GENERAL INFORMATION

This proxy statement (Proxy Statement) is issued in connection with the solicitation of proxies by the Board of Directors of TeleTech Holdings, Inc. (TeleTech or the Company) for use at the 2015 Annual Meeting of Stockholders (the Annual Meeting) to be held on May 20, 2015 at 10:00 a.m. Mountain Daylight Time, at 9197 South Peoria Street, Englewood, Colorado 80112 and at any adjournment or postponement thereof.

On or about April 10, 2015, we will begin distributing to each stockholder entitled to vote at the Annual Meeting either (1) this Proxy Statement, a proxy card or voting instruction form, and our 2014 Annual Report to Stockholders, which we collectively refer to as the proxy materials, or (2) an email or notice of internet availability of proxy materials, in each case with instructions on how to access electronic copies of our proxy materials.

This Proxy Statement contains important information regarding the Annual Meeting, the proposals on which you are being asked to vote, information about our voting procedures, and information you may find useful in determining how to vote.

IMPORTANT INFORMATION ABOUT THE PROXY MATERIALS AND VOTING YOUR SHARES

Why am I receiving these proxy materials?

The Company is soliciting your proxy in connection with the Annual Meeting. As a stockholder, you are invited to attend the Annual Meeting and are requested to vote on the items of business discussed in this Proxy Statement.

Why did I receive a Notice of Internet Availability of proxy materials?

Under the rules of the U.S. Securities and Exchange Commission, we are using the internet as the primary means of furnishing proxy materials to our stockholders. Most of our stockholders will not receive printed copies of the proxy materials unless they request them. Accordingly, if you received a Notice of Internet Availability of Proxy Materials (the Notice of Internet Availability) by mail, you will not receive a printed copy of the proxy materials, unless you request one as instructed in that notice. Instead, the Notice of Internet Availability will instruct you on how you may access and review the proxy materials on the internet, free of charge. This approach to distribution of proxy materials reduces the environmental impact of our Annual Meeting, expedites stockholders receipt of the proxy materials, and lowers our costs. The Notice of Internet Availability also includes instructions allowing stockholders to request to receive future proxy materials in printed form by mail or electronically by email.

How can I vote my shares?

If you are a stockholder of record, you may vote by internet, by telephone or by mail at any time prior to the meeting, or you may vote in person at the meeting, as follows:

- **Vote by Internet** at www.proxyvote.com. Use the internet to transmit your voting instructions and for electronic delivery of information up until 11:59 p.m. Eastern Daylight Time on May 19, 2015. Have your proxy card or Notice of Internet Availability in hand when you access the web site and follow the instructions to obtain your records and to create an electronic voting instruction form.
- **Vote by Phone**. Use any telephone to call 1-800-690-6903 to transmit your voting instructions up until 11:59 p.m. Eastern Daylight Time on May 19, 2015. Have your proxy card in hand when you call and then follow the instructions. If you received a Notice of Internet Availability, you may request a proxy card by following the instructions in the notice.
- **Vote by Mail**. If you received or requested a printed copy of the proxy materials by mail, you may vote by proxy by filling out the proxy card and returning it in the postage-paid envelope we have provided or returning it to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717. If you received a Notice of Internet Availability, you may request a proxy card by following the instructions in the notice.
- **Vote at the Meeting**. You may vote your shares at the meeting. You will be admitted to the meeting only if you have a ticket. See [How can I attend the Annual Meeting?](#) in this Proxy Statement for instructions on obtaining a ticket.

If your shares are held in an account at a brokerage firm, bank or similar organization, you will receive voting instructions from the organization holding your account and you must follow those instructions to vote your shares.

Additional Procedures. Votes cast by proxy prior to the Annual Meeting will be tabulated by an automatic system administered by Broadridge Financial Solutions, Inc. Votes cast by proxy or in person at the Annual Meeting will be counted by the persons we appoint to act as election inspectors for the Annual Meeting. With regard to the election of directors, votes may be cast in favor or withheld; votes that are withheld will be excluded entirely from the tabulation of votes and will have no effect. Cumulative voting is not permitted in the election of directors. Consequently, you are entitled to one vote for each share of our common stock held in your name for as many persons as there are directors to be elected, and for whose election you have the right to vote.

Table of Contents

With respect to the other proposals submitted for stockholder approval (other than the election of directors), you may vote for or against the proposal, or you may abstain. Abstentions will have the same effect as a negative vote.

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute broker non-votes. Generally, brokerage firms have the authority to vote your shares without your voting instructions on certain routine matters, such as Proposal 2, but not on other non-routine items, such as Proposals 1, 3 and 4. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered votes cast on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained.

For your information, voting via the internet is the least expensive to us, followed by telephone voting, with voting by mail being the most expensive. Also, you may help to save us the expense of a second mailing if you vote promptly.

What are the matters to be voted on at the Annual Meeting?

The items of business scheduled to be voted on at the Annual Meeting are:

- **Proposal 1:** The election of seven directors (see page 35);
- **Proposal 2:** The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2015 (see page 38);
- **Proposal 3:** The approval, on an advisory basis, of the compensation for our executive officers (see page 40); and
- **Proposal 4:** The re-approval of TeleTech's 2010 Equity Plan, previously approved in 2010 (see page 41).

We will also consider other business that properly comes before the Annual Meeting.

What are my voting choices?

Edgar Filing: TELETECH HOLDINGS INC - Form DEF 14A

For the election of directors, you may vote FOR or WITHHOLD with respect to each nominee. For the other proposals, you may vote FOR or AGAINST or you may ABSTAIN from voting.

How does the Board recommend that I vote?

Our Board recommends that you vote your shares:

- FOR each of the nominees to our Board;
- FOR the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2015;
- FOR the proposal to approve, on an advisory basis, the compensation for our named executive officers; and
- FOR the proposal to re-approve the 2010 Equity Plan, previously approved by the stockholders in 2010.

Kenneth D. Tuchman, our Chairman and Chief Executive Officer and the beneficial owner of approximately 65 percent of the issued and outstanding shares of common stock as of the record date (65 percent of the shares entitled to vote, excluding stock options) has indicated that he intends to vote:

- FOR each of the nominees to our Board;
- FOR the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2015;
- FOR the proposal to approve, on an advisory basis, the compensation for our named executive officers; and
- FOR the proposal to re-approve the 2010 Equity Plan, previously approved by the stockholders in 2010.

Additionally, on April 1, 2011, Mr. Tuchman entered into a Voting Agreement whereby he has agreed to vote shares he beneficially owns FOR the election of Mr. Barlett to our Board through and including December 31, 2017.

How will my shares be voted by proxy?

Valid proxies provided to the Company by telephone, over the internet or by mailed proxy card will be voted at the Annual Meeting as directed by you unless revoked in accordance with the instructions. If you properly execute and submit your proxy, but do not indicate how you want your shares voted, the persons named as your proxies will vote your shares in accordance with the recommendations of our Board of Directors. These recommendations are:

- FOR each of the nominees to our Board;

- FOR the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2015;

- FOR the proposal to approve, on an advisory basis, the compensation for our named executive officers; and

- FOR the proposal to re-approve the 2010 Equity Plan, previously approved by the stockholders in 2010.

Table of Contents

How can I revoke my proxy or change my vote?

You may revoke your proxy or change your vote at any time prior to the taking of the vote at the Annual Meeting. If you are the stockholder of record, you may change your vote by:

- Voting again through the internet or by telephone, or by completing, signing, dating and returning a new proxy card with a later date, all of which automatically revoke the earlier proxy so long as completed prior to the applicable deadline for each method;
- Providing a written notice of revocation to our Corporate Secretary at TeleTech Holdings, Inc., 9197 South Peoria Street, Englewood, Colorado 80112 prior to your shares being voted; or
- Attending the Annual Meeting and voting in person. Your attendance at the meeting alone will not cause your previously granted proxy to be revoked unless you specifically so request before the taking of the vote.

For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, bank, trustee or nominee following the instructions they provided, or, if you have obtained a legal proxy from your broker, bank, trustee or nominee giving you the right to vote your shares, by attending the Annual Meeting and voting in person.

Will shares I hold in my brokerage account be voted if I do not provide timely voting instructions?

If your shares are held through a brokerage firm, they will be voted as you instruct on the voting instruction card provided by your broker. If you sign and return your card without giving specific instructions, your shares will be voted in accordance with the recommendations of our Board of Directors.

If you do not provide timely instructions as to how your brokerage shares are to be voted, your broker will have the authority to vote them only on the ratification of our independent registered public accounting firm. Your broker will be prohibited from voting your shares on the election of directors, and the advisory approval of our executive compensation. These broker non-votes will be counted only for the purpose of determining whether a quorum is present at the meeting and not as votes cast.

Will shares that I own as a stockholder of record be voted if I do not return my proxy card in a timely manner?

Shares that you own as a stockholder of record will be voted as you instruct on your proxy card. If you sign and return your proxy card without giving specific instructions, they will be voted in accordance with the recommendations of our Board of Directors. If you do not return your proxy card in a timely manner, your shares will not be voted unless you or your proxy holder attends the Annual Meeting and vote in person.

What is required to conduct the business of the Annual Meeting?

In order to conduct business at the Annual Meeting, a quorum of a majority of the outstanding shares of common stock entitled to vote as of the record date must be present in person or represented by proxy. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.

How many votes are required to approve each proposal?

Directors are elected by a plurality of the votes cast. This means that the seven individuals nominated for election to the Board of Directors who receive the most FOR votes (among votes properly cast in person, electronically, telephonically or by proxy) will be elected.

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock present in person or represented by proxy at the meeting and entitled to vote is required to approve the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm and to re-approve our 2010 Equity Plan, previously approved by the stockholders in 2010.

The vote on executive compensation is advisory and non-binding, but we will consider stockholders to have approved the compensation of our named executive officers if the number of votes cast FOR the proposal exceeds the number of votes cast AGAINST the proposal.

How are votes counted?

Abstentions will be treated as shares that are present and entitled to vote and will consequently have the effect of a vote AGAINST the particular matter, except in the case of the vote on executive compensation for which an abstention will have no effect. Votes withheld from a director nominee will have no effect on the election of the director from whom votes are withheld. If a broker indicates on the proxy card that it does not have discretionary authority to vote certain shares on a particular matter, it is referred to as a broker non-vote. Broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but will not be considered as voted for the purpose of determining the approval of the particular matter.

Table of Contents

If I own or hold shares in a brokerage account, can my broker vote my shares for me?

The election of directors and the executive compensation vote are matters on which brokers do not have discretionary authority to vote. Thus, if your shares are held in a brokerage account and you do not provide instructions as to how your shares are to be voted on these proposals, your broker or other nominee will not be able to vote your shares on these matters. Accordingly, we urge you to provide instructions to your broker or nominee so that your votes may be counted. You should vote your shares by following the instructions provided on the voting instruction card that you receive from your broker.

I share an address with another stockholder, how will we receive our proxy materials?

For stockholders of record, we have adopted a procedure called householding, which the U.S. Securities and Exchange Commission has approved. Under this procedure, we are delivering a single copy of the Notice of Availability and, if applicable, this Proxy Statement and the 2014 Annual Report on Form 10-K to multiple stockholders who share the same address unless we have received contrary instructions from one or more of the stockholders. This procedure reduces our printing and mailing costs and the impact of printing and mailing these materials on the environment. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or verbal request, we will deliver promptly a separate copy of the Notice of Availability and, if applicable, this Proxy Statement and the 2014 Annual Report on Form 10-K to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy of the Notice of Availability and, if applicable, this Proxy Statement or the 2014 Annual Report on Form 10-K, or to request delivery of a single copy of these materials if multiple copies are currently being delivered, stockholders may contact us at TeleTech Holdings, Inc., 9197 South Peoria Street, Englewood, Colorado 80112, Attention: Investor Relations, or by calling 1.800.TELETECH (1.800.835.3832). Outside of the U.S., please dial +1.303.397.8100.

Stockholders who hold shares in street name (as described above) may contact their brokerage firm, bank, broker-dealer or other similar organization to request information about householding.

How can I attend the Annual Meeting?

If you plan to attend the Annual Meeting, please mark the appropriate box on the proxy card and return the proxy card promptly. The admission ticket for the meeting will be forwarded to you. If you are a stockholder of record and arrive at the Annual Meeting without an admission ticket, we will have to verify your share ownership before you are admitted to the meeting. If you are a beneficial owner, you will only be admitted upon presentation of evidence of your beneficial holdings, such as a bank or brokerage firm account statement.

How can I see the list of stockholders entitled to vote?

A complete list of stockholders entitled to vote at the Annual Meeting will be available for examination by any stockholder, for any purpose germane to the meeting, at the Annual Meeting and at our principal office located at 9197 South Peoria Street, Englewood,

Colorado 80112 during normal business hours for a period of at least 10 days prior to the Annual Meeting.

What happens if additional items of business are presented at the Annual Meeting?

We are not aware of any item that may be voted on at the Annual Meeting that is not described in this Proxy Statement. However, the holders of the proxies that we are soliciting will have the discretion to vote them in accordance with their best judgment on any additional matters that may be voted on, including matters incidental to the conduct of the meeting.

Is my vote confidential?

Stockholders may elect that their identity and individual vote be held confidential by marking the appropriate box on their proxy card or ballot. Confidentiality will not apply to the extent that voting disclosure is required by law or is necessary or appropriate to assert or defend any claim relating to voting. Confidentiality also will not apply with respect to any matter for which votes are solicited in opposition to the director nominees or voting recommendations of our Board of Directors, unless the persons engaging in the opposing solicitation provide stockholders with voting confidentiality comparable to that which we provide.

Where can I find the voting results?

We expect to announce preliminary voting results at the Annual Meeting and to publish final results in a Current Report on Form 8-K that we will file with the U.S. Securities and Exchange Commission within four business days following the meeting. The report will be available on our website at teletech.com under the Investors and SEC Filings tabs.

CORPORATE GOVERNANCE

TeleTech is committed to best practices in corporate governance. The Company is governed by our Board of Directors. The role of the Board includes:

- Oversight of the Company's management;
- Appointment of the Chief Executive Officer;
- Goal setting for and overseeing performance of the Company's executive management team;

Edgar Filing: TELETECH HOLDINGS INC - Form DEF 14A

- Management succession planning;
- Oversight of effective corporate governance, including selecting and recommending for stockholder approval nominees for the Board of Directors;
- Assessment of Board performance;
- Board succession planning;
- Forming and staffing Board committees;
- Review and oversight of the development and implementation of the Company's annual strategic, financial, and operations plans and budgets;
- Assessment and monitoring of Company's risk and risk management practices;
- Review and approval of significant corporate actions;
- Monitoring of processes designed to assure TeleTech's integrity and transparency to its stakeholders, including financial reporting, compliance with legal and regulatory obligations, maintenance of confidential channels to report concerns about violations of laws and policies, and protection against reprisals for those who report such violations;
- Oversight of the relationship between the Company and its stockholders; and
- Support for the Company's commitment to its corporate responsibility and sustainable business.

Board Leadership Structure

Edgar Filing: TELETECH HOLDINGS INC - Form DEF 14A

Our Board is led by TeleTech's founder, Mr. Kenneth D. Tuchman, who serves as the Chairman of the Board. Mr. Tuchman is also TeleTech's Chief Executive Officer. The Board retains the flexibility to determine from time to time whether the position of the Chief Executive Officer and the Chairman of the Board should be combined or separated, whether an independent director should serve as Chairman of the Board, and whether to appoint a lead independent director to serve as a liaison between independent directors and the Chairman.

At present, the Board believes that the Company is best served by having Mr. Tuchman serve as both the Company's Chairman of the Board and Chief Executive Officer. The Board's view is based on the facts that Mr. Tuchman beneficially owns more than 65 percent of the outstanding equity in the Company, has a unique insight into the Company's customer engagement solutions strategy as an industry innovator and the Company founder, and is intimately involved in the day to day strategic direction of the Company.

Table of Contents

Since the size of the Company's Board is relatively small and each independent director has unrestricted access to Mr. Tuchman and the Company's management, the independent members of the Board do not currently perceive the need for an appointment of a lead independent director. Our Board also believes that appointing a lead independent director may serve to create a potential conflict among the directors and interfere with the current collaborative environment in the boardroom that permits the Board to leverage the knowledge and experience of each Board member to drive strategic initiatives necessary to support the Company's transformation from a business process outsourcing provider to an integrated consulting, technology, growth and customer care services company.

With the exception of Mr. Tuchman and Mr. Barlett, who is the Board's executive Vice Chairman, all of our other directors are independent.

The Board is aware of the potential conflicts that may arise in having Mr. Tuchman, the Company's largest and controlling stockholder, serve as the Chairman of the Board, but believes that there are adequate governance safeguards in place to mitigate against such risks. Such safeguards include, but are not limited to,

- The Board and Board committees hold executive sessions comprised entirely of the independent directors.
- Board members have unrestricted access to independent consultants including legal counsel.
- During 2014, six of eight (now five of seven) directors were independent on our Board.
- Our Board members and executives have a share holding guideline consistent with industry best practices.
- Our Compensation Committee, comprised entirely of independent directors, makes all executive management compensation determinations based on individual manager's performance and input from independent compensation consultants.
- Our Board and its committees perform an annual self-assessment and act on its findings.
- Our Compensation Committee retains an independent compensation consultant when it deems this appropriate.
- Our Board published Corporate Governance Guidelines to communicate to the stockholders and other stakeholders how the Company is governed.

Although we qualify as a controlled company under the listing rules of the NASDAQ Stock Market, the company elects not to avail itself of governance exceptions available to controlled companies under these rules. Specifically, a majority of our Board of Directors is independent and our Board's committees, including our Audit Committee, our Nominating and Governance Committee, and our Compensation Committee are comprised solely of independent directors, even though the company is exempt from these corporate governance requirements as a controlled company.

Lastly, our Board has in the past demonstrated the independence necessary to address potential conflicts of interest through the use of special ad hoc committees to address specific matters when they arise or requesting that the Chairman abstain from deliberations and voting on certain decisions that may represent a conflict with his controlling stockholdings in the Company.

Board Participation in 2014

- Five Board meetings held in 2014
- Acted by unanimous written consent twice
- Each director attended at least 75 percent of all Board and relevant committee meetings
- Eight directors attended our Annual Meeting of Stockholders in 2014

Board Risk Oversight

While our executive officers are responsible for day-to-day management of TeleTech risk, our Board oversees and monitors our enterprise risk management (ERM) practices in the course of its ongoing review of the Company's strategy, business plans, risk management and risk transfer programs. The Board recognizes that certain risk taking is essential for any company to stay competitive. It is the view of the Board, however, that the risk taking must be reasoned and measured, and must be evaluated and mitigated appropriately. To this end, the Board as a whole and through its committees actively participates in the oversight of the Company's ERM program.

In 2014, the Board's ERM oversight primarily focused on, but was not limited to, the following areas; (i) the oversight of the Company's strategy and long term growth plans; (ii) executive management and Board succession planning; (iii) oversight of the M&A activities and how they reflected the Company's long term strategy; (iv) the Company's information security preparedness; (v) its financial and operational performance, and (vi) its regulatory compliance. The responsibility for managing each of these high priority risks, as identified by the ERM process, was assigned to one or more members of the executive management team. The Board has delegated the oversight of certain categories of risk management to designated Board committees, which report to the Board on matters related to the specific areas of risk they oversee.

Table of Contents

Board/Committee	Primary Areas of Risk Oversight
Full Board	Enterprise risk management structure; strategic risk associated with TeleTech's business plan; major litigation; significant capital transactions, including M&A, technology investment and divestitures; capital structure risks, and CEO and management succession planning.
Audit Committee	Risks of financial reporting and disclosure; major financial exposure risks; significant IT risks, including Information Security risks; ethics and compliance risks, including regulatory and legal; currency exposure; liquidity risks; related party transactions.
Compensation Committee	Executive recruiting, retention, and succession planning; compensation policies and practices, including incentive compensation; health and welfare benefits programs. Assessment of the risks associated with compensation policies and practices applicable to TeleTech's employees to determine if such policies and practices are reasonably likely to have a material adverse effect on TeleTech.
Nominating and Governance Committee	Corporate governance risks; effectiveness of Board's and Committees' oversight and performance; Board succession, candidate nomination and succession planning; conflicts of interest; director independence.

The Board and its committees periodically request and receive comprehensive reports from key Company functions, including finance, treasury, tax, legal and information security; and have the opportunity to assess risk exposures of the business in these specific functional areas. The Audit Committee, with assistance and input from management, conducts an annual enterprise-wide risk assessment and adopts the Company's annual internal audit plan, designed to test business processes that may represent special risk exposures to the Company. The Audit Committee quarterly reviews the results of internal audits and actively monitors the progress of recommended remedial and mitigation plans. In addition to the Company's ERM and internal audit processes, the Board and the Audit Committee monitor and oversee the Company's periodic assessment of the effectiveness of its internal controls.

To ensure that the Company's compensation practices and policies do not have an adverse material effect on the Company and its business, the Compensation Committee annually reviews TeleTech's executive compensation programs for inherent risks and alignment with the Company's objectives. The Committee receives periodic reports from the Company's human capital and legal departments on steps that TeleTech takes to anticipate and mitigate any potential risks in long and short term incentive and performance-based compensation programs. The Compensation Committee believes that executive compensation should be contingent on performance relative to targets and business plans. It expects TeleTech senior executives to achieve these targets in a manner consistent with TeleTech's values, ethical standards and policies. The Board engages in periodic discussions with management on how to maximize executives' performance through compensation incentives without creating unreasonable risks to the business. For additional information on TeleTech compensation programs' risks, please review section titled [Executive Compensation Compensation Discussion and Analysis](#), in these proxy materials.

The Audit Committee evaluates the independence, qualifications and performance of TeleTech's internal audit function and annually approves the Company's internal audit plan. AUDIT COMMITTEE REPORT

The TeleTech Audit Committee of the Board (the Audit Committee) is comprised entirely of independent directors who meet the independence requirements of the NASDAQ Stock Market's Listing Rules and the U.S. Securities and Exchange Commission. The Committee operates pursuant to a charter that is reviewed annually and updated to comply with the relevant regulatory requirements. The Committee charter is available in the Investor Relations section of our website at http://www.teletech.com/sites/default/files/audit_committee_charter.pdf.

In performing its functions, the Audit Committee acts in an oversight capacity: the Committee is responsible for overseeing TeleTech's financial reporting process and internal control structure on behalf of the Company's Board of Directors, while

Edgar Filing: TELETECH HOLDINGS INC - Form DEF 14A

management is responsible for the preparation, presentation, and integrity of the financial statements and the effectiveness of TeleTech's internal control over financial reporting. TeleTech's independent auditors, PricewaterhouseCoopers LLC (PwC) are responsible for auditing TeleTech financial statements and providing an opinion on the conformity of TeleTech's consolidated financial statements with generally accepted accounting principles and the effectiveness of TeleTech's internal control over financial reporting.

Table of Contents

As part of its oversight function, the Committee reviews TeleTech's quarterly and annual reports on Form 10-Q and Form 10-K prior to their filing with the U.S. Securities and Exchange Commission, and has detailed discussions with management about the quality and reasonableness of significant accounting judgments and estimates, and the clarity of disclosures in the financial statements. In addressing the quality of management's accounting judgments, the Audit Committee asks for management's representations and reviews certifications prepared by the Chairman and Chief Executive Officer, and the Chief Financial Officer that the unaudited quarterly and audited annual consolidated financial statements of the company fairly present, in all material respects, the financial condition, results of operations and cash flows of TeleTech. As part of TeleTech's enterprise risk management program, the Audit Committee also periodically reviews the status of TeleTech's key risks and risk mitigation activities, including its cyber security risks, and the steps TeleTech takes to protect its systems and information against possible cyber-attacks. It also receives periodic status reports on the effectiveness of the Company's treasury function, including its foreign exchange exposure management, its tax planning practices, and its acquisition integration activities.

In 2014, the Audit Committee held seven meetings. The Audit Committee's agenda is set by the Audit Committee's chairperson in consultation with the Company's Chief Financial Officer. During 2014, at each of its regularly scheduled meetings, the Audit Committee met with the senior members of TeleTech's financial management team, and, when appropriate, had separate private sessions, with the Company's Chief Financial Officer, General Counsel, head of internal audit, and PwC, to discuss financial management, legal, accounting, auditing, and internal control issues. Periodically during the year, the Committee also reviewed with senior management and the independent auditors the overall adequacy and effectiveness of the Company's legal, regulatory and ethical compliance programs, including the Company's code of business conduct (*Ethics Code: How TeleTech Does Business*), and the Ethics Code for Executive and Senior Financial Officers.

As part of its oversight responsibilities, the Audit Committee also oversees the Company's annual audit by its independent auditors, PwC, including their audit approach and audit plan; and whether the provision of minor non-audit services was compatible with the auditors' independence. Each year, the Audit Committee evaluates the performance of PwC and its senior engagement team as TeleTech's independent auditors, in order to determine whether to re-engage them for the coming year. In doing so, the Audit Committee considers the quality and efficiency of the services provided by the auditors, the auditors' global capabilities, the auditors' technical expertise, tenure as TeleTech's independent auditors, and knowledge of the Company's global operations and industry. Based on this evaluation, the Audit Committee decided to engage PwC as TeleTech's independent auditors for the year ended December 31, 2014. This appointment was ratified by TeleTech stockholders at the 2014 Annual Stockholders Meeting. In 2014, the Audit Committee considered the fees charged by PwC for the audit services, and determined them to be reasonable and adequate to ensure a comprehensive audit.

The Audit Committee reviewed and discussed with management TeleTech's audited annual consolidated financial statements. Based on this review, the discussions referenced above about the quality and reasonableness of management's significant accounting judgments, and in reliance on the reports and opinions of the independent auditors, the Committee unanimously recommended to the TeleTech Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014.

The Audit Committee also discussed with the independent auditors those matters required to be discussed under the rules adopted by the Public Company Accounting Oversight Board (the PCAOB). The Audit Committee received written disclosures from the independent auditors required by applicable PCAOB requirements regarding the independent auditors' communication with the Audit Committee concerning their independence.

Starting in 2015, the senior engagement partner for PwC audit team had to rotate off TeleTech's account, as part of mandatory rotation schedule. Therefore, in 2014, in addition to reviewing PwC's performance, the Audit Committee also vetted PwC's

Edgar Filing: TELETECH HOLDINGS INC - Form DEF 14A

proposed new engagement partner and key audit team personnel, to consider their suitability for TeleTech's independent audit needs. As a result of this review, the Committee determined that the proposed audit team, supported by PwC's partners experienced with TeleTech operations in key countries where TeleTech has material operations, and other PwC subject matter experts, have the appropriate level of professional expertise to oversee the conduct of the TeleTech annual independent audit. Although the Audit Committee has the sole authority to appoint the independent auditors, the Committee will continue its long-standing practice of recommending that the Board ask the stockholders, at their annual meeting, to ratify the appointment of the independent auditors (see Proposal 2 beginning on page 38).

STOCK OWNERSHIP OF DIRECTORS, MANAGEMENT AND CERTAIN BENEFICIAL OWNERS

The table below sets forth information, as of March 31, 2015, concerning the beneficial ownership of the following persons and entities:

- Each person or entity known to us to beneficially own more than five percent of our outstanding common stock;
- Each of our directors and nominees for our Board;
- Each of our named executive officers; and
- All of our current directors and executive officers as a group.

We have determined beneficial ownership in accordance with U.S. SECURITIES AND EXCHANGE COMMISSION rules. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons and entities named in the table below have sole voting and/or investment power with respect to all shares of common stock that they beneficially own, subject to applicable community property laws.

Applicable percentage ownership is based on 48,366,272 shares of common stock outstanding at March 31, 2015. In computing the number of shares of common stock beneficially owned by a person or entity and the percentage ownership of that person or entity in accordance with U.S. Securities and Exchange Commission rules, we deemed outstanding shares of common stock: (1) subject to stock options held by that person that are currently exercisable or exercisable within 60 days of March 31, 2015; and (2) issuable upon the vesting of Restricted Stock Units (RSUs) within 60 days of March 31, 2015. Also in accordance with U.S. Securities and Exchange Commission rules, we did not deem outstanding these two categories of shares of common stock for the purpose of computing the percentage ownership of any other person or entity.

The information provided in the table is based solely on our records, and information filed with the U.S. Securities and Exchange Commission with respect to the owners of our shares of common stock, except where otherwise noted. Unless otherwise indicated, the address of each beneficial owner listed in the table is c/o TeleTech Holdings, Inc., 9197 Peoria Street, Englewood, Colorado 80112.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, executive officers and holders of more than 10 percent of our common stock to file with the U.S. Securities and Exchange Commission reports regarding their ownership and changes in ownership of our equity securities. Based on our review of the Forms 3, 4 and 5 filed, we believe that, except as described below all our directors, executive officers and 10 percent stockholders filed all Section 16(a) reports on a timely basis during 2013. Ms. Regina M. Paolillo RSU grant of February 20, 2014 was not timely reflected on a Form 4 filing and resulted in a Form 5 filed with respect to this grant on January 30, 2015.

RELATED PARTY TRANSACTIONS

In accordance with our written Related Party Transaction Policy, the Audit Committee of the Board is responsible for reviewing and approving transactions required to be disclosed as a related party transaction under applicable law, including U.S. Securities and Exchange Commission rules (generally, transactions involving amounts in excess of \$120,000 in which a related person has a direct or indirect interest). TeleTech management monitors all related party transactions and reports on their status to the Audit Committee quarterly. TeleTech executive officers and directors complete a questionnaire during the first quarter of each fiscal year, in which they provide information about the terms of all their related party transactions (as defined in Item 404(a) of Regulation S-K) that occurred during the prior year and that are expected to occur during the current year. In reviewing related party transactions, the Audit Committee considers whether these transactions are executed at arm's length by reviewing all relevant facts and circumstances, including among others, the commercial reasonableness of the terms, the actual and perceived benefit to the Company, opportunity costs of alternate transactions, the materiality and character of the related party's interest, the actual and apparent conflict of interests, the impact on a director's independence (if the related party is a director, an immediate family member of a director, or an entity controlled by a director) and the terms on which a similar transaction can be secured from unrelated third parties.

During 2014, TeleTech has undertaken the following related party transactions subject to disclosure:

Avion, LLC. TeleTech continued the agreement for aircraft leasing arrangements with Avion, owned 100 percent by Mr. Tuchman, our Chairman and CEO. During 2014, we paid Avion an aggregate of \$560,000 for services provided to us.

AirMax, LLC. TeleTech has an agreement for aircraft operations and maintenance services with AirMax, which is beneficially owned by Mr. Tuchman, our Chairman and CEO. During 2014, we paid AirMax approximately \$467,000 for services provided to us.

Convercent. In 2014, the Company engaged Convercent, a learning management platform and compliance software company, majority owned by a company controlled by Mr. Tuchman, our Chairman and CEO, to provide learning management services for the launch of our ethics and other regulatory training campaigns. Subject to successful launch in 2014, TeleTech also agreed to utilize Convercent's service for its confidential web- and telephony-based hotline program. During 2014, TeleTech paid Convercent \$20,000 for its services; and we expect to pay Convercent \$100,000 each in 2015 and 2016.

Compensation Discussion and Analysis

In this section, we discuss our compensation philosophy and describe the 2014 compensation program for our Chief Executive Officer, Chief Financial Officer, and three additional highest compensated members of our executive leadership team, whom we refer to as our named executive officers (NEOs). We describe compensation earned by each of our named executive officers and explain how our Compensation Committee of the Board determined this compensation, including its rationale for specific 2014 compensation decisions.

2014 TeleTech Performance Highlights

In 2014, we had the following performance highlights:

- Operating income was \$96.5 million, a 4.9 percent decrease year over year.
- The operating margin was 7.8 percent of revenue, down from 8.5 percent in the prior year. The factors that contributed to the operating margin decline included 0.2 percent increase in the acquisition-related amortization expense, 0.7 percent in planned incremental investment in sales and R&D, and a 1.2 percent impact from the variability in our technology services segment, as we repositioned the business for sustained profitable growth.
- Our net cash from operations decreased to \$94.1 million compared to \$138 million in the prior year.
- Our diluted earnings per share were \$1.44 compared to \$1.29 in the prior year, an 11.6 percent increase year over year.
- In 2014, we booked \$440 million in new business compared to \$365 million in 2013, a 21 percent increase year over year. The bookings mix was diversified across all business verticals with approximately 92 percent coming from existing clients, 48 percent from emerging businesses and 20 percent from clients based outside of the United States.
- In 2014, we continued to invest in technology innovation, analytics, cloud computing and digital marketing. We also invest in businesses that accelerate our strategy. In 2014, we acquired Sofica Group, a Bulgarian multi-lingual customer management services company, and rogenSi, a global leadership, change management and sales consulting company.

2014 Executive Compensation Summary

Our executive compensation program is designed to reward financial results and effective strategic leadership, which we believe are key elements in building sustainable value for stockholders. Our compensation program's performance metrics align the interests of our stockholders and senior executives by correlating the timing and amount of actual pay to the Company's short- and long-term performance goals. Our compensation program requires ethical and responsible conduct in pursuit of these goals and the alignment of our leaders with TeleTech's vision, mission and values.

We carefully benchmark our compensation decisions against a relevant group of peer companies—all of which are our potential competitors for the caliber of executive talent required to manage a global and complex business like TeleTech.

Our executive compensation program includes three principle elements:

Compensation Element	Purpose
• Base Salary	• Provides competitive fixed dollar compensation aligned to the median of our peer group.
• Annual Performance-Based Cash Incentive Awards	• Provides <i>at risk</i> annual variable cash consideration that aligns executive compensation to the Company and individual achievements of short-term (annual) performance objectives, as established by the Board of Directors. This short-term variable cash compensation element is targeted at the 75th percentile of our peer group.
• Annual Equity Grants	• Provides <i>at risk</i> long-term variable compensation opportunity. Awarded annually, this incentive compensation is based on the individual's performance and the Company's performance in the year granted, but links directly the Company's performance over time as equity vests. This long-term variable compensation element is targeted at the 75th percentile of our peer group.

¹ Mr. Shepherd resigned from TeleTech effective January 31, 2015.

2 Mr. Shepherd resigned from TeleTech effective January 31, 2015.

The mix of base and variable, *at risk*, compensation for 2014 was as follows:

CONSIDERATION OF LAST YEAR'S SAY-ON-PAY VOTE

At our 2014 Annual Meeting of Stockholders, 99.27 percent of the votes cast in our stockholder advisory vote (our say-on-pay vote) approved the compensation of our named executive officers. In light of this stockholder support, the Compensation Committee made no significant changes to the overall design of our compensation programs during 2014. The Compensation Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for our named

executive officers.

The Compensation Committee considered, and will continue to consider, refinements and supplements to the current executive compensation structure to stay current on compensation market trends and to make sure that TeleTech's executive compensation aligns the interest of the executive leadership team with the interests of the Company's stockholders.

EXECUTIVE LEADERSHIP TEAM COMPENSATION APPROACH AND STRUCTURE

Our Approach to Executive Leadership Compensation

We structure our executive compensation to attract and retain executive talent that can maximize our performance results. Our compensation program is designed to motivate our executive leadership team to remain focused on delivering superior performance that creates long-term investor value. Our executive compensation program also places significant weight on how our leaders align their conduct with TeleTech's vision, mission and values, as they achieve their personal and the Company's performance goals.

Our Compensation Practices Include:

Pay for Performance. We encourage a results-oriented culture through pay-for-performance compensation, and annually review executive compensation against Company performance and its annual goals.

Competitive Compensation Targets. We target executive base compensation at the median of our peer group, and the *at risk* variable compensation opportunities at 75th percentile of compensation offered by our competitors.

Rigorous Performance Metrics. The Compensation Committee annually reviews and re-sets executive performance targets to assure that they appropriately reflect the goals of the business and are challenging, but achievable.

Stockholder Alignment. Through our compensation practices, we align the interests of our named executive officers and our stockholders to maximize long-term performance goals of the Company.

Affordability of Rewards. We ensure that our rewards are affordable by aligning them to the Company's results of operation as they compare to our annual business plan.

Significant *at risk* Component. We structure our compensation programs with a significant portion of variable *at risk* component to ensure that the actual compensation realized by named executive officers directly and demonstrably links to individual and companywide performance.

Share Ownership Guidelines. Our Chief Executive Officer and Chief Financial Officer are expected to hold TeleTech equity in the amount of at least 3 times their base compensation; while other members of the executive leadership team, including all NEOs, are expected to hold equity equal to 2.5 times their base compensation.

Restrictive Covenants. Members of our executive leadership team are subject to market appropriate restrictive covenants, effective on separation from TeleTech. These restrictive covenants include non-competition, client and employee non-solicitation, and non-disclosure obligations.

Individual Accountability. Our compensation program is designed to ensure that our named executive officers remain focused on individual operational and financial goals to build the foundation for our long-term success.

Review of Compensation Peer Group. Our Compensation Committee reviews and adjusts, when necessary, our compensation peer group annually to make sure that it remains relevant and appropriate as a comparison for our executive compensation program.

Table of Contents**Executive Leadership Team Compensation Structure**

To achieve its overarching objectives, our executive compensation program consists of the following three principle elements:

Compensation Element	Characteristics	Purpose	Philosophy
Base salary	Fixed annual compensation that provides a competitive level of base compensation.	Compensate senior executives for their level of experience and responsibility.	We believe base salary should be competitive, and we target it at the 50th percentile of our peer group.
Annual performance-based cash incentive awards	Variable annual cash compensation opportunity funded based on objective Company performance targets (revenue and operating income) and paid based on subjective measures of individual performance.	Motivate and reward senior executive for performance against short-term Company goals.	We believe in providing appropriate incentive to drive the Company's short-term financial and operational objectives. This incentive opportunity is targeted at the 75th percentile of our peer group.
Equity awards	Variable equity compensation granted annually, usually, in the form of restricted stock units (RSUs) or stock options. While the awards are based on the individual performance and the Company's performance in the year granted, the incentive links directly to the Company's performance over time as equity vests.	Motivates and retains senior executives during the multi-year vesting period and focuses them on longer term performance objectives by aligning their interests with those of our stockholders through the vesting period.	We believe that equity grants that vest over multiple years encourage the executive management team to focus on the long-term stock value appreciation. The incentive provides a market competitive equity grant targeted at 75th percentile of our peer group.

In addition to these primary components of compensation, our senior executives are also eligible to participate in our general health and welfare programs, 401(k) plan, life insurance program and other employee benefit programs. Although to be competitive, we pay as perquisites all or a portion of certain named executive officers' healthcare premiums, we believe that perquisites should be limited in scope and value, and, historically, they have not constituted a significant portion of executive compensation.

OVERSIGHT OF OUR EXECUTIVE COMPENSATION PROGRAM**Role of the Compensation Committee**

Our Compensation Committee determines all compensation for members of our executive leadership team, including our named executive officers, on an annual basis. In doing so, the Compensation Committee:

Edgar Filing: TELETECH HOLDINGS INC - Form DEF 14A

- Evaluates the compensation received during the year by each executive, and considers the Company's performance, the individual performance of each executive and his/her skills, experience and responsibilities to determine if any change in the executive's compensation is appropriate.
- Reviews with the Chief Executive Officer the performance of the other named executive officers.
- Reviews peer group data and the advice of the compensation consultant as a measure of the competitive market for executive talent in our industry.
- Considers the executive's contribution to the Company's overall operating effectiveness, strategic success and profitability, and considers the quality of the executive's decision making.
- Considers the executive's role in developing and maintaining key client relationships.
- Considers the Company's financial results for the year and how the executive contributed to these results, but does not adhere to strict formulas to determine the mix of base salary, equity grants, and cash incentives.
- Evaluates the level of responsibility, scope, and complexity of such executive's position relative to other Company executives.
- Determines the composition and amount of compensation for each named executive officer and uses its subjective judgment in determining the amount of each compensation element in order to retain and motivate current executives.
- Assesses the executive's leadership growth and management development over the past year.

The Compensation Committee utilizes these subjective factors because it believes they are critical to increasing stockholder value. These factors are not quantified or weighted for importance; and the Compensation Committee's use of these factors is tied directly to the individual role and the responsibilities of each executive officer. For example, greater weight may be given to the role of developing and maintaining key client relationships for the Executive Vice President, Global Markets and Industries due to his responsibilities for overseeing sales operations, while greater weight will be given to contribution to our overall operating effectiveness, strategic success and profitability, and completion of strategic projects, among other factors, for the Chief Financial Officer, given her responsibilities relating to our financial performance and growth.

Table of Contents

Funding for performance-based cash incentives and our equity grants are based on objective Company performance targets set at the beginning of each year. As a result, there is uncertainty with respect to the achievement of these funding targets at the time they are set. The Compensation Committee has the authority to modify the funding for these variable incentives, in its sole discretion, when material changes in the business warrant it.

Our ability to achieve the funding target is heavily dependent not only on factors within our control, but also on current economic conditions, foreign exchange rate movements, weather events, and other performance variables outside of our control. In measuring our performance against pre-determined performance targets, the Compensation Committee may make (and over the years has made) adjustments to these targets for items outside of the executive leadership team's control.

In addition to its discretion with respect to the performance-based cash incentives and equity grants, the Compensation Committee may from time to time determine that funding should be provided outside of the objective Company performance criteria to fund discretionary bonuses to retain or to reward executive officers for their exceptional efforts (measured on an individual, subjective basis) during those years in which our actual performance resulted in a lower than anticipated level of funding for the variable incentives. Although the Committee has this discretion, it utilizes it infrequently to maintain the integrity of the Company's compensation structure and philosophy.

Because they include material subjective components, our performance-based cash incentives do not meet the requirements for exempt performance-based compensation under Section 162(m) of the Internal Revenue Code. In the future, the Compensation Committee will continue to consider whether to make awards that satisfy the qualified performance-based compensation requirements of Section 162(m) in order to maximize tax deductibility of executive compensation, while balancing the interests of our stockholders and the most appropriate methods and approaches for the design and delivery of compensation to our named executive officers.

How We Use Compensation Consultants

From time to time, at its discretion, the Compensation Committee retains services of compensation consultants, law firms and other professionals, on an as-needed basis, to act as independent advisors to the Compensation Committee. In selecting its consultants, the Committee takes measures to assure that no member of our Board or any named executive officer has any affiliations with such consultants. The Committee requires that all its consultants provide it with annual certification of their independence.

In 2014, the Compensation Committee utilized the services of Compensia, Inc., an executive compensation consulting firm (*Compensia*). The Committee did not use services of other advisors in 2014, but they were available to the Committee as directed by the Committee chair.

Compensia

Edgar Filing: TELETECH HOLDINGS INC - Form DEF 14A

At least every other year, *Compensia* provides the Compensation Committee with independent compensation advice on various aspects of executive compensation, including:

- A periodic review of our compensation practices, trends and philosophy;
- A review of our equity award and cash incentive programs; and
- A competitive assessment of our executive compensation levels and pay-for-performance linkage;
- Assistance in developing recommendations for compensation for our executive officers, including our named executive officers.
- An analysis of peer group companies that compete with us and that follow similar compensation models, along with benchmark compensation and benefits data for the peer group;

When asked to provide advice to the Compensation Committee, *Compensia* takes its direction solely from, and provides reports to, the Compensation Committee, or members of our human capital department at the direction of and on behalf of the Compensation Committee. All costs of *Compensia*'s services are paid by the Company at the direction of the Compensation Committee chair. Although *Compensia* provides recommendations on the structure of our compensation programs, *Compensia* does not determine the amount or form of compensation for any of our named executive officers. From time to time, *Compensia* also provides advice to the Company. In 2014, the Company used *Compensia* to complete an independent executive compensation review. We do not use *Compensia* for services outside of executive compensation. At the request of the Compensation Committee, *Compensia* annually confirms its independence in writing to the Compensation Committee as it did in 2014.

The Compensation Committee selected this peer group because the companies in the group are in the same or similar industries, compete with us for executive talent, follow similar compensation models and are of a similar size. The Compensation Committee reviews the compensation practices of this peer group to effectively design compensation arrangements to attract new executives in our highly competitive, rapidly changing markets and to confirm proper levels of compensation for our named executive officers.

This peer group data for executive officers performing the same or similar roles is one factor the Compensation Committee uses in establishing named executive officer base salaries (which, in 2014, the Compensation Committee targeted at the 50th percentile of the peer group), and performance-based cash incentive and equity grants (which, in 2014, the Compensation Committee targeted at the 75th percentile of the peer group), and in otherwise determining the overall mix of equity grants, cash incentives, and base salaries for executive compensation. The Compensation Committee does not adhere to strict formulas, benchmarking or its review of this peer group data to determine the mix of our executive s compensation elements. The peer group data is not a definitive or dispositive factor in the Compensation Committee s compensation decisions.

CEO COMPENSATION

Mr. Tuchman, our Chief Executive Officer, beneficially owns over 65 percent of the Company. His interest in the Company s performance, therefore, is very closely and personally aligned with that of our other stockholders. Mr. Tuchman believes that compensation for his services should be in the form of a return on his investment in the Company. At Mr. Tuchman s request, the Compensation Committee approved Mr. Tuchman s base salary to be \$1 per year. Mr. Tuchman s salary has remained at this level since 2012. Prior to the Committee s determination of any incentive awards for 2014, Mr. Tuchman advised the Compensation Committee that he did not desire to receive any cash incentive or equity grants.

2014 BASE SALARY COMPENSATION FOR NAMED EXECUTIVE OFFICERS

Edgar Filing: TELETECH HOLDINGS INC - Form DEF 14A

The Compensation Committee analyzed benchmarks for competitive base salaries using the peer group as described above, targeting the 50th percentile overall as the guide for executive leadership team's base salary. Based on these benchmarks, in 2014, the Compensation Committee approved a base salary increase for Martin F. DeGhetto from \$375,000 to \$400,000. In the first quarter of 2015, the Compensation Committee increased Regina M. Paolillo's salary from \$375,000 to \$400,000. The Committee determined that the base salaries for the other named executive officers were in line with targets, with the exception of Mr. Tuchman's base salary which has been set at \$1 based on Mr. Tuchman's request. Base salaries for our named executive officers during 2013, 2014 and for the remainder of 2015 have been and will be as follows:

Executive	Base Salary			Considerations for Base Salary Determination
	2015	2014	2013	
Kenneth D. Tuchman	\$ 1	\$ 1	\$ 1	As requested by Mr. Tuchman
Regina M. Paolillo	\$400,000	\$375,000	\$375,000	Based on complexity of the role and market benchmark
Martin F. DeGhetto	\$400,000	\$400,000	\$375,000	Adjusted per peer group
Judi A. Hand	\$350,000	\$350,000	\$350,000	Based on the role, performance and peer group
Brian A. Shepherd	- 1	\$450,000	\$450,000	As contractually agreed in 2013

1 Mr. Shepherd resigned his position at TeleTech effective January 31, 2015.

Table of Contents**2014 PERFORMANCE-BASED CASH INCENTIVE AWARD****Performance-Based Cash Incentives Funding Criteria**

The Compensation Committee of the Board resets the variable cash incentive award funding targets at the beginning of each year. In 2014, the Committee has selected revenue and operating income in setting our variable incentive funding targets because these targets are consistent with the Company's long-term growth objectives and align the interests of management with the interests of our stockholders. As part of its compensation philosophy, the Committee set reasonable stretch targets that are difficult to achieve, but which it believes are achievable.

For purposes of cash incentives paid in 2014 for 2013 performance, the Compensation Committee approved the award of \$1.55 million to named executive officers, based on their performance against 2013 revenue and operating income targets, as adjusted. The equitable adjustments to the 2013 results of operation, for variable cash incentive determination, were determined by the Compensation Committee for events outside of the Company's direct control, such as foreign exchange fluctuations not reasonably capable of being hedged, impacts of transaction costs of unbudgeted acquisitions and asset divestitures (including non-cash accounting treatment of such transactions), and acts of God (weather and natural disasters). The adjusted 2013 revenue and operating income results measured against the targets are as follows:

Performance-Based Cash Incentive Funding Metrics	2013 Target	2013 Performance	Adjusted 2013 Performance	Total 2014 Performance-Based Cash Award Funding for 2013 Performance
Annual Revenue	\$1.215 - 1.240 billion	\$ 1.19 billion	\$ 1.21 billion	
Operating Income	\$112.4 - 117.8 million	\$101.4 million	\$112.9 million	\$11.9 million

Achievement at the 100 percent level for annual revenue and operating income targets in 2013 would have resulted in the funding of the cash incentives for named executive officers at \$2.2 million. Failure to achieve minimum annual revenue and operating income targets in 2013 would have resulted in zero funding for the cash incentives. Because the Company's adjusted performance fell within the range of our 2013 targets, the amount of cash incentives paid to our named executive officers reflected our adjusted performance relative to our target range.

For purposes of cash incentives paid in 2015 for 2014 performance, the Compensation Committee approved the award of \$1.09 million to named executive officers, based on their achievement of 2014 revenue and operating income results, as adjusted, against the annual targets as shown in the table below. The equitable adjustments to the 2014 actual results were determined by the Compensation Committee by factoring in the strong performance of the overall business adjusted for the considerable challenges in the Customer Technology Services business segment which significantly missed its 2014 operating income targets due to execution and market factors. The Committee wished to balance the Company's commitment to use objective and pre-determined funding criteria with the positive momentum in the remaining business segments of the Company and the importance of rewarding and retaining high performing, critical talent while maintaining operating income performance consistent with the Company's guidance.

The adjusted 2014 revenue and operating income results measured against the targets as follows:

Performance-Based Cash Incentive Funding Metrics	2014 Target		2014 Performance	Adjusted 2014 Performance	Total 2015 Performance-Based Cash Award Funding for 2014 Performance
Annual Revenue	\$1.24	\$1.26 billion	\$ 1.24 billion	\$ 1.24 billion	
Operating Income	\$108	\$131 million	\$96.4 million	\$110.2 million	\$9.7 million

Achievement at the 100 percent level for annual revenue and operating income targets in 2014 would have resulted in the funding of the cash incentives at \$3.15 million to the named executive officers. Subject to the Compensation Committee adopting adjustments to the funding criteria for the 2014 performance-based incentive pool, the failure to achieve minimum annual revenue and operating income targets in 2014 would have resulted in zero funding of the cash incentives.

Individual Performance Targets and Awards for Performance-Based Cash Incentives

If and when any cash incentives are available, based on the overall performance of the Company, how the funds are allocated to each named executive officer is determined by the Compensation Committee, at its discretion, based on the recommendation of the Chief Executive Officer, and based on the Committee's view of the executive's contribution to the execution of the Company's strategic priorities as set forth below:

Strategic Priorities

- Deliver profitable top-line growth
- Continuously innovate customer experience
- Drive market adoption of emerging solutions
- Execute strategic and accretive acquisitions
- Enhance the TeleTech client and employee experiences

Performance Objectives

- New business signed and revenue growth
- Improved Operating Income and free cash flow
- Client satisfaction and retention
- Employee satisfaction and retention
- Overhead efficiency

Table of Contents

There is no formulaic tie between the Company's financial results and the amount of the cash incentives payable to individual executives under the variable cash incentive plan, once the minimum target levels of financial performance necessary to fund the plan, as determined by the Compensation Committee, are achieved by the Company.

Our cash incentives do not provide for the adjustment or recovery of amounts paid to a named executive officer if the results in a previous year are subsequently restated or adjusted in a manner that would have originally resulted in a smaller award.

Cash Incentives Paid in 2014

In 2014, Compensation Committee awarded cash incentives to the named executive officers for 2013 performance as follows:

Named Executive Officer	Target Cash Incentives	Cash Incentives Paid in	Basis for Cash Incentive Award

	Target	Actual	
Kenneth D. Tuchman	0% ¹	--	N/A

Brian A. Shepherd	125% ²	\$500,000	Based on a guaranteed bonus as reflected in Mr. Shepherd's employment contract.

¹ As noted elsewhere in these Proxy materials, Mr. Tuchman has elected to forego participation in the Company's discretionary cash incentive awards program.

² Represents a guaranteed bonus under Mr. Shepherd's employment agreements.

Cash Incentives Paid in 2015 With Respect to 2014 Performance

Edgar Filing: TELETECH HOLDINGS INC - Form DEF 14A

In February 2015, the Compensation Committee awarded cash incentives to the named executive officers for 2014 performance as follows:

Named Executive Officer	Target Cash Incentives % Base Salary Target	Cash Incentives Paid in 2015 with Respect to 2014 Performance Actual	Basis for Cash Incentive Award

Judi A. Hand	200%	\$325,000	Based on Ms. Hand's contribution to TeleTech's performance through the Customer Growth Services segment's 2014 performance.
Brian A. Shepherd	200%	\$0	Mr. Shepherd resigned his employment with TeleTech effective January 31, 2015.

¹ As noted elsewhere in these Proxy materials, Mr. Tuchman has elected to forego participation in the Company's discretionary cash incentive awards program.

Table of Contents**2014 Equity Grants**

In 2014, the Compensation Committee considered whether equity awards were warranted in light of the Company's performance, peer company benchmarks and each individual named executive officer's performance. Based on this review, the Committee determined to make restricted stock unit (RSU) grants to our named executive officers. The primary characteristics of the RSUs being granted were:

- Annual RSU grants vested in four-year increments with 25 percent of the award vesting on each of the award anniversary dates.
- RSUs provide a long-term incentive to balance shorter-term incentives provided by cash awards and base salaries.
- Executive officer must remain employed by the Company through the vesting date for each portion of the grant to vest.
- Vesting of RSUs may be affected by a change of control, as discussed below under *Executive Compensation Tables - Potential Payments upon Termination or Change in Control*.
- The awards are structured to have a strong retention value and align executives' interests to stockholders' interest over a longer term.

In 2014, the Compensation Committee made the following RSU grants to Ms. Paolillo, Mr. DeGhetto, Ms. Hand, and Mr. Shepherd. Ms. Paolillo's RSU grant vests in four installments over a five-year period with the first vesting of 40 percent of the grant occurring on the second anniversary of the grant and the remainder vesting in three equal installments on the third, fourth and fifth anniversaries of the grant. Mr. DeGhetto's, Ms. Hand's and Mr. Shepherd's grants vesting in four equal installments on each of the following four anniversaries of the grant through 2018, subject to continued employment with the Company.

Named Executive Officer	FMV 2014 RSU Grant	2014 RSU Grant	Considerations for 2014 Determination
Kenneth D. Tuchman		\$00 Shares	Mr. Tuchman requested that the Committee provide no equity grant for him in 2014.
Martin F. DeGhetto		\$999,99033,944 Shares	Mr. DeGhetto's award reflects the strong performance of Customer Management business segment.
Regina M. Paolillo		\$1,640,25075,000 Shares	Ms. Paolillo's grant was based on her performance in 2013 and the Committee's desire to compensate Ms. Paolillo for the forfeiture of her welcome grant that was performance based on metrics that were entirely outside of her control.
Judi A. Hand		Up to \$999,990TBD based on 2014 performance	Ms. Hand's award was performance based and aligned with specific revenue and operating income targets for Customer Growth Services business segment in 2014 further explained below.
Brian A. Shepherd		\$750,00025,458 Shares	Mr. Shepherd's award was made based on the Customer Strategy Services business segment performance in 2013.

The Compensation Committee considered Ms. Hand's 2013 performance and determined that her 2014 equity grant should be contingent on specific performance targets for the business segment that she runs. The Committee approved an RSU grant of up to \$1 million dollars in value, based on the 2014 performance of Customer Growth Services business segment that she is responsible for leading. The actual value of the grant that Ms. Hand would receive was to be based on the revenue and operating

income levels achieved by the Customer Growth Services segment in 2014 against targets, as established by the Committee. Like other RSU grants to named executive officers, Ms. Hand's grant vests in four equal annual installments through 2018, subject to continued employment with the company. Although the potential value of this award was up to \$1 million dollars, Ms. Hand's actual award resulted in 8,394 RSUs valued at \$247,238 at the time of the grant, based on the Customer Growth Services segment's 2014 revenue of \$115,433,634 and operating income of \$7,310,386.

Employment Agreements

From time to time, we have entered into employment agreements with senior executive officers, including three of our named executive officers: Messrs. Tuchman and Shepherd and Ms. Paolillo. As a matter of policy, the Company does not enter into employment agreements, except in circumstance when required to do so by law or in special circumstances when management believes that such agreements are necessary to attract an executive or retain an executive in light of market conditions. The Compensation Committee reviews, but is not required to approve, employment agreements with senior executive officers, except our Chief Executive Officer and Chief Financial Officer. The primary compensation terms of our employment agreements with those named executive officers who have the agreements are summarized below.

Table of Contents

Tuchman Agreement

- TeleTech entered into an employment agreement with Mr. Tuchman in 2001.
- Base Salary and Incentives. Pursuant to the terms of the agreement, Mr. Tuchman is entitled to base salary, annual cash and equity incentives. But beginning in 2012, Mr. Tuchman requested that the Compensation Committee limit his base compensation to \$1, and awarded him no annual cash or equity incentives.
- Benefits. Mr. Tuchman and members of his family are entitled to participate in all TeleTech employee benefits at company expense.
- Life Insurance. The Company agreed to provide Mr. Tuchman with \$4,000,000 term life insurance policy, premiums fully paid by the company. The policy is owned by Mr. Tuchman and may continue post termination of employment, subject to Mr. Tuchman paying all the premiums.
- Severance. Subject to customary releases, Mr. Tuchman is entitled to severance in the amount of 24 months of base pay, if he is terminated without cause or terminates his employment for good reason.
- Change in Control Provisions. The employment agreement provides for change in control provisions that result in accelerated vesting of all unvested equity awarded to Mr. Tuchman, subject to certain conditions that have been superseded by change in control provisions of specific equity grant documents (see, *Executive Compensation Tables - Potential Payments upon Termination or Change in Control section of the Proxy*).

Paolillo Agreement

- TeleTech entered into an employment agreement with Ms. Paolillo in 2011.
- Base Salary. Entitled to receive base salary of at least \$375,000 amended from time to time at Company's discretion (Ms. Paolillo's base salary has been adjusted by the Compensation Committee to \$400,000 effective 2015).
- Annual Cash Incentives. Guaranteed cash bonus during 2012, with the right to participate in annual incentive plan starting in 2013 (for 2012 performance) and every year thereafter, with a target of 100% of base salary and an opportunity to a higher bonus as determined by the Compensation Committee based on the Company's performance and the executive's performance. (The agreement provides no cap on the bonus potential but states that the amount payable may be zero; in 2014, the Committee approved a 200% target for all EC members including Ms. Paolillo.)
- Equity Grants. The agreement provides for a time-based restricted stock unit (RSU) grant in the amount of 100,000 shares vesting over four years with the first tranche vesting on the second anniversary of the grant (in 2013) and remainder vesting in 2014 and 2015 on grant anniversary dates. The agreement also provides for performance-based RSU grant in the amount of 100,000 units that vests based on targeted revenue and operating margin by the end of 2014. (The metrics with respect to this grant were not achieved and the grant forfeited). Also, the agreement provides for the grant of 150,000 stock options vesting over a four-year period based on performance metrics tied to TeleTech stock price (The metrics for this grant have not been met to date).

Shepherd Separation Agreement

- In 2012, TeleTech entered into an employment agreement with Mr. Shepherd that provided guaranteed base salary of \$450,000, and annual cash and equity incentives.
- In January 2015, this employment agreement was superseded by a separation agreement.
- Severance. Subject to customary releases, TeleTech agreed to pay Mr. Shepherd severance in the amount of 12 months of base pay, as it was required to do pursuant to his employment agreement.
- Additional Incentives. To assure orderly transition of Mr. Shepherd's responsibilities for the Customer Technology and Customer Consulting Services business segments and to secure extended restrictive non-compete and employee and client non-solicitation covenants, the Company agreed to pay Mr. Shepherd an additional severance in the amount of \$750,000 payable in 12 annual installments.
- Equity Forfeiture. Mr. Shepherd forfeits all TeleTech equity (RSUs) awarded to him when he started employment with the Company, and as part of annual grants in 2013 and 2014, as long as the equity has not vested as of the separation date.
- Medical Benefits. The company also agreed to pay for Mr. Shepherd's executive physical and other medical benefits in the amount of \$5,400 (grossed up for income tax purposes).

- Non-Disparagement. The agreement provides that on separation of affiliation, whatever the reason, TeleTech will refrain from any comments regarding Mr. Tuchman and his affiliation with TeleTech. The breach of this provision provides for \$200,000 liquidated damages payment.
- Benefits. Employee is entitled to participate in all customary benefits; provided however that the company will pay for \$4,000,000 of life insurance for the duration of Ms. Paolillo's employment with the company.
- Severance. Subject to customary releases, Ms. Paolillo is entitled to severance in the amount of 12 months of base pay if she is terminated without cause.
- Restrictive Covenants. Mr. Shepherd agreed not to compete with the company for a period of 12 months post separation, and not to solicit employees or clients for a period of 20 months past separation. Breach of this covenant shall result in the immediate forfeiture of all severance payment due and in additional payments for damages.
- Non-Disparagement. The parties agreed to mutual non-disparagement and non-defamation undertakings.

Provisions in our named executive officers' employment agreements relating to severance, termination and change-in-control are discussed in greater detail in the under section below entitled *Executive Compensation Tables - Potential Payments upon Termination or Change in Control*.

Compensation Risk Assessment

As discussed above under the heading *Board's Role in Our Risk Management*, annually we conduct an assessment of our compensation policies and practices for all employees. We review and discuss the results of this assessment with the Compensation Committee. Based upon this assessment, review and discussion, we believe that our compensation policies and practices do not create unreasonable risk to the business.

TAX AND ACCOUNTING CONSIDERATIONS

Limitations on the Deductibility of Compensation

Under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), unless certain exceptions apply, no tax deduction is allowed for annual compensation in excess of \$1 million paid to our principal executive officer, our principal financial officer and three other most highly compensated executive officers unless it qualifies as performance-based compensation, based upon performance criteria that have been disclosed to and approved by stockholders before the payment of such compensation is made. Performance-based compensation qualifying under Section 162(m), among other requirements, must be payable only upon attainment of pre-established, objective performance goals that were established by a Board or its committee that consists of outside directors only.

Section 409A of the Code imposes additional income taxes on executive officers for certain types of deferred compensation that do not comply with Section 409A. In 2008, we revised several of our compensation plans and agreements with technical changes designed to cause any nonqualified deferred compensation payable under such plans and agreements to comply with, or be exempt from, Section 409A. We did so because we provide certain executives, including our named executive officers, with the opportunity to contribute all or a portion of their salaries or cash incentives to a deferred compensation plan. We do not provide deferred compensation to the named executive officers in excess of their individual contributions.

Accounting Considerations

The Compensation Committee also considers the accounting and cash flow implications of our executive compensation program. In our financial statements, we record salaries and cash incentives as expenses in the amount paid, or to be paid, to the named executive officers. Accounting rules also require us to record equity awards as an expense in our financial statements even though equity awards are not paid as cash to employees. The accounting expense of equity awards to employees is calculated in accordance with the guidance in FASB ASC Topic 718. The Compensation Committee believes, however, that the advantages of equity compensation programs, as discussed above, outweigh the non-cash compensation expense associated with them.

1 Amounts are discretionary cash bonus payments and sign-on bonus payments outside of the discretionary performance-based cash incentive awards that are not subject to pre-established and communicated performance measures. Discretionary bonuses are paid in the first quarter of the year following the year for which such bonus was awarded and sign-on bonuses are generally paid at the time of hire.

2 Amounts were calculated pursuant the guidance in FASB ASC Topic 718. We calculate the fair value for RSUs based on the closing price of our common stock on the date of grant multiplied by the number of shares granted and assume with regard to performance vesting RSUs, if any, achievement of the maximum performance targets.

3 Amounts are annual discretionary performance-based cash incentive awards payments that are awarded based upon the Compensation Committee's subjective assessment of each named executive officer's performance under pre-established and communicated performance measures (specifically, the success factors described above in the section entitled "Compensation Discussion and Analysis" under the headings "How We Determine Executive Compensation" "Compensation Committee Determines All Executive Compensation" and "How We Determine Executive Compensation 2014 Cash Incentives-Strategic Objectives") and were paid during the first quarter of 2014 based on prior year performance.

4 Amounts are summarized below in the section entitled "Nonqualified Deferred Compensation Table."

5 Amounts are summarized below under the heading "All Other Compensation Table."

Potential Payments upon Termination or Change in Control

The stock option and RSU agreements with the named executive officers have provisions for accelerated vesting, if there is a change in control of TeleTech. Such vesting occurs on the effective date of a change in control.

Change in Control Defined

As change of control is defined as the occurrence of any one of the following events:

- **Business Combination.** Any consolidation, merger or other similar transaction (a) involving TeleTech, if TeleTech is not the continuing or surviving corporation, or (b) which contemplates that all or substantially all of the business and/or assets of TeleTech will be controlled by another corporation;
- **Sale of Substantially All Assets.** Any sale, lease, exchange or transfer (in one transaction or several related transactions) of all or substantially all of the assets of TeleTech (a disposition); provided, however, that the foregoing shall not apply to any disposition to a corporation with respect to which, following such disposition, more than 51 percent of the combined voting power of the then outstanding voting securities of such corporation is beneficially owned, directly or indirectly, by all or substantially all of the individuals and entities who were the beneficial owners of at least 51 percent of the then outstanding common stock and/or other voting securities of TeleTech immediately prior to such disposition, in substantially the same proportion as their ownership immediately prior to such disposition;
- **Liquidation.** Approval by the stockholders of TeleTech of any plan or proposal for the liquidation or dissolution of TeleTech, unless such plan or proposal is abandoned within 60 days following such approval;
- **Acquisition of 51% Interest.** Acquisition by any person (as such term is used in Sections 13(d) and 14(d)(2) of the Securities Exchange Act of 1934, as amended), or two or more persons acting in concert, of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Securities Exchange Act of 1934, as amended) of 51 percent or more of the outstanding shares of voting stock of TeleTech; provided, however, that for purposes of the foregoing, person excludes Kenneth D. Tuchman and his affiliates; provided, further, that the foregoing shall exclude any such acquisition (a) by any person made directly from TeleTech, (b) made by TeleTech or any subsidiary, or (c) made by an employee benefit plan (or related trust) sponsored or maintained by TeleTech or any subsidiary; or
- **Control of the Board.** If, during any period of 15 consecutive calendar months commencing at any time on or after the RSU or option grant date, those individuals (the continuing directors) who either (a) were directors of TeleTech on the first day of each such 15-month period, or (b) subsequently became directors of TeleTech and whose actual election or initial nomination for election subsequent to that date was approved by a majority of the continuing directors then on the TeleTech's Board of Directors, cease to constitute a majority of the Board of Directors of TeleTech.

As of December 31, 2014, our standard equity grant agreement (for options, restricted stock units or other forms of equity grants for the named executive officers) contained a provision whereby the vesting of such equity grants (which typically have a four-or five-year vesting period) would accelerate immediately upon the occurrence of a change in control event without occurrence of any other triggering events.

Employment agreements of some of our named executive officers include guaranteed severance provisions that may be different from amounts provided for in the TeleTech's severance policy. The following table lists the named executive officers (except Mr. Brian Shepherd whose employment terminated on January 31, 2015 and who has no further entitlements except as provided in his separation agreement) and the estimated amounts they would have become entitled to on December 31, 2014: (a) upon termination without cause or resignation for good cause; (b) upon termination for cause or voluntary resignation; (c) upon death; (d) upon disability; and (e) upon a change in control occurring on such date:

The Nominating and Governance Committee considers potential candidates for membership on the Board of Directors throughout the year based on the recommendations brought forward by members of the Board, members of management, professional executive search firms, and stockholders. When evaluating candidates for recommendation to stand for election to the Board, the Nominating and Governance Committee considers each potential nominee's skills, experience in areas of current significance to the Company, diversity, independence, the Board's skills as a group, and the candidates ability to devote adequate time to the Board's duties. PricewaterhouseCoopers LLP (PwC) served as TeleTech's independent registered public accounting firm in 2014. Starting in 2015, the senior engagement partner for PwC audit team was required to rotate off TeleTech's account, as part of mandatory rotation schedule mandated by relevant regulations of the U.S. Securities and Exchange Commission and the Public Company Accounting Oversight Board (the PCAOB). Therefore, in 2014, in addition to reviewing PwC's performance, the Audit Committee of the Board also vetted PwC's proposed new engagement partner and key audit team personnel, to consider their suitability for TeleTech's independent audit needs. As a result of this review, the Committee determined that the proposed audit team, supported by PwC's partners experienced with TeleTech operations in key countries where TeleTech has material operations, and other PwC subject matter experts, have the appropriate level of professional expertise to oversee the conduct of the TeleTech annual independent audit. Although the Audit Committee has the sole authority to appoint the independent auditors, the Committee continues its long-standing practice of recommending that the Board ask the stockholders to ratify the appointment of the independent auditors. The Audit Committee of the Board will continue to monitor the performance of the new PwC team and reserves the right to consider and appoint a different independent auditor for TeleTech, if it believes such appointment to be in the best interest of the Company and its stockholders.

PROPOSAL 3: Advisory Vote on Executive Compensation

As required by the rules of the U.S. Securities and Exchange Commission, our stockholders are asked to provide an advisory, not-binding, vote on the compensation of our Named Executive Officers. To provide stockholders with the information necessary to express their view about our executive compensation, we included detailed information about the composition, design and effectiveness of our executive compensation program in section entitled *Executive Compensation Compensation Discussion and Analysis* of these proxy materials.

As further described in the *Compensation Discussion and Analysis* section of the proxy materials, our executive compensation program is designed to attract, motivate and retain a talented, entrepreneurial and creative team of executives who provide leadership for our success in a competitive global market. Our compensation policies and practices are designed based on a pay-for-performance philosophy and are strongly aligned with our stockholders' long-term interests. We believe that our executive compensation program, which emphasizes long-term equity awards, satisfies this goal. See the Executive Summary of the *Compensation Discussion and Analysis* section of the proxy materials for information on key components of our 2014 named executive officer compensation; and read the entire *Compensation Discussion and Analysis* section of the proxy materials for details about our compensation philosophy and how it is achieved.

We are asking our stockholders to indicate their support of our Named Executive Officer compensation as described in this Proxy Statement. This proposal (commonly known as say-on-pay proposal) gives our stockholders the opportunity to express their views on our executive compensation. The vote is not intended to address any specific element of compensation; rather, the vote relates to the overall compensation of our Named Executive Officers, as described in this Proxy Statement in accordance with the compensation disclosure rules of the U.S. Securities and Exchange Commission. Accordingly, our Board of Directors recommends that our stockholders vote FOR the following resolution:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2015 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the U.S. Securities and Exchange Commission, including the Executive Compensation -- Compensation Discussion and Analysis section of the Proxy Statement, the 2014 Summary Compensation Table, and the other related tables and disclosure.

It is important to note that this vote is advisory, which means that the vote is not binding on us, our Board of Directors or the Compensation Committee. We value the opinions expressed by our stockholders, however, our Board and the Compensation Committee will take the results of the vote into account in future compensation decisions.

At the Annual Meeting of Stockholders held in May 2014, our stockholders approved our executive compensation with a vote of 99.27 percent. Except as otherwise discussed in *Compensation Discussion and Analysis* section of the proxy materials, in light of the stockholder support, the Compensation Committee made no significant changes to the overall design of our compensation program during 2014.

Based on the stockholders' advisory preferences, expressed as part of the voting results at our 2011 Annual Meeting of Stockholders, our Board has determined to hold a stockholder advisory vote on executive compensation annually. The next stockholder advisory vote on executive compensation will be held at the 2016 Annual Meeting of Stockholders.

Required Vote

Approval of Proposal No. 3 requires the affirmative vote of a majority of the shares present or represented by proxy and voting at the Annual Meeting.

Recommendation of the Board

Our Board recommends that you vote **FOR** Proposal No. 3.

PROPOSAL 4: Re-Approval of the TeleTech 2010 Equity Plan, Previously Approved by Stockholders in 2010

At the 2010 Annual Stockholders Meeting, TeleTech stockholders approved TeleTech's 2010 Equity Incentive Plan (2010 Plan) designed to support equity incentive program for members of TeleTech Board of Directors and its employees. The Company is asking stockholders to re-approve the 2010 Plan, including the material terms of the performance objectives that may be established for performance awards granted under the 2010 Plan. This re-approval is necessary to preserve the Company's ability to deduct performance-based compensation paid to certain executives under the 2010 Plan for U.S. federal income tax purposes under section 162(m) (Section 162(m)) of the Internal Revenue Code of 1986, as amended (the Code).

Table of Contents

By way of background Section 162(m) of the Code generally imposes an annual deduction limit of \$1,000,000 on the total amount of compensation paid to each of the Chief Executive Officer, Chief Financial Officer and the three other most highly compensated officers of the Company. The deduction limit does not apply to that portion of executive compensation that is performance-based and satisfies the requirements of Section 162(m) of the Code. The 2010 Plan was adopted by the Board and originally approved by TeleTech stockholders in 2010. One of the requirements of Section 162(m) for performance-based compensation is that the material terms of the performance objectives under the 2010 Plan be reapproved by the Company's stockholders every five years.

The material terms of the performance objectives that stockholders are being asked to approve are unchanged from those previously approved by stockholders. There are no amendments to the 2010 Plan proposed for this Annual Meeting.

Required Vote

Re-approval of the TeleTech's 2010 Equity Plan requires the affirmative vote of a majority of the votes cast on the proposal.

Recommendation of the Board and the Audit Committee

Our Board and the Audit Committee recommend that you vote FOR Proposal 4.
