**Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

*(e) Adoption of Amended and Restated Seagate Technology plc 2012 Equity Incentive Plan*

The shareholders of Seagate Technology plc (the *Company*) approved the *Company's* Amended and Restated Seagate Technology plc 2012 Equity Incentive Plan (the *Amended and Restated Plan*) at the Annual General Meeting of Shareholders held on October 22, 2014 (the *AGM*). On July 23, 2014, the *Company's* Board of Directors (the *Board*) unanimously approved the Amended and Restated Plan, subject to shareholder approval, upon the recommendation of the Compensation Committee. The Amended and Restated Plan amends and restates in its entirety the Seagate Technology plc 2012 Equity Incentive Plan (the *Original Plan*) in the following material respects: (i) increases the number of ordinary shares reserved for issuance under the Original Plan by an additional 25,000,000 shares; (ii) modifies the fungible share counting provision so that shares issued in respect of any restricted share bonuses, restricted share units, phantom share units, performance share bonuses or performance share units (collectively, *Full-Value Share Awards*) will count against the Amended and Restated plan's aggregate share reserve as 2.5 for every one share granted; and (iii) makes certain changes to the performance criteria on which performance goals will be based and the adjustments to such performance criteria for awards intended to constitute *qualified performance-based compensation* within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended.

The following summary of the Amended and Restated Plan is qualified in its entirety by reference to the text of the Amended and Restated Plan, which is attached hereto as Exhibit 10.1 and incorporated by this reference herein.

The Board has the authority to, and intends to, delegate administration of the Amended and Restated Plan to the Compensation Committee, except that the Board will retain the authority to make grants of equity-based awards to the *Company's* non-employee directors. The Compensation Committee, or the Board if the delegation of authority to the Compensation Committee is terminated or limited in the future, has the authority to, among other things, designate participants in the Amended and Restated Plan, determine the type(s), number, terms and conditions of awards, as well as the timing and manner of grant, interpret the Amended and Restated Plan and establish, adopt or revise any rules and regulations to administer the Amended and Restated Plan and make all other decisions and determinations that may be required under the Amended and Restated Plan.

All of the *Company's* employees, members of the Board, and consultants may participate in the Amended and Restated Plan; however, no employee will be eligible to be granted awards under the Amended and Restated Plan covering more than 10 million ordinary shares during any fiscal year or options and/or share appreciation rights covering more than 8 million ordinary shares during any fiscal year.

Subject to certain adjustments set forth in the Amended and Restated Plan, the maximum number of ordinary shares that may be issued pursuant to awards thereunder is 64,454,435. Shares that are subject to options or share appreciation rights granted under the Amended and Restated Plan will be counted against the share reserve as one share for every one share granted. Each share that is subject to a Full-Value Share Award granted under the Amended and Restated Plan or the Original Plan will count against the share reserve as 2.5 shares, or 2.1 shares, respectively, for every one share granted.

Shares covered by awards that expire, are canceled or otherwise terminated without having been exercised or redeemed, or are settled for cash rather than shares, will again be available for grant under the Amended and Restated Plan. Each share that becomes available for the grant of awards in this manner (including awards under the Seagate Technology plc 2004 Share Compensation Plan, as amended) will be added back to the aggregate share reserve under the Amended and Restated Plan as one share if such share was subject to an option or share appreciation right,

and according to the applicable ratio described above if such share was subject to a Full-Value Share Award. However, the following shares will not be added back to the share reserve under the Amended and Restated Plan: (i) shares tendered by the participant or withheld by the Company (if and to the extent permitted by applicable law) to satisfy (A) the exercise price of a share option or share appreciation right and/or (B) tax withholding obligations with respect to an award; (ii) shares repurchased on the open market with the proceeds of the option exercise price; or (iii) shares not issued or delivered as a result of the net settlement of an outstanding share option or share appreciation right.

The types of awards that are available for grant under the Amended and Restated Plan are incentive stock options, nonstatutory share options, restricted share bonuses, share appreciation rights, phantom share units, restricted share units, performance share bonuses, performance share units, deferred share units, dividend equivalent rights and other share-based awards.

In the event of a corporate transaction such as a merger, consolidation, reorganization, recapitalization, reincorporation, share split, spinoff, share dividend, extraordinary dividend, liquidating dividend, combination or exchange of shares, changes in corporate structure or other transaction in which the Company does not receive any consideration, the Board will adjust the class and maximum number of shares subject to the plan, the share limits on grants to a participant, and the number of shares and, if applicable, the exercise price of outstanding awards.
