Proxies and Voting Procedures

Who Can Vote?

You are entitled to vote at the Annual Meeting all shares of the Company's common stock that you held as of the close of business on July 22, 2013, the record date for the meeting. Each share of common stock is entitled to one vote with respect to each matter properly brought before the meeting.

On July 22, 2013, there were 15,726,664 shares of common stock outstanding.

In accordance with New Jersey law, a list of shareholders entitled to vote at the meeting will be available at the meeting.

Who Is the Record Holder?

You may own common stock either (1) directly in your name, in which case you are the record holder of such shares, or (2) indirectly through a broker, bank or other nominee, in which case such nominee is the record holder.

If your shares are registered directly in your name, we are sending these proxy materials directly to you. If the record holder of your shares is a nominee, you will receive proxy materials from such record holder.

How Do I Vote?

If you are the record holder:

By Internet. You can vote on the Internet. The website address for Internet voting is on your proxy card, and voting is also available 24 hours a day. If you vote by Internet, you do not need to request or return your proxy card. Your vote by Internet must be received by 11:59 p.m., Eastern Daylight time, September 18, 2013. Please be aware that if you vote over the Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible.

By Telephone. You can also vote your shares by telephone, by calling the toll-free telephone number on your proxy card and following the instructions. Telephone voting is also available 24 hours a day. If you vote by telephone, you do not need to request or return your proxy card. Your vote by telephone must be received by 11:59 p.m., Eastern Daylight time, September 18, 2013.

By Mail. If you choose to vote by mail, mark your proxy, date and sign it, and return it in the postage-paid envelope provided. Your vote by mail must be received by the close of voting at the Annual Meeting on September 19, 2013.

- **By Attending the Annual Meeting.** If you attend the Annual Meeting, you can vote your shares in person.

If your stock is held by brokers, banks or other nominees:

If your common stock is held by a broker, bank or other nominee, you will receive instructions from such nominee that you must follow in order to have your shares voted.

If you plan to attend the Annual Meeting and vote in person, you will need to contact the broker, bank or other nominee to obtain evidence of your ownership of common stock on July 22, 2013.

If you hold your shares through a broker, your shares may be voted even if you do not provide voting instructions to your broker, bank or other nominee. Under the rules governing the voting of shares held in street name, member brokers who do not receive instructions from beneficial owners are permitted to vote shares for which their customers do not provide voting instructions on certain “routine” matters. The Company believes that the ratification of our independent registered public accounting firm is considered a routine matter. On non-routine matters, including the election of members of the board of directors and all proposals submitted to a vote of shareholders at the annual meeting other than the ratification of our independent registered public accounting firm, shares held by your broker will not be voted absent specific instructions from you. This means your shares may go unvoted and not affect the outcome if you do not specify your vote. If a broker does not receive voting instructions from a customer on non-routine matters and accordingly does not vote on these matters, this is called a broker non-vote. Broker non-votes will be counted for the purposes of establishing a quorum to conduct business at the meeting but are not counted as votes cast.

The method by which you vote will in no way limit your right to vote at the meeting if you later decide to attend in person.

How Many Votes Are Required?

A quorum is required to transact business at the Annual Meeting. We will have a quorum and be able to conduct the business of the Annual Meeting if the holders of a majority of the shares entitled to vote are present at the meeting, either in person or by proxy.

If a quorum is present, a plurality of votes cast is required to elect Directors. Thus, a Director may be elected even if the Director receives votes of less than a majority of the shares represented at the meeting. Proxies cannot be voted for a greater number of nominees than are named in this Proxy Statement. To approve the 2013 Equity Incentive Plan, the affirmative vote of a majority of the votes cast is required. To approve the Performance Incentive Plan, the affirmative vote of a majority of the votes cast is required. To ratify the appointment of our independent registered public accounting firm, the affirmative vote of a majority of the votes cast is required. To approve, on an advisory basis, the executive compensation of the named executive officers, the affirmative vote of a majority of the votes cast is required.

In the event that there are not sufficient votes for a quorum or to approve any proposal at the Annual Meeting, the Annual Meeting may be adjourned in order to permit the further solicitation of proxies.

How Are Votes Counted?

All shares that have been properly voted, and not revoked, will be voted at the Annual Meeting in accordance with the instructions given. If you sign and return your proxy card or submit your proxy via the Internet or by telephone, but do not specify how you wish your shares to be voted, your shares represented by that proxy will be voted as recommended by the Board of Directors: (1) “for” the nominees for Director, (2) “for” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2014, (3) “for” approval, on an advisory basis, of the compensation of the named executive officers, (4) “for” the proposal to approve the 2013 Equity Incentive Plan, and (5) “for” the proposal to approve the Performance Incentive Plan.

Proxies marked as abstaining or, with respect to the election of directors, withheld, and any proxies returned by brokers as “non-votes” on behalf of shares held in street name because beneficial owners’ discretion has been withheld as to one or more matters to be acted upon at the Annual Meeting, will be treated as present for purposes of determining whether a quorum is present at the Annual Meeting. Broker non-votes will not be counted as votes cast for or against any of the proposals at the Annual Meeting and therefore will have no effect on the outcome of such proposals. Under applicable NASDAQ rules, marked abstentions on proposal 4 (approval of the 2013 Equity Incentive Plan) or proposal 5 (approval of the Performance Incentive Plan) are considered votes cast on the matter and therefore will have the effect of a vote against the matter. Marked abstentions on the election of directors or proposals other than proposal 2 are not considered votes cast and therefore will have no effect on such matters.

How Can I Revoke My Proxy or Change My Vote?

You can revoke your proxy at any time before it is exercised by timely delivery of a properly executed, later-dated proxy (including an Internet or telephone vote) or by voting in person at the meeting (attendance at the meeting will not itself revoke a proxy).

Who Will Pay the Expenses of Proxy Distribution?

The Company will pay the expenses of the preparation of the proxy materials and the solicitation of proxies. Proxies may be solicited on behalf of the Company by Directors, officers or employees of the Company, who will receive no additional compensation for soliciting, in person or by telephone, e-mail or facsimile or other electronic means. In accordance with the regulations of the Securities and Exchange Commission (the “SEC”) and NASDAQ, we will reimburse brokerage firms and other custodians, nominees and fiduciaries for their expenses incurred in sending proxies and proxy materials to beneficial owners of the Company’s common stock.

What Does it Mean if I Get More Than One Set of Proxy Materials?

If you receive more than one set of proxy materials, your shares are probably registered differently or are held in more than one account. Please vote all proxies to ensure that all your shares are voted. Also, unless you intend to have some of your shares registered differently than others, please have all of your accounts registered in the same name and address. You may do this by contacting our transfer agent, American Stock Transfer & Trust Company at (718) 921-8293.

ITEM 1 — ELECTION OF DIRECTORS

The Board of Directors is divided into three classes. One class is elected each year for a term of three years.

Two Directors will be elected at this Annual Meeting to serve for a three-year term expiring at our Annual Meeting in 2016. The Board of Directors has nominated John D. Arnold and Frank D. Guidone to serve for the term expiring at our Annual Meeting in 2016. You can find information about Messrs. Arnold and Guidone below.

The persons named in the proxy card will vote such proxy “for” the election of Messrs. Arnold and Guidone unless you indicate that your vote should be withheld. If elected, each of Messrs. Arnold and Guidone will continue in office until his successor has been duly elected and qualified, or until the earliest of his death, resignation, retirement or removal. Each of Messrs. Arnold and Guidone has indicated to the Company that he will serve if elected. We do not anticipate that either of Messrs. Arnold and Guidone will be unable to stand for election, but, if that happens, your proxy will be voted in favor of another person nominated by the Board of Directors.

The Board of Directors has determined that all of our current directors, including Messrs. Arnold and Guidone, are qualified to serve as directors of the Company. In addition to the specific business experience listed below, each of our directors has the tangible and intangible skills and attributes which we believe are required to be an effective Director of the Company, including experience at senior levels in areas of expertise helpful to the Company, a willingness and commitment to assume the responsibilities required of a Director of the Company and the character and integrity we expect of our Directors.

The Board of Directors recommends that you vote **FOR** the election of Messrs. Arnold and Guidone as Directors.

Additionally, Mr. Guidone's leadership and strategic vision has guided the Company down a path of consistent profitability, especially during the recent economic downturn, as well as prior to the recession with the turnaround and restructuring of the Company after he became CEO. Mr. Guidone was also instrumental in building the Company organically and through acquisitions into a leading global sensor company. ITEM 2 — RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Appointment of Independent Registered Public Accounting Firm for Fiscal 2014

As part of the Audit Committee's oversight of the Company's independent registered public accountants, the Audit Committee conducted a competitive process to review the selection of the Company's independent registered public accounting firm. Based on the results of that process, the Audit Committee appointed Ernst & Young LLP as our independent registered public accounting firm for fiscal 2014.

We are not required to have the shareholders ratify the selection of Ernst & Young LLP as our independent registered public accounting firm. We are doing so because we believe it is a matter of good corporate practice. If the shareholders do not ratify the selection, the Audit Committee will reconsider whether or not to retain Ernst & Young LLP but may retain such independent registered public accounting firm. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting with an opportunity to make a statement if they desire to do so and to be available to respond to appropriate questions.

The Board of Directors recommends that you vote FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2014.

Fees Paid to Our Independent Registered Public Accounting Firm During Fiscal 2013 and Fiscal 2012

Audit Fees. The Company was billed the aggregate of \$972,069 for fiscal year 2013 and \$895,054 for fiscal year 2012 for professional services rendered by Ernst & Young LLP for its audit of our financial statements for such year, review of the financial statements included in our Forms 10-Q during such fiscal year, Sarbanes-Oxley related audits of internal control over financial reporting and its audit of our employee benefit plan.

Audit-Related Fees. In fiscal 2013 and 2012, the Company did not pay any fees for audit-related services rendered by Ernst & Young LLP.

Edgar Filing: Measurement Specialties Inc - Form DEF 14A

Tax Fees. The Company was billed the aggregate amount of \$196,137 for fiscal 2013 and \$171,495 for fiscal 2012 for tax consulting services rendered by Ernst & Young LLP.

All Other Fees. In fiscal 2013 and fiscal 2012, the Company did not pay Ernst & Young LLP any other fees.

Pre-Approval of Audit and Permissible Non-Audit Services

The Audit Committee pre-approves all audit and permissible non-audit services provided by our independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by our independent registered public accounting firm. Under the policy, pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the Audit Committee may pre-approve particular services on a case-by-case basis. For each proposed service, the independent registered public accounting firm is required to provide detailed back-up documentation at the time of approval. The Audit Committee may, when applicable, form and delegate authority to subcommittees consisting of one or more members who are independent directors of the Board of Directors, including the authority to grant pre-approvals of audit and permitted non-audit services, provided that decisions of such subcommittee to grant pre-approvals are required to be presented to the full Audit Committee at its next scheduled meeting. All audit and permissible non-audit services provided to the Company by our independent registered public accounting firm for fiscal 2013 and fiscal 2012, respectively, were pre-approved by the Audit Committee.

GOVERNANCE OF THE COMPANY

Pursuant to New Jersey law and the Company's by-laws, the Company's business, property and affairs are managed by or under the direction of the Board of Directors. Members of the Board of Directors are kept informed of the Company's business through discussions with the Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board of Directors and its committees. We currently have six members on our Board of Directors. The Board of Directors has determined that five of its members, John D. Arnold, R. Barry Uber, Satish Rishi, Morton L. Topfer and Kenneth E. Thompson, are "independent," as defined in the NASDAQ listing standards.

The Board of Directors meets on a regularly scheduled basis during the year to review significant developments affecting the Company and to act on matters requiring Board approval, and may hold special meetings between scheduled meetings when appropriate. During fiscal 2013, the Board of Directors held three meetings, with an additional meeting in early April 2013. Each incumbent Director attended more than 75% of the total number of meetings of the Board of Directors and the Board committees of which he was a member during the period he served as a Director in fiscal 2013. The Company does not have a policy requiring all Directors to attend annual meetings of shareholders. All of the Directors then serving attended the Company's 2012 Annual Meeting other than Satish Rishi.

Board of Directors Leadership Structure

We separate the roles of CEO and Chairman of the Board of Directors in recognition of the differences between the two roles. The CEO is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while the Chairman of the Board of Directors provides guidance to the CEO and sets the agenda for Board of Directors meetings and presides over meetings of the full Board of Directors. Our CEO serves on our Board of Directors, which we believe helps the CEO serve as a bridge between management and the Board of Directors, ensuring that both groups act with a common purpose. We believe that the CEO's presence on the Board of Directors enhances his ability to provide insight and direction on important strategic initiatives to both management and the independent directors and, at the same time, ensures that the appropriate level of independent oversight is applied to all decisions by the Board of Directors.

The Role of the Board of Directors in Risk Oversight

The Board of Directors oversees the Company's risk management process directly and through its committees. The role of the Board of Directors in our risk oversight process includes receiving regular reports from members of senior management on areas of material risk, including operational, financial, legal and regulatory, and strategic and reputational risks. The Board of Directors (or the appropriate committee) receives these reports from senior management to enable it to understand our risk identification, risk management and risk mitigation strategies. When a committee receives such a report, the chairman of the relevant committee reports on the discussion to the full Board of Directors at the next meeting of the Board of Directors. This enables the Board of Directors and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships. As part of its charter, the Audit Committee oversees risks related to financial controls and related compliance risks, as well as discusses our policies with respect to risk assessment and risk management.

Committees of the Board of Directors

The Board of Directors has established various committees to assist it with the performance of its responsibilities. These committees and their current members are discussed below.

Audit Committee

During fiscal year 2013, the Audit Committee consisted of John D. Arnold (Chairman), Satish Rishi and Kenneth E. Thompson. All of the Audit Committee members are "independent," as independence for audit committee members is

defined in the NASDAQ listing standards, and under the heightened independence standards for audit committee members under Securities Exchange Act of 1934, as amended (the “Exchange Act”). The Board of Directors has determined that all Audit Committee members have the financial sophistication and experience required by NASDAQ listing standards. The Board of Directors has also determined that Satish Rishi and John Arnold qualify as “audit committee financial experts,” as defined in Item 407(d)(5) of SEC Regulation S-K. For additional information regarding the experience and background of Mr. Rishi and Mr. Arnold, see “Item 1 – Election of Directors” above.

During fiscal 2013, the Audit Committee met six times. The functions of the Audit Committee are described in its report, which is included in this proxy statement. The Board of Directors has adopted a written charter setting forth the functions of the Audit Committee. This charter is available to shareholders in the “Investor Relations” section on our website, www.meas-spec.com.

Compensation Committee

During fiscal 2013, the Compensation Committee consisted of R. Barry Uber (Chairman), Morton L. Topfer and Kenneth E. Thompson. In June 2013, Kenneth E. Thompson was appointed Chairman of the Compensation Committee. All of the Compensation Committee Members are “independent,” as independence for Compensation Committee members is defined in the NASDAQ listing standards.

The functions of the Compensation Committee are to (1) develop and maintain compensation policy and strategy that creates a direct relationship between pay levels and corporate performance and returns to shareholders, (2) recommend to our Board of Directors for approval, compensation and benefit plans for executive officers, (3) review and approve annually corporate and personal goals and objectives to serve as the basis for the Chief Executive Officer’s compensation, evaluate the Chief Executive Officer’s performance in light of the goals and, based on such evaluation, determine, or recommend to the Board of Directors for determination, the annual total compensation for our other executive officers, (4) approve the grants of stock options and other equity-based incentives to the extent provided under our compensation plans, and (5) review and recommend to our Board of Directors compensation for non-employee directors.

During fiscal 2013, the Compensation Committee met three times. The Board of Directors has adopted a written charter setting forth the functions of the Compensation Committee. This charter is available to shareholders in the “Investor Relations” section on our website, www.meas-spec.com.

Nominating Committee

During fiscal year 2013, the Nominating Committee consisted of R. Barry Uber (Chairman), Morton L. Topfer and Satish Rishi. All of the Nominating Committee members are “independent,” as independence for nominating committee members is defined in the NASDAQ listing standards. The Nominating Committee was formed to evaluate and recommend to the Board of Directors the persons to be nominated for election as Directors at any meeting of shareholders, and the persons to be elected by the Board of Directors to fill any vacancy on the Board of Directors.

During fiscal 2013, the Nominating Committee met one time. The Board of Directors has adopted a written charter setting forth the functions of the Nominating Committee. This charter is available to shareholders in the “Investor Relations” section on our website, www.meas-spec.com.

The Nominating Committee carefully considers all Director candidates recommended by our shareholders that are timely submitted in accordance with the procedures for making such recommendations set forth herein, and the Nominating Committee does not and will not evaluate such candidate recommendations any differently from the way it evaluates other candidates. In its evaluation of each proposed candidate, the Nominating Committee considers many factors including, without limitation, the individual's experience, character, diversity, demonstrations of judgment and ability, and financial and other special expertise. The Nominating Committee is also authorized to obtain the assistance of an independent third party to complete the process of finding, evaluating and selecting suitable candidates for director. Any shareholder who wishes to recommend an individual as a nominee for election to the Board of Directors should submit such recommendation in writing to the attention of Mark Thomson (who will forward the recommendation to the Nominating Committee) through e-mail (mark.thomson@meas-spec.com) or by mail to the Company (1000 Lucas Way, Hampton, VA 23666, Attn: Chairman of Nominating Committee), together with information regarding the experience, education and general background of the individual and a statement as to why the shareholder believes such individual to be an appropriate candidate for Director of the Company.

COMMUNICATIONS WITH THE BOARD OF DIRECTORS

The Company encourages shareholder communications with the Board of Directors but does not have a formal process. All such communications should be sent to Frank D. Guidone through the Company's website (www.meas-spec.com/investor/bod-message) or by mail to the Company (1000 Lucas Way, Hampton, VA 23666). Mr. Guidone will circulate communications to the other members of the Board of Directors. If the communication is directed to a particular Director, Mr. Guidone will forward the communication to that Director. The Company does not screen shareholder communications, other than for security purposes.

Compensation of Directors

For fiscal 2013, each of our non-employee directors received an annual cash retainer payable in equal quarterly installments. Effective in July 2012, the annual cash retainer was increased from \$35,000 to \$40,000. In addition, for fiscal 2013 service each of our non-employee directors received an annual grant on April 2, 2012 of options to purchase 6,500 shares of our common stock at an exercise price of \$34.24 per share. The options were granted under the Company's 2010 Equity Incentive Plan (as amended, the "2010 Equity Incentive Plan") and vested on April 2, 2013. Directors who are our employees do not receive additional compensation for serving on our Board of Directors or on committees of the Board of Directors. Mr. Guidone, as President and Chief Executive Officer, is the only member of the Board of Directors who is also an employee. For fiscal 2013, directors who are not employees or full-time consultants of the Company each received compensation as follows:

Name	Fees Earned or Paid in Cash (\$)	Option Awards (\$) ⁽¹⁾	Total (\$)
John D. Arnold	38,750	84,606 ⁽²⁾	123,356
Satish Rishi	38,750	84,606 ⁽³⁾	123,356
Kenneth E. Thompson	38,750	84,606 ⁽⁴⁾	123,356
Morton L. Topfer	38,750	84,606 ⁽⁵⁾	123,356
R. Barry Uber	38,750	84,606 ⁽⁶⁾	123,356

Reflects the aggregate grant date fair value of the 6,500 stock options granted to each non-employee director on April 2, 2012 for fiscal 2013 calculated in accordance with FASB ASC Topic 718. For a more detailed discussion (1) on the assumptions used to calculate the fair value of our options, refer to Notes 2 and 12 of the Notes to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2013.

- (2) At March 31, 2013, Mr. Arnold held options to purchase 21,500 shares of our common stock.
- (3) At March 31, 2013, Mr. Rishi held options to purchase 26,500 shares of our common stock.

- (6) At March 31, 2013, Mr. Uber held options to purchase 26,500 shares of our common stock.

It is the responsibility of the Compensation Committee to review and recommend to the Board of Directors the appropriate structure and amount of Board of Directors compensation. The Board of Directors makes the final determination with respect to Board of Directors compensation. The Compensation Committee will consider whether directors' independence may be jeopardized if director compensation exceeds customary levels, if the Company makes substantial charitable contributions to organizations with which a director is affiliated, or if the Company enters into consulting contracts with (or provides other indirect forms of compensation to) a director or an organization with

which the director is affiliated. Under its charter, the Compensation Committee has the authority to retain third-party consultants, including compensation consultants. For fiscal 2013, the Compensation Committee did not engage a compensation consultant in connection with its recommendation of director compensation. For fiscal year 2014, each of our non-employee directors will receive an annual cash retainer of \$40,000 payable in equal quarterly installments in arrears and an annual grant of options to purchase 6,500 shares of our common stock.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2013, the Compensation Committee consisted of R. Barry Uber (Chairman), Morton L. Topfer and Kenneth E. Thompson. None of the members has ever been an officer or employee of the Company or any of its subsidiaries, and none of our executive officers currently serves, or in the past fiscal year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board of Directors or Compensation Committee.

CODE OF ETHICS

The Company has adopted a Code of Ethics in accordance with SEC regulations, applicable to the Company's Chief Executive Officer, senior financial officers and the Board of Directors. The Code of Ethics is available to shareholders in the "Investor Relations" section on our website, www.meas-spec.com.

RELATED PERSON TRANSACTIONS

The Company has adopted a policy regarding the review and approval of related person transactions. In the event that the Company proposes to enter into a related person transaction, the transaction must be reported to the Audit Committee. As provided in its charter, the Audit Committee is required to review and approve each related person transaction and any disclosures that are required by Item 404 of Regulation S-K. The Audit Committee reviews each related person transaction on a case by case basis.

For purposes of this policy, a "related person transaction" has the same meaning as in Item 404 of Regulation S-K: a transaction, arrangement or relationship (or any series of related transactions, arrangements or relationships) in which the Company is, was or will be a participant and the amount involved exceeds \$120,000 and in which any "related person" has, had or will have a direct or indirect material interest.

For purposes of this policy, a "related person" has the same meaning as in Item 404 of Regulation S-K: any person who was a director, a nominee for director or an executive officer of the Company during the Company's preceding fiscal year (or an immediate family member of such a director, nominee for director or executive officer of the Company) or a beneficial owner of more than five percent of our outstanding common stock (or an immediate family member of such owner).

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is appointed by the Board of Directors to assist the Board of Directors in monitoring:

- the integrity of the financial statements of the Company,
- the independent registered public accounting firm's qualifications and independence,
- the performance of the Company's independent registered public accounting firm, and
- the compliance by the Company with legal and regulatory requirements.

The Audit Committee meets with management periodically to consider the adequacy of the Company's internal control over financial reporting and the objectivity of its financial reporting. The Audit Committee discusses these matters with the Company's independent registered public accounting firm and with appropriate Company financial personnel.

The Audit Committee regularly meets privately with the independent registered public accounting firm, which has unrestricted access to the Audit Committee.

The Audit Committee selects, evaluates and, where appropriate, replaces the independent registered public accounting firm, and reviews periodically their performance, fees and independence from management.

Each of the Directors who serves on the Audit Committee is "independent" for purposes of the NASDAQ listing standards, including the heightened independence standards for audit committees under the Exchange Act.

The Board of Directors has adopted a written charter setting out the audit related functions the Audit Committee is to perform and reviews the charter on a periodic basis to assure that the functions and duties of the Audit Committee will continue to conform to applicable SEC and stock exchange regulations as they may be amended or modified in the future.

Management has primary responsibility for the Company's financial statements and the overall reporting process, including the Company's system of internal control over financial reporting. The independent registered public accounting firm audits the annual financial statements prepared by management, expresses an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of the company in conformity with accounting principles generally accepted in the United States, expresses an opinion on the Company's internal control over financial reporting and discusses with the Audit Committee any issues they believe should be raised with the Audit Committee. The Audit Committee monitors these processes, relying without independent verification on the information provided to the Audit Committee and on the representations made by management and the Company's independent registered public accounting firm.

This year, the Audit Committee reviewed the Company's audited financial statements as of and for the fiscal years ended March 31, 2013 and 2012, respectively, met with management, Ernst & Young LLP, the Company's independent registered public accounting firm for fiscal year 2013, 2012 and 2011, to discuss those financial statements and for each of the fiscal years in the three-year period ended March 31, 2013. Management has represented to the Audit Committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States.

The Audit Committee received from Ernst & Young LLP the written disclosure and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with the independent accountant the independent accountant's independence. The Audit Committee also discussed with Ernst & Young LLP any matters required to be discussed by Statement on Auditing Standards No. 61 as amended (AICPA, *Professional Standards*, Vol 1. AU 380) as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2013.

The Audit Committee approved a request for proposal for the audit of the fiscal year ending March 31, 2014, and during the Audit Committee meeting held on June 18, 2013, the Audit Committee approved the selection of Ernst & Young LLP as the Company's independent registered public accounting firm.

ITEM 3 — ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010, requires that we provide our shareholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

As described in detail under the heading “Compensation Discussion and Analysis,” the Company’s goal with respect to executive compensation is to provide a comprehensive package that is sufficient to attract, motivate and retain executives of outstanding ability, performance and potential. The Compensation Committee seeks to establish and maintain an appropriate relationship between executive compensation and the creation of shareholder value. The Compensation Committee believes that the most effective compensation program is one that provides competitive base pay, rewards the achievement of established annual and long-term goals and objectives, and provides incentives for retention. The Compensation Committee seeks a compensation program that is internally consistent and believes that pay differences among jobs should be commensurate with differences in the levels of responsibility between the Chief Executive Officer and the other named executive officers.

We urge you to read the “Compensation Discussion and Analysis” section, the Summary Compensation Table and the related compensation tables and narrative in this proxy statement for additional details on our executive compensation, including our compensation philosophy and objectives and the fiscal 2013 compensation of our named executive officers.

The vote on this resolution is not intended to address any specific element of compensation; rather the vote relates to the compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

Accordingly, we are asking you to vote on the adoption of the following resolution:

BE IT RESOLVED by the shareholders of Measurement Specialties, Inc., that the shareholders approve, on an advisory basis, the compensation of the Company’s named executive officers as set forth in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables and narrative as disclosed in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

Edgar Filing: Measurement Specialties Inc - Form DEF 14A

As an advisory vote, this proposal is non-binding. Although the vote is non-binding, the Board of Directors and the Compensation Committee value the opinions of our shareholders, and will consider the outcome of the vote when making future compensation decisions for our named executive officers. The Board of Directors recommends that you vote **FOR** approval of the executive compensation of our named executive officers, as disclosed in this proxy statement.

ITEM 4 —PROPOSAL TO APPROVE THE 2013 EQUITY INCENTIVE PLAN

Introduction

The Board of Directors recommends that our shareholders approve the Measurement Specialties, Inc. 2013 Equity Incentive Plan (the “2013 Equity Plan” or “plan”), which was adopted by the Board of Directors on July 12, 2013, subject to the approval of our shareholders at the 2013 Annual Meeting. The 2013 Equity Plan will not become effective and no awards will be granted under the plan unless it is approved by our shareholders.

The material features of the 2013 Equity Plan are described below. If approved, the 2013 Equity Plan will make 750,000 shares of common stock of the Company available for issuance to our employees, non-employee directors and other eligible participants under compensatory arrangements and incentives. The Company currently provides stock-based compensation opportunities to our employees, non-employee directors and other eligible participants through the Measurement Specialties, Inc. 2010 Equity Incentive Plan (as amended, the “2010 Equity Incentive Plan”). As of July 22, 2013, approximately 342,129 shares of common stock remain available for grant under the 2010 Equity Incentive Plan. If shareholders approve the 2013 Equity Plan, no future grants will be made under the 2010 Equity Incentive Plan.

Purpose of the 2013 Equity Plan

The 2013 Equity Plan is designed to:

- attract, retain, motivate and provide additional incentives to our non-employee directors, officers, employees, consultants and advisors, whose contributions are essential to the growth and success of the Company;
- enable eligible service providers to participate in the long-term growth of the Company through stock ownership;
- motivate key personnel by means of growth-related incentives to achieve long-range goals; and
- further the alignment of interests of plan participants with those of the shareholders of the Company through opportunities for increased stock or stock-based ownership in the Company.

Toward these objectives, the administrator of the 2013 Equity Plan may grant stock options, restricted stock awards and restricted stock units to eligible individuals on the terms and subject to the conditions set forth in the 2013 Equity Plan.

Why We Support the Proposal

The 2013 Equity Plan is key to our attracting and retaining top talent. Attracting and retaining top talent in this very competitive industry is one of our fundamental strategic imperatives. Approval of the 2013 Equity Plan will enable us to structure competitive compensation packages designed to facilitate our ability to recruit and reward the personnel necessary to carry out our business operations and strategic goals.

The 2013 Equity Plan will be used to align the long-term interests of our employees and non-employee directors with those of our shareholders. We consider it important to maintain a strong association between compensation of our employees and our shareholders' long-term interests. Awards under the 2013 Equity Plan are intended to provide our employees significant incentive to protect and enhance shareholder value. Likewise, as described above in this proxy statement under "Compensation of Directors," we provide an annual stock-based incentive to our non-employee directors as a component of their compensation for services on our Board of Directors. We believe that there is an insufficient number of shares remaining available for new grants under our 2010 Equity Incentive Plan to sustain these important stock-based incentives.

Governance-related Provisions. As discussed below, the 2013 Equity Plan includes terms that reflect our strong commitment to governance measures and plan design features considered important by key institutional shareholders and proxy advisory firms.

For these reasons, we are asking you to approve the 2013 Equity Plan and thereby enable us to implement our long-term equity compensation program.

Key Features Designed to Protect Shareholders' Interests

The 2013 Equity Plan's design reflects our commitment to strong corporate governance and the desire to preserve shareholder value as demonstrated by the following 2013 Equity Plan features:

Independent Administrator. Our Compensation Committee of the Board of Directors, which is comprised solely of independent, non-employee directors, is the plan administrator. The Compensation Committee may delegate administrative powers to officers and employees, but all determinations regarding awards to our executive officers and non-employee directors must be made by the Compensation Committee or our Board of Directors.

No Evergreen Feature. The 2013 Equity Plan does not contain an "evergreen" provision that automatically increases the number of shares authorized for issuance under the Plan.

Limited Share Recycling. The 2013 Equity Plan does not allow for aggressive share recycling. This means that any shares surrendered to us as payment of the exercise price of an award or used to pay taxes associated with an award will not be made available under the 2013 Equity Plan for future awards. Limiting such share recycling ensures that our shareholders are asked to approve the available shares under the 2013 Equity Plan more often.

Repricing Prohibited. The 2013 Equity Plan requires that shareholder approval be obtained for any repricing, exchange or buyout of underwater awards.

No Discount Awards; Maximum Term Specified. Stock options must have an exercise price no less than the fair market value of our common stock on the date the award is granted and a term no longer than ten years.

Per-Participant Limits on Awards. The 2013 Equity Plan limits the size of awards that may be granted during any one fiscal year to any one participant.

Performance-Based Awards. The 2013 Equity Plan permits the grant of performance-based stock awards that vest or are earned only upon the attainment of specified performance goals. The 2013 Equity Plan includes the provisions necessary to enable us to grant qualified performance-based awards which are intended to be exempt from the \$1,000,000 limit on deductions for compensation paid to certain of our executive officers.

No Dividends on Performance-Based Awards unless and until Performance Goals are Met. The 2013 Equity Plan prohibits the payment of dividends or dividend equivalents on performance-based awards unless and until the applicable performance goals for such award have been met.

No Liberal Definition of Change in Control. The 2013 Equity Plan's definition of a change-in-control transaction provides that any award benefits triggered by such a transaction are contingent upon the actual consummation of the transaction, not merely its approval by our Board of Directors or shareholders.

No Transfers for Value. Participants are not permitted to transfer awards for value under the 2013 Equity Plan.

Overview of the 2013 Equity Plan

The following summary describes the material terms of the 2013 Equity Plan. While we believe that the description covers the material terms of the 2013 Equity Plan, this summary may not contain all of the information that is important to you. You should carefully read the full text of the 2013 Equity Plan, which is attached to this proxy statement as Exhibit A, for a more complete understanding of the 2013 Equity Plan. The discussion below is qualified in its entirety by reference to Exhibit A.

The 2013 Equity Plan permits the grant of (1) incentive stock options ("ISOs"), (2) nonqualified stock options ("NQOs" and, together with ISOs, "Options"), (3) restricted stock units ("RSUs") and (4) restricted stock awards ("RSAs" and, collectively with the Options and RSUs, "Awards"), as more fully described below. All Awards granted under the Plan are governed by separate written agreements ("Agreements") between the participants and us.

Administration

The Board of Directors or, if the Board of Directors delegates its authority to the Compensation Committee, the Compensation Committee will administer the 2013 Equity Plan. The Compensation Committee will have at least two members who are non-employee directors and outside directors under applicable rules and regulations of the SEC and the Internal Revenue Service. The Board of Directors or the Compensation Committee will have broad authority with respect to the 2013 Equity Plan, including the power to:

· select the persons who will be eligible for Awards;

determine the amount and type of Awards to be granted to participants;

determine the terms and conditions of Awards to be granted to participants (not inconsistent with the provisions of the 2013 Equity Plan), including, without limitation, the applicable exercise price per share, the expiration date, the restriction period, and such other terms and conditions as may be deemed appropriate by the Board of Directors or the Compensation Committee;

determine and interpret the terms of Agreements;

determine whether the Options will be treated as ISOs or NQOs;

adopt procedures for carrying out the 2013 Equity Plan and to change such procedures from time to time as it deems advisable; and

establish performance goals, if applicable, that must be met as a condition to the payment of certain Awards.

The Board of Directors may also delegate its authority to administer the 2013 Equity Plan to our Chief Executive Officer, subject to limitations specified in the 2013 Equity Plan, applicable legal requirements and the rights and authority specified in the delegation of authority.

Share Authorization; Individual Limitations

Subject to certain adjustments, the maximum number of shares of common stock that may be issued under the 2013 Equity Plan in connection with Awards is 750,000 shares. We anticipate that the number of shares reserved for issuance under the 2013 Equity Plan will sustain our equity compensation program for approximately three years, based on our historical grant practices, future headcount and hiring projections and absent unusual circumstances or acquisitions.

There are also maximum annual limitations applicable to Awards as follows: (a) the maximum aggregate number of shares of our common stock subject to Options that may be granted in any one fiscal year to any one participant is 150,000; and (b) the maximum aggregate number of shares of our common stock subject to RSUs and RSAs that may be granted in any one fiscal year to any one participant is the fair market value (determined on the date of grant) of 75,000 shares of common stock. These per-person limits are double for new hires during the fiscal year in which such individual first commences service with the Company.

In the event that the Board of Directors or the Compensation Committee determines that any stock dividend, extraordinary cash dividend, creation of a class of equity securities, recapitalization, reclassification, reorganization, merger, consolidation, stock split, spin-off, combination, exchange of shares, warrants or rights offering to purchase our stock at a price substantially below fair market value, or other similar transaction affects our stock such that an adjustment is required to preserve the benefits or potential benefits intended under the Plan, the Board of Directors or Compensation Committee will adjust equitably (1) the number of shares of stock that may be awarded, (2) the number and kind of shares subject to outstanding Awards held by participants, (3) the exercise price of Awards, (4) the annual Award limits, (5) the amount and/or type of payment to be received under Awards, and (6) all other numerical limitations relating to Awards. The Board of Directors or the Compensation Committee may also provide for a cash payment for any outstanding Awards, provided that the number of shares subject to any Award must always be a whole number. Shares of our common stock subject to Awards that expire unexercised or are otherwise forfeited shall again be available for Awards under the 2013 Equity Plan.

Participation

Persons eligible to participate in the 2013 Equity Plan include any person who is our employee, consultant, advisor or member of the Board of Directors. The participants in the 2013 Equity Plan are selected by the Board of Directors or Compensation Committee, in its sole discretion. As of July 22, 2013, there were approximately 3,510 employees and 5 non-employee directors eligible to participate in the 2013 Equity Plan.

Types of Awards under the 2013 Equity Plan

Under the 2013 Equity Plan, we may grant ISOs, NQOs, RSUs and RSAs. The following is a brief description of each type of Award.

Stock Options. A stock option entitles the holder to purchase from us a stated number of shares of our common stock. The 2013 Equity Plan permits the grant of both ISOs and NQOs. An ISO may only be granted to our employees or to an employee of one of our subsidiaries (provided applicable law so permits). The Board of Directors or Compensation Committee will specify the number of shares of common stock subject to each Option and the exercise price for such Option. The exercise price may not be less than the closing price of a share of our common stock on the date the Option is granted. If we grant ISOs to any employee who is a shareholder owning more than 10% of our common stock, the exercise price must not be less than 110% of the fair market value of our common stock on the date the Option is granted. Generally, all or part of the exercise price may be paid (1) in cash, (2) by tendering shares of common stock, (3) by cashless broker-assisted exercise, (4) net exercise, (5) by any combination of such methods or (6) any other method accepted by the Board of Directors or Compensation Committee.

All Options will be exercisable in accordance with the terms of the applicable Agreement. The maximum period in which an Option may be exercised will be determined by the Board of Directors or Compensation Committee on the date of grant but may not exceed 10 years. However, if we grant ISOs to any employee who is a shareholder owning more than 10% of our common stock, then the maximum period in which the Option may be exercised is five years. In the case of ISOs, the aggregate fair market value (determined as of the date of grant) of our common stock with respect to which such ISOs become exercisable for the first time during any calendar year under any of our plans or the plans of any affiliated companies cannot exceed \$100,000. ISOs granted in excess of this limitation will be treated as NQOs, with respect only to such excess.

Unless otherwise determined by the Board of Directors or the Compensation Committee at the time of grant, the following provisions will apply upon a participant's termination of employment or service with the Company. If a participant's employment with us (or any of our subsidiaries) terminates due to death or disability, the participant's unexercised Options may be exercised, to the extent they were exercisable on the termination date, for a period of 12 months from the termination date or until the expiration of the Option term, if shorter. If the participant's employment with us (or one of our subsidiaries) is terminated for cause (as defined in the 2013 Equity Plan), all unexercised Options (whether vested or unvested) will terminate and be forfeited on the termination date. If the participant's employment terminates for any other reason other than death, disability, or termination for cause, any vested but unexercised Options may be exercised by the participant, to the extent exercisable at the time of termination, for a period of 90 days from the termination date or until the expiration of the Option term, whichever period is shorter. Unless otherwise provided by the Compensation Committee, any Options that are not exercisable at the time of termination of employment will terminate and be forfeited on the termination date.

As of July 22, 2013, the fair market value of a share of our common stock, determined by the last reported sale price per share of the common stock on such date as quoted on The NASDAQ Global Market, was \$49.87.

Restricted Stock Units. RSUs are granted in reference to a specified number of shares of our common stock and entitle the holder to receive shares of common stock or cash (as determined by the Board of Directors or Compensation Committee) after vesting due to (1) the participant's continued service over a period of time, (2) the achievement of certain performance goals established by the Board of Directors or Compensation Committee, or (3) any combination of these conditions as specified in the applicable Agreement. A participant will not have any rights as a shareholder with respect to any shares of common stock underlying a restricted stock unit until such time as the shares of common stock have been issued. The Board of Directors or Compensation Committee may grant to the participant the right to receive dividend equivalents on RSUs, on a current, reinvested and/or restricted basis, subject to such terms as the Board of Directors or Compensation Committee may determine, but if vesting of the RSUs is conditioned on performance goals being achieved, then the dividend equivalents will not be paid on a current basis and instead they will be accrued and made subject to forfeiture at least until the performance goals have been achieved.

Restricted Stock Awards. RSAs are shares of our common stock that are granted subject to such vesting, restrictions on transferability and other restrictions, if any, and/or risk of forfeiture as the Board of Directors or Compensation Committee may impose at the date of grant. The lapse of this restriction period and the related risk of forfeiture may occur due to (1) the participant's continued service over a period of time, (2) the achievement of certain performance goals established by the Board of Directors or Compensation Committee, or (3) any combination of these conditions as specified in the applicable Agreement. During the restriction period, the participant may not sell or transfer the shares but otherwise will have all of the rights of a shareholder of our common stock including, without limitation, the right to vote the shares. In addition, the participant will have the right to receive dividends that may be paid during the restriction period but if lapse of the restriction period for the RSUs is conditioned on performance goals being achieved, then the dividend will not be paid on a current basis and instead they will be accrued and made subject to forfeiture at least until the performance goals have been achieved. If the specified conditions for lapse of the restriction period are not attained, the participant forfeits the shares and any accrued but unpaid dividends with respect to such shares. The Board of Directors or the Compensation Committee is also authorized to grant shares of our common stock that are not subject to a restriction period.

Performance Goals

Awards under the 2013 Equity Plan may be conditioned upon the achievement of certain performance goals established by the Board of Directors or Compensation Committee. The 2013 Equity Plan contains the elements necessary to enable such Awards granted to covered employees, within the meaning of Section 162(m) of the Internal Revenue Code (the "Code"), to qualify for the performance-based exemption to the \$1,000,000 deduction limit under Section 162(m) of the Code, if desired, to ensure maximum deductibility by us. Performance goals may be linked to a variety of factors, including the participant's completion of a specified period of employment or service with us or an affiliated company. Additionally, a performance goal may be an objective goal that must be met by the end of the restriction period specified by the Board of Directors or Compensation Committee based upon one or more of the following criteria as applied to the Company, a subsidiary, an individual, or a designated business segment, business unit, division, business line or other subcategory of the Company, a subsidiary or their respective businesses:

Ø *Earnings or Profitability Metrics:* any derivative of revenue; earnings/loss (gross, pre-tax, operating, net, or adjusted); earnings/loss before interest and taxes ("EBIT"); earnings/loss before interest, taxes, depreciation and amortization ("EBITDA"); Adjusted EBITDA (as defined in the 2013 Equity Plan); profit margins; operating margins; EBITDA margin as a percentage of sales; expense levels or ratios;

Ø *Return Metrics:* any derivative of return on investment, assets, equity or capital (total or invested);

The Board of Directors or Compensation Committee will have discretion to determine the specific targets with respect to each of these categories of performance goals. The performance goals relating to such criteria may be expressed as absolute measures or measures relative to stated references, including, without limitation, the achievements of one or more other businesses or indices, and may or may not be measures determined in accordance with United States generally accepted accounting principles (GAAP). However, if any performance goals are based on criteria that refer to items that are typically calculated in accordance with GAAP, at the time such performance goals are established for a performance period for any Award that is intended to be a Section 162(m) exempt award, the Compensation Committee must specify whether the performance goals are to be calculated in accordance with GAAP or on a non-GAAP basis. Also, to the extent the performance goals for any Award that is intended to be a Section 162(m) exempt award are to be determined on a non-GAAP basis, the Compensation Committee will set forth in writing, at the time that the performance goals are established, the precise manner in which such performance goals will be calculated.

The Board of Directors or Compensation Committee will determine the manner of calculating the specified performance goals for a performance period. For any Award that is intended to be a Section 162(m) exempt award, the Compensation Committee may provide in the original terms of the Award that any determination of performance shall include or exclude the impact of the occurrence of one or more of the following items or events during the performance period: (i) asset write-downs; (ii) gain or loss on the sale of businesses or significant assets; (iii) the effect of changes in tax laws, accounting principles or policies, or other laws or provisions affecting reported results; (iv) reorganization or restructuring programs, including discontinued operations; (v) extraordinary nonrecurring items as described in Accounting Principles Board Opinion No. 30 (or any successor pronouncement thereto) and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to shareholders for the applicable year or period; (vi) the effect of acquisitions, mergers, joint ventures or divestitures; (vii) plant start-up costs; (viii) costs associated with plant or other facility shutdowns; (ix) stock compensation expenses; (x) costs associated with executive succession (including severance); (xi) the effect of foreign exchange rates; and (xii) significant litigation or claim judgments or settlements.

Before paying an Award or permitting the lapse of any restriction period on an Award that is intended to be a Section 162(m) exempt award, the Compensation Committee will certify in writing whether and the extent to which the applicable performance goal has been satisfied. Performance goals for Awards to officers who are subject to the requirements and limitations of Section 162(m) of the Code or which are otherwise intended to be Section 162(m) exempt awards, must be established not later than ninety (90) days after the beginning of the applicable performance period (or at such other date as may be required or permitted for "performance-based" compensation under Section 162(m) of the Code), and shall otherwise meet the requirements of Section 162(m) of the Code, including the requirement that the outcome of the performance goal be substantially uncertain at the time established.

Transferability of Awards

Generally, Awards granted under the 2013 Equity Plan shall be nontransferable except by will or by the laws of descent and distribution.

Rights as a Shareholder

No participant shall have any rights as a shareholder with respect to shares covered by Options or RSUs unless and until such Awards are settled in shares of our common stock. No Option shall be exercisable, no shares of our common stock shall be issued, no certificates for shares of our common stock shall be delivered and no payment shall be made under the 2013 Equity Plan, except in compliance with all applicable laws.

Amendment and Termination

Our Board of Directors may amend, suspend or terminate the 2013 Equity Plan at any time provided that a termination shall not affect outstanding Awards under the 2013 Equity Plan.

Shareholder approval will be needed for an amendment to the 2013 Equity Plan to the extent required by law or by the rules of any stock exchange on which our common stock is traded or if the amendment would:

- increase the benefits accruing to participants under the 2013 Equity Incentive Plan,
- increase the aggregate number of shares of common stock that may be issued under the 2013 Equity Incentive Plan,
- modify the requirements as to eligibility for participation in the 2013 Equity Incentive Plan;
- eliminate or modify the prohibition on repricing or exchanging underwater Options, or
- lengthen the maximum term or lower the minimum exercise price permitted for Options.

The Board of Directors or Compensation Committee may also amend any outstanding Award without consent of the participant to comply with legal requirements (including requirements under Sections 409A and 162(m) of the Code), or to make adjustments to an Award in recognition of unusual or nonrecurring events affecting our financial status or in order to prevent dilution or enlargement of the intended benefits. The Board of Directors or Compensation Committee may also amend, modify or terminate any outstanding Award without the participant's consent if the action would not materially and adversely affect the participant. Other amendments may be made to outstanding Awards with the consent of the participant. However, except in connection with a corporate transaction involving the Company (including without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding Awards may not be amended to reduce the exercise price of outstanding Options or cancel outstanding Options in exchange for cash, other Awards or Options with an exercise price that is less than the exercise price of the original Option without shareholder approval.

Change in Control

In the event of a change in control (as defined in the 2013 Equity Plan) of the Company, the Board of Directors or Compensation Committee may, on a participant-by-participant basis, and Award-by-Award basis, or on a broader plan basis, take such action as the Board of Directors or Compensation Committee determines in its sole discretion, which may include one or more of the following: (1) accelerate the vesting of outstanding Awards, (2) fully vest and/or accelerate the restriction period for any Awards, (3) terminate or cancel any outstanding Awards in exchange for payments of cash, securities or other property or a combination thereof and/or provide limited opportunities to exercise Awards prior to the effectiveness of such termination or cancellation, (4) require that Awards be assumed by the successor entity or that Awards for shares or other interests in the successor entity with equivalent value be substituted for such Awards, or (5) take such other action as the Board of Directors or Compensation Committee deems reasonable under the circumstances to retain the original intent of the Award. Implementation of these actions, however, must be conditioned upon consummation of the change in control.

Outstanding Awards that have not otherwise been exercised or cashed out will terminate upon the effective time of a change in control transaction if the surviving or successor entity or a parent entity of the acquirer does not agree to assume and continue the Awards or issue substitute awards on substantially the same terms.

Federal Income Tax Consequences of Options and Other Awards

The following discussion is intended only as a general summary of the material U.S. federal income tax consequences of Awards which may be granted under the 2013 Equity Plan, based upon the provisions of the Code as of the date of this proxy statement, for the purposes of shareholders considering how to vote on this proposal. It is not intended as tax guidance to participants in the 2013 Equity Plan. This summary does not take into account certain circumstances that may change the income tax treatment of Awards for individual participants, and it does not describe the state income tax consequences of any Award or the taxation of Awards in jurisdictions outside of the United States.

ISOs: ISOs under the 2013 Equity Plan are intended to meet the requirements of Section 422 of the Code. No tax consequences result from the grant of the ISO. If an ISO holder acquires stock upon exercise, the ISO holder will not recognize income for ordinary income tax purposes (although the difference between the Option exercise price and the fair market value of the stock subject to the Option may result in alternative minimum tax liability to the Option holder) and we will not be allowed a deduction as a result of such exercise, provided that the following conditions are met: (a) at all times during the period beginning with the date of the granting of the Option and ending on the day three months before the date of such exercise, the Option holder is our employee or an employee of one of our subsidiaries; and (b) the Option holder makes no disposition of the stock within two years from the date of the Option grant nor within one year after the transfer of the stock to the option holder. The three-month period extends to one year in the event of disability and is waived in the event of death of the employee. If the Option holder sells the stock after complying with these conditions, any gain realized over the price paid for the stock ordinarily will be treated as

capital gain, and any loss will be treated as capital loss, in the year of the sale.

If the Option holder fails to comply with the employment requirement, the tax consequences will be substantially the same as for an NQO, discussed below. If the Option holder fails to comply with the holding period requirements, the Option holder will recognize ordinary income in an amount equal to the lesser of (i) the excess of the fair market value of the stock on the date of the exercise of the Option over the exercise price or (ii) the excess of the amount realized upon such disposition over the adjusted tax basis of the stock. Any additional gain ordinarily will be recognized by the Option holder as capital gain, either long-term or short-term, depending on the holding period of the shares. If the Option holder is treated as having received ordinary income because of his or her failure to comply with either condition above, we will be allowed an equivalent deduction in the same year.

NQOs: No tax consequences result from the grant of the Option. An Option holder who exercises an NQO with cash generally will realize compensation taxable as ordinary income in an amount equal to the difference between the exercise price and the fair market value of the shares on the date of exercise, and we will be entitled to a deduction in the same amount in the fiscal year in which the exercise occurred. When the holder disposes of the shares, he or she will recognize capital gain or loss, either long-term or short-term, depending on the holding period of the shares.

RSAs and RSUs. Any cash and the fair market value of any shares of common stock received by a participant under an RSA or RSU Award are generally includible in the participant's ordinary income. In the case of RSAs, this amount is includible in the participant's income when the Awards vest, unless the participant has filed an election with the Internal Revenue Service to include the fair market value of the restricted shares in income as of the date the Award was granted. In the case of RSUs, generally the value of any cash and the fair market value of any shares of common stock received by a participant are includible in income when the Awards are paid. Any dividends or dividend equivalents paid on unvested RSA and RSU Awards are also ordinary income for participants.

Disallowance of Deductions: The Code disallows deductions by publicly held corporations with respect to compensation in excess of \$1,000,000 paid to the company's Chief Executive Officer and its three other most highly compensated officers (other than its Chief Financial Officer). However, compensation payable solely on account of attainment of one or more performance targets is not subject to this deduction limitation if certain statutory requirements are satisfied. Under this exception, the deduction limitation does not apply with respect to compensation otherwise deductible on account of Options granted at fair market value under a plan that limits the number of shares that may be issued to any individual and which is approved by the Company's shareholders. We intend for compensation arising from grants of Options under the 2013 Equity Plan to be deductible by the Company as performance-based compensation not subject to the \$1,000,000 limitation on deductibility, but do not make any assurance that this will be the case. We may also choose to grant performance-based RSA and RSU Awards under the 2013 Equity Plan that satisfy the requirements for deductibility of compensation. We reserve the right, however, to grant awards under the 2013 Equity Plan that do not result in qualified performance-based compensation and, as such, may not entitle us to a tax deduction.

New Plan Benefits

The Awards that may be granted under the 2013 Equity Plan to any participant or group of participants are indeterminable at the date of this proxy statement because participation and the types of Awards that may be granted under the 2013 Equity Plan are subject to the discretion of the Board of Directors or the Compensation Committee. No Awards will be granted under the 2013 Equity Plan before the Annual Meeting.

Vote Required

If a quorum is present at the meeting, the proposal to approve the 2013 Equity Plan must be approved by the affirmative vote of a majority of the votes cast at the Annual Meeting.

The Board of Directors recommends a vote **FOR** the proposal to approve the Company’s 2013 Equity Incentive Plan.

ITEM 5 —PROPOSAL TO APPROVE THE PERFORMANCE INCENTIVE PLAN

Introduction

The Board of Directors recommends that our shareholders approve the Measurement Specialties, Inc. Performance Incentive Plan (the “Performance Incentive Plan” or “plan”), adopted by the Board of Directors on July 12, 2013, subject to the approval of our shareholders at the 2013 Annual Meeting. The Performance Incentive Plan will not become effective unless it is approved by our shareholders.

Section 162(m) of the Internal Revenue Code (the “Code”) generally limits the federal income tax deduction for compensation paid to each of the chief executive officer and the three most highly compensated executive officers (other than the chief executive officer and the chief financial officer) of a publicly held corporation to \$1 million per fiscal year, with an exception for “qualified performance-based compensation.” In the past, the level of compensation paid to our executive officers who are subject to Section 162(m) generally has been below the level at which compensation not qualifying as “qualified performance-based compensation” would limit the available federal tax deduction. However, this may not be the case in the future, and our Board of Directors has determined that it would be in the Company’s best interests to preserve the flexibility to award annual cash incentive awards for fiscal 2015 and future years that are eligible for the qualified performance-based compensation exception under Section 162(m) of the Code.

One of the requirements of the qualified performance-based compensation exception under Section 162(m) is that the material terms of the performance goals under which compensation may be paid be disclosed to and approved by the Company’s shareholders. Accordingly, we are asking shareholders to approve the Performance Incentive Plan.

If our shareholders approve the Performance Incentive Plan, then annual cash incentive awards for fiscal 2015 and future years awarded to our chief executive officer and our next three most highly compensated executive officers (other than our chief financial officer) may be structured to comply with the qualified performance-based compensation exception under Section 162(m) of the Code, subject to compliance with the terms of the Performance Incentive Plan. If our shareholders do not approve the Performance Incentive Plan, our Board of Directors would take that into account in making future awards, but would need to continue compensating our executives on a competitive basis. Accordingly, in such an event, annual cash incentive awards payable to our chief executive officer and our next three most highly compensated executive officers (other than our chief financial officer) may not be fully tax deductible to the Company.

Overview of the Performance Incentive Plan

The following summary describes the material terms of the Performance Incentive Plan. While we believe that the description covers the material terms of the Performance Incentive Plan, this summary may not contain all of the information that is important to you. You should carefully read the full text of the Performance Incentive Plan, which is attached to this proxy statement as Exhibit B, for a more complete understanding of the Performance Incentive Plan. The discussion herein is qualified in its entirety by reference to Exhibit B.

Types of Awards

The terms of the Performance Incentive Plan provide for incentive awards based on performance periods that are not longer than one year but which may be shorter periods. Awards under the Performance Incentive Plan will be settled in cash. Awards under the Performance Incentive Plan may be, but need not be, structured to comply with the qualified performance-based compensation exception under Section 162(m) of the Code.

Annual Per-Person Limitations

The maximum aggregate amount that a participant may earn in respect of an award or awards under the Performance Incentive Plan granted in respect of any single fiscal year of the Company that is intended to comply with the performance-based compensation exception under Section 162(m) is \$5,000,000.

Eligibility

Participants in the Performance Incentive Plan will be selected by the Compensation Committee from among the employees and executive officers of the Company and its subsidiaries who are believed to have the capability of making a substantial contribution to the success of the Company. In making this selection and in determining the terms of and amount of awards, the Compensation Committee may consider any factors it deems relevant, including, without limitation, the individuals' functions, responsibilities, value of services to the Company and past and potential contributions to the Company's profitability and growth. Only eligible individuals who are designated by the Compensation Committee to participate in the Performance Incentive Plan with respect to a particular performance period may participate in the plan for that performance period. An individual who is designated as a participant for a given performance period is not guaranteed or assured of being selected for participation in any subsequent performance period. We expect that approximately 3,505 employees and executive officers will be eligible to participate in the Performance Incentive Plan in any particular year.

Administration

Subject to the provisions of the Performance Incentive Plan and applicable law, the Compensation Committee will have the power to: (i) designate participants to receive conditional rights to receive awards under the Performance Incentive Plan; (ii) determine the terms and conditions of any award; (iii) determine whether, to what extent, and under what circumstances awards may be forfeited or suspended; (iv) interpret, administer, reconcile any inconsistency, correct any defect and/or supply any omission in the Performance Incentive Plan or any instrument or

agreement relating to, or award granted under, the Performance Incentive Plan; (v) establish, amend, suspend, or waive any rules for the administration, interpretation and application of the Performance Incentive Plan; (vi) adopt such procedures and subplans as are necessary or appropriate to permit participation in the Performance Incentive Plan by employees who are foreign nationals or employed outside of the United States; and (vii) make any other determination and take any other action that the Compensation Committee deems necessary or desirable for the administration of the Performance Incentive Plan.

The Compensation Committee will have discretion to delegate all or part of its authority and powers under the plan to one or more directors and/or officers of the Company, but the Compensation Committee may not delegate its authority or powers with respect to awards that are intended to qualify for the performance-based compensation exception under Section 162(m) of the Code.

Grant of Awards and Performance Goals

Awards will be granted in respect of a designated performance period, which is not to exceed one year, and will be earned based on the achievement of performance goals over the term of such performance period and satisfaction of such additional vesting conditions, if any, that the Compensation Committee may have assigned to the award at the time of grant. An award may be denominated and computed based on a stated dollar amount, a percentage or multiple of the annual base salary of the participant receiving such award or a percentage of an annual bonus pool or performance metric established by the Compensation Committee subject to achievement of performance goals. When granting an award, the Compensation Committee will specify a target amount or prescribe a formula for determining the amount of the award which may be payable based upon the level of attainment of the performance goals for the performance period. Performance goals may include a threshold level of performance below which no award will be paid and levels of performance at which specified percentages of the target award will be paid and may also include a maximum level of performance above which no additional award amount will be paid. The performance goals applicable to an award, which may vary among participants, will be based on one or more business criteria, personal performance goals or a combination of one or more business criteria and personal performance goals.

One or more of the business criteria specified in the Performance Incentive Plan relating to the Company, a subsidiary of the Company, an individual, or a designated business segment, business unit, division, business line or other subcategory of the Company, a subsidiary of the Company or their respective businesses may be used by the Compensation Committee in establishing performance goals for awards. The business criteria specified in the Performance Incentive Plan are:

· net sales;

· revenue;

· revenue growth or product revenue growth;

· operating income (before or after taxes);

pre- or after-tax income (before or after allocation of corporate overhead and bonus);

basic or diluted earnings per share (before or after taxes);

net income (before or after taxes);

return on equity;

share price (including, but not limited to, growth measures and total shareholder return);

return on assets or net assets;

gross profits;

earnings (including earnings before taxes, earnings before interest and taxes, earnings before interest, taxes, depreciation and amortization, or Adjusted EBITDA (as defined in the Performance Incentive Plan));

comparisons with various stock market indices;

reductions in costs;

cash flow or cash flow per share (before or after dividends) (including, but not limited to, net cash flow provided by operating activities or free cash flow);

return on capital (including return on total capital or return on invested capital);

cash flow return on investment;

improvement in or attainment of expense levels or working capital levels;

earnings (including earnings before taxes, earnings before interest and taxes, earnings before interest, taxes, depreciation and amortization, or Adjusted EBITDA) margins, operating margins, gross margins or cash margins;

· year-end cash;

· debt reduction;

· shareholder equity;

· strategic partnerships or transactions (including in-licensing and out-licensing of intellectual property; establishing relationships with commercial entities with respect to the marketing, distribution and sale of the Company's products (including with group purchasing organizations, distributors and other vendors));

- codevelopment, comarketing, profit sharing, joint venture or other similar arrangements;
 - financing and other capital raising transactions (including sales of the Company's equity or debt securities); and
- implementation, completion or attainment of measurable objectives with respect to research, development, manufacturing, commercialization, products or projects, production volume levels, acquisitions and divestitures and recruiting and maintaining personnel.

The performance goals relating to such criteria may be expressed as absolute measures or measures relative to stated references, including, without limitation, the achievements of one or more other businesses or indices and may or may not be measures determined in accordance with generally accepted accounting principles. The Compensation Committee will determine the manner of calculating the specified performance goals. If any performance goals are based on business criteria that refer to items that are typically calculated in accordance with generally accepted accounting principles in the United States ("GAAP"), at the time such performance goals are established for any award that is intended to qualify for the performance-based compensation exception under Section 162(m) of the Code, the Compensation Committee will specify whether the performance goals are to be calculated in accordance with GAAP or on a non-GAAP basis. To the extent the performance goals for any award that is intended to qualify for the performance-based compensation exception under Section 162(m) of the Code are to be determined on a non-GAAP basis, the Compensation Committee must also set forth in writing, at the time the performance goals are established, the precise manner in which such performance goals will be calculated.

For any award that is intended to qualify for the performance-based compensation exception under Section 162(m) of the Code, unless specified otherwise by the Compensation Committee at the time the performance goals are established or otherwise within the time limit prescribed by Section 162(m) of the Code, the Compensation Committee shall appropriately adjust the method of evaluating performance under a performance criterion for a performance period as follows: (a) to exclude asset write-downs; (b) to exclude gain or loss on the sale of businesses or significant assets; (c) to exclude plant or facility start-up and shut-down costs; (d) to exclude costs associated with executive succession (including severance); (e) to exclude the effect of foreign exchange rates; (f) to exclude litigation or claim judgments or settlements and related expenses (including any penalty, fine or other charge assessed by the Department of State related to certain export and international traffic in arms regulations); (g) to exclude the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results; (h) to exclude accruals for reorganization and restructuring programs; (i) to exclude any extraordinary nonrecurring items as determined under generally accepted accounting principles and/or described in managements' discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year; (j) to exclude the dilutive and/or accretive effects of acquisitions, mergers, joint ventures or divestitures; (k) to assume that any business divested by the Company achieved performance objectives at targeted levels during the balance of a performance period following such divestiture; (l) to exclude the effect of any change in the outstanding shares of common stock of the Company by reason of any stock dividend or split, stock repurchase, reorganization, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other similar corporate change, or any distributions to common stockholders other than regular cash dividends; (m) to exclude the effects of stock-based compensation; and (n) to exclude costs incurred in connection with potential acquisitions or divestitures that are required to be expensed under generally accepted accounting principles, in each case in compliance with Section 162(m) of the Code.

Determination and Payment of Awards

With respect to an award intended to qualify for the qualified performance-based compensation exception under Section 162(m) of the Code, the Compensation Committee will (i) establish in writing the performance goals applicable to such awards not later than the earlier of (A) 90 days after the commencement of the applicable performance period or (B) the expiration of 25% of the performance period, provided that achievement of the selected performance goals is substantially uncertain at such time, and (ii) promptly after the date on which the necessary financial or other information for the relevant performance period becomes available, certify, in the manner required by Section 162(m) of the Code, whether and the extent to which the performance goals applicable to such award have been achieved or exceeded. With respect to other awards, the performance goals applicable to such awards may be established, and the determination of the achievement of the applicable performance goals pertaining to such awards may be determined, in any manner permitted by the Compensation Committee.

If the performance goals with respect to an award have been achieved, the Compensation Committee will determine, in accordance with the prescribed formula, the amount of each participant's award that has been earned subject to satisfaction of such additional vesting conditions, if any, that the Compensation Committee may have assigned to the award at the time of grant. With respect to an award intended to qualify for the qualified performance-based compensation exception under Section 162(m) of the Code, the Compensation Committee may exercise negative discretion, in its sole discretion, to reduce or eliminate, but not increase, the amount of the award to reflect the Compensation Committee's assessment of the participant's individual performance or for any other reason.

Payments, if any, with respect to an award under the Performance Incentive Plan generally will be made to the participant as soon as administratively practicable following the date of the final certification or determination of the award, but, in any event, no later than the date that is two and one-half months after the later of (i) the close of the Company's fiscal year in which the performance period ended or (ii) the close of the Company's fiscal year in which the relevant vesting condition, if any, has been satisfied, absent the occurrence of a termination of employment.

Change in Control

If a change in control of the Company (as defined in the Performance Incentive Plan) occurs during a performance period, the Compensation Committee may, on a participant-by-participant basis, an award-by-award basis, or on a broader Plan basis, take such action as the Compensation Committee, in its sole discretion, determines with respect to outstanding awards. Such action by the Compensation Committee may include, without limitation, any one or more of the following:

- provide for payout of the award, in whole or in part, based on or irrespective of performance against target;

- provide for cancellation of the award without payment;

- require that the award be assumed by the successor entity, or that an award with respect to the successor entity having equivalent value, as determined in the sole discretion of the Compensation Committee, be substituted for such award;
- or

- take such other action as the Compensation Committee shall determine to be reasonable under the circumstances in order to retain the original intent of the award.

Awards paid in connection with a change in control will be paid within 30 days following the change in control.

Termination of Employment

The Compensation Committee will determine whether any award will continue to be earned on and after the date that a participant ceases to be employed by the Company, whether by reason of death, disability, voluntary or involuntary termination of employment or services, or otherwise. Any such determination with respect to an award to a named executive officer that is intended to qualify for the performance-based compensation exception under Section 162(m) of the Code shall be made and implemented in a manner that does not cause such award (or any other award under the Performance Incentive Plan) to fail to qualify as a Section 162(m) exempt award.

Recoupment

In the event the Board of Directors determines that a material restatement of the Company's financial results for any of the three prior fiscal years for which audited financial statements have been prepared is required due to material noncompliance by the Company with any financial reporting requirement under applicable securities laws and a participant's award amount would have been lower had the results been properly calculated, the Compensation Committee will consider such factors related to the restatement as it deems appropriate and has the authority, at its discretion, to obtain reimbursement from the participant. Such reimbursement shall consist of any portion of any award previously paid that is greater than it would have been if calculated based upon the restated financial results.

Amendment and Termination

The Board of Directors or the Compensation Committee, each in its sole discretion, may amend, suspend or terminate the Performance Incentive Plan, or any part thereof, at any time and for any reason without the consent of any participant; provided that no such amendment will adversely affect rights to receive any amount to which participants or their beneficiaries have become entitled prior to such amendment. Notwithstanding the foregoing, no amendment may cause any outstanding award that is intended to be eligible for the qualified performance-based compensation exception under Section 162(m) of the Code to cease to qualify for such exception.

The Performance Incentive Plan will continue in full force and effect until terminated by the Board of Directors or the Compensation Committee. However, the Company's ability to grant awards under the plan that are intended to qualify for the performance-based compensation exception under Section 162(m) of the Code will expire as of the Company's annual meeting of shareholders to be held in 2018 unless the Company's shareholders re-approve the Performance Incentive Plan at or before the 2018 annual meeting of shareholders.

New Plan Benefits

Any awards under the Performance Incentive Plan will be at the discretion of the Compensation Committee. It is not possible at present to determine the amount of any award that will be available for grant during the term of the Performance Incentive Plan. However, please see the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table on page 53 of the Proxy Statement, which sets forth the annual incentive compensation awarded to our Named Executive Officers for the 2013 performance year.

Vote Required

If a quorum is present at the meeting, the proposal to approve the Performance Incentive Plan must be approved by the affirmative vote of a majority of the votes cast at the Annual Meeting.

The Board of Directors recommends a vote **FOR** the proposal to approve the Company's Performance Incentive Plan.

EXECUTIVE COMPENSATION

At our 2012 annual meeting of shareholders, we provided our shareholders the opportunity to vote to approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in the proxy statement for our 2012 Annual Meeting of Shareholders. At the 2012 annual meeting, our shareholders overwhelmingly approved the compensation of the Company's named executive officers, with 13,083,170 shares voted in favor of approving such compensation, 182,539 shares voted against and 10,471 shares abstaining. In addition, 1,120,858 shares held by brokers were not voted with respect to this proposal. As the shareholder advisory vote was held after the Compensation Committee and the Board of Directors had determined the compensation to be paid to the Company's named executive officers for 2012, the Compensation Committee and the Board of Directors did not take such results into account in determining executive compensation for 2012. However, in determining and deciding on executive compensation for fiscal year 2013, our Compensation Committee took into account the results of the 2012 shareholder advisory vote to approve executive compensation, particularly the strong support expressed by the Company's shareholders, as one of many factors considered in deciding that the Company's compensation policies and procedures for 2013 should largely remain consistent with our policies and procedures in prior years.

Fiscal 2014 Developments – Equity and Performance Awards

The Board of Directors has adopted and is recommending that our shareholders approve the 2013 Equity Plan, a description of which is included under “Item 4 — Proposal to Approve the 2013 Equity Incentive Plan” beginning on page 18 of this proxy statement, and the Performance Incentive Plan, a description of which is included under “Item 5 — Proposal to Approve the Performance Incentive Plan” beginning on page 30 of this proxy statement.

In June 2013, the Compensation Committee approved awards of time-based restricted stock units (“Time-based Awards”) and performance-based restricted stock units (“Performance-based Awards”) in accordance with the 2010 Equity Incentive Plan to certain executives. The purpose of these awards was to provide members of management the opportunity for additional stock compensation in recognition of the positive performance of the Company and its stock price and as an important retention tool in light of actual compensation levels in recent years in comparison to the Company’s executive compensation peer group. The Performance-based Awards also are intended to link a portion of each executive’s equity compensation to the continued achievement of operating cash flow performance, a criterion the Committee believes has a strong potential to impact longer-term shareholder value creation. Each award, in addition to being subject to customary terms and conditions as set forth in the 2010 Equity Incentive Plan, is subject to specified vesting conditions summarized below and represents a contingent right to receive an amount of the Company’s common stock at a future date.

The Time-based Awards will vest over a 4-year period, with one-fourth (1/4) of the number of Time-based Awards granted to each recipient vesting on each of July 1, 2014, 2015, 2016, and 2017. The Performance-based Awards will vest, if at all, on July 1, 2018 if the Company's Net Cash Provided by Operating Activities, as reported in the Company's consolidated statement of cash flows filed with the Securities and Exchange Commission or, if such financial statements are not available at the time of determination, as otherwise disclosed in a press release by the Company (the "Net Cash Provided by Operating Activities") for at least one of the fiscal years ending March 31, 2014, 2015, 2016, 2017 or 2018, exceeds the Company's Net Cash Provided by Operating Activities for the fiscal year ended March 31, 2013.

Subject to satisfaction of the applicable criteria described above, and as long as the executive is an employee of the Company or a subsidiary of the Company through the applicable vesting date, our named executive officers will receive the number of shares of the Company's common stock as follows:

Name:	Time-based Awards	Performance-based Awards
Frank Guidone, Chief Executive Officer and President	22,000 shares	18,000 shares
Mark Thomson, Chief Financial Officer and Secretary	6,000 shares	19,000 shares
Steve Smith, Chief Operating Officer	8,000 shares	n/a
Glen MacGibbon, Executive Vice President	5,000 shares	10,000 shares
Mitch Thompson, Chief Technology Officer	5,000 shares	15,000 shares

For discussion of the cash performance incentive opportunity available to our named executive officers and other employees, see below under "*Annual Incentive Compensation.*"

COMPENSATION DISCUSSION AND ANALYSIS

Through the following questions and answers, we explain all material elements of our executive compensation program.

General

What are the objectives of our executive compensation programs?

Measurement Specialties, Inc. is a leader in the design, development and manufacture of sensors and sensor-based systems for original equipment manufacturers and end users, based on a broad portfolio of proprietary technologies. We operate in highly fragmented markets that are characterized by high levels of competition. We believe that we need qualified executive officers who are capable of independent thinking and responsible decision making in order to compete in the markets we serve. Under the direction of the Compensation Committee of our Board of Directors, we seek to compensate our executive officers at levels that are competitive so that we may attract, retain and motivate highly capable executive officers. We also seek to design our compensation programs to align our executive officers' interests with those of our shareholders and, in doing so, build long-term value for our shareholders.

Our fiscal 2013 executive compensation, including base compensation and cash and equity incentive awards for and in fiscal 2013, reflect our efforts to realize the objectives of our executive compensation programs.

What are the principal components of our executive compensation programs?

Overview: The Company's policy for compensating our executive officers is intended to support the Company's short-term and long-term goals by providing our executive officers an appropriate mix of compensation elements that effectively balance short-term annual incentives that reward executives for current performance and the achievement of near-term goals with long-term incentives that reward executives for performance over a sustained period. To support this policy, our executive compensation programs consist of three principal components:

a base salary;

annual cash incentives; and

long-term equity incentive compensation.

We have selected programs that we believe are commonly used by public companies, both within and outside of our industry, because we believe commonly used programs are well understood by our shareholders, employees and analysts. We describe each of these principal components below.

Relationship of the principal components: The Compensation Committee exercises its judgment in making executive compensation decisions, and considers various factors within the overall framework of our executive compensation program. While we review each element of compensation individually and in the aggregate, we do not have a specific policy on the percentage of an executive officer's total compensation that should be "short-term" versus "long-term" nor do we have a specific policy on the percentage of total compensation that should be "cash" versus "equity." We allocate the three principal components of our executive compensation programs in a manner that we believe optimizes each executive officer's contribution to us.

Base Salary: We believe base salaries provide basic compensation at a level that allows us to recruit and retain key executive talent. Base salaries are based on a combination of factors, primarily the performance of the executive, relative level of responsibility and experience, salaries of similarly situated executive officers at peer companies and, with respect to the base salaries of executive officers other than our Chief Executive Officer, the recommendations of our Chief Executive Officer. Although our Compensation Committee annually reviews salaries of our executive officers, our Compensation Committee does not automatically adjust base salaries if it concludes that adjustments to

other components of the executive's compensation would be more appropriate. In addition, as discussed below, the employment agreements that we have with certain of our executive officers provide for fixed annual base salaries or minimum annual base salaries.

Annual Incentives: We have provided annual incentive opportunities to executive officers to motivate their performance in achieving our current year business goals. In setting the respective potential bonus levels of the executive officer, the Compensation Committee considers such factors as the executive officer's individual performance and relative level of responsibility. Typically, each year we adopt an annual incentive compensation plan that establishes specifically identified payout opportunities dependent upon achieving pre-determined financial performance targets and personal performance objectives. When payments are made under our annual incentive compensation plan, they are made in cash after the fiscal year-end results are finalized. While our Compensation Committee retains discretion to determine the portion of an actual accrued aggregate bonus amount that will be paid to our named executive officers, or to pay a bonus to our named executive officers notwithstanding that no amount was accrued in any year, no cash bonuses have been paid to our named executive officers for fiscal 2013 or fiscal 2012. Going forward, our Board of Directors has determined that it would be in the Company's best interests to preserve the flexibility to award annual cash incentive awards with respect to the 2015 performance year and future years that are eligible for the performance-based compensation exception under Section 162(m) of the Internal Revenue Code. Accordingly, on July 12, 2013, the Board of Directors adopted the Measurement Specialties, Inc. Performance Incentive Plan, subject to approval by the Company's shareholders at this 2013 Annual Meeting of Shareholders. For additional discussion of the Performance Incentive Plan and Section 162(m) of the Internal Revenue Code, see below under "*How do tax considerations impact our compensation practices*", as well as Item 5 of this Proxy Statement.

Long-Term Incentive Compensation: Our long-term incentive program is focused on rewarding performance that enhances shareholder value through the use of equity-based awards that link compensation to the value of our common stock and strengthen the alignment of management and shareholder interests. Long-term incentive awards granted by the Compensation Committee consist of stock options and RSUs with time-based vesting criteria.

The Compensation Committee believes that stock options and RSUs promote the objectives of our executive compensation program in the following ways:

Time-based vesting encourages officers to take a long-term view of our performance and promote stability within our executive ranks, facilitating realization of our long-term objectives to create shareholder value.

Given the long tenure of our named executive officers, each holds significant unexercised stock options and unvested RSUs that are expected to have significant value over the long term.

Stock options and RSUs have been effective tools in overall compensation in recruiting, motivating and retaining skilled officers, and we believe they will continue to be effective tools over the long-term.

The number of stock options and RSUs subject to an award has been computed by taking into account the Company's performance, the executive officer's individual performance, our retention objectives, and other factors. Additionally, a portion of the RSUs awarded to our named executive officers in June 2013 are subject to Company performance criteria described above under "Fiscal 2014 Developments."

Stock options and RSUs are generally granted on the first day of the month following the day on which they are approved by the Compensation Committee. Stock options are priced at 100% of fair market value on the date of grant, which under the 2010 Equity Incentive Plan is the closing market price of our common stock on the date of the grant. Executive officers benefit from stock option grants only to the extent the price of our common stock appreciates above the exercise price of the stock options.

Other Benefits: In addition to the components of compensation discussed above, we also provide certain other benefits to our executive officers to ensure that our executive compensation program remains competitive. These other benefits include 401(k) matching, and health, life and long-term disability insurance premiums. Our Compensation Committee reviews annually the dollar value of these other benefits to the executive officers and the cost of providing these other benefits to the Company. However, such review does not influence the Compensation Committee's decisions regarding the determination of the principal elements of an executive officer's current level of compensation.

What do we seek to reward and accomplish through our executive compensation programs?

We provide annual incentive opportunities primarily to provide performance incentives to our key employees to meet annual performance objectives. Our annual corporate objectives are measured by sales increases, net income, Adjusted EBITDA margins (defined as earnings before deduction of interest, taxes, depreciation, amortization, share-based compensation, foreign currency exchange gains and losses, and certain non-recurring items to sales) and other financial metrics of performance, such as working capital reductions. In the case of our Chief Executive Officer, our Compensation Committee has also taken into account the strategic direction he has provided the Company and his stewardship of the Company since the beginning of his involvement with the Company. We provide long-term incentive awards primarily to motivate and reward key employees over longer periods. Through vesting and forfeiture provisions that we include in awards of stock options and RSUs, we provide an additional incentive to executives to act in furtherance of our longer-term interests. An executive whose employment with us terminates before equity-based awards have vested because the executive chooses to leave, will generally forfeit the unvested portion of the award. As a result, the Compensation Committee believes that providing the executive officers with compensation in the form of stock options and RSUs serves to encourage retention of the executive officers.

How do we determine the amount of each principal component of compensation to our executives?

Our Compensation Committee exercises judgment and discretion in setting compensation for our executive officers. The Compensation Committee exercises its judgment and discretion after it has reviewed peer company practices in consultation with our compensation consultant Compensation Consulting Consortium, LLC (“3C Consulting”), evaluated the recommendations of our Chief Executive Officer, and evaluated our corporate performance. See “*To what extent do we benchmark total compensation and material elements of compensation and what are the benchmarks that we use?*” below.

Our Chief Executive Officer, Chief Financial Officer, Chief Operating Officer and Executive Vice President each have an employment agreement with us that provides for, among other things, an annual salary and for an annual bonus, including, in certain cases, a minimum annual bonus, thereby limiting the discretion of the Compensation Committee with respect to their compensation, as well as certain post-employment severance payments. See “*Executive Agreements and Related Transactions*” below for a discussion of each of these employment agreements.

What is the role of our executive officers in the compensation process?

Our Compensation Committee meets periodically with our Chief Executive Officer to address executive compensation, including the rationale for our compensation programs and the efficacy of the programs in achieving our compensation objectives. The Compensation Committee also relies on our executive officers to evaluate compensation programs to assure that they are designed and implemented in compliance with laws and regulations, including SEC reporting requirements. The Compensation Committee relies on the recommendations of our Chief Executive Officer regarding the performance of individual executive officers, other than the Chief Executive Officer. At meetings in fiscal 2013, the Compensation Committee received recommendations from our Chief Executive Officer regarding salary adjustments, annual incentive and stock option and RSU awards for our executive officers. The Compensation Committee believes that it is important for it to receive the input of the Chief Executive Officer on compensation matters since he is knowledgeable about the activities of our executive officers and the performance of their duties and responsibilities, as well as their contributions to the growth of the Company and its business.

To what extent do we benchmark and what are the benchmarks that we use?

The Compensation Committee compares each element of total compensation and total compensation in the aggregate to compensation provided by peer groups of publicly-traded companies in the sensory devices and similar industries in evaluating the compensation of our executive officers. The Compensation Committee typically uses peer group comparisons to assess the reasonableness of its executive compensation decisions in an effort to ensure that our compensation program remains competitive.

To assist the Compensation Committee in evaluating the competitiveness of the Company's executive compensation program for fiscal 2013, the Compensation Committee engaged 3C Consulting to complete a market compensation analysis of total compensation for our Chief Executive Officer, our Chief Financial Officer, our Chief Operating Officer, our most senior sales-related executive, Glen MacGibbon, an Executive Vice President, and our Chief Technology Officer, Mitch Thompson, as compared to a peer group of eighteen companies. The peer company group was limited by industry and based on annual revenue ranging from approximately one-half to 2.5 times that of the Company and market capitalization ranging from approximately one-third to 4.5 times that of the Company. The companies comprising our peer group for fiscal 2013 were Nanometrics Incorporated, Faro Technologies, Inc., Vishay Precision Group, Inc., Mercury Computer Systems, Inc., X Rite Inc., IPG Photonics Corp., Cognex Corp., American Science & Engineering, Inc., Badger Meter, MTS Systems Corp., II-VI Inc., Analogic Corporation, Newport Corp., Park Electrochemical Corp., CTS Corporation, ESCO Technologies, Inc., OSI Systems, Inc., and Stoneridge, Inc. 3C Consulting's analyses included the following data collected from the proxy statements of the peer group companies: (i) base salary, (ii) annual incentive compensation and (iii) long-term incentive compensation including expected value of stock options. In May 2013, 3C Consulting completed a second market compensation analysis of total compensation for the executives listed above, that was used to set executive compensation levels for fiscal 2014. The May 2013 analysis included a peer group of nineteen companies, removing from the list above X Rite, Inc., which was acquired by a larger company, and adding MKS Instruments, Inc. and Multi-Fineline Electronics, Inc., based on these companies now fitting within the peer group definition.

Under its charter, our Compensation Committee has the sole authority to retain third party compensation consultants or other advisors to assist the Compensation Committee in evaluating director, chief executive officer or senior executive compensation, and the sole authority to approve the fees and other retention terms, and oversee the work of, such consultants or other advisors. As discussed above, 3C Consulting was retained to assist our Compensation Committee in its determination of our executive officers' compensation for fiscal 2013 and prepared a market compensation analysis that was used by the Compensation Committee in setting executive compensation for fiscal 2014. The Compensation Committee considered the independence of 3C Consulting and determined that 3C Consulting is independent based on the independence factors listed in Nasdaq Rule 5605(d)(3) and that the work performed by 3C Consulting does not raise any conflicts of interest.

We aim to provide total target compensation for our Chief Executive Officer that approximates the 65th percentile compared to total target compensation for chief executive officers at companies in our industry and of similar size based on data from published surveys. The Board of Directors believes that providing our Chief Executive Officer with total target compensation that approximates the 65th percentile of the peer group is appropriate given his leadership and role in the growth in sales and profitability that we have experienced over the past five fiscal years prior to 2013.

What specific items of corporate performance do we take into account in setting compensation policies and making compensation decisions?

Our corporate performance primarily impacts the annual incentives and long-term incentive compensation that we provide our executive officers. We use or weight items of corporate performance differently in our annual incentive awards and long-term compensation awards and some items are more determinative than others.

Goals for executive officers in fiscal 2013 varied because the scope of responsibility and authority of executive officers differ. Goals are generally developed around metrics tied to our growth, profitability and cash flow, including increases in revenue, decreases in expenses, completion of developments in accordance with budgets and timelines, execution of acquisitions in accordance with targets, enhanced operational efficiencies and development of additional opportunities for our long-term growth.

How do we determine when awards are granted, including awards of equity-based compensation?

Historically, our Compensation Committee has awarded annual bonuses in the quarter following the fiscal year end. The Compensation Committee makes an annual grant of stock options and/or RSUs, following review of pertinent financial information and industry data. In addition, the Compensation Committee conducts a thorough review of stock option and RSU awards and grant procedures annually. In the case of newly-hired executive officers or promotions, the Compensation Committee has made awards simultaneous with the executive's hire or promotion date. The date on which the Compensation Committee has met has varied from year to year, primarily based on the schedules of Compensation Committee members and the timing of compilation of data requested by the Compensation Committee.

What factors do we consider in decisions to increase or decrease compensation materially?

We decreased the base salaries of our executive officers in 2009 in response to the global economic recession but reinstated the prior annual base salaries in April 2010. Historically, however, we have generally not decreased the base salaries of our executive officers or materially reduced their annual incentive compensation targets. Annual incentive compensation may vary since the amount awarded to an executive officer depends in part upon his individual performance. As a result, total compensation is effectively decreased if individual or Company performance falls short of expectations. The factors that we consider in decisions to increase compensation include the individual performance of the executive and our corporate performance, as discussed above.

In recent years, annual incentive compensation has generally been tied to achievement of Adjusted EBITDA margin as a percentage of sales. While our Compensation Committee retains discretion to determine the portion of an actual accrued aggregate bonus amount that will be paid to our named executive officers, or to pay a discretionary bonus to our named executive officers notwithstanding that no amount was accrued in any year, no cash bonuses were paid to our named executive officers for fiscal 2013 or fiscal 2012. For additional discussion of the terms of our fiscal 2013 bonus plan, see below under “*Annual Incentive Compensation.*”

To what extent does our Compensation Committee consider amounts accumulated or potentially realizable from prior compensation in setting current compensation?

The primary focus of our Compensation Committee in setting executive compensation is the executive officer's current level of compensation. Although the Compensation Committee reviews accumulated or potentially realizable compensation, including from previously granted equity awards, such review generally does not influence the Compensation Committee's decisions regarding the determination of an executive officer's current level of compensation. This reflects the Compensation Committee's view that an executive officer's compensation level should reflect the executive's performance, the Company's performance and the executive's contribution to the Company's performance. The Compensation Committee further believes that reducing an executive officer's annual direct compensation based on the value of accumulated or potentially realizable compensation would weaken the competitiveness of the Company's compensation program and make it more difficult to attract and retain key executive talent.

What are our equity or other security ownership requirements for executives?

We provide our executive officers with a commensurate portion of their total compensation in the form of stock options and restricted stock units, which are intended to reward performance that enhances value for all of our shareholders and strengthen the alignment of management and shareholder interests. We generally believe that our executive officers should be able to share in the value that they create for all of our shareholders throughout their careers with us. Therefore, we do not maintain minimum share ownership requirements for our executive officers.

Stock options and RSUs granted by the Compensation Committee generally include time-based vesting criteria. Additionally, a portion of the RSUs granted to our named executive officers in June 2013 are subject to Company performance criteria described above under "Fiscal 2014 Developments."

Why have we entered into agreements with executive officers that provide for post-employment payments, including following a change-in-control?

The employment agreements with our Chief Executive Officer and our Chief Financial Officer, as well as with other executive officers of the Company, provide for post-employment severance if we terminate the applicable executive prior to the expiration of the stated employment term without cause or, with respect to certain employment agreements, if the executive terminates for good reason. We believe this approach provides us with the flexibility to terminate the applicable executive at any time and for any reason while providing the executive with the benefit of his or her bargained for compensation. The Company's obligations under these agreements would be assumed by a successor to the Company following a change in control. We believe it is in our best interest to have agreements with

certain of our executive officers that maintain their focus on, and commitment to, us notwithstanding a potential merger or other change of control. The terms of these employment agreements, including the compensation payable thereunder, were based on our review of the market for key executive talent at the time of hiring and negotiations with the executive officer. Additionally, these agreements contain confidentiality and non-competition provisions.

Do we have a policy regarding the recovery of awards or payments if corporate performance measures upon which awards or payments are based are restated or adjusted in a manner that would reduce the size of an award or payment?

Prior to adoption of the Performance Incentive Plan discussed in Item 5 of this Proxy Statement, we had not adopted a policy that provides for recovery of an award if a performance measure used to calculate the award is subsequently adjusted in a manner that would have reduced the size of the award. The Performance Incentive Plan discussed in Item 5 of this Proxy Statement provides that in the event our Board of Directors determines that a material restatement of the Company's financial results for any of the three prior fiscal years for which audited financial statements have been prepared is required due to material noncompliance by the Company with any financial reporting requirement under applicable securities laws and a participant's award amount would have been lower had the results been properly calculated, the Compensation Committee will consider such factors related to the restatement as it deems appropriate and has the authority, at its discretion, to obtain reimbursement from the participant. In addition, the Compensation Committee would take such other actions as it believes appropriate relating to any such restatement, including potentially seeking recovery of other compensation paid based on the incorrect results.

How do accounting considerations impact our compensation practices?

Accounting consequences are not a material consideration in designing our compensation practices. Under FASB ASC Topic 718 the compensation cost recognized for an award classified as an equity award is fixed for the particular award and, absent modification, is not revised with subsequent changes in market prices of our common shares or other assumptions used for purposes of the valuation.

How do tax considerations impact our compensation practices?

Prior to implementation of a compensation program and awards under the program, we evaluate the federal income tax consequences, both to us and to our executives, of the program and awards. In certain cases, we have adjusted the form or manner of some of our compensation programs in light of tax planning considerations.

Section 162(m) of the Code limits our tax deduction each year for compensation to each of our Chief Executive Officer and our three other highest paid executive officers (excluding the Chief Financial Officer) to \$1 million unless, in general, the compensation is paid under a plan that is performance-related, non-discretionary and has been approved by our shareholders (such as stock options and RSUs that are subject to certain performance criteria). Previously, Section 162(m) has not had a significant impact on our compensation programs. Going forward, Section 162(m) may impact the Company, and we have included in Item 5 of this Proxy Statement a request for shareholders to approve the Performance Incentive Plan, which will permit the Company to potentially avoid application of certain

Section 162(m) tax deduction limitations pursuant to a qualified performance-based compensation exception under Section 162(m). In any event, we will generally continue to seek to maximize the tax deductibility of compensation payments to our executive officers. We may, however, authorize payments to executive officers that may not be fully tax deductible, and we reserve the flexibility to do so.

We also seek to structure compensation in a manner intended to avoid the incurrence of any additional tax, interest or penalties under Section 409A of the Internal Revenue Code. We make no representations or warranty, however, that recipients of any payments, compensation or other benefits will not incur additional tax, interest or penalties under Section 409A of the Internal Revenue Code.

How do risk considerations impact our compensation practices?

While risk-taking is a necessary part of growing a business, the Compensation Committee believes that the Company's executive compensation program supports the objectives described above without encouraging inappropriate or excessive risk-taking. In reaching this conclusion, the Compensation Committee considered in particular the following attributes and risk-mitigation features of our program:

• Our program's emphasis on long-term, equity-based compensation, which discourages risk-taking that produces positive short-term results at the expense of building long-term shareholder value;

• The balance between options and full-value RSUs, which on a combined basis results in what we believe is an appropriate degree of leverage;

• Our program's use of a time horizon over which our executives realize their compensation consistent with achieving long-term shareholder value;

• Our annual cash incentive plan, which encourages annual performance that sustains rather than detracts from future performance;

Fiscal 2013 Executive Compensation

Base Salaries

As noted above, our Compensation Committee annually reviews salaries of our executive officers. Under their employment agreements, Messrs. Guidone, Thomson, Smith and MacGibbon are entitled to minimum annual base salaries of \$450,000, \$240,000, \$200,000 and \$213,000, respectively. However, the annual base salaries for our executive officers are reviewed and have been adjusted by our Compensation Committee from time to time, typically on an annual basis. In June 2013, our Compensation Committee again reviewed the salaries of each of our executive officers. Based on this review, the salaries of Messrs. Guidone, Thomson, Smith, MacGibbon and Thompson were

increased to \$550,000, \$320,000, \$250,000, \$260,000 and \$220,000, respectively, effective November 1, 2013.

In making base salary decisions for fiscal 2013 for our executive officers listed in the Summary Compensation Table on page 53 of this proxy statement (“named executive officers”), the Compensation Committee considered (1) the terms of the named executive officer’s employment agreement, if any, (2) the performance of the named executive officer, (3) his level of responsibility and experience, (4) overall Company performance levels and (5) compensation levels of executives of peer companies. The relative weight given to each of these factors varied by position and individual and was within the sole discretion of the Compensation Committee. As noted above, although the Compensation Committee reviews base salaries annually, it does not automatically adjust base salaries on an annual basis.

Annual Incentive Compensation

For fiscal 2013, we adopted the fiscal year 2013 Bonus Plan (the “2013 Bonus Plan”). The 2013 Bonus Plan determined the amount of annual incentive compensation to be awarded to Company’s named executive officers and certain other eligible employees of the Company as follows. The 2013 Bonus Plan established an aggregate target bonus amount for fiscal year 2013 of \$4.2 million (the “2013 Aggregate Target Bonus”). Pursuant to the 2013 Bonus Plan, the Company would accrue an aggregate bonus amount only if the Company’s fiscal 2013 EBITDA margin as a percentage of sales (excluding the bonus accrual) (“2013 EBITDA Margin”) exceeded 18.5%. The actual aggregate bonus amount would be based on the amount by which the Company’s fiscal 2013 EBITDA (excluding the bonus accrual) exceeds the EBITDA (excluding the bonus accrual) that would have resulted if 2013 EBITDA Margin were equal to 18.5% (the “2013 Excess Amount”). Under the 2013 Bonus Plan, the following amounts were accrued to the aggregate bonus amount: (i) 40% of the 2013 Excess Amount up to a maximum accrual equal to the 2013 Aggregate Target Bonus, plus (ii) 20% of the 2013 Excess Amount above the Aggregate Target Bonus. The actual aggregate bonus amount accrued by the Company under the 2013 Bonus Plan was then subject to adjustment by the Compensation Committee following the end of the Company’s 2013 fiscal year to determine the amount (if any) that would actually be paid.

The Compensation Committee determined the portion of an actual accrued aggregate bonus amount under the 2013 Bonus Plan that would be paid to the Company’s Chief Executive Officer, and determined, in consultation with the Company’s Chief Executive Officer, the amount that will be paid to the other named executive officers and other eligible employees of the Company. For fiscal 2013, the Company’s EBITDA margin as a percentage of sales did not exceed 18.5% and the Compensation Committee did not grant any cash bonuses to the Company’s named executive officers.

For fiscal 2014, we adopted the fiscal year 2014 Bonus Plan (the “2014 Bonus Plan”). The 2014 Bonus Plan will determine the amount of annual incentive compensation to be awarded to the Company’s named executive officers and certain other eligible employees of the Company as follows.

Accrual Calculation. The 2014 Bonus Plan establishes an aggregate target bonus amount for fiscal year 2014 of \$5.0 million (the “2014 Aggregate Target Bonus”). Pursuant to the 2014 Bonus Plan, the Company will accrue an aggregate bonus amount only if the Company’s fiscal 2014 EBITDA margin as a percentage of sales (excluding the bonus accrual) (“2014 EBITDA Margin”) exceeds 18.5%. The actual aggregate bonus amount will be based on the amount by which the Company’s fiscal 2014 EBITDA (excluding the bonus accrual) exceeds the EBITDA (excluding the bonus accrual) that would have resulted if EBITDA Margin were equal to 18.5% (the “2014 Excess Amount”). Under the 2014 Bonus Plan, the following amounts will be accrued to the aggregate bonus amount: (i) 50% of the 2014 Excess Amount up to a maximum accrual equal to the 2014 Aggregate Target Bonus, plus (ii) 20% of the 2014 Excess Amount above the Aggregate Target Bonus. The above summary of the 2014 Bonus Plan reflects the Compensation Committee’s decision in June 2013, subsequent to its adoption of the 2014 Bonus Plan on April 5, 2013, to increase the portion of the Excess Amount that is accrued from 40% of the Excess Amount to 50% of the Excess Amount.

Adjustment and Discretionary Payments. The actual aggregate bonus amount accrued and paid by the Company under the 2014 Bonus Plan will then subject to adjustment by the Compensation Committee following the end of the Company’s 2014 fiscal year to determine the amount (if any) that will actually be paid. The Compensation Committee will determine the portion of an actual accrued aggregate bonus amount that will be paid to the Company’s Chief Executive Officer, and will determine, in consultation with the Company’s Chief Executive Officer, the amount that will be paid to the other named executive officers and other eligible employees of the Company. Our Compensation Committee also retains discretion to pay a discretionary bonus to our named executive officers, including in the event no amount is accrued under the terms of the 2014 Bonus Plan.

Long-Term Incentive Compensation

The Compensation Committee uses stock options and restricted stock units as an important part of the long-term incentive compensation program and believes such awards continue to be an effective way to link an executive officer’s compensation to the performance of the Company. Awards are intended to encourage each of the executive officers to achieve established performance goals, to continue in the employ of the Company, to enhance their incentive to perform at the highest level, and in general, to further the best interests of the Company and its shareholders.

For fiscal 2013, the Compensation Committee considered the following factors in determining the size of each restricted stock unit grant awarded to each named executive officer:

- the executive officer’s individual performance;
- the executive officer’s potential future contributions to the Company and level of responsibility;

· retention issues and concerns; and

· the cost of the awards to the Company.

Based on the foregoing, the Compensation Committee awarded the named executive officers the number of RSUs set forth in the “Grants of Plan-Based Awards in Fiscal Year 2013” table on page 55 of this proxy statement for fiscal 2013, and in June 2013 awarded the named executive officers the number of performance-vesting RSUs described above under “Fiscal 2014 Developments.”

EXECUTIVE AGREEMENTS AND RELATED TRANSACTIONS

We maintain employment agreements with each of our named executive officers other than Mr. Thompson. The general terms of these employment agreements are summarized below and additional information regarding their employment termination payment provisions is provided under the section entitled "*Potential Payments Upon Termination or Change in Control*" beginning on page 61 of this proxy statement.

Agreement with Frank Guidone

The Company entered into an amended and restated employment agreement with Frank Guidone, the Company's Chief Executive Officer, effective November 6, 2007 (as amended on June 6, 2011, the "Guidone Employment Agreement"). The Guidone Employment Agreement was approved by the Compensation Committee. Under the terms of the Guidone Employment Agreement, Mr. Guidone is entitled to receive an annual base salary of \$450,000 subject to annual increases at the discretion of the Compensation Committee or the Board of Directors. Mr. Guidone is eligible to receive an annual bonus pursuant to the Company's Bonus Plan, payable in accordance with the terms thereof, based upon annual performance criteria and goals established by the Compensation Committee. For any proposal that is not submitted for consideration for inclusion in next year's proxy materials, but is instead sought to be presented directly at the 2014 Annual Meeting, SEC rules permit us to exercise discretionary voting authority to the extent conferred by proxy if we: (1) receive notice of the proposal before June 21, 2014 and advise shareholders in the 2014 proxy statement of the nature of the proposal and how management intends to vote on such matter or (2) do not receive notice of the proposal before June 21, 2014. Notices of intention to present proposals at the 2014 Annual Meeting should be submitted to our Secretary at Measurement Specialties, Inc., 1000 Lucas Way, Hampton, VA 23666.

Our by-laws provide that a shareholder entitled to vote for the election of directors may nominate persons for election to our Board of Directors by delivering written notice to our Secretary. With respect to an election to be held at an annual meeting of shareholders, such notice generally must be received by our Secretary not later than the close of business on the 90th day nor earlier than the close of business on the 120th day before the first anniversary of the preceding year's annual meeting. In the event that the date of an annual meeting is more than 30 days before or more than seventy days after the first anniversary of the preceding year's annual meeting, such notice must be received by our Secretary not earlier than the close of business on the 120th day before the annual meeting and not later than the close of business on the later of the 90th day before the annual meeting or the 10th day following the day on which we publicly announce the date of the annual meeting. With respect to an election to be held at a special meeting of shareholders, such notice must be received by our Secretary not earlier than the close of business on the 120th day before such special meeting, and not later than the close of business on the later of the 90th day before such special meeting or the 10th day following the day on which we publicly announce the date of the special meeting and the nominees proposed by our Board of Directors to be elected at such special meeting.

The shareholder's notice must include:

· as to each person whom the shareholder proposes to nominate for election as a director:

○ all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest or is otherwise required pursuant to Regulation 14A under the Exchange Act; and

○ such person's written consent to being named in the proxy statement as a nominee and to serving as such a director if elected; and

· as to the shareholder giving the notice and the beneficial owner, if any, on whose behalf the nomination is made:

o the name and address of such shareholder, as they appear on our books, and of such beneficial owner;

o (a) the class and number of shares of capital stock of the Company that are owned beneficially and of record by such shareholder and such beneficial owner, and (b) any option, warrant, convertible security, stock appreciation right, or similar right with an exercise or conversion privilege or a settlement payment or mechanism at a price related to any class or series of shares of the Company or with a value derived in whole or in part from the value of any class or series of shares of the Company, whether or not such instrument or right shall be subject to settlement in the underlying class or series of capital stock of the Company or otherwise directly or indirectly owned beneficially by such shareholder and any other direct or indirect opportunity to profit or share in any profit derived from any increase or decrease in the value of shares of the Company;

o a representation that the shareholder is a holder of record of the Company's common stock entitled to vote at such meeting and intends to appear in person or by proxy at the annual meeting to propose such nomination; and

o a representation whether the shareholder or the beneficial owner, if any, intends or is part of a group that intends (1) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Company's common stock required to elect the nominee and/or (2) otherwise to solicit proxies from shareholders in support of such nomination.

Because the calendar year 2013 annual meeting is to be held on September 19, 2013, written notice of a shareholder proposal to be acted upon at the 2014 annual meeting must be received by our Secretary not later than the close of business on June 21, 2014, nor earlier than the close of business on May 22, 2014.

In order for a shareholder to bring other business before a shareholder meeting, notice must be received by our Secretary within the time limits described in the immediately preceding paragraph. The shareholder's notice must contain:

as to each matter:

o a brief description of the business desired to be brought before the annual meeting;

o the text of the proposal or business (including the text of any resolutions proposed for consideration and in the event that such business includes a proposal to amend our by-laws, the language of the proposed amendment);

o the reasons for conducting such business at the annual meeting; and

- o any material interest in such business of such shareholder and for the beneficialowner, if any, on whose behalf the proposal is made; and

as to the shareholder giving the notice and the beneficial owner, if any, on whose behalf the proposal is made, the information described above with respect to the shareholder proposing such business.

The requirements found in our by-laws are separate from and in addition to the requirements of the Securities and Exchange Commission that a shareholder must meet to have a proposal included in our proxy statement.

Other Matters

The Board of Directors is not aware of any matters other than those set forth in this proxy statement that will be presented for action at the Annual Meeting. However, if any other matter should properly come before the meeting, the persons authorized by the accompanying proxy will vote and act with respect thereto, in what according to their judgment, is in the interests of the Company and its shareholders.

Section 4. Administration

(a) The Plan shall be administered by the Board. Among other things, the Board shall have authority, subject to the terms of the Plan including, without limitation, the provisions governing participation in the Plan, to grant Awards, to determine the individuals to whom and the time or times at which Awards may be granted and to determine the terms and conditions of any Award granted hereunder. Subject to paragraph (d) of this Section 4, the Board may solicit the recommendations of the Committee with respect to any of the foregoing, but shall not be bound to follow any such recommendations.

(b) Subject to the provisions of this Plan, the Board shall have authority to adopt, alter and repeal such administrative rules, guidelines and practices governing the operation of the Plan as it shall from time to time consider advisable, to interpret the provisions of the Plan and any Award and to decide all disputes arising in connection with the Plan. The Board's decisions and interpretations shall be final, binding and conclusive and shall be given the maximum deference permitted by law. Any action of the Board with respect to the administration of the Plan shall be taken pursuant to a majority vote or by the unanimous written consent of its members.

(c) The Board may employ such legal counsel, consultants and agents as it may deem desirable for the administration of the Plan, and may rely upon any opinion received from any such counsel or consultant and any computation received from any such consultant or agent. The Board shall keep minutes of its actions under the Plan.

(d) The Board may condition the payment of any Award or the lapse of any Restriction Period (or any combination thereof) upon the achievement of a Performance Goal (defined below) that is established by the Board. A “*Performance Goal*” shall mean an objective goal that must be met by the end of the Restriction Period specified by the Board based upon one or more Performance Metrics as applied to the Company, a Subsidiary, an individual, or a designated business segment, business unit, division, business line or other subcategory of the Company, a Subsidiary or their respective businesses or such other criteria as may be determined by the Board in its sole discretion. In addition to the foregoing, a Performance Goal may be the Participant’s achievement of a specified period of service with the Company, its subsidiaries, or its affiliates. The Board shall have discretion to determine the specific targets with respect to each of the categories of Performance Goals. The Performance Goals relating to such criteria may be expressed as absolute measures or measures relative to stated references, including, without limitation, the achievements of one or more other businesses or indices, and may or may not be measures determined in accordance with generally accepted accounting principles (GAAP); *provided*, that if any Performance Goals are based on criteria that refer to items that are typically calculated in accordance with GAAP, at the time such Performance Goals are established for a performance period for any Award that is intended to be a Section 162(m) Exempt Award, the Board must specify whether the Performance Goals are to be calculated in accordance with GAAP or on a non-GAAP basis; and *provided, further*, that to the extent the Performance Goals for any Award that is intended to be a Section 162(m) Exempt Award are to be determined on a non-GAAP basis, the Board must also set forth in writing, at the time that the Performance Goals are established, the precise manner in which such Performance Goals will be calculated. The Board, in its sole discretion, shall determine the manner of calculating the specified Performance Goals for a performance period. For any Award that is intended to be a Section 162(m) Exempt Award, the Board may provide in the original terms of the Award that any determination of performance shall include or exclude the impact of the occurrence of one or more of the following items or events during the performance period: (i) asset write-downs; (ii) gain or loss on the sale of businesses or significant assets; (iii) the effect of changes in tax laws, accounting principles or policies, or other laws or provisions affecting reported results; (iv) reorganization or restructuring programs, including discontinued operations; (v) extraordinary nonrecurring items as described in Accounting Principles Board Opinion No. 30 (or any successor pronouncement thereto) and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to shareholders for the applicable year or period; (vi) the effect of acquisitions, mergers, joint ventures or divestitures; (vii) plant start-up costs; (viii) costs associated with plant or other facility shutdowns; (ix) stock compensation expenses; (x) costs associated with executive succession (including severance); (xi) the effect of foreign exchange rates; and (xii) significant litigation or claim judgments or settlements. Before paying an Award or permitting the lapse of any Restriction Period on an Award subject to this Section, the Board shall certify in writing that the applicable Performance Goal has been satisfied. Performance Goals for Awards to officers who are subject to the requirements and limitations of Section 162(m) of the Code or which are otherwise intended to be Section 162(m) Exempt Awards, shall be established not later than ninety (90) days after the beginning of the applicable performance period (or at such other date as may be required or permitted for “performance-based” compensation under Section 162(m) of the Code), and shall otherwise meet the requirements of said Code section, including the requirement that the outcome of the Performance Goal be substantially uncertain at the time established.

(e) Subject to any limitations specified in this Plan and to applicable legal requirements the Board shall have the authority to delegate all or any portion of the authority granted to it under this Section 4 or elsewhere under the Plan to the Committee or the Chief Executive Officer of the Company. If such authority is so delegated by the Board, the Committee or the Chief Executive Officer, as the case may be, shall have such rights and authority to make determinations and administer the Plan as are specified in the delegation of authority. To the extent that the Board delegates its authority as provided by this Section 4(e), all references in the Plan to the Board’s authority to grant Awards and make determinations with respect thereto shall be deemed to include the Committee or the Chief

Executive Officer, as the case may be.

(f) For purposes of accommodating or addressing the rules, laws, or regulatory requirements of local or foreign jurisdictions or qualifying for preferred tax treatment in such jurisdictions, the Committee is authorized to establish additional terms, conditions rules or procedures or to establish, amend, modify, administer or terminate sub-plans, and prescribe, amend and rescind rules and regulations relating to such sub-plans.

Section 5. Eligibility

All employees, consultants and advisors of the Company who are from time to time responsible for the management, growth and protection of the business of the Company, and all directors of the Company, shall be eligible to participate in the Plan. The Participants under the Plan shall be selected from time to time by the Board, in its sole discretion, from among those eligible, and the Board shall determine in its sole discretion the numbers of shares to be covered by the Award or Awards granted to each Participant. Options intended to qualify as Incentive Stock Options shall be granted only to employees while actually employed by the Company. Non-Employee Directors, consultants and advisors shall not be entitled to receive Incentive Stock Options under the Plan.

Section 6. Shares of Stock Available for Awards

(a) Subject to adjustment as provided in paragraph (e) below, the total number of shares of Common Stock available for Awards under the Plan shall be 750,000 shares.

(b) The following limits (each an “*Annual Award Limit*”, and collectively, “*Annual Award Limits*”) shall, subject to adjustment as provided in paragraph (e) below, apply to grants of Awards under this Plan:

(i) Options: The maximum aggregate number of shares of Common Stock subject to Options which may be granted in any one fiscal year to any one Participant shall be 150,000; and

(ii) Full Value Awards: The maximum aggregate number of shares of Common Stock subject to Full Value Awards which may be granted in any one fiscal year to any one Participant shall be 75,000 shares of Common Stock (or, in the case of Full Value Awards that may be settled in cash, the Fair Market Value (determined on the date of grant) of 75,000 shares of Common Stock);

provided, however, that each of the limitations set forth above in clauses (i) and (ii) of this Section 6(b) shall be multiplied by two when applied to Awards granted to any individual during the fiscal year in which such individual first commences service with the Company. If an Award is terminated, surrendered or canceled in the same fiscal year in which it was granted, such Award nevertheless will continue to be counted against the limitations set forth above in this Section 6(b) for the fiscal year in which it was granted.

(c) Any shares issued by the Company through the assumption or substitution of outstanding grants from an acquired company shall not reduce the shares available for Awards under this Plan. Any shares issued hereunder may consist, in whole or in part, of authorized and unissued shares or treasury shares. If any shares subject to any Award granted hereunder are forfeited or such Award otherwise terminates or is forfeited, the shares subject to such Award, to the extent of any such forfeiture or termination, shall again be available for Awards under this Plan.

(d) No Option shall be exercisable, no shares of Common Stock shall be issued, no certificates for shares of Common Stock shall be delivered and no payment shall be made under the Plan, except in compliance with all applicable laws. In this connection, it is intended generally that Awards granted under this Plan shall not constitute “non-qualified deferred compensation” as defined under Section 409A of the Code. If, however, any Award is, or becomes, subject to any of the requirements of Section 409A of the Code, such Award, and the applicable Award Agreement, shall be interpreted and administered to be consistent with such requirements, and the Board shall be entitled, on a unilateral basis, to amend, reform, interpret and administer this Plan, such Award and such Award Agreement accordingly.

(e) In the event that the Board determines that any stock dividend, extraordinary cash dividend, creation of a class of equity securities, recapitalization, reclassification, reorganization, merger, consolidation, stock split, spin-off, combination, exchange of shares, warrants or rights offering to purchase Common Stock at a price substantially below Fair Market Value, or other similar transaction affects the Common Stock such that an adjustment is required in order to preserve the benefits or potential benefits intended to be granted under the Plan to Participants, the Board shall adjust equitably (i) the number of shares of Common Stock in respect of which Awards may be granted under the Plan to Participants, (ii) the number and kind of shares subject to outstanding Awards held by Participants, (iii) the exercise price with respect to any Awards held by Participants, (iv) the Annual Award Limits, (v) the amount and/or type of payment to be received under Awards, (vi) all other numerical limitations relating to Awards, whether contained in this Plan or in Award Agreements, and, if considered appropriate, the Board may make provision for a cash payment with respect to any outstanding Awards held by a Participant, provided that the number of shares subject to any Award shall always be a whole number.

(f) In furtherance of the terms and conditions of this Plan and for purposes of clarity, the following terms and conditions shall apply to this Plan: (i) shares of Common Stock that are tendered by a Participant to pay the exercise price of an Award made under this Plan or any related tax withholding obligation shall not be available for future grant under this Plan; (ii) shares of Common Stock underlying Awards made pursuant to this Plan that are withheld by the Company for tax considerations in relation to an Award shall not be available for future grant under this Plan; and (iii) this Plan does not permit the Company to use the cash proceeds from the exercise of Options to repurchase shares of Common Stock on the open market for reuse in this Plan.

Section 7. Incentive Stock Options

(a) Subject to Federal statutes then applicable and the provisions of the Plan, the Board may grant Incentive Stock Options and determine the number of shares to be covered by each such Award, the option price therefor, the term of such Award, the vesting schedule of such Award, and the other conditions and limitations applicable to the exercise of the Award. The terms and conditions of Incentive Stock Options shall be subject to and shall comply with Section 422 of the Code, or any successor provision, and any regulations thereunder. Anything in the Plan to the contrary notwithstanding, no term of the Plan relating to Incentive Stock Options shall be interpreted, amended or altered, nor shall any discretion or authority granted to the Board under the Plan be so exercised, so as to disqualify, without the consent of the Participant, any Incentive Stock Option granted under the Plan pursuant to Section 422 of the Code. The foregoing notwithstanding, any Award that fails to be an ISO shall remain outstanding according to its terms and

shall be treated by the Company as a Non-Qualified Stock Option.

(b) The option price per share of Common Stock purchasable under an Incentive Stock Option shall not be less than 100% of the Fair Market Value of the Common Stock on the date of grant. If the Participant owns or is deemed to own (by reason of the attribution rules applicable under Section 424(d) of the Code) more than 10% of the combined voting power of all classes of stock of the Company or any subsidiary or parent corporation of the Company and an Incentive Stock Option is granted to such Participant, the option price shall be not less than 110% of Fair Market Value of the Common Stock on the date of grant.

(c) No Incentive Stock Option shall be exercisable more than ten (10) years after the date such option is granted. If a Participant owns or is deemed to own (by reason of the attribution rules of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or any subsidiary or parent corporation of the Company and an Incentive Stock Option is granted to such Participant, such Option shall not be exercisable after the expiration of five (5) years from the date of grant.

(d) Unless otherwise determined by the Board at the time of grant, in the event a Participant's employment terminates by reason of Retirement or Disability, any Incentive Stock Option granted to such Participant which is then outstanding may be exercised at any time prior to the expiration of the term of such Incentive Stock Option or within three (3) months in the case of Retirement and twelve (12) months in case of Disability (or such shorter period as the Board shall determine at the time of grant) following the Participant's termination of employment, whichever period is shorter.

(e) Unless otherwise determined by the Board at the time of grant, in the event a Participant's employment is terminated by reason of death, any Incentive Stock Option granted to such Participant which is then outstanding may be exercised by the Participant's legal representative at any time prior to the expiration date of the term of the Incentive Stock Option or within twelve (12) months (or such shorter period as the Board shall determine at the time of grant) following the Participant's termination of employment, whichever period is shorter.

(f) Unless otherwise determined by the Board at or after the time of grant, in the event a Participant's employment shall terminate for Cause, any Incentive Stock Option granted to such Participant which is then outstanding shall be canceled and shall terminate.

(g) Unless otherwise determined by the Board at or after the time of grant, in the event that a Participant's employment shall terminate for any reason other than death, Disability, Retirement or Cause, any Incentive Stock Option granted to such Participant which is then outstanding may be exercised as set forth in the applicable Award Agreement. In the absence of a specific term, any Incentive Stock Option outstanding upon such termination of employment may be exercised at any time prior to the expiration of the term of such option or within three months following Participant's termination of employment, whichever period is shorter.

(h) The aggregate Fair Market Value of Common Stock first becoming subject to exercise as an Incentive Stock Option by a Participant who is an employee during any given calendar year shall not exceed the sum of One Hundred Thousand Dollars (\$100,000.00). Such aggregate Fair market Value shall be determined as of the date such Option is granted. Any amount in excess of this threshold shall be treated as a Non-Qualified Stock Option.

Section 8. Non-Qualified Stock Options

(a) Subject to the provisions of the Plan, the Board may grant Non-Qualified Stock Options and determine the number of shares to be covered by each such Option, the option price therefor, the term of such Option, the vesting schedule and the other conditions and limitations applicable to the exercise of the Non-Qualified Stock Options.

(b) The option price per share of Common Stock purchasable under a Non-Qualified Stock Option shall not be less than 100% of the Fair Market Value of the Common Stock on the date of grant.

(c) No Non-Qualified Stock Option shall be exercisable more than ten (10) years after the date such option is granted.

(d) Unless otherwise determined by the Board at the time of grant, in the event a Participant's employment or engagement by the Company or membership on the Board terminates by reason of Retirement or Disability, any Non-Qualified Stock Option granted to such Participant which is then outstanding may be exercised at any time prior to the expiration of the term of such Non-Qualified Stock Option or within three (3) months in the case of Retirement and twelve (12) months in case of Disability following the Participant's termination of employment, engagement, or service, whichever period is shorter.

(e) Unless otherwise determined by the Board at the time of grant, in the event a Participant's employment or engagement by the Company or membership on the Board is terminated by reason of death, any Non-Qualified Stock Option granted to such Participant which is then outstanding may be exercised by the Participant's legal representative at any time prior to the expiration date of the term of the Non-Qualified Stock Option or within twelve (12) months following the Participant's termination of employment, whichever period is shorter.

(f) Unless otherwise determined by the Board at or after the time of grant, in the event a Participant's employment or engagement by the Company or membership on the Board shall terminate for Cause, any Non-Qualified Stock Option granted to such Participant which is then outstanding shall be canceled and shall terminate.

(g) Unless otherwise determined by the Board at or after the time of grant, in the event a Participant's employment or engagement by the Company or membership on the Board shall terminate for any reason other than death, Disability, Retirement or Cause, any Non-Qualified Stock Option granted to such Participant which is then outstanding may be exercised at any time prior to the expiration of the term of such Option or within three (3) months following Participant's termination, whichever period is shorter.

Section 9. Restricted Stock Units

(a) Subject to the provisions of the Plan, the Board may grant Awards of Restricted Stock Units and determine the number of shares to be covered by each such Award, the Restriction Period, the applicable Performance Goals, if any, whether the Award is payable in cash or shares of Common Stock, and other conditions and limitations applicable to such Awards.

(b) Unless otherwise provided in the applicable Award Agreement, during the Restriction Period, the Participant shall not have any rights as a shareholder with respect to any shares of Common Stock underlying the Restricted Stock Units. The Board may grant to the Participant the right to receive Dividend Equivalents on Restricted Stock Units, on a current, reinvested and/or restricted basis, subject to such terms as the Board may determine *provided, however*, that Dividend Equivalents payable on Restricted Stock Units that are subject to achievement of Performance Goals shall, rather than be paid on a current basis, be accrued and made subject to forfeiture at least until achievement of the applicable Performance Goals related to such Restricted Stock Units.

(c) The Board may condition the expiration of the Restriction Period upon: (i) the Participant's continued service over a period of time with the Company, its subsidiaries or its affiliates, (ii) the achievement of any other Performance Goals set by the Board, or (iii) any combination of the above conditions, as specified in the Award Agreement. If the specified conditions are not attained, the Participant shall forfeit the Award, or portion of the Award with respect to which those conditions are not attained, and the Award (including the underlying Common Stock) and any accrued but unpaid Dividend Equivalents with respect to such Award that are then subject to restriction shall be forfeited. Notwithstanding any provision contained herein to the contrary, the Board, in its sole discretion, may grant Restricted Stock Units that are not subject to any Restriction Period.

(d) At the end of the Restriction Period, if all applicable conditions have been satisfied, the Participant shall be entitled to receive a share of Common Stock for each share underlying the Restricted Stock Unit Award that is then free from restriction, or cash equal to the Fair Market Value of such shares of Common Stock, together with any accrued but unpaid Dividend Equivalents with respect to such Award, and such shares or cash shall be delivered to the Participant (or, where appropriate, the Participant's legal representative). The Board may, in its sole discretion, accelerate the vesting and delivery of Restricted Stock Units under circumstances determined by the Board to be appropriate.

(e) The applicable Award Agreement shall specify the right, if any, of a Participant to receive a distribution of the Restricted Stock Unit Award as a result of, or following, the Participant's termination of employment or engagement by the Company or membership on the Board.

Section 10. Restricted Stock Awards

(a) Subject to the provisions of the Plan, the Board may grant Awards of Restricted Stock and determine the number of shares to be covered by each such Award, the Restriction Period, the applicable Performance Goals, if any, and other conditions and limitations applicable to such Awards. Restricted Stock shall be subject to such vesting, restrictions on transferability and other restrictions, if any, and/or risk of forfeiture as the Board may impose at the date of grant. The Restriction Period to which such vesting, restrictions and/or risk of forfeiture apply may lapse under such circumstances, including without limitation upon the attainment of Performance Goals, in such installments, or otherwise, as the Board may determine. Subject to the provisions of the Plan and the applicable Award Agreement, during the Restriction Period, the Participant shall not be permitted to sell, assign, transfer, pledge or otherwise encumber shares of Restricted Stock. Restricted Stock Awards shall be evidenced in such manner as the Board may deem appropriate, including via book-entry registration.

(b) Except to the extent restricted under the Award Agreement relating to the Restricted Stock and the nontransferability restrictions that apply during the Restriction Period, a Participant granted Restricted Stock shall have all of the rights of a stockholder of Common Stock including, without limitation, the right to vote Restricted Stock. Cash dividends declared payable on Common Stock shall be paid, with respect to outstanding Restricted Stock, either as soon as practicable following the dividend payment date or deferred for payment to such later date as determined by the Board, and shall be paid in cash or as unrestricted shares of Common Stock having a Fair Market Value equal to the amount of such dividends or may be reinvested in additional shares of Restricted Stock as determined by the Board; *provided, however*, that dividends declared payable on Restricted Stock that has a Restriction Period which is conditioned on the achievement of Performance Goals shall be held by the Company and made subject to forfeiture at least until achievement of the applicable Performance Goals related to such shares of Restricted Stock. Stock distributed in connection with a stock split or stock dividend, and other property distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock with respect to which such Common Stock or other property has been distributed.

(c) The Board may condition the expiration of the Restriction Period upon: (i) the Participant's continued service over a period of time with the Company, its subsidiaries or its affiliates, (ii) the achievement of any other Performance Goals set by the Board, or (iii) any combination of the above conditions, as specified in the Award Agreement. If the specified conditions are not attained, the Participant shall forfeit the Award, or portion of the Award with respect to which those conditions are not attained, and the Restricted Stock and any accrued but unpaid dividends with respect to such Award that are then subject to restriction shall be forfeited. Notwithstanding any provision contained herein to the contrary, the Board, in its sole discretion, may grant Stock that is not subject to any Restriction Period.

(d) As soon as is practicable following the date on which restrictions on any shares of Restricted Stock lapse, the Company shall deliver to the Participant the certificates for such shares or shall cause the shares to be registered in the Participant's name in book-entry form, in either case with the restrictions removed, provided that the Participant shall have complied with all conditions for delivery of such shares contained in the Award Agreement or otherwise reasonably required by the Board.

(e) The Board may, in its sole discretion, accelerate the lapse of the Restriction Period on Restricted Stock under circumstances determined by the Board to be appropriate.

(f) The applicable Award Agreement shall specify the right, if any, of a Participant to receive a distribution of the Restricted Stock as a result of, or following, the Participant's termination of employment or engagement by the Company or membership on the Board.

Section 11. Change in Control

(a) In the event of a Change in Control, the Board may, on a Participant-by-Participant basis, an Award-by-Award basis, or on a broader Plan basis, take such action as the Board, in its sole discretion determines with respect to outstanding Awards. Such action by the Board may include, without limitation, any one or more of the following:

(i) accelerate the vesting of outstanding Awards issued under the Plan that remain unvested;

(ii) fully vest and/or accelerate the Restriction Period of any Awards;

(iii) terminate or cancel Awards in exchange for payments of cash, securities or other property or a combination thereof having an aggregate value equal to the value of such Awards, as determined by the Board in its sole discretion and/or provide limited opportunities to exercise such Awards prior to the effectiveness of such termination or cancellation (it being understood that in the case of a Change in Control transaction with respect to which shareholders of Measurement Specialties receive consideration other than publicly traded equity securities of the ultimate surviving entity, any such determination by the Board that the value of an Option shall be deemed to equal the excess, if any, of the value of the consideration being paid for each share of Common Stock pursuant to such transaction over the exercise price of such Option shall conclusively be deemed valid and that any Option may be cancelled for no consideration upon a Change in Control if its exercise price does not exceed the value of the consideration being paid for each share of Common Stock pursuant to such Change in Control);

(iv) require that Awards be assumed by the successor entity, or that awards for shares or other interests in the successor entity having equivalent value, as determined in the sole discretion of the Board, be substituted for such Awards; or

(v) take such other action as the Board shall determine to be reasonable under the circumstances in order to retain the original intent of the Awards.

The application of the foregoing provisions shall be determined by the Board in its sole discretion and implementation of the foregoing provisions shall be conditioned upon consummation of the Change in Control. Any adjustment may provide for the elimination of fractional shares of Common Stock in exchange for a cash payment equal to the Fair Market Value of the eliminated fractional shares of Common Stock. Notwithstanding the foregoing provisions, the time for payment of any Award shall not be accelerated, and the exercisability of an Award shall not be extended to the extent such acceleration or extension would be contrary to the requirements of Section 409A of the Code, or result in the imposition of taxation and/or penalties under Section 409A of the Code.

(b) The judgment of the Board with respect to any matter referred to in this Section 11 shall be conclusive and binding upon each Participant without the need for any amendment to the Plan.

(c) Notwithstanding the provisions of Section 11(a), in the event that any transaction resulting in a Change in Control occurs, outstanding Awards will terminate upon the effective time of such Change in Control unless provision is made in connection with the transaction for the continuation or assumption of such Awards by, or for the issuance thereof of substitute awards of, the surviving or successor entity or a parent thereof.

Section 12. General Provisions Applicable to Awards

(a) Each Award under the Plan shall be evidenced by an Award Agreement delivered to the Participant specifying the terms and conditions thereof and containing such other terms and conditions not inconsistent with the provisions of the Plan as the Board considers necessary or advisable to achieve the purposes of the Plan and/or to comply with applicable tax and regulatory laws and accounting principles. For purposes of Plan interpretation the terms and conditions contained in any Award Agreement shall be deemed to have been determined by the Board at the time of grant.

(b) Each Award may be granted alone, in addition to or in relation to any other Award. The terms of each Award need not be identical, and the Board need not treat Participants uniformly. Except as otherwise provided by the Plan or a particular Award, any determination with respect to an Award may be made by the Board at the time of grant or at any time thereafter.

(c) The Board shall determine whether Awards are settled in whole or in part in cash, Common Stock, other securities of the Company, or other property, and may, in its discretion, permit "cashless exercises" and "net exercises" of Options and net settlement of Full Value Awards pursuant to such procedures as may be established by the Board.

(d) No shares shall be delivered pursuant to any exercise of an Option until payment in full of the option price therefor is received by the Company. Such payment may be made in whole or in part in cash or by certified or bank check or, to the extent permitted by the Board at or after the grant of the Option, (i) by means of a net exercise pursuant to procedures established by the Board, or (ii) by delivery of shares of Common Stock owned by the Participant valued at their Fair Market Value on the date of delivery, or (iii) such other lawful consideration as the Board may in its sole discretion determine.

(e) No Award shall be transferable by the Participant otherwise than (to the extent permitted under the applicable Award Agreement) by will or by the laws of descent and distribution, and all Awards shall be exercisable during the Participant's lifetime only by the Participant or the Participant's duly appointed guardian or personal representative.

(f) The Board may at any time accelerate the vesting and exercisability or distribution of all or any portion of any Award, provided that such acceleration does not violate the provisions of Section 409A of the Code, or result in the imposition of any taxation and/or penalties under Section 409A of the Code.

(g) The Participant shall pay to the Company, or make provision satisfactory to the Board for payment of, any taxes required by law to be withheld in respect of Awards under the Plan no later than the date of the event creating the tax liability. In the Board's sole discretion, a Participant may elect to have such tax obligations paid, in whole or in part, in shares of Common Stock, including shares retained from the Award creating the tax obligation. For withholding tax purposes, the value of the shares of Common Stock shall be the Fair Market Value on the date the withholding obligation is incurred. The Company may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to the Participant.

(h) For purposes of the Plan, the following events shall not be deemed a termination of employment of a Participant:

(i) a transfer to the employment of Measurement Specialties from a Subsidiary or from Measurement Specialties to a Subsidiary, or from one Subsidiary to another;

(ii) an approved leave of absence for military service or sickness, or for any other purpose approved by the Company, if the Participant's right to reemployment is guaranteed either by a statute or by contract or under the policy pursuant to which the leave of absence was granted or if the Board otherwise so provides in writing; or

(iii) unless provided otherwise by the Board, a transfer to the employment of an entity in connection with the purchase by such entity of substantially all of the assets of a business conducted by Measurement Specialties or any Subsidiary.

Subject to clause (iii) of this paragraph (h), employees of a Subsidiary of Measurement Specialties shall be deemed to have terminated their employment on the date on which such Subsidiary ceases to be a Subsidiary of the Company.

(i) Reinvestment of dividends in additional Restricted Stock at the time of any dividend payment, and the payment of shares of Common Stock with respect to dividends to Participants holding Awards of Restricted Stock Units, shall only be permissible if sufficient shares are available under the Plan for such reinvestment or payment (taking into account then outstanding Awards). In the event that sufficient shares are not available under the Plan for such reinvestment or payment, such reinvestment or payment shall be made in the form of a grant of Restricted Stock Units equal in number to the shares of Common Stock that would have been obtained by such payment or reinvestment, the terms of which Restricted Stock Units shall provide for settlement solely in cash and for Dividend Equivalent reinvestment in further Restricted Stock Units on the terms contemplated by this Section 12(i).

Section 13. Effective Date, Termination and Amendment

(a) The Plan shall become and is effective as of the date that it is approved by the shareholders of Measurement Specialties (the “*Effective Date*”). No Award shall be granted under the Plan after the close of business on the day immediately preceding the tenth anniversary of the Effective Date of the Plan unless Measurement Specialties’ shareholders approve an extension of the Plan before such time. Subject to other applicable provisions of the Plan, all Awards made under the Plan prior to such expiration or any termination of the Plan shall remain in effect until such Awards have been satisfied or terminated in accordance with the Plan and the terms of such Awards. Notwithstanding the continuation of the Plan, no Award (other than an Option) that is intended to be a Section 162(m) Exempt Award shall be granted on or after the fifth anniversary of the Effective Date unless the material terms of the applicable performance goals, within the meaning of Treasury Regulation Section 1.162-27(e)(4)(i), are approved by the shareholders of Measurement Specialties no later than the first shareholder meeting at which directors are elected that occurs in the fifth year following the Effective Date.

(b) The Board or Compensation Committee of the Board shall have the power to amend, suspend or terminate the Plan at any time, provided that any such termination of the Plan shall not affect Awards outstanding under the Plan at the time of termination. Notwithstanding the foregoing, an amendment will be contingent on approval of the Measurement Specialties’ shareholders, to the extent required by law or by the rules of any stock exchange on which the Common Stock is traded or if the amendment would (i) increase the benefits accruing to Participants under the Plan, (ii) increase the aggregate number of shares of Common Stock that may be issued under the Plan, (iii) modify the requirements as to eligibility for participation in the Plan; (iv) eliminate or modify the prohibition set forth in Section 13(c) on repricing or exchanging Options, or (v) lengthen the maximum term or lower the minimum exercise price permitted for Options.

(c) The Board may amend any outstanding Award in whole or in part from time to time. Any such amendment which the Board determines, in its sole discretion, to be necessary or appropriate to conform the Award to, or otherwise satisfy, any legal requirement (including without limitation the provisions of Code sections 162(m) or 409A or the regulations or rulings promulgated thereunder), may be made retroactively or prospectively and without the approval or consent of the Participant. Additionally, the Board may, without the approval or consent of the Participant, make adjustments in the terms and conditions of an Award in recognition of unusual or nonrecurring events affecting the Company or the financial statements of the Company in order to prevent the dilution or enlargement of the benefits intended to be made available pursuant to the Award. In addition to the foregoing, the Board may amend, modify or terminate any outstanding Award held by a Participant, including substituting therefor another Award of the same or a different type, changing the date of exercise or realization, and converting an Incentive Stock Option to a Non-Qualified Stock Option, provided that the Participant’s consent to each action shall be required unless the Board determines that the action, taking into account any related action, would not materially and adversely affect the Participant. Except in connection with a corporate transaction involving the Company (including without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding Awards may not be amended to reduce the exercise price of outstanding Options or cancel outstanding Options in exchange for cash, other Awards or Options with an exercise price that is less than the exercise price of the original Option without stockholder approval.

Section 13. Miscellaneous

(a) No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to continued employment. The Company expressly reserves the right at any time to dismiss a Participant free from any liability or claim under the Plan, except as expressly provided in the applicable Award Agreement.

(b) The Board may postpone any grant, exercise, vesting or payment of an Award for such time as the Board in its sole discretion may deem necessary in order to permit the Company: (i) to effect, amend or maintain any necessary registration of the Plan or the shares of Common Stock issuable pursuant to the Award under applicable securities laws; (ii) to take any action in order to (A) list such shares of Common Stock or other shares of stock of the Company on a stock exchange if shares of Common Stock or other shares of stock of the Company are not then listed on such exchange, or (B) comply with restrictions or regulations incident to the maintenance of a public market for its shares of Common Stock or other shares of stock of the Company, including any rules or regulations of any stock exchange on which the shares of Common Stock or other shares of stock of the Company are listed; (iii) to determine that such shares of Common Stock in the Plan are exempt from such registration or that no action of the kind referred to in (ii)(B) above needs to be taken; (iv) to comply with any other applicable law, including without limitation, securities and tax laws; or (v) to otherwise comply with any prohibition on such acts or payments during any applicable blackout period. Additionally, the granting, exercise, vesting or payment of an Award shall be postponed during any period that the Company or any affiliate is prohibited from doing or permitting any of such acts under applicable law, including without limitation, during the course of an investigation of the Company or any affiliate, or under any contract, loan agreement or covenant or other agreement to which the Company or any affiliate is a party. The Company shall not be obligated by virtue of any terms and conditions of any Award Agreement or any provision of the Plan to recognize the grant, exercise, vesting or payment of an Award or to grant, sell or issue shares of Common Stock or make any such payments in violation of any law, including any securities or tax laws, or the laws of any government having jurisdiction thereof or any of the provisions hereof. Any such postponement shall not extend the term of the Award, and neither the Company nor its directors and officers nor the Committee shall have any obligation or liability to any Participant or to any other person with respect to shares of Common Stock or payments as to which the Award shall lapse because of such postponement.

(c) Nothing contained in the Plan shall prevent the Company from adopting other or additional compensation arrangements for its employees.

(d) Subject to the provisions of the applicable Award, no Participant shall have any rights as a shareholder with respect to any shares of Common Stock to be distributed under the Plan until he or she becomes the holder thereof.

(e) Nothing contained in this Plan, nor any Award granted pursuant to this Plan nor any Award Agreement, shall constitute or create any employment or other relationship, or confer upon any Participant any right to continued employment or service with the Company or any subsidiary or affiliate, nor interfere in any way with the right of the Company, a subsidiary or an affiliate to terminate the employment or service of any Participant at any time.

(f) Nothing contained in this Plan, and no action taken pursuant to the provisions of the Plan, shall create or shall be construed to create a trust of any kind, or a fiduciary relationship between the Committee, the Company or its subsidiaries or affiliates, or their officers or other representatives or the Board, on the one hand, and the Participant, the Company, its subsidiaries or affiliates or any other person or entity, on the other.

(g) Notwithstanding anything to the contrary expressed in this Plan, any provisions hereof that vary from or conflict with any applicable Federal or State securities laws (including any regulations promulgated thereunder) shall be deemed to be modified to conform to and comply with such laws.

(h) No member of the Board or Committee shall be liable for any action or determination taken or granted in good faith with respect to this Plan nor shall any member of the Board or Committee be liable for any agreement issued pursuant to this Plan or any grants under it. Each member of the Board and or Committee shall be indemnified by the Company against any losses incurred in such administration of the Plan, unless his action constitutes willful misconduct.

(i) To the extent that State laws shall not have been preempted by any laws of the United States, the Plan and Award Agreements entered into pursuant to the Plan shall be construed, regulated, interpreted and administered according to the laws of the State of New Jersey, without regard to its conflict of laws principles.

(j) Awards may be granted to employees of the Company who are foreign nationals or employed outside the United States, or both, on such terms and conditions different from those specified in the Plan as may, in the judgment of the Board or Committee, be necessary or desirable in order to recognize differences in local law or tax policy. The Board or Committee may also impose conditions on the exercise or vesting of Awards in order to minimize the Company's obligation with respect to tax equalization for employees on assignments outside their home country.

EXHIBIT B

MEASUREMENT SPECIALTIES, INC.

PERFORMANCE INCENTIVE PLAN

1. *Purpose.* The purpose of this Performance Incentive Plan (the “Plan”) is to aid Measurement Specialties, Inc., a New Jersey corporation (the “Company”), in attracting, retaining, motivating and rewarding executive officers of the Company and its Subsidiaries, to provide for equitable and competitive compensation opportunities, to recognize individual contributions and reward achievement of Company goals. The Plan is also intended to permit the payment of Awards that qualify as Section 162(m) Exempt Awards.

2. *Administration.*

(a) *Authority of the Committee.* Subject to the provisions of the Plan and applicable law, the Committee shall have the power, in addition to other express powers and authorizations conferred on the Committee by the Plan, to: (i) designate Participants; (ii) determine the terms and conditions of any Award; (iii) determine whether, to what extent, and under what circumstances Awards may be forfeited or suspended; (iv) interpret, administer, reconcile any inconsistency, correct any defect and/or supply any omission in the Plan or any instrument or agreement relating to, or Award granted under, the Plan; (v) establish, amend, suspend, or waive any rules for the administration, interpretation and application of the Plan; (vi) adopt such procedures and subplans as are necessary or appropriate to permit participation in the Plan by employees who are foreign nationals or employed outside of the United States; and (vii) make any other determination and take any other action that the Committee deems necessary or desirable for the administration of the Plan. All decisions, actions or interpretations of the Committee will be final, conclusive and binding upon all persons, and shall be given the maximum deference permitted by law. The Committee, in its sole discretion and on such terms and conditions as it may provide, may delegate all or part of its authority and powers under the Plan to one or more directors and/or officers of the Company; *provided, however*, that the Committee shall not delegate its authority and/or powers with respect to Awards that are intended to qualify as Section 162(m) Exempt Awards.

(b) *Agents; Limitation of Liability.* The Committee may appoint agents to assist in administering the Plan. The Committee and each member thereof shall be entitled to, in good faith, rely or act upon any report or other information furnished to it or him by any officer or employee of the Company, the Company's certified public accountants, consultants or any other agent assisting in the administration of the Plan. Members of the Committee and any officer or employee of the Company acting at the direction or on behalf of the Committee shall not be personally liable for any action or determination taken or made in good faith with respect to the Plan, and shall, to the extent permitted by law, be fully indemnified and protected by the Company with respect to any such action or determination.

3. *Eligibility.* Participants in the Plan will be selected by the Committee from among the employees and executive officers of the Company and its Subsidiaries who have the capability of making a substantial contribution to the success of the Company. In making this selection and in determining the form and amount of Awards, the Committee may consider any factors it deems relevant, including, without limitation, the individuals' functions, responsibilities, value of services to the Company and past and potential contributions to the Company's profitability and growth. Only eligible individuals who are designated by the Committee to participate in the Plan with respect to a particular Performance Period may participate in the Plan for that Performance Period. An individual who is designated as a Participant for a given Performance Period is not guaranteed or assured of being selected for participation in any subsequent Performance Period.

4. *Term, Amendment and Termination.*

(a) *Term.* The Plan will commence as of the Effective Date and, subject to the terms of the Plan, will continue in full force and effect until terminated by the Board or the Committee. Notwithstanding the foregoing, no Section 162(m) Exempt Award shall be granted under the Plan after the date any shareholder approval requirement under Section 162(m) of the Code ceases to be met, unless such shareholder approval requirement is subsequently satisfied after its cessation.

(b) *Amendment and Termination.* The Board or the Committee, each in its sole discretion, may amend, suspend or terminate the Plan, or any part thereof, at any time and for any reason without the consent of any Participant; *provided* that no such amendment will adversely affect rights to receive any amount to which Participants or Beneficiaries have become entitled prior to such amendment. Notwithstanding the foregoing, no amendment shall cause any outstanding Award to a Named Executive that is intended to be a Section 162(m) Exempt Award to cease to qualify as a Section 162(m) Exempt Award.

5. *Awards.*

(a) *Award Denomination and Amount.* An Award may be denominated and computed based on a stated dollar amount, a percentage or multiple of the annual Base Salary of the Participant receiving such Award or a percentage of an annual bonus pool or performance metric established by the Committee subject to achievement of Performance Goals (and, with respect to Awards to Named Executives intended to be Section 162(m) Exempt Awards, in accordance with the rules applicable under Section 162(m)). The maximum aggregate amount that a Participant may earn in respect of an Award or Awards granted in respect of any single fiscal year of the Company that is intended to be a Section 162(m) Exempt Award is \$5,000,000.

(b) *Grant of Awards and Establishment of Performance Goals.* Awards will be granted in respect of a designated Performance Period and will be earned based on the achievement of Performance Goals over the term of such Performance Period and satisfaction of such additional vesting conditions, if any, that the Committee may have assigned to the Award at the time of grant. When granting an Award, the Committee shall specify a target amount or prescribe a formula for determining the amount of the Award which may be payable based upon the level of attainment of the Performance Goals for the Performance Period. The Performance Goals applicable to an Award, which may vary among Participants, shall be based on (i) one or more Business Criteria, (ii) personal performance goals or (iii) a combination of one or more Business Criteria and personal performance goals. Performance Goals may include a threshold level of performance below which no Award will be paid and levels of performance at which specified percentages of the target Award will be paid and may also include a maximum level of performance above which no additional Award amount will be paid. With respect to Awards to Named Executives intended to be Section 162(m) Exempt Awards, the Performance Goals applicable to such Awards shall be established by the Committee in writing not later than the earlier of (i) 90 days after the commencement of the Performance Period applicable to such Awards or (ii) the expiration of 25% of the Performance Period, provided that achievement of the selected Performance Goals is substantially uncertain at such time. With respect to other Awards, the Performance Goals may be established in any manner permitted by the Committee.

(c) *Determination and Payment of Final Award Amounts.* With respect to an Award to a Named Executive intended to be a Section 162(m) Exempt Award, the Committee will, promptly after the date on which the necessary financial or other information for the relevant Performance Period becomes available, certify, in the manner required by Section 162(m), whether and the extent to which the Performance Goals applicable to such Award have been achieved or exceeded. With respect to other Awards, the determination of the achievement of the applicable Performance Goals pertaining to such Awards may be established in any manner permitted by the Committee. If the Performance Goals with respect to an Award have been achieved, the Committee shall determine, in accordance with the prescribed formula, the amount of each Participant's Award that has been earned subject to satisfaction of such additional vesting conditions, if any, that the Committee may have assigned to the Award at the time of grant, except that the Committee may exercise negative discretion, in its sole discretion, to reduce or eliminate, but not increase, the amount of the Award to reflect the Committee's assessment of the Participant's individual performance or for any other reason, unless such reduction is explicitly prohibited under the terms of the Award or the terms of a written agreement between the Company (or a Subsidiary) and the relevant Participant. Payments, if any, with respect to an Award shall generally be made to the Participant in cash as soon as administratively practicable following the date of the final certification or determination above or, if applicable, following satisfaction of the relevant vesting condition, but, in any event, no later than the date that is two and one-half months after the later of (i) the close of the Company's fiscal year in which the Performance Period ended or (ii) the close of the Company's fiscal year in which the relevant vesting condition, if any, has been satisfied, subject to Section 6. If the minimum Performance Goals established by the Committee with respect to a Section 162(m) Exempt Award are not achieved, then no payment will be made.

(d) *Business Criteria.* One or more of the criteria listed on Annex I relating to the Company, a Subsidiary, an individual, or a designated business segment, business unit, division, business line or other subcategory of the Company, a Subsidiary or their respective businesses may be used by the Committee in establishing Performance Goals for Awards. The Performance Goals relating to such criteria may be expressed as absolute measures or measures relative to stated references, including, without limitation, the achievements of one or more other businesses or indices, and may or may not be measures determined in accordance with generally accepted accounting principles (GAAP). The Committee, in its sole discretion, shall determine the manner of calculating the specified Performance Goals selected for a Performance Period; *provided*, that if any Performance Goals are based on Business Criteria that refer to items that are typically calculated in accordance with GAAP, at the time such Performance Goals are established for a Performance Period for any Award that is intended to be a Section 162(m) Exempt Award, the Committee must specify whether the Performance Goals are to be calculated in accordance with GAAP or on a non-GAAP basis; and *provided, further*, that to the extent the Performance Goals are to be determined on a non-GAAP basis, the Committee must also set forth in writing, at the time the Performance Goals are established, the precise manner in which such Performance Goals will be calculated. For any Award that is intended to qualify as a Section 162(m) Exempt Award, unless specified otherwise by the Compensation Committee at the time the Performance Goals are established or otherwise within the time limit prescribed by Section 162(m) of the Code, the Compensation Committee shall appropriately adjust the method of evaluating performance under a performance criterion for a Performance Period as follows: (i) to exclude asset write-downs; (ii) exclude gain or loss on the sale of businesses or significant assets; (iii) exclude plant or facility start-up and shut-down costs; (iv) exclude costs associated with executive succession (including severance); (v) exclude the effect of foreign exchange rates; (vi) to exclude litigation or claim judgments or settlements and related expenses (including any penalty, fine or other charge assessed by the Department of State related to certain export and international traffic in arms regulations); (vii) to exclude the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results; (viii) to exclude accruals for reorganization and restructuring programs; (ix) to exclude any extraordinary nonrecurring items as determined under generally accepted accounting principles and/or described in managements' discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year; (x) to exclude the dilutive and/or accretive effects of acquisitions, mergers, joint ventures or divestitures; (xi) to assume that any business divested by the Company achieved performance objectives at targeted levels during the balance of a performance period following such divestiture; (xii) to exclude the effect of any change in the outstanding shares of common stock of the Company by reason of any stock dividend or split, stock repurchase, reorganization, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other similar corporate change, or any distributions to common stockholders other than regular cash dividends; (xiii) to exclude the effects of stock-based compensation; and (xiv) to exclude costs incurred in connection with potential acquisitions or divestitures that are required to be expensed under generally accepted accounting principles, in each case in compliance with Section 162(m) of the Code.

(e) *Adjustments.* Solely in the case of Awards not intended to qualify as Section 162(m) Exempt Awards, the Committee will have the authority, in its sole discretion, to adjust or modify the calculation of Performance Goals for any Performance Period in connection with any one or more of the items or events specified in Section 5(d) of the Plan or any event either not directly related to the operations of the Company or not within the reasonable control of the Company's management, notwithstanding that such adjustments may not have been specified in the original terms of the Award.

(f) *Change in Control.* If a Change in Control occurs during a Performance Period, the Committee may, on a Participant-by-Participant basis, an Award-by-Award basis, or on a broader Plan basis, take such action as the Committee, in its sole discretion, determines with respect to outstanding Awards. Such action by the Committee may include, without limitation, any one or more of the following:

(i) provide for payout of the Award, in whole or in part, based on or irrespective of performance against target;

(ii) provide for cancellation of the Award without payment;

(iii) require that the Award be assumed by the successor entity, or that an award with respect to the successor entity having equivalent value, as determined in the sole discretion of the Committee, be substituted for such Award; or

(iv) take such other action as the Committee shall determine to be reasonable under the circumstances in order to retain the original intent of the Award.

Awards that are to be paid out in connection with a Change in Control will be paid within 30 days following the Change in Control.

6. Termination of Employment.

The Committee shall determine whether any Award will continue to be earned on and after the date that a Participant ceases to be employed by the Company and its Subsidiaries, whether by reason of death, disability, voluntary or involuntary termination of employment or services, or otherwise; provided that any such determination with respect to an Award to a Named Executive that is intended to be a Section 162(m) Exempt Award shall be made and implemented in a manner that does not cause such Award (or any other Award under the Plan) to fail to qualify as a Section 162(m) Exempt Award. The date of termination of a Participant's employment will be determined by the Committee, whose determination will be final.

7. General Provisions.

(a) *Restrictions on Transfer.* The rights of a Participant with respect to any Award will not be transferable otherwise than by will or the laws of descent and distribution.

(b) *Tax Withholding.* Whenever payments under the Plan are to be made to a Participant, the Company or a Subsidiary may withhold therefrom, or from any other amounts payable to or in respect of the Participant, an amount sufficient to satisfy any applicable governmental withholding tax requirements related thereto.

(c) *Unfunded Status of Awards.* The Plan is intended to constitute an “unfunded” plan for incentive compensation. With respect to any payments not yet made to a Participant by the Company, nothing contained herein shall give any such Participant any rights that are greater than those of a general creditor of the Company. In its sole discretion, the Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver the payments with respect to Awards hereunder; *provided, however*, that the existence of such trusts or other arrangements is consistent with the unfunded status of the Plan. The Plan is not intended to be subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

(d) *Nonexclusivity of the Plan.* Neither the adoption of the Plan by the Board, nor its submission to the shareholders of the Company for approval, will be construed as creating any limitations on the power of the Board or a committee thereof to adopt such other incentive arrangements, apart from the Plan, as it may deem desirable, including incentive arrangements and awards that do not qualify under Section 162(m), and such other arrangements may be either applicable generally or only in specific cases.

(e) *Compliance with Section 162(m).* The Company intends that, to the extent consistent with the business goals of the Company, all Awards to Named Executives will constitute “qualified performance-based compensation” within the meaning of Section 162(m). Accordingly, in connection with language that is designated as intended to comply with Section 162(m), the terms of the Plan will be interpreted in a manner consistent with Section 162(m). If any provision of the Plan that is designated as intended to comply with Section 162(m) does not comply or is inconsistent with the requirements of Section 162(m), such provision will be construed or deemed amended to the extent necessary to conform to such requirements, and no provision will be deemed to confer upon the Committee or any other person discretion to increase the amount of compensation otherwise payable in connection with any Award upon attainment of the applicable performance objectives.

(f) *Governing Law.* The Plan and all determinations made and actions taken thereunder, to the extent not otherwise governed by the Code or the laws of the United States, shall be governed by the laws of the State of New Jersey, without reference to principles of conflict of laws, and construed accordingly.

(g) *Limitation on Rights Conferred Under Plan.* Neither the Plan nor any action taken hereunder will be construed as (i) giving any Participant the right to continue in the employ or service of the Company or any Subsidiary, (ii) interfering in any way with the right of the Company or any Subsidiary to terminate any Participant’s employment or service at any time (subject to the terms and provisions of any Employment Agreement with the Participant) or (iii) giving any Participant any claim to be granted any Award under the Plan or to be treated uniformly with other Participants and employees. Except as expressly provided in the Plan, the Plan will not confer on any person other than the Company and the Participant any rights or remedies thereunder.

(h) *Deferrals.* The Committee, in its sole discretion, may permit a Participant to defer receipt of the payment of cash that would otherwise be delivered to a Participant under the Plan in connection with an Award. Any such deferral elections shall be made in compliance with Section 409A of the Code.

(i) *Section 409A.* It is intended that payments under the Plan qualify as short-term deferrals exempt from the requirements of Section 409A of the Code. In the event that any Award does not qualify for treatment as an exempt short-term deferral, it is intended that such amount will be paid in a manner that satisfies the requirements of Section 409A of the Code. The Plan shall be interpreted and construed accordingly. To the extent that any Award under the Plan is subject to Section 409A of the Code, the Award shall be granted, paid or deferred, as applicable, in a manner that will comply with Section 409A of the Code, including Treasury Regulations or other guidance issued with respect thereto, except as otherwise determined by the Committee. Any provision of this Plan that would cause the grant of an Award or the payment or deferral thereof, as applicable, to fail to be exempt from or satisfy Section 409A of the Code shall be, at the discretion of the Committee, amended to comply with Section 409A of the Code, which amendment may be made on a retroactive basis, in accordance with Treasury Regulations and other guidance issued under Section 409A of the Code. Notwithstanding any of the foregoing, the Company makes no representations or warranty and shall have no liability to the Participant or any other person if any provisions or payments, compensation or other benefits under the Plan are determined to constitute nonqualified deferred compensation subject to Section 409A of the Code but do not satisfy the provisions thereof.

(j) *Successors.* All obligations of the Company under the Plan with respect to Awards granted hereunder shall be binding upon any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation or otherwise, of all or substantially all of the assets of the Company.

(k) *Recoupment.* In the event the Board determines that a material restatement of the Company's financial results for any of the three prior fiscal years for which audited financial statements have been prepared is required due to material noncompliance by the Company with any financial reporting requirement under applicable securities laws and a Participant's Award amount would have been lower had the results been properly calculated, the Committee will consider such factors related to the restatement as it deems appropriate and has the authority, at its discretion, to obtain reimbursement from the Participant. Such reimbursement shall consist of any portion of any Award previously paid that is greater than it would have been if calculated based upon the restated financial results or metrics. The action permitted to be taken by the Committee under this Section 7(k) is in addition to, and not in lieu of, any and all other rights of the Board and/or the Company under applicable law.

(l) *Effective Date.* The Plan shall become effective upon its approval by the Company's shareholders at the first annual meeting of shareholders to occur after the Plan is adopted by the Board of Directors of the Company, and shall remain in effect until it has been terminated pursuant to Section 4 of the Plan.

8. *Definitions.* The following capitalized terms used in the Plan have the respective meanings set forth below:

(a) “**Award**” means a conditional right granted to a Participant under the Plan to receive cash.

(b) “**Base Salary**” means the Participant’s annualized rate of base salary on the last day of the Performance Period before (i) deductions for taxes or benefits and (ii) deferrals of compensation pursuant to any Company or Subsidiary-sponsored plans.

(c) “**Board**” means the Company’s Board of Directors.

(d) “**Business Criteria**” means the criteria designated in Annex I.

(e) “**Change in Control**” means any of the following events:

(i) a change during any 12-month period in the ownership of the capital stock of the Company, whereby a corporation, partnership, other entity, person, or group acting in concert, as described in Section 14(d)(2) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) holds or acquires, directly or indirectly, beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act) of a number of shares of capital stock of the Company, as the case may be, which constitutes more than fifty percent (50%) of the combined voting power of the Company’s then outstanding capital stock entitled to vote generally in the election of directors (the “Company Voting Stock”); or

(ii) the consummation of any merger, consolidation, share exchange, business combination or reorganization plan involving the Company if immediately after such transaction persons who hold a majority of the outstanding voting securities entitled to vote generally in the election of directors of the surviving entity (or the entity owning 100% of such surviving entity) are not the persons who immediately prior to such transaction held the Company Voting Stock, or

(iii) the sale, lease, transfer, conveyance or other disposition, in one or a series of related transactions, of more than 50% of the combined assets of the Company to any corporation, partnership, other entity, person, or group acting in concert, as described in Section 14(d)(2) of the Exchange Act, other than to a subsidiary of the Company or to any “affiliate” (as defined in Rule 12b-2 under the Exchange Act) of any of the foregoing;

provided, that the following events shall not constitute a Change in Control:

- (1) the acquisition of shares of capital stock of the Company by the Company or any of its subsidiaries or “affiliates” (as defined in Rule 12b-2 under the Exchange Act);

- (2) the acquisition of shares of capital stock of the Company by any employee benefit plan (or trust) sponsored or maintained by the Company;

- (3) any transfer of shares of capital stock by gift, devise or descent by a stockholder to a member of such stockholder's family or to a trust established or maintained for the benefit of a stockholder or any member of his family; or
