## **EnerNorth Industries Inc.**

### **Notes to Unaudited Consolidated Financial Statements**

**For the Period Ended September 30, 2005**

**(Expressed in Canadian Dollars)**

#### **1. Basis of Presentation**

These unaudited interim consolidated financial statements have been prepared by management following the same accounting policies and methods of computation as the audited consolidated financial statements for the year ended June 30, 2005. These interim financial statements should be read in conjunction with the Company's audited consolidated financial statements together with notes for the year ended June 30, 2005. For further detailed discussions please refer to the Company's Management Discussion and Analysis for the three month period ending September 30, 2005.

The Company's primary activities include investment in, exploration and development and production of oil and gas. The unaudited consolidated financial results for the periods ending September 30, 2005 and 2004 include the accounts of the Company and its subsidiary Euro India Canara Private Limited which are carried on the balance sheet at nil. The results of operations of its former wholly owned subsidiaries, held through M&M Engineering Limited ( M&M ) are accounted for as discontinued operations (See Notes 4 and 6).

Operating results for the three months ended September 30, 2005 are not indicative of the results that may be expected for the full year ending June 30, 2006.

The Company's ability to continue as a going concern is primarily dependent upon the enforceability of the Oakwell Claim (see Note 7). If the application of the judgment becomes enforceable in Canada then there would be a material and adverse impact on the Company's financial condition.

These consolidated financial statements do not include any adjustments to the amounts and classification of assets and liabilities that might be necessary should the Company not be able to continue in the normal course of operations. If the going concern assumption is not appropriate for these consolidated financial statements then adjustments may be necessary to the carrying value of assets and liabilities, the reported revenues and expenses, and the balance sheet classifications used.

These consolidated financial statements have been prepared by management in accordance with accounting principles generally accepted in Canada.

2.

#### **Seasonality and Trend Information**

Oil and gas production is not a seasonal business, but increased consumer demand or changes in supply in certain months of the year can influence the price of produced hydrocarbons, depending on the circumstances. Production from the Company's oil and gas properties is the primary determinant for the volume of sales during the year.

3.

#### **Segmented information**

The Company's operations consist of one operating segment in the oil and gas industry, which includes investment in, exploration, development and production of oil and gas. These operations consist of one cost centre, Canada.

4.

#### **Discontinued Operations**

On February 1, 2005 the Company divested of its interests in M&M for cash proceeds of Cdn. \$7,361,989. The transaction was a sale of 100% of the common shares and 100% of the preferred shares of M&M held by the Company. Prior to closing, the Company retracted preferred shares of M&M for Cdn \$1,000,000 cash.

The results of M&M have been accounted for as discontinued operations. Estimated disposal costs have been included in the net income from discontinued operations.

**6.**

**Comparative Figures**

As a result of discontinued operations the comparative unaudited consolidated financial statements have been reclassified from statements previously presented to conform to the September 30, 2005 presentation.

**7. Oakwell Claim**

The Oakwell Claim relates to a Singapore judgment against the Company plus costs and interest. On August 2, 2005 the Superior Court for the Province of Ontario ordered that the Singapore judgment was enforceable in Ontario with costs. The Company filed notice of appeal of the August 2, 2005 order and the appeal date has been set for April 10, 2006.
