NOTE 1. BASIS OF PREPARATION AND OTHER

Basis of Preparation -The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and therefore do not include all information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. There has been no material change in the information disclosed in the notes to the consolidated financial statements included in the Annual Report on Form 10-K of Rollins, Inc. (the Company) for the year ended December 31, 2011. Accordingly, the quarterly condensed consolidated financial statements and related disclosures herein should be read in conjunction with the 2011 Annual Report on Form 10-K.

The preparation of interim financial statements requires management to make estimates and assumptions for the amounts reported in the condensed consolidated financial statements. Specifically, the Company makes estimates in its interim condensed consolidated financial statements for the termite accrual which includes future costs including termiticide life expectancy and government regulations, the insurance accrual which includes self insurance and worker s compensation, inventory adjustments, discounts and volume incentives earned, among others.

In the opinion of management, all adjustments necessary for a fair presentation of the Company s financial results for the interim periods have been made. These adjustments are of a normal recurring nature. The results of operations for the three and nine month periods ended September 30, 2012 are not necessarily indicative of results for the entire year.

The Company has only one reportable segment, its pest and termite control business. The Company s results of operations and its financial condition are not reliant upon any single customer, or a few customers, or the Company s foreign operations.

NOTE 2. RECENT ACCOUNTING PRONOUNCEMENTS

New Accounting Standards

Recently issued accounting standards to be adopted

In July 2012, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2012-02, Testing Indefinite-Lived Intangible Assets for Impairment (ASU 2012-02). This standard provides new accounting guidance that permits an entity to first assess qualitative factors to determine whether it is more likely than not that an indefinite-lived intangible asset is impaired as a basis for determining whether it is necessary to perform a quantitative impairment test. An entity would continue to calculate the fair value of an indefinite-lived intangible asset if the asset fails the qualitative assessment, while no further analysis would be required if it passes. The provisions of the new guidance are effective as of the beginning of our 2013 fiscal year; we do not expect the new guidance to have an impact on the 2013 impairment test results.

NOTE 3. EARNINGS PER SHARE

The Company follows ASC 260, *Earnings Per Share* (ASC 260) that requires the reporting of both basic and diluted earnings (loss) per share. Basic earnings (loss) per share is computed by dividing net income available to participating common stockholders by the weighted average number of participating common shares outstanding for the period. The calculation of diluted earnings (loss) per share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock. In accordance with ASC 260, any anti-dilutive effects on net earnings (loss) per share, of which there were none, are excluded at September 30, 2012 and September 30, 2011.

Edgar Filing: ROLLINS INC - Form 10-Q

Basic and diluted earnings per share attributable to common and restricted shares of common stock for the period were as follows:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2012	2011	2012	2011

Common stock	\$ 0.22	\$ 0.20	\$ 0.60	\$ 0.54

Total shares of common stock	\$ 0.22	\$ 0.20	\$ 0.60	\$ 0.54

NOTE 4. CONTINGENCIES

In the normal course of business, certain of the Company's subsidiaries are defendants in a number of lawsuits or arbitrations, which allege that plaintiffs have been damaged as a result of the rendering of services by the defendant subsidiary. The subsidiaries are actively contesting these actions. Some lawsuits have been filed (John Maciel v. Orkin, Inc., et al.; Douglas F. Bracho, Jr. v. Orkin, Inc.; Jennifer M. Welsh et al. v. Orkin, LLC, et al.; and Jennifer Thompson and Janet Flood v. Philadelphia Management Company, Parkway Associated, Parkway House Apartments, Barbara Williams, and Western Pest Services) in which the plaintiffs are seeking certification of a class. These cases originate in California, South Carolina (Welsh), and Pennsylvania (Flood), respectively. The Maciel lawsuit, a wage and hour related matter, was filed in the Superior Court of Los Angeles County, California. The Bracho lawsuit, a matter related to payroll deductions for use of Company vehicles, was filed in the Superior Court of Orange County, California. In Bracho, the Court in early October approved a final resolution of this matter. The Welsh lawsuit, a termite service related matter, was filed in the Court of Common Pleas Fourteenth Judicial Circuit, County of Beaufort, South Carolina. The Flood lawsuit, a bed bug service related matter filed by residents of an apartment complex, was filed in the Court of Common Pleas of Philadelphia County, Pennsylvania. None of these matters has been scheduled for a class certification hearing. Additionally, the Company and a subsidiary, The Industrial Fumigant Company, LLC, are named defendants in Severn Peanut Co. and Meherrin Agriculture & Chemical Co. v. Industrial Fumigant Co., et al. The Severn lawsuit, a matter related to a fumigation service, has been filed in the Northern Division of the United States District Court for the Eastern District of North Carolina. The plaintiffs are seeking damages for breach of contract and negligence. The Industrial Fumigant Company, LLC is also a named defendant in Insurance Company of the State of Pennsylvania as Subrogee of Archer-Daniels-Midland Company, Agrinational Insurance Company, Inc. as Subrogee of Archer-Daniels-Midland Company, and Archer-Daniels-Midland Company v. The Industrial Fumigant Co., The Industrial Fumigant Company, LLC, and James Miller. The ADM lawsuit, a matter related to a fumigation service, has been filed in the State Court in Lucas County, Ohio. The plaintiffs are seeking damages for breach of contract and negligence. The Company believes these matters are without merit and intends to vigorously contest certification and defend itself through trial or arbitration, if necessary. Management does not believe that any pending claim, proceeding or litigation, either alone or in the aggregate, will have a material adverse effect on the Company's financial position, results of operations or liquidity; however, it is possible that an unfavorable outcome of some or all of the matters, however unlikely, could result in a charge that might be material to the results of an individual quarter or year.

Orkin, LLC is involved in certain environmental matters primarily arising in the normal course of business. In the opinion of management, the Company's liability under any of these matters would not and did not materially affect its financial condition, results of operations or liquidity.

NOTE 5. FAIR VALUE OF FINANCIAL INSTRUMENTS

Edgar Filing: ROLLINS INC - Form 10-Q

The Company's financial instruments consist of cash and cash equivalents, short-term investments, trade receivables, notes receivables, accounts payable and other short-term liabilities. The carrying amounts of these financial instruments approximate their fair values. The Company has a Revolving Credit Agreement with SunTrust Bank and Bank of America, N.A. for an unsecured line of credit of up to \$175.0 million, which includes a \$75.0 million letter of credit subfacility and a \$10.0 million swingline subfacility. There were no outstanding borrowings at September 30, 2012 or September 30, 2011.

NOTE 6. STOCKHOLDERS EQUITY

During the nine months ended September 30, 2012 the Company paid \$35.1 million or \$0.24 per share in cash dividends compared to \$30.9 million or \$0.21 per share during the same period in 2011. During the third quarter ended September 30, 2012, the Company did not repurchase any shares of its \$1 par value common stock compared to 598,986 shares purchased at a weighted average price of \$17.85 per share for the same period in 2011. During the nine months ended September 30, 2012, the Company repurchased 781,781 shares of its \$1 par value common stock at a weighted average price of \$20.93 per share compared to 1,388,282 shares purchased at a weighted average price of \$18.63 during the same period in 2011. Rollins, Inc. has had a buyback program in place for a number of years and has routinely purchased shares when it felt the opportunity was desirable. The Board authorized the purchase of 5.0 million additional shares of the Company's common stock in July 2012. These authorizations enable the Company to continue the purchase of Rollins, Inc. common stock when appropriate, which is an important benefit, resulting from the Company's strong cash flows. The stock buy-back program has no expiration date. In total, 5.3 million additional shares may be purchased under the share repurchase program.

As more fully discussed in Note 13 of the Company's notes to the consolidated financial statements in its 2011 Annual Report on Form 10-K, stock options, time lapse restricted shares (TLRS's) and restricted stock units have been issued to officers and other management employees under the Company's Employee Stock Incentive Plans. The Company issues new shares from its authorized but unissued share pool. At September 30, 2012 approximately 4.4 million shares of the Company's common stock were reserved for issuance.

Stock Options

Stock options generally vest over a five-year period and expire ten years from the issuance date.

During the third quarter ended September 30, 2012, approximately 6,000 shares of common stock were issued upon exercise of stock options by employees compared to approximately 3,000 shares for the prior year quarter. In total for the nine months ended September 30, 2012, approximately 32,000 shares of common stock were issued upon exercise of stock options by employees and approximately 56,000 shares of common stock were issued upon exercise of stock options by employees for the first nine months ended September 30, 2011.

Options activity outstanding under the Company's stock option plan as of September 30, 2012 and changes during the nine months ended September 30, 2012, were as follows:

(in thousands except per share data)	Shares	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Term (in years)	Aggregate Intrinsic Value
Outstanding at December 31, 2011	33	\$ 5.26	0.93	\$ 553

Outstanding at September 30, 2012	1	5.52	0.33	18
Exercisable at September 30, 2012	1	\$ 5.52	0.33	\$ 18

Edgar Filing: ROLLINS INC - Form 10-Q

The aggregate intrinsic value in the table above represents the total pre-tax intrinsic value (the difference between the Company's closing stock price on the last trading day of the period and the exercise price, multiplied by the number of in-the-money options) that would have been received by the option holders had all option holders exercised their options on that day. The amount of aggregate intrinsic value will change based on the fair market value of the Company's stock.

The aggregate intrinsic value of options exercised during the nine months ended September 30, 2012 and September 30, 2011 was \$0.2 million each year, respectively. Exercise of options for the third quarter ended September 30, 2012 and 2011 resulted in cash receipts of less than \$1 thousand and \$19 thousand, respectively.

The Company made several acquisitions during the nine month periods ended September 30, 2012 and 2011, none of which are considered material in nature individually or in total.

The carrying amount of goodwill was \$211.4 million and \$211.0 million at September 30, 2012 and December 31, 2011, respectively. The change in carrying amount is due to foreign currency translation.

Residential pest control revenues, which represented approximately 41% of the Company's revenues during the first nine months ended September 30, 2012, increased 7.8% compared to the same period in 2011. The contributors for growth in residential revenue consist of leads, pricing and retention which are all up for the year.

Termite service revenue, which is approximately 16% of Rollins' business for the third quarter ended September 30, 2012, increased 1.9% compared to the same period in 2011. Termite service revenue is more dependent on seasonality and new sales compared to pest control. As approximately half of termite service revenues are recurring, resulting from renewals and monitoring revenue. Termite service revenues, which are approximately 18% of the Company's business for the first nine months ended September 30, 2012, increased 4.1% compared to the same period in 2011.

Foreign operations accounted for approximately 8% of total revenues during the third quarter and first nine months of 2012 and 2011, respectively.

Revenues are impacted by the seasonal nature of the Company's pest and termite control services. The increase in pest activity, as well as the metamorphosis of termites in the spring and summer (the occurrence of which is determined by the change in seasons), has historically resulted in an increase in the Company's revenues as evidenced by the following chart:

Consolidated Net Revenues

(in thousands)

	2012	2011	2010
First Quarter	\$ 289,465	\$ 271,643	\$ 253,041
Second Quarter	334,872	320,436	298,803
Third Quarter	340,179	323,929	305,118
Fourth Quarter	N/A	289,056	279,928
Year ended December 31,	\$ N/A	\$ 1,205,064	\$ 1,136,890

Cost of Services provided

Cost of services provided for the third quarter ended September 30, 2012 increased \$5.4 million or 3.3% to \$170.5 million, compared to the quarter ended September 30, 2011. Gross margin for the quarter increased to 49.9% for the third quarter 2012 versus 49.0% in the prior year quarter due to productivity improvements and more favorable claim development cost with regard to termite costs and litigation which were partially offset by higher casualty and medical costs. For the nine months ended September 30, 2012, cost of services provided increased \$18.9 million, or 4.1% compared to the nine months ended September 30, 2011. Gross margins year-to-date increased to 49.8% compared to prior year's 49.2% due to favorable claim development cost with regard to termite costs and litigation.

Depreciation and Amortization

Depreciation and amortization expenses for the third quarter ended September 30, 2012 increased \$0.1 million, an increase of 1.4%, decreasing to 2.8% of revenues from 2.9% the prior year. For the nine months ended September 30, 2012, depreciation and amortization increased \$1.0 million to \$28.8 million, an increase of 3.7%, remaining unchanged at 3.0% of revenue. The dollar increase for the quarter and year-to-date was primarily due to amortization related to acquisitions that occurred over the previous 12 months.

Sales, General and Administrative

Sales, general and administrative expenses for the third quarter ended September 30, 2012 increased \$6.1 million or 6.0% to \$108.5 million, and 31.9% of revenues, increasing from 31.6% in 2011. The increase in cost as a percent of revenues is due to an increase in bad debt expense, increased medical costs and higher sales salaries. For the nine months ended September 30, 2012, these expenses increased \$13.8 million, or 4.7% to \$309.4 and 32.1% of revenues, decreasing from 32.3% in the prior year period due to continued leveraging of administrative salaries in our call centers, reductions in professional services, offset in part by higher bad debt expense and increased medical costs.

Interest expense

Interest expense for the third quarter ended September 30, 2012 decreased to \$19 thousand compared to \$79 thousand for the third quarter ended September 30, 2011. For the nine months ended September 30, 2012 interest expense was \$90 thousand, a decrease of \$359 thousand from \$449 thousand for the nine months ended September 30, 2011.

Income Taxes

Income taxes for the third quarter ended September 30, 2012 increased \$1.9 million or 10.7% to \$19.5 million from \$17.6 million reported third quarter 2011, and reflects increased pre-tax income over the prior year period. The effective tax rate was 37.7% for the third quarter ended September 30, 2012 versus 37.4% for the third quarter ended September 30, 2011, primarily due to differences in state tax rates. For the nine months ended September 30, 2012, income taxes increased to \$53.2 million, a 12.4% increase from \$47.3 million reported for the same period in 2011, and reflect increased pre-tax income over the prior year period. The effective tax rate was 37.6% for the nine months ended September 30, 2012 versus 37.4% for the nine month ended September 30, 2011 primarily due to differences in state tax rates.

Liquidity and Capital Resources

The Company believes its current cash and cash equivalents balances, future cash flows expected to be generated from operating activities and available borrowings under its \$175.0 million credit facility will be sufficient to finance its current

operations and obligations, and fund expansion of the business for the foreseeable future. The Company's operating activities generated net cash of \$120.1 million for the nine months ended September 30, 2012, compared with cash provided by operating activities of \$115.1 million for the same period in 2011.

The Company made contributions of \$2.3 million and \$4.8 million to its defined benefit retirement plans (the Plans) during the nine months ended September 30, 2012 and 2011, respectively. The Company is considering making further contributions to the Plans of approximately \$2.7 million during the fiscal year ending December 31, 2012. In the opinion of management, Plan contributions will not have a material effect on the Company's financial position, results of operations or liquidity for 2012.

The Company invested approximately \$11.8 million in capital expenditures during the nine months ended September 30, 2012, compared to \$13.4 million during the same period in 2011, and expects to invest approximately \$7.0 million for the remainder of 2012. Capital expenditures for the first nine months consisted primarily of the purchase of equipment replacements and technology related projects. During the nine months ended September 30, 2012, the Company made expenditures for acquisitions totaling \$10.5 million, compared to \$9.3 million during the same period in 2011. A total of \$35.1 million was paid in cash dividends (\$0.24 per share) during the first nine months of 2012, compared to \$30.9 million or (\$0.21 per share) during the same period in 2011. On October 23, 2012, the Company announced that the Board of Directors declared a regular quarterly cash dividend on its common stock of \$0.08 per share plus a special year-end dividend of \$0.12 per share both payable December 10, 2012 to stockholders of record at the close of business November 09, 2012 to be funded with existing cash balances. The Company's balance sheet will remain strong and liquid following payment of this dividend and continue to support sales growth and allow it to pursue strategic opportunities to enhance shareholder value over the long term. The Company expects to continue to pay cash dividends to common stockholders, subject to the earnings and financial condition of the Company and other relevant factors. The Company repurchased 0.8 million shares during the first nine months of 2012 of its \$1 par value common stock at a weighted average price of \$20.93 compared to 1.4 million shares at a weighted average price of \$18.63 during the first nine months of 2011. In total, approximately 5.3 million additional shares may be repurchased under the Company's share purchase program. The acquisitions, capital expenditures, share repurchases and cash dividends were funded through existing cash balances and operating activities.

Rollins' balance sheets as of September 30, 2012 and December 31, 2011, includes short-term unearned revenues of \$95.7 million and \$85.6 million, respectively, representing approximately 8% and 7%, respectively, of our annual revenue. This represents cash paid to the Company by its customers in advance of services that will be recognized over the next twelve months.

The Company's \$93.7 million of total cash at September 30, 2012, is primarily cash held at various banking institutions. Approximately \$35.3 million is held in cash accounts at international bank institutions and the remaining \$58.4 million is primarily held in non-interest-bearing accounts at various domestic banks. In July 2010, President Obama signed into law the Dodd-Frank Act, which again led to changes in FDIC deposit guarantees. Beginning January 1, 2011 and lasting through December 31, 2012, all funds held in noninterest-bearing transaction accounts at insured depository institutions will automatically be fully insured, without limit. This applies to all of our domestic accounts where we have balances.

On March 28, 2008, the Company entered into a Revolving Credit Agreement with SunTrust Bank and Bank of America, N.A. for an unsecured line of credit of up to \$175 million, which includes a \$75 million letter of credit subfacility, and a \$10 million swingline subfacility. The Company had no outstanding borrowings under this credit facility as of September 30, 2012. The Company remained in compliance with applicable debt covenants through the date of this filing and expects to maintain compliance through 2012.

Litigation

Edgar Filing: ROLLINS INC - Form 10-Q

In the normal course of business, certain of the Company's subsidiaries are defendants in a number of lawsuits or arbitrations, which allege that plaintiffs have been damaged as a result of the rendering of services by the defendant subsidiary. The subsidiaries are actively contesting these actions. Some lawsuits have been filed (John Maciel v. Orkin, Inc., et al.; Douglas F. Bracho, Jr. v. Orkin, Inc.; Jennifer M. Welsh et al. v. Orkin, LLC, et al.; and Jennifer Thompson and Janet Flood v. Philadelphia Management Company, Parkway Associated, Parkway House Apartments, Barbara Williams, and Western Pest Services) in which the plaintiffs are seeking certification of a class. These cases originate in California, South Carolina (Welsh), and Pennsylvania (Flood), respectively. The Maciel lawsuit, a wage and hour related matter, was filed in the Superior Court of Los Angeles County, California. The Bracho lawsuit, a matter related to payroll deductions for use of Company vehicles, was filed in the Superior Court of Orange County, California. In Bracho, the Court in early October approved a final resolution of this matter. The Welsh lawsuit, a termite service related matter, was filed in the Court of Common Pleas Fourteenth Judicial Circuit, County of Beaufort, South Carolina. The Flood lawsuit, a bed bug service related matter filed by residents of an apartment complex, was filed in the Court of Common Pleas of Philadelphia County, Pennsylvania. None of these matters has been scheduled for a class certification hearing. Additionally, the Company and a subsidiary, The Industrial Fumigant Company, LLC, are named defendants in Severn Peanut Co. and Meherrin Agriculture & Chemical Co. v. Industrial Fumigant Co., et al. The Severn lawsuit, a matter related to a fumigation service, has been filed in the Northern Division of the United States District Court for the Eastern District of North Carolina. The plaintiffs are seeking damages for breach of contract and negligence. The Industrial Fumigant Company, LLC is also a named defendant in Insurance Company of the State of Pennsylvania as Subrogee of Archer-Daniels-Midland Company, Agrinational Insurance Company, Inc. as Subrogee of Archer-Daniels-Midland Company, and Archer-Daniels-Midland Company v. The Industrial Fumigant Co., The Industrial Fumigant Company, LLC, and James

Miller. The ADM lawsuit, a matter related to a fumigation service, has been filed in the State Court in Lucas County, Ohio. The plaintiffs are seeking damages for breach of contract and negligence. The Company believes these matters are without merit and intends to vigorously contest certification and defend itself through trial or arbitration, if necessary. For further discussion, see Note 4 to the accompanying financial statements.

The Company does not believe that any pending claim, proceeding or litigation, either alone or in the aggregate, will have a material adverse effect on the Company's financial position, results of operations or liquidity; however, it is possible that an unfavorable outcome of some or all of the matters, however unlikely, could result in a charge that might be material to the results of an individual quarter or year.

Critical Accounting Policies

There have been no changes to the Company's critical accounting policies since the filing of its Form 10-K for the year ended December 31, 2011.

New Accounting Standards

See Note 2 of the Notes to Condensed Consolidated Financial Statements for a description of recent accounting pronouncements, including the expected dates of adoption and estimated effects on results of operations and financial condition.

Forward-Looking Statements

This Quarterly Report contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements include, without limitation, the effect of the future adoption of recent accounting pronouncements on the Company's financial statements; statements regarding management's expectation regarding the effect of the ultimate resolution of pending legal actions on the Company's financial position, results of operation and liquidity; management's belief that future costs of the Company for environmental matters will not be material to the Company's financial condition, operating results, and liquidity; the Company's belief that its current cash and cash equivalent balances, future cash flows expected to be generated from operating activities and available borrowings will be sufficient to finance its current operations and obligations, and fund planned investments for expansion of the business for the foreseeable future; possible defined benefit retirement plan contributions and their effect on the Company's financial position, results of operations and liquidity; estimated 2012 capital expenditures; the Company's expectation to maintain compliance with debt covenants; and the Company's belief that interest rate exposure and foreign exchange rate risk will not have a material effect on the Company's results of operations going forward. The actual results of the Company could differ materially from those indicated by the forward-looking statements because of various risks and uncertainties including, without limitation, the possibility of an adverse ruling against the Company in pending litigation; general economic conditions; market risk; changes in industry practices or technologies; the degree of success of the Company's termite process and pest control selling and treatment methods; the Company's ability to identify and integrate potential acquisitions; climate and weather conditions; competitive factors and pricing practices; our ability to attract and retain skilled workers, and potential increases in labor costs; and changes in various government laws and regulations, including environmental regulations. All of the foregoing risks and uncertainties are beyond the ability of the Company to control, and in many cases the Company cannot predict the risks and uncertainties that could cause its actual results to differ materially from those indicated by the forward-looking statements. A more detailed discussion of potential risks facing the Company can be found in the Company's Report on Form 10-K filed with the Securities and Exchange Commission for the year ended December 31, 2011. The Company does not undertake to update its forward looking statements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As of September 30, 2012, the Company maintained an investment portfolio (included in cash and cash equivalents) subject to short-term interest rate risk exposure. The Company is subject to interest rate risk exposure through borrowings on its \$175 million credit facility. The Company is also exposed to market risks arising from changes in foreign exchange rates. The Company believes that this foreign exchange rate risk will not have a material impact upon the Company's results of operations going forward. There have been no material changes to the Company's market risk exposure since the end of fiscal year 2011.

ITEM 4. CONTROLS AND PROCEDURES

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as defined in rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as of September 30, 2012. Based on this evaluation, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were effective at the reasonable assurance level such that the material information relating to Rollins, Inc., including our consolidated subsidiaries, and required to be included in our Securities and Exchange Commission (SEC) reports is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms and was made known to them by others within those entities, particularly during the period when this report was being prepared.

In addition, management's quarterly evaluation identified no changes in our internal control over financial reporting during the third quarter that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. As of September 30, 2012 we did not identify any material weaknesses in our internal controls, and therefore no corrective actions were taken.
