## 2018 PERFORMANCE HIGHLIGHTS

Our 2018 performance is summarized below:

- Our revenue was a record \$1.509 billion, an increase of 2.2 percent over the year ago period.
- Our income from operations was \$92.1 million or 6.1 percent of revenue, an 8.4 percent decrease year over year. Income from operations on a non-GAAP basis<sup>1</sup> was \$106.1 million, or 7.1 percent of revenue, compared to 8.4<sup>2</sup> percent in the prior year.
- Our net cash provided by operating activities was \$168.3 million compared to \$113.2 million in the prior year.
- We booked \$600 million in new business, a 35.7 percent increase over the prior year.
- Our diluted earnings per share were \$0.77 compared to \$0.16 in the prior year, and \$1.49<sup>1</sup> compared to \$1.88<sup>3</sup> in prior year on a non-GAAP basis.
- We paid a total of \$25.3 million in cash dividends to our shareholders.

<sup>1</sup> TTEC computes company performance metrics on a non-GAAP basis, which adjusts for non-operating items including, but not limited to, asset impairment, restructuring charges and integration expenses, deconsolidation of subsidiaries, changes in acquisition earn-outs, changes in tax valuation allowances, return to provision adjustments, one-time non-recurring items and adjustments for assets held for sale and wind-down (AHFS/WD). Please review a copy of the 2018 Annual Report and 2018 full year earnings press release for a reconciliation of these non-GAAP adjustments.

<sup>2</sup> As part of its 2017 Proxy Statement, TTEC reported that its non-GAAP operating income was 8.2% of revenue. The 8.4% referenced above as a year over year comparison now reflects the add-back related to losses from assets held for sale during 2017 which is now consistent with how we calculate and disclose this value in 2018.

<sup>3</sup> As part of its 2017 Proxy Statement TTEC reported that its non-GAAP diluted earnings per share was \$1.80. The \$1.88 non-GAAP diluted earnings per share referenced above as a year over year comparison is now calculated based on the Net Income versus previously used Net Income Available for TTEC Stockholders metric, which is now consistent with how we calculate and disclose this value in 2018.

## 2018 EXECUTIVE COMPENSATION HIGHLIGHTS

- Our executive compensation program is designed to reward financial results and effective strategic leadership, which we believe are key to building sustainable value for our stockholders.
- Our executive compensation program utilizes a mix of base salary, and short- and long-term incentives, to attract and retain highly qualified executives and maintain a strong relationship between executive pay and company performance.
- Our employment agreements for key Executive Officers were changed in 2018 to introduce severance, benefit continuation, non-competition, and non-solicitation provisions aligned to market; to change cash bonus eligibility to up to 100 percent of base salary, subject to the Compensation Committee of the Board's discretion to increase for overperformance against targets; to set equity grant opportunities to between 50<sup>th</sup> and 75<sup>th</sup> percentile of peer group and market; and to align total direct compensation (TDC) to 50<sup>th</sup> percentile overall of peer group and market.
- Our executive compensation program places significant weight on ethical and responsible conduct in pursuit of TTEC's strategic goals.
- Our executive compensation program places a meaningful portion of compensation at risk by aligning cash incentive payments to performance and by granting equity that vests over four- and five-year periods to ensure that the actual compensation realized by executives aligns with stockholder value over the long term.
- Our executive officers are subject to stock holding requirements that further align their interests with our stockholders.
- We ensure that our rewards are affordable by aligning them to the Company's annual business plan.
- At our 2017 Annual Meeting of Stockholders, 82.96 percent voted in favor of holding an advisory vote on Say-On-Pay every three years with the next advisory vote being presented for stockholders consideration as part of our Proxy Statement at the 2020 Annual Meeting of Stockholders.

- At our 2017 Annual Meeting of Stockholders, our stockholders have indicated strong support for our executive compensation program with 99.6 percent voting in favor of the program.

## **GENERAL INFORMATION**

This proxy statement ( Proxy Statement ) is issued in connection with the solicitation of proxies by the Company s Board of Directors for use at the 2019 Annual Meeting of Stockholders (the Annual Meeting ) to be held on May 22, 2019 at 10:00 a.m. Mountain Daylight Time, at 9197 South Peoria Street, Englewood, Colorado 80112 and at any adjournment or postponement thereof.

On or about April 12, 2019, we will begin distributing to each stockholder entitled to vote at the Annual Meeting either (1) this Proxy Statement, a proxy card or voting instruction form, and our 2018 Annual Report to Stockholders, which we collectively refer to as the proxy materials, or (2) an email or notice of internet availability of proxy materials, in each case with instructions on how to access electronic copies of our proxy materials.

This Proxy Statement contains important information regarding the Annual Meeting, the proposals on which you are being asked to vote, information about our voting procedures, and information you may find useful in determining how to vote.

## **IMPORTANT INFORMATION ABOUT THE PROXY MATERIALS AND VOTING YOUR SHARES**

### **Why am I receiving these proxy materials?**

The Company is soliciting your proxy in connection with the Annual Meeting. As a stockholder, you are invited to attend the Annual Meeting and are requested to vote on the items of business discussed in this Proxy Statement.

### **Why did I receive a Notice of Internet Availability of proxy materials?**

Under the rules of the U.S. Securities and Exchange Commission, we are using the internet as the primary means of furnishing proxy materials to our stockholders. Most of our stockholders will not receive printed copies of the proxy materials unless they request them. Accordingly, if you received a Notice of Internet Availability of Proxy Materials (the Notice of Internet Availability ) by mail, you will not receive a printed copy of the proxy materials, unless you request one as instructed in that notice. Instead, the Notice of Internet Availability will instruct you on how you may access and review the proxy materials on the internet, free of charge. This approach to distribution of proxy materials reduces the environmental impact of our Annual Meeting, expedites stockholders receipt of the proxy materials, and lowers our costs. The Notice of Internet Availability also includes instructions allowing stockholders to request to receive future proxy materials in printed form by mail or electronically by email.

### **How can I vote my shares?**

If you are a stockholder of record, you may vote by internet, by telephone or by mail at any time prior to the meeting, or you may vote in person at the meeting, as follows:

- **Vote by Internet** at [www.proxyvote.com](http://www.proxyvote.com). Use the internet to transmit your voting instructions and for electronic delivery of information up until 11:59 p.m. Eastern Daylight Time on May 21, 2019. Have your proxy card or Notice of Internet Availability in hand when you access the website and follow the instructions to obtain your records and to create an electronic voting instruction form.
- **Vote by Phone**. Use any touch-tone telephone to call 1-800-690-6903 to transmit your voting instructions up until 11:59 p.m. Eastern Daylight Time on May 21, 2019. Have your proxy card in hand when you call and then follow the instructions. If you received a Notice of Internet Availability, you may request a proxy card by following the instructions in the notice.
- **Vote by Mail**. If you received or requested a printed copy of the proxy materials by mail, you may vote by proxy by filling out the proxy card and returning it in the postage-paid envelope we have provided or returning it to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717. If you received a Notice of Internet Availability, you may request a proxy card by following the instructions in the notice.
- **Vote at the Meeting**. You may vote your shares at the meeting. You will be admitted to the meeting only if you have a ticket. See [How can I attend the Annual Meeting?](#) in this Proxy Statement for instructions on obtaining a ticket.

If your shares are held in an account at a brokerage firm, bank, or similar organization, you will receive voting instructions from the organization holding your account and you must follow those instructions to vote your shares.

**Additional Procedures.** Votes cast by proxy prior to the Annual Meeting will be tabulated by an automatic system administered by Broadridge Financial Solutions, Inc. Votes cast by proxy or in person at the Annual Meeting will be counted by the persons we appoint to act as election inspectors for the Annual Meeting. With regard to the election of directors, votes may be cast for, against or abstain; votes that abstain will be excluded entirely from the tabulation of votes and will have no effect. Cumulative voting is not permitted in the election of directors. Consequently, you are entitled to one vote for each share of our common stock held in your name for as many persons as there are directors to be elected, and for whose election you have the right to vote.

Table of Contents

With respect to the other proposals submitted for stockholder approval (other than the election of directors), you may vote for or against the proposal, or you may abstain. Abstentions will have the same effect as a negative vote on the ratification of the appointment of our independent registered public accounting firm for 2019.

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute broker non-votes. Generally, brokerage firms have the authority to vote your shares without your voting instructions on certain routine matters, such as Proposal 2, but not on other non-routine items, such as Proposal 1. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered votes cast on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained.

For your information, voting via the internet is the least expensive to us, followed by telephone voting, with voting by mail being the most expensive. Also, you may help to save us the expense of a second mailing if you vote promptly.

**What are the matters to be voted on at the Annual Meeting?**

The items of business scheduled to be voted on at the Annual Meeting are:

- **Proposal 1:** The election of seven directors (see page [40](#)); and
- **Proposal 2:** The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2019 (see page [45](#)).

We will also consider other business that properly comes before the Annual Meeting.

**What are my voting choices?**

For the election of directors (Proposal 1), you may vote FOR , AGAINST , or ABSTAIN with respect to each nominee. For ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2019 (Proposal 2), you may vote FOR , AGAINST or ABSTAIN .

**How does the Board recommend that I vote?**

Our Board recommends that you vote your shares:

- FOR each of the nominees to our Board; and
- FOR the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2019;

Kenneth D. Tuchman, our Chairman and Chief Executive Officer and the beneficial owner of approximately 68.1 percent of the issued and outstanding shares of common stock as of the record date (approximately 68.1 percent of the shares entitled to vote, excluding stock options) has indicated that he intends to vote:

- FOR each of the nominees to our Board; and
- FOR the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2019.

**How will my shares be voted by proxy?**

Valid proxies provided to the Company by telephone, over the internet, or by a mailed proxy card will be voted at the Annual Meeting as directed by you unless revoked in accordance with the instructions. If you properly execute and submit your proxy, but do not indicate how you want your shares voted, the persons named as your proxies will vote your shares in accordance with the recommendations of our Board of Directors. These recommendations are:

- FOR each of the nominees to our Board; and
- FOR the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2019.

**Why does this Proxy not include vote on executive compensation matters?**

At our 2017 Annual Meeting of Stockholders, we asked stockholders to consider how often they wish to vote, on advisory basis, on matters involving executive compensation (the frequency of say-on-pay vote). In response, 82.96 percent of votes cast approved holding an advisory vote on executive compensation (the say-on-pay vote) every three years. Based on this advisory vote and after carefully considering that in the last six years TTEC shareholders approved our executive compensation by an average margin of

## Edgar Filing: TTEC Holdings, Inc. - Form DEF 14A

greater than 95 percent, the Board of Directors decided to hold the advisory vote on executive compensation every three years. The next advisory vote on executive compensation will be presented to stockholders for consideration as part of the 2020 Proxy Statement and will occur at the 2020 Annual Meeting of Stockholders. The stockholders will have their next opportunity to consider how often they wish to vote on matters involving executive compensation as part of 2023 Annual Meeting of Stockholders.

**How can I revoke my proxy or change my vote?**

You may revoke your proxy or change your vote at any time prior to the taking of the vote at the Annual Meeting. If you are the stockholder of record, you may change your vote by:

- Voting again through the internet, by telephone, or by completing, signing, dating, and returning a new proxy card with a later date, all of which automatically revoke the earlier proxy so long as completed prior to the applicable deadline for each method;
- Providing a written notice of revocation to our Corporate Secretary at TTEC Holdings, Inc., 9197 South Peoria Street, Englewood, Colorado 80112 prior to your shares being voted; or
- Attending the Annual Meeting and voting in person. Your attendance at the meeting alone will not cause your previously granted proxy to be revoked unless you specifically so request before the taking of the vote.

For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, bank, trustee, or nominee following the instructions they provided, or, if you have obtained a legal proxy from your broker, bank, trustee, or nominee giving you the right to vote your shares, by attending the Annual Meeting and voting in person.

**Will shares I hold in my brokerage account be voted if I do not provide timely voting instructions?**

If your shares are held through a brokerage firm, they will be voted as you instruct on the voting instruction card provided by your broker. If you sign and return your card without giving specific instructions, your shares will be voted in accordance with the recommendations of our Board of Directors.

If you do not provide timely instructions as to how your brokerage shares are to be voted, your broker will have the authority to vote them only on the ratification of our independent registered public accounting firm. Your broker will be prohibited from voting your shares on the election of directors. These broker non-votes will be counted only for the purpose of determining whether a quorum is present at the meeting and not as votes cast.

**Will shares that I own as a stockholder of record be voted if I do not return my proxy card in a timely manner?**

## Edgar Filing: TTEC Holdings, Inc. - Form DEF 14A

Shares that you own as a stockholder of record will be voted as you instruct on your proxy card. If you sign and return your proxy card without giving specific instructions, they will be voted in accordance with the recommendations of our Board of Directors. If you do not return your proxy card in a timely manner, your shares will not be voted unless you or your proxy holder attends the Annual Meeting and vote in person.

### **What is required to conduct the business of the Annual Meeting?**

In order to conduct business at the Annual Meeting, a quorum of a majority of the outstanding shares of common stock entitled to vote as of the record date must be present in person or represented by proxy. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.

### **How many votes are required to approve each proposal?**

Directors are elected by a plurality of the votes cast. This means that the seven individuals nominated for election to the Board who receive the most FOR votes (among votes properly cast in person, electronically, telephonically, or by proxy) will be elected.

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock present in person or represented by proxy at the meeting and entitled to vote is required to approve the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm.

### **How are votes counted?**

Abstentions will be treated as shares that are present and entitled to vote and will consequently have the effect of a vote AGAINST the particular matter. Votes withheld from a director nominee will have no effect on the election of the director from whom votes are withheld. If a broker indicates on the proxy card that it does not have discretionary authority to vote certain shares on a particular matter, it is referred to as a broker non-vote. Broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum but will not be considered as voted for the purpose of determining the approval of the particular matter.

### **If I own or hold shares in a brokerage account, can my broker vote my shares for me?**

The vote on election of directors is a matter on which brokers do not have discretionary authority to vote. Thus, if your shares are held in a brokerage account and you do not provide instructions as to how your shares are to be voted on this proposal, your broker or other nominee will not be able to vote your shares on this matter. Accordingly, we urge you to provide instructions to your broker or nominee so that your votes may be counted. You should vote your shares by following the instructions provided on the voting instruction card that you receive from your broker.

**If I share an address with another stockholder, how will we receive our proxy materials?**

For stockholders of record, we have adopted a procedure called "householding", which the U.S. Securities and Exchange Commission has approved. Under this procedure, we are delivering a single copy of the Notice of Internet Availability and, if applicable, this Proxy Statement and the 2018 Annual Report to multiple stockholders who share the same address unless we have received contrary instructions from one or more of the stockholders. This procedure reduces our printing and mailing costs and the impact of printing and mailing these materials on the environment. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or verbal request, we will deliver promptly a separate copy of the Notice of Internet Availability and, if applicable, this Proxy Statement and the 2018 Annual Report to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy of the Notice of Internet Availability and, if applicable, this Proxy Statement, the 2018 Annual Report, or to request delivery of a single copy of these materials if multiple copies are currently being delivered, stockholders may contact us at TTEC Holdings, Inc., 9197 South Peoria Street, Englewood, Colorado 80112, Attention: Investor Relations, or by calling +1.800.835.3832. **How can I attend the Annual Meeting?**

If you plan to attend the Annual Meeting, please mark the appropriate box on the proxy card and return the proxy card promptly. The admission ticket for the meeting will be forwarded to you. If you are a stockholder of record and arrive at the Annual Meeting without an admission ticket, we will have to verify your share ownership before you are admitted to the meeting. If you are a beneficial owner, you will only be admitted upon presentation of evidence of your beneficial holdings, such as a bank or brokerage firm account statement.

**How can I see the list of stockholders entitled to vote?**

A complete list of stockholders entitled to vote at the Annual Meeting will be available for examination by any stockholder, for any purpose germane to the meeting, at the Annual Meeting and at our principal office located at 9197 South Peoria Street, Englewood, Colorado 80112 during normal business hours for a period of at least 10 days prior to the Annual Meeting.

However, the holders of the proxies that we are soliciting will have the discretion to vote them in accordance with their best judgment on any additional matters that may be voted on, including matters incidental to the conduct of the Annual meeting.

**Is my vote confidential?**

Stockholders may elect that their identity and individual vote be held confidential by marking the appropriate box on their proxy card or ballot. Confidentiality will not apply to the extent that voting disclosure is required by law or is necessary or appropriate to assert or defend any claim relating to voting. Confidentiality also will not apply with respect to any matter for which votes are solicited in opposition to the director nominees or voting recommendations of our Board of Directors, unless the persons engaging in the opposing solicitation provide stockholders with voting confidentiality comparable to that which we provide.

**Where can I find the voting results?**

We expect to announce preliminary voting results at the Annual Meeting and to publish final results in a Current Report on Form 8-K that we will file with the U.S. Securities and Exchange Commission within four business days following the meeting. **CORPORATE GOVERNANCE**

TTEC is committed to best practices in corporate governance. The Company is governed by our Board of Directors. The role of the Board includes:

- Oversight of the Company's management;
- Appointment of the Chief Executive Officer;
- Goal setting for and overseeing performance of the Company's executive management team;
- Management succession planning;
- Oversight of effective corporate governance, including selecting and recommending for stockholders approval nominees for the Board of Directors;
- Assessment of Board performance;
- Board succession planning;
- Forming and staffing Board committees;

- Review and oversight of the development and implementation of the Company's annual strategic, financial, and operational plans and budgets;
- Assessment and monitoring of Company's risk and risk management practices;
- Review and approval of significant corporate actions;
- Monitoring of processes designed to assure TTEC's integrity and transparency to its stakeholders, including financial reporting, compliance with legal and regulatory obligations, maintenance of confidential channels to report concerns about violations of laws and policies, and protection against reprisals for those who report such violations;
- Oversight of the relationship between the Company and its stockholders; and
- Support for the Company's commitment to its corporate responsibility and sustainable business.

## Board Leadership Structure

Our Board is led by TTEC's founder, Mr. Kenneth D. Tuchman, who serves as the Chairman of the Board. Mr. Tuchman is also TTEC's Chief Executive Officer. The Board retains the flexibility to determine from time to time whether the position of the Chief Executive Officer and the Chairman of the Board should be combined or separated, whether an independent director should serve as Chairman of the Board, and whether to appoint a lead independent director to serve as a liaison between independent directors and the Chairman.

At present, the Board believes that the Company is best served by having Mr. Tuchman serve as both the Chairman of the Board and Chief Executive Officer of TTEC. The Board's view is based on the facts that Mr. Tuchman beneficially owns approximately 68.1 percent of the outstanding equity in the Company, has a unique insight into the Company's customer engagement solutions strategy as an industry innovator and the Company founder, and is intimately involved in the day-to-day strategic direction of the Company.

Since the size of the Company's Board is relatively small and each independent director has unrestricted access to Mr. Tuchman and the Company's management, the independent members of the Board do not currently perceive the need for an appointment of a lead independent director. Our Board also believes that appointing a lead independent director may serve to create a potential conflict among the directors and interfere with the current collaborative environment in the boardroom that permits the Board to leverage the knowledge and experience of each Board member to drive strategic initiatives necessary to support the Company's transformation from a business process outsourcing service provider to an integrated customer consulting, technology, growth and

care services company.

With the exception of Mr. Tuchman, all of our other directors are independent.

Table of Contents

The Board is aware of the potential conflicts that may arise in having Mr. Tuchman, the Company's largest and controlling stockholder, serve as the Chairman of the Board, but believes that there are adequate governance safeguards in place to mitigate against such risks. Such safeguards include, but are not limited to,

- The Board and Board committees hold executive sessions comprised entirely of the independent directors.
- Board members have unrestricted access to independent consultants including legal counsel.
- During 2018, six of seven directors were independent on our Board.
- Our Board members and executives have a shareholding guideline consistent with industry best practices.
- Our Compensation Committee, comprised entirely of independent directors, makes all executive management compensation determinations based on the individual manager's performance and input from independent compensation consultants.
- Our Board and its committees perform an annual self-assessment and act on the findings.
- Our Compensation Committee retains an independent compensation consultant when it deems it appropriate.
- Our Board published Corporate Governance Guidelines to communicate to the stockholders and other stakeholders how the Company is governed.

Although we qualify as a controlled company under the listing rules of the NASDAQ Stock Market, the Company elects not to avail itself of governance exceptions available to controlled companies under these rules. Specifically, a majority of our Board of Directors is independent and our Board's committees, including our Nominating and Governance Committee and our Compensation Committee are comprised solely of independent directors, even though the Company is exempt from these corporate governance requirements as a controlled company.

Lastly, our Board has in the past demonstrated the independence necessary to address potential conflicts of interest through the use of special ad hoc committees to address specific matters when they arise or requesting that the Chairman abstain from deliberations and voting on certain decisions that may represent a conflict with his controlling stockholdings in the Company.

**Board Participation in 2018**

- Nine Board meetings held in 2018
- Each director attended at least 90 percent of all Board and relevant committee meetings
- All directors attended our Annual Meeting of Stockholders in 2018

**Board Risk Oversight**

## Edgar Filing: TTEC Holdings, Inc. - Form DEF 14A

While our executive officers are responsible for day-to-day management of risk at TTEC, our Board oversees and monitors our enterprise risk management (ERM) practices in the course of its ongoing review of the Company's strategy, business plans, risk management, and risk transfer programs. The Board recognizes that certain risk taking is essential for any company to stay competitive. It is the view of the Board, however, that the risk taking must be reasoned and measured, and must be evaluated and mitigated appropriately. To this end, the Board, as a whole, and through its Audit Committee actively participates in the oversight of the Company's ERM program.

In 2018, the Board's ERM oversight primarily focused on, but was not limited to, the following areas (i) the Company's strategy and long-term growth plans; (ii) cybersecurity preparedness and cybersecurity incident response; (iii) risks inherent in TTEC's global footprint and certain geographic concentrations; (iv) business continuity planning; (v) emergency preparedness, critical incident response, and disaster recovery planning; (vi) risks arising from the complexities of regulatory compliance framework that affects TTEC's global business; (vii) the service delivery effectiveness of the Company's business segments; and (viii) risks inherent in our controls over financial reporting. The responsibility for managing each of these high priority risks areas, as identified by the ERM process, was assigned to one or more members of the executive management team. The Board has delegated the oversight of certain categories of risk management to designated Board committees, which report to the Board on matters related to the specific areas of risk they oversee.

Table of Contents

Board/Committee	Primary Areas of Risk Oversight
Full Board	Enterprise risk management structure; strategic risk associated with TTEC's business plan; litigation that may have material financial or reputational impact on the Company; significant capital transactions, including M&A, technology investment and divestitures; capital structure risks; service delivery effectiveness; and CEO and senior management succession planning.
Audit Committee	Risks related to financial reporting, disclosure and related controls; major financial exposure risks; significant IT risks, including information security and cybersecurity risks; ethics and compliance risks; risks inherent in the Company's regulatory environment; currency exposure risks; liquidity risks; business continuity and disaster recovery planning; and related-party transactions risks.
Compensation Committee	Executive recruiting, retention, and succession planning; compensation policies and practices, including incentive compensation; and health and welfare benefits programs. Assessment of the risks associated with compensation policies and practices applicable to TTEC's employees to determine if such policies and practices are reasonably likely to have a material adverse effect on TTEC.
Nominating and Governance Committee	Corporate governance risks; effectiveness of Board's and its committees' performance; Board succession, Board candidate nomination and succession planning; conflicts of interest; and director independence and competencies; complexity involved in TTEC's global regulatory framework.

The Board and its committees periodically request and receive comprehensive reports from key Company functions, including finance, treasury, tax, legal, information security, human capital and IT; and have the opportunity to assess risk exposures of the business in these specific functional areas. The Audit Committee, with assistance and input from management, conducts an annual enterprise-wide risk assessment and adopts the Company's annual internal audit plan, designed to test business processes that may represent special risk exposures to the Company. The Audit Committee quarterly reviews the results of completed internal audits and actively monitors the progress of recommended remedial and mitigation plans. In addition to the Company's ERM and internal audit processes, the Board and the Audit Committee monitor and oversee the Company's periodic assessment of the effectiveness of its internal controls over financial reporting.

To ensure that the Company's compensation practices and policies do not have a material adverse effect on the Company and its business, the Compensation Committee annually reviews TTEC's executive compensation programs for inherent risks and alignment with the Company's objectives. The Committee receives periodic reports from the Company's human capital and legal departments on steps that TTEC takes to anticipate and mitigate any potential risks in long and short-term incentive and performance-based compensation programs. The Compensation Committee believes that executive compensation should be contingent on performance relative to targets and business plans. It expects TTEC senior executives to achieve these targets in a manner consistent with TTEC's values, ethical standards, and policies. The Board engages in periodic discussions with management on how to maximize executives' performance through compensation incentives without creating unreasonable risks to the business. For additional information on TTEC compensation programs' risks, please review section titled [Compensation Discussion and Analysis](#) in these proxy materials.

## AUDIT COMMITTEE REPORT

## Edgar Filing: TTEC Holdings, Inc. - Form DEF 14A

The TTEC Audit Committee of the Board (the Audit Committee ) is comprised entirely of independent directors who meet the independence requirements of the U.S. Securities and Exchange Commission (the SEC ) and NASDAQ Stock Market s Listing Rules. TTEC s Board of Directors has determined that each member of its Audit Committee has accounting and other related financial management expertise, and, therefore, qualifies as an audit committee financial expert, as that term is defined by the SEC. The Audit Committee operates pursuant to a charter that is reviewed annually and updated to comply with the relevant regulatory requirements. The Audit Committee charter was most recently reviewed and updated in May 2018 and is available in the Investor Relations section of our website at [ttec.com/sites/default/files/audit\\_committee\\_charter.pdf](http://ttec.com/sites/default/files/audit_committee_charter.pdf).

In performing its functions, the Audit Committee acts in an oversight capacity. The Committee is responsible for overseeing TTEC s financial reporting processes and internal control structure on behalf of the Company s Board of Directors, while management is responsible for the preparation, presentation, and integrity of the financial statements, and the effectiveness of TTEC s internal control over financial reporting. TTEC s independent auditor, PricewaterhouseCoopers LLC ( PwC or the Auditor ), is responsible for auditing TTEC s financial statements and providing an opinion on the conformity of TTEC s consolidated financial statements with generally accepted accounting principles and on the effectiveness of TTEC s internal control over financial reporting.

In 2018, the Audit Committee held eight meetings. The Audit Committee s agenda for each meeting is set by the Audit Committee s chairperson in consultation with and on recommendation of TTEC s Chief Financial Officer. During these meetings, the Audit Committee met with the senior members of TTEC s financial management team, and, when appropriate, had separate private sessions with TTEC s Chief Financial Officer, General Counsel, head of internal audit, and PwC to discuss financial management, legal, accounting, internal and external audit activities, and internal control issues.

As part of its oversight function, the Audit Committee reviews TTEC s quarterly and annual reports on Form 10-Q and Form 10-K prior to their filing with the SEC and has detailed discussions with management about the quality and reasonableness of significant accounting judgments and estimates, and the clarity of disclosures in the financial statements. In addressing the quality of management s accounting judgments, the Audit Committee asks for management s representations and reviews certifications prepared by TTEC s Chief Executive Officer and the Chief Financial Officer that the unaudited quarterly and audited annual consolidated financial statements of the Company fairly present, in all material respects, the financial condition, results of operations, and cash flows of TTEC.

Table of Contents

The Audit Committee reviewed and discussed with management TTEC's audited annual consolidated financial statements. Based on this review, the discussions with management about the quality and reasonableness of management's significant accounting judgments, and in reliance on the reports and opinions of the Auditor, the Audit Committee unanimously recommended to the TTEC Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2018.

The Audit Committee also periodically reviews TTEC's enterprise risk management program and the progress that the Company is making on planned risk mitigation activities for key risks, including its cybersecurity risks, risks inherent in TTEC's global footprint, business continuity and disaster recovery risks, emergency preparedness, crisis management, and critical incident response planning; risks associated with geographic concentration of some of TTEC's operations and enterprise services facilities; and risks arising from the complexities of regulatory compliance framework that affects TTEC business.

In 2018, the Audit Committee focused in particular on TTEC's cybersecurity preparedness, reviewing investments that management made and steps it has taken to protect TTEC's systems and information against cyberattacks. The Committee also reviewed the Company's cybersecurity maturity assessment, cybersecurity continuous improvement plans for the year, and the ongoing progress that the Company made against these plans. The Committee also participated in the incident response mock exercise that TTEC cybersecurity team conducts from time to time.

During the year, the Committee also reviewed the approach that the Company takes on compliance with various regulatory requirements that affect its business around the globe, including its HIPAA, GDPR, and PCI preparedness; and steps that the Company takes to protect privacy of employees and clients where the Company acts as a data processor or controller for personally identifiable information.

During the year, the Audit Committee also receives periodic status reports on the effectiveness of the Company's treasury function, including its foreign exchange exposure management; its tax function, including its global tax planning practices; the Company's acquisition integration activities; and its investor relations activities. This year, the Committee also reviewed progress that the Company made on the development and testing of various business continuity and disaster recovery plans.

The Audit Committee also monitored, throughout the year, the Company's confidential hotline activities, focusing on procedures that the Company has in place for confidential submission of employee concerns about accounting and financial reporting practices, internal controls and audit matters, possible violations of laws, and other concerns about the business. The Committee's quarterly reviews of TTEC employee hotline activity included trend analysis by business segment and geographic location, and management's actions in addressing these trends. Periodically, the Committee also reviewed the Company's code of business conduct (*Ethics Code: How TTEC Does Business*), the Ethics Code for Senior Executive and Financial Officers, and the level of training that the Company provides on these codes of conduct and Company values.

As part of its oversight responsibilities, the Audit Committee oversees TTEC's annual audit by its independent auditor, PwC, including the Auditor's audit approach, audit plan, and critical audit matters; and whether the provision of minor non-audit services is appropriate given the Auditor's independence. The Audit Committee also works with the Auditor to make sure that the PwC TTEC audit team, supported by PwC's partners with experience related to TTEC's operations in key countries where TTEC does business and other PwC subject matter experts, has the appropriate level of professional expertise to oversee the conduct of the TTEC annual independent audit.

Each year, the Audit Committee evaluates the performance of PwC and its senior engagement team and determines whether to re-engage the Auditor for the coming year. In doing so, the Audit Committee considers the quality and efficiency of the services provided by the Auditor, the Auditor's global capabilities, the Auditor's technical expertise including innovation and technologies that the Auditor uses to provide its services to the Company, the Auditor's tenure as TTEC's independent auditor, its knowledge of the Company's global operations and industry, and the quality of the Auditor's interactions with the Audit Committee of the Board. Based on this evaluation, the Audit Committee decided to engage PwC as TTEC's independent auditor for the year ended December 31, 2018. This appointment was ratified by TTEC stockholders at the 2018 Annual Stockholders Meeting.

The Audit Committee also considered the fees that PwC charged the Company for the audit services in 2018 and determined them to be reasonable and adequate to ensure a comprehensive audit. In 2018, PwC's Audit Fees were \$3.7 million, a decrease of \$0.3 million year over year due primarily to improved efficiencies achieved by PwC and TTEC's accounting team in work required during the course of the year.

Although the Audit Committee has the sole authority to appoint the independent auditor, the Audit Committee will continue its long-standing practice of recommending that the Board ask the stockholders, at their annual meeting, to ratify the appointment of the independent auditor for the coming year (see Proposal 2 beginning on page [45](#)).

Table of Contents

In accordance with SEC rules, to limit the number of consecutive years an individual audit partner may lead the independent audit for the Company, the Auditor's engagement partner for TTEC is subject to the five-year rotation requirement. Assuming satisfactory performance and the Audit Committee's continuing engagement of PwC as TTEC's independent auditor, the current engagement partner's rotation period will end effective with the annual audit for the period ending on December 31, 2022, rotating off our account in 2023. The Audit Committee works closely with PwC to assure appropriate succession planning for an orderly transition when the engagement partner's rotation period with TTEC ends, or if the partner leaves TTEC engagement for other reasons.

The Audit Committee periodically reviews the rules and regulations adopted from time to time by the Public Company Accounting Oversight Board (the PCAOB) and works with the Auditor to ensure that its opinion conforms with these requirements. During the year, the Audit Committee also discusses with the Auditor those matters that are required to be discussed under the rules adopted by the PCAOB and received written disclosures from the Auditor required by applicable PCAOB requirements regarding the Auditor's communication with the Audit Committee concerning their independence.

TTEC management monitors all related-party transactions and reports about their status to the Audit Committee quarterly. TTEC executive officers and directors complete a questionnaire during the first quarter of each fiscal year, in which they provide information about the terms of all their related-party transactions (as defined in Item 404(a) of Regulation S-K) that occurred during the prior year and that are expected to occur during the current year. In reviewing related-party transactions, the Audit Committee considers whether these transactions are executed at arms-length by reviewing all relevant facts and circumstances, including among others, the commercial reasonableness of the terms, the actual and perceived benefit to the Company, opportunity costs of alternate transactions, the materiality and character of the related-party's interest, the actual and apparent conflict of interests, the impact on a director's independence (if the related-party is a director, an immediate family member of a director, or an entity controlled by a director), and the terms on which a similar transaction can be secured from unrelated third parties.

## COMPENSATION DISCUSSION AND ANALYSIS

In this section, we discuss our compensation philosophy and describe the 2018 compensation program for our Chief Executive Officer, Chief Financial Officer, and three additional highest compensated members of our executive leadership team, whom we refer to as our Named Executive Officers ( NEOs ). We describe compensation earned by each of our Named Executive Officers and explain how our Compensation Committee of the Board determined this compensation, including its rationale for specific 2018 compensation decisions.

### 2018 TTEC Performance Highlights

Our 2018 performance is summarized below:

- Our revenue was a record \$1.509 billion, an increase of 2.2 percent over the year ago period.
- We booked \$600 million in new business, a 35.7 percent increase over the prior year.
- Our income from operations was \$92.1 million or 6.1 percent of revenue, an 8.4 percent decrease year over year. Income from operations on a non-GAAP basis<sup>1</sup> was \$106.1 million, or 7.1 percent of revenue, compared to 8.42 percent in the prior year.
- Our diluted earnings per share were \$0.77 compared to \$0.16 in the prior year, and \$1.49<sup>1</sup> compared to \$1.88<sup>3</sup> in prior year on a non-GAAP basis.
- We paid a total of \$25.3 million in cash dividends to our shareholders.
- Our net cash provided by operating activities was \$168.3 million compared to \$113.2 million in the prior year.

<sup>1</sup> TTEC computes company performance metrics on a non-GAAP basis, which adjusts for non-operating items including, but not limited to, asset impairment, restructuring charges and integration expenses, deconsolidation of subsidiaries, changes in acquisition earn-outs, changes in tax valuation allowances, return to provision adjustments, one-time non-recurring items and adjustments for assets held for sale and wind-down (AHFS/WD). Please review a copy of the 2018 Annual Report and 2018 full year earnings press release for a reconciliation of these non-GAAP adjustments.

<sup>2</sup> As part of its 2017 Proxy Statement, TTEC reported that its non-GAAP operating income was 8.2% of revenue. The 8.4% referenced above as a year over year comparison now reflects the add-back related to losses from assets held for sale during 2017 which is now consistent with how we calculate and disclose this value in 2018.

3 As part of its 2017 Proxy Statement TTEC reported that its non-GAAP diluted earnings per share was \$1.80. The \$1.88 non-GAAP diluted earnings per share referenced above as a year over year comparison is now calculated based on the Net Income versus previously used Net Income Available for TTEC Stockholders metric, which is now consistent with how we calculate and disclose this value in 2018.

Our compensation programs' performance metrics align the interests of our stockholders and senior executives by correlating the timing and amount of actual pay to the Company's short- and long-term performance goals. Our compensation programs encourage ethical and responsible conduct in pursuit of these goals and the alignment of our leaders with TTEC's vision, mission, and values.

- Targeted the overall total direct compensation (TDC) to be at 50th percentile of peer group and market.
- Adjusted bonus targets to align with the 50th percentile of peer group and market.
- Adjusted annual equity grant targets to align between the 50th and 75th percentile of our peer group and market.
- Implemented double-trigger for all post 2018 equity grants including change in control events.
- Updated severance terms to be market competitive, including salary and benefits continuation and appropriately aligned non-compete and non-solicitation periods in case of separation without cause or due to a change in control event.
- Included a Dodd-Frank claw back provision for bonus payments, equity awards or other payments.

Our executive compensation programs include three principle elements:

Compensation Element	Purpose
• <b>Base Salary</b>	• Provides competitive fixed dollar compensation.
• <b>Annual Performance-Based Cash Incentive Awards</b>	• Provides <i>at risk</i> annual variable cash consideration that aligns executive compensation to the Company and individual achievements of short-term (annual) performance objectives, as established by the Board of Directors. This short-term variable cash compensation element is targeted at the 50th percentile of our peer group.
• <b>Annual Equity Grants</b>	• Provides <i>at risk</i> long-term variable compensation opportunity. Awarded annually, this incentive compensation is based on the individual's performance and the Company's performance in the year granted, but links directly to the Company's performance over time, as equity vests. This long-term variable compensation element is targeted between the 50th and 75th percentile of our peer group.

During 2018, we paid the following to our Named Executive Officers:

	Actual Total Direct (TDC) Compensation 1	Market TDC at 25th	Market TDC at 50th	Market TDC at 75th	Percentile
<b>Kenneth D. Tuchman</b>	\$ 12	\$4,413,000	\$4,688,000	\$6,137,000	<25th
<b>Martin F. DeGhetto</b>	\$1,085,897	\$1,714,000	\$2,161,000	\$2,776,000	<25th
<b>Judi A. Hand</b>	\$1,066,738	\$1,280,000	\$2,089,000	\$3,374,000	<25th
<b>Regina M. Paolillo</b>	\$1,103,129	\$1,928,000	\$2,128,000	\$3,162,000	<25th
<b>Steven C. Pollema</b>	\$ 926,535	\$1,714,000	\$2,161,000	\$2,776,000	<25th

The mix of base and variable *at risk* compensation for 2018 was as follows.

## **CONSIDERATION OF 2017 SAY-ON-PAY VOTE**

At our 2017 Annual Meeting of Stockholders, 99.6 percent of the votes cast in our stockholder advisory vote approved the compensation of our Named Executive Officers (our Say-On-Pay vote). In light of this stockholder support, the Compensation Committee made no significant changes to the overall design of our compensation programs during 2017 or 2018. The Committee did, however, make a modification to the distribution of the funded incentive pool; allocating greater percentage of compensation based on segment performance and further aligning bonuses to personal performance.

The Compensation Committee will continue to review best practices in executive compensation and adjust the structure of TTEC executive compensations to be consistent with market trends, our pay-for-performance philosophy; and to make sure that TTEC's executive compensation aligns the interest of the executive leadership team with the interests of the Company's stockholders.

The Committee will continue considering the outcome of the stockholders Say-On-Pay votes when making future compensation decisions for our Named Executive Officers.

## **CONSIDERATION OF 2017 FREQUENCY ON SAY-ON-PAY VOTE**

At our 2017 Annual Meeting of Stockholders, we asked stockholders to consider how often they wish to vote, on an advisory basis, on the Say-On-Pay matters (the Frequency of Say-On-Pay vote). In response, 82.96% of the votes cast approved holding an advisory vote on Say-On-Pay every three years. Based on the stockholder vote and after carefully considering that in the last six years TTEC stockholders approved our executive compensation by an average margin of greater than 95%, the Board of Directors decided to hold the advisory vote on executive compensation every three years. The next advisory vote on executive compensation will be presented for stockholders' consideration as part of the 2020 Proxy Statement and will occur at the 2020 Annual Meeting of Stockholders. The stockholders will have their next opportunity to consider how often they wish to vote on matters involving executive compensation as part of 2023 Annual Meeting of Stockholders.

## **EXECUTIVE LEADERSHIP TEAM COMPENSATION APPROACH AND STRUCTURE**

### **Our Approach to Executive Leadership Compensation**

We structure our executive compensation to attract and retain executive talent who can maximize our performance results. Our compensation program is designed to motivate our executive leadership team to remain focused on delivering superior performance that creates long-term investor value. Our executive compensation program also places significant weight on how our leaders align their conduct with TTEC's vision, mission, and values, as they achieve their personal goals and the Company's performance goals.

## Our Compensation Practices Include:

**Pay for Performance.** We encourage a results-oriented culture through pay-for-performance compensation, and annually review executive compensation against Company's overall performance and its annual goals.

**Competitive Compensation Targets.** We target executive base compensation at the median of our peer group, and the *at risk* variable compensation opportunities between the 50th and 75th percentile of compensation offered by our competitors.

**Rigorous Performance Metrics.** The Compensation Committee annually reviews and re-sets executive performance targets to assure that they appropriately reflect the goals of the business and are challenging, but achievable.

**Stockholder Alignment.** Through our compensation practices, we align the interests of our Named Executive Officers, other executive officers and our stockholders to maximize long-term performance goals of the Company.

**Affordability of Rewards.** We ensure that our rewards are affordable by aligning them to the Company's results of operation as they compare to our annual business plan.

**Significant *at risk* Component.** We structure our compensation programs with a significant portion that is variable and *at risk* to ensure that the actual compensation realized by Named Executive Officers directly and demonstrably links to individual and Company-wide performance.

**Share Ownership Guidelines.** Our Chief Executive Officer and Chief Financial Officer are expected to hold TTEC equity in the amount of at least 3 times their base compensation; while other members of the executive leadership team, including all Named Executive Officers, are expected to hold equity equal to 2.5 and 1.5 times their base compensation.

**Restrictive Covenants.** Members of our executive leadership team are subject to market appropriate restrictive covenants, effective on separation from TTEC. These restrictive covenants include non-competition, client and employee non-solicitation, and customary non-disclosure obligations.

**Individual Accountability.** Our compensation program is designed to ensure that our Named Executive Officers remain focused on individual operational and financial goals to build the foundation for our long-term success.

**Review of Compensation Peer Group.** Our Compensation Committee reviews our executive compensation program against our peer group annually and adjusts, when necessary, to make sure that it remains relevant and appropriate.

Table of Contents**Executive Leadership Team Compensation Structure**

To achieve its overarching objectives, our executive compensation program consists of the following three principle elements:

<b>Compensation Element</b>	<b>Characteristics</b>	<b>Purpose</b>	<b>Philosophy</b>
<b>Base salary</b>	Fixed annual compensation that provides a competitive level of base compensation.	Compensate senior executives for their level of experience and responsibility.	We believe base salary should be competitive, and we target it at the 50th percentile of our peer group.
<b>Annual performance-based cash incentive awards</b>	Variable annual cash compensation opportunity funded based on objective Company performance targets (operating income) and paid based on subjective measures of individual performance.	Motivate and reward senior executives for performance against short-term Company goals.	We believe in providing appropriate incentive to drive the Company's short-term financial and operational objectives. This incentive opportunity is targeted at the 50th percentile of our peer group.
<b>Equity awards</b>	Variable equity compensation granted annually, usually, in the form of restricted stock units (RSUs), or stock options or performance-based award opportunities as deemed appropriate. While the awards are based on the individual performance and the Company's performance in the year granted, the incentive links directly to the Company's performance over time, as equity vests.	Motivate and retain senior executives during the multi-year vesting period and focus them on longer term performance objectives by aligning their interests with those of our stockholders through the vesting period.	We believe that equity grants that vest over multiple years encourage the executive management team to focus on the long-term stock value appreciation. The incentive provides a market competitive equity grant targeted between the 50th and 75th percentile of our peer group.

In addition to these primary components of compensation, our senior executives are also eligible to participate in our general health and welfare programs, 401(k) plan, life insurance program, and other employee benefit programs. Although to be competitive, we pay as perquisites all or a portion of certain Named Executive Officers' healthcare premiums, we believe that perquisites should be limited in scope and value, and, historically, they have not constituted a significant portion of executive compensation.

**OVERSIGHT OF OUR EXECUTIVE COMPENSATION PROGRAM****Role of the Compensation Committee**

Our Compensation Committee determines all compensation for members of our executive leadership team, including our Named Executive Officers, on an annual basis. In doing so, the Compensation Committee:

- Evaluates the compensation received during the year by each executive, and considers the Company's performance, the individual
- Considers the executive's role in developing and maintaining key client relationships.

## Edgar Filing: TTEC Holdings, Inc. - Form DEF 14A

performance of each executive and his/her skills, experience, and responsibilities to determine if any change in the executive's compensation is appropriate.

- Reviews with the Chief Executive Officer the performance of the other Named Executive Officers.

- Reviews peer group data and the advice of the compensation consultant as a measure of the competitive market for executive talent in our industry.

- Considers the executive's contribution to the Company's overall operating effectiveness, strategic success, and profitability, and considers the quality of the executive's decision-making.

- Considers the Company's financial results for the year and how the executive contributed to these results but does not adhere to strict formulas to determine the mix of base salary, equity grants and cash incentives.

- Evaluates the level of responsibility, scope and complexity of such executive's position relative to other Company executives.

- Determines the composition and amount of compensation for each Named Executive Officer and uses its subjective judgment in determining the amount of each compensation element in order to retain and motivate current executives.

- Assesses the executive's leadership growth and management development over the past year.

The Compensation Committee utilizes these subjective factors because it believes they are critical to increasing stockholder value. These factors are not quantified or weighted for importance; and the Compensation Committee's use of these factors is tied directly to the individual role and the responsibilities of each executive officer. For example, greater weight may be given to the role of developing and maintaining key client relationships for the Chief Revenue Officer due to her responsibilities for overseeing sales operations, while greater weight will be given to contribution to our overall operating effectiveness, strategic success and profitability, and completion of strategic projects, among other factors, for the Chief Financial Officer, given her responsibilities relating to our financial performance and growth.

## Table of Contents

Funding for performance-based cash incentives and our equity grants are based on objective Company performance targets set at the beginning of each year. As a result, there is uncertainty with respect to the achievement of these funding targets at the time they are set. The Compensation Committee has the authority to modify the funding for these variable incentives, in its sole discretion, when material changes in the business warrant it.

Our ability to achieve the funding target is heavily dependent not only on factors within our control, but also on current economic conditions, foreign exchange rate movements, weather events, and other performance variables outside of our control. In measuring our performance against pre-determined performance targets, the Compensation Committee may make (and over the years has made) adjustments to these targets for items outside of the executive leadership team's control.

In addition to its discretion with respect to the performance-based cash incentives and equity grants, during those years in which our actual performance resulted in a lower than anticipated level of funding for the variable incentives, the Compensation Committee may from time to time determine that funding should be provided outside of the objective Company performance criteria to fund discretionary bonuses and equity awards to retain or to reward executive officers for their exceptional individual contribution (measured on a subjective basis). Although the Compensation Committee has this discretion, it utilizes it infrequently to maintain the integrity of the Company's compensation structure and philosophy.

## **How We Use Compensation Consultants**

From time to time, and as needed, the Compensation Committee retains services of compensation consultants, law firms, and other professional advisors to act as independent advisors to the Compensation Committee. In selecting its consultants, the Compensation Committee takes measures to assure that no member of our Board or any Named Executive Officer has any affiliations with such consultants. The Compensation Committee requires that all of its consultants provide it with annual certification of their independence.

In 2018, the Compensation Committee utilized the services of Compensia, Inc., an executive compensation consulting firm (*Compensia*). The Committee did not use services of other advisors in 2018, but they were available to the Committee as directed by the Committee chair.

## **Compensia**

At least every other year, *Compensia* provides the Compensation Committee with independent compensation advice on various aspects of executive compensation, including:

- A periodic review of our compensation practices, trends and philosophy;
- A review of our equity award and cash incentive programs;

## Edgar Filing: TTEC Holdings, Inc. - Form DEF 14A

- A competitive assessment of our executive compensation levels and pay-for-performance linkage;
- An analysis of peer group companies that compete with us and that follow similar compensation models, along with benchmark compensation and benefits data for the peer group;
- A review of our compensation practices compared to peer group companies and current trends related to executive employment agreements; and
- Assistance in developing recommendations for compensation for our executive officers, including our Named Executive Officers.

*Compensia* takes its direction solely from, and provides reports to, the Compensation Committee, or to members of our in-house human capital department at the direction and on behalf of the Compensation Committee. All costs of *Compensia*'s services are paid by the Company at the direction of the Compensation Committee chair. Although *Compensia* provides recommendations on the structure of our compensation programs, *Compensia* does not determine the amount or form of compensation for any of our Named Executive Officers. From time to time, *Compensia* also provides advice to the Company, with knowledge and consent of the Compensation Committee.

In those years when *Compensia* is not utilized by the Compensation Committee of our Board, similar compensation analysis is performed by members of our in-house human capital department who have special expertise in executive compensation.

### How We Use Peer Group, Survey, and Benchmark Data

Each year, the Compensation Committee reviews the competitiveness of our compensation program against our peer group and market benchmarks. For 2018, the Compensation Committee reviewed, with input from Management, the then current peer group and determined this group of companies was still relevant for 2018. The peer group for 2018 included:

- LiveRamp Holdings, Inc. (fka Acxiom Corporation)
- CSG Systems International, Inc.
- ExlService Holdings, Inc.
- Fair Isaac Corporation
- FTI Consulting, Inc.
- Genpact Limited
- Sykes Enterprises, Incorporated

Table of Contents

The Compensation Committee selected this peer group because the companies in the group are in the same or similar industries, compete with us for executive talent, follow similar compensation models and are of a similar size. The Compensation Committee reviewed the compensation practices of this peer group to effectively design compensation arrangements to attract new executives in our highly competitive, rapidly changing market and to confirm proper levels of compensation for our Named Executive Officers.

This peer group data for executive officers performing the same or similar roles is one factor the Compensation Committee uses in establishing Named Executive Officer base salaries (which, in 2018, the Compensation Committee targeted at the 50th percentile of the peer group), and performance-based cash incentive and equity grants (which, in 2018, the Compensation Committee targeted between the 50th and 75th percentile of the peer group), and in otherwise determining the overall mix of equity grants, cash incentives and base salaries for executive compensation. The Compensation Committee does not adhere to strict formulas, benchmarking in its review of this peer group data to determine the mix of our executive s compensation elements. The peer group data is instructive but it is neither binding nor a dispositive factor in how the Compensation Committee s makes its compensation decisions for the Company.

**CEO COMPENSATION**

Mr. Tuchman, our Chief Executive Officer, beneficially owns approximately 68.1 percent of the Company. His interest in the Company s performance, therefore, is very closely and personally aligned with that of our other stockholders. At Mr. Tuchman s request, the Compensation Committee approved Mr. Tuchman s base salary to be \$1 for 2018. Mr. Tuchman s salary has remained at this level since 2012. Under Mr. Tuchman s employment agreement, he does not participate in our variable compensation plans. Accordingly, the Compensation Committee did not award any cash incentives or equity grants.

**2018 BASE SALARY COMPENSATION FOR NAMED EXECUTIVE OFFICERS**

The Compensation Committee analyzed benchmarks for competitive base salaries using the peer group as described above, targeting the 50th percentile overall as the guide for the executive leadership team s base salaries. Based on these benchmarks, in 2018, the Compensation Committee approved base salary increases for Mr. DeGhetto and Ms. Paolillo from \$400,00 to \$425,000.

In January 2019 the Compensation Committee approved a base salary increase for Mr. Pollema to reflect a change in responsibility associated with his new role as Executive Vice President, TTEC Digital. The Committee determined that the base salaries for other Named Executive Officers were in line with targets, with the exception of Mr. Tuchman s base salary, which has been set at \$1 based on Mr. Tuchman s request. Base salaries for our Named Executive Officers during 2017, 2018 and as of this filing for 2019 have been as follows:

Executive	Base Salary	Considerations for Base Salary Determination
-----------	-------------	--

Edgar Filing: TTEC Holdings, Inc. - Form DEF 14A

	2019	2018	2017	
<b>Kenneth D. Tuchman</b>	\$ 1	\$ 1	\$ 1	At Mr. Tuchman's request, his annual salary is \$1.

<b>Regina M. Paolillo</b>	\$425,000	\$425,000	\$375,000	Based on complexity of the role and market benchmarks.
<b>Steven C. Pollema</b>	\$350,000	\$309,000	\$309,000	Based on change in scope of responsibilities, and market benchmarks.

Table of Contents**2018 PERFORMANCE-BASED CASH INCENTIVE AWARD****Performance-Based Cash Incentives Funding Criteria**

The Compensation Committee of the Board resets the variable cash incentive award funding targets at the beginning of each year. In 2018, the Compensation Committee selected operating income targets in setting our variable incentive funding because this target was consistent with the Company's long-term growth objectives and aligned the interests of management with the interests of our stockholders. As part of its compensation philosophy, the Compensation Committee sets reasonable stretch targets that are difficult to achieve, but which it believes are achievable.

**Performance-Based Cash Award Funding and Operating Income Results for 2017 Performance**

With respect to cash incentives paid in 2017 and 2018 related to 2017 performance, the Compensation Committee approved the award of \$1.4 million to the Named Executive Officers, based on their performance against the 2017 operating income targets, as adjusted. These bonuses consisted of \$0.6 million paid at mid-year 2017 and \$0.8 million paid in the first quarter of 2018 for 2017 performance. Achievement at the 100 percent of operating income targets for 2017 would have resulted in the funding of the cash incentives for Named Executive Officers at \$1.4 million. The failure to achieve minimum operating income targets in 2017 would have resulted in zero funding of the cash incentives for performance in 2017.

The adjustments that the Compensation Committee made to 2017 results of operations for purposes of determining 2017 cash incentive awards were due to foreign exchange fluctuations, which accounted for variance between FX rates used to set 2017 targets and the actual 2017 FX rates, an adjustment related to restructuring, integration and impairment charges as well as acts of god (weather and natural disasters). The Compensation Committee determined that such adjustments were appropriate because these events were outside of direct control of the Company and the management team.

The adjusted 2017 operating income results measured against the targets were as follows:

Performance-Based Cash Incentive Funding Metrics	2017 Target	2017 Performance	Adjusted 2017 Performance	Total Performance-Based Cash Award Funding for 2017 Performance
<b>Operating Income</b>	\$138.2 million	\$135.0 million <sup>1</sup>	\$135.0 million <sup>1</sup>	\$12.7 million

<sup>1</sup> While 2017 Performance Results and Adjusted Performance Results appear the same in the table above, with TTEC Compensation Committee's approval, the company did adjust its results for purposes of incentive calculation by \$1.271 million for FX impact and \$1.253 million for impact from storms, which on a rounded basis yielded a neutral outcome.

## Performance-Based Cash Award Funding and Operating Income Results for 2018 Performance

With respect to cash incentives paid in 2018 and 2019 related to 2018 performance, the Compensation Committee of our Board approved the funding of \$4.2 million based on performance results against the 2018 operating income targets as reflected in the table below. The bonus pool funding of \$4.2 million represents approximately 25 percent of the total bonus opportunity of \$16.5 million, which would have been available if we achieved 100 percent of the annual operating income targets. Further, the Committee approved the allocation of the \$4.2 million bonus pool only to those eligible employees who are affiliated with the business segments that met or exceeded their 2018 annual operating income targets, such as Customer Technology Services, Customer Consulting Services and Customer Growth Services business segments and only proportionately to each segment's achievement of its targets.

With respect to cash incentives paid to the Named Executive Officers, the Compensation Committee approved \$200,000 only, again to be allocated only to those Named Executive Officers who are directly affiliated with the business segments that achieved their targets. Achievement at 100 percent of the 2018 operating income targets, would have resulted in the funding of \$1.54 million for the Named Executive Officers. The paid incentives of \$200,000 consisted of bonuses paid in September 2018 of \$64,500 and \$135,500 paid in the first quarter of 2019 for 2018 performance.

For purposes of determining the cash incentive funding for 2018 performance, the Compensation Committee made adjustments to 2018 results of operations due to foreign exchange fluctuations, which accounts for variance between FX rates used to set 2018 targets and the actual 2018 FX rates, and certain integration and impairment charges. The Compensation Committee determined that such adjustments were appropriate because these events were outside of direct control of the Company and the management team.

The adjusted 2018 operating income results measured against the targets were as follows:

Performance-Based Cash Incentive Funding Metrics	2018 Target	2018 Performance	Adjusted 2018 Performance	Total Performance-Based Cash Award Funding for 2018 Performance
<b>Operating Income</b>	\$124.4 million	\$110.3 million	\$111.7 million	\$4.2 million

Table of Contents**Individual Performance Targets and Awards for Performance-Based Cash Incentives**

If and when any cash incentives are available, based on the overall performance of the Company, how the funds are allocated to each Named Executive Officer is determined by the Compensation Committee, at its discretion, based on the recommendation of the Chief Executive Officer, and based on the Compensation Committee's view of the executive's contribution to the execution of the Company's strategic priorities as set forth below:

**Strategic Priorities**

- Execute against our go to market strategy
- Maintain our market share in our key markets, with our key clients, in our offerings
- Deliver innovative solutions in emerging digital CX technology and services
- Optimize how we do business (people, technology and facilities)
- Attract and retain the best CX talent

**Performance Objectives**

- Sign new business and grow revenue
- Improved year-over-year operating income and free cash flow
- Increase client satisfaction and retention
- Increase employee satisfaction and retention
- Improve overhead efficiency

There is no formulaic tie between the Company's financial results and the amount of the cash incentives payable to individual executives under the variable cash incentive plan, once the minimum target levels of financial performance necessary to fund the plan, as determined by the Compensation Committee, are achieved by the Company.

Our cash incentives provide for the adjustment or recovery of amounts paid to a Named Executive Officer if the results in a previous year are subsequently restated or adjusted in a manner that would have originally resulted in a smaller award.

**Cash Incentives Paid in 2017 and 2018 With Respect to 2017 Performance**

In 2017 and 2018, the Compensation Committee awarded cash incentives to the Named Executive Officers for 2017 performance as follows:

Named Executive Officer	Target Cash Incentives % Base Salary	Cash Incentives Paid in 2017 for 2017 Performance	Cash Incentives Paid in 2018 for 2017 Performance	Total Incentive Paid for 2017 Performance	Basis for Cash Incentive Award

<sup>1</sup> As noted elsewhere in these Proxy materials, Mr. Tuchman does not participate in this program.

<sup>2</sup> Performance at target allows executives to earn 100% of Base Salary in annual cash incentive; ability to earn up to 200% would be based on performance materially in excess of targets.

Table of Contents**Cash Incentives Paid in 2018 and 2019 With Respect to 2018 Performance**

In 2018 and 2019, the Compensation Committee awarded cash incentives to only one Named Executive Officer, Steven Pollema, for contributions that Consumer Technology Services (CTS) business segment that he is responsible for made to 2018 performance by exceeding its operating income target. The Compensation Committee did not award cash incentives to other Named Executive Officers as financial targets that they were responsible for were not achieved.

<sup>1</sup> As noted elsewhere in these Proxy materials, Mr. Tuchman does not participate in this program.

**2018 Equity Grants**

In 2018, the Compensation Committee considered - annual equity awards aligned to the Company's 2017 performance, peer company benchmarks and each individual Named Executive Officer's performance. Based on this review, the Compensation Committee determined to make restricted stock unit (RSU) grants to our Named Executive Officers. The primary characteristics of the RSUs being granted were:

- Annual RSU grants vest in four-year increments with 25 percent of the award vesting on each of the award anniversary dates.
- RSUs provide a long-term incentive to balance shorter-term incentives provided by cash awards and base salaries.
- Executive officers must remain employed by the Company through the vesting date for each portion of the grant to vest.
- Vesting of RSUs may be affected by a change of control, as discussed below under [Executive Compensation Tables - Potential Payments upon Termination or Change in Control](#).
- The awards are structured to have a strong retention value and align executives' interests to

stockholders' interests over a longer term.

The Compensation Committee made annual RSU grants to Mr. DeGhetto, Ms. Hand, Ms. Paolillo and Mr. Pollema as stated in the table below. The grants vest in four equal installments on each anniversary date of the grant through 2022, subject to continued employment with the Company.

The Compensation Committee also approved a one-time variable compensation plan in 2017 which was aligned to the over achievement of certain EBITDA targets. The plan was designed to provide equity awards to our senior executives and cash bonuses to certain other employees that contributed to over achievement of EBITDA for performance year 2017. The equity awards were structured to be issued in 2018 with RSUs vesting at the time of the grant.

With respect to the funding based on 2017 performance and awards issued in 2018, the Compensation Committee approved \$140.6 thousand to our Named Executive Officers. For purposes of determining the funding, the Compensation Committee considered adjustments related to foreign exchange fluctuations, which accounts for variance between FX rates used to set 2017 targets and the actual 2017 FX rates, an adjustment related to restructuring, integration, and impairment charges as well as Acts of God (weather and natural disasters). The Compensation Committee determined that such adjustments were appropriate because these events were outside of direct control of the Company and the management team.

## Employment Agreements

From time to time, we have entered into employment agreements with senior executive officers, including five of our Named Executive Officers: Messrs. Tuchman, DeGhetto, Pollema and Mses. Paolillo and Hand. As a matter of policy, the Company does not enter into employment agreements, except in circumstance when required to do so by law or in special circumstances when management believes that such agreements are necessary to attract an executive or retain an executive in highly competitive market conditions. The Compensation Committee reviews, but is not required to approve, employment agreements with senior executive officers, except our Chief Executive Officer and Chief Financial Officer. The primary terms of our employment arrangement with Named Executive Officers are summarized below.

### Tuchman Agreement

- TTEC entered into an employment agreement with Mr. Tuchman in 2001.
- Base Salary and Incentives. Pursuant to the terms of the agreement, Mr. Tuchman is entitled to base salary, annual cash, and equity incentives. But beginning in 2012, Mr. Tuchman requested that the Compensation Committee limit his base compensation to \$1 and awarded him no annual cash or equity incentives.
- Benefits. Mr. Tuchman and members of his family are entitled to participate in all TTEC employee benefits at the Company's expense.
- Life Insurance. The Company agreed to provide Mr. Tuchman with \$4,000,000 term life insurance policy, premiums fully paid by the Company. The policy and its proceeds are owned by Mr. Tuchman and may continue post termination of employment, subject to Mr. Tuchman paying all the premiums.
- Severance. Subject to customary releases, Mr. Tuchman is entitled to severance in the amount of 24 months of base pay, if he is terminated without cause or terminates his employment for good reason.
- Change in Control Provisions. The employment agreement includes change in control provisions that result in accelerated vesting of all unvested equity awarded to Mr. Tuchman, subject to certain conditions that have been superseded by change in control provisions of specific equity grant documents (see, *Executive Compensation Tables - Potential Payments upon Termination or Change in Control* section of the Proxy Statement).
- Non-Disparagement. The agreement provides that on separation of affiliation, whatever the reason, TTEC will refrain from any comments regarding Mr. Tuchman and his affiliation with TTEC. A breach of this provision provides for a \$200,000 liquidated damages payment. Mr. Tuchman is similarly precluded from making disparaging comments about the Company.

Provisions in our Named Executive Officers' employment agreements relating to severance, termination and change in control are discussed in greater detail in the section below entitled [Executive Compensation Tables - Potential Payments Upon Termination or Change in Control.](#)

Table of Contents**COMPENSATION RISK ASSESSMENT**

As discussed above under the heading [Board Risk Management](#) we conduct an annual assessment of our compensation policies and practices for all employees. We review and discuss the results of this assessment with the Compensation Committee. Based upon this assessment, review and discussion, we believe that our compensation policies and practices do not create unreasonable risk to the business.

**TAX CONSIDERATIONS**

Section 409A of the Code imposes additional income taxes on executive officers for certain types of deferred compensation that do not comply with Section 409A of the Code. In 2008, we revised several of our compensation plans and agreements with technical changes designed to cause any nonqualified deferred compensation payable under such plans and agreements to comply with, or be exempt from, Section 409A. We did so because we provide certain executives, including our Named Executive Officers, with the opportunity to contribute up to 75 percent of their salaries or cash incentives to a deferred compensation plan. We do not provide deferred compensation to the Named Executive Officers in excess of their individual contributions.

**ACCOUNTING CONSIDERATIONS**

The Compensation Committee also considers the accounting and cash flow implications of our executive compensation program. In our financial statements, we record salaries and cash incentives as expenses in the amount paid, or to be paid, to the Named Executive Officers. Accounting rules also require us to record equity awards as an expense in our financial statements even though equity awards are not paid as cash to employees. The accounting expense of equity awards to employees is calculated in accordance with the guidance in FASB ASC Topic 718. The Compensation Committee believes, however, that the advantages of equity compensation programs, as discussed above, outweigh the non-cash compensation expense associated with them.

2 Dollar amounts set forth in this row represent the number of unvested RSUs that would vest upon a change in control multiplied by \$28.57, the closing price of our common stock on December 31, 2018 (the last trading date of 2018). No dollar amount is reflected for Mr. Pollema as his unvested RSUs would not vest upon a change in control event; however, they would vest if he were terminated in connection with such event.

3 Pursuant to his employment agreement, Mr. Tuchman is entitled to receive the value of continued benefits, including personal use of the Company aircraft, an automobile allowance, executive health, dental and vision insurance premiums, life insurance premiums, deferred death benefits and 401(k) plan matching contributions, equal to two times the value at time of separation. For purposes of the auto allowance and aircraft, each such benefit will be determined as reported in the summary compensation table of the Company's proxy statement for the prior year.

4 Under the employment agreements of DeGhetto, Hand, Paolillo and Pollema, they are eligible to receive twelve months of benefit continuation at the same level of welfare and health benefits in place prior to termination of employment. ### 2018 CEO Pay Ratio

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are required to disclose the median of the annual total compensation of our employees, the annual total compensation of our principal executive officer, Chairman and CEO Mr. Kenneth Tuchman, and the ratio of these two amounts.

Table of Contents

To determine the CEO pay ratio, we first identified our median employee. We selected October 1, 2018, as the date upon which we would identify the median employee, because it enabled us to make such identification in a reasonable timeframe. In determining the employee population to be used to calculate the compensation of the median employee, we included employees in all countries. TTEC is a global company, with complex operations worldwide with more than half of its employees located outside of United States, the country in which our headquarters office is located. As of October 1, 2018, TTEC's workforce consisted of approximately 52,316 full-time, part-time, and temporary/seasonal employees.

We utilized 2018 actual cash compensation (base wages + allowances/premiums + variable incentives) for our consistently applied compensation measure because we believe that this measure reasonably reflects the annual compensation of our employees. We do not grant equity to a large percentage of our employee population, so using actual cash compensation is representative.

We included all of our full-time, part-time, and temporary/seasonal employees globally, but excluded our CEO. We annualized the compensation for all full-time and part-time employees who did not work for us for the entire fiscal year. Earnings of our employees outside the U.S. were converted to U.S. dollars using the currency exchange rates used for organizational planning purposes which rely on forecasted rates. The forecasted rates are based on historical rate trends, external market data and other factors. We did not make any cost of living adjustments.

After identifying our median employee, based on our consistently applied compensation measure, we calculated annual total compensation for this employee using the same methodology we use for our Named Executive Officers as set forth in the 2018 Summary Compensation Table included in this Proxy Statement. Based on this calculation, our median employee's annual total compensation for 2018 was \$6,387. Our CEO's annual total compensation for 2018 was \$70,331. As a result, we estimate the ratio of our CEO's annual total compensation for 2018 to that of our median employee's annual total compensation for 2018 to be 11 to 1. While our pay ratio was 11 to 1, it is important to note that the annual base salary for our CEO is \$1.00 and the majority of Mr. Tuchman's 2018 compensation is related to the amounts summarized under the All Other Compensation Table.

## Equity Compensation Plan Information

The following table sets forth, as of December 31, 2018, the number of shares of our common stock to be issued upon exercise of outstanding options, RSUs, warrants and rights, the weighted-average exercise price of outstanding options, warrants and rights, and the number of securities available for future issuance under equity-based compensation plans:

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, RSUs, Warrants and Rights	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights (\$)	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in the Second Column)
Equity compensation plans approved by security holders	1,141,438 <sup>1</sup>		1,001,341
Equity compensation plans not approved by security holders			
Total	1,141,438		1,001,341

<sup>1</sup> Reflects 1,141,438 RSUs issued under our equity incentive plan.

## COMPENSATION COMMITTEE REPORT

We evaluate and establish compensation for TTEC executive officers and oversee the equity-based compensation plans, performance-based cash incentive plans, and other management incentives and perquisite programs.

Management has primary responsibility for TTEC's financial reporting and disclosure processes, including disclosure of executive compensation. Within the context of this division of responsibilities between the Compensation Committee and management, the Compensation Committee has reviewed and discussed with management the disclosures regarding executive compensation to be included in the Proxy Statement and is satisfied that the disclosure fairly and completely represents the philosophy, intent and actions of the Compensation Committee with respect to TTEC's executive compensation. The Compensation Committee, therefore, recommended to our Board that the section entitled [Compensation Discussion and Analysis](#) be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the year ended December 31, 2018.
