.nyandcompany.com.

## General

Net Sales. Net sales consist of sales from comparable and non-comparable stores. A store is included in the comparable store sales calculation after it has completed 13 full fiscal months of operation from the store s original opening date or once it has been reopened after remodeling. Non-comparable store sales include stores which have not completed 13 full fiscal months of operations, sales from closed stores, and sales from stores closed or in temporary locations during periods of remodeling. In addition, in a year with 53 weeks, sales in the last week of the year are not included in determining comparable store sales. Net sales are recorded when the customer takes possession of the merchandise and the purchases are paid for, primarily with either cash or credit card. A reserve is provided for projected merchandise returns based on prior experience.

The Company issues gift cards which do not contain provisions for expiration or inactivity fees. The portion of the dollar value of gift cards that ultimately is not used by customers to make purchases is known as breakage. The Company estimates gift card breakage and records those amounts as revenues as gift cards are redeemed. The Company s estimate of gift card breakage is based on analysis of historical redemption patterns as well as the remaining balance of gift cards for which the Company believes the likelihood of redemption to be remote.

Cost of Goods Sold, Buying and Occupancy Costs. Cost of goods sold, buying and occupancy costs are comprised of direct inventory costs for merchandise sold, distribution, payroll and related costs for design, sourcing, production, merchandising, planning and allocation personnel, and store occupancy and related costs, including, subsequent to fiscal year 2005, occupancy costs incurred during a period of construction prior to store opening.

Gross Profit. Gross profit represents net sales less cost of goods sold, buying and occupancy costs.
Selling, General and Administrative Expenses. Selling, general and administrative expenses include selling, store management and corporate expenses, including payroll and employee benefits, employment taxes, management information systems, marketing, insurance, legal, store pre-opening and other corporate level expenses. Store pre-opening expenses include store level payroll, grand opening event marketing, travel, supplies and other store opening expenses.

## Results of Operations

The following tables summarize the Company s results of operations as a percentage of net sales and selected store operating data for the three and nine months ended October 28, 2006 and October 29, 2005:
$\left.\begin{array}{lllllllll} & \begin{array}{l}\text { Three months } \\ \text { ended } \\ \text { October 28, }\end{array} & \begin{array}{l}\text { Three months } \\ \text { ended } \\ \text { October 29, }\end{array} & \begin{array}{l}\text { Nine months } \\ \text { ended } \\ \text { October 28, } \\ \text { 2006 }\end{array} & \begin{array}{l}\text { Nine months } \\ \text { ended } \\ \text { October 29, }\end{array} \\ \text { 2005 }\end{array}\right]$

|  | Three month ended <br> October 28, 2006 <br> (Dollars in th | usa | Three months ended <br> October 29, 2005 <br> , except square | foot | Nine months ended October 28, 2006 <br> a) |  | Nine months ended <br> October 29, 2005 |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Selected operating data: |  |  |  |  |  |  |  |  |
| Total net sales growth | 6.5 | \% | 5.0 | \% | 3.1 | \% | 5.7 | \% |
| Comparable store sales increase / (decrease) | 0.5 | \% | (3.1 | )\% | (4.4 | )\% | 0.5 | \% |
| Net sales per average selling square foot(1) | \$ 82 |  | \$ 78 |  | \$ 243 |  | \$ 240 |  |
| Net sales per average store(2) | \$ 493 |  | \$ 494 |  | \$ 1,487 |  | \$ 1,558 |  |
| Average selling square footage per store(3) | 5,995 |  | 6,322 |  | 5,995 |  | 6,322 |  |

(1) Net sales per average selling square foot is defined as net sales divided by the average of beginning and end of period selling square feet.
(2) Net sales per average store is defined as net sales divided by the average of beginning and end of period number of stores.
(3) Average selling square footage per store is defined as end of period selling square feet divided by end of period number of stores.

Edgar Filing: New York \& Company, Inc. - Form 10-Q

## Three Months Ended October 28, 2006 Compared to Three Months Ended October 29, 2005

Net Sales. Net sales for the three months ended October 28, 2006 increased $6.5 \%$ to $\$ 270.9$ million, as compared to $\$ 254.4$ million for the three months ended October 29, 2005. The increase is attributable to a $\$ 15.3$ million increase in non-comparable store sales, primarily driven by new stores and acquired JasmineSola stores, which entered the comparable store sales base in September 2006. Also contributing to the increase in sales is a $\$ 1.2$ million, or $0.5 \%$, increase in comparable store sales. In the comparable store base, average dollar sales per transaction increased $4.4 \%$ as compared to the same period last year while the number of transactions per average store decreased $3.7 \%$, as compared to the same period last year.

Gross Profit. Gross profit increased $\$ 15.4$ million to $\$ 89.9$ million, or $33.2 \%$ of net sales, for the three months ended October 28, 2006, as compared to $\$ 74.5$ million, or $29.3 \%$ of net sales, for the three months ended October 29, 2005. The increase in gross profit is primarily due to an increase in net sales and a reduction in merchandise markdowns and cancellations for the three months ended October 28, 2006, as compared to the same period last year. Buying and occupancy costs increased as a percentage of net sales primarily due to increases in real estate costs related to the impact of new and remodeled stores. Also contributing to the increase in buying and occupancy costs is the recognition of rental expense during the construction period for new stores beginning in February 2006, with the adoption of FSP No. FAS 13-1, Accounting for Rental Costs Incurred during a Construction Period.

Selling, General and Administrative Expenses. Selling, general and administrative expenses increased $\$ 7.6$ million to $\$ 73.4$ million, or $27.1 \%$ of net sales, for the three months ended October 28, 2006, as compared to $\$ 65.8$ million, or $25.9 \%$ of net sales, for the three months ended October 29, 2005. As a percentage of net sales, selling, general and administrative expenses increased for the three months ended October 28, 2006, as compared to the same period last year, primarily due to an increase in store selling expenses and an increase in incentive compensation costs resulting from the improvement in operating income for the three months ended October 28, 2006, as compared to the same period last year.

Operating Income. The increase in gross profit partially offset by higher selling, general and administrative expenses, as explained above, resulted in a $\$ 7.8$ million increase in operating income to $\$ 16.5$ million, or $6.1 \%$ of net sales, for the three months ended October 28, 2006, as compared to $\$ 8.7$ million, or $3.4 \%$ of net sales, for the three months ended October 29, 2005.

Interest Expense, Net. Net interest expense decreased $\$ 1.2$ million to $\$ 0.5$ million, or $0.2 \%$ of net sales, for the three months ended October 28, 2006, as compared to $\$ 1.7$ million, or $0.7 \%$ of net sales, for the three months ended October 29, 2005. The decrease in net interest expense is due to a reduction in borrowings and interest rates obtained through the Company s prepayment of a $\$ 75.0$ million term loan on January 4, 2006 using proceeds from a new $\$ 37.5$ million term loan facility plus cash on-hand.

Provision for Income Taxes. The effective tax rate for the three months ended October 28, 2006 was $40.3 \%$, as compared to $40.5 \%$ for the three months ended October 29, 2005.

Net Income. For the reasons discussed above, net income increased $\$ 5.4$ million to $\$ 9.6$ million, or $3.5 \%$ of net sales, for the three months ended October 28, 2006, as compared to $\$ 4.2$ million, or $1.6 \%$ of net sales, for the three months ended October 29, 2005.

## Nine Months Ended October 28, 2006 Compared to Nine Months Ended October 29, 2005

Net Sales. Net sales for the nine months ended October 28, 2006 increased $3.1 \%$ to $\$ 802.9$ million, as compared to $\$ 778.9$ million for the nine months ended October 29, 2005. The increase is attributable to a $\$ 56.3$ million increase in

## Edgar Filing: New York \& Company, Inc. - Form 10-Q

non-comparable store sales, primarily driven by new stores and acquired JasmineSola stores, which entered the comparable store sales base in September 2006. The increase in non-comparable store sales was partially offset by a $\$ 32.3$ million, or $4.4 \%$, decrease in comparable store

14
sales. In the comparable store base, average dollar sales per transaction increased $0.7 \%$ while the number of transactions per average store decreased $5.0 \%$, as compared to the same period last year.

Gross Profit. Gross profit decreased $\$ 10.2$ million to $\$ 244.6$ million, or $30.5 \%$ of net sales, for the nine months ended October 28, 2006, as compared to $\$ 254.8$ million, or $32.7 \%$ of net sales, for the nine months ended October 29, 2005. The decrease in gross profit is primarily attributable to the decrease in comparable store sales combined with an increase in buying and occupancy costs for the nine months ended October 28, 2006, as compared to the same period last year. Buying and occupancy costs increased as a percentage of net sales primarily due to increases in real estate costs related to the impact of new and remodeled stores combined with the impact of lower comparable store sales. Also contributing to the increase in buying and occupancy costs is the recognition of rental expense during the construction period for new stores beginning in February 2006, with the adoption of FSP No. FAS 13-1, Accounting for Rental Costs Incurred during a Construction Period. As a percentage of net sales, the increase in buying and occupancy costs was partially offset by a decrease in merchandise markdowns and cancellations for the nine months ended October 28, 2006, as compared to the same period last year.

Selling, General and Administrative Expenses. Selling, general and administrative expenses increased $\$ 19.1$ million to $\$ 206.1$ million, or $25.7 \%$ of net sales, for the nine months ended October 28, 2006, as compared to $\$ 187.0$ million, or $24.0 \%$ of net sales, for the nine months ended October 29, 2005. As a percentage of net sales, selling, general and administrative expenses increased for the nine months ended October 28, 2006, as compared to the same period last year, due in large part to a decrease in comparable store sales and a slight increase in store selling expenses.

Operating Income. The decrease in gross profit and higher selling, general and administrative expenses, as explained above, resulted in a $\$ 29.3$ million decrease in operating income to $\$ 38.5$ million, or $4.8 \%$ of net sales, for the nine months ended October 28, 2006, as compared to $\$ 67.8$ million, or $8.7 \%$ of net sales, for the nine months ended October 29, 2005.

Interest Expense, Net. Net interest expense decreased $\$ 3.0$ million to $\$ 1.4$ million, or $0.2 \%$ of net sales, for the nine months ended October 28, 2006, as compared to $\$ 4.4$ million, or $0.6 \%$ of net sales, for the nine months ended October 29, 2005. The decrease in net interest expense is due to a reduction in borrowings and interest rates obtained through the Company s prepayment of a $\$ 75.0$ million term loan on January 4, 2006 using proceeds from a new $\$ 37.5$ million term loan facility plus cash on-hand.

Provision for Income Taxes. The effective tax rate for the nine months ended October 28, 2006 was $40.3 \%$, as compared to $40.2 \%$ for the nine months ended October 29, 2005.

Net Income. For the reasons discussed above, net income decreased $\$ 15.8$ million to $\$ 22.1$ million, or $2.8 \%$ of net sales, for the nine months ended October 28, 2006, as compared to $\$ 37.9$ million, or $4.9 \%$ of net sales, for the nine months ended October 29, 2005.

## Non-GAAP Financial Measure

The Company has provided a non-GAAP financial measure to adjust net income for the three and nine months ended October 28, 2006 and October 29, 2005. This information reflects, on a non-GAAP adjusted basis, the Company s net income before interest expense, net; provision for income taxes; and depreciation and amortization ( EBITDA ). The calculation for EBITDA is provided to enhance the user s understanding of the Company s operating results. EBITDA is provided because management believes it is an important measure of financial performance commonly used to determine the value of companies and to define standards for borrowing from institutional lenders. The non-GAAP financial information should be considered in addition to, not as an alternative to, net income, as an indicator of the Company s operating performance, and cash flows from operating activities, as a measure of the

Company s liquidity, as determined in accordance with accounting principles generally accepted in the United States. The Company may calculate EBITDA differently than other companies.

## Reconciliation of Net Income to EBITDA

## Liquidity and Capital Resources

The Company s primary uses of cash are to fund working capital, operating expenses, debt service and capital expenditures related primarily to the construction of new stores, remodeling of existing stores and development of the Company s information systems infrastructure. Historically, the Company has financed these requirements from internally generated cash flow. The Company intends to fund its ongoing capital and working capital requirements, as well as debt service obligations, primarily through cash flows from operations, supplemented by borrowings under its credit facilities, if needed. The Company is in compliance with all debt covenants as of October 28, 2006.

16

The following tables contain information regarding the Company s liquidity and capital resources:

|  | October 28, $\mathbf{2 0 0 6}$ (Amounts in th | $\begin{aligned} & \text { January 28, } \\ & \text { 2006 } \\ & \text { nds) } \end{aligned}$ | $\begin{aligned} & \text { October 29, } \\ & 2005 \end{aligned}$ |
| :---: | :---: | :---: | :---: |
| Cash and cash equivalents | \$ 23,732 | \$ 57,436 | \$ 30,027 |
| Working capital | \$ 49,004 | \$ 47,701 | \$ 68,567 |

|  | Nine months ended October 28, 2006 (Amounts in thou | Nine months ended October 29, 2005 |
| :---: | :---: | :---: |
| Net cash provided by operating activities | \$ 26,419 | \$ 31,187 |
| Net cash used in investing activities | \$ (66,084 ) | \$ (89,916 ) |
| Net cash provided by financing activities | \$ 5,961 | \$ 3,595 |

## Operating Activities

Net cash provided by operating activities was $\$ 26.4$ million for the nine months ended October 28, 2006, as compared to net cash provided by operating activities of $\$ 31.2$ million for the nine months ended October 29, 2005. The decrease in cash flow provided by operating activities for the nine months ended October 28, 2006, as compared to the nine months ended October 29, 2005, is primarily related to a decrease in net income, changes in accounts receivable, inventories, prepaid expenses and accounts payable partially offset by changes in accrued expenses, income taxes payable, and other assets and liabilities. Cash provided by other assets and liabilities for the nine months ended October 28, 2006 and October 29, 2005 includes $\$ 17.0$ million and $\$ 14.2$ million of landlord allowances, respectively.

## Investing Activities

Cash used in investing activities was $\$ 66.1$ million for the nine months ended October 28,2006 , as compared to $\$ 89.9$ million of cash used in investing activities for the nine months ended October 29, 2005. Cash used in investing activities for the nine months ended October 28, 2006 represents capital expenditures primarily related to the construction of new stores and the remodeling of existing stores. Cash used in investing activities for the nine months ended October 29, 2005 represents $\$ 68.6$ million of capital expenditures primarily related to the construction of new stores and the remodeling of existing stores and $\$ 21.4$ million used to acquire JasmineSola.

The Company opened 50 new stores and completed 31 remodels in the nine months ended October 28, 2006, as compared to 40 new stores and 40 remodels in the nine months ended October 29, 2005. The Company plans to have opened 61 new stores, including nine JasmineSola stores, in fiscal year 2006, ending the year operating 566 stores. The Company s future capital requirements will depend primarily on the number of new stores it opens, the number of existing stores it remodels and the timing of these expenditures.

## Financing Activities

Net cash provided by financing activities was $\$ 6.0$ million for the nine months ended October 28,2006 , as compared to net cash provided by financing activities of $\$ 3.6$ million for the nine months ended October 29,2005 . Net cash provided by financing activities for the nine months ended October 28, 2006 represents proceeds of $\$ 2.3$ million from the public offering of common stock, consummated on January 31, 2006; the payment of $\$ 0.4$ million in fees and expenses related to the offering; quarterly payments against the $\$ 37.5$ million January 4, 2006 term loan totaling $\$ 4.5$ million; and $\$ 8.6$ million of proceeds from the exercise of stock options and the related tax benefit to the Company. Net cash provided

## Edgar Filing: New York \& Company, Inc. - Form 10-Q

by financing activities for the nine months ended October 29, 2005 consisted of proceeds from the exercise of stock options and the related tax benefit to the Company offset by the repayment of debt outstanding under the terminated JasmineSola credit facility.

## Long-Term Debt and Credit Facilities

On January 4, 2006, the Company s credit facilities were amended to include: (i) an additional $\$ 37.5$ million term loan facility maturing on March 17, 2009 bearing interest at the Eurodollar rate plus $2.50 \%$, (ii) an extension of the term of the Company s existing $\$ 90.0$ million revolving credit facility to March 17, 2009 (contains a sub-facility available for the issuance of letters of credit of up to $\$ 75.0$ million), and (iii) a reduction of certain interest rates under the revolver by as much as 50 basis points, depending upon the Company s financial performance. Using the $\$ 37.5$ million of proceeds from the January 4,2006 term loan plus $\$ 38.0$ million of cash on-hand, the Company prepaid in full the $\$ 75.0$ million March 16, 2004 term loan, which was bearing interest at the Eurodollar rate plus $5.00 \%$, and paid $\$ 0.5$ million in fees related to the refinancing. In connection with the prepayment of the March 16, 2004 term loan, $\$ 0.9$ million of unamortized deferred financing costs were written-off in the fourth quarter of fiscal year 2005.

As of October 28, 2006, the Company had availability under its revolving credit facility of $\$ 73.3$ million, net of letters of credit outstanding of $\$ 9.5$ million, as compared to availability of $\$ 63.3$ million, net of letters of credit outstanding of $\$ 16.0$ million, as of October 29, 2005.

The revolving loans under the credit facilities bear interest, at the Company s option, either at a floating rate equal to the Eurodollar rate plus a margin of between $1.00 \%$ and $2.00 \%$ per year, depending upon the Company s financial performance, or the Prime rate. The Company pays the lenders under the revolving credit facility a monthly fee on outstanding letters of credit at a rate of between $1.00 \%$ and $1.50 \%$ per year, depending upon the Company s financial performance. The Company pays the lenders under the revolving credit facility a monthly fee on a proportion of the unused commitments under that facility at a rate of between $0.25 \%$ and $0.50 \%$ per year, depending upon the Company s financial performance. The term loan bears interest at a floating rate equal to the Eurodollar rate plus $2.50 \%$ per year. For so long as any default under the revolving credit facility continues, at the option of the agent or lenders, interest on the revolving loans may increase to $4.00 \%$ per year above the Eurodollar rate for Eurodollar rate loans and $2.00 \%$ per year above the Prime rate for all Prime rate loans, and interest on the term loan may increase to the Eurodollar rate plus $4.50 \%$ per year.

## Critical Accounting Policies

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that impact the amounts reported on the Company s consolidated financial statements and related notes. On an ongoing basis, management evaluates its estimates and judgments, including those related to inventories, long-lived assets, goodwill and other intangible assets. Management bases its estimate and judgments on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ materially from these judgments. Management believes the following estimates and assumptions are most significant to reporting the Company s results of operations and financial position.

Inventory Valuation. Inventories are principally valued at the lower of average cost or market, on a weighted average cost basis, using the retail method. The Company records a charge to cost of goods sold, buying and occupancy costs for all inventory on-hand when a permanent retail price reduction is reflected in its stores. In addition, management makes estimates and judgments regarding, among other things, initial markup, markdowns, future demand and market conditions, all of which significantly impact the ending inventory valuation. If actual future demand or market conditions are different than those
projected by management, future period merchandise margin rates may be unfavorably or favorably affected. Other significant estimates related to inventory include shrink and obsolete and excess inventory which are also based on historical results and management soperating projections.

Impairment of Long-Lived Assets. The Company evaluates long-lived assets in accordance with SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets (SFAS 144 ). Long-lived assets are evaluated for recoverability in accordance with SFAS 144 whenever events or changes in circumstances indicate that an asset may have been impaired. In evaluating an asset for recoverability, the Company estimates the future cash flow expected to result from the use of the asset and eventual disposition. If the expected future undiscounted cash flow is less than the carrying amount of the asset, an impairment loss, equal to the excess of the carrying amount over the fair value of the asset, is recognized. An impairment loss could have a material adverse impact on the Company s results of operations. The Company s evaluation for the nine months ended October 28, 2006 resulted in no material asset impairment charge.

Goodwill and Other Intangible Assets. SFAS No. 142, Goodwill and Other Intangible Assets, prohibits the amortization of goodwill and intangible assets with indefinite lives. The Company s intangible assets relate primarily to the New York \& Company and JasmineSola trademarks and the goodwill associated with the acquisition of JasmineSola on July 19, 2005. The trademarks were initially valued using the relief from royalty method and were determined to have indefinite lives by an independent appraiser. The Company tests for impairment of intangible assets annually as required by this Statement. Management s estimate of future cash flow is based on historical experience, knowledge, and market data. These estimates can be affected by factors such as those outlined in Special Note Regarding Forward-Looking Statements and Risk Factors. An impairment loss could have a material adverse impact on the Company s results of operations. The fair value assigned to the JasmineSola trademarks and goodwill is $\$ 17.2$ million and $\$ 11.1$ million, respectively.

Income Taxes. Income taxes are calculated in accordance with SFAS No. 109, Accounting for Income Taxes, which requires the use of the liability method. Deferred tax assets and liabilities are recognized based on the difference between the financial statement carrying amounts of assets and liabilities and their respective tax bases. Inherent in the measurement of deferred balances are certain judgments and interpretations of enacted tax laws and published guidance with respect to applicability to the Company s operations. Deferred tax assets are believed to be fully realizable as management expects future taxable income will be sufficient to recover the asset values and, as such, no related valuation allowance has been provided for.

## New Accounting Pronouncements

In October 2005, the FASB issued FSP No. FAS 13-1, Accounting for Rental Costs Incurred during a Construction Period. The FSP concluded that rental costs associated with ground or building operating leases that are incurred during a construction period should be recognized as rental expense. The rental costs should be included in income from continuing operations. The guidance does not change application of the maximum guarantee test in EITF Issue No. 97-10, The Effect of Lessee Involvement in Asset Construction. The guidance in this FSP shall be applied in the first reporting period beginning after December 15, 2005. Retrospective application in accordance with FASB Statement No. 154, Accounting Changes and Error Corrections, is permitted but not required; as such, the Company adopted the provisions of the FSP beginning in February 2006 and is applying them prospectively. The Company currently anticipates that the adoption of this pronouncement will result in approximately $\$ 3.3$ million of additional rent expense in the current fiscal year, which prior to the adoption of this pronouncement would have been capitalized and amortized into depreciation expense on a straight-line basis over the lease term, commencing on a store sopening date. For the three months ended October 28, 2006, $\$ 1.1$ million of rent expense was recognized during the construction periods for stores, resulting in an after-tax charge to
earnings of $\$ 0.6$ million, or $\$ 0.01$ per diluted share. For the nine months ended October 28, 2006, $\$ 3.1$ million of rent expense was recognized during the construction periods for stores, resulting in an after-tax charge to earnings of $\$ 1.8$ million, or $\$ 0.03$ per diluted share.

In June 2006, the FASB issued Interpretation No. 48, Accounting for Uncertainty in Income Taxes an interpretation of FASB Statement No. 109. This Interpretation clarifies the accounting for uncertain tax positions recognized in a company s financial statements in accordance with the provisions of FASB Statement No. 109, Accounting for Income Taxes. This Interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This Interpretation also provides guidance on derecognition of uncertain positions, financial statement classification, accounting for interest and penalties, accounting in interim periods, disclosure, and transition. The Interpretation is effective for fiscal years beginning after December 15, 2006. The Company is currently evaluating the impact that the adoption of this Interpretation will have on its financial position and results of operations.

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements ( SFAS No. 157 ). SFAS No. 157 establishes a common definition for fair value to be applied to US GAAP guidance requiring the use of fair value, establishes a framework for measuring fair value, and expands the disclosure about such fair value measurements. SFAS No. 157 is effective for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. The Company is currently evaluating the impact that the adoption of this Statement will have on its financial position and results of operations.

In September 2006, the FASB issued SFAS No. 158, Employers Accounting for Defined Benefit Pension and Other Postretirement Plans, an amendment of FASB statements No. 87, 88, 106, and 132(R) (SFAS No. 158 ). SFAS No. 158 requires recognition of the overfunded or underfunded status of defined benefit postretirement plans as an asset or liability in the statement of financial position and requires companies to recognize changes in that funded status in comprehensive income in the year in which the changes occur. SFAS No. 158 also requires measurement of the funded status of a plan as of the date of the statement of financial position. SFAS No. 158 is effective for recognition of the funded status of the benefit plans for fiscal years ending after December 15, 2006 and is effective for the measurement date provisions for fiscal years ending after December 15, 2008. The Company is currently evaluating the impact that the adoption of this Statement will have on its financial position and results of operations.

## ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Interest Rates. The Company s market risks relate primarily to changes in interest rates. The Company s credit facilities carry floating interest rates that are tied to the Eurodollar rate and the Prime rate and therefore, the consolidated statements of income and the consolidated statements of cash flows will be exposed to changes in interest rates. A $1.0 \%$ interest rate increase would increase interest expenses by approximately $\$ 0.3$ million annually. The Company historically has not engaged in interest rate hedging activities.

Currency Exchange Rates. The Company historically has not been exposed to currency exchange rate risks with respect to inventory purchases as such expenditures have been, and continue to be, denominated in U.S. Dollars. The Company purchases some of its inventory from suppliers in China, for which the Company pays U.S. Dollars. Since July 2005, China has been slowly increasing the value of the Chinese Yuan, which is now linked to a basket of world-currencies. If the exchange rate of the Chinese Yuan to the U.S. Dollar continues to increase, the Company may experience fluctuations in the cost of inventory purchased from China and the Company would adjust its supply chain accordingly.

## ITEM 4. CONTROLS AND PROCEDURES

(a) Disclosure Controls and Procedures. The Company s management, with the participation of the Company s Principal Executive Officer and Principal Financial Officer, has evaluated the effectiveness of the Company s disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this Quarterly Report. Based on such evaluation, the Company s Principal Executive Officer and Principal Financial Officer have concluded that, as of the end of such period, the Company s disclosure controls and procedures are effective.
(b) Internal Controls Over Financial Reporting. There have not been any changes in the Company s internal controls over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934, as amended) during the fiscal quarter to which this report relates that have materially affected, or are reasonably likely to materially affect, the Company s internal controls over financial reporting.

## PART II.

## OTHER INFORMATION

## ITEM 1. LEGAL PROCEEDINGS

There have been no material changes in the Company s legal proceedings from what was reported in its Annual Report on Form 10-K filed with the SEC on April 7, 2006.

## ITEM 1A. RISK FACTORS

There have been no material changes in the Company s risk factors from what was reported in its Annual Report on Form 10-K filed with the SEC on April 7, 2006.

## ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

None.

## ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

## ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

None.

## ITEM 5. OTHER INFORMATION

None.

## ITEM 6. EXHIBITS
