ATSI COMMUNICATIONS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

NOTE 1 – BASIS OF PRESENTATION

The accompanying unaudited interim consolidated financial statements of ATSI Communications, Inc. have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the United States Securities and Exchange Commission. In the opinion of management, these interim financial statements contain all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the consolidated financial statements, which would substantially duplicate the disclosure contained in the audited financial statements for the most recent fiscal year ended July 31, 2007, as reported in Form 10-KSB filed on October 17, 2007, have been omitted.

NOTE 2 – STOCK-BASED COMPENSATION

In September 2005, ATSI adopted its 2005 stock compensation plan. This plan authorizes the grant of up to 7.5 million warrants, stock options, restricted common shares, non-restricted common shares and other awards to employees, directors, and certain other persons. The plan is intended to permit ATSI to retain and attract qualified individuals who will contribute to the overall success of ATSI. ATSI's Board of Directors determines the terms of any grants under the plan. Exercise prices of all warrants, stock options and other awards vary based on the market price of the shares of common stock as of the date of grant. The warrants, stock options, restricted common stock, non-restricted common stock and other awards vest based on the terms of the individual grant.

In August 2007, ATSI's Board of Directors approved an amendment to the plan. Under the amendment, ATSI's Board of Directors increased the maximum aggregate number of shares of Common Stock that may be issued under the Plan from 7.5 million shares to 17.5 million shares.

The grants under the plan during the nine months ended April 30, 2008 were as follows:

- ATSI granted options to purchase 1,835,000 common shares to certain employees and Board Members with an exercise price of \$0.21 per share, the closing price of ATSI's common stock on the grant date, August 15, 2007. One third of the options vested immediately on the grant date and the remaining two-thirds will vest as follows: one-third on the first anniversary of the grant date and one-third on the second anniversary of the grant date. All options expire if not exercised on or before the tenth anniversary of the grant date. Under the fair value option method, ATSI recognized \$89,000 of compensation expense associated with the vested options on the date of grant. ATSI will recognize the remaining \$177,000 of non-cash compensation expense related to un-vested options over the relevant service periods.

- ATSI granted options to purchase 750,000 common shares to an employee with an exercise price of \$0.23 per share, the closing price of ATSI's common stock on the grant date, September 1, 2007. Upon successfully achieving performance objectives set by ATSI's Board of Directors, the options will vest one-third on the first anniversary of the date of grant, one-third on the second anniversary of the date of grant, and one-third on the third anniversary of the date of grant. All options expire if not exercised on or before the tenth anniversary of the grant date. Under the fair value option method, ATSI will recognize \$119,000 of non-cash compensation expense over the relevant service period.

- ATSI granted options to purchase 30,000 common shares to an employee with an exercise price of \$0.27 per share, the closing price of ATSI's common stock on the grant date, November 1, 2007. The options will vest one-third on the first anniversary of the date of grant, one-third on the second anniversary of the date of grant, and one-third on the third anniversary of the date of grant. All options expire if not exercised on or before the tenth anniversary of the grant date. Under the fair value option method, ATSI will recognize \$5,500 of non-cash compensation expense over the relevant service period.

8

- ATSI granted options to purchase 100,000 common shares to an employee with an exercise price of \$0.18 per share, the closing price of ATSI's common stock on the grant date, January 28, 2008. The options will vest one-third on the first anniversary of the date of grant, one-third on the second anniversary of the date of grant, and one-third on the third anniversary of the date of grant. All options expire if not exercised on or before the tenth anniversary of the grant date. Under the fair value option method, ATSI will recognize \$14,753 of non-cash compensation expense over the relevant service period.

- ATSI issued 1,299,398 shares of unrestricted common stock to its employees and directors for services rendered with a value of \$272,873. (See Note 6 for details.)

The fair value of each option and warrant granted is estimated on the date of grant using the Black-Scholes option pricing model with the following assumptions:

Expected dividend yield	0.00%
Expected stock price volatility	75%-105%
Risk-free interest rate	3.15%-4.65%
Expected life of options	4-6 years

A summary of the options as of April 30, 2008 and the changes during the nine months ended April 30, 2008 is presented below:

2005 Stock Compensation Plan	Options	Weighted-average exercise price	remaining contractual term (years)
Outstanding at July 31, 2007	5,598,998	\$ 0.17	6
Granted	2,715,000	0.22	6
Forfeited	(74,999)	0.21	6
Outstanding at April 30, 2008	8,238,999	0.19	6
Exercisable at April 30, 2008	4,673,666	\$ 0.18	6

NOTE 3 – DEBT

On November 3, 2006, ATSI borrowed \$250,000 from CCA Financial Services, Inc. This note initially had an interest rate of 16% per annum, provided for eleven monthly payments of principal and interest in the amount of \$7,807 and a final payment at maturity of \$200,000, was secured by ATSI's equipment, deposit accounts and accounts receivables, and had an initial maturity date of November 3, 2007. ATSI has the option of paying off the total outstanding principal balance at any time without any penalties. On November 4, 2007, ATSI and CCA Financial Services, Inc. agreed to extend the term of the note to April 30, 2008. On April 30, 2008, ATSI and CCA Financial Services, Inc. agreed to extend the term of the note to June 30, 2008. The new principal balance of the note is \$150,000 and the interest rate is 15% per annum. All other terms remain the same.

On June 1, 2006, ATSI restructured \$275,000 in original principal amount of its 9% Convertible Subordinated Debentures and \$141,000 in accrued interest by issuing new 9% Convertible Subordinated Debentures due June 1, 2011 ("New Debentures") with an aggregate face value of \$416,000. Each New Debenture accrues interest at 9% per annum payable annually. The New Debentures and any accrued interest are subject to conversion into common stock by either ATSI or the holders of the New Debentures at the higher of (a) \$0.27 per share or (b) the average closing price of ATSI's common stock for the 10 days immediately preceding the date of conversion, subject to a maximum number of 1,540,741 common shares issuable upon conversion. The proceeds from the New Debentures have been discounted by \$26,000 to reflect a beneficial conversion feature derived from the difference between the conversion price and the market price at the time of issuance. The discount will be amortized over the life of the New Debentures using the effective interest method. As of April 30, 2008, the principal balance and accrued interest on the New Debenture were \$240,000 and \$21,000, respectively.

On March 28, 2007, ATSI borrowed \$100,000 from Wells Fargo Bank. This note bears interest at 7%, provides for twenty-four monthly payments of principal and interest in the amount of \$4,481 and is secured by ATSI's certificate of deposit for \$100,000. ATSI has the option of paying off the total outstanding principal balance at any time without any penalties.

On July 25, 2007, ATSI borrowed \$200,000 from Wells Fargo Bank. This note bears interest at 7.25%, provides for thirty-six monthly payments of principal and interest in the amount of \$6,208 and is secured by ATSI's certificate of deposit for \$200,000. ATSI has the option of paying off the total outstanding principal balance at any time without any penalties.

On October 1, 2007, ATSI restructured a \$500,000 note payable to Alfonso Torres. The new principal balance is \$459,170. The new note bears interest at 6% and is payable in a single lump sum on October 1, 2009. ATSI has the option of paying off the total outstanding principal balance and accrued interest at any time without penalties. In connection with the restructuring, ATSI issued 130,435 shares of common stock at \$0.23 per share to pay off \$30,000 of accrued interest under the original note and agreed to pay \$60,000 in cash, in equal monthly payments starting November 2, 2007. ATSI has paid \$60,000 towards the cash commitment. As a result of the restructuring of the note ATSI recognized \$41,000 in debt forgiveness income associated with the accrued interest forgiven by Alfonso Torres.

On December 10, 2007, ATSI and The Shaar Fund entered into a settlement agreement relating to certain litigation. ATSI paid \$75,000 on December 12, 2007 and agreed to pay another \$450,000 with interest at 7.5% per annum in quarterly payments of \$16,667 on each of January 31, 2008 and April 30, 2008, and in quarterly payments of \$26,042 commencing on July 31, 2008 and continuing until April 30, 2012. If paid in full within the first 18 months, ATSI will be entitled to a discount of 22.5% on the then outstanding principal balance. The Shaar Fund surrendered for cancellation 742 shares of ATSI's 6% Series D Cumulative Convertible Preferred Stock and forgave approximately \$340,000 in dividends accrued thereon as of October 24, 2007.

NOTE 4 - ACCOUNTS RECEIVABLE FINANCING AGREEMENT

On December 12, 2007, ATSI entered into a \$3,000,000 accounts receivable financing agreement with Wells Fargo Business Credit ("WFBC"), a division of Wells Fargo Bank, N.A. On March 26, 2008, WFBC increased the accounts receivable financing to \$5,000,000. ATSI may offer to sell with recourse not less than \$350,000 and no more than \$5,000,000 of its accounts receivable to WFBC each month. WFBC pays to ATSI 85% of the aggregate amount of each account transferred under the Account Transfer Agreement. Once the account is collected by WFBC, it retains the amount originally paid for the account plus a daily factoring rate of 0.0349% for each day outstanding measured from the funding date and until the account is paid by ATSI's customer. If an account is not paid within 90 days, ATSI must repurchase the account for the amount that it originally received for the account and pay the factor rate that has accrued prior to repurchase. The factoring agreement is for twelve months and ATSI can terminate this agreement upon 30 days written notice, subject to a \$15,000 early termination fee. Under the receivable financing agreement

with WFBC, ATSI is factoring approximately \$875,000 of its monthly receivables. As of April 30, 2008, ATSI had approximately \$11,000 of factored account receivables outstanding; ATSI will continue to factor its receivables on a monthly basis as services are rendered to its customers.

NOTE 5 – COMMON STOCK

During the nine months ended April 30, 2008 ATSI issued the following:

- 149,288 shares of common stock valued at \$30,820 to its placement agent and consultants for their services rendered.
- 1,299,398 shares of common stock to its employees and directors for services rendered. ATSI recorded the fair value of \$272,873 as the compensation expense in its statement of operations.
- 3,434 shares of common stock to a Series H Preferred Stock shareholder for an unprocessed conversion of the Series H Preferred Stock.
- 130,436 shares of common stock to Alfonso Torres in lieu of \$30,000 in accrued interest associated with the Alfonso Torres note payable.

NOTE 6 –WARRANTS ISSUED FOR SERVICES

During the nine months ended April 30, 2008 ATSI granted 375,000 warrants for consulting services. The exercise price of the warrants was set at \$.18 per warrant. ATSI recognized a non-cash warrant expense of \$45,753 during the quarter ended April 30, 2008.

The fair value of each warrant granted is estimated on the date of grant using the Black-Scholes option-pricing model with the following assumptions:

Expected dividend yield	0.00%
Expected stock price volatility	105%
Risk-free interest rate	3.62%
Expected life of options	4 years

NOTE 7 –NOTE RECEIVABLE

As of April 30, 2008, ATSI had loaned a total of \$150,000 to NetSapiens Inc. The note receivable is due on June 26, 2008 with interest at 8% per year. The note is secured by NetSapiens’ proprietary Starter Platform License and SNAPsolution modules. ATSI can convert the outstanding interest and principal balance into a perpetual NetSapiens’ License.

NOTE 8 - RELATED PARTY TRANSACTIONS

In January 2006, ATSI, through its wholly owned subsidiary, Telefamilia Communications, Inc., entered into a joint management and marketing agreement with Fiesta Communications, Inc., whereby ATSI provides accounting and administrative support to Fiesta for \$2,500 per month. As of April 30, 2008, Fiesta owed ATSI \$52,500 in management fees. Additionally, under the joint management and marketing agreement between Telefamilia and Fiesta, ATSI entered into a promissory note for \$15,000 with Fiesta on February 1, 2008. The promissory note has a maturity date of July 30, 2008 and an annual interest rate of 8%. ATSI’s CEO and President, Arthur L. Smith, is a 20% shareholder of Fiesta.

ATSI has evaluated its relationship with Fiesta and determined that Fiesta is not a variable interest entity under FIN 46(R) and also concluded that it is not the primary beneficiary as defined by FIN 46(R). Based on these findings, ATSI is not required to consolidate Fiesta.

NOTE 9 – PREFERRED STOCK SETTLEMENTS

In August 2007, ATSI reached a settlement agreement with the holders of the 1,170 shares of ATSI's Series E Convertible Preferred Stock. Under the confidential settlement agreement ATSI paid \$175,000 to the Series E Preferred Stock shareholders and the 1,170 shares of Series E Preferred Stock were cancelled.

In December 2007, ATSI and The Shaar Fund Ltd. entered into a settlement agreement in which they released each other from all claims relating to the Series D Convertible Preferred Stock. Under the terms of the settlement agreement, The Shaar Fund, Ltd. agreed to surrender all outstanding shares of ATSI's Series D Convertible Preferred Stock and waived all accrued and unpaid dividends thereon in the amount of approximately \$340,000 as of October 24, 2007. ATSI paid The Shaar Fund, Ltd. \$75,000 in cash in December 2007 and issued to The Shaar Fund a promissory note for \$450,000, bearing interest at the rate of 7.5% per annum and payable in payments of \$16,667 in principal and accrued interest on each of January 31, 2008 and April 30, 2008, and in quarterly payments of \$26,042 in principal and accrued interest commencing on July 31, 2008 and continuing until April 30, 2012. ATSI will be entitled to a discount of 22.5% on the then outstanding principal balance if ATSI pays the principal amount in full within the first 18 months.

NOTE 10 – SETTLEMENT AGREEMENT REACHED WITH LIGHTSPEED TELECOM, INC.

On April 30, 2008 ATSI and Lightspeed Telecom, Inc. entered into a settlement agreement in which ATSI is to receive some software from Lightspeed and some pecuniary consideration. This settlement arose from a suit filed in December 2006 by ATSI against Lightspeed Telecom, Inc. in the Bexar County District Court to recover approximately \$63,000 (plus attorney's fees, legal interest, and court costs) against a company that called itself Lightspeed Telecom, Inc. and its principals or alter egos. The suit was for unpaid telecommunications services provided at the instance of the individual Defendants. ATSI asserted such services were obtained by or at the direction of Defendants without intent to pay.

NOTE 11 – SHARE REPURCHASE PROGRAM

On April 16, 2008 ATSI's Board of Directors approved a share buyback plan allowing the Company to purchase up to \$1 million of its common stock. The shares will be bought through the open market through December 31, 2008 based on price and market conditions. As of April 30, 2008 the Company has repurchased 20,400 of its common stock at an average purchase price of \$0.21.

NOTE 12 – SUBSEQUENT EVENTS

On May 1, 2008, ATSI entered into a "Purchase Agreement" with Fiesta Communications, Inc. Under the agreement ATSI agreed to sell all of the outstanding shares of Telefamilia Communications, Inc. to Fiesta Communications, Inc. for 975,000 shares of common stock in Fiesta Communications and \$30,000 in cash to be paid in June 2008. Fiesta Communications issued a three-year promissory note in the amount of \$52,984 for the services rendered by ATSI under the joint management agreement dated January 1, 2006. The three-year promissory note will be paid quarterly starting July 31, 2008 and has a maturity date of May 1, 2010 and an annual interest rate of 8%. The note will be secured by all assets of the new combined entity of Fiesta. Additionally, on May 1, 2008 Fiesta and ATSI entered into a note payable to ATSI for \$10,000, which has a maturity date of July 30, 2008 and an interest rate of 8%.

A summary of Telefamilia's financial information is as follow:

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS AND PLAN OF OPERATIONS

SPECIAL NOTE: This Quarterly Report on Form 10-QSB contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. "Forward looking statements" are those statements that describe management's beliefs and expectations about the future. We have identified forward-looking statements by using words such as "anticipate," "believe," "could," "estimate," "may," "expect," "plan," and "intend." Although we believe these expectations are reasonable, our operations involve a number of risks and uncertainties. Some of these risks include the availability and capacity of competitive data transmission networks and or ability to raise sufficient capital to continue operations. Additional risks are included in our Annual Report on Form 10-KSB filed with the Securities and Exchange Commission on October 17, 2007.

The following is a discussion of the consolidated financial condition and results of operations of ATSI for the three and nine months ended April 30, 2008 and 2007. As used in this section, the term "fiscal 2008" means the year ending July 31, 2008 and "fiscal 2007" means the year ended July 31, 2007.

General

We are an international telecommunications carrier that utilizes the Internet to provide cost-efficient and economical international telecommunications services. Our current operations consist primarily of providing digital voice communications over the Internet using Voice-over-Internet-Protocol ("VoIP"). We provide high quality voice and enhanced telecommunication services to carriers, telephony resellers and other VoIP carriers through various agreements with service providers in the United States, Mexico, Asia, the Middle East and Latin America utilizing VoIP technology. Our services include:

Carrier Services: We currently provide VoIP communication services to U.S. and foreign telecommunications companies that lack transmission facilities, require additional capacity or do not have the regulatory licenses to terminate traffic in Mexico, Asia, the Middle East and Latin America. Typically, these telecommunications companies offer their services to the public for domestic and international long distance services. In addition, we provide private communications links and VoIP gateway services.

Communication Services: We provide retail local phone service and international VoIP long distance service primarily to the U.S. Hispanic market throughout Texas, mainly in the Rio Grande Valley. Our local phone service includes access to a landline and value-added services such as caller ID and call waiting. These services are offered to our customers on both a prepaid and postpaid basis. We also provide prepaid domestic and long-distance services through our prepaid VoIP network platform. Customers access this platform and complete the call by using their local phone number as a “PIN” or personal identification number.

Results of Operations

The following table sets forth certain items included in our results of operations and variances between periods for the three and nine months ended April 30, 2008 and 2007. All dollar amounts are in thousands.

	Three months ended April 30,				Nine months ended April 30,

Three Months ended April 30, 2008 Compared to Three Months ended April 30, 2007

Operating Revenues. Consolidated operating revenues increased \$3,031,000, or 37%, between periods from \$8,140,000 for the quarter ended April 30, 2007 to \$11,171,000 for the quarter ended April 30, 2008.

Carrier services revenue increased by \$3,034,000, or 37%, from the quarter ended April 30, 2007 to the quarter ended April 30, 2008. Our carrier traffic increased by 30 % from approximately 111,878,669 minutes of voice traffic during the quarter ended April 30, 2007 to approximately 145,481,136 minutes of voice traffic during the quarter ended April 30, 2008. The increase in revenue and VoIP minutes is attributable primarily to the upgrade to our Nextone® Soft Switch, which allows us to offer high quality and dependable VoIP services, serve more customers and efficiently process greater volume of data records and calls.

Communication services revenue decreased approximately 11%, or \$3,000 from the quarter ended April 30, 2007 to the quarter ended April 30, 2008. The decrease in communication services revenue is primarily due to a decrease in retail customers from 111 during the quarter ended April 30, 2007 to 97 during the quarter ended April 30, 2008.

Cost of Services (Exclusive of depreciation and amortization). The consolidated cost of services increased by \$2,737,000, or 36%, from the quarter ended April 30, 2007 to the quarter ended April 30, 2008. The increase in cost of services is a direct result of the increase in carrier services revenue. As mentioned above, our carrier traffic increased from approximately 111,878,669 minutes of voice traffic during the quarter ended April 30, 2006 to approximately 145,481,136 minutes of voice traffic during the quarter ended April 30, 2008, thus increasing our cost of services between quarters. Consolidated cost of services, as a percentage of revenue was comparable between quarters at 93%. Additionally, as a result of the increase in total revenue, our gross profits increased from \$493,000 during the quarter ended April 30, 2007 to \$787,000 during the quarter ended April 30, 2008.

Selling, General and Administrative (SG&A) Expenses (exclusive of legal and professional fees). SG&A expenses increased by \$238,000, or 75%, from the quarter ended April 30, 2007 to the quarter ended April 30, 2008. The increase is primarily attributable to an increase in salaries of \$120,000 as a result of the hiring of three new employees and bonuses paid to officers. Additionally, non-cash compensation expense to employees and warrant expense increased by \$79,000 from the quarter ended April 30, 2007 to the quarter ended April 30, 2008.

Legal and professional fees. Legal and professional fees increased by \$2,000, or 2%, from the quarter ended April 30, 2007 to the quarter ended April 30, 2008. The increase is attributable to \$35,000 in legal fees incurred during the quarter ended April 30, 2008 in connection with an investor relations campaign. We did not incur similar expenses during the quarter ended April 30, 2007.

Bad debt expense. Bad debt expense decreased by \$52,000, or 179%, from the quarter ended April 30, 2007 to the quarter ended April 30, 2008. During the quarter ended April 30, 2008 we recognized a \$25,000 adjustment in bad debt expense as a result of changes in the VoIP market and historical uncollectible accounts, thus decreasing bad debt expense between periods.

Depreciation and amortization. Depreciation and amortization increased by \$18,000 or 75%, from the quarter ended April 30, 2007 to the quarter ended April 30, 2008. The increase is attributed to the amortization during fiscal 2008 of the new computers and upgrades to our Nextone soft-switch acquired during the third quarter of fiscal 2008.

Operating income (loss). The Company's operating income increased by \$88,000, or 226%, from the quarter ended April 30, 2007 to the quarter ended April 30, 2008. The improvement in operating income is attributed to the increase between quarters in gross profit margin of approximately \$294,000. The increase in gross profit margin was offset by an increase of approximately \$238,000 in selling, general and administrative expenses due to an increase in salaries of \$120,000 as a result of the hiring of three new employees and bonuses paid to officers. Additionally, non-cash compensation expense to employees and warrant expense increased by \$79,000 from the quarter ended April 30, 2007 to the quarter ended April 30, 2008.

Interest income (expense). Interest (expense) decreased by \$221,000, or 87%, from the quarter ended April 30, 2007 to the quarter ended April 30, 2008. The decrease can be attributed to the payoff of various promissory notes during fiscal 2008; and the related lower average balance of notes payable during the quarter ended April 30, 2008. Additionally, during the quarter ended April 30, 2007 we recognized \$143,723 attributed to the beneficial conversion feature associated with the conversion of various notes payable and accrued interest and the amortization of approximately \$93,000 in deferred financing fees as part of a private placement common stock financing.

Net income (loss). Net income increased by \$309,000, or 144%, from the quarter ended April 30, 2007 to the quarter ended April 30, 2008. The improvement in net income is attributed to the increase between quarters in operating income and a decrease in interest expense between quarters.

Preferred stock dividends. Preferred stock dividends decreased by \$7,000, or 100%, between periods, from \$7,000 for the quarter ended April 30, 2007 to \$0 during the quarter ended April 30, 2008. The decrease is primarily the result of

the conversion of all Redeemable Preferred Stock during the first quarter of Fiscal 2008. As a result we were not required to account for any preferred stock dividend during the quarter ended April 30, 2008.

Reversal of previously recorded preferred stock dividends. During the quarter ended April 30, 2007 we recognized a reversal of previously recorded dividend expense of \$600,000, this reversal occurred as result of the conversion into common stock of 9,063,260 shares of Series H Convertible Preferred Stock. At the time of conversion of these securities, the market price of ATSI's stock was higher than at the time of issuance of the securities. As a result, a reversal of preferred dividends was recognized during the period.

Net income applicable to common stockholders. Net income applicable to common stockholders decreased by \$284,000, or 75%, from the quarter ended April 30, 2007 to the quarter ended April 30, 2008, although we recognized an increase in gross margin between periods of \$294,000 and an increase in operating income between quarters of \$88,000. The decrease in net income applicable to common stockholders is attributed to the reversal of previously recorded preferred stock dividends of \$600,000 recognized during the quarter ended April 30, 2007. We did not recognize this type of adjustment during the quarter ended April 30, 2008.

Nine Months ended April 30, 2008 Compared to Nine Months ended April 30, 2007

Operating Revenues. Consolidated operating revenues increased by \$9,160,000, or 42%, between periods from \$21,745,000 for the nine months ended April 30, 2007 to \$30,905,000 for the nine months ended April 30, 2008.

Carrier services revenue increased \$9,174,000, or 42%, from the nine months ended April 30, 2007 to the nine months ended April 30, 2008. The increase in carrier services revenue is attributed to the increase in carrier minutes. Our carrier services minutes increased by 33% from approximately 316,435,399 minutes of voice traffic during the nine months ended April 30, 2007 to approximately 419,571,789 minutes of voice traffic during the nine months ended April 30, 2008. The increase in revenue and VoIP minutes is attributable primarily to the upgrade to our Nextone® Soft Switch, which allows us to offer high quality and dependable VoIP services, serve more customers and efficiently process greater volume of data records and calls.

Communication services revenue decreased approximately 16%, or \$14,000, from the nine months ended April 30, 2007 to the nine months ended April 30, 2008. The decrease in communication services revenue is primarily due to a decrease in the average monthly retail customers from 113 during the nine months ended April 30, 2007 to 100 during the nine months ended April 30, 2008.

Cost of Services (Exclusive of depreciation and amortization). The consolidated cost of services increased by \$8,538,000, or 42%, from the nine months ended April 30, 2007 to the nine months ended April 30, 2008. The increase in cost of services is a direct result of the increase in voice traffic, which required an increase in service fees paid to our vendors for transmission services. Consolidated cost of services, as a percentage of revenue, was comparable between periods at 93%. Despite the increase in cost of service (exclusive of depreciation and amortization), gross profits increased from \$1,570,000 during the nine months ended April 30, 2007 to \$2,192,000 during the nine months ended April 30, 2008 as a result of the increase in revenues. As previously mentioned, our carrier traffic increased by 33 % from approximately 316,435,399 minutes of voice traffic during the nine months ended April 30, 2007 to approximately 419,571,789 minutes of voice traffic during the nine months ended April 30, 2008. The increase in carrier minutes can mainly be attributed to an increase in customers during fiscal 2008 compared to fiscal 2007.

Selling, General and Administrative (SG&A) Expenses (exclusive of legal and professional fees). SG&A expenses increased by \$645,000, or 51%, from the nine months ended April 30, 2007 to the nine months ended April 30, 2008. The increase is primarily attributable to an increase in salaries and wages of approximately \$354,000 as a result of the hiring of three new employees and bonuses paid to officers. Furthermore, non-cash compensation expense to employees and warrant expense increased by \$235,000 from the nine months ended April 30, 2007 to the nine months ended April 30, 2008. The increase is attributed to the recognition during the nine months ended April 30, 2008 of approximately \$612,000 of non-cash compensation expense associated with the stock options issued to employees and

directors recorded under the adopted of FAS-123R, Modified Stock based Compensation. We incurred approximately \$422,000 on non-cash compensation expense during the nine months ended April 30, 2007.

Legal and Professional Fees. Legal and professional fees increased by \$40,000, or 20%, from the nine months ended April 30, 2007 to the nine months ended April 30, 2008. The increase is attributable to \$57,000 in legal fees incurred during the nine months ended April 30, 2008 in connection with the litigation and settlement of a dispute between ATSI and the holders of the 6% Series D Cumulative Convertible Preferred Stock. We did not incur similar expenses during the nine months ended April 30, 2007.

Bad debt expense. Bad debt expense decreased by \$78,000, or 103%, from the nine months ended April 30, 2007 to the nine months ended April 30, 2008. During the nine months ended April 30, 2007 we recognized \$76,000 in bad debt expense associated with uncollectible accounts. During the nine months ended April 30, 2008 we recognized an adjustment in bad debt of \$2,000 as a result of changes in the VoIP market and historical uncollectible accounts, thus decreasing bad debt expense between periods.

Depreciation and amortization. Depreciation and amortization increased by \$58,000, or 94%, from the nine months ended April 30, 2007 to the nine months ended April 30, 2008. The increase is attributed to the amortization during fiscal 2008 of the new computers and the upgrade to our Nextone soft-switch, which was acquired during the 3rd quarter of fiscal 2008.

Operating income (loss). The Company's operating loss increased by \$43,000, or 113%, from the nine months ended April 30, 2007 to the nine months ended April 30, 2008. The increase in operation loss is primarily attributable to an increase in salaries and wages of approximately \$354,000 as a result of the hiring of three new employees and bonuses paid to officers. Furthermore, the increase in non-cash compensation expense to employees and warrant expense of \$235,000 from the nine months ended April 30, 2007 to the nine months ended April 30, 2008. Additionally, the increase in operating loss is attributed to recognition of \$57,000 in legal and professional fees in connection with the litigation and settlement between ATSI and the holders of the 6% Series D Cumulative Convertible Preferred Stock. These increases in expenses offset the increase in gross margin of approximately \$622,000 and the reduction in bad debt expense of \$78,000 between periods.

Debt forgiveness income. Debt forgiveness income increased by \$41,000, or 100%, from the nine months ended April 30, 2007 to the nine months ended April 30, 2008. The increase can be attributed to the restructuring of the note payable and settlement with Alfonso Torres and forgiveness of \$41,000 in accrued interest.

Interest income (expense). Interest income (expense) decreased by \$243,000, or 75%, from the nine months ended April 30, 2007 to the nine months ended April 30, 2008. The decrease can be attributed to the payoff of various promissory notes during fiscal 2008; and the related lower average balance of notes payable during the nine months ended April 30, 2008. Additionally, during the nine months ended April 30, 2007 we recognized \$143,723 attributed to the beneficial conversion feature associated with the conversion of various notes payable and accrued interest and the amortization of approximately \$93,000 in deferred financing fees as part of a private placement common stock financing.

Net income (loss). Net income (loss) decreased by \$241,000 from the nine months ended April 30, 2007 to the nine months ended April 30, 2008. The improvement in net income (loss) is attributed to the increase between periods in gross profit margin of approximately \$622,000, the reduction in interest expense of \$243,000, and increase in debt forgiveness income. These improvements were partially offset by the increase of approximately \$645,000 in selling, general and administrative expenses.

Preferred stock dividends. Preferred stock dividends decreased by \$33,000, or 73%, between periods, from \$45,000 for the nine months ended April 30, 2007 to \$12,000 during the nine months ended April 30, 2008. The decrease in preferred dividends between periods is mainly attributed to a decrease in dividends associated with Series A Convertible Preferred Stock, Series H Convertible Preferred Stock and Series D Convertible Preferred Stock. As of April 30, 2008 all Convertible Preferred Stock has been converted or redeemed to common stock.

Reversal of previously recorded preferred stock dividends. During the nine months ended April 30, 2008, we recognized a reversal of previously recorded dividend expense of \$340,000. This reversal occurred as result of the settlement agreement reached between ATSI and The Shaar Fund. As a result of the settlement The Shaar Fund agreed to surrender 742 shares of ATSI's 6% Series D Cumulative Convertible Preferred Stock and forgive accrued dividends of approximately \$340,000 as of October 24, 2007. During the nine months ended April 30, 2007 we recognized a reversal of previously recorded dividend expense of \$828,000. This reversal occurred as result of the conversion into common stock of 2,750 shares of Series A Convertible Preferred Stock and 11,802,381 shares of Series H Convertible Preferred Stock. At the time of conversion of these securities the market price of ATSI's stock was higher than at the time of issuance of the securities, and as a result, a reversal of preferred dividends was recognized during the period.

Net income (loss) applicable to common stockholders. Net income applicable to common stockholders decreased by \$214,000, or 51%, from the nine months ended April 30, 2007 to the nine months ended April 30, 2008 even though we recognized an increase in net income of \$241,000. The decrease in net income applicable to common stockholders is attributed to the reversal of previously recorded preferred stock dividends of \$828,000 recognized during the nine months ended April 30, 2007 compared to a reversal of previously recorded preferred stock dividend in the amount of \$340,000 during the nine months ended April 30, 2008.

Liquidity and Capital Resources

Cash Position: We had a cash balance of \$726,000 as of April 30, 2008. Net cash provided by operating activities during the nine months ended April 30, 2008 was approximately \$256,000. Net cash provided by operating activities was as a result of adjustments for non-cash charges for depreciation of \$120,000, debt forgiveness income of \$41,000, charges associated with issuance of stock grants and options to employees for services of \$612,000, issuance of common stock and warrants for services of \$77,000 and provisions for losses on accounts receivables of \$2,000. Cash provided by operating activities was slightly offset by the cash used by changes in accounts payable of \$91,000, accrued liabilities of \$30,000 and accounts receivables of \$253,000.

Investing activities during the nine months ended April 30, 2008 consumed \$145,000 as a result of advances of \$100,000 to NetSapiens, notes receivables of \$15,000 with Fiesta Communications, a related party, investments in certificates of deposit and purchases of \$20,000 of equipment.

Financing activities during the nine months ended April 30, 2008 consumed \$435,000 in cash. This cash was primarily consumed by debt principal payments of \$178,000 associated with various notes payable, acquisition of the Redeemable Preferred stock Series D&E of \$250,000, acquisition of our common stock of \$5,000 and principal payments of \$2,000 associated with a capital lease obligation. Overall, our net operating, investing and financing activities during the nine months ended April 30, 2008 resulted in a decrease of \$324,000 in our available cash.

Our current cash expenses are expected to be approximately \$150,000 per month, including wages, rent, utilities, litigation fees and corporate professional fees. We are currently generating sufficient cash from operations to cover all monthly cash expenses. We anticipate that the April 30, 2008 balance of \$726,000 in cash combined with expected net cash flow generated from operations and the factoring agreement with Wells Fargo Bank, will be sufficient to fund our operations, capital asset expenditures and potential common stock repurchases for the next twelve months. We are currently utilizing the factoring agreement with Wells Fargo Bank as necessary to provide cash for operations. Under the agreement we are able to factor up to \$5,000,000 of our monthly accounts receivable. On average, we are factoring account receivables of \$875,000 per month. As of April 30, 2008 we had \$11,000 of outstanding receivables under the Wells Fargo Factoring agreement. We believe that the improvement in our cash flows from operations as a result of our growth will facilitate our ability to obtain debt and/or equity funding from institutional investors. However, we presently do not have a definitive agreement to obtain such financing.

Our working capital was \$244,000 as of April 30, 2008. This represents an improvement of approximately \$668,000 from our working capital deficit at July 31, 2007. The improvement can primarily be attributed to the reversal of previously recorded preferred stock dividends of \$340,000 as a result of the settlement with The Shaar Fund and the net operating income generated from operations through April 30, 2008.

ITEM 3. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

The Company has adopted and implemented disclosure controls and procedures designed to provide reasonable assurance that all reportable information will be recorded, processed, summarized and reported within the time period specified in the SEC's rules and forms. Under the supervision and with the participation of the Company's management, including the Company's President and Chief Executive Officer and the Company's Sr. VP of Finance & Corporate Controller and Principal Financial Officer, the Company has evaluated the effectiveness of the design and operation of its disclosure controls and procedures pursuant to Exchange Act Rule 13a-15(b) as of the end of the fiscal quarter covered by this report. Based on that evaluation, the President and Chief Executive Officer and the Sr. VP of Finance & Corporate Controller and Principal Financial Officer have concluded that these disclosure controls and procedures are effective as of the end of the fiscal quarter covered by this report.

Changes in Internal Control Over Financial Reporting

There were no changes in the Company's internal control over financial reporting during the fiscal quarter covered by this report that have had a material affect or are reasonably likely to have a material effect on internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

In December 2006, ATSI filed suit in Bexar County District Court to recover approximately \$63,000 (plus attorney's fees, legal interest, and court costs) against a company that called itself Lightspeed Telecom, Inc. and its principals or alter egos. The suit is for unpaid telecommunications services provided at the instance of the individual Defendants.

ATSI asserts such services were obtained by or at the direction of Defendants without intent to pay, which the individual Defendants denied. Lightspeed admitted liability but the two individual Defendants denied liability. In light of Lightspeed being out of business and having virtually no confirmable hard assets, in April, 2008 the parties entered into a settlement agreement in which ATSI is to receive some software from Lightspeed and some pecuniary consideration from the individual Defendants. In the event the Defendants perform such settlement agreement, the lawsuit will be dismissed. Therefore, such case is currently abated pending the performance of such settlement by Defendants.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

During the period covered by this report, the Company issued 130,438 shares of its common stock to Alfonso Torres in lieu of interest accrued under a promissory note. The transaction was privately negotiated between the Company and Mr. Torres, with whom the Company has substantial prior relationship. The shares were issued without registration pursuant to Section 4(2) of the Securities Act of 1933.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

NONE

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

NONE
