NOTICE OF

ANNUAL MEETING OF SHAREHOLDERS

to be held on

Thursday, June 18, 2009

To Our Shareholders:

We will hold the annual meeting of shareholders of Dollar Tree, Inc. at The Westin Virginia Beach Town Center, 4535 Commerce Street, Virginia Beach, Virginia 23462 on Thursday, June 18, 2009 at 10:00 a.m. local time. Shareholders will consider and vote on the following:

- Four directors nominated by the Board of Directors;
- A shareholder proposal to declassify the Board of Directors, if properly presented at the meeting; and
- Any other business that may properly come before the meeting.

Shareholders of record at the close of business on April 17, 2009 will receive notice of and be allowed to vote at the meeting.

Your vote is important to us. We encourage you to read the attached proxy statement then sign, date and return your proxy card in the enclosed envelope at your earliest convenience. Sending in your proxy card will not prevent you

from voting your shares at the meeting, if you desire to do so.

BY ORDER OF THE BOARD OF DIRECTORS

James A. Gorry, III

Corporate Secretary

Chesapeake, Virginia

May 22, 2009

IMPORTANT NOTICE ABOUT THE AVAILABILITY OF PROXY MATERIALS

FOR THE ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON JUNE 18, 2009

The Company's proxy statement and annual report to shareholders for the fiscal year ended January 31, 2009 are available at <http://www.dollartreeinfo.com/investors/financial/annuals/>

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Dollar Tree's Board of Directors is soliciting your proxy to vote your shares at the annual meeting of shareholders. This proxy statement summarizes the information you need to know to vote at the meeting.

We began mailing these proxy materials on or about May 22, 2009 to all shareholders entitled to vote. The Dollar Tree 2008 Annual Report, which includes our financial statements, is being sent with this proxy statement.

Date, Time and Place of the Meeting

As shown in the Notice of Annual Meeting, the 2009 annual meeting of shareholders of Dollar Tree, Inc. will be held on Thursday, June 18, 2009, at The Westin Virginia Beach Town Center, 4535 Commerce Street, Virginia Beach, Virginia 23462 at 10:00 a.m. local time.

The principal executive offices of Dollar Tree are located at, and our mailing address is, 500 Volvo Parkway, Chesapeake, Virginia, 23320; telephone: (757) 321-5000.

Shares Entitled to Vote

Holders of record have one vote for each share held at the close of business on April 17, 2009. At that time, there were 90,442,960 shares of Dollar Tree, Inc. common stock outstanding. Votes will be tabulated by our transfer agent, National City Bank. On March 2, 2008, Dollar Tree, Inc. became the successor holding company for Dollar Tree Stores, Inc. This transaction was completed without the vote of shareholders to provide a more efficient corporate structure. Dollar Tree Stores, Inc. is now a wholly owned subsidiary of Dollar Tree, Inc., and all of the outstanding common shares of Dollar Tree Stores, Inc. were converted into common shares of Dollar Tree, Inc. on March 2, 2008. The holding company stock still trades on the Nasdaq Global Select Market under the DLTR ticker symbol.

Voting Your Proxy

Whether or not you plan to attend the annual meeting, we urge you to vote. If you vote by proxy, that is, by signing, dating and returning the enclosed proxy card, or by casting your vote via a toll-free number or the Internet, the individuals named on the card (your proxies) will vote your shares in the manner you indicate. If you do not indicate instructions to your proxies, then your shares will be voted as follows:

- FOR re-electing four members of the Board as Class II directors; and

- **AGAINST** the shareholder proposal to declassify the Board of Directors.

If any other matter is presented, then your proxies will vote in accordance with their best judgment. At this time, the Board of Directors is unaware of any other business to be brought before the meeting. If you send more than one proxy card, then your shares will be voted in accordance with the proxy card bearing the latest date.

You may revoke your proxy by sending in a signed proxy card with a later date, providing subsequent telephone or Internet voting instructions, providing a written notice of revocation to the Corporate Secretary of Dollar Tree, Inc. prior to the annual meeting or attending the annual meeting to cast your vote in person.

Quorum Requirement and Broker Non-Votes

A quorum is necessary for the transaction of business at the annual meeting. A quorum exists when holders of a majority of the total number of issued and outstanding shares of common stock that are entitled to vote at the annual meeting are present in person or by proxy. At the annual meeting, the inspector of election will determine the presence of a quorum and tabulate the results of the voting by shareholders. The inspector will treat valid proxies marked "abstain" or proxies required to be treated as broker "non-votes" as present for purposes of determining whether there is a quorum at the annual meeting. A broker "non-vote" occurs when a broker or nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the broker or nominee does not have discretionary voting power and has not received instructions from the beneficial owner of the shares. Abstentions with respect to any matter will have the same effect as a vote against that proposal.

Householding

In some cases, only one proxy statement is being delivered to multiple shareholders sharing an address unless we have received contrary instructions from one or more of the shareholders. Upon written or oral request, we will deliver a

Table of Contents

separate copy of the proxy statement to a shareholder at a shared address to which a single copy of the proxy statement was delivered. You can notify our Corporate Secretary at our address on page 1 that you wish to receive a separate copy of the proxy statement in the future, or alternatively, that you wish to receive a single copy of the materials instead of multiple copies. Each shareholder will receive voting instructions relative to their individual holdings, regardless of a shared address.

Costs of the Proxy Solicitations

The cost of soliciting proxies will be borne by us. Proxies may be solicited by officers, directors and regular employees of our company or our affiliates, none of whom will receive any additional compensation for their services. Such solicitations may be made personally, or by mail, facsimile, telephone, telegram or messenger. We will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy material and annual reports to the beneficial owners of shares in accordance with the schedule of charges approved by the National Association of Securities Dealers, Inc. We have retained Georgeson Inc. to assist with the solicitation of proxies for a fee not to exceed \$20,000, plus reimbursement for out-of-pocket expenses.

PROPOSAL NO. 1- ELECTION OF DIRECTORS

Directors and Nominees

Our Board of Directors is divided into three staggered classes for purposes of election. One class is elected at each annual meeting of shareholders to serve for a three-year term. Our current by-laws provide for thirteen directors.

At the 2009 annual meeting of shareholders, the terms of Class II directors are expiring. The Board proposes to nominate Arnold S. Barron, J. Douglas Perry, Thomas A. Saunders III and Carl P. Zeithaml to be re-elected as Class II directors at the 2009 annual meeting of shareholders. If so elected, these Class II directors will hold office for a three-year term expiring at the annual meeting of shareholders held in 2012.

All other directors will continue in office following this annual meeting and their terms will expire in either 2010 (Class III) or 2011 (Class I).

The nominees have indicated their willingness to serve as directors. If a nominee becomes unable to stand for re-election, the persons named in the proxy will vote for any substitute nominee proposed by the Board of Directors.

Vote Required

Edgar Filing: DOLLAR TREE INC - Form DEF 14A

Our directors are elected by a plurality vote. The four nominees at the 2009 Annual Meeting of Shareholders receiving the greatest number of votes cast will be elected. Shares held by brokers that are not voted in the election of directors will have no effect. In addition, we have adopted a corporate governance policy requiring each director-nominee to submit a resignation letter if he or she does not receive a majority of the votes cast. See page 13 for more on this policy.

**THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR
EACH OF THE NOMINEES FOR DIRECTOR.**

Table of Contents

INFORMATION CONCERNING NOMINEES, DIRECTORS AND EXECUTIVE OFFICERS

Nominees

<p>Arnold S. Barron Private Investor; corporate director</p> <p>Member of the Compensation Committee</p> <p>Class II director</p>	<p>Mr. Barron, age 61, was the Senior Executive Vice President, Group President of The TJX Companies, Inc. until his retirement in January 2009. Prior to joining Dollar Tree, he served as Director of Transportation and held various other positions at Ames Department Stores from 1986 to 1994. Prior to Ames, he held several transportation and supply chain positions with a number of companies, including Shell Oil Company and Eastern Airlines.</p>

Mr. Brock is married to Mr. Perry's sister. There are no additional family relationships among the directors and executive officers.

HOW NOMINEES TO OUR BOARD ARE SELECTED

Candidates for election to our Board of Directors are nominated by our Nominating and Corporate Governance Committee and ratified by our full Board of Directors for consideration by the shareholders. The Nominating and Corporate Governance Committee operates under a charter, which is available on our corporate website at www.DollarTreeinfo.com. You will find the charter of the committee and the charters of all of our other Board committees under the heading "Corporate Governance" in the Investor Relations section of the site. A copy of the charter is available to all shareholders upon request, addressed to our Corporate Secretary at the address on page 1. All members of the committee are independent under the standards established by the NASDAQ Stock Market.

Our Nominating and Corporate Governance Committee will consider candidates recommended by shareholders. Shareholders may recommend candidates for Nominating and Corporate Governance Committee consideration by submitting such recommendation using the methods described under the "Shareholder Nominations for Election of Directors" section on page 7 and "Communicating with our Board Members" on page 14. In making recommendations, shareholders should be mindful of the discussion of minimum qualifications set forth in the following paragraph. Although a recommended individual may meet the minimum qualification standards, it does not imply that the Nominating and Corporate Governance Committee necessarily will nominate the person so recommended by a shareholder.

Table of Contents

In evaluating candidates for election to the Board, our Nominating and Corporate Governance Committee shall take into account the qualifications of the individual candidate as well as the composition of the Board as a whole.

Among other things, the Committee shall consider:

- the candidate's ability to help the Board create shareholder value,
- the candidate's ability to represent the interests of shareholders,
- the business judgment, experience and acumen of the candidate,
- the need of the Board for directors having certain skills and experience,
- other business and professional commitments of the candidate, and
- the number of other boards on which the candidate serves, including public and private company boards.

Our Nominating and Corporate Governance Committee identifies nominees in a number of ways. One method is the recommendation of a current member of the Board, who personally knows and has an understanding of the qualifications of a proposed nominee. A second method is an awareness of persons who are successful in business, whether personally known to a member of the Board or not. We may contact such persons from time to time to ask whether they would be willing to serve. If they are willing, then the Nominating and Corporate Governance Committee conducts significant amounts of due diligence to ensure that a nominee possesses the qualifications, qualities and skills outlined above. The Nominating and Corporate Governance Committee also from time to time engages search firms to assist the committee in identifying potential Board nominees, and we pay such firms a fee for conducting such searches. As mentioned above, our Nominating and Corporate Governance Committee will consider recommendations from shareholders on the same basis as other candidates.

Shareholder Nominations for Election of Directors

Shareholders generally can nominate persons to be directors by following the procedures set forth in our bylaws. In short, these procedures require the shareholder to deliver a written notice containing certain required information in a timely manner to our Corporate Secretary at the address on page 1. To be timely, the notice must be sent either by personal delivery or by United States certified mail, postage prepaid, and received no later than 120 days in advance of the anniversary date of the proxy statement for the previous year's annual meeting. If no annual meeting was held in the previous year, or the date of the applicable annual meeting has been changed by more than 30 days from the date contemplated at the time of the previous year's proxy statement, notice must be sent not less than 90 days before the date of the applicable annual meeting. The notice must contain the information required by our bylaws about the shareholder proposing the nominee and about the nominee. A copy of our bylaws can be found online at <http://www.dollartreeinfo.com/investors/corporate/>

Each shareholder's notice to the Corporate Secretary must include:

Edgar Filing: DOLLAR TREE INC - Form DEF 14A

- the name and address of record of the shareholder who intends to make the nomination;
- a representation that the shareholder is a shareholder of record of our company's capital stock and intends to appear in person or by proxy at such meeting to nominate the person or persons specified in the notice;
- the class and number of shares of our capital stock beneficially owned by the shareholder; and
- a description of all arrangements or understandings between such shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by such shareholder.

For each person nominated, the notice to the Corporate Secretary must also include:

- the name, age, business address and, if known, residence address, of the nominee;
- his or her principal occupation or employment;
- the class and number of shares of our capital stock beneficially owned by such person;
- any other information relating to such person that is required to be disclosed in solicitations of proxies for election of directors or is otherwise required by the rules and regulations of the Securities and Exchange Commission promulgated under the Securities Exchange Act of 1934, as amended; and
- the written consent of such person to be named in the proxy statement as a nominee and to serve as a director if elected.

Table of Contents

INFORMATION ABOUT THE BOARD OF DIRECTORS

Director Compensation

Director compensation is established by the Board of Directors and periodically reviewed. Beginning with the June 2008 Annual Shareholder Meeting, the Board determined that each non-employee director that is, every director other than Macon Brock and Bob Sasser - will receive an annual retainer of \$100,000, payable quarterly in advance. In addition, the Audit Committee chair will receive \$15,000 and Audit Committee members will receive \$10,000; the other committee chairs and committee members will receive \$7,500 and \$5,000, respectively. The Lead Director will receive an additional \$10,000. The Board may also authorize additional fees for ad hoc committees, if any. Fees are paid quarterly in advance. Annual option grants to non-employee directors were suspended after 2004, and all outstanding equity awards were vested prior to 2007, so no compensation expense was recognized in our current year financial statements for these awards. We do not offer non-equity incentives or pension plans to non-employee directors.

Prior to June 2008, each non-employee director received an annual retainer of \$80,000. In addition, the Audit Committee chair received \$8,000 and Audit Committee members received \$4,000; the other committee chairs and committee members received \$4,000 and \$2,000, respectively.

On March 2, 2008, Dollar Tree, Inc. became the successor holding company for Dollar Tree Stores, Inc. The individuals who served on the Board of Directors of Dollar Tree Stores, Inc. became directors of Dollar Tree, Inc., which assumed each plan that governs equity compensation for directors and the directors continue to participate without any material change.

Under our shareholder-approved 2003 Director Deferred Compensation Plan (DDCP), directors may elect to defer receipt of all or a portion of their board and committee fees to be paid at a future date in either cash or shares of common stock, or to defer all or a portion of their fees into non-statutory stock options. Deferral elections must be made by December 31 for the deferral of fees in the next calendar year and must state the amount or portion of fees to be deferred; whether and to what extent fees are to be deferred in cash or shares or paid in the form of options; in the case of deferral into cash or shares, whether the pay out shall be in installments or lump sum; and the date on which such pay out will commence. In the case of deferrals into options, the number of options to be credited is calculated by dividing the deferred fees by 33% of the closing price on the first day of each calendar quarter, which is the date of grant. The options bear an exercise price equal to the closing price on the date of grant and are immediately exercisable. Deferrals into cash or stock are recorded in unfunded and unsecured book-entry accounts. Deferred shares to be credited are calculated by dividing the deferred fees by the closing price on the first day of each calendar quarter. If cash dividends are declared, deferred share accounts are credited with a corresponding number of deferred shares, based on the market price on the dividend date. In the case of deferrals into a deferred cash account, interest is credited to the account at the beginning of each quarter based on the 30-year Treasury Bond rate then in effect (an average of 3.97% in 2008). See the Director's Compensation Table below for a description of deferrals in the current fiscal year.

In 2007, the Board instituted a guideline requiring directors to hold Dollar Tree stock, not including stock options, equal to at least \$100,000 in value, measured as of the date the stock was acquired, within four years of election by the shareholders. As of April 17, 2009, all of our directors were deemed to own shares in excess of this amount, with the exception of Carl P. Zeithaml who joined the Board in July 2007.

Edgar Filing: DOLLAR TREE INC - Form DEF 14A

In 2005, we entered into a consulting agreement with Mr. Perry that provides for annual fees of \$30,000 to be paid to him and ensure his eligibility in our group health plans at his cost. The agreement generally allows for termination by either of the parties upon thirty days written notice, except that if an agreement is terminated in connection with a change of control, the company is obligated to pay fees for the remainder of the consultant's life.

Mr. Compton, who retired as a part-time employee in 2004 and as a full-time employee in 1998, has an agreement that provides for annual fees of \$30,000 to be paid to him and allows him to participate in our group health plans at his cost. This agreement may only be terminated by written agreement of all parties.

Table of Contents

The following table shows compensation paid to each person who served as a director during fiscal year 2008. (Bob Sasser's compensation information can be found on page 23 of this document).

Name	Fees Earned or Paid in Cash (\$)(1)	All Other Compensation (\$)(2)	Total (\$)
Arnold S. Barron	\$ 98,750	\$ 0	\$ 98,750
Macon F. Brock, Jr.	0	672,989	672,989
Mary Anne Citrino	99,250	0	99,250
H. Ray Compton	99,250	30,000	129,250
Richard G. Lesser	105,375	0	105,375
Lemuel E. Lewis	103,500	0	103,500
J. Douglas Perry	95,000	30,000	125,000
Thomas A. Saunders III	108,250	0	108,250
Eileen R. Scott	103,500	0	103,500
Thomas E. Whiddon	107,250	0	107,250
Alan L. Wurtzel	110,125	0	110,125
Carl P. Zeithaml	99,250	0	99,250

(1) This column shows amounts earned for retainers and fees, including fees paid for service on standing and ad hoc committees, not reduced for deferrals.

(2) This column includes post-retirement fees paid to Mr. Compton and consulting fees paid to Mr. Perry, as more fully described in the narrative accompanying this table. In addition, see Certain Relationships and Related Transactions on page 36 of this proxy. This column also includes compensation paid to Mr. Brock, Chairman of the Board, for his services as an executive rather than a director. His overall compensation includes: base salary in the amount of \$250,256; accounting expense in the amount of \$376,740 for 21,000 options granted on June 29, 2008; perquisites in the amount of \$28,778 and related gross-ups in the amount of \$3,095; and profit sharing in the amount of \$14,120.

Table of Contents

The following table shows, for each of our non-employee directors, amounts deferred in fiscal year 2008 under our DDCP, the number of shares underlying those deferrals, and the aggregate number, as of January 31, 2009, of outstanding stock options, including those awarded prior to 2005 and options obtained through deferral of fees (all of which are fully vested), and deferred shares:

Name	Amounts Deferred in 2008 \$(1)	Shares Underlying Amounts Deferred in 2008 #(2)	Total Deferred Shares (#)	Options Outstanding, including Options acquired through Deferral of Fees (#)	Total Shares Underlying Options and Deferred Amounts (#)
Arnold S. Barron	\$ 85,625	2,521	2,521	0	2,521
Mary Anne Citrino	99,250	5,110	9,043	4,567	13,610
H. Ray Compton	0	0	0	6,000	6,000
Richard G. Lesser	105,375	1,512	6,815	36,750	43,565
Lemuel E. Lewis	103,500	2,973	4,935	0	4,935
J. Douglas Perry	0	0	557	29,250	29,807
Thomas A. Saunders III	108,250	9,424	0	59,036	59,036
Eileen R. Scott	25,000	726	4,516	0	4,516
Thomas E. Whiddon	0	0	0	12,000	12,000
Alan L. Wurtzel	110,125	3,161	6,326	36,750	43,076
Carl P. Zeithaml	49,625	1,427	1,822	0	1,822

(1) This column shows the dollar amount of retainers and fees deferred in 2008 under the 2003 Director Deferred Compensation Plan (DDCP). Directors may choose to defer a portion or all of their fees into a deferred cash account, common stock equivalents (which we call deferred shares) or options, as more fully described in the narrative in this section. Note that not all deferred amounts shown in this column are represented by underlying shares in the next column, to the extent that fees are deferred into a cash account. Mr. Lesser defers some of his fees into a deferred cash account. In 2008, we credited \$5,793 in interest to Mr. Lesser's deferred cash account, and \$396 to Mr. Perry's deferred cash account (to which he did not contribute in 2008).

(2) Shares in this column represent deferred shares and in the case of Mr. Saunders and Ms. Citrino, deferral into options. Compensation expense related to these options, valued by the same method as that used for option grants to employees, is recorded upon grant; \$200,062 was recorded in 2008.

Meetings of the Board of Directors

The Board of Directors has scheduled four regular meetings in 2009 and will hold special meetings when company business requires. During 2008, the Board held five formal meetings. Informational update calls are periodically conducted during the year. Each member of the Board attended at least 75% of all Board meetings and meetings of committees of which he or she was a member.

Committees of the Board of Directors

The Board of Directors has established an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The memberships and functions of these committees are set forth below. The Board does not have a standing Executive Committee. Other committees may be established to consider non-routine matters as the Board deems necessary.

Audit Committee

The Audit Committee has four members: Thomas Whiddon (Chairman), Lemuel E. Lewis, Eileen Scott and Alan Wurtzel. Thomas Saunders served as Chairman through June 2008. The functions of this committee include:

- reviewing management's assessment of our internal control over the financial reporting process;

Table of Contents

- reviewing results of internal testing related to Sarbanes-Oxley;
- reviewing our quarterly and annual financial statements;
- reviewing the audit efforts of our independent auditors and internal audit department;
- reviewing related party transactions; and
- selecting the independent auditors and any independent counsel or other advisers it deems necessary.

The Audit Committee operates under a charter, which is available on our corporate website at www.DollarTreeinfo.com. You will find the charter of the committee and the charters of all of our other Board committees under the heading "Corporate Governance" in the Investor Relations section of the site.

The Audit Committee met in person or via teleconference nine times in 2008 and undertook actions by unanimous consent on one occasion. In addition, the chairman of the committee conducted periodic updates with the independent auditors and/or financial management.

Our Board has reviewed the composition of the Audit Committee and determined that the independence and financial literacy of its members meet the listing standards of the NASDAQ Stock Market and regulations of the Securities and Exchange Commission. In addition, our Board has determined that the chairman of our Audit Committee, Thomas Whiddon, and Audit Committee member Lemuel Lewis, by virtue of their careers serving as Chief Financial Officers for large companies as well as other experience, qualify them as audit committee financial experts, within the meaning of applicable regulations of the SEC, promulgated pursuant to the Sarbanes-Oxley Act of 2002.

Report of the Audit Committee

The Audit Committee's main purpose (in accordance with its written charter adopted by the Board of Directors) is to assist the Board of Directors in fulfilling its oversight responsibilities regarding the quality and integrity of the accounting, auditing and financial reporting practices of the company.

In connection with these responsibilities, the Audit Committee:

- met with management and the head of our internal audit department to discuss the company's risk management, control, and governance processes;
- discussed with external counsel our compliance with NASDAQ listing requirements and other securities regulations;

Edgar Filing: DOLLAR TREE INC - Form DEF 14A

- met with management and KPMG LLP, our independent registered public accounting firm, to review and discuss the quarterly and annual financial statements of the company for the fiscal year ended January 31, 2009;
- discussed with KPMG the matters required by Statements on Auditing Standards No. 61 (Communication with Audit Committees) (as amended);
- discussed with KPMG the quality, not just the acceptability, of our accounting principles;
- received from KPMG written disclosures and the letter regarding its independence as required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountants communications with the Audit Committee concerning independence.
- reviewed and approved KPMG's fees for audit, audit-related and tax services; and
- discussed with KPMG any relationships that may impact their objectivity and independence.

Based upon the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements for the fiscal year ended January 31, 2009 be included in the company's Annual Report on Form 10-K, as filed with the Securities and Exchange Commission.

Table of Contents

Compensation Committee

The Compensation Committee has four members: Richard Lesser (Chairman), Arnold Barron, Mary Anne Citrino, and Carl Zeithaml. Eileen Scott served as Chairman through June 2008.

The functions of this committee include:

- overseeing our compensation and benefit practices;
- establishing the compensation arrangements for our senior officers;
- administering our executive compensation plans and Employee Stock Purchase Plan;
- administering and considering awards under our stock- and equity-based compensation plans; and
- reviewing annually executives' stock ownership levels to ensure compliance with the Company's executive ownership policy.

The Compensation Committee operates under a charter, which is available on our corporate website at www.DollarTreeinfo.com. You will find the charter of the committee and the charters of all of our other Board committees under the heading "Corporate Governance" in the Investor Relations section of the site.

The Compensation Committee met in person or via teleconference three times in 2008 and undertook actions by unanimous consent on two occasions. In addition, the chairman engaged in numerous in-depth discussions with members of management.

The report of the Committee, together with our Compensation Discussion and Analysis and information regarding executive compensation, can be found beginning on page 14.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee has four members: Alan Wurtzel (Chairman), Ray Compton, Richard Lesser and Thomas Saunders. The committee changed its name from the Nominating Committee in March 2007. The purpose of this committee is to advise the Board of Directors on the composition, organization and effectiveness of the Board and its committees, and on other issues relating to the corporate governance of the company. The committee's primary duties and responsibilities are to:

- recommend candidates to be nominated by the Board, including the re-nomination of any currently serving director, to be placed on the ballot for shareholders to consider at the annual shareholders meeting;
- if the Chairman of the Board is not independent, recommend an independent director to be considered by the Board to be appointed as Lead Director;
- recommend nominees to be appointed by the Board to fill interim director vacancies;
- review periodically the membership and Chair of each committee of the board and recommend committee assignments to the board, including rotation or reassignment of any Chair or committee member;
- monitor significant developments in the regulation and practice of corporate governance and of the duties and responsibilities of each director;
- lead the Board in its annual performance evaluation;
- evaluate and administer our Corporate Governance Guidelines and recommend changes to the Board;
- review our governance structure;
- review annually the directors' stock ownership levels to ensure compliance with our director target ownership policy; and
- monitor annually the education of Board members on matters related to their service on the Board.

The committee will also advise the Board on its composition, committees, structure, practices and self-evaluation.

The Nominating and Corporate Governance Committee operates under a charter, which is available on our corporate website at www.DollarTreeinfo.com. You will find the charter of the committee and the charters of all of our other Board committees under the heading "Corporate Governance" in the Investor Relations section of the site.

The Nominating and Corporate Governance Committee met in person or via teleconference on four occasions in 2008. During 2008, the committee continued to review potential candidates for Board seats in order to further enhance

Table of Contents

the Board's effectiveness. For further information on the committee, its composition and procedures, please see the discussion beginning on page 6.

CORPORATE GOVERNANCE AND DIRECTOR INDEPENDENCE

Independence

Dollar Tree is committed to principles of good corporate governance and the independence of a majority of our Board of Directors from the management of our company. The following ten directors have been determined by our Board to be, and to have been throughout 2008, independent directors within the applicable listing standards of the NASDAQ Stock Market: Arnold Barron, Mary Anne Citrino, H. Ray Compton, Richard Lesser, Lemuel Lewis, Thomas Saunders, Eileen Scott, Thomas Whiddon, Alan Wurtzel and Carl Zeithaml. All members of our Audit Committee, our Compensation Committee and our Nominating and Corporate Governance Committee are independent under the same standards. Our Board has reviewed the various relationships between members of our Board and the company and has affirmatively determined that none of our directors or nominees has material relationships with Dollar Tree, other than Messrs. Brock, Compton, Perry and Sasser who are or were members of management or are paid consultants. In making its independence determination, the Audit Committee considered a common investment between us and a fund related to Mr. Saunders. See "Information about the Board of Directors" on page 8 and "Certain Relationships and Related Transactions" on page 36 for a discussion of relationships between the company and certain directors.

If the slate of directors proposed to be elected at the 2009 annual meeting of shareholders is elected, all committees of our Board will continue to be comprised solely of independent directors. The basis for an independence determination by our Board is either that the director has no business relationship other than his or her service on our Board, or that while a director may have some involvement with a company or firm with which we do business, our Board has determined that such involvement is not material and does not violate any part of the definition of "independent director" under NASDAQ listing standards. None of our current executives, including Messrs. Brock or Sasser, sits on any of our committees.

At the regular meetings of our Board of Directors, a private session, without management present, is conducted by the non-management members of our Board.

Corporate Governance Guidelines

In 2007, we adopted formal Corporate Governance Guidelines, a copy of which is available online at www.DollarTreeinfo.com in the Investor Relations section. The guidelines state that, in the event our Chairman is not an independent director, the Board shall name a Lead Director who is independent. The Lead Director sets the agenda for and presides over executive sessions of solely independent directors. He or she also confers with the Chief Executive Officer and Chairman, communicates feedback regarding the CEO's performance, works with the Chairman to set the Board agenda, and remains well-informed about senior management and succession plans. In May 2007, the Nominating and Corporate Governance Committee recommended the selection of Mr. Saunders as Lead Director, and the Board confirmed him in that role.

Our Corporate Governance Guidelines also set forth our procedure if a director-nominee is elected but does not receive a majority of the votes cast. Prior to an election, each director-nominee submits a resignation letter, contingent upon such individual failing to receive more than 50% of the votes cast in an uncontested election. In such event, the resignation would be considered by the Nominating and Corporate Governance Committee, which would recommend to the Board what action to take with respect to the resignation.

Code of Ethics

Our Board has adopted a code of ethics for all our employees, officers and directors, including our Chief Executive Officer and senior financial officers, most recently reviewed in January 2009. A copy of this code may be viewed at our corporate website, www.DollarTreeinfo.com, in the Investor Relations section of the site, under the heading Corporate Governance. In addition, a printed copy of our code of ethics will be provided to any shareholder upon request submitted to the Corporate Secretary at the address on page 1.

Table of Contents

Charters of our Board Committees

The charters of our Board committees are available on our corporate website, www.DollarTreeinfo.com, in the Investor Relations section of the site, under the heading Corporate Governance. In addition, printed copies of any of our Board committee charters will be provided to any shareholder upon request submitted to the Corporate Secretary at the company's address on page 1.

COMMUNICATING WITH OUR BOARD MEMBERS

Our shareholders may communicate directly with our Board of Directors. You may contact any member of our Board, any Board committee or any chair of any such committee by mail. To do so, correspondence may be addressed to any individual director, the non-management directors as a group, any Board committee or any committee chair by either name or title. All such mailings are to be sent in care of Corporate Secretary at our corporate headquarters address, which is 500 Volvo Parkway, Chesapeake, VA 23320. To communicate with our directors electronically, emails may be sent to CorpSecy@DollarTree.com.

Mail received as set forth in the preceding paragraph may be examined by the Corporate Secretary from the standpoint of security and for the purpose of determining whether the contents actually represent messages from shareholders to our directors. Depending upon the facts and circumstances outlined in the correspondence, the Corporate Secretary will forward the communication to the Board, or any director or directors, provided that the contents are not in the nature of advertising, promotions of a product or service, or patently offensive material.

In addition, any person who desires to communicate financial reporting or accounting matters specifically to our Audit Committee may contact the Audit Committee by addressing a letter to the chairman of the Audit Committee at our corporate headquarters address, noted above, or electronically to AuditChair@DollarTree.com. Communications to our Audit Committee may be submitted anonymously, if sent by mail, addressed to the Audit Committee Chair. All correspondence will be examined by the Corporate Secretary and/or Internal Audit from the standpoint of security and depending upon the facts and circumstances outlined in the correspondence, the communications will be forwarded to our Audit Committee or Audit Committee Chair for review and follow-up action as deemed appropriate.

We expect each of our directors to attend the annual meeting of our shareholders. Twelve of our directors were in attendance at the 2008 annual meeting of our shareholders.

Shareholder Proposals for the 2010 Annual Meeting

Shareholder proposals for the annual meeting of shareholders to be held in 2010 will not be included in our proxy statement for that meeting unless received by us at our principal executive offices in Chesapeake, Virginia, on or prior to close of business on January 18, 2010. Such proposals must contain the information and meet the requirements set forth in our bylaws and in Rule 14a-8 of the Securities and Exchange Commission relating to shareholder proposals. See page 6 for additional requirements for the submission of shareholder nominations to the Board. Notice of a shareholder proposal submitted outside of the processes of Rule 14a-8 will be considered untimely after January 18, 2010. If notice of such a shareholder proposal is received by us after such date, then the proxies we solicit for next year's annual meeting may confer

discretionary authority to vote on any shareholder proposals that were not submitted in a timely manner, without including a description of such proposals in the proxy statement for that meeting.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Committee Report on Executive Compensation

The Compensation Committee of our Board of Directors is responsible for developing, overseeing and implementing our compensation program for executive officers. In carrying out its responsibilities, each year the Compensation Committee reviews and establishes the compensation of our Chairman and our Chief Executive Officer and approves the compensation of our other executive officers. The Compensation Committee is committed to a pay-for-performance policy that guides its discussions and determinations with respect to executive compensation.

In structuring compensation for executives, the Compensation Committee seeks to attract, motivate and retain executive talent and to offer greater rewards for superior individual and corporate performance. To achieve these goals, the Compensation Committee provides a mix of annual and long-term compensation that will align the short- and long-term

Table of Contents

interests of our executives with those of our shareholders. In 2008, the Compensation Committee established executive base salaries, approved targets and awards under an annual cash incentive plan and made long-term equity incentive awards of stock options and restricted stock units to executive officers.

A discussion of the principles, objectives, components and determinations of the Compensation Committee is included in the Compensation Discussion and Analysis that follows this Compensation Committee report. The specific decisions of the Compensation Committee regarding the compensation of named executive officers are reflected in the compensation tables and narrative that follow the Compensation Discussion and Analysis.

The Compensation Committee has reviewed the Compensation Discussion and Analysis and discussed it with our management. Based on this review and discussion, the Compensation Committee recommended that the Compensation Discussion and Analysis be included in the company's proxy statement for the 2009 annual meeting of shareholders.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is a current or former officer of Dollar Tree or any of our subsidiaries. In addition, no member of our Compensation Committee is an executive officer of another entity where any of our executives serve on the other entity's Compensation Committee.

Compensation Discussion and Analysis

The Compensation Committee consists entirely of non-employee, independent members of our Board of Directors and operates under a written charter approved by the Board. The Compensation Committee has the direct responsibility to determine and approve the compensation of the named executive officers. The Compensation Committee has historically consulted, and expects to continue to consult, with the Chief Executive Officer and senior management, as well as an external compensation consultant retained by the Compensation Committee, in the exercise of its duties. Notwithstanding such consultation, the Compensation Committee retains absolute discretion over all compensation decisions with respect to the named executive officers.

In general, at the Compensation Committee's request, our Chief Executive Officer may review and recommend the compensation structure and awards for the other named executive officers to the Compensation Committee or its consultants. The Chief Executive Officer also provides information to the Compensation Committee and its consultants regarding the job performance and overall responsibilities of the other named executive officers. He makes no recommendations concerning his own compensation to either the Compensation Committee or its consultants.

In 2006, as part of its regular review processes, the Compensation Committee engaged a consultant, Towers Perrin, to assist it in carrying out its responsibilities with respect to executive compensation. The Compensation Committee asked Towers Perrin to assist them in:

- determining the competitiveness of our current compensation program for senior executives;
- gaining perspective on trends in retail industry pay practices and identifying the degree of alignment between our compensation programs and current trends;
- completing a detailed review of our existing program design and related processes to ensure that our compensation programs support business and financial objectives; and
- identifying design considerations based on any new ideas, emerging trends or issues specific to us.

These tasks represented the nature and scope of the consultant's assignment and the material elements of the instructions or directions given to the consultant regarding the performance of its duties. Towers Perrin met with the Compensation Committee as a group and with most members individually. Towers Perrin also met with the Audit Committee Chairman and interviewed eight members of management, including each of the named executive officers. The survey conducted by Towers Perrin did not include a review of the Chairman's compensation. Based on input from Towers Perrin and its own review, the Compensation Committee made changes in the compensation structure and amounts in 2007 in order to bring executive compensation to more competitive levels. These changes, which included

Table of Contents

revisions to salary and cash incentive targets, equity award levels, stock ownership guidelines and payments upon change in control, are discussed below.

No executive officer had authority to direct the work of Towers Perrin. The Chief Executive Officer does not possess the right to call a meeting of the Compensation Committee, but the Compensation Committee would likely convene a meeting at his request. The Compensation Committee bears ultimate responsibility for approving the compensation of all named executive officers.

Further information on the Compensation Committee's procedures for determining executive compensation is included in its Charter which can be found at our corporate website, www.DollarTreeinfo.com, in the Investor Relations section of the site, under the heading Corporate Governance.

Objectives of Our Compensation Program

The Compensation Committee has adopted a pay-for-performance policy for executive officers that balances each executive's total compensation between cash and non-cash, and current and long-term, components. The principal objectives of our compensation policies are to:

- align executive pay with shareholders' interests;
- recognize individual initiative and achievements;
- attract, motivate and retain highly qualified executives; and
- unite the executive management team to a common objective.

Executive Compensation Principles

Our executive compensation program consists of base salaries, annual cash incentive payments in the form of annual bonuses, and long-term equity incentives in the form of restricted stock units and nonqualified stock options. These components of executive compensation are used together to strike an appropriate balance between cash and stock compensation and between short-term and long-term incentives. We expect a significant portion of an executive's total compensation to be at risk, tied both to our annual and long-term performance as well as to the creation of shareholder value. In particular, we believe that short-term annual cash incentive compensation should be tied directly to both corporate performance and individual performance for the fiscal year, including the achievement of identified goals as they pertain to the areas of our operations for which the executive is personally responsible and accountable. In contrast, we believe that long-term incentive compensation should reward an executive for his or her contribution to our long-term corporate performance and shareholder value. Under our policy, performance above targeted standards results in increased total compensation, and performance below targeted standards results in decreased total compensation.

Edgar Filing: DOLLAR TREE INC - Form DEF 14A

We differentiate compensation to executives based on the principle that total compensation should increase with an executive's position and responsibility, while at the same time, a greater percentage of total compensation should be tied to corporate and individual performance, and therefore be at risk, as position and responsibility increases. Thus, executives with greater roles and responsibilities associated with achieving our performance targets should bear a greater proportion of the risk if those goals are not achieved and should receive a greater proportion of the reward if our performance targets are met or surpassed. In addition, as an executive's position and responsibility increases, the use of long-term incentive compensation should increase as a percentage of total compensation because our senior executives have the greatest influence on our strategic performance over time.

The difference between the compensation of the Chief Executive Officer and the other named executive officers is caused by a variety of factors, including his unique role as primary architect of the Company's strategic vision, as well as his responsibility for achievement of the Company's operational goals. Consistent with the recommendations of the Compensation Committee's outside consultant, he receives higher compensation as a product of his greater authority, responsibility and oversight.

Ms. Mallas, our Vice President, Controller, temporarily served as the Principal Financial and Accounting Officer (PFAO) while the Chief Financial Officer position was vacant. Aside from special consideration for her temporary service, as described herein, her compensation is generally more in line with other Vice Presidents of the Company. Therefore, her compensation is less than the compensation of the other named executive officers.

In 2008, we hired Kevin Wampler as the Chief Financial Officer and Principal Financial and Accounting Officer for the company. In setting the principal components of compensation for our new Chief Financial Officer, the

Table of Contents

Committee applied the same compensation philosophies as it applies for existing named executive officers. The Compensation Committee considered Mr. Wampler's experience, responsibilities and competitive pay analysis. We believe that Mr. Wampler's compensation is competitive and is appropriately aligned with shareholder interests. The details of his compensation can be found in the Summary Compensation Table on page 23.

We do not currently have a policy for recovering past compensation paid to our executives in the event that a restatement of our financial statements would have reduced compensation at the time of payment. We may consider adopting such a policy in the future.

How Executive Pay Levels are Determined

The Compensation Committee reviews our executive compensation program every year and periodically conducts an in-depth market analysis of executive compensation as it determines is necessary to ensure that our compensation programs meet our objectives. Decisions by the Compensation Committee relating to the compensation of our executive officers are reported to the full Board of Directors. The Compensation Committee considers recommendations of the Chairman and the Chief Executive Officer with respect to the compensation of other executives but makes its own determinations in all cases.

In determining the compensation of our executive officers, the Compensation Committee evaluates total overall compensation, as well as the mix of salary, cash bonus incentives and equity incentives, using a number of factors including the following:

- our financial and operating performance, measured by attainment of specific strategic objectives and operating results;
- the duties, responsibilities and performance of each executive officer, including the achievement of identified goals for the year as they pertain to the areas of our operations for which the executive is personally responsible and accountable;
- historical cash and equity compensation levels; and
- comparative industry market data to assess compensation competitiveness.

Amounts realizable from prior compensation, including equity awards, are not generally considered in setting current year compensation.

With respect to comparative industry data, the Compensation Committee primarily focuses on Dollar Tree's competitiveness relative to other similar-size retail companies. To this end, the Compensation Committee reviews data from a peer group of retail industry companies that we consider similar in size and complexity. The peer group is established by the Compensation Committee, with assistance from its executive compensation consultants. During its 2006 review, in evaluating the competitiveness of the named executive officers' compensation, the Committee primarily focused on the following 17 companies.

Edgar Filing: DOLLAR TREE INC - Form DEF 14A

AC Moore Arts & Crafts Inc.
Advance Auto Parts Inc.
AutoZone Inc.
Bed Bath & Beyond
Big Lots Inc.
Borders Group Inc.

Carmax Inc.
Circuit City Stores, Inc.
Dollar General Corp.
Family Dollar Stores Inc.
Foot Locker Inc.
Fred's Inc.

Hibbett Sporting Goods Inc.
Michaels Stores Inc.
Pep Boys-Manny Moe & Jack
PETSMART Inc.
Pier 1 Imports Inc.

In addition to reviewing compensation data, the Compensation Committee also reviewed financial performance of the 17 peer companies. The financial metrics used by the Compensation Committee to evaluate our performance and the performance of peer companies included revenue growth, earnings per share growth, operating margin and total shareholder return. This analysis provided the Committee with a perspective on Dollar Tree's pay-for-performance relationship relative to the peer companies.

For the named executive officers, the Compensation Committee also reviews retail industry data from published executive compensation surveys. These data are used as an additional point of reference for the named executive officers and a primary point of comparison for other senior executives for whom the peer group data may not be available. General industry data are also collected and reviewed by the Committee for positions that Dollar Tree may

Table of Contents

recruit outside the retail industry.

The Compensation Committee's strategy for 2008 and 2007 was to establish total compensation at or near the 50th percentile of the retail industry. In part, it accomplishes this strategy by targeting the 50th percentile for total cash compensation (salary and bonus) and for total long-term incentives (stock options and restricted stock units). In its 2006 review, the Compensation Committee found that, over the previous three years, the total compensation for our executives has been at the 25th percentile, while our overall performance has been above the 25th percentile, and, on some measures, above the median relative to our retail industry peers.

Components of Executive Compensation

The executive compensation program consists of three principal components: base salary, annual bonus incentives and long-term equity incentives. The Compensation Committee considers these components individually and reviews the overall distribution between them but does not target specific allocation percentages or amounts.

While we do not offer executives a pension plan, each executive may elect to defer a portion of his or her annual cash compensation into our Non-Qualified Deferred Compensation Plan, which is further described in the Non-Qualified Deferred Compensation Table and narrative disclosure following this discussion. We also provide our executives with the benefits that are commonly available to our salaried associates, including participation in our profit-sharing and 401(k) savings plan, employee stock purchase plan, health, dental and vision plans and various insurance plans, including disability and life insurance.

We extend to our executives a limited number of perquisites, including a monthly car allowance, in recognition of the extensive travel required in managing a business of our size; the reimbursement for up to \$3,000 in tax and financial planning to assist executives in managing their financial situations; and a biannual executive physical, in order to ensure the health and continuity of our executive team. In 2007, the Compensation Committee approved an employer paid portable term life insurance plan for executives, which includes a one times base annual salary benefit.

In 2008, the company slightly increased the car allowance provided to named executive officers but discontinued the gas reimbursements. We believe the nature and amounts of all perquisites provided to our named executive officers are reasonable and that they support our expectations of an engaged and productive executive team.

Our base salary and benefits programs provide basic economic security for our employees at a level consistent with competitive practices to help retain a highly skilled and qualified workforce, including at the executive level. The annual bonus and long-term incentive compensation programs are designed to reward performance measured against goals and standards established by the Compensation Committee and to encourage executives to increase shareholder value by focusing on growing revenue and earnings, generating cash flow and efficiently deploying capital.

Edgar Filing: DOLLAR TREE INC - Form DEF 14A

The principal components of executive compensation and the rationale and methodology for each are further described below. Specific information on the amounts and types of compensation earned by the named executive officers during 2008, 2007 and 2006 can be found in the Summary Compensation Table and other tables and narrative disclosures following this discussion.

Base Salary

Our base salary philosophy is to provide reasonable current income to our named executive officers in amounts that will attract and retain individuals with a broad, proven track record of performance. To accomplish this objective, we provide base salaries that are intended to be competitive relative to similar positions at comparable companies within the peer group selected by the Compensation Committee, along with broader industry surveys. Base salaries are reviewed annually and adjustments are made as required to recognize outstanding individual performance, expanded duties or changes in the competitive marketplace.

In its 2006 review, the Compensation Committee concluded that while, for most executive positions, base salary is competitive, it was slightly below the median of that offered at companies in both retail and general industry. As a result of the Compensation Committee's evaluation, it approved salary increases for the named executive officers (excluding the Chairman) in 2007. In determining the base salaries for 2008, the Compensation Committee considered proxy data for its peer group companies and it continued to rely on benchmark data from its Towers Perrin study conducted in 2006. As a result of this evaluation, the Compensation Committee deemed it appropriate to increase the

Table of Contents

base salaries of the named executive officers in order to keep salaries at competitive levels.

Annual Bonus Incentives

Executives and certain salaried associates have the opportunity to earn an annual cash bonus under our Management Incentive Compensation Plan (MICP). The MICP is intended to provide incentive bonuses that are reasonable in relation to the payment of base salaries and overall compensation to executives, reward executives for superior performance and are expected to be competitive as compared to bonuses paid by the peer group established by the Compensation Committee.

Company performance goals are generally based on earnings per share targets defined by the annual budget as approved by the Board of Directors at the beginning of the fiscal year. For years 2008 and 2007, the target was \$2.40 per share and \$1.98 per share, respectively, which reflected our strategic plans. The performance targets are intended to be challenging but achievable, and serve to focus our management team on a common goal while aligning efforts with shareholder interests.

The MICP is expressed as a percentage of salary. At the executive level, the target is weighted more heavily toward corporate performance, thereby more closely aligning executives' interests with the interests of shareholders. As described above, the Compensation Committee establishes the MICP corporate performance target, which is generally derived from the annual budget approved by the Board of Directors at the beginning of the fiscal year. Individual performance goals are based on the area over which the executive has influence and may include items such as improvement in same-store sales, opening of new stores, development of new strategies, reduction in specified costs, etc.

In the course of the Compensation Committee's review with the executive compensation consultants, it found that prior to year 2007, as a percentage of base salary, our targeted bonus opportunities fell below the median of both the peer group and the retail and general industry. In considering the threshold, target and maximum performance goals for our business, the Compensation Committee considered the potential amounts of bonuses that would be paid at each level, compared to the base salaries and overall compensation of executive officers and the structure and amount of bonuses paid by peer group companies. Based on this review, the Compensation Committee determined that beginning in 2007, bonus targets should be raised from 35% to 50% of base salary for named executive officers and from 50% to 100% for the CEO. Of that amount, 85% is linked to a specified earnings-per-share target and 15% to individual performance. In order for an executive to receive any bonus, we must achieve at least 85% of the earnings-per-share target. Once at least 85% of the target is reached, payment for a portion of the bonus for the corporate performance component is made. The maximum bonus payout would occur upon the achievement of 115% of the specified target and 100% of the individual performance goals.

The following table illustrates the variation that can occur at differing levels of corporate performance compared to target, based on salary percentages applied to bonuses for 2008 and 2007:

% of Corporate Performance Target Attained	Portion of Executive's Corporate Performance Bonus Deemed Earned	Corporate Performance Component as a percent of salary (CEO) (100% target)	Corporate Performance Component as a percent of salary (other executives)	Corporate Performance Component as a percent of salary (Vice Presidents)
---	---	---	--	---

Edgar Filing: DOLLAR TREE INC - Form DEF 14A

		(50% target)	(35% target)	
Below 85.0%	0.0%	0.0%	0.0%	0.0%
85.0%	25.0%	21.25%	10.63%	7.44%
90.0%	50.0%	42.50%	21.25%	14.88%
95.0%	75.0%	63.75%	31.88%	22.31%
100.0%	100.0%	85.00%	42.50%	29.75%
105.0%	137.5%	116.88%	58.44%	40.91%
110.0%	175.0%	148.75%	74.38%	52.06%
115.0% or above	212.5%	180.63%	90.31%	63.22%

Amounts are payable to an executive if we achieve at least 85% of the earning per share target. The MICP bonuses

Table of Contents

relating to performance in a given fiscal year are paid in the following year when annual results are available, upon approval by the Compensation Committee, generally in March. The Compensation Committee may revise the target amount to account for unusual factors such as the acquisition of a company, expenses related to changes in accounting rules, non-operating, non-cash charges and the effect of share repurchases, etc. Any modification is carefully considered by the Committee and applied only in special circumstances that warrant the modification.

The Compensation Committee reserves the right to exercise discretion to award compensation regardless of actual attainment of relevant performance goals or reduce or increase the size of any bonus. The Compensation Committee did not exercise such discretion with respect to the 2008, 2007 and 2006 bonus payments.

We believe that our performance goals are sufficiently difficult as to represent a challenge for our management, while remaining reasonably attainable.

Long-Term Equity Incentives

The Compensation Committee provides equity incentives to executives through the 2004 Executive Officer Equity Incentive Plan and the 2003 Equity Incentive Plan, both of which permit the grant of stock options, stock appreciation rights, stock awards, performance stock awards, incentive awards and stock units. Long-term equity incentives generally have been made available to executives in the form of restricted stock units and non-qualified stock options. These awards provide executives with an opportunity to accumulate our common stock and associated wealth related to that ownership.

The Compensation Committee's objective in granting equity incentives is to balance the mix to achieve alignment with shareholder interests (through the issuance of stock options) while also focusing on retention and stock ownership. In general, the Compensation Committee's goal is to provide total long-term incentives at the median of the peer group and retail industry, through an appropriate mix of stock options and restricted stock or restricted stock units. Stock options require stock price appreciation in order for executives to realize any benefit, thus directly aligning executive and shareholder interests. Restricted stock and restricted stock units provide more immediate value to associates, including executives, even in advance of stock price appreciation, with the opportunity for increased value as the stock price increases. Restricted stock and restricted stock units also provide the opportunity for executives to acquire our shares and are therefore useful for retention and motivation. In addition, all equity incentives vest over multiple years. Multiyear vesting focuses executives on consistent long-term growth in shareholder value and requires executives to remain employed with us for extended periods to receive the full benefit of the awards.

Timing of Long-Term Incentive Awards

In 2006, as a best practice, the Compensation Committee implemented a grant policy for equity awards that establishes April 1 as the date of the annual grant for future years, subject to modification in response to certain events such as an early Easter, as determined in advance of the award date. Awards of stock options or other equity incentives to new officers occur at the time of the person's appointment as an officer, no earlier than the first day of employment. The Compensation Committee may, in its discretion, make grants that vary from these guidelines if there is a compelling business reason, but in every case the Committee is required to complete its approval of the equity awards prior to the date of the grant. In light of the unusually challenging economic environment, the Compensation Committee exercised such discretion in January 2008 in

Edgar Filing: DOLLAR TREE INC - Form DEF 14A

order to retain and incentivize key executives. The Committee approved the grant of performance based incentive awards to our named executive officers to be effective February 2008. The vesting of these awards is contingent upon the company achieving at least 85% of the target earnings per share of \$2.40 in fiscal year 2008 and upon the executive remaining employed with the company over a specified period of time. The awards were made under either the company's 2004 Executive Officer Equity Plan or the Company's 2003 Equity Incentive Plan, as applicable, both approved by the shareholders.

The Compensation Committee will not award equity incentives when in possession of potentially material non-public information. The exercise price for option awards is the closing price on the date of grant, or, if the market is closed, the previous day's closing price. We believe that the beginning of April is an appropriate time during the year to make grants of equity awards and that a consistent application of our granting practices from year to year regardless of other events is also appropriate. The stock options and other awards granted by the Compensation Committee are designed to create incentives for the creation of long-term shareholder value and contain delayed vesting provisions that prevent recipients from taking advantage of short-term fluctuations in the market price of our common stock. We have not planned in the past, nor do we plan in the future, to time the release of material non-public information for the purpose of affecting the value of executive compensation.

Table of Contents

Under our Insider Trading Policy, associates, including our executives, may not use our stock or unvested options or restricted stock units in any hedging transactions.

Executive Stock Ownership

In early 2007, the Compensation Committee considered and adopted an executive target ownership program that encourages certain of our executive officers to attain designated stock ownership levels over a five-year period. The amount expected to be retained varies depending on the executive's position, from 100,000 shares for the CEO to 30,000 for other named executives (excluding Ms. Mallas). The types of stock ownership that qualify toward the ownership requirement under our policy include direct stock ownership, unvested restricted stock units and unvested restricted stock.

Impact of Accounting and Tax Treatments on Compensation Program Design

The Compensation Committee considers the accounting and tax impact of its overall compensation programs in order to balance the cost to the company with the potential benefits as compensation tools.

Section 162(m) of the Internal Revenue Code imposes a limitation on the deductibility of non-performance-based compensation in excess of \$1 million paid to named executive officers of public companies. As noted above, the Compensation Committee has adopted a policy of pay-for-performance and has taken appropriate steps to cause relevant grants and awards under our equity incentive plans to be performance-based. We intend to qualify executive compensation for deductibility under Section 162(m) to the extent consistent with our best interests and the interests of our shareholders. Since our corporate objectives may not always be consistent with the requirements of full deductibility, we may enter into compensation arrangements under which payments are not deductible under Section 162(m). We currently believe that we should be able to continue to manage our executive compensation program for the named executive officers to preserve the related federal income tax deductions, although individual exceptions may occur from time to time.

In 2006, we adopted Statement of Financial Accounting Standards No. 123 (revised 2004) (FAS 123(R)), which will result in higher expenses for our stock-based awards. The Compensation Committee reviews the accounting impact of the various forms of compensation, with the goal of ensuring that our compensation practices remain competitive while also being cost-effective.

Retirement, Deferred Compensation and Pension Plans

We do not have any defined benefit or pension plans that provide for payments based on an executive's salary and/or years of service. In addition, we have not adopted a supplemental executive retirement plan or other excess plan that pays benefits to highly compensated executives. Instead, we offer the following two alternatives to allow executives to actively participate in funding their retirement plans.

Edgar Filing: DOLLAR TREE INC - Form DEF 14A

Executives are eligible to participate in our Profit Sharing and 401(k) Retirement Plan. At the end of the year, the Board may approve a discretionary profit-sharing contribution to be made to all eligible employees, including executive officers. In addition, executives may elect to defer a portion of their cash compensation into 401(k) retirement accounts. The Board has authorized us to match 100% of 401(k) deferrals up to 4% of an individual's cash compensation. Our combined profit sharing and 401(k) matching contribution for each executive was less than \$25,000 for 2008, 2007 and 2006.

Under our Non-Qualified Deferred Compensation Plan, executives may elect to defer a portion of their annual cash compensation to be distributed at a future date in accordance with the relevant deferral election. The program allows executives to save for retirement in a tax-effective way at minimal cost to us. Plan participants may invest their deferred compensation in any one or a combination of the plan's investment funds. In most cases, the deferred amounts plus earnings are paid out upon the participant's retirement or termination of employment. The future payment obligations under the plan are our general unsecured obligations. Although the amounts deferred are deposited into a trust, the trust belongs to us, rather than the executives, and is subject to the claims of our creditors.

Table of Contents

Severance Plans

Our equity plans and our deferred compensation plan contain provisions that may convey benefits to our executives and other plan participants upon a change in control. Generally, the provisions address the management of account values upon separation from us due to death, disability or retirement, or due to a change in control, as defined within the plans.

In March 2007, the Compensation Committee established change-in-control retention agreements with certain executive officers that provide for payment in the event of a termination resulting from a change in control of the company. The Compensation Committee's intent with these agreements is to take reasonable steps to retain key management personnel and to minimize disruption in the event of a change in control. Under these agreements, severance benefits would be payable only if the executive is terminated without cause or resigns for good reason, as defined in the agreement (commonly known as "double trigger"). Benefits payable are limited to 2.5 times salary plus bonus (as defined in the agreements) for the CEO and 1.5 times for other named executive officers (excluding Ms. Mallas). Any amounts payable are intended to be tax deductible under applicable tax regulations and will be reduced to prevent excise taxes from being incurred, if necessary.

The structure of change in control arrangements and post-termination benefits is consistent with our compensation objectives to attract, motivate and retain highly talented executives. These arrangements preserve morale and productivity, provide a long-term commitment to job stability and financial security, and encourage retention in the face of the potential disruptive impact of an actual or potential change in control, death or disability. The post-termination vesting benefit under our equity compensation plans also secures the value of previously granted compensatory awards against forfeiture solely because of retirement.

The change in control arrangements ensure that the interests of the executives will be materially consistent with the interests of shareholders when considering corporate transactions. The Compensation Committee determined that the multiples applied to base compensation upon a change of control should be consistent with the limits specified by tax deductibility for "parachute payments" as well as with principles of good corporate governance promulgated by major proxy advisory firms and institutional investors. The multiple applicable to the Chief Executive Officer's retention agreement is higher to reflect the greater importance the Compensation Committee places on his management role and responsibility.

Details related to these change-in-control retention agreements are more fully discussed below, under "Potential Payments Upon Termination or Change of Control."

Annual Compensation of Executive Officers

In the following table, we summarize the compensation earned during fiscal years 2008, 2007 and 2006 by our Chief Executive Officer, our Chief Financial Officer, our former acting Principal Financial Officer, and each of our three other most highly compensated executive officers who earned more than \$100,000 in total compensation for services rendered in all capacities during 2008, 2007 and 2006. We refer to these six individuals in this proxy statement as the "Named Executive Officers."

Edgar Filing: DOLLAR TREE INC - Form DEF 14A

The compensation that we pay to our named executive officers is determined as described above in our Compensation Discussion and Analysis section and in the tables that follow.

Table of Contents**Summary Compensation Table** (For the Fiscal Years ended January 31, 2009, February 2, 2008 and February 3, 2007)

Footnotes to the Summary Compensation Table:

Our annual bonus plan qualifies as a non-equity incentive plan for purposes of this table. Earnings under our deferred compensation plan result from the executives' investments in mutual funds commonly available to investors generally. Therefore, the Above-market Earnings on Non-Qualified Deferred Compensation column is omitted as all amounts are zero.

Table of Contents

- (1) Executives may defer a portion of their salaries and up to 100% of their annual incentive bonus under our Non-Qualified Deferred Compensation Plan; any such deferrals are shown in the Deferred Compensation table.
- (2) This column includes a signing bonus paid to Kevin Wampler in connection with his employment agreement.
- (3) This column represents the dollar amount recognized for financial statement reporting purposes with respect to the 2008 fiscal year for the fair value of restricted stock units (RSU) and performance-based restricted stock units (PSU) granted in 2008 and in prior fiscal years, in accordance with the Statement of Financial Accounting Standards No. 123 (revised 2004) (FAS 123(R)). Fair value is calculated using the closing price of our stock on the date of grant. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. Amounts shown in this column reflect our accounting expense for these awards, and do not correspond to the actual value that will be realized by the named executives. Additional information regarding FAS123(R) calculations related to these awards is included in footnote 9 of our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended January 31, 2009. See the Grants of Plan-Based Awards Table for information on awards made in 2008.

In 2006, the Compensation Committee determined that it would not increase salaries for our executives. Instead, in order to encourage a continued focus on improving operating results, each of our executives, including the named executive officers, were granted restricted stock units, the vesting of which were subject to our achieving a target level of earnings per share in fiscal 2006 and the executives remaining with us over a specified period of time. The expense related to these performance-based restricted stock units is included in the Stock Awards column of the Summary Compensation Table for 2006, in addition to the expense related to service-based restricted stock units.

- (4) This column represents the current year portion of the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year shown for the fair value of stock options and performance-based stock options granted in that fiscal year as well as prior fiscal years, in accordance with FAS 123(R). The amounts in this column reflect the current year portion of the fair value of these grants under FAS 123(R), as determined based on the Black-Scholes option-pricing model and using the following assumptions:

	2008	2007	2006
expected term	6 years	6 years	6 years
expected stock price volatility	45.7%	28.4%	30.2%
annual dividend yield	0.0%	0.0%	0.0%
risk-free interest rate	2.8%	4.5%	4.8%

Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. The amounts shown in this column reflect our accounting expense for these awards and do not correspond to the actual value that will be realized by the named executives. Additional information regarding FAS123(R) calculations related to these awards is included in footnote 9 of our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended January 31, 2009. See the Grants of

Plan-Based Awards Table for information on awards made in 2008.

(5) The amounts in this column represent the annual bonus that we pay under our Management Incentive Compensation Plan as discussed in the Compensation Discussion and Analysis above. The amounts listed were earned in the years shown, but paid after the end of the fiscal year, upon approval by the Compensation Committee.

Table of Contents

(6) **All Other Compensation** includes the amounts paid to named executives shown in the following table. Perquisites include gas reimbursements through April 2008, car allowances related to travel, financial and tax planning, executive physicals, executive term life insurance and relocation, none of which individually exceeded \$25,000 in either 2008, 2007 or 2006, except for relocation expenses paid to Kevin Wampler in the amount of \$67,626 and a business-related gross-up in the amount of \$35,647. Effective March 2009, the company plans to discontinue tax gross-ups on all perquisites, except for business-related relocation expenses. In 2008, the company slightly increased the car allowance provided to named executive officers but discontinued the gas reimbursements. Car allowance is intended to compensate executives for the use of their personal vehicles in conducting company business. However, as we do not require our executives to account for their business or personal use, we include the entire amounts in our disclosures. Pursuant to our corporate aircraft policy approved by the Board of Directors, Mr. Sasser, and in exceptional circumstances, other executives, may also use Dollar Tree's leased corporate jet for non-business purposes. They each reimburse us for all variable costs but none of the fixed costs relating to their plane usage. Because they reimburse all incremental costs related to their usage, no amounts relating to the plane are included in All Other Compensation.

(All Other Compensation)

Fiscal Year 2008

NEO	Perquisites (\$)	Gross-ups (\$)	Profit Sharing & 401k Match (\$)	Total (\$)
Bob Sasser	\$ 22,645	\$ 3,476	\$ 24,743	\$ 50,864
Kevin Wampler	72,451	37,073	14,120	123,644

Footnotes to the Grants of Plan-Based Awards Table:

Table of Contents

(1) The date of grant for the relevant award is established by the Compensation Committee during a regularly scheduled meeting or by written consent. The exercise price of stock options is the closing price of our stock on the date of grant.

(2) Our Management Incentive Compensation Plan (MICP) is considered a non-equity incentive plan. For 2008, bonuses were targeted at 100% of salary for the CEO, 50% for other Named Executive Officers and 35% for the Vice Presidents, with corporate performance representing 85% of the goal. Earned amounts, to the extent not otherwise deferred under our Non-Qualified Deferred Compensation Plan, are paid after the end of the relevant fiscal year. See Annual Bonus Incentives in our Compensation Discussion and Analysis for a detailed discussion of our MICP.

(3) This column represents awards of performance-based restricted stock units and performance-based stock options, which will vest only upon the certification by the Compensation Committee that the company achieved its 2008 performance target goal and upon the executives remaining with the company through the vesting date.

(4) This column shows the number of restricted stock units awarded to the named executive officers in 2008. One third of the RSUs granted vest and convert into shares of our stock on the anniversary of the grant date for each of three years beginning March 14, 2009.

(5) This column shows the numbers of stock options granted to the named executive officers in 2008. One third of the options granted vest and become exercisable on the anniversary of the grant date for each of three years beginning March 14, 2009. The options expire ten years from the date of grant, or earlier for a reason other than death, disability or retirement.

(6) This column shows the exercise price for the stock options granted, which was the closing price on the date of grant.

(7) This column shows the full grant date fair value under FAS 123(R) of RSUs, stock options, PSUs and performance-based stock options granted in 2008. Generally, the full grant date fair value is the amount that we would expense in our financial statements over the award's vesting schedule. For RSUs, fair value is calculated using the closing price of our stock on the grant date. The closing price of our stock for RSUs granted on March 14, 2008 and January 30, 2009 were \$26.73 and \$42.71, respectively. The fair values calculated using the Black Scholes value for stock options granted on March 14, 2008 and January 30, 2009 were \$12.62 and \$20.17, respectively. For performance-based awards, the performance goals are assumed to have been met. The fair value for PSUs is calculated using the closing price of our stock on the grant date of \$25.17. For performance-based stock options, fair value is calculated using the Black Scholes value on the grant date of \$11.88. The fair values shown are accounted for

in accordance with FAS 123(R). Additional information regarding FAS123(R) calculations related to these awards is included in footnote 9 of our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended January 31, 2009. These amounts reflect our accounting expense, and do not correspond to the actual value that may be realized by the named executives.

(8) MICP targets are established by the Compensation Committee early in the fiscal year and amounts payable are determined and paid in the following year, when annual results are available, upon approval by the Compensation Committee.

Table of Contents

Supplemental Discussion of Awards

In March 2008, as a retention tool, the Compensation Committee awarded restricted stock units (RSU) that vest over three years of continued service to certain salaried associates, including the executive officers. For executives, the Compensation Committee also granted non-qualified stock options, similarly vesting over three years. The number of shares awarded is based on the associate's position with us, with varying grade levels receiving fixed amounts.

In addition, the Compensation Committee determined that each of our executives would be granted performance-based restricted stock units (PSUs) or performance based stock options that would vest if the company achieves a target level of earnings per share in fiscal year 2008 and provided certain service requirements are met.

We made the awards of RSUs, PSUs and grants of stock options and performance-based stock options under our 2004 Executive Officer Equity Incentive and 2003 Equity Incentive Plans, consistent with past practice.

The table above presents the full grant date fair value of option grants under SFAS 123(R), as determined based on the Black-Scholes option-pricing model. The amounts shown differ from those shown in the Summary Compensation Table as the Summary Compensation Table includes only the current year accounting impact, while the Grants of Plan-Based Awards Table includes the full grant date fair value. Both tables reflect our accounting expense for these awards, and do not correspond to the actual value that will be realized by the named executives.

Table of Contents**Outstanding Equity Awards at Fiscal Year End Table**

The following table provides information on the holdings of stock option and stock awards by the named executives at the end of the fiscal year. This table includes unexercised and unvested option awards, unvested RSUs, PSUs and performance-based stock options with service requirements that have not been met. Each equity grant is shown separately for each named executive. The vesting schedule for each grant is shown in the footnotes following this table, based on the award date. The market value of the stock awards is based on the closing market price of our stock as of January 31, 2009, which was \$42.71. For additional information about the option awards and stock awards, see the description of equity incentive compensation in the Compensation Discussion and Analysis.

Footnotes to Outstanding Equity Awards Table:

(1) Options awarded in 2008, 2007 and 2006 vest and become exercisable in three approximately equal installments over three years, beginning on the first anniversary of the grant. Options expire ten years from date of grant, or earlier for reasons other than death, disability or retirement. Performance-based options awarded on 2/15/2008 achieved the established performance goal in fiscal year ended January 31, 2009. They will vest and become fully exercisable upon approval by the Compensation Committee and provided that the Named Executive Officers remain continuously employed with the company through February 14, 2010.

(2) RSUs awarded on 2008, 2007, and 2006 vest and convert into shares of our stock in three approximately equal installments over three years, beginning on the first anniversary of the grant, provided the executive remains employed by us on the vesting date. PSUs awarded on 2/15/2008 achieved the established performance goal in fiscal year ended January 31, 2009. They will vest and become fully exercisable provided that Compensation Committee confirms that the performance goal has been met and the Named Executive Officers remain continuously employed with the company through February 14, 2010. PSUs awarded to Kathleen Mallas will vest and become fully exercisable upon approval by the Compensation Committee that the performance goal has been met and provided that Ms. Mallas remains continuously employed with the company through the last day of the 2009 fiscal year.

Table of Contents**Option Exercises and Stock Vested Table**

In the table below, we list information on the exercise of options and the vesting of restricted stock units during the fiscal year ended January 31, 2009. The value realized on exercise of options represents the spread between the sale price and the option strike price at the time of exercise. The value realized on vesting of RSUs reflects the fair market value of the shares at time of vesting.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$)
Bob Sasser		\$	14,500	\$ 416,525
Kevin Wampler

Gary Philbin	22,500	298,175	4,917	143,189
Bob Rudman	4,167	36,162	4,750	138,680
Stephen White	70,833	868,871	3,192	96,614

Non-Qualified Deferred Compensation

Named executive officers may elect to defer a portion of their base salary and up to 100% of their annual incentive bonus under our Non-Qualified Deferred Compensation (NQDC) Plan, an unfunded, non-qualified plan. Elections to defer amounts earned during the next calendar year are due by December 31 of each year, and are irrevocable. Deferred amounts are held for each participant in separate individual accounts in an irrevocable rabbi trust. Executives' accounts are credited with earnings or losses based on the rate of return of mutual funds selected by the executive, which he or she may change at any time. A deferral period and payment date must be irrevocably specified at election for each separate annual deferral. This deferral period must be at least two years in length, and the payment date can be any date on or after that point. Alternately, the payment can be tied to termination of employment, including retirement. The executive must also make an irrevocable election regarding payment terms, which may be either a lump sum, or in specified annual installments. Hardship withdrawals are available for unforeseeable emergency financial hardship situations, such as for an unexpected illness, accident or property loss. If a participant dies before receiving the full value of the deferral account balances, the designated beneficiary would receive the remainder of that benefit in the same payment form as originally specified (i.e., lump sum or installments). Executives are fully vested in their accounts and all amounts are immediately distributed upon a change in control of the company.

In the following table, we provide detailed information regarding accumulated amounts for our executives under our NQDC Plan.

Name	Executive Contributions in Last FY (\$ (1))	Registrant Contributions in Last FY (\$ (2))	Aggregate Earnings in Last FY (\$ (3))	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE (\$)

Table of Contents

Footnotes to Non-Qualified Deferred Compensation Table:

- (1) Executives may defer a portion of their base salary and up to 100% of their annual incentive bonus into the NQDC Plan. The amounts contributed are included in their respective columns in the Summary Compensation Table.
- (2) We have not provided a match or other company-funded contribution, although the NQDC Plan allows us to do so.
- (3) Amounts deferred into the NQDC Plan are invested into select mutual funds, according to the instructions of the participating executive. Earnings shown reflect market gains and losses and may vary from year to year depending on the performance of the underlying funds.

Potential Payments upon Termination or Change of Control

We do not generally have arrangements with our named executive officers that provide for payments and benefits following termination of employment. In early 2007, we entered into change in control agreements with our named executive officers (except Ms. Mallas) as discussed below. We also have an obligation to make payments and provide certain benefits to our named executive officers under some of our incentive plans resulting from termination of employment upon the occurrence of certain events such as a change of control or termination due to retirement, death or disability. Generally, these benefits are limited to the accelerated vesting of outstanding unvested equity awards, as further described under Equity Compensation Plans on page 34. Also see the Severance Plans section on page 22 under the Compensation, Discussion and Analysis for more information on potential payments upon termination or change of control.

After June 19, 2008, any new change of control agreements (or the modification of existing agreements) are subject to the new requirements under our revised Corporate Governance Guidelines. Vesting for equity awards that are contingent upon the company achieving a performance goal shall not accelerate unless the relevant performance measure is satisfied, even if that does not occur until after the change in control. Change of control is triggered only upon actual change of control (and not merely shareholder approval of such change). Finally, the portion of the definition relating to a change in voting power shall use a greater than 50% threshold instead of greater than 30%. In December 2008, Kevin Wampler entered into the first retention agreement subject to these new conditions which are described in greater detail below.

The following tables summarize the benefits payable to each of our named executive officers upon certain termination events, as if the triggering event had occurred on the last day of fiscal year 2008. These tables include those items which would provide incremental value to the executive. In addition to the amounts shown in the sections below, executives are entitled to receive compensation that has been outlined in previous tables, including salary through the date of termination, earned bonus (if any), and accumulated balances in the Non-Qualified Deferred Compensation Plan (if any).

Termination by Company for cause

Edgar Filing: DOLLAR TREE INC - Form DEF 14A

In the event of termination for cause, generally defined as criminal misconduct, gross neglect of duties or violations of law or policy, no additional benefits are payable to any executive and vested but unexercised options are immediately forfeited.

Termination by Company without cause or by Executive for any reason

RSUs that previously vested converted to common stock on their vesting and remain the property of the executive after termination. In the event of termination by Dollar Tree without cause or by the executive for any reason, except in connection with death, disability, retirement or change in control, unvested options are cancelled. Options that vested previously remain exercisable for 90 days after termination, but not beyond the normal expiration date, usually ten years after grant. See the Outstanding Equity Awards Table for details.

Table of ContentsDeath, Disability or Retirement or Change in Control without Termination

Name	Intrinsic Value of Unvested Options (1)	Unvested Stock Awards (2)	Performance-Based Options and Stock Awards (3)	Total
Bob Sasser	\$ 1,363,841	\$ 2,135,500	\$ 1,452,140	\$ 4,951,481
Kevin Wampler		640,650		640,650
Kathleen Mallas	149,844	177,076	85,420	412,340
Gary Philbin	422,913	649,576	920,850	1,993,339
Bob Rudman	403,952	613,999	726,070	1,744,021
Stephen White	299,675	281,203	596,360	1,177,238

(1) Under the terms of our outstanding option award agreements, unvested options vest in full in the event of the executive's death, disability or retirement. Upon a change in control, whether or not resulting in termination, the Compensation Committee may accelerate vesting of options in its discretion. The above amounts assume that, in all cases, unvested options become vested. All options, whether previously vested or accelerated by the triggering event, remain exercisable for periods ranging from 90 days to the normal expiration date, which is ten years after grant. Intrinsic value of unvested options reflects the difference between year end fair market value and the exercise price for unvested in-the-money options. See the Outstanding Equity Awards Table for details.

(2) Under the terms of our outstanding stock award agreements, unvested restricted stock units vest in full in the event of the executive's death, disability or retirement. Upon a change in control, whether or not resulting in termination, the Compensation Committee may accelerate vesting of RSUs in its discretion. The above amounts assume that, in all cases, unvested RSUs become vested. RSUs convert to common stock on their vesting and remain the property of the executive after termination. The market value of stock awards is based on the closing price of our stock as of January 31, 2009, which was \$42.71.

(3) This column reflects PSUs and performance-based options for which the performance measurements had been met as of the end of the fiscal year but which had not been certified by the action of the Compensation Committee. In addition, service requirements for these awards had not been satisfied as of the end of the fiscal year.

Equity Compensation Plans

Each of the named executive officers has outstanding awards under our equity plans, including the 2004 Executive Officer Equity Plan, the 2003 Equity Incentive Plan and the 1995 Stock Incentive Plan. Each of our plans includes provisions that may accelerate awards made to a named executive officer under such plan if certain termination and change in control events occurred. Our equity incentive plans cover grants to the named executive officers and certain other associates and consultants of certain incentives and rewards, including stock options, stock appreciation rights, restricted stock, restricted stock units, deferred stock, performance shares and performance units.

Edgar Filing: DOLLAR TREE INC - Form DEF 14A

All options issued under plans established prior to 2003 are already fully vested. Under the 2003 Equity Incentive Plan and the 2004 Executive Officer Equity Incentive Plan, which are the only two plans from which we currently make awards, accelerated vesting of equity awards upon a change in control is at the discretion of the Compensation Committee. Change in control is defined as:

- the sale, lease, exchange or other transfer of all or substantially all of our assets (in one transaction or in a series of related transactions) to a corporation that is not controlled by us,
- the approval by our shareholders of any plan or proposal for our liquidation or dissolution,
- a successful tender offer for our common stock, after which the tendering party holds more than a stated percentage of our issued and outstanding common stock, or
- a merger, consolidation, share exchange, or other transaction to which we are a party pursuant to which the holders of all of the shares of our common stock outstanding prior to such transaction do not hold, directly or indirectly, a stated percentage of the outstanding shares of the surviving company after the transaction.

As of June 19, 2008, the definition of change of control as defined in the award agreements with named executive officers is triggered only by an actual change of control (and not merely shareholder approval of such change). In addition, the portion of the definition relating to a change in voting power uses a greater than 50% threshold instead of greater than 30%.

Our plans also provide the Compensation Committee with discretion to make any payments or accelerate the vesting or payment of any award in the event of the death, disability or retirement of a named executive officer. However, if the award to a named executive officer is conditioned upon the achievement of a performance goal and granted after June 19, 2008, then any accelerated vesting of the award is subject to the attainment of that goal.

Table of Contents

Generally, our award agreements provide for acceleration of vesting or the cancellation of forfeiture, and they provide for a mechanism for exercise or settlement within a reasonable time after death, disability or retirement.

Change in Control Agreements

In March 2007, as a part of its in-depth review of our compensation structure, the Compensation Committee established change-in-control retention agreements with certain executive officers, including the named executive officers (except Kathleen Mallas) that provide for payment in the event of a termination resulting from a change in control of the company. The Compensation Committee's intent with these agreements is to take reasonable steps to retain key management personnel and to minimize disruption in the event of a change in control. Agreements were drafted and signed in March 2007 with the following provisions:

- Severance benefits would be paid upon a change in control only upon an executive's termination without cause or resignation for good reason (as defined in the agreement) (commonly known as "double trigger").
- Severance benefits include a multiple (2.5 times for the CEO, and 1.5 times for other named executive officers) of the combination of the highest rate of salary previously paid to the executive plus the average of the prior three years' bonus amounts (with certain limits); a pro rata bonus for the year of termination; and medical continuation coverage for a limited period of time after termination.
- Change in control is defined to include (1) the change in incumbent directors; (2) acquisition of more than a stated percentage of outstanding shares by one person or a group of affiliated persons; (3) a merger or consolidation; and (4) a liquidation and dissolution.

In June 2008, the company updated its Corporate Governance Guidelines to reflect that all retention agreements entered into with named executive officers after June 19, 2008 or the modification of any existing agreements, shall be subject to the requirement that vesting for equity awards that are contingent upon the company achieving a performance goal shall not accelerate unless the relevant performance measure is satisfied, even if that does not occur until after the change in control. The definition of change of control is the same as that contained in the company's current agreements, except that an actual change of control shall be required (and not merely shareholder approval of such change) and the portion of the definition relating to a change in voting power shall use a "greater than 50%" threshold instead of "greater than 30%".

Name	Change in Control Benefit	Earned but Unpaid Bonus (1)	Value of Unvested Options and Stock Awards (2)	Value of Performance-Based Options and Stock Awards (3)	Total
Bob Sasser	\$ 4,323,359	\$ 1,134,665	\$ 3,499,341	\$ 1,452,140	\$ 10,409,505
Kevin Wampler	876,563		640,650		1,517,213
Kathleen Mallas		81,760	326,920	85,420	494,100

Edgar Filing: DOLLAR TREE INC - Form DEF 14A

Bob Rudman	983,269	280,629	1,017,951	726,070	3,007,919
Stephen White	766,973	217,280	580,878	596,360	2,161,490

(1) The amounts in this column represent the annual bonus that we pay under our Management Incentive Compensation Plan. The amounts listed were earned in the year shown, but paid after the end of the fiscal year.

(2) Value of unvested options and stock awards is based on fair market value as of fiscal year end. See also preceding table under death, disability or retirement.

(3) This column reflects the value of unvested performance-based options and PSUs based on fair market value as of fiscal year end. The related performance goal had been met as of the end of the fiscal year but the awards had not been certified by action of the Compensation Committee. In addition, service requirements for these awards had not been satisfied as of the end of the fiscal year.

Table of Contents

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review of transactions with related parties

Under our Code of Ethics, directors, officers and employees are required to disclose for approval any transactions, activities, interests or relationships that may create a conflict of interest (including financial transactions, investments and receipt of corporate gifts). The Audit Committee annually reviews related party transactions involving directors and named executive officers, questions regarding possible conflicts of interest, and other issues related to ethical business practices. The Company adheres to the foregoing policy for potential related person transactions but such policy is not in written form. Approval of such related person transactions is evidenced by Audit Committee resolutions in accordance with our practice of approving transactions in this manner.

Leases

We lease two stores from DMK Associates, a partnership owned by members of Mr. Perry's and Mr. Brock's families. Rental payments to DMK Associates, including pass-through of common area maintenance, taxes, insurance and utilities, totaled approximately \$219,000 in 2008. One of the two store leases with DMK Associates expires in November 2011. The other store lease expires in March 2010, with a seven-year renewal option. While we believe that the terms of these leases are reasonable, their respective terms were not negotiated on an arms-length basis.

Table of Contents**OWNERSHIP OF COMMON STOCK**

The table below shows the number of shares of our common stock beneficially owned on April 17, 2009 by:

- each of the Directors and nominees for director;
- each of the Named Executive Officers;
- all Directors and Executive Officers as a group; and
- each other person who has reported beneficial ownership of more than five percent of the outstanding common stock.
