**Item 1.01. Entry into a Material Definitive Agreement.**

On June 27, 2007, the Compensation Committee of the Board of Directors of the Company approved individual non-qualified stock option awards for certain officers and employees of the Company pursuant to the Harris & Harris Group, Inc. 2006 Equity Incentive Plan (the "Plan") at an exercise price of \$11.1105, the volume weighted average price (VWAP) on the grant day. The awards were also approved by the Board of Directors.

All awards granted to executive officers vest subject to continued employment with the Company through each applicable vesting date, except for certain retirees whose continued participation in the Plan is subject to certain conditions.

The Compensation Committee utilized a third-party compensation advisory firm to assess the competitiveness of the current compensation levels of the named executive officers of the Company. As part of this process, the Compensation Committee analyzed the compensation of the named executive officers, among other factors, in light of information regarding the compensation practices of other publicly traded companies and private venture capital and private equity firms. In addition, the Compensation Committee considered the importance of increasing the actual equity ownership of senior officers before the scheduled retirement date of our Chairman and Chief Executive Officer, Charles E. Harris, on December 31, 2008. All stock option awards to officers will be subject to stock retention guidelines.

SFAS 123(R) requires us to record the fair value of these awards on the date of grant as a component of equity. The cost associated with the grants will be expensed over the vesting period of the options with a corresponding increase to our additional paid-in capital. Compensation expense related to the grant of options will increase our total operating expenses and net operating loss. The increase to expenses is expected to be offset by the increase to our additional paid-in capital, and thus the granting of options is expected to have no net impact on our net asset value per share. If options are exercised, net asset value per share will be decreased if the net asset value per share at the time of exercise is higher than the exercise price and net asset value per share will be increased if the net asset value per share at the time of exercise is lower than the exercise price.

Copies of the Plan are available with the Proxy Statement filed with the Securities and Exchange Commission on April 3, 2006. The stock option awards will be subject to the terms and conditions provided for in the form of stock option agreement filed as Exhibit 10.2 to the Company's Form 8-K filed with the Securities and Exchange Commission on June 26, 2006. The award schedule used in connection with the foregoing grant is attached hereto as Exhibit 10.1.
