- (v) The Company may not make any payment of interest, principal or other amounts on debt owed to insiders of the Company without the prior written approval of the Reserve Bank and Director.

(viii) The Company must submit to the Reserve Bank, by January 23, 2011, an acceptable written plan to maintain sufficient capital at the Company on a consolidated basis. Thereafter, the Company must notify the Reserve Bank within 45 days of the end of any quarter in which the Company's capital ratios fall below the approved capital plan's minimum ratios, and submit an acceptable written plan to increase the Company's capital ratios above the capital plan's minimums.

(ix) The Company must immediately take all actions necessary to ensure that: (1) each regulatory report accurately reflects the Company's condition on the date for which it is filed and all material transactions between the Company and its subsidiaries; (2) each such report is prepared in accordance with its instructions; and (3) all records indicating how the report was prepared are maintained for supervisory review.

(x) The Company must submit to the Reserve Bank, by January 23, 2011, acceptable written procedures to strengthen and maintain internal controls to ensure all required regulatory reports and notices filed with the Board of Governors are accurate and filed in accordance with the instructions for preparation.

(xi) The Company must submit to the Reserve Bank, by January 8, 2011, a cash flow projection for 2011, reflecting the Company's planned sources and uses of cash, and submit a cash flow projection for each subsequent calendar year at least one month prior to the beginning of such year.

(xiii) The Board must submit written progress reports within 30 days of the end of each calendar quarter.

The Agreement permits the Reserve Bank to extend the time periods under the Agreement upon written request.

Compliance with the Agreement is of highest priority to the Company's Board and management. While the Company intends to take such actions as may be necessary to comply with the requirements of the Agreement, there can be no assurance that: (i) the Company will be able to comply fully with the provisions of the Agreement, or to do so within the timeframes required; (ii) compliance with the Agreement will not be more time consuming or more costly than anticipated; (iii) compliance with the Agreement will enable the Company to maintain profitable operations; or (iv) efforts to comply with the Agreement will not have adverse effects on the operations and financial condition of the Company. The provisions of the Agreement will remain effective and enforceable until they are stayed, modified, terminated or suspended by the Reserve Bank. Failure to comply with the provisions of the Agreement could subject the Company and its Board to additional enforcement actions.

A copy of the form of the Agreement is attached hereto as Exhibit 10.1. The description of the Agreement set forth above does not purport to be complete, and is qualified by reference to the full text of the Agreement. The provisions of the Agreement have been promulgated in furtherance of the regulatory authority of the Reserve Bank and are not intended to modify the previous disclosures of the Company regarding the condition of the Company or Bank, or the adequacy or effectiveness of its internal control over financial reporting or disclosure controls and procedures.
