TABLE OF CONTENTS

PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

The accompanying proxy is solicited by the Board of Directors of Jamba, Inc., a Delaware corporation (Jamba, Company, we, us, and our), for use at its 2014 Annual Meeting of Stockholders to be held on May 9, 2014, or an adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This proxy statement and the enclosed proxy are being made available to stockholders on or about March 28, 2014.

SOLICITATION AND VOTING

Voting Securities. Only stockholders of record as of the close of business on March 21, 2014 (the Record Date) will be entitled to vote at the meeting and any postponement or adjournment thereof. As of the Record Date, there were 17,190,983 shares of common stock of the Company (the Common Stock) outstanding, all of which are entitled to vote with respect to all matters to be acted upon at the 2014 Annual Meeting.

Each stockholder of record as of the Record Date is entitled to one vote for each share of Common Stock held by him or her. Our Bylaws provide that the holders of a majority of the capital stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy, shall constitute a quorum at all meetings of the stockholders for the transaction of business except as otherwise provided by statute or by the Amended and Restated Certificate of Incorporation of the Company, as amended to date (the Restated Certificate). Our current Restated Certificate does not have any other requirements for a quorum of the stockholders. Votes for and against, abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum.

Broker Non-Votes. A broker non-vote occurs when a broker submits a proxy card with respect to shares held in a fiduciary capacity (typically referred to as being held in street name) but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Routine matters include the ratification of selection of auditors. Non-routine matters include the election of directors.

Solicitation of Proxies. We will bear the cost of soliciting proxies. In addition to soliciting stockholders by mail through our employees, we will request banks, brokers and other custodians, nominees and fiduciaries to solicit customers for whom they hold our stock and will reimburse them for their reasonable, out-of-pocket costs. We may use the services of our employees, officers, directors and others to solicit proxies, personally or by telephone, without additional compensation.

Voting of Proxies. Stockholders whose shares are registered in their own names may vote (1) by returning a proxy card, (2) via the Internet at www.proxyvote.com, or (3) by telephone at 1-800-690-6903. Specific instructions to be followed by any registered stockholder interested in voting via the Internet or by telephone are set forth in the notice by mail described below or, if you receive a paper copy of the proxy materials, on the proxy card provided.

Notice and Access Model. The SEC's proxy rules set forth how companies must provide proxy materials. These rules are often referred to as notice and access. Under the notice and access model, a company may select either of the following options for making proxy materials available to stockholders: (i) the full set delivery option; or (ii) the

notice only option. A company may use a single method for all its stockholders, or use full set delivery for some while adopting the notice only option for others. We must comply with these rules in connection with our 2014 Annual Meeting.

Under the full set delivery option a company delivers all proxy materials to its stockholders by mail or, if a stockholder has previously agreed, electronically. In addition to delivering proxy materials to stockholders, the Company must post all proxy materials on a publicly-accessible web site (other than the SEC's web site) and provide information to stockholders about how to access that web site and the hosted materials. Under the notice only option, instead of delivering its proxy materials to stockholders, the Company instead delivers a Notice of Internet Availability of Proxy Materials which outlines (i) information regarding the date and time of the meeting of stockholders as well as the items to be considered at the meeting; (ii) information regarding

1

TABLE OF CONTENTS

the web site where the proxy materials are posted; and (iii) various means by which a stockholder can request paper or email copies of the proxy materials.

In connection with our 2014 Annual Meeting, we have elected to use the notice only option. Accordingly, you should have received a notice by mail instructing you how to access proxy materials at <http://www.proxyvote.com> and providing you with a control number you can use to vote your shares. You may request that the Company deliver paper copies of the proxy materials as well.

All valid proxies received before the meeting will be exercised. All shares represented by a proxy will be voted, and where a proxy specifies a stockholder's choice with respect to any matter to be acted upon, the shares will be voted in accordance with that specification. If no choice is indicated on the proxy, the shares will be voted in favor of the proposal. A stockholder whose shares are registered in their own name has the power to revoke his or her proxy at any time before it is exercised by delivering to the Secretary of the Company a written instrument revoking the proxy or a duly executed proxy with a later date, or by attending the meeting and voting in person. If you hold shares in street name, through a bank, broker or other nominee, please contact the bank, broker or other nominee to revoke your proxy.

Annual Meeting Attendance

You are entitled to attend the 2014 Annual Meeting only if you were a Company stockholder as of the Record Date or you hold a valid proxy for the 2014 Annual Meeting. Since seating is limited, admission to the meeting will be on a first-come first-served basis. You should be prepared to present photo identification for admittance. If you are not a stockholder of record but hold shares as a beneficial owner through a broker, bank, trustee or nominee (i.e., in street name), you should provide proof of beneficial ownership as of the Record Date, such as your most recent account statement prior to the Record Date, a copy of the voting instruction card provided by your broker, bank, trustee or nominee, or other similar evidence of ownership. In addition, the Notice will serve as proof of stock ownership as of the Record Date.

TABLE OF CONTENTS

PROPOSAL NO. 1 ELECTION OF DIRECTORS

In accordance with the Company's bylaws (the Bylaws), the Board of Directors of the Company (hereinafter referred to as the Board or the Board of Directors) has currently set the size of the Board at nine members and there are currently nine members serving. The terms of the current directors expire upon the election and qualification of the directors to be elected at the 2014 Annual Meeting. The Board has nominated eight persons for election at the 2014 Annual Meeting to serve until the 2015 Annual Meeting of Stockholders and until their successors are duly elected and qualified. All nominees for election to the Board are presently directors of Jamba. Brian Swette has not been nominated for re-election but will continue to serve through the end of his current term. Because the Board of Directors remains in the process of seeking candidates for the vacant position on the Board of Directors, we have fewer nominees named than the number fixed by a resolution adopted by the Board of Directors. Stockholders may not vote for a greater number of persons than the number of nominees named. Set forth below is information regarding the nominees to the Board for election as a director.

Each nominee has agreed to be named in this proxy statement and to serve if elected. If any of the nominees declines to serve or becomes unavailable for any reason, or if a vacancy occurs before the election (although we know of no reason to anticipate such an occurrence), the proxies may be voted for such substitute nominee(s) as we may designate.

If a quorum is present and voting, each of the eight nominees receiving a higher number of votes cast for such nominee than against such nominee will be elected. Proxies cannot be voted for more than eight nominees. Abstentions, broker non-votes and withheld votes will not count towards election of any director nominee. Under our Bylaws, if an incumbent director standing for re-election is not re-elected, the director shall tender his or her resignation to the Board. The Nominating and Corporate Governance Committee will make a recommendation to the Board on whether to accept or reject such director's resignation. The Board will act on the Nominating and Corporate Governance Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of the election results. The Nominating and Corporate Governance Committee in making its recommendation, and the Board in making its ultimate decision, may each consider any factors or other information that they consider appropriate and relevant. The director who tenders his or her resignation will not participate in the recommendation of the Nominating and Corporate Governance Committee or the Board's decision with respect to his or her resignation.

If a director's resignation is accepted by the Board, then the Board may fill the resulting vacancy or may decrease the size of the Board as permitted by our Bylaws.

The eight Company nominees to the Board to serve until the next 2015 Annual Meeting and until their successors have been duly elected and qualified are as follows:

Recommendations of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR OUR NOMINEES NAMED ABOVE.

5

TABLE OF CONTENTS

CORPORATE GOVERNANCE

Director Independence

The Board of Directors has determined that, except for James D. White, each of the Company director nominees standing for election has no relationship which, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and is an independent director as defined by the applicable NASDAQ rules and the rules and regulations of the Securities and Exchange Commission (the SEC). In determining the independence of our directors, the Board of Directors has adopted the independence standards that mirror the criteria specified by applicable law and regulations of the SEC and the NASDAQ. In making the determination of independence of our non-management directors, the Board of Directors evaluated the independence of Mr. Heyer in connection with past equity transactions with the Company between and the payment of monitoring fees by the Company to Mistral Capital Management, LLC and its affiliates.

Board Leadership Structure

Our Board leadership structure currently consists of a Chairman, a Chief Executive Officer and a Lead Director. In the current structure, the roles of Chief Executive Officer and Chairman of our Board are combined, and the Lead Director is elected annually by all independent directors. James D. White has served as our Chief Executive Officer since 2008 and as Chairman since the 2010 Annual Meeting of Stockholders. Lesley H. Howe has served as our Lead Director since the 2010 Annual Meeting of Stockholders.

The Board believes that Mr. White is best situated to serve as Chairman because he is the director most familiar with the Company's business and industry, possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing the Company and is thus best positioned to develop agendas that ensure that the Board's time and attention are focused on the most critical matters. The Company's independent directors bring experience, oversight and expertise from outside the Company, while the CEO brings Company-specific experience and expertise. The Board believes that the combined role of Chairman and Chief Executive Officer facilitates information flow between management and the Board, which are essential to effective corporate governance.

Additionally, one of the responsibilities of the Board is to work with management to develop strategic direction and hold management accountable for the execution of strategy once it is developed. The Board believes the combined role of Chairman and Chief Executive Officer, together with an independent Lead Director having the duties described below, is in the best interest of our stockholders because it provides the appropriate balance between strategy development and independent oversight of management.

Mr. Howe was appointed in 2010 by the independent members of our Board as our Lead Director. Mr. Howe has been re-appointed Lead Director contingent upon his re-election to the Board at the 2014 Annual Meeting. Mr. Howe's duties as Lead Director include:

- setting the agenda and serving as chairman for the executive sessions of the independent directors;
- servicing as liaison between the Chairman and the independent directors, including communicating to the Chairman, as appropriate, the results of executive sessions of the independent directors;
- ensuring that independent directors have adequate opportunities to meet without management present, including authority to call meetings of the independent directors;

approving the agenda and information sent in connection with Board meetings and ensuring that the other independent directors also have an opportunity to provide input on the agenda;

approving meeting schedules to assure that there is sufficient time for discussion of all agenda items; and
chairing Board meetings if the Chairman is unable to attend.

Our Board elects our President, Chief Financial Officer, Secretary and all executive officers. All executive officers serve at the discretion of our Board. Each of our officers devotes his or her full time to our affairs. Our directors devote time to our affairs as is necessary to discharge their duties. In addition, our Board has the

TABLE OF CONTENTS

authority to retain its own advisers to assist it in the discharge of its duties. There are no family relationships among any of our directors, officers or key employees.

Board's Role in Risk Oversight

Our Board has an active role, as a whole and also at the committee level, in overseeing management of the risks we face. This role is one of informed oversight rather than direct management of risk. Our Board regularly reviews and consults with management on strategic direction, challenges and risks we face. Our Board also reviews and discusses with management quarterly financial results and forecasts. The Audit Committee of our Board oversees management of financial risks, and its charter tasks the committee to provide oversight of and review at least annually our risk management policies. The Compensation and Executive Development Committee of our Board is responsible for overseeing the management of risks relating to and arising from our executive compensation plans and arrangements. These committees provide regular reports to the full Board.

Management is tasked with the direct management and oversight of legal, financial, and commercial compliance matters, which includes identification and mitigation of associated areas of risk. The Chief Financial Officer provides regular reports of legal risks to our Board and committees. The Chief Financial Officer and the Controller provide regular reports to the Audit Committee concerning financial, tax and audit related risks. In addition, the Audit Committee receives periodic reports from management on our compliance programs and efforts, investment policy and practices and the results of various internal audit projects. Management and the Compensation and Executive Development Committee's compensation consultant provide analysis of risks related to our compensation programs and practices to the Compensation and Executive Development Committee.

Certain Relationships and Related Transactions

The Company has entered into indemnity agreements with certain officers and directors which provide, among other things, that Jamba will indemnify such officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as a director, officer or other agent of Jamba, and otherwise to the fullest extent permitted under Delaware law and our Bylaws.

Other than the foregoing, there were no relationships or related party transactions in the fiscal year ended December 31, 2013 requiring disclosure in this Proxy Statement.

Procedures for Approval of Related Person Transactions

Any request for us to enter into a transaction with an executive officer, director or employee, or any of such persons immediate family members or affiliates, must first be presented to our Audit Committee for review, consideration and approval. In approving or rejecting the proposed agreement, our Audit Committee will review each such transaction for potential conflicts of interest or improprieties in a manner consistent with our internal Policy Statement on Related Party Transactions.

Executive Sessions

Non-management directors regularly meet in executive session without management present each time our Board of Directors holds its regularly scheduled meetings.

Committees and Board Meeting Attendance

The Board of Directors has a standing Audit Committee, a Compensation and Executive Development Committee and a Nominating and Corporate Governance Committee. Each of these committees operates under a written charter adopted by the Board of Directors. Copies of these charters can be obtained on our website by going to <http://ir.jambajuice.com> and following the Corporate Governance link. The Board of Directors holds at least four regular meetings each year, with additional meetings as required. The Board of Directors held twelve (12) meetings during Fiscal 2013, either in person or by teleconference. Each of the standing committees of the Board of Directors held the number of meetings indicated in the table below. During Fiscal 2013, each of our incumbent directors attended at least 75% of the total number of meetings of the Board of

7

Audit Committee

The current members of the Audit Committee are Lesley H. Howe (Chair), Michael A. Depatie and Lorna Donatone. Each of the members of the Audit Committee is independent for purposes of the applicable NASDAQ rules and the rules and regulations of the SEC as they apply to Audit Committee members.

With the assistance of the Company's legal counsel, the Nominating and Corporate Governance Committee reviewed the applicable legal standards and criteria to determine audit committee financial expert status, as well as the answers to annual questionnaires completed by the Board members. On the basis of this review, the Nominating and Corporate Governance Committee delivered a report to the full Board. The Board made a determination that all current members of the Audit Committee are audit committee financial experts based upon the Nominating and Corporate Governance Committee's report and each Board member's review of the information made available to the committee.

The Audit Committee operates under a written charter approved by the Board of Directors, a copy of which can be obtained on our website by going to <http://ir.jambajuice.com> and following the Corporate Governance link. As more fully defined in the committee's charter, the functions of the Audit Committee include retaining our independent registered public accounting firm, reviewing their independence, reviewing and approving the planned scope of our annual audit, reviewing and approving any fee arrangements with our independent registered public accounting firm, overseeing their audit work, reviewing and pre-approving any non-audit services that may be performed by them,

reviewing the adequacy of accounting and financial controls, reviewing our critical accounting policies and reviewing and approving any related party transactions.

Additional information regarding the Audit Committee is set forth in the Report of the Audit Committee immediately preceding Proposal No. 2.

Compensation and Executive Development Committee

The current members of the Compensation and Executive Development Committee are David A. Pace (Chair), Richard L. Federico, Andrew R. Heyer and Brian Swette. Each of the members of the Compensation

and Executive Development Committee is independent for purposes of the applicable NASDAQ rules. The Compensation and Executive Development Committee operates under a written charter approved by the Board of Directors, a copy of which can be obtained on our website by going to <http://ir.jambajuice.com> and following the Corporate Governance link.

As more fully described in the committee's charter, the primary function of the Compensation and Executive Development Committee is to assist the Board of Directors in managing compensation and development for directors and executives. The Compensation and Executive Development Committee's primary duties and responsibilities are to (i) set compensation philosophy and determine executive compensation; (ii) ensure that all components of executive compensation are consistent with the Company's compensation philosophy as in effect from time to time; (iii) evaluate and make recommendations to the Board of Directors on an annual basis concerning compensation of the members of the Board of Directors; and (iv) work with management to devise and execute on an executive development plan and succession planning and practices for the Company. The Compensation and Executive Development Committee's charter does not provide for any delegation of these duties. In addition, the Compensation and Executive Development Committee has the authority under its charter to hire outside consultants and conduct such compensation reviews, investigations and/or surveys as the Compensation and Executive Development Committee may reasonably deem will provide such information as could reasonably and properly be required by the Compensation and Executive Development Committee in the exercise of its duties and responsibilities.

In setting compensation for our members of the Board of Directors, our executive officers provide suggestions on the administration of compensation for our directors to the Compensation and Executive Development Committee. For a description of the role our executive officers play in determining or recommending the amount or form of executive compensation, please see the section below entitled EXECUTIVE COMPENSATION Compensation Discussion and Analysis.

Executive Compensation Processes

The Compensation and Executive Development Committee has implemented an annual performance review program for our executives under which annual performance goals are determined early in each calendar year for each of our executive officers. These goals may include both corporate goals and individual department specific goals that facilitate the achievement of corporate performance. Semi-annual bonuses are tied to the achievement of these performance goals. The payment of an incentive bonus to our President, Chief Executive Officer and our Chairman is determined by our Board of Directors on recommendation from the Compensation and Executive Development Committee, and the payment of an incentive bonus to our other executive officers is determined by the Compensation and Executive Development Committee on recommendation from the President, Chief Executive Officer, in each case following a review of the achievement of semi-annual performance goals.

For all executives, annual base salary increases and Management Incentive Plan bonuses (second half performance period), to the extent awarded, are implemented during the first calendar quarter of the year. In addition, during the third quarter of each year, the Compensation and Executive Development Committee and Board of Directors grant long-term equity and performance awards Management Incentive Plan bonuses (first half performance period). Newly hired and promoted executives may be granted supplemental awards at a committee meeting following their hiring or promotion dates. The Compensation and Executive Development Committee has the authority to retain compensation consultants and other outside advisors to assist in the evaluation of executive officer compensation. During 2013, the Compensation and Executive Development Committee retained an independent compensation consultant, Frederic W. Cook and Co., Inc., to assist the Compensation and Executive Development Committee with the Company's executive and non-employee director compensation programs.

Risk Considerations in Executive Compensation

Our Compensation and Executive Development Committee has discussed the concept of risk as it relates to our compensation programs, including our executive compensation program, and our Compensation and Executive Development Committee does not believe that our compensation programs encourage excessive or inappropriate risk taking. As described more fully in the section below entitled EXECUTIVE COMPENSATION COMPENSATION Compensation Discussion and Analysis, we structure our pay to consist of both fixed and

9

TABLE OF CONTENTS

variable compensation. The fixed (or salary) portion of compensation is designed to provide a steady income regardless of our stock price performance so that executives do not feel pressured to focus exclusively on stock price performance to the detriment of other important business metrics. The variable (cash bonus and equity) portions of compensation are designed to reward both intermediate and long-term corporate performance and generally are tied to the achievement of company-wide and individual department-specific goals. Goals are both financial and non-financial, and while largely formula-based, there is also an appropriate level of discretion in determining incentive payouts. We believe that applying company-wide metrics encourages decision-making by our executives that is in the best long-term interest of our company and stockholders. Further, we believe that these variable elements of compensation constitute a sufficient percentage of overall compensation to motivate our executives to produce superior short, intermediate and long-term corporate results, while the fixed element is also substantial enough that our executives are not encouraged to take unnecessary or excessive risks in doing so. Finally, there are additional risk mitigating policies in place such as insider trading prohibitions and independent Compensation and Executive Development Committee oversight.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation and Executive Development Committee is or has been an officer or employee of the Company during Fiscal 2013. During Fiscal 2013, no member of the Compensation and Executive Development Committee had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K. During Fiscal 2013, none of the Company's executive officers served on the Compensation and Executive Development Committee or Board of Directors of another entity any of whose executive officers served on the Company's Compensation and Executive Development Committee or Board of Directors.

Nominating and Corporate Governance Committee

The current members of the Nominating and Corporate Governance Committee are Richard L. Federico (Chair), Marvin Igelman and David A. Pace. Each of the members of the Nominating and Corporate Governance Committee is independent for purposes of the applicable NASDAQ rules. The Nominating and Corporate Governance Committee operates under a written charter approved by the Board of Directors, a copy of which can be obtained on our website by going to <http://ir.jambajuice.com> and following the Corporate Governance link.

As more fully defined in the committee's charter, the Nominating and Corporate Governance Committee considers qualified candidates for appointment and nomination for election to the Board of Directors and makes recommendations concerning such candidates, develops corporate governance principles for recommendation to the Board of Directors and oversees the regular evaluation of our directors and management.

Director Nominations Criteria and Diversity

The Board of Directors has adopted a Director Qualifications and Nominations Policy, the purpose of which is to describe the process by which candidates for possible inclusion in the Company's slate of director nominees are selected. The Director Qualifications and Nominations Policy is administered by the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee annually evaluates the current members of the Board of Directors whose terms are expiring and who are willing to continue in service against the criteria set forth below in determining whether to recommend these directors for election. The Nominating and Corporate Governance

Edgar Filing: JAMBA, INC. - Form DEF 14A

Committee regularly assesses the optimum size of the Board of Directors and its committees and the needs of the Board of Directors for various skills, background and business experience in determining if the Board of Directors requires additional candidates for nomination.

In fulfilling its responsibilities, the Nominating and Corporate Governance Committee considers, among other things, the following factors in reviewing possible candidates for nomination as director:

the appropriate size of the Company's Board of Directors and its Committees;
the perceived needs of the Board of Directors for particular skills, background and business experience;

10

TABLE OF CONTENTS

the skills, background, reputation, and business experience of nominees compared to the skills, background, reputation, and business experience already possessed by other members of the Board of Directors;

nominees' independence from management;

applicable regulatory and listing requirements, including independence requirements and legal considerations, such as antitrust compliance;

the benefits of a constructive working relationship among directors; and

the desire to balance the considerable benefit of continuity with the periodic injection of the fresh perspective provided by new members.

The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for any prospective nominee.

While the Nominating and Corporate Governance Committee does not have a formal policy on diversity with regard to consideration of director nominees, the Nominating and Corporate Governance Committee considers diversity in its selection of nominees and seeks to have a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. Our Board of Directors recognizes its responsibility to ensure that nominees for our Board of Directors possess appropriate qualifications and reflect a reasonable diversity of personal and professional experience, skills, backgrounds and perspectives, including those backgrounds and perspectives with respect to age, gender, culture, race and national origin. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board of Directors to promote our strategic objectives and to fulfill its responsibilities to our stockholders.

Candidates for nomination as director come to the attention of the Nominating and Corporate Governance Committee from time to time through incumbent directors, management, stockholders or third parties. These candidates may be considered at meetings of the Nominating and Corporate Governance Committee at any point during the year. Such candidates are evaluated against the criteria set forth above. If the Nominating and Corporate Governance Committee believes at any time that it is desirable that the Board of Directors consider additional candidates for nomination, the Nominating and Corporate Governance Committee may poll directors and management for suggestions or conduct research to identify possible candidates and may engage, if the Nominating and Corporate Governance Committee believes it is appropriate, a third party search firm to assist in identifying qualified candidates.

The Nominating and Corporate Governance Committee will evaluate any recommendation for director nominee proposed by a stockholder. In order to be so evaluated, any recommendation for director nominee submitted by a stockholder must be sent in writing to the Corporate Secretary, Jamba, Inc., 6475 Christie Avenue, Suite 150, Emeryville, CA 94608, 120 days prior to the anniversary of the date proxy statements were released to stockholders in connection with the prior year's annual meeting of stockholders and must contain the following information:

the candidate's name, age, contact information and present principal occupation or employment; and a description of the candidate's qualifications, skills, background, and business experience during, at a minimum, the last five years, including his/her principal occupation and employment and the name and principal business of any corporation or other organization in which the candidate was employed or served as a director.

All directors and director nominees must submit a completed form of directors' and officers' questionnaire as part of the nominating process. The evaluation process may also include interviews and additional background and reference checks for non-incumbent nominees, at the discretion of the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee will evaluate incumbent directors, as well as candidates for director nominee submitted by directors, management and stockholders consistently using the

TABLE OF CONTENTS

criteria stated in its policy and will select the nominees that in the Nominating and Corporate Governance Committee's judgment best suit the needs of the Board of Directors at that time.

Our Bylaws permit stockholders to nominate directors for consideration at annual meetings, provided the advance notice requirements set forth in our Bylaws have been properly met.

Communications with Directors

Stockholders may communicate with any and all members of our Board of Directors by transmitting correspondence by mail or facsimile addressed to one or more directors by name (or to the Chairman, for a communication addressed to the entire Board of Directors) at the following address and fax number:

The Corporate Secretary will forward all communications to the Chairman of the Board of Directors, or to the identified director(s) as soon as practicable, although communications that are abusive, in bad taste or that present safety or security concerns may be handled differently. If multiple communications are received on a similar topic, the Corporate Secretary may, in his or her discretion, forward only representative correspondence.

The Chairman of the Board of Directors will determine whether any communication addressed to the entire Board of Directors should be properly addressed by the entire Board of Directors or a committee thereof. If a communication is sent to the Board of Directors or a Committee, the Chairman of the Board, or the Chairman of that committee, as the case may be, will determine whether a response to the communication is warranted. If a response to the communication is warranted, the content and method of the response will be coordinated with our Vice President of Legal Affairs.

Code of Business Conduct and Ethics

Board members shall not serve on more than four other Boards of Directors of other publicly-traded companies; provided, however that if the Board member also serves as chairman of the board of a publicly-traded company, then he or she shall not serve on more than three other Boards of Directors, or if the Board member also serves as an executive officer of a company, then he or she shall not serve on more than two other Boards of Directors.

These principles can be obtained on our website by going to <http://ir.jambajuice.com> and following the Corporate Governance link. Stock Ownership Guidelines

Each member of our Board of Directors is required to acquire and maintain, individually or through their affiliates, a minimum of \$100,000 of shares of the Company's common stock during the term of his or her service on the Board, with the value measured by the greater of the aggregate purchase price paid for such shares or the current market price. New members of the Board shall have two years from the date on which their service begins in which to attain the required ownership level. Any director who falls short of the guideline will be deemed in compliance as long as such director retains all stock compensation until the required level of ownership is met.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Company's Board of Directors is composed of three members and acts under a written charter adopted and approved by the Board of Directors in 2006. The members of the Audit Committee are independent as defined by its charter, the NASDAQ Global Market listing standards and the Securities Exchange Act.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements in the Annual Report on Form 10-K for the fiscal year ended December 31, 2013 with management, which review included a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed and discussed with KPMG LLP, the Company's independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States of America, its judgment as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards, including Statement on Auditing Standards No. 114 (Communication with Audit Committees), as amended. The independent registered public accounting firm also provided the Audit Committee with the written disclosures required by applicable professional and regulatory standards relating to KPMG's independence from the Company, including the Public Company Accounting Oversight Board pertaining to the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee also reviewed and pre-approved all fees paid to the independent registered public accountants and considered whether KPMG's provision of non-audit services to the Company was compatible with the independence of the independent registered public accountants. The Audit Committee concluded that the independent registered public accountants are independent from the Company and its management.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their audit. The Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Company's Board of Directors, and the Board approved, that the Company's audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2013 for filing with the SEC.

PROPOSAL NO. 2

**RATIFICATION OF SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING
FIRM**

The Audit Committee of the Board of Directors requests that stockholders ratify the selection of KPMG LLP as its independent registered public accounting firm to audit the consolidated financial statements of the Company for the fiscal year ending December 30, 2014 (Fiscal 2014). KPMG LLP has acted in such capacity since its appointment in fiscal year 2008.

A representative of KPMG LLP is expected to be present at the 2014 Annual Meeting with the opportunity to make a statement if the representative desires to do so, and is expected to be available to respond to appropriate questions. At the 2014 Annual Meeting, the stockholders are being asked to ratify the selection of KPMG LLP as the Company's independent registered public accounting firm for Fiscal 2013. If the selection of KPMG LLP as auditors for Fiscal 2014 is not approved by stockholders, the adverse vote will be considered by the Audit Committee in its decision to retain KPMG as auditors for 2014. Even if this selection is ratified, the Audit Committee, in its discretion, may direct the engagement of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

Fees for Professional Services

The following table sets forth the aggregate fees billed to the Company for the fiscal year ended December 31, 2013 (Fiscal 2013) and fiscal year ended January 1, 2013 (Fiscal 2012) by its independent registered public accounting firm, KPMG LLP:

| | Fiscal 2013 (52 weeks) | Fiscal 2012 (52 weeks) |
|-----------------------------------|---------------------------|---------------------------|
| Audit Fees ⁽¹⁾ | \$ 747,700 | \$ 731,300 |
| Audit-Related Fees ⁽²⁾ | 22,000 | 22,000 |
| Tax Fees | 101,495 | 57,400 |
| All Other Fees | | |
| Total Fees | \$ 871,195 | \$ 810,700 |

(1) Audit Fees consist of fees billed for professional services rendered for the audit of the Company's consolidated annual financial statements and review of the interim consolidated financial statements included in quarterly reports and services that are normally provided by our independent registered public accountants in connection with statutory and regulatory filings or engagements.

(2) Audit-Related Fees consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements and are not reported under Audit Fees.

The Audit Committee has considered whether the provisions of services described in the table above are compatible with maintaining auditor independence. Unless a type of service has received general pre-approval, it will require

separate pre-approval by the Audit Committee. The Audit Committee has delegated its pre-approval authority to its Chairman, provided the Chairman reports any pre-approval decisions to the full Audit Committee at its next regularly scheduled meeting. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval process. During Fiscal 2013 and Fiscal 2012, all fees paid to our independent auditors were pre-approved in accordance with this policy without exception.

Vote Required and Board of Directors Recommendation

Approval of this proposal requires the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote on this proposal. If you hold your shares in your own name and abstain from voting on this matter, your abstention will have the same effect as a negative vote. If you hold your shares through a broker and you do not instruct the broker on how to vote on this proposal, your broker will have authority to vote your shares on a discretionary basis in favor of the proposal.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

This Compensation Discussion and Analysis is intended to provide an explanation of our compensation program relating to Fiscal 2013, with particular focus on our Chief Executive Officer (CEO) and the other listed executives as presented in the 2013 Summary Compensation Table that follows this discussion (herein referred to as the Named Executive Officers). For 2013, our Named Executive Officers were:

James D. White, Chief Executive Officer and President

Karen L. Luey, Executive Vice President, Chief Financial Officer, Chief Administrative Officer and Secretary

Chris Beeson, Senior Vice President, Operations

Bruce Schroder, Executive Vice President and Chief Operating Officer (departed Jamba effective October 8, 2013)

Julie S. Washington, Senior Vice President and Chief Brand Officer

Executive Summary

2013 Performance

During 2013, we focused on establishing consistent organic growth in revenue and profitability by transforming Jamba into a globally recognized healthy, active lifestyle brand and strengthening our total brand value through product innovations, including consumer loyalty and engaging national and local marketing programs and national scale partnerships. Fiscal 2013 was a successful but challenging year. Our financial results for Fiscal 2013 reflect a modest improvement over Fiscal 2012 as we operated in an environment of reduced consumer spending, adverse weather in key markets and heightened competition. However, we made significant progress on several key strategic and operational priorities as we executed upon our BLEND Plan 3.0 (our BLEND Plan), which provides continuity of our previous BLEND Plans and a blueprint for building total brand value, with strategic priorities focused on innovation and developing new products, becoming a lifestyle brand, expanding growth initiatives, partners, channels and markets, and driving business efficiencies. Highlights of our Fiscal 2013 financial performance include:

Jamba's total stockholder return increased by 11% in Fiscal 2013;

Net income for Fiscal 2013 was \$2.1 million, compared to net income of \$0.3 million for Fiscal 2012;

EBITDA¹ was \$13.3 million, compared to \$11.7 million for Fiscal 2012;

Company-owned comparable store sales increased by 0.5% compared to the prior year, reflecting the third consecutive fiscal year of comparable store sales growth; and

General and administrative expenses decreased 7.4% to \$37.8 million for the year compared to \$40.8 million for the prior year.

Highlights of our strategic achievements include our progress on several key priorities to strengthen our brand with successful juice and smoothie innovations, initiating marketing programs with strategic partners such as Disney and ISIS, and our expanded global retail store growth where we added new channel strength

¹EBITDA is calculated as earnings before interest, taxes, depreciation and amortization and as specifically identified

in the non-GAAP reconciliation schedules set forth in Appendix A. Management uses this non-GAAP measure to further understand the Company's core business operating performance. The Company believes its core business operating performance represents the Company's on-going performance in the ordinary course of its core operations. Accordingly, the Company excludes from its core operating performance those items whose impact are not reflective of its core operations such as (a) interest income, (b) interest expense, (c) income taxes and (d) depreciation and amortization.

and continued to explore new ways to reduce costs and improve productivity. We opened 69 stores globally, including 25 Smoothie Stations, and added over 1,000 JambaGO units to retail store cafes at Target Stores across the United States. Overall, we believe these actions have positioned Jamba for accelerated growth in 2014.

2013 Compensation Decisions

In Fiscal 2013, we implemented incentive compensation programs to reward employees, including our Named Executive Officers, for the attainment of business and financial measures that enhance stockholder value and achievements which support our BLEND Plan. The following lists key compensation actions for 2013 with respect to our Named Executive Officers:

Base Salary. Based on an assessment of individual performance, responsibility levels, and competitive pay practices, we increased the base salary for Mr. White by 4.3%, Ms. Luey by 7.3%, Mr. Schroder by 8.0% and Ms. Washington by 5.3%. Mr. Beeson had one increase at the beginning of the year by 2.5% and in recognition of additional responsibilities, received an additional increase of 18.4%.

Cash Incentive Compensation. Based upon our 2013 financial and operational performance described above, we awarded cash bonuses under our Management Incentive Plan ranging from 21% to 23% of our annual performance bonus targets, reflecting achievement of all financial performance targets but not all strategic performance targets in the first performance period. We awarded no bonus for the second half of the year due to falling short of the EBITDA financial performance target, though we had achieved other financial and strategic performance targets in the second performance period.

Equity Compensation. As part of our focus on competitive pay practices, retention and long-term goals, our equity compensation program in 2013 continued as a mix between 50% performance-based restricted stock units (performance-based RSUs) and 50% time-vested restricted stock units (time-vested RSUs). We believe this mix aligns the interests of our executives with those of our stockholders, as the awards only have value if certain performance goals are met or the Company's stock price increases. The performance-based RSUs are based on relative total stockholder return (TSR) versus a peer group restaurant index, measured over a one-year, two-year, and three-year performance period.

Share Ownership Guidelines. In 2013, we adopted Management Stock Ownership Guidelines to further align the interests of members of senior management with the interests of our stockholders and to encourage management ownership of our common stock.

Summary of Other Major Program Elements

Other significant elements of the Company's compensation program that continue to reinforce stockholder alignment, its long-term retention strategy and what the Compensation and Executive Development Committee considers best practices are the following:

Compensation decisions are made by an independent compensation committee and an independent compensation consultant engaged by the Compensation and Executive Development Committee.

The Company maintains share ownership guidelines, which as mentioned above, were adopted in 2013.

The Company maintains an insider trading policy and a prohibition on hedging Company securities.

The Compensation and Executive Development Committee conducts an annual risk assessment.

Any equity acceleration requires a double trigger (a qualifying termination in connection with a change in control).

In addition, the Company does not maintain or grant any of the following with respect to our executive officers:

- Tax reimbursements or gross-ups;
- Any special perquisites or benefits, except in limited circumstances; or
- Supplemental retirement plans.

TABLE OF CONTENTS

Say-on-Pay

The Company is required to permit a separate non-binding stockholder vote to approve the compensation of its executives, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission.

This proposal, commonly known as a Say-On-Pay proposal, permits stockholders to endorse or not endorse the Company's executive compensation program. Because the stockholders' vote is advisory, it will not be binding on the Company. However, when setting compensation and in determining compensation policies, our Compensation and Executive Development Committee takes into account the results of the vote.

The last stockholder advisory vote on executive compensation was in May 2011 when stockholders voted in favor of the compensation of our Named Executive Officers as disclosed in the proxy statement for the 2011 Annual Meeting. Approximately 99% of votes cast were voted in favor of the Company's executive compensation. Stockholders also supported the Board's recommendation to hold advisory votes on a tri-annual basis. As a result of the overwhelming support for the program, the Compensation and Executive Development Committee did not make any significant changes to the program at that time. The Compensation and Executive Development Committee believes that the result of these votes is evidence that the Company's compensation policies and decisions are in the best interests of its stockholders. However, the Compensation and Executive Development Committee has continued to be mindful of stockholder preferences since that time, and as a result, has made enhancements to the program since 2011 in support of Jamba's pay-for-performance philosophy. Stockholders will vote on the compensation program again at the 2014 annual stockholders meeting as discussed on page 43 of this proxy statement.

Compensation Process and Oversight

Compensation and Executive Development Committee

Our Compensation and Executive Development Committee has the responsibility for establishing, implementing and monitoring our compensation philosophy and programs. The Compensation and Executive Development Committee determines compensation for our executives, including annual base salary, non-equity incentive plan payments, equity awards and all other compensation and compensation procedures applicable to our Named Executive Officers. Our Compensation and Executive Development Committee is composed of members who are not, and never have been, employees of the Company.

Role of Senior Management and Consultant in Compensation Decisions

While the Compensation and Executive Development Committee does not delegate any of its functions to others in setting compensation, several members of senior management participate in the Compensation and Executive Development Committee's executive compensation process. For example, the Compensation and Executive Development Committee takes into consideration recommendations of our CEO on compensation decisions for executive officers other than himself, based on performance reviews he conducts with each of the executive officers, including the Named Executive Officers. Our CEO does not participate in discussions regarding his own compensation.

Historically, the Compensation and Executive Development Committee has retained compensation consultants to assist it in its review of Named Executive Officer compensation. The Compensation and Executive Development Committee has used the findings and recommendations of compensation consultants to help ensure that management's compensation recommendations are in line with the Company's priorities, properly incentivize actions that improve Company performance, and are reasonable when compared to the market for executive talent. In addition, the

Compensation and Executive Development Committee believes that the engagement of an independent consultant from time to time helps enhance the overall independence of the Compensation and Executive Development Committee's decision-making. As will be discussed below, in Fiscal 2013, the Compensation and Executive Development Committee engaged Frederic W. Cook & Co., Inc. (Frederic W. Cook) as a consultant. As part of its services, Frederic W. Cook:

- Participates in the design of executive compensation programs to help the committee evaluate the linkage between pay and performance;
- Reviews market data and advises the committee on recommending the Chief Executive Officer's compensation levels to the Board;
- Reviews and advises the committee regarding the compensation of the other executive officers;
