(6) Mr. Celli is included as a named executive officer because he was President of SS/L, the Company's wholly owned subsidiary, through November 2, 2012, the date on which the Company completed the sale of SS/L.

Objectives and Philosophy

Our compensation program for our executive officers, including our named executive officers, is established and administered by our Compensation Committee (the "Committee") and is designed to (i) attract and retain high quality named executive officers, who are critical to our long-term success; (ii) motivate and reward our named executive officers for achieving our short-term business and long-term strategic goals; and (iii) align the financial interests of our named executive officers with those of our stockholders.

Compensation for our named executive officers consists of "total direct compensation," certain other compensatory benefits (including perquisites, nonqualified deferred compensation and retirement benefits) and potential compensation payable in the event of the executive's termination of employment. "Total direct compensation" is comprised of base salary, annual bonus compensation (included in the Summary Compensation Table below for 2012 in the Bonus column and for 2011 and 2010 in the Non-Equity Plan Incentive Compensation column) and long-term incentive compensation in the form of equity awards. Each of these elements of total direct compensation is discussed in more detail below.

Specifically, in order to attract and retain high quality executive officers, the Committee seeks to provide compensation for the named executive officers at levels that are competitive in our industry, which is highly specialized and generally comprised of firms that are significantly larger in size than we are and for which the supply of qualified and talented executives is limited. For these reasons, and based on the most recent review of executive compensation levels at industry peer companies, the Committee seeks to set target total direct compensation levels for our named executive officers between the 50th and 75th percentile for comparable positions at our peer companies, if target levels for our performance measures are achieved. In addition, our executive compensation program is designed to provide performance-based compensation that rewards our named executive officers for the achievement of predetermined corporate and personal performance goals.

The Committee considers a variety of factors when determining target total direct compensation levels for our named executive officers, including:

- each executive officer's role and level of responsibilities;

• the total compensation of executives who perform similar duties at peer companies (based on the most recent review of executive compensation levels at industry peer companies);

- the total compensation for each executive officer during the prior fiscal year;
- the potential for each executive officer to contribute to our future success; and
- other circumstances as appropriate.

In addition to total direct compensation, the Committee also considers other compensatory benefits and potential compensation payable to executive officers in determining compensation levels for the named executive officers. These other benefits and compensation include retirement benefits, deferred compensation account balances and potential benefits which may be payable upon separation from the Company. The nature of this other compensation is different from total direct compensation because it involves, in the case of retirement benefits and deferred compensation account balances, compensation payable only in the future, and, in the case of termination benefits, compensation which is contingent upon the possible occurrence of future events. When making pay decisions, the Committee does not consider each element of compensation in isolation; rather, the Committee considers the overall compensation package for each named executive officer with a view to ensuring that it is properly balanced to achieve the objectives noted above.

The Role of Peer Groups, Compensation Consultants, Surveys and Market Analysis

The Committee from time-to-time reviews market analyses assessing the extent to which the compensation program established for our named executive officers is competitive when compared with executive compensation programs established by a group of peer companies to ascertain whether the Company is paying its named executive officers in accordance with the Company's stated compensation philosophy (as discussed under "Objectives and Philosophy" above). For the reasons described below, however, in 2012, the Committee did not review the executive compensation programs or pay levels of any peer companies or perform any comparative compensation assessments.

In early 2012, the Company commenced a process to explore the sale of SS/L, which ultimately resulted in completion of the sale of SS/L in November 2012 to MDA Communications Holdings, Inc. (the "SS/L Sale"). Because the Company was involved in the sale process throughout 2012, and because a sale would result both in SS/L no longer being a subsidiary of the Company and in a significant restructuring of the Company's corporate office, the Committee believed that it was not appropriate to evaluate executive compensation for either executives of SS/L or for the corporate office until the results of the sale process and the post-sale structure of the corporate office were known. Accordingly, for 2012, the Committee did not retain any compensation consultants to assist in general compensation analyses or reviews and no peer groups were developed. Independent compensation consultants were, however, retained in 2012 to render advice in connection with establishing transaction bonus plans relating to the SS/L Sale (see "Elements of Compensation – SS/L Sale Transaction Bonuses" below) and revisions to the SS/L severance policy (see "Severance Policies for Named Executive Officers – SS/L Severance Policy" below).

Consideration of 2012 Say-on-Pay Vote

At our 2012 annual meeting of stockholders, we held a stockholder advisory vote on the compensation of our named executive officers, or say-on-pay, as required by Section 14A of the Exchange Act. Seventy-eight percent (78%) of the stockholder votes cast were in favor of our say-on-pay proposal. The Committee considered the non-binding say-on-pay vote as an affirmation of our current executive compensation programs and practices with respect to our named executive officers and made no significant changes to such programs and practices in response to the advisory vote. The executive compensation advisory vote proposal for 2013 will be presented to stockholders at the Company's 2013 annual meeting.

Elements of Compensation

Total Direct Compensation – Cash and Stock Incentives

Our total direct compensation consists of three components:

base salary;

performance-based annual cash bonus; and

long-term incentive compensation in the form of equity awards.

Base Salary

We provide a base salary for services rendered by our named executive officers throughout the year to give them resources upon which to live and to provide a portion of compensation which is assured in order to help provide them with a certain level of financial security. When determining base salary, we may consider a number of factors, to the extent they are relevant to any named executive officer in any year, including market data, prior salary, job responsibilities and changes in job responsibilities, achievement of specified Company goals, individual experience, demonstrated leadership, performance potential, Company performance and retention considerations. These factors are not weighed or ranked in any particular way.

For 2012, Mr. Targoff's base salary was established by his employment agreement (see "Employment Agreements" below). Effective January 1, 2012, Mr. Targoff's employment agreement was amended to increase his base salary per year from \$1,094,525 to \$1,127,361. This 3% increase was approved by the Committee as an ordinary course cost of living adjustment. Base salaries for Messrs. Katz, Rein, Capogrossi and Mastoloni, having been subject to a 3% ordinary course cost of living adjustment effective December 31, 2011, were not adjusted in 2012. Base salary for Mr. Celli, having been adjusted in 2010 based on the findings and recommendations of Aon Hewitt in its 2010 analysis of the compensation levels for SS/L senior executives, was not changed for 2012.

Annual Bonus Compensation

We provide annual cash bonus incentives for our named executive officers under our Management Incentive Bonus or MIB program to motivate and reward our named executive officers for achieving annual, short-term corporate goals. Each named executive officer has a target bonus opportunity, which in the past was generally payable upon the achievement of certain performance goals at the target level. The Committee administers the MIB program, sets target bonus opportunities and annual performance goals and determines the degree to which goals have been achieved and the amounts payable under the MIB program each year. The table below sets forth the target bonus opportunity for each named executive officer.

Name	Target Bonus Opportunity (as a % of salary)
Michael B. Targoff	125%
Avi Katz	60%
Harvey B. Rein	60%
John Capogrossi	40%
Richard P. Mastoloni	60%
John Celli	75%

The target bonus opportunity for Mr. Targoff was set by his employment agreement (see “Employment Agreements” below). The target bonus opportunities for Messrs. Katz, Rein and Mastoloni, having been increased in 2011 to more closely align with those of comparable similarly situated executives at SS/L, were not adjusted in 2012. The target bonus opportunity for Mr. Capogrossi was not adjusted in 2012. The target bonus opportunity for Mr. Celli was unchanged from that set in 2010 based on the findings and recommendations of Aon Hewitt in its 2010 analysis of the compensation levels for SS/L senior executives.

In the past, our MIB program provided that our named executive officers could earn more or less than their target bonus opportunities if actual performance fell within certain ranges above or below the targeted performance. For example, in past years, the program provided the named executive officers with the opportunity to earn up to 130% of their target percentage for performance at the highest performance level of each component and 70% of their target percentage for performance at the minimum or threshold level of performance for each component, below which level no bonus could be earned. Thus, for each named executive officer, the bonus amount paid could increase or decrease proportionately in accordance with performance against our performance measures. In the case of the CEO, for example, performance at the highest level for each component would mean that he could earn up to 162.5% of his base salary as a bonus, and performance at the threshold level for each component would mean that he could earn 87.5% of his base salary as a bonus.

For the reasons described below, our 2012 MIB program did not follow the same structure as was customary in past years. In past years, management presented and recommended to the Committee, and, after review and consideration, the Committee approved, an MIB program structure that included certain formulas, performance targets, metrics and weightings, such as achievement of certain specified levels of EBITDA, new business and year-end cash levels. Specifically, Mr. Targoff’s bonus opportunity was tied to performance at SS/L and Telesat, the bonus opportunity for Messrs. Katz, Rein, Capogrossi and Mastoloni was tied to performance at SS/L and individual objectives, and Mr. Celli’s bonus opportunity was tied solely to performance at SS/L. After the end of the year, in order to determine the amount to be paid to named executive officers under the MIB program, the Committee compared actual performance against target for each goal and bonuses were awarded accordingly.

As discussed above, the Company was involved in the SS/L sale process throughout 2012, and, therefore, the Committee did not believe it would be appropriate to set performance goals for 2012, especially as they relate to SS/L

which was anticipated not to be, and in fact was not, a subsidiary of the Company at year-end. In December 2012, after completion of the SS/L Sale, Mr. Targoff reviewed the performance during 2012 of the participants in the MIB program, including the named executive officers (other than Mr. Celli) and specifically noted their contribution towards the completion of the SS/L Sale and their excellent performance on other matters. He recommended, therefore, and the Committee approved, payment of discretionary bonuses to the named executive officers (other than Mr. Celli) at the same level as in 2011. The Committee also reviewed Mr. Targoff's performance in 2012 and specifically noted his contribution towards the completion of the SS/L Sale and his excellent performance on other matters and approved payment of a discretionary bonus to Mr. Targoff at the same level as in 2011. Thus, as in 2011, these 2012 bonus awards resulted in a bonus payment to Mr. Targoff, at an aggregate of 122.5% of his target, and to each of Messrs. Katz, Rein, Capogrossi and Mastoloni, at an aggregate of 130% of their targets. These bonuses are included in the Bonus column of the Summary Compensation Table. Mr. Celli did not receive a bonus under the Company's MIB program as SS/L was no longer a subsidiary of the Company on the date that bonuses were awarded.

SS/L Sale Transaction Bonuses

In early 2012, with the commencement of the SS/L sale process, the Committee, based on the recommendation of Mr. Targoff and an independent compensation consultant, Mr. Shekhar Purohit, approved transaction bonus plans relating to the SS/L Sale – the SS/L Change in Control Incentive Plan for SS/L Employees and the SS/L Change in Control Incentive Plan for Corporate Employees. The Committee believed that it was important for the success of any transaction that the SS/L and corporate executives and employees be properly motivated and rewarded for their work in achieving value for the shareholders. Both Change in Control Incentive Plans provided that the Plan Administrator, the Loral CEO, could designate participants for participation in the Plans and determine the bonus amounts to be paid upon a change in control of SS/L. The amounts payable would depend on the aggregate sale price for SS/L. Bonus payments under the Plans were neither mandatory nor guaranteed, and no participant had any vested right under the Plan until so notified by the Plan Administrator. The SS/L Change in Control Incentive Plan for SS/L Employees provided for a pool of potential bonus payments to SS/L employees of up to \$10.6 million depending on the final transaction price, and the SS/L Change in Control Incentive Plan for Corporate Employees provided for a pool of potential bonus payments to employees of the corporate office (other than Mr. Targoff) of up to \$3.2 million depending on the final transaction price. Messrs. Katz, Rein, Capogrossi and Mastoloni received special discretionary bonuses under the SS/L Change in Control Incentive Plan for Corporate Employees which are included in the Bonus column of the Summary Compensation Table. Mr. Celli also received a special discretionary bonus under the SS/L Change in Control Incentive Plan for SS/L Employees in recognition of his performance in connection with the SS/L Sale which was paid by SS/L after closing of the SS/L Sale.

Long-term Incentive Compensation

General

We also provide long-term equity incentive compensation to our named executive officers through our Amended and Restated 2005 Stock Incentive Plan (the “Stock Incentive Plan”). We believe that equity-based awards help to align the financial interests of our named executive officers with those of our stockholders by providing our named executive officers with an additional equity stake in the Company. Equity-based awards also reward our named executive officers for increasing stockholder value.

Our Stock Incentive Plan allows us to grant a variety of stock-based awards, including stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares and performance units. These types of awards measure Company performance over a longer period of time than the other methods of compensation. The Committee administers the Stock Incentive Plan and determines the level and type of awards granted to the named executive officers.

In addition to our Stock Incentive Plan, in 2009, the Company established the SS/L Phantom SAR program to incentivize and reward executives and employees based on an increase in a synthetically designed equity value for SS/L over a defined vesting period – three years for the named executive officers. Because SS/L common stock was not freely tradable on the open market and thus did not have a readily ascertainable market value, SS/L equity value under the program was derived from a formula that calculated equity value based on a multiple of Adjusted EBITDA plus cash on hand less debt at the end of the relevant year. A one-time grant of these SS/L Phantom SARs was made in 2009 to all of the named executive officers, except for Mr. Targoff, and the payout of the final tranche was made to the named executive officers in 2012. See “Executive Compensation – Compensation Tables – Option Exercises and Stock Vested in Fiscal 2012 .”

In general, when granting equity-based awards, the Committee takes into account the following subjective and objective factors:

- the level of responsibility of each named executive officer;
- the contributions of each named executive officer to our financial results;
- retention considerations; and

practices of companies in our peer group.

Prior to making a grant, the Committee also considers our stock price, the volatility of the stock price and potential dilution.

The process by which the Committee evaluates, considers and approves equity-based awards is generally as follows. The Committee determines the nature and value of various equity-based awards by first looking both at market conditions, which may include review of peer company data, and at the estimated value of particular types of awards to develop ranges of awards for the named executive officers. After developing the potential range of awards, the Committee seeks recommendations from the CEO as to the value of the awards to be granted to specific individuals, other than the CEO. The Committee then reviews the recommendations, considers the total recommended grant size as compared to outstanding shares and expected dilution and makes the final grant decision for the named executive officers other than the CEO. The Committee independently undertakes the same evaluation and makes an award determination with respect to the CEO. If stock options or stock appreciation rights are the selected form of award, the Committee may use the Black-Scholes pricing model (a formula widely used to value exchange-traded options and determine the present value of the executive option award) or other pricing models as appropriate to determine the value of the awards and for comparison to equity-based compensation for executives in our peer group.

To date, all option grants have had an exercise price equal to at least the fair market value of our Voting Common Stock on the grant date. We do not grant equity-based awards in anticipation of the release of material nonpublic information, nor do we time the release of material nonpublic information to coincide with our equity-based award grant dates. We have not yet adopted a fixed policy or practice with regard to the timing of equity-based award grants but may consider doing so in the future. We do not have a specific policy regarding ownership of Company stock by our named executive officers. Our policy on insider trading and confidentiality generally restricts executive officers from engaging in short-term or speculative transactions involving our stock, including short sales and publicly traded options.

In 2012, the Committee did not make any equity awards to the named executive officers. The Committee believed that the equity awards granted to the named executive officers in previous years were sufficient to continue to align the financial interests of the named executive officers with those of our stockholders and to incentivize them to increase stockholder value. Specifically, awards granted in 2009 provided for vesting schedules over a period of years, and in the case of certain awards to Mr. Targoff, for delayed settlement dates, which, the Committee believed, would provide for continued motivation and reward the named executive officers in line with our stockholders over the vesting period and through the ultimate settlement date. The Committee also believed that equity-based awards that were fully vested before 2012 or that were scheduled to vest during 2012 would continue to provide long-term stockholder value beyond the vesting dates because of the continued upside financial potential for executives.

Other Benefits and Perquisites

Our named executive officers receive other benefits also available to other salaried employees, including health insurance, life insurance, vacation pay and sick pay. Also, in order to compete effectively in attracting and retaining qualified named executive officers, we provide the named executive officers who are officers of Loral with universal life insurance policies in various amounts beyond that provided for other employees. Other than the additional life insurance, the Committee has determined that there generally should be no perquisites or similar benefits for named executive officers which are not consistent with those available to other salaried employees. We do not provide the named executive officers with automobiles, aircraft for personal use, personal living accommodations, club memberships or reimbursement of “social expenses” except to the extent that they are specifically, directly and exclusively used to conduct Company business.

Nonqualified Deferred Compensation

In December 2005, in connection with our emergence from bankruptcy, pursuant to our plan of reorganization, we entered into deferred compensation arrangements for certain key employees, including our named executive officers. These deferred compensation awards were calculated by multiplying \$9.441 by the number of shares of Voting Common Stock underlying the stock options granted to these key employees in connection with our emergence from bankruptcy. To the extent our stock price declined below \$28.441, the corresponding portion of the deferred compensation accounts would have declined accordingly. The deferred compensation accounts for the named executive officers were converted into interest-bearing accounts upon exercise of the related stock options. Pursuant to the terms of the deferred compensation arrangements, vested balances, with applicable accrued interest thereon, were distributed to the named executive officers (except for Mr. Celli) in December 2012. Mr. Celli's vested balance was distributed to him in November 2012 upon closing of the SS/L Sale.

Retirement Benefits

Retirement benefits are intended both to recognize long-term service with us and to keep the overall pay packages for our named executive officers comparable to that of our peer group so that we can attract and retain high quality executive officers and compete effectively with our peer companies. The Company maintains two types of retirement plans covering its executive officers: a defined benefit pension plan and a defined contribution savings plan. Pension benefits are also provided through a "non-qualified" plan. The non-qualified plan, also known as the Supplemental Executive Retirement Plan ("SERP"), is designed to "restore" the benefit levels that may be limited by IRS regulations. In December 2010, the Company separated its SERP into two separate plans — one covering executives of the corporate office (the "Loral SERP") and the other covering executives of SS/L (the "SS/L SERP").

Prior to the closing of the SS/L Sale, our qualified pension plan (the "Loral pension plan") and our defined contribution savings plan (the "Loral 401(k) plan") covered both employees of Loral's corporate office and employees of SS/L, including all of the named executive officers. In connection with the SS/L Sale, a new stand-alone SS/L pension plan (the "SS/L pension plan") and a new stand-alone SS/L 401(k) plan were established, pension and 401(k) obligations related to SS/L current and former employees were transferred from the Loral pension plan and Loral 401(k) to the newly formed SS/L pension plan and SS/L 401(k) plan, and the newly formed SS/L pension plan and SS/L 401(k) were transferred to SS/L.

As of December 31, 2012, the Loral pension plan covers all named executive officers, except for Mr. Celli who is covered by the SS/L pension plan. In 2006, the Company changed the qualified pension plan, which for all named executive officers other than Mr. Celli previously had been administered on a non-contributory basis, to require certain contributions by participants thereby having the effect of sharing the cost of providing pension benefits with the named executive officers.

As of December 31, 2012, the Loral 401(k) plan benefits all named executive officers, except for Mr. Celli who participates in the SS/L 401(k) plan. Named executive officers who make contributions to the savings plan receive matching contributions from the Company or SS/L, as the case may be, of up to 6% of a participant's eligible base salary at a rate of 66 %. All Loral named executive officers are eligible to and participate in the Loral 401(k) plan and Mr. Celli is eligible to and participates in the SS/L 401(k) plan.

The Loral and SS/L pension plans are subject to the Internal Revenue Code's limits on covered compensation and benefits payable. Named executive officers who earn in excess of applicable IRS limits also participate in either the Loral SERP or the SS/L SERP. Non-qualified excess benefits and supplemental retirement plans under ERISA provided by these SERPs restore the benefits that would be payable to participants under the qualified pension plans except for the limitations imposed on qualified plans under the Internal Revenue Code.

Under both the Loral SERP and the SS/L SERP, each participant is entitled to receive the difference, if any, between the full amount of retirement income due under the pension plan formula without application of the IRS limitations and the amount of retirement income payable to the participant under the pension plan formula when applicable Internal Revenue Code limitations are applied.

In connection with the corporate office restructuring as a result of the SS/L Sale, on December 13, 2012, our Board approved termination of the Loral SERP. The Company expects to make lump sum payments to the participants in the Loral SERP between December 16, 2013 and December 31, 2013 in accordance with the requirements of Section 409A and the regulations promulgated thereunder. All of the named executive officers are eligible to receive benefits from the Loral SERP, except for Mr. Celli who is eligible to receive benefits from the SS/L SERP.

Employment Agreements

Former CEO – Michael B. Targoff

On March 1, 2006, Michael Targoff became our Chief Executive Officer. On March 28, 2006, we entered into an employment agreement with Mr. Targoff. Prior to becoming our Chief Executive Officer, Mr. Targoff was Vice Chairman of our Board. The Committee believed it was important and desirable to enter into an employment agreement with Mr. Targoff, which included severance arrangements, in order to induce him to assume the position of Chief Executive Officer and to assure him of a degree of certainty relating to his employment situation and thereby secure his dedication notwithstanding any concern he might have regarding his continued employment prior to or following termination or a change in control.

Mr. Targoff's employment agreement was amended and restated on December 17, 2008 primarily in order to bring it into documentary compliance with Section 409A of the Internal Revenue Code ("Section 409A") before December 31, 2008 as required by the IRS.

On July 19, 2011, we entered into an amendment to Mr. Targoff's employment agreement to, among other things, extend the term of his employment to December 31, 2011. This amendment was effective retroactive to December 31, 2010, the expiration of the employment term under the original employment agreement.

On January 11, 2012, we entered into a second amendment to Mr. Targoff's employment agreement to, among other things, extend the term of his employment to December 31, 2012. This amendment was effective retroactive to December 31, 2011, the expiration of the employment term under the employment agreement, as amended. The amendments to Mr. Targoff's employment agreement were entered into in order to induce Mr. Targoff to continue in his position as Chief Executive Officer and to lead the Company as it considered strategic alternatives.

In connection with the corporate office restructuring resulting from the SS/L Sale, Mr. Targoff's employment as Chief Executive Officer and President of the Company was terminated effective as of December 14, 2012.

Under his employment agreement, as amended, Mr. Targoff was entitled to receive an annual base salary of \$1,127,361 for 2012. Mr. Targoff's base salary was subject to annual review by the Board. The employment agreement also provided that Mr. Targoff would participate in our Management Incentive Bonus Program, with a target annual bonus of one hundred twenty-five percent (125%) of his base salary.

Pursuant to his employment agreement, Mr. Targoff was granted in March 2006 five year options to purchase 825,000 shares of our Voting Common Stock with a per-share exercise price equal to \$26.915, the fair market value of one share of our Voting Common Stock on the date of grant. This grant served as Mr. Targoff's equity awards for 2006 and 2007 and was subject to the approval by our stockholders of our Stock Incentive Plan which was obtained on May 22, 2007 at our 2007 annual meeting of stockholders. As of March 28, 2009, Mr. Targoff was fully vested in these options. Mr. Targoff exercised 300,000 of these options in May 2010 and the remaining 525,000 options in January 2011.

Mr. Targoff was also entitled under his employment agreement to participate in all Company benefit plans, including our Stock Incentive Plan, available to our other executive officers. Mr. Targoff's participation was on the same basis as other executive officers of the Company.

Upon Mr. Targoff's termination of employment on account of death or permanent disability during the contract term, or if, during the term of the contract, his employment was terminated by Loral without "cause" or if Mr. Targoff resigned for "good reason" (as such terms are defined in his employment agreement), Mr. Targoff was entitled to a severance payment described below and to accelerated vesting of a portion (in the case of death or disability) or all (in the case of termination by Loral without "cause" or resignation for "good reason") of his options. These arrangements and payments to Mr. Targoff in connection with termination of his employment effective December 14, 2012 are described more fully below under "Compensation Tables – Potential Change in Control and Other Post Employment Payments."

Mr. Targoff's employment agreement provided that during the term of Mr. Targoff's employment with Loral and for a twelve-month period (or twenty-four (24) months in the case of termination following a change in control of Loral) following a termination of employment, Mr. Targoff is restricted from (i) engaging in competitive activities, (ii) directly or indirectly soliciting current and certain former employees of Loral or any of its affiliates and (iii) knowingly soliciting, directly or indirectly, any customers or suppliers within the twelve-month period prior to such termination of employment to terminate or diminish their relationship with Loral or any of its affiliates. In addition, the agreement provided that Mr. Targoff is not allowed to disclose confidential information of Loral.

Mr. Targoff's employment agreement also provided that if any provision of the agreement (or of any award of compensation, including equity compensation or benefits) would cause him to incur any additional tax or interest under Section 409A, the Company would, after consulting with him, reform such provision to comply with Section 409A, but only if, after consultation, such provision could be reformed to so comply, provided that the Company agreed to maintain, to the maximum extent practicable, the original intent and economic benefit to Mr. Targoff of the applicable provision without violating the provisions of Section 409A. In addition, we agreed to indemnify Mr. Targoff, on an after-tax basis, for any additional tax (including interest and penalties with respect thereto) that may be imposed on him by Section 409A as a result of the options being granted subject to the approval by our stockholders of our Stock Incentive Plan.

In addition, Mr. Targoff's employment agreement provided for the reimbursement of his attorney's fees in connection with the negotiation of the employment agreement and a tax gross-up payment to cover his taxes for any such reimbursement.

Loral Holdings Corporation and SS/L guaranteed the payment and performance of Loral's obligations under the employment contract with Mr. Targoff.

On December 14, 2012, Loral entered into a consulting agreement with Mr. Targoff. Pursuant to this agreement, Mr. Targoff is engaged as a part-time consultant to the Board to assist the Board with respect to the oversight of strategic matters relating to Telesat and Xtar and the ViaSat lawsuit. See "Certain Relationships and Related Transactions, and Director Independence – Consulting Agreement" for further information about this agreement.

Under the agreement, Mr. Targoff receives consulting fees of \$120,000 per month before deduction of certain expenses of \$17,000 per month for which he reimburses the Company. Mr. Targoff earned \$60,000 (before expenses of \$8,500 to be reimbursed) for service performed in the period from December 15, 2012 to December 31, 2012.

Other Named Executive Officers

None of the named executive officers other than Mr. Targoff has an employment agreement with the Company.

Severance Policies for Named Executive Officers

Loral Severance Policy for Corporate Officers

In June 2006, the Company formally adopted a severance policy for corporate officers, including the named executive officers who were designated by the plan administrator (other than Mr. Targoff, whose severance was governed by his employment agreement as described above). This policy was amended and restated on December 17, 2008 primarily in order to bring it into documentary compliance with Section 409A of the Internal Revenue Code before December 31, 2008 as required by the IRS. The policy was again amended and restated in August 2011 primarily to include a provision for severance benefits payable to certain of Loral's named executive officers in the event of termination of employment in connection with or in contemplation of a Corporate Event (defined to include, among other things, a change of control of Loral, a sale or spin-off of SS/L or the closing or cessation or reduction in the scope of operations, in whole or in part, of Loral's corporate headquarters). The Loral Space & Communications Inc. Severance Policy for Corporate Officers (Amended and Restated as of August 4, 2011) (the "Loral Severance Policy for Corporate Officers") provides for severance benefits following the termination of an eligible officer's employment by Loral without cause. Severance benefits will be provided at different levels, depending on the seniority and length of service of the officer when termination occurs. Severance benefits are not provided in the event employment is terminated due to death, disability or retirement.

Loral believed it was important and desirable to adopt a severance policy in order to assure Loral's officers of a degree of certainty relating to their employment situation and thereby secure their dedication, notwithstanding any concerns they might have regarding their continued employment prior to or following termination or a change in control. The amendments were intended to enhance the policies in contemplation of a potential Corporate Event for retention purposes and to keep executives focused on our business and completion of strategic transactions.

SS/L Severance Policy

In 2012, SS/L management engaged Mercer (US) Inc. ("Mercer") as an independent consultant to review and assess SS/L's existing severance policy in light of the sale process being conducted by Loral and to report its findings and recommendations to the Committee. SS/L management believed, and Mercer concurred, that as a result of the sale process a competitive severance policy was important to retain key employees before, during and after any contemplated transaction.

Mercer reviewed SS/L's existing severance policy as well as management's proposed changes and modifications to that policy. SS/L management proposed a revised severance policy that identified employees who would be critical to completion of a strategic transaction, critical in a post-transaction transition period and critical to SS/L's business going forward. These employees were grouped into three classes with severance payout levels commensurate with the level of an employee's criticality. Mercer reviewed the proposed revised severance policy and assessed it against market practices. Mercer also reviewed and compared the cost structures between SS/L's standard severance program and its enhanced severance program. Based on market data and its experience, Mercer provided SS/L management with feedback and refinements to the proposed policy which was then presented to and approved by the Committee in May 2012 (the "SS/L Severance Policy").

The SS/L Severance Policy provided for separation pay in the event of involuntary termination of employment. Under this policy, separation pay would be provided at different levels depending on the seniority and length of service of the officer when termination occurs. The policy also provided for enhanced severance pay for three categories of designated employees upon or within 12 or 18 months following a change in control of SS/L. Severance benefits would not be provided in the event employment was terminated due to voluntary retirement or involuntarily for poor performance, violation of SS/L policies or for other cause.

Role of Executive Officers in Pay Decisions

Upon the request of the Committee, certain of our employees including certain executive officers, compile and organize information, arrange and attend meetings and provide support for the Committee's work. Mr. Targoff, our Chief Executive Officer and President until termination of his employment on December 14, 2012, recommended

compensation levels and awards to the Committee with respect to the other named executive officers. The Committee determined Mr. Targoff's compensation without any input from any other executive officer. Ultimately, all compensation decisions for the named executive officers are approved by the Committee.

Tax Aspects of Executive Compensation

Section 162(m) of the Internal Revenue Code generally limits our corporate tax deduction for compensation that is not "performance based" to \$1 million annually that is paid to each named executive officer who is a Company employee at year-end. Options granted under our Stock Incentive Plan are designed to meet the Section 162(m) requirements for performance-based compensation, and are, therefore, exempt from the \$1 million limitation on tax deductions for a named executive officer's compensation in any fiscal year. Our other bonus and incentive programs, however, are not designed to meet the technical Section 162(m) requirements. Accordingly, for 2012, compensation payable to our named executive officers in the aggregate amount of \$947,517 will not be deductible. In addition to these bonus and incentive programs, there may be other instances in which the Committee determines that it cannot structure compensation to meet Section 162(m) requirements. In those instances, the Committee may elect to structure elements of compensation (such as certain qualitative factors in annual bonuses) to accomplish business objectives that it believes are in our best interests and those of our stockholders, even though doing so may reduce the amount of our tax deduction for such compensation.

Report of the Compensation Committee

The Compensation Committee has reviewed and discussed with management the above “Compensation Discussion and Analysis” contained in this Amendment No. 1 to Annual Report for the year ended December 31, 2012 on Form 10-K/A. Based upon that review and those discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Amendment No. 1 to Annual Report for the year ended December 31, 2012 on Form 10-K/A.

The table above identifies and quantifies the compensation items set forth in the “All Other Compensation” column. These items include the value of life insurance premiums paid by the Company, Company 401(k) matching contributions and the expense incurred by us in 2010 with respect to the participation in our medical executive reimbursement program, which program was discontinued effective in 2011.

For Mr. Targoff, the “Other” column in the table above includes (i) a \$5,606,704 severance payment received in 2012 with respect to the termination of his employment effective December 14, 2012; (ii) a payment of \$35,790 received in 2012 in lieu of continuation after termination of employment of his executive life insurance benefits to which he was entitled under his employment agreement ; (iii) \$60,000 in consulting fees under his consulting agreement with the Company for the period from December 15, 2012 to December 31, 2012; (iv) \$50,000, \$60,000 and \$60,000 for

Pension Benefits in Fiscal Year 2012

The table below sets forth information on the pension benefits for the named executive officers under each of the following pension plans as of December 31, 2012:

Pension Plan. Prior to the closing of the SS/L Sale, our pension plan (the “Loral pension plan”) covered both employees of Loral’s corporate office and employees of SS/L, including all of the named executive officers. In connection with the sale, a new stand-alone SS/L pension plan (the “SS/L pension plan”) was established, pension obligations related to SS/L current and former employees were transferred from the Loral pension plan to the newly formed SS/L pension plan, and the newly formed SS/L pension plan was transferred to SS/L.

The Loral pension plan is a funded and tax qualified retirement plan that, as of December 31, 2012, covered 440 participants, including the named executive officers except for Mr. Celli, who, as of December 31, 2012, is covered by the SS/L pension plan. The Loral pension plan provides benefits based primarily on a formula that takes into account the executive’s earnings for each year of service. Annual benefits under the current contributory formula (meaning a required 1% post-tax contribution by the named executive officers) are accrued year-to-year during the years of credited service until retirement. At retirement, under the plan’s normal form of retirement benefit (life annuity), the aggregate of all annual benefit accruals becomes the annual retirement benefit payable on a monthly basis for life with a guaranteed minimum equal to the executive’s contributions. The current contributory formula for Loral named executive officers and other eligible employees calculated each year provides a benefit of 1.2% of eligible compensation up to the Social Security Wage Base (SSWB) and 1.45% of eligible compensation of amounts over the SSWB for those with less than 15 years of service, or 1.5% of the eligible compensation up to the SSWB and 1.75% of eligible compensation of amounts over the SSWB to the IRS-prescribed limit for those with 15 or more years of service. Eligible compensation for Loral named executive officers includes base salary and management incentive bonuses paid in that year. For 2012, the SSWB was \$110,100 and the IRS-prescribed compensation limit was \$250,000. For example, if an individual accrued \$1,000 per year for 15 years and then retired, his annual retirement benefit for life would be \$15,000. In 2012, each named executive officer contributed \$2,500. Prior to July 1, 2006, with the exception of Mr. Celli, there was no contribution requirement for the named executive officers to receive this formula.

The normal retirement age as defined in the pension plan is 65. Eligible employees who have achieved ten years of service by the time they reach age 55 are eligible for an early retirement benefit at 50% of the benefit they would receive at age 65. The early retirement benefit increases incrementally (but not linearly) from 50% at age 55 to 100% at age 65 depending on an employee’s age at the time he or she elects early retirement. Currently, Messrs. Targoff, Rein and Capogrossi are eligible for either regular or early retirement under the Loral pension plan. In addition to a life annuity, the plan offers other forms of benefit, including spousal survivor annuity options and beneficiary period-certain options. Mr. Celli is eligible for retirement under the SS/L pension plan.

Supplemental Executive Retirement Plan. The Company provides a Supplemental Executive Retirement Plan, or SERP, to participants who earn in excess of the IRS-prescribed compensation limit in any given year to provide for

full retirement benefits above amounts available under our pension plan because of IRS limits. In December 2010, the Company separated its SERP into two separate plans — the Loral SERP, covering employees of the corporate office, and the SS/L SERP, covering employees of SS/L. Both the Loral SERP and the SS/L SERP are unfunded and are not qualified for tax purposes. For 2012, an employee's annual SERP benefit was accrued under the same formulas used in the pension plan with respect to amounts earned above the \$250,000 maximum noted above. SERP benefits in the past have generally been payable at the same time and in the same manner as benefits are payable under the pension plan. The timing and manner of SERP benefit payments after 2008, however, must be in compliance with Section 409A. For example, payments must begin at the later of age 55 or six months after termination and a participant is entitled to elect one of two actuarially equivalent forms of annuity benefits — either a single life annuity or a 50% joint and survivor annuity.

In connection with the corporate office restructuring as a result of the SS/L Sale, on December 13, 2012, our Board approved termination of the Loral SERP. The Company expects to make lump sum payments to the participants in the Loral SERP between December 16, 2013 and December 31, 2013 in accordance with the requirements of Section 409A and the regulations promulgated thereunder.

The table below indicates the named executive officers' years of credited service under our pension plans and the present value of their accumulated benefits, in each case as of December 31, 2012 (except for Mr. Celli, values for whom are shown as of November 2, 2012, the date of completion of the SS/L Sale). During 2012, no payments were made to any of the named executive officers.

2012 Pension Benefits

Name	Plan Name	Number of Years of Credited Service ⁽¹⁾ (#)	Present Value of Accumulated Benefit ⁽²⁾ (\$)
Michael B. Targoff	Loral Pension Plan	24	\$ 483,000
	Loral SERP	24	\$ 4,591,000
Avi Katz	Loral Pension Plan	16	\$ 365,000

Richard P. Mastoloni	Loral Pension Plan	15	\$ 271,000
	Loral SERP	15	\$ 745,000
John Celli	SS/L Pension Plan	32	\$ 929,000
	SS/L SERP	32	\$ 859,000

(1) The number of years of credited service is rounded to the nearest whole number as of December 31, 2012.

(2) The accumulated benefit for all named executive officers is based on service and earnings (base salary and bonus, as described above) considered by the plans for the period through December 31, 2012. The accumulated benefit includes the value of contributions made by the named executive officers throughout their careers. The present value has been calculated for all named executive officers assuming that each named executive officer retires and

starts receiving benefits at age 65, the age at which retirement may occur without any reduction in benefits. The present value calculation also assumes that the benefit is payable under the available forms of annuity and is consistent with the assumptions as described in Note 15 to the financial statements in our Annual Report on Form 10-K for the year ended December 31, 2012. As described in such Note, the interest rate assumption is 4.00%.

Nonqualified Deferred Compensation in Fiscal 2012

On December 21, 2005, we established deferred compensation bookkeeping accounts for certain employees, including the named executive officers, and credited those accounts with a dollar amount equal to \$9.441 for each deferred compensation unit. To the extent our stock price declined below \$28.441, the corresponding portion of the deferred compensation accounts would have declined accordingly. The deferred compensation accounts for the named executive officers were converted into interest-bearing accounts upon exercise of the related stock options. Pursuant to the terms of the deferred compensation arrangements, vested balances, with applicable accrued interest thereon, were distributed to the named executive officers (except for Mr. Celli) in December 2012. Mr. Celli's vested balance was distributed to him in November 2012 upon closing of the SS/L Sale.

The table below identifies the aggregate earnings and aggregate withdrawals/distributions during 2012.

2012 Nonqualified Deferred Compensation

Name	Aggregate Earnings in Last FY ⁽¹⁾ (\$)	Aggregate Withdrawals/ Distributions (\$)
Michael B. Targoff	\$ 1,621	\$ 1,012,645
Avi Katz	\$ 526	\$ 472,576
Harvey B. Rein	\$ 595	\$ 472,887
John Capogrossi	\$ 282	\$ 236,389
Richard P. Mastoloni	\$ 469	\$ 378,321
John Celli	\$ 553	\$ 378,828

(1) The deferred compensation accounts could not increase in value above the \$9.441 per unit value we originally accrued to the accounts, regardless of how much our stock price increased over the \$28.441 limit, unless and until the accounts were converted into interest-bearing accounts. Because the average of the high and low prices of our Voting Common Stock was above the \$28.441 maximum limit on both January 1, 2012 and the date of distribution of the accounts, there was no gain in the deferred compensation accounts during 2012. Amounts in the "Aggregate

Earnings in Last FY” column represent interest earned during 2012 on interest-bearing accounts resulting from the exercise of stock options.

Potential Change in Control and other Post Employment Payments

As discussed above in the Compensation Discussion and Analysis, prior to termination of his employment on December 14, 2012, Michael B. Targoff was the only named executive officer who had an employment agreement with the Company that provided for potential post-termination payments. Post-termination payments for the other named executive officers (other than John Celli), as of December 31, 2012, were governed by Loral's Severance Policy for Corporate Officers. Post-termination payments for Mr. Celli, as of November 2, 2012, the date of the sale of SS/L by the Company, were governed by SS/L's Severance Policy. In this section, we provide details of these arrangements.

CEO

Mr. Targoff's employment agreement provided that, upon Mr. Targoff's death or disability during the term of his employment agreement, Mr. Targoff would be entitled to, among other payments, his accrued and unpaid bonus for the preceding year, a pro rated annual bonus for the year in which such death or permanent disability occurred, acceleration of vesting of a prorated portion of the next vesting tranche of stock options and deferred compensation units, and, in the case of his death, salary through the end of the month in which he died. In addition, under the agreement, in the event of his death, his dependents would be entitled to continued medical, prescription drug and dental insurance coverage through the end of the term of the agreement.

Mr. Targoff's employment agreement also provided that, in the event that during the term of his employment agreement Mr. Targoff's employment were terminated by us without "cause" or Mr. Targoff resigned for "good reason" (as such terms are defined in his employment agreement), Mr. Targoff would be entitled to a severance payment, in a lump sum, equal to two (2) times the sum of his base salary and annual bonus (for the preceding year). In addition, under the agreement, Mr. Targoff would be entitled to any accrued and unpaid annual bonus for the preceding year and a prorated annual bonus for the year in which any such termination of employment occurred. Mr. Targoff and his dependents would also be entitled under the agreement to coverage under Loral's medical, dental and life insurance in effect immediately prior to such termination for eighteen (18) months following such termination, or until he commenced new employment and became eligible for comparable benefits. In addition, under the agreement, all of Mr. Targoff's stock options, deferred compensation account and any other equity awards then held by Mr. Targoff would become fully vested. Mr. Targoff's severance payments and benefits under his employment agreement were contingent upon his execution of a release of claims in our favor. Mr. Targoff was not entitled to a tax gross-up payment in the event that he became subject to any parachute payment excise taxes under Section 4999 of the Internal Revenue Code.

In connection with the corporate office restructuring resulting from the SS/L Sale, Mr. Targoff's employment as Chief Executive Officer and President of the Company was terminated effective as of December 14, 2012, and he received the severance benefits provided for by his employment agreement. See "Executive Compensation – Compensation Tables – Summary Compensation Table."

Other Named Executive Officers

Messrs. Katz, Rein, Capogrossi and Mastoloni. As noted above in the Compensation Discussion and Analysis, the Company maintains the Loral Severance Policy for Corporate Officers, which provides for potential severance benefits for the named executive officers. Pursuant to this policy, an eligible officer with the title of Chief Executive Officer, President, Chief Operating Officer, Chief Financial Officer or Executive Vice President whose severance is not otherwise governed by an employment agreement will be entitled to cash severance payments aggregating to the sum of (x) twelve months' pay (defined as base salary plus average annual incentive bonus compensation paid over the last two years of employment) and (y) twelve months' base salary. The officer will receive an initial lump sum payment within twenty days of termination, not subject to mitigation, equal to the greater of (A) six months' pay and (B) the sum of three months' pay plus two weeks' base salary for every year of service with the Company plus one twelfth of two weeks' base salary for every month of service with the Company in excess of the officer's full years of service with the Company. If the officer is unemployed after six months (or if the officer is employed at a rate of pay that is less than his rate of pay immediately prior to termination), the remainder of his cash severance (the "Remainder") will be paid in biweekly installments over eighteen months beginning on the six-month anniversary of termination, the first thirteen payments, if any, aggregating to the lesser of six months' pay and such Remainder, and the next twenty-six payments, if any, aggregating to the lesser of one year's base salary and the excess of the Remainder over six months' pay. In all events, the Remainder is subject to reduction by any amount of compensation then being received by the officer from other employment (including self-employment).

An eligible officer with the title of Vice President will be entitled to cash severance payments aggregating to the sum of six months' pay plus two weeks' base salary for every year of service with the Company plus one twelfth of two weeks' base salary for every month of service with the Company in excess of the officer's full years of service with the Company. The officer will receive an initial lump sum payment within twenty days of termination, not subject to mitigation, equal to the sum of three months' pay plus two weeks' base salary for every year of service with the Company plus one twelfth of two weeks' base salary for every month of service with the Company in excess of the officer's full years of service with the Company. If the officer is unemployed after three months (or if the officer is employed at a rate of pay that is less than his rate of pay immediately prior to termination), the Remainder will be paid in biweekly installments over twelve weeks beginning on the three-month anniversary of the termination, subject to reduction by any amount of compensation then being received by the officer from other employment (including self-employment).

The Loral Severance Policy for Corporate Officers also provides for severance benefits payable to certain of Loral's named executive officers in the event of termination of employment in connection with or in contemplation of a Corporate Event (defined to include, among other things, a change of control of Loral, a sale or spin-off of SS/L or the closing or cessation or reduction in the scope of operations, in whole or in part, of Loral's corporate headquarters). In such event, named executive officers who are Senior Vice Presidents of Loral would be entitled to severance benefits that include, among other things, payment in a lump sum of an amount equal to one year's pay (base salary and average bonus paid over the last two years) plus one year's base salary, and named executive officers who are Vice Presidents of Loral would be entitled to severance benefits that include, among other things, payment in a lump sum of an amount equal to six months' pay plus two weeks' pay for every year of service with the Company plus one twelfth of two weeks' pay for every month of service with the Company in excess of the officer's full years of service with the Company.

If a terminated officer has outstanding unvested stock options or other equity or incentive compensation awards that provide for less than 100% vesting upon such a termination, such officer will vest (x) with respect to time-vested awards, in the next full tranche that would have vested on the next vesting date for such awards, and (y) with respect to performance-vested awards, in that portion of such awards that would have vested during the twelve months following such termination based on the actual achievement of the applicable performance thresholds. If such termination occurs within six months following a major corporate transaction, acquisition or divestiture, however, the terminated officer will be entitled to full vesting of his unvested awards, unless the plan administrator determines that such termination is not the result of such corporate transaction, acquisition or divestiture.

A terminated officer will also be entitled to continued participation in the Company's medical, prescription, dental and vision insurance coverage. The officer may, if eligible, elect to participate in the Company's Retiree Medical Plan by electing to receive benefits from the Loral pension plan. Alternatively, the officer may elect COBRA continuation coverage, and, during the "severance period," the Company will pay the officer each month an amount equal to the excess, if any, of the full monthly COBRA premiums for such coverage under the Company's benefit plans under which such medical and dental coverage is provided, as in effect from time to time, over the amount of the portion of such premiums the officer would pay if the officer were an active employee. The term "severance period" for purposes of insurance continuation means, for the Chief Executive Officer, President, Chief Operating Officer, Chief Financial Officer, Executive Vice President or, in the event of termination of employment in connection with or in

contemplation of a Corporate Event, a Senior Vice President, twenty-four months, and for a Vice President, six calendar months plus the number of full calendar months equal to (x) two weeks' pay for every year of service plus one twelfth (1/12th) of two weeks' pay for every month of service in excess of such Vice President's years of service divided by (y) the monthly rate of the Vice President's base salary. During the "severance period," the officer will also be entitled to continued company-provided executive life insurance benefits, to the extent the officer was receiving such benefits prior to his termination.

No executive officer is entitled to a tax gross-up payment in the event that he becomes subject to any parachute payment excise taxes under Section 4999 of the Internal Revenue Code.

In connection with the corporate office restructuring resulting from the SS/L Sale, Mr. Mastoloni's employment as Senior Vice President, Finance and Treasurer of the Company was terminated effective as of December 14, 2012, and he received the severance benefits provided for in the Loral Severance Policy for Corporate Officers. See "Executive Compensation – Compensation Tables – Summary Compensation Table."

Mr. Celli. As noted above in Compensation Discussion and Analysis, as of the closing of the SS/L Sale, SS/L maintained a severance policy for the named executive officers who are officers of SS/L. Under SS/L's Severance Policy, separation pay is provided at different levels depending on the seniority and length of service of the officer when termination occurs. Career band employees, of which Mr. Celli is one, may be eligible to receive between 10.8 weeks of pay (for service of one year) and 52 weeks of pay (for service of 20 years or more). Certain employees designated by the plan administrator are eligible for enhanced severance of between 50% and 150% of pay in the event of termination without cause upon or within 12 or 18 months following a change in control. Prior to the sale of SS/L by Loral, Mr. Celli had been designated to be eligible for enhanced severance, and, upon termination without cause upon or within 18 months of a change in control of SS/L, would be entitled to receive 150% of pay. Severance benefits are not provided in the event employment is terminated due to voluntary retirement or involuntarily for poor performance, violation of SS/L policies or for other cause.

Directors Compensation for Fiscal 2012

For fiscal year 2012, Loral provided the compensation set forth in the table below to its directors.

On May 22, 2012, the Board of Directors approved grants of 11,057 restricted stock units to our non-executive directors as a group as compensation for services rendered during 2012 (4,253 units to Dr. Rachesky and 1,701 units to each of Messrs. These restricted stock units vest on the first anniversary of the grant date (or, if earlier, the date of the Company's first regular annual meeting of stockholders held after the Grant Date), and each director's restricted stock units will be settled on the earlier of death of the director, the date the director undergoes a separation of service from the Company and the date of a change in control of the Company. Mr. Devabhaktuni resigned from the Board of Directors in January 2012, and his unvested restricted stock units were forfeited.

Item 13. Certain Relationships and Related Transactions, and Director Independence

We do not have a written policy for review, approval or ratification of related person transactions. Related persons include our major stockholders and directors and officers, as well as immediate family members of directors and officers. Transactions with related persons are, however, generally evaluated and assessed by the independent directors on our Board. If a determination is made that a related person has a material interest in any transaction with the Company, then our independent directors would review, approve or ratify the transaction and it would be disclosed in accordance with applicable SEC rules. If the related person at issue is one of our directors, or a family member of a director, then that director would not participate in discussions concerning the transaction.

MHR Fund Management LLC

In connection with the transaction in which Loral acquired its interest in Telesat Holdings, on October 31, 2007, Loral and certain of its subsidiaries, Public Sector Pension Investment Board (“PSP”) and one of its subsidiaries, two third-party investors, Telesat Holdings and certain of its subsidiaries, including Telesat, and MHR entered into a Shareholders Agreement (the “Shareholders Agreement”). Under the Shareholders Agreement, subject to certain exceptions, in the event that either (i) direct or indirect ownership or control by Dr. Rachesky of Loral’s voting stock falls below certain levels or (ii) there is a change in the composition of a majority of the members of the Loral Board of Directors over a consecutive two-year period, Loral will lose certain veto rights it has to approve certain extraordinary actions by Telesat Holdings and its subsidiaries. In addition, after either of these events, PSP will have certain rights to enable it to exit from its investment in Telesat Holdings, including a right to cause Telesat Holdings to conduct an initial public offering in which PSP’s shares would be the first shares offered or, if no such offering has occurred within one year due to a lack of cooperation from Loral or Telesat Holdings, to cause the sale of Telesat Holdings and to drag along the other shareholders in such sale, subject to Loral’s right to call PSP’s shares at fair market value.

The Shareholders Agreement provides for a board of directors of each of Telesat Holdings and certain of its subsidiaries, including Telesat, consisting of 10 directors, three nominated by Loral, three nominated by PSP and four independent directors to be selected by a nominating committee comprised of one PSP nominee, one nominee of Loral and one of the independent directors then in office. Each party to the Shareholders Agreement is obligated to vote all of its Telesat Holdings shares for the election of the directors nominated by the nominating committee. Pursuant to action by the board of directors taken on October 31, 2007, Dr. Rachesky, who is our non-executive Chairman of the Board of Directors, was appointed non-executive Chairman of the Board of Directors of Telesat Holdings and certain of its subsidiaries, including Telesat.

Dr. Rachesky is the President of MHR. Mr. Goldstein, a managing principal of MHR until May 2012, is a member of our Board. Mr. Devabhaktuni, a managing principal of MHR until May 2010, was a member of our Board until his resignation in January 2012. Dr. Rachesky and Mr. Goldstein are, and Mr. Devabhaktuni was until January 2012, directors of Loral and, in that capacity, received compensation from Loral. See “Director Compensation for Fiscal 2012”

above.

Consulting Agreement

On December 14, 2012, Loral entered into a consulting agreement with Michael B. Targoff, Vice Chairman of the Company and former Chief Executive Officer and President. Pursuant to this agreement, Mr. Targoff is engaged as a part-time consultant to the Board to assist the Board with respect to the oversight of strategic matters relating to Telesat and Xtar and the ViaSat lawsuit. Under the agreement, Mr. Targoff receives consulting fees of \$120,000 per month before deduction of certain expenses of \$17,000 per month for which he reimburses the Company. Mr. Targoff earned \$60,000 (before expenses of \$8,500 to be reimbursed) for service performed in the period from December 15, 2012 to December 31, 2012.

Other Relationships

In the ordinary course of business, SS/L, our subsidiary prior to its sale on November 2, 2012, entered into satellite construction contracts with affiliates of EchoStar Corporation, a corporation that during 2012 owned more than 5% of our Voting Common Stock. As of November 2, 2012, the date on which we completed the SS/L Sale, SS/L had two satellites under construction and one satellite with respect to which construction has been suspended for affiliates of EchoStar.

Indemnification Agreements

We have entered into Officers' and Directors' Indemnification Agreements (each, an "Indemnification Agreement") with our directors and officers (each officer and director with an Indemnification Agreement, an "Indemnatee"). The Indemnification Agreement requires us to indemnify the Indemnatee if the Indemnatee is a party to or threatened to be made a party to or is otherwise involved in any Proceeding (as that term is used in the Indemnification Agreement), except with regard to any Proceeding by or in our right to procure a judgment in our favor, against all Expenses and Losses (as those terms are used in the Indemnification Agreement), including judgments, fines, penalties and amounts paid in settlement, subject to certain conditions, actually and reasonably incurred in connection with such Proceeding, if the Indemnatee acted in good faith for a purpose which he or she reasonably believed to be in or not opposed to our best interests. With regard to Proceedings by or in our right, the Indemnification Agreement provides similar terms of indemnification; no indemnification will be made, however, with respect to any claim, issue or matter as to which the Indemnatee shall have been adjudged to be liable to us, unless a court determines that the Indemnatee is entitled to indemnification for such portion of the Expenses as the court deems proper, all as detailed further in the Indemnification Agreement. The Indemnification Agreement also requires us to indemnify an Indemnatee where the Indemnatee is successful, on the merits or otherwise, in the defense of any claim, issue or matter therein, as well as in other circumstances delineated in the Indemnification Agreement. The indemnification provided for by the Indemnification Agreement is subject to certain exclusions detailed therein. SS/L, prior to the SS/L Sale guaranteed, and Loral Holdings Corporation guarantees, the due and punctual payment of all of our obligations under the Indemnification Agreements.

Directors and Officers Liability Insurance

We have purchased insurance from various insurance companies against obligations we might incur as a result of our indemnification obligations of directors and officers for certain liabilities they might incur and insuring such directors and officers for additional liabilities against which they might not be indemnified by us. We have also procured coverage for our own liabilities in certain circumstances. For the period from November 21, 2012 to December 21, 2012, we extended our existing director and officer liability coverage and fiduciary liability coverage, and for the period from December 21, 2012 to January 31, 2014, we purchased a new director and officer liability policy and a new fiduciary liability policy. Our cost for the insurance premiums for these extensions and new policies was

\$763,756 in the aggregate. We also converted our existing fiduciary liability policy to an extended six-year reporting period known as “run off” coverage for a one-time cost of \$134,832.

Director Independence

The Company is listed on the Nasdaq Stock Market and complies with the Nasdaq listing requirements regarding independent directors. Under Nasdaq’s Marketplace Rules, the definition of an “independent director” is a person other than an executive officer or employee of the company or any other individual having a relationship which, in the opinion of the issuer’s board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our Board of Directors has reviewed such information as the Board has deemed appropriate for purposes of determining whether any of the directors has a relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, including the beneficial ownership by our directors of Voting Common Stock (see “Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters – Voting Common Stock Ownership by Directors and Executive Officers”) and transactions between the Company on the one hand, and our directors and their affiliates, on the other hand (see “Certain Relationships and Related Party Transactions, and Director Independence”). Based on such review, the Board of Directors has determined that all of our current directors, as well as directors who served on our Board in 2012, except for Mr. Targoff, were and are independent directors; independent directors, therefore, constitute a majority of our Board. Non-management directors meet periodically in executive session without members of the Company’s management at the conclusion of regularly scheduled Board meetings. Mr. Targoff is not a member of any of the compensation, nominating or audit committees of the Company.
