NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

NOTE 1 – BASIS OF PRESENTATION

The accompanying unaudited interim consolidated financial statements of ATSI Communications, Inc. have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the United States Securities and Exchange Commission. In the opinion of management, these interim financial statements contain all adjustments, consisting of normal recurring adjustments necessary for a fair presentation of financial position and the results of operations for the interim periods presented. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the consolidated financial statements, which would substantially duplicate the disclosure contained in the audited financial statements for the most recent fiscal year ended July 31, 2009, as reported in Form 10-K filed on October 15, 2009, have been omitted.

NOTE 2 – ACCOUNTS RECEIVABLE FINANCING

On December 12, 2007, ATSI entered into a \$3,000,000 accounts receivable financing agreement with Wells Fargo Business Credit (“WFBC”), a division of Wells Fargo Bank, N.A. On March 26, 2008, WFBC increased the accounts receivable financing to \$5,000,000. ATSI may offer to sell with recourse not less than \$350,000 and no more than \$5,000,000 of its accounts receivable to WFBC each month. WFBC pays to ATSI 85% of the aggregate amount of each account transferred under the Account Transfer Agreement. Once the account is collected by WFBC, it retains the amount originally paid for the account plus a daily factoring rate of 0.0349% for each day outstanding measured from the funding date and until the account is paid by ATSI’s customer. If an account is not paid within 90 days, ATSI must repurchase the account for the amount that it originally received for the account and pay the factor rate that has accrued prior to repurchase. The factoring agreement is for twelve months and automatically renews for an additional twelve months. ATSI can terminate this agreement upon 30 days’ written notice, subject to a \$15,000 early termination fee. As of April 30, 2010, all receivables sold to WFBC had been collected and the entire \$5,000,000 facility was available. ATSI will continue to factor its receivables on a monthly basis as necessary to provide funds for operations.

NOTE 3 – OUTSTANDING DEBT

At April 30, 2010 and July 31, 2009 outstanding debt consisted of the following: (In thousands, except per share amounts)

	April 30, 2010	July 31, 2009
Note payable to Alfonso Torres, payable upon maturity, bearing interest of 6.00% per annum, maturing October 31, 2011, unsecured.	\$ 531	\$ 460
Note payable to Wells Fargo Bank, payable in monthly installments, bearing interest at 7.25% per annum, maturing July 25, 2010, collateralized by ATSI's certificates of deposit.	18	72
Note payable to ATVF, Scott Crist, Roderick Ciaccio & Vencore Solutions, payable in monthly installments, bearing interest at 10.00% per annum, maturing September 10, 2010, collateralized by ATSI's accounts receivables	260	604

(other than accounts factored with Wells Fargo), \$100,000 certificate of deposit with Wells Fargo and ATSI's ownership in ATSI.COM. Additionally, we issued 425,000 warrants to the note holders, at an exercise price per warrant of \$0.19. The warrants have the following "Put" and "Call" rights: Put right. From and after the second anniversary of the notes payable, the holder shall have the right to request from ATSI, upon five (5) Business days prior notice, to acquire from the holders the warrants at a price \$0.39 per warrant. Call right. At any time any warrants are outstanding, if the last sale price of ATSI's common stock is greater than \$.80 per share for ten (10) consecutive trading days, ATSI shall be entitled to require the purchaser to exercise the warrants and pay the exercise price therefore upon five (5) business days written notice. Net of unamortized discount of \$5 and \$33, respectively

Note payable to San Antonio National Bank payable in monthly installments, bearing interest at 8.00% per annum, maturing October 25, 2011, collateralized by ATSI's assets.	225	328
Note payable to ATV Texas Ventures payable in monthly installments, bearing interest at 12.00% per annum, maturing November 10, 2011, collateralized by ATSI's assets.	81	-
Note payable to ATV Texas Ventures payable in monthly installments, bearing interest at 12.00% per annum, maturing January 10, 2012, collateralized by ATSI's assets.	89	-
Note payable to ATV Texas Ventures payable in monthly installments, bearing interest at 12.00% per annum, maturing March 10, 2012, collateralized by ATSI's assets.	48	-
Total outstanding debt long-term debt	1,252	1,464
Current portion of long-term debt	(552)	(1,173)
Long-term debt, net of current portion	\$ 700	\$ 291

Payments on long-term debt of ATSI are due as follows:

	(in thousands)
Fiscal 2011	\$ 552
Fiscal 2012	700
Total payments	\$ 1,252

ATSI analyzed these instruments for derivative accounting consideration under ASC 815-15 and ASC 815-40, and determined that the warrants issued to ATVF, Scott Crist, Roderick Ciaccio & Vencore Solutions did not meet the definition of equity under ASC 815-15 and ASC 815-40, due to the put right. ATSI estimated the fair market value of the put to be the difference between the potential cash settlement price per share and the exercise price, or approximately \$85,000 which is the maximum amount of potential cash settlement by ATSI. Because the maximum cash settlement was greater than the fair value of the warrants, ATSI recorded the maximum cash settlement of \$85,000 as a liability. Additionally, ATSI analyzed the rest of the instruments for derivative accounting and determined that liability treatment was not applicable. As of April 30, 2010, ATSI was not in compliance of its loan covenants for its outstanding promissory note with ATVF.

NOTE 4 – STOCK-BASED COMPENSATION TO EMPLOYEES

In September 2005, ATSI adopted its 2005 stock compensation plan (the "Plan"). This plan authorizes the grant of up to 17.5 million warrants, stock options, restricted common shares, non-restricted common shares and other awards to employees, directors, and certain other persons. The plan is intended to permit ATSI to retain and attract qualified individuals who will contribute to the overall success of ATSI. ATSI's Board of Directors determines the terms of any grants under the plan. Exercise prices of all warrants, stock options and other awards vary based on the market price of the shares of common stock as of the date of grant. The warrants, stock options, restricted common stock, non-restricted common stock and other awards vest based on the terms of the individual grant.

ATSI did not grant any awards under the Plan during the nine months ended April 30, 2010.

ATSI recognized \$20,505 and \$143,000 in stock based compensation expense to employees during nine months ended April 30, 2010 and 2009, respectively. Unamortized compensation cost totaled \$5,784 and \$35,613 at April 30, 2010 and April 30, 2009, respectively.

As of April 30, 2010, ATSI had outstanding options totaling 8,249,000 with a weighted average exercise price of \$0.04, a weighted average remaining term of 6.21 years and an intrinsic value of \$244,170.

As of April 30, 2010, ATSI had outstanding warrants totaling 800,000 with a weighted average exercise price of \$0.18, a weighted average remaining term of 5.10 years and an intrinsic value of zero.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

SPECIAL NOTE: This Quarterly Report on Form 10-Q contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. "Forward looking statements" are those statements that describe management's beliefs and expectations about the future. We have identified forward-looking statements by using words such as "anticipate," "believe," "could," "estimate," "may," "expect," "plan," and "intend." Although we believe these expectations are reasonable, our operations involve a number of risks and uncertainties. Some of these risks include the availability and capacity of competitive data transmission networks and our ability to raise sufficient capital to continue operations. Additional risks are included in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on October 15, 2009.

The following is a discussion of the consolidated financial condition and results of operations of ATSI for the three and nine months ended April 30, 2010 and 2009. It should be read in conjunction with our Consolidated Financial Statements, the Notes thereto, and the other financial information included in the Company's Annual Report on Form 10-K for the year ended July 31, 2009. For purposes of the following discussion, fiscal 2010 or 2010 refers to the year ended July 31, 2010 and fiscal 2009 or 2009 refers to the year ended July 31, 2009.

General

We are an international telecommunications carrier that utilizes the internet to provide cost-efficient and economical international telecommunications services. Our current operations consist of providing digital voice communications over the internet using Voice-over-Internet-Protocol ("VoIP"). We provide high quality voice and enhanced telecommunication services to carriers, telephony resellers and other VoIP carriers through various agreements with service providers in the United States, Mexico, Asia, the Middle East and Latin America utilizing VoIP technology. Typically, these telecommunications companies offer their services to the public for domestic and international long distance services.

We also provide enhanced hosted VoIP Services, which include fully hosted IP/PBX services, IP trunking, call center applications, prepaid services, and customized VoIP solutions for specialized applications. Under our current network, we provide interactive voice response auto attendant, call recording, simultaneous calling, voicemail to email conversion, and multiple other IP/PBX features in a hosted environment. As an outsourced VoIP technology enabler, we are marketing new and synergistic services to other carriers and to enterprise customers through established channel partners.

Results of Operations

The following table sets forth certain items included in our results of operations and variances between periods for the three and nine months ended April 30, 2010 and 2009. All dollar amounts are in thousands.

Three Months ended April 30, 2010 Compared to Three Months ended April 30, 2009

VoIP Service. VoIP services revenue increased by \$2,914,000, or 80%, from the quarter ended April 30, 2009 to the quarter ended April 30, 2010. VoIP minutes carried by our network increased by 75% from approximately 74,237,464 minutes of voice traffic during the quarter ended April 30, 2009 to approximately 129,668,211 minutes of voice traffic during the quarter ended April 30, 2010. Our average revenue per minute increased from \$0.049 during the quarter ended April 30, 2009 to \$0.0505 for the quarter ended April 30, 2010. The increase in revenue and the average revenue per minute is attributable primarily to our efforts of providing higher quality routes at higher prices to our key customers.

Cost of Services (exclusive of depreciation and amortization). The consolidated cost of services increased by \$2,628,000, or 76%, from the quarter ended April 30, 2009 to the quarter ended April 30, 2010. The increase in cost of services is a direct correlation to the increase in VoIP services revenue. Cost of services, as a percentage of revenue decreased by 1.95 % between periods, from 94.56% of revenue during the quarter ended April 30, 2009 to 92.61% of revenue during the quarter ended April 30, 2010. The decrease in cost of services as a percentage of revenue was due to the decrease in costs from our vendors realized during the quarter ended April 30, 2010. Also, as a result of the increase in VoIP revenues and decrease in costs of service as a percent of sales, our gross margin improved by \$286,000, or 144%, from \$199,000 for the three months ended April 30, 2009 compared to \$485,000 for the three months ended April 30, 2010.

Selling, General and Administrative (SG&A) Expenses (exclusive of legal and professional fees). SG&A expenses decreased by \$87,000, or 19%, from the quarter ended April 30, 2009 to the quarter ended April 30, 2010. The decrease is primarily attributable to the decrease between periods in salaries and wages of \$67,000 as a result of the termination of various employees during fiscal 2010. Additionally, we realized a decrease between periods in non-cash compensation expense to employees. During the quarter ended April 30, 2009, we recognized \$13,254 in non-cash compensation expense to employees, but during the quarter ended April 30, 2010 we only recognized \$3,240 in non-cash compensation expense to employees.

Legal and professional fees. Legal and professional fees decreased by \$9,000, or 15%, from the quarter ended April 30, 2009 to the quarter ended April 30, 2010. The decrease is attributable to the decrease in investor relations fees, audit fees and attorney's fees as a result of expense control measures implemented during fiscal 2010.

Depreciation and amortization. Depreciation and amortization increased by \$11,000 or 33%, from the quarter ended April 30, 2009 to the quarter ended April 30, 2010. The increase is attributed to the additional amortization associated with the new computers and servers acquired during the three months ended April 30, 2010.

Operating income (loss). The Company reported operating income of \$21,000 for the three months ended April 30, 2010 compared to an operating loss of \$350,000 for the three months ended April 30, 2009. The improvement between periods was primarily attributed to the increase in gross margin, decline in selling and general administrative expenses and professional fees.

Other income (expense). Other expenses decreased by \$34,000, or 50% from the quarter ended April 30, 2009 to the quarter ended April 30, 2010. The primary reason for the decrease in other expenses is related to the decrease of \$15,000 in expenses associated with our minority interest in Fiesta Communications recognized during the quarter ended April 30, 2009. Additionally, interest expense between periods decreased by \$19,000, or 36%, from \$53,000 for the quarter ended April 30, 2009 to \$34,000 for the quarter ended April 30, 2010. The decrease in interest expense is attributed to the decrease in outstanding principal balances under various promissory notes. As a result, our interest expense decreased between periods.

Net Loss to common stockholders. The Company reported a net loss to common stockholders of \$13,000 for the three months ended April 30, 2010 compared to a net loss of \$418,000 to common stockholders for the three months ended April 30, 2009. The decrease in net loss between periods was primarily the result of the increase in gross margin, reduction in selling, general and administrative expenses, legal fees and professional fees.

Nine Months ended April 30, 2010 Compared to Nine Months ended April 30, 2009

VoIP Service. VoIP services revenue increased by \$206,000, or 1%, from the nine months ended April 30, 2009 to the nine months ended April 30, 2010. VoIP minutes carried on our network on which we generated revenues, increased by 47% from approximately 282,057,374 minutes of voice traffic during the nine months ended April 30, 2009 to approximately 414,714,613 minutes of voice traffic during the nine months ended April 30, 2010. Despite the increase in VoIP minutes, our average revenue per minute decreased from \$0.0574 during the nine months ended April 30, 2009 to \$0.03955 for the nine months ended April 30, 2010. This represents a decrease in our average revenue rate per minute of 31%. The decrease in average revenue per minute is attributable primarily to our customers constantly seeking low cost service providers to terminate their VoIP services as a result of the overall price pressure in the international VoIP market.

Cost of Services (exclusive of depreciation and amortization). The consolidated cost of services increased by \$298,000, or 2%, from the nine months ended April 30, 2009 to the nine months ended April 30, 2010. The increase in cost of services is a direct correlation of the increase in VoIP services revenue. Cost of services, as a percentage of revenue increased by .63 % between periods, from 92.37% of revenue during the nine months ended April 30, 2009 to 93% of revenue during the nine months ended April 30, 2010. The increase in cost of services as a percentage of revenue is due to the increase in costs from our vendors as a result of the quality requirements and fixed costs required to operate our network. Also, our gross margin declined by \$92,000 or 7% from \$1,239,000 for the nine months ended April 30, 2009 compared to \$1,147,000 for the nine months ended April 30, 2010.

Selling, General and Administrative (SG&A) Expenses (exclusive of legal and professional fees). SG&A expenses decreased by \$423,000, or 28%, from the nine months ended April 30, 2009 to the nine months ended April 30, 2010. The decrease is primarily attributable to the decrease between periods in salaries and wages of approximately \$280,266 as a result of the termination of various employees during fiscal 2010. Also, we realized a decrease in non-cash compensation expense to employees; during the nine months ended April 30, 2009 we recognized \$143,000 in non-cash compensation expense to employees. In comparison, we only recognized \$21,000 in non-cash compensation expense to employees during the nine months ended April 30, 2010.

Legal and Professional Fees. Legal and professional fees decreased by \$39,000, or 17%, from the nine months ended April 30, 2009 to the nine months ended April 30, 2010. The decrease is attributable to \$30,000 in Board of Directors fees incurred during the nine months ended April 30, 2009. We did not incur similar expenses during the nine months ended April 30, 2010.

Bad Debt Expense. Bad debt expense improved by \$2,000, or 100%, from the nine months ended April 30, 2009 to the nine months ended April 30, 2010. During the nine months ended April 30, 2009, we recognized \$2,000 in bad debt expense associated with uncollectible accounts. We did not incur similar expenses during the nine months ended April 30, 2010.

Depreciation and Amortization. Depreciation and amortization increased by \$14,000 or 12%, from the nine months ended April 30, 2009 to the nine months ended April 30, 2010. The increase is attributed to additional amortization expense associated with the new computers acquired during the period ending April 30, 2010.

Operating Income (loss). The Company's operating loss decreased by \$358,000, or 57%, from the nine months ended April 30, 2009 to the nine months ended April 30, 2010. The improvement in operating loss between periods is attributed to the decrease between periods in SG&A expenses and the decrease in legal and professional fees.

Other Income (expense). Other expense increased by \$36,000 from the nine months ended April 30, 2009 to the nine months ended April 30, 2010. Other expense during the nine months ended April 30, 2009, included a gain on early extinguishment of debt of \$108,000 which was attributed to a discount recognized as part of a settlement of a promissory note with The Shaar Fund. However, the gain was offset by our equity interest in Fiesta Communications of \$42,000 and interest expense of \$146,000. We did not recognize a gain on early extinguishment of debt during the nine months ended April 30, 2010, thus the increase in other expense between periods.

Net Loss. Net loss decreased by \$322,000 or 46%, from the nine months ended April 30, 2009 to the nine months ended April 30, 2010. The improvement in net loss between periods is attributed to the improvement between periods in operating income and the decrease between periods in other expenses.

Net Loss Applicable to Noncontrolling Interest. Loss attributed to noncontrolling interest increased by \$24,000, or 100%, from the nine months ended April 30, 2009 to the nine months ended April 30, 2010. During the nine months ended April 30, 2010, we recognized \$24,000 associated to the losses incurred in Fiesta and Telefamilia. We did not recognize any noncontrolling interest expenses during the nine months ended April 30, 2009.

Net Loss to Common Stockholders. The Company reported a net loss to common stockholders of \$361,000 for the nine months ended April 30, 2010 compared to a net loss to common stockholders of \$707,000 for the nine months ended April 30, 2009. The improvement in net loss to common stockholders between periods is attributed to the decrease between periods in SG&A expenses and the decrease in legal and professional fees.

Liquidity and Capital Resources

Cash Position: We had a cash balance of \$309,000 as of April 30, 2010. Net cash consumed by operating activities during the nine months ended April 30, 2010 was approximately \$256,000. Investing activities during the nine months ended April 30, 2010 generated \$240,000, consisting of \$301,000 from the sale of certificates of deposit. This was slightly offset by \$61,000 associated with the acquisition of various servers and computers. Financing activities during the nine months ended April 30, 2010 consumed \$312,000 in cash. The cash consumed during the period is associated with the debt principal payments of \$561,000 related to various notes payable and principal payments of \$1,000 associated with a capital lease obligation. Additionally, we received proceeds of \$250,000 from various promissory notes during the nine months ended April 30, 2010. Overall, our net operating, investing and financing activities during the nine months ended April 30, 2010 consumed \$328,000 of our available cash.

We are currently utilizing our available cash to fund any deficiencies in our cash flows from operations. During the nine months ended April 30, 2010, we received \$250,000 from Texas Ventures under three 24 month promissory notes. As of April 30, 2010, there was a total of \$5,000,000 available under our account receivable factoring line with WFBC.

Our current cash expenses are expected to be approximately \$135,000 per month, including wages, rent, utilities and corporate professional fees. We are currently using \$162,000 in cash generated from operations and approximately \$18,000 per month of our available cash to cover all monthly cash outflows. We anticipate that the April 30, 2010 cash balance of \$309,000, certificate of deposit of \$25,000, combined with our ability to raise additional cash from our funding source, expected net cash flow generated from future operations and the factoring agreement with WFBC, will be sufficient to fund our operations and capital asset expenditures for the next twelve months.

Our working capital (deficit) was \$531,000 as of April 30, 2010. This represents an improvement of approximately \$43,000 from our working capital (deficit) at July 31, 2009.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

In accordance with Exchange Act Rules 13a-15 and 15a-15, we carried out an evaluation, under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of April 30, 2010.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting during the nine months ended April 30, 2010 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
