**Termination of a Material Definitive Agreement**

On September 25, 2009, Paramount Gold and Silver Corp. (the Company) received a notice of termination from Klondex Mines Ltd. (Klondex) of that certain binding letter agreement (the Letter Agreement), dated as of July 20, 2009, between the Company and Klondex, with respect to a proposed plan of arrangement under the *Business Corporations Act* (British Columbia) between the two companies (the Plan of Arrangement).

The Company was informed that Klondex terminated the Letter Agreement due to an alleged misstatement of material facts by the Company in its National Instrument (NI) 43-101 Technical Report dated November 20, 2008 (the November 2008 Technical Report). The Company rejects these allegations, noting that the issues raised by Klondex with respect to the Company's NI 43-101 Technical Report are minor, not material and have no adverse impact on the valuation of the Company. Further, the Company engaged the qualified persons who authored the November 2008 Technical Report to assess Klondex's stated concerns, and an updated NI 43-101 Technical Report dated September 15, 2009 was prepared. However, the authors concluded that the Company's mineral resource did not require restatement in response to Klondex's allegations because the potential variances were small amounts within the margin of error in such estimates and are of little practical consequence.

The Company has filed a Statement of Claim with the Supreme Court of British Columbia naming Klondex as the defendant and alleging that Klondex acted in bad faith and in breach of the Agreement and, as a result, that the Company is entitled to the break fee of \$2.85 million as set out in the Letter Agreement along with damages for breach of contract and, in addition, damages for malicious falsehood and defamation.
