PROXY STATEMENT

May 8, 2015

The Board of Directors (the “Board”) of Medifast, Inc. (the “Company” or “Medifast”) is soliciting proxies to be voted on our stockholders behalf at the 2015 annual meeting of stockholders (the “Annual Meeting”).

The Annual Meeting will commence at 9:30 a.m. EDT on Wednesday, June 17, 2015. The Annual Meeting will be held at the Four Seasons Hotel Baltimore, 200 International Drive, Baltimore, Maryland 21202.

This Proxy Statement provides information regarding the matters to be voted on at the Annual Meeting, as well as other information that may be useful to you. It is anticipated that this Proxy Statement and accompanying Proxy Card, Annual Report, and related proxy materials will first be sent to our stockholders on or about May 20, 2015.

At the close of business on May 4, 2015, there were 12,124,699 shares of our common stock outstanding. Each share of common stock is entitled to one vote.

Questions and Answers Regarding the Proxy Statement and Annual Meeting

What proposals will be voted on at the Annual Meeting?

There are two matters on which a vote is scheduled at the Annual Meeting:

1. The election of 9 nominees to the Board (Proposal 1);

2. The ratification of the amendment to the Company’s Amended and Restated Bylaws (the “Bylaws”) to declassify the Board (Proposal 2); and

3. The ratification of the appointment of McGladrey LLP (“McGladrey”), as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2015 (“Fiscal Year 2015”) (Proposal 3).

We will also consider and vote upon any other business properly brought before the Annual Meeting.

What are the Board’s voting recommendations?

The Board recommends that you vote your shares:

- FOR the election of each of the 9 nominees named herein for election to the Board (Proposal 1);
- FOR the ratification of the amendment to the Bylaws to declassify the Board (Proposal 2); and

FOR the ratification of the appointment of McGladrey as the Company's independent registered public accounting firm for Fiscal Year 2015 (Proposal 3).

What shares may I vote?

You may vote all shares of Medifast common stock that you owned as of the close of business on May 4, 2015 (the "Record Date"). These shares include:

1. those held directly in your name as the stockholder of record; and
2. those held for you as the beneficial owner through a stockbroker, bank, or other nominee at the close of business on the Record Date.

Each share of our common stock is entitled to one vote. On the Record Date, there were approximately 12,124,699 shares of our common stock issued and outstanding.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most Medifast stockholders hold their shares through a bank, broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with Medifast's transfer agent, American Stock Transfer and Trust Company, LLC (the "Transfer Agent"), you are considered, with respect to those shares, the stockholder of record and we are sending these proxy materials directly to you. As the stockholder of record, you have the right to grant your proxy directly to the Company or to vote in person at the Annual Meeting. The Company has enclosed a proxy card for you to use.

Beneficial Owner

If you hold shares in a stock brokerage account or through a bank, broker or other nominee, you are considered the beneficial owner of shares held in street name and your broker or nominee is forwarding these proxy materials to you. Your broker or nominee is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your nominee on how to vote your shares, but because you are not the stockholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a signed proxy from the record holder giving you the right to vote the shares. As a beneficial owner, you are, however, welcome to attend the Annual Meeting. Your nominee has enclosed a voting instruction card for you to use.

- 2 -

How can I vote my shares in person at the Annual Meeting?

You may vote shares you hold directly in your name as the stockholder of record in person at the Annual Meeting. If you choose to do so, please bring the enclosed proxy card and proof of identification.

If you are the beneficial owner of shares held in street name and your nominee is forwarding these proxy materials to you, you may vote the shares in person at the Annual Meeting only if you have obtained a signed legal proxy from your nominee (i.e., the record holder) giving you the right to vote the shares.

Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy as described below so that your vote will be counted regardless of attendance. Submitting your proxy now will not prevent you from voting your shares in person by written ballot at the Annual Meeting if you desire to do so, as your proxy is revocable at your option.

What do I need to attend the Annual Meeting?

You must present both proof of stock ownership and valid photo identification to attend the Annual Meeting. If you hold shares through an account with a bank, broker or other nominee, contact your nominee to request a legally valid proxy from the owner of record and this will serve as your proof of stock ownership.

If you do not have proof of ownership and valid photo identification, you will not be admitted into the Annual Meeting. Please also note that the use of cell phones, smartphones, pagers, recording and photographic equipment and/or computers is strictly prohibited at the Annual Meeting.

How can I vote my shares without attending the Annual Meeting?

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct your vote without attending the Annual Meeting. If you hold your shares directly, you may vote by granting a proxy. If you hold your shares in street name, you may submit voting instructions to your nominee.

By Mail —You may vote by mail by signing your proxy card or, for shares held in street name, the voting instruction card included by your nominee, and mailing it in the enclosed prepaid envelope. If you provide specific voting instructions, your shares will be voted as you instruct. If you sign but do not provide instructions, your shares will be voted as described below in “How are votes counted?”

On the Internet —If you are a record holder, you may vote your shares online by following the instructions provided in the enclosed Proxy Card. If you hold your shares in street name and the firm that holds your shares offers internet voting, the voting instruction card provided by your nominee will contain instructions for voting your shares online. If you vote online, you do not need to mail in your proxy card.

By Telephone —If you are a record holder, you may vote your shares by telephone by following the instructions provided in the enclosed Proxy Card. If you hold your shares in street name, and the firm that holds your shares offers voting by telephone, your nominee voting instruction card will contain instructions on how to vote your shares by telephone. If you vote your shares by telephone, you do not need to mail in your proxy card.

Our Board has selected the persons named on the enclosed Proxy Card (the “Named Proxies”) to vote all shares represented by proxy at the Annual Meeting. The Named Proxies will vote any properly executed proxy, if received in time and not revoked, at the Annual Meeting according to your directions. The Named Proxies will vote the shares represented by any signed Proxy Card that fails to specify a choice on any matter to be acted upon as follows:

- FOR the election of each of the 9 nominees named herein for election to the Board (Proposal 1);

- FOR the ratification of the amendment to the Bylaws to declassify the Board (Proposal 2);

- FOR the ratification of the appointment of McGladrey as the Company’s independent registered public accounting firm for Fiscal Year 2015 (Proposal 3); and

in the Named Proxies’ discretion, FOR or AGAINST such other business as may properly come before the Annual Meeting or any adjournment or adjournments thereof.

May I change or revoke my vote?

Yes, stockholders are entitled to revoke their proxies at any time before their shares are voted at the Annual Meeting. To revoke a proxy, a stockholder must file a written notice of revocation with the Company, deliver a duly executed Proxy Card bearing a later date than the original submitted Proxy Card, submit voting instructions again by telephone or the Internet, or attend the Annual Meeting and vote in person. Attendance at the Annual Meeting will not, by itself, revoke your proxy; you must vote your shares. If you hold shares in street name, you must contact your nominee to change your vote or obtain a proxy to vote your shares if you wish to cast your vote in person at the Annual Meeting.

How are votes counted?

You may vote “FOR”, “AGAINST”, or “ABSTAIN” each proposal. For abstentions, see “What happens if I abstain from voting?” below.

If you are a record holder and you sign your Proxy Card with no further instructions, the Named Proxies will vote your shares in accordance with the recommendations of the Board.

- 4 -

If you are a beneficial owner and you have not provided voting instructions to your broker, your broker may exercise discretion to vote your shares only with respect to the ratification of our independent registered public accounting firm (Proposal 3). Your broker does not have discretionary authority to vote your shares in the election of directors (Proposal 1) or ratification of the amendment to the Bylaws to declassify the Board (Proposal 2), resulting in a “broker-non-vote” with respect to these matters. See “What is a broker non-vote?” for more information.

What are the approval requirements for each of the proposals being voted on at the Annual Meeting?

For each proposal, the affirmative vote of a majority of the votes cast at the meeting, by the holders of stock entitled to vote thereat, is required for approval.

“A majority of the votes cast” with respect to the election of directors means that the number of votes cast for a director’s election exceeds fifty percent of the number of votes cast with respect to that director’s election.

A quorum must be present at the Annual Meeting for a valid vote to occur.

What constitutes a quorum?

For business to be conducted at the Annual Meeting, a quorum must be present or represented by proxy. Under our Bylaws, the presence of a majority of the outstanding shares of our common stock entitled to vote at the Annual Meeting represented in person or by proxy at the Annual Meeting will constitute a quorum for the transaction of business. The number of outstanding shares of our common stock entitled to vote at the Annual Meeting is determined as of the Record Date. Abstentions and broker non-votes will be counted in determining whether a quorum is present for the Annual Meeting.

What happens if I abstain from Voting?

If an executed Proxy Card is returned and the stockholder has explicitly abstained from voting on any proposal, the shares represented by the Proxy Card will be considered present at the Annual Meeting for the purpose of determining a quorum. Abstentions will not be counted as votes cast and therefore they will have no effect on the outcome of any proposal.

What is a “broker non-vote”?

A “broker non-vote” occurs when a broker submits a proxy to the Company that does not indicate a vote for one or more of the proposals because the broker has not received instructions from the beneficial owner on how to vote on such proposals, and does not have discretionary authority to vote in the absence of instructions. Brokers have discretionary authority to vote on matters that are deemed “routine,” such as the ratification of our independent registered public accounting firm (Proposal 3). Brokers do not have discretionary authority to vote on matters that are deemed “non-routine,” such as the election of directors (Proposal 1) or the ratification of the amendment to the Bylaws to declassify the Board (Proposal 2). Broker non-votes will be counted for the purposes of determining whether a quorum exists at the Annual Meeting, but because they are not votes that are cast, they will have no effect on the outcome of Proposal 1 or Proposal 2.

What does it mean if I receive more than one proxy or voting instruction card?

It means your shares are registered differently or are held in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Are voting records confidential?

We require vote tabulators and the Inspector of the Election to execute agreements to maintain the confidentiality of voting records. Voting records will remain confidential, except as necessary to meet legal requirements, and in other limited circumstances such as proxy contests.

How does the Company solicit proxies?

The Company will solicit Proxies by mail, telephone, or other means of communication. We will bear the cost of the solicitation of proxies. The Company has retained MacKenzie Partners, Inc. to assist in soliciting proxies from stockholders and we will pay a fee estimated at \$20,000, plus expenses, for such services. In addition, solicitation may be made by our directors, officers, and other employees. We reimburse brokerage firms, custodians, nominees, and fiduciaries in accordance with the rules of the Financial Industry Regulatory Authority for reasonable expenses incurred by them in forwarding materials to the beneficial owners of our common stock.

Where can I find the voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting, and publish final results in a Current Report on Form 8-K following the Annual Meeting.

COOPERATION AGREEMENT WITH STOCKHOLDER

As previously disclosed, the Company entered into a Cooperation Agreement, dated April 3, 2015 (the “Cooperation Agreement”), with Engaged Capital, LLC, Engaged Capital Master Feeder I, L.P., Engaged Capital Master Feeder II, L.P., Engaged Capital I, L.P., Engaged Capital I Offshore, LTD, Engaged Capital II, L.P., Engaged Capital II

Offshore LTD., Engaged Capital Holdings, LLC and Glenn W. Welling (collectively, the “Engaged Group”). Pursuant to the terms of the Cooperation Agreement, the Company agreed to (i) amend the Bylaws to, commencing with the Annual Meeting, eliminate the classification of the Board and provide for the annual election of all directors to the Board and (ii) adopt a resolution, effective as of the Annual Meeting, to decrease the size of the Board from twelve directors to nine directors. The Company also agreed to nominate the following persons for election to the Board at the Annual Meeting and the 2016 annual meeting of stockholders of the Company (the “2016 Annual Meeting”): Jeffrey J. Brown; Kevin G. Byrnes; Charles P. Connolly; Constance C. Hallquist, Jorgene K. Hartwig; Michael C. MacDonald; Carl E. Sassano; Scott Schlackman; and Glenn W. Welling.

Jeffrey J. Brown will be appointed to the Executive and Audit Committees of the Board, Glenn W. Welling will be appointed to the Special Mergers & Acquisitions and Compensation Committees of the Board, and Jorgene K. Hartwig will be appointed to the Nomination Committee of the Board. All other Board members will be assigned to Board committees in connection with the Board’s annual review of committee composition to take place immediately following the 2015 Annual Meeting.

Under the Cooperation Agreement, the Engaged Group is subject to certain standstill restrictions during the period from the date of the Cooperation Agreement until the day that is three months following the date of the 2016 Annual Meeting, subject to limited exceptions (such period, the “ Standstill Period ”). During the Standstill Period, Engaged is subject to customary standstill and voting obligations, including, among other things, that Engaged and its affiliates and associates will not acquire beneficial ownership of 10% or more of the Company’s outstanding common stock or participate in a proxy solicitation, and will vote all voting securities which they are entitled to vote in favor of all directors nominated by the Board, and in accordance with the recommendation of the Board on other matters, other than certain specified matters and subject to certain exceptions. The Company also agreed to reimburse Engaged for its reasonable and documented legal and search firm fees, and expenses in an amount not to exceed \$100,000.

The foregoing is not a complete description of the Cooperation Agreement. For a further description of the Cooperation Agreement and a copy of the Cooperation Agreement, please see our Current Report on Form 8-K filed with the SEC on April 6, 2015.

INFORMATION CONCERNING OUR BOARD OF DIRECTORS

Director Independence

We are required to have a majority of independent directors serving on our Board and may only have independent directors serving on each of our Audit, Compensation, and Nomination Committees pursuant to the listing rules of the New York Stock Exchange (the “NYSE”) and, with respect to our Audit Committee, the rules and regulations existing under the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

Our Board undertook an annual review of our directors’ and Director Nominees’ independence. The purpose of this review was to determine whether any relationships or transactions involving our directors or Director Nominees (including their family members and affiliates) were inconsistent with a determination that such director or Director Nominee is independent under the independence standards prescribed by the NYSE’s listing rules and our Corporate Governance Guidelines. Our Board also considered whether our Audit Committee members continue to satisfy the independence standards prescribed for audit committee members by the rules and regulations of the Exchange Act.

In making its determination, the Board considered not only the criteria for independence set forth in the listing rules of the NYSE but also any other relevant facts and circumstances that may have come to the Board’s attention. These related transactions, relationships or arrangements between a director or a Director Nominee (or any member of their immediate family or any entity of which such director or Director Nominee or one of their immediate family members is an executive officer, general partner or significant equity holder) on the one hand, and Medifast or any of its subsidiaries or affiliates, on the other hand, might signal potential conflicts of interest, or might bear on the materiality of a director’s or a Director Nominee’s relationship to Medifast or any of its subsidiaries. The Board considered the independence issue not merely from the standpoint of the director or Director Nominee, but also from that of the persons or organizations with which the director or Director Nominee is affiliated.

Based on its review, our Board determined that each of the non-employee directors qualify as independent under the independence standards prescribed by the listing rules of the NYSE. Our Board also determined that Messrs. Brown, Byrnes, and Connolly qualify as “independent” under the independence standards for audit committee members adopted by the SEC.

Board Leadership Structure

The Board is committed to strong corporate governance and board independence. The Board recognizes that having the same person serve in the Chief Executive Officer and Chairman positions can present an issue for some companies and some boards. However, the 2004 Blue Ribbon Commission of the National Association of Corporate Directors found that separation of the roles of chairman and chief executive officer was not necessary for effective board leadership. The Nomination Committee and the Board continue to consider the issue of board leadership and do not believe there is any material corporate governance benefit to separating these positions at this time. Our Chairman of the Board does not have any enhanced rights as a director, but has the same voting authority as any other director. The role of Chairman is one which is principally that of presiding at meetings of the Board and taking the initiative on establishing the proposed agenda for meetings of the Board, which is a role our senior management would play a significant part in regardless of which director serves as Chairman. Our Board continues to believe that the current structure is in our best interests, and our stockholders' best interests, and allows Michael C. MacDonald, who serves as our Chairman and Chief Executive Officer, to focus on our strategy, business, and operations.

The Board believes that there is no one best leadership structure model that is most effective in all circumstances. The Board retains the authority to separate the positions of Chairman and Chief Executive Officer in the future if such change is determined to be in our best interests and those of our stockholders. Thus, the Board remains flexible and committed to a strong corporate governance structure and board independence. The Board is committed to adopting corporate management and governance policies and strategies that promote our effective and ethical management. In this regard, the Board strongly believes that it should have maximum flexibility in deciding whether the offices of Chairman and Chief Executive Officer are combined or separate and, if separate, whether the Chairman should be an independent director or an employee.

Lead Director

As noted above, the Board appointed Barry B. Bondroff, CPA, as Lead Independent Director effective July 22, 2013, however, pursuant to the terms of the Cooperation Agreement, Mr. Bondroff is not standing for re-election at the Annual Meeting. If elected at the Annual Meeting, the Board will appoint Jeffrey J. Brown as Lead Independent Director at the third quarter Board meeting. The Lead Independent Director is responsible for facilitating and coordinating the activities of the independent directors. For the purpose of balancing the interests of the stockholders and management when the CEO also serves as the Chairman of the Board, the Lead Independent Director serves as Chairman for meetings of the independent directors separate from management. The Lead Independent Director also represents the best practices regarding corporate governance, provides independent leadership to the Board, and performs such other duties and responsibilities as the Board may determine.

The principal responsibilities of the Lead Independent Director are as follows:

- Act as the principal liaison between the independent directors of the Board and the CEO and Chairman of the Board;
- Develop the agenda for and preside at executive sessions of the Board's independent directors;
- Communicate to the Chairman any and all feedback from the executive sessions;
- Prepare minutes of the meeting of independent directors, share minutes with the full Board when appropriate, and deliver the minutes to the Company for filing with the minutes of the Company;
- Review and approve the agenda for the Board;

Participate in the compensation committee's evaluation of the CEO's performance;

Supervise the evaluations (self and otherwise) of the directors;

Initiate a review of the independent Board members' performances, discuss the results with the Chairman, and make recommendations for improvement, if required;

Handle difficult and underperforming directors to improve the functionality of the Board;

Assist in Board succession plans;

Preside at all meetings at which the Chairman is not present;

Retain the authority to call meetings of the independent directors;

Subject to the authority of any committee of the Board, recommend to the Board the retention of advisors and consultants who report directly to the Board;

As the Board determines, serve as a liaison and be available for consultation and direct communication with major stockholders;

Make recommendations to the Board on behalf of the independent directors; and

Undertake further such responsibilities that the independent directors may designate to the Lead Independent Director from time to time.

THE COMMITTEES OF THE BOARD

The Board has four standing committees: the Audit Committee, the Compensation Committee, the Nomination Committee and the Special Mergers & Acquisitions Committee. The Board has determined that each of the members of the Audit Committee, Compensation Committee and Nomination Committee meets the standards of "independence" established by the NYSE as currently in effect. The Audit Committee is responsible for, among other things, the review and oversight of the Company’s performance with respect to its financial responsibilities and the integrity of the Company’s accounting and reporting practices. The Audit Committee, on behalf of the Board, also appoints the Company’s independent auditors, subject to stockholder ratification, at the annual meeting of stockholders.

The Compensation Committee is responsible for, among other things, reviewing and approving annually the corporate goals and objectives applicable to the compensation of our chief executive officer and determining the compensation of our chief executive officer based on the achievement of these goals, approving the compensation of our other executive officers, overseeing our incentive compensation plans and equity-based plans, and reviewing and recommending changes to the Board with respect to director compensation. For information regarding our Compensation Committee, including its processes and procedures for determining executive compensation, see “Information About our Compensation Committee.”

The Nomination Committee is responsible for, among other things, recommending to the Board potential director nominees for election to the Board, recommending to the Board directors to serve on the various Board committees, advising the Board with respect to Board composition, procedures and committees, developing and recommending to the Board corporate governance principles applicable to the Company, and evaluating and making recommendations to the Board regarding the compensation of directors.

The Nominating Committee operates under the Nomination Committee Charter adopted and approved by the Board. A copy of the Charter can be obtained from the Company's website (<http://ir.medifastnow.com/>), or by sending a request to the Office of the General Counsel, Medifast, Inc., 3600 Condall Lane, Suite 100, Owings Mills, Maryland 21117.

Director Qualifications . Director nominees are selected on the basis of, among other things, experience, knowledge, skills, expertise, integrity, ability to make independent analytical inquiries, understanding the Company's global business environment, and willingness to devote adequate time and effort to Board responsibilities so as to enhance the Board's ability to oversee and direct the affairs and business of the Company.

Diversity . The Company does not maintain a separate policy regarding the diversity of the Board. However, the charter of the Nominating Committee requires that the Committee review the composition of the Board to ensure it has the "appropriate balance" of experience, skills, expertise, and diversity for the Board as a whole. Consistent with these guidelines, both the Nomination Committee and the full Board seek director nominees with distinct professional backgrounds, experience, and perspectives so that the Board as a whole has the range of skills and viewpoints necessary to fulfill its responsibilities. As part of our annual Board self-evaluation process, the Board evaluates whether or not the Board as a whole has the skills and backgrounds for the current issues facing the Company. The Board also evaluates its effectiveness with regard to specific areas of expertise.

Director Nomination Process . Pursuant to our Corporate Governance Guidelines, our Nomination Committee reviews the qualifications of proposed director nominees to serve on our Board and recommends director nominees to our Board for election at the Company's annual meeting of stockholders. The Board proposes a slate of director nominees to the stockholders for election to the Board, using information provided by the Nomination Committee.

In certain instances, a third party may assist the Nomination Committee or the Board in identifying potential director nominees. The Nomination Committee also considers potential nominations for director provided by the Company's stockholders and submits any such suggested nominations, when appropriate, to the Board for approval. Stockholder nominees for director are evaluated using the same criteria described above. Stockholders wishing to recommend persons for consideration by the Nomination Committee as nominees for election to the Board can do so by writing to the Office of the Corporate Secretary, Medifast, Inc., 3600 Crondall Lane, Suite 100, Owings Mills, Maryland 21117 and providing the information and following the additional procedures set forth in the Bylaws, which are described in "Stockholder Proposals and Nominations for Director" in this Proxy Statement.

The Special Mergers & Acquisitions Committee operates under the Special Mergers & Acquisitions Committee Charter adopted and approved by the Board. A copy of the charter can be obtained from the Company's website (<http://ir.medifastnow.com/>) or by sending a request to the Office of the General Counsel, Medifast, Inc., 3600 Crondall Lane, Suite 100, Owings Mills, Maryland 21117.

BOARD'S ROLE IN RISK MANAGEMENT

The Company takes a comprehensive approach to risk management and believes risk can arise in every decision and action taken by the Company, whether strategic or operational. The Company, therefore, seeks to include risk management principles in all of its management processes and in the responsibilities of its employees at every level. Our comprehensive approach is reflected in the reporting processes, by which our management provides timely and comprehensive information to the Board, to support the Board's role in oversight, approval, and decision-making.

The Board closely monitors the information it receives from management and provides oversight and guidance to our management team concerning the assessment and management of risk. The Board has delegated oversight for matters involving certain specific areas of risk exposure to its committees. Each committee reports to the Board at regularly scheduled Board meetings, and more frequently if appropriate, with respect to the matters and risks for which the committee provides oversight.

Our senior executives provide the Board and its committees with regular updates about the Company's strategies and objectives, and the risks inherent within them at Board and committee meetings and in regular reports. Board and committee meetings also provide a venue for directors to discuss issues with management. The Board and committees call special meetings when necessary to address specific issues. In addition, our directors have access to Company management at all levels to discuss any matters of interest, including those related to risk. Those members of management most knowledgeable of the issues attend Board meetings to provide additional insight into items being

discussed, including risk exposures.

The Board approves the Company's high level goals, strategies and policies to set the tone and direction for appropriate risk taking within the business. The Board and its committees then emphasize this tone and direction in its oversight of management's implementation of the Company's goals, strategies, and policies.

**PROPOSAL 2: RATIFICATION OF AMENDMENT TO THE COMPANY'S
AMENDED AND RESTATED BYLAWS
TO DECLASSIFY THE BOARD OF DIRECTORS**

The Board regularly reviews the Company's corporate governance. On and effective April 3, 2015, in connection with this review and in accordance with the terms of the Cooperation Agreement, the Board of Directors approved and adopted Amended and Restated Bylaws of the Company, which provide for the declassification of the Board and the annual election of all directors to the Board, commencing with the Annual Meeting. In accordance with the terms of the Cooperation Agreement, the Company is submitting this Proposal 2 to stockholders at the Annual Meeting for ratification of the amendment to the Bylaws to declassify the Board. Michael MacDonald and Margaret Sheetz have agreed to vote all shares over which they have voting control, representing approximately 6.25% of the number of shares outstanding as of May 4, 2015, for the approval of Proposal 2.

Prior Board Structure and Declassification

Prior to the amendment to the Amended and Restated Bylaws, our Board was divided into three classes. The amendment to the Bylaws provides that the Board is declassified and all directors will be elected annually for one year terms that will expire at the next year's annual meeting, commencing with the Annual Meeting.

Reasons for the Declassification

The Board of Directors considered the views of a number of investors who believe that a classified board structure reduces the accountability of directors to stockholders because the directors on such a board do not face an annual election. They argue that the election of directors is the primary means for stockholders to influence corporate governance policies, and that a classified board structure reduces the accountability of directors because stockholders are unable to evaluate and elect all directors on an annual basis.

Classified boards have been widely adopted and accepted, and they have a long history in corporate law. Proponents of classified boards assert they provide continuity and stability in the management of the business and affairs of a company, because classified boards allow companies to maintain the experience of a majority of directors of the company following each election of directors. Proponents further assert that classified boards may enhance stockholder value by forcing a potential acquirer to negotiate directly with the board of a target company, because the acquirer is unable to replace the entire board in a single election.

Our Board has considered the advantages and disadvantages of its classified board structure and determined that the declassification of our Board is in the best interests of the Company and our stockholders. Accordingly, the Board amended the Bylaws effective April 3, 2015, to declassify the Board in connection with its review and in accordance with the terms of the Cooperation Agreement.

The Amended and Restated Bylaws were approved and adopted by the Board of Directors on April 3, 2015, and stockholder approval of the amendment to the Amended and Restated Bylaws is not required by Delaware law or the Bylaws or the Company's Certificate of Incorporation. Nevertheless, the Board considers the amendments an important issue, and the Company has agreed to ask stockholders to ratify the Amended and Restated Bylaws. If the proposal for ratification is not approved by stockholders, the Board will evaluate whether or not to rescind the amendment to the Bylaws.

The Board recommends that the stockholders ratify the amendment to the Bylaws to declassify the Board of Directors by adopting the following resolution at the Annual Meeting:

“RESOLVED, that the amendment of the Amended and Restated Bylaws of the Company as of April 3, 2015, to declassify the Company's Board of Directors is hereby APPROVED, RATIFIED, AND CONFIRMED.”

**THE BOARD RECOMMENDS A VOTE FOR THE RATIFICATION OF THE
AMENDMENT TO THE COMPANY'S AMENDED AND RESTATED BYLAWS TO
DECLASSIFY THE BOARD OF DIRECTORS.**

Executive Summary

2014 was a year of transition for our company. We took actions during 2014 that we believe will position us for long-term profitability and growth. During 2014, we transitioned company-owned centers to a franchise model and expanded our product line. However, due in part to these actions, our revenue and net income decreased over 2013 levels, and certain other financial results did not reach our budgeted levels for 2014. Specifically, our financial results for 2014 included one-time charges related to our exit from the MWCC corporate center model and the sale of 41 centers to existing franchise partners, as well as the write-off of a franchise loan and certain legal expenses. Despite these results, we have delivered strong returns for our shareholders, as our one and three-year total stockholder return are approximately 28% and 144%, respectively.

We believe that it is important, during this time of transition, to retain the talented executives who can lead us to become a stronger company and to deliver value to our shareholders, but also to ensure that our executives are rewarded in line with the results that they deliver. In light of these challenges and of the negative results of the “say on pay” advisory vote held at our annual meeting of stockholders in 2014, we have focused in 2014 on assessing and improving our executive compensation policies and programs to effectively achieve our compensation goals: to attract, retain and motivate these highly qualified executives, and to align their interests with the interests of our stockholders. This assessment has resulted in the implementation of several new policies that help to align executive interests with the interests of our stockholders, which will ensure that our executives continue to be focused on long-term results. Our assessment of our compensation programs has continued into 2015, and we expect that we will continue to make changes to our programs to further achieve our compensation goals.

We spent a majority of the 2014 year following the “say on pay” advisory vote analyzing our compensation programs, and based on our analysis and the feedback we received, we made changes that we believe were necessary to strengthen the overall executive compensation program and to address the concerns of our stockholders. The following is a summary of compensation actions taken during 2014.

- 25 -

2014 Actions

- ü Amended our 2012 Share Incentive Plan (the “2012 Plan”) to provide for a double-trigger in the event of a Change in Control on future grants of equity and equity-related awards.
 - ü Amended our 2012 Plan to provide that dividends paid on performance-based restricted shares will only be paid at the time and to the extent the underlying restrictions lapse.
- ü Corrected actions taken in 2013 and 2014 in which equity and equity-based awards were granted in excess of the limits in the 2012 Plan, and improved our internal controls with respect to equity grant practices.
 - ü No new grants of restricted shares to any of our named executive officers.

In addition to the above actions, we have continued our policies which are what we consider to be our ongoing “best practices” with respect to compensation.

Compensation Best Practices

- ü We do not provide excessive perquisites to our executives.
- ü Our executives will not be entitled to tax gross-ups under section 4999 of the Internal Revenue Code of 1986, as amended, if there is a change in ownership or control of Medifast.
 - ü We do not provide supplemental retirement benefits to our executives.
 - ü We do not have employment agreements with our executives.
 - ü We provide only limited severance benefits to our CEO, President, and CFO.
- ü Approximately 81% of the target compensation for our CEO in 2014 was based on company performance or the performance of our stock.
 - ü The 2012 Plan prohibits repricing of underwater stock options without stockholder approval.

2014 Say on Pay Advisory Vote Results and 2014 Compensation Actions

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Dodd-Frank”), we held a “say on pay” advisory vote on executive compensation at our annual meeting of stockholders in 2014. At that meeting, only 28% of our stockholders voted in favor of our executive compensation proposal. Since that time, we have conducted an in-depth review of our compensation policies and programs, and have adopted several new policies to promote good governance and an alignment of the interests of our executives with our stockholders. We have also engaged in discussions with several of our stockholders in order to better understand their concerns with our executive compensation policies and programs. These discussions were informative and assisted us in understanding how our compensation programs can be better structured, and how we can improve the understanding of our compensation programs by our stockholders. The chart below summarizes the main concerns raised by our stockholders and how we have responded to such concerns.

Stockholder Feedback

Medifast Response

Annual cash bonus awards assumed to be discretionary.

Our annual cash bonus awards are made pursuant to a plan with pre-established performance goals based on our financial performance. We have clarified our disclosure regarding the annual cash bonus awards.

Restricted share awards to our CEO in 2013 were thought to be excessive.

The restricted share awards granted to our CEO in 2013 were one-time grants – one as a reward for performance during 2012 and in consideration of his taking on the role of CEO, and the second as a retention award with a 7-year vesting schedule – and we have not historically granted restricted share awards on an annual basis.

Perceived disconnect between CEO pay and Company performance.

We have enhanced our disclosure of how we link CEO pay to performance, and we did not grant new restricted share awards to our CEO during 2014.

Lack of stock ownership guidelines.

We are currently considering stock ownership guidelines.

Lack of a clawback policy.

We are currently considering a clawback policy.

Lack of anti-pledging policy.

We are currently considering an anti-pledging policy.

The discussions we have engaged in with our stockholders have helped us understand the concerns with our compensation programs, and we hope to keep this dialogue open during our ongoing assessment of our compensation programs. Our “say-on-pay” advisory vote on executive compensation is required to be held no later than at our annual meeting of stockholders in 2017.

Compensation Philosophy

In today’s rapidly changing marketplace, it is important to locate and secure the talented individuals who will be able to steer our company to long-term success and to provide positive returns for our stockholders. Our executive compensation program is designed to attract, retain, and motivate these highly qualified executives, and to align their interests with the interests of our stockholders.

Ø *Attract* : We compete with other companies in our industry for talent, and many of these companies are much larger and have higher revenues. We offer our executives competitive compensation packages, including sign-on awards, so that we can attract the talent needed to deliver quality results, and position our company to succeed now and into the future.

Retain : A stable management team benefits our strategic long-term goals, and ensures that we are managed by executives who have a deep knowledge and understanding of our company and the ability to make well informed decisions. We retain our executives by providing them competitive on-going pay packages, and tying a portion of their compensation to their long-term service with the company.

Motivate : We believe in pay for performance. A large percentage of our executives' compensation is based on our performance. The only fixed element of compensation for our executives is base salary, with the remainder of compensation based on our financial performance (our executive cash bonus plan and performance-based deferred shares) and the value of our stock (the retention awards granted to our senior executives periodically, stock options granted to our Executive Vice Presidents annually, and performance-based deferred shares). Placing the value of a portion of our executives' pay at risk ensures that our executives will work to achieve our stated business objectives and create stockholder value.

Align Interests with Stockholder Interests : It is vital for our executives to make decisions that will create positive results for our stockholders. We believe that the best way to ensure our executives understand the pressing concerns of stockholders is for our executives to be stockholders themselves, and to have a meaningful proportion of their compensation paid in shares. Since the value of the executive's compensation is dependent on our share price, the executive is motivated to increase long-term company value.

Pay for Performance

Executive compensation at Medifast is focused on executive performance keyed to results. We provide fair and equitable compensation to our executives by combining conservative base pay, annual incentive awards paid based on our performance (consisting of both cash and performance-based deferred shares), and stock-based long-term incentives. The Compensation Committee has designed our executive compensation program so that performance-based and other variable pay elements (annual incentive awards and equity-based awards) constitute a significant portion of the targeted annual compensation that each executive is eligible to earn during the year. The total amount of compensation each executive could receive with respect to a fiscal year is variable based on our performance, which motivates our executives to focus on creating value for our stockholders.

The following charts demonstrate that these performance-based and variable pay elements comprised at least 80% of the targeted annual compensation for the Chief Executive Officer, 70% of the targeted annual compensation for the Chief Operating Officer/President, and 60% of the targeted annual compensation for the Chief Financial Officer.

For purposes of these charts, “fixed” compensation is the executive’s base salary, and “variable” is a combination of the target cash bonus, the grant date fair value of the deferred shares granted in connection with 2014 performance (assuming performance at the target level), and the grant date fair value of the portion of the restricted share awards that our CEO, President and CFO each received in 2013 that were scheduled to vest during 2014. We have included the grant date fair value of the restricted share awards granted in 2013 that vested during the 2014 because this is the amount the Compensation Committee took into consideration for compensation planning purposes when it granted the restricted share awards.

Realized Compensation

The amounts included in the Summary Compensation Table are calculated based on SEC regulations and do not reflect the actual amounts that our named executive officers will receive during the year – the totals in the Summary Compensation Table are much higher than the amounts each named executive officer will actually receive in the applicable year. The amounts included in the Summary Compensation Table are particularly misleading with respect to restricted share awards granted to our named executive officers, since the full grant date fair value of the awards are reported in the year of grant, and we have not historically granted restricted share awards to our named executive officers on an annual basis. Instead, we have historically made one-time grants of restricted share awards that vest over a long vesting period. As a result, our Summary Compensation Table is required to show a larger “total compensation” in the year in which a restricted share award is granted, and lower “total compensation” in the years in which no such awards are made. To illustrate the disconnect between the amounts reported in the 2014 Summary Compensation Table and the actual amounts realized by our CEO, the table below shows the amounts realized by our CEO, Michael MacDonald, in the applicable year, and the amount reported in the 2014 Summary Compensation Table.

Realized Compensation

The amounts in the “Summary Compensation Table” columns are as reported in the Total column of the 2014 Summary Compensation Table. The amounts in the “Realized Compensation” column include (a) base salary, (b) actual cash bonus earned for the applicable year, (c) the value on vesting of deferred shares that vest and are paid during the applicable year (which relate to performance in the prior year), (d) the value on vesting of restricted shares that vest during the year, (e) the value realized from the exercise of stock options during the year, and (f) all other compensation paid (or earned) during the applicable year (which is included in the “All Other Compensation” column of the Summary Compensation Table for the applicable year). The Summary Compensation Table amounts for 2013 and 2014 reflect the re-grant of certain restricted share and deferred share awards in 2014, discussed below under “Long-Term Compensation Correction During 2014.”

CEO Compensation and Company Results

Our focus on pay for performance can best be demonstrated through a comparison of our total stockholder return and our CEO’s realized pay over the same period. Since our CEO took the position in February 2012, we have delivered excellent returns for our stockholders. Our one and three-year total stockholder return are approximately 28% and 144%, respectively. The realizable pay for our CEO is directly linked to the value of our stock and to the positive returns for our stockholders. Due to the increase in the value of our stock, our CEO’s realized compensation for this period has increased as well.

To demonstrate the linkage between CEO pay and Company performance, the chart below compares our CEO’s realized pay (as disclosed above) for the last three fiscal years to our total stockholder return for that period. The total stockholder return is based on the amount that a stockholder would have at the end of each fiscal year, assuming \$100 was invested in the beginning of 2012.

How Compensation Decisions are Made

Role of Compensation Committee

The Compensation Committee is responsible for developing and approving the executive compensation program for all executive officers, including the named executive officers, and for reviewing, approving and, where appropriate, recommending to the full Board for approval, our incentive compensation and equity-based plans. The Compensation Committee is also responsible for the creation and periodic review of the overall executive compensation philosophy, the analysis and assessment of any material risk to the Company related to our compensation programs, and the determination of the components and levels of executive compensation.

Role of Management

The Compensation Committee works closely with members of our management team in designing our executive compensation programs, including Mr. MacDonald, our CEO, and Mr. Robinson, our CFO and Jeanne Uphouse, Executive Vice President, Human Resources. Our management team evaluates the performance of our executives (other than our CEO), and makes recommendations as to the compensation levels of our executives and the goals for our short-term incentives. The advice of our management is important in order for the Compensation Committee to design compensation programs that align to corporate goals and our strategic direction. All compensation decisions are made by the Compensation Committee in its sole discretion.

Use of Peer Group

The Compensation Committee measures the total direct compensation (which includes base pay, annual cash and stock-based incentives and stock-based long-term incentives) of each executive against other organizations in the general weight-loss industry. There is a wide variety of diet products and programs which comprise the weight loss industry, which include a wide variety of commercial weight loss programs, pharmaceutical products, weight loss books, self-help diets, dietary supplements, appetite suppressants and meal replacement shakes and bars. Some of our competitors are substantially larger than we are, and have considerably greater financial resources than we have. Our ability to remain competitive depends, in significant part, on our success in recruiting and retaining executive leadership with an attractive compensation package. The Company targets total direct compensation for each executive near median for organizations in the general weight-loss industry, with the mix of pay (base pay, annual cash incentives and long-term incentives) designed to reflect a strong bias towards pay for performance by placing a majority of target compensation at risk.

Each year, the Compensation Committee compares the total direct compensation for our executives to compensation paid by an industry peer group approved by the Compensation Committee. The criteria used to identify the peer group were: (1) industry — Medifast competes for talent with other healthy living and wellness companies and general weight-loss industry companies of similar and larger size; and (2) financial scope — our management talent should be compensated similar to that of companies of a similar and larger size in terms of revenues.

For 2014, the peer group was comprised of the following five corporations. The peer group revenue range is from \$214 million to \$4.9 billion.

- NutriSystem Inc.,
- Nutraceutical, Inc.,
- Herbalife Ltd.,
- USANA Health Sciences, and
- Weight Watchers International Inc.

Role of Compensation Consultants and Survey Data

During Fiscal 2013, the Compensation Committee engaged an independent executive compensation consultant firm, Keating Advisors, LLC. (“Keating”), to advise and make recommendations regarding Medifast’s executive compensation program. Keating provided advice with respect to compensation through June 2014. The Compensation Committee has evaluated the independence of Keating and concluded that no conflict of interest exists that would prevent Keating from independently advising the Compensation Committee.

In addition to advice provided by Keating the Compensation Committee utilized the following materials, along with other resources and tools, to render compensation decisions for 2014: (i) surveys and reports of executive compensation paid by other public companies with characteristics similar to ours and (ii) professionally published surveys from Towers Watson, WTPF Compensation Survey, Direct Selling Association Management Compensation & Benefits Survey, Economic Research Institute Salary Assessor, and HRA-NCA. These materials and other resources help to provide us with solid benchmarks for each component of our executive compensation package as well as a general understanding of best practices of companies in our industry who are competing for with us for top talent.

Elements of Executive Compensation

Our executive compensation program has three main elements: base salary, annual incentive bonus (cash and equity), and long-term equity awards.

Base Salary

Base salary is the only element of fixed compensation that we provide to our executives. Our base salary determinations principally reflect the skills and performance levels of our individual executives, the needs of the Company, and pay practices of comparable public companies within the general health and wellness diet industry.

It is not our policy to pay our executive officers at the highest base salary level. Instead, we establish executive base salaries below the midpoint level relative to our peers. The Compensation Committee evaluates our executives' base salaries on an annual basis and asks for input and recommendations from the CEO and CFO and then considers (i) the particular executive's role and responsibilities; (ii) his or her level of performance, achievements, and contributions to the Company; (iii) current market data and salary levels for such executive's particular position; and (iv) the total compensation paid to such executive. We believe this policy sets a prudent and fiscally responsible tone for the Company's overall base salary compensation program.

In 2014, the salary increases were based on Keating's engagement in a general market study of base salaries in our industry, and base salaries were adjusted to be in line with the median salary level as determined in the study. Base salary for 2014 for each named executive officer is illustrated below:

Name	2014 Base Salary
Mr. MacDonald	\$ 635,400
Mr. Robinson	\$ 317,700
Ms. Sheetz	\$ 423,600
Mr. Kagen	\$ 266,400
Mr. Gould	\$ 220,000
Ms. Mills	\$ 242,050

Annual Incentive Bonus

Our annual incentive bonus awards are paid to participants in a combination of cash and performance-based deferred shares. These bonus awards principally reflect the Company's financial performance and achievement of corporate objectives approved by our Board. The executive cash bonus plan and the performance-based deferred share awards are designed to reward our executives for the achievement of shorter-term financial goals, predominantly revenue growth, profitability, and cash flow. In consultation with the Chairman and CEO, the Compensation Committee evaluates, adjusts and approves the target cash bonus and the amount of deferred shares to be granted to each executive officer. In determining the target amounts for each executive, the Compensation Committee and the Chairman and CEO consider each executive's contribution to current and long-term corporate goals, and value in the labor market.

The financial targets for the annual cash and equity incentives are set based on the annual budget approved by the Board during the first quarter of 2014, and are intended to reward executives if the financial performance projections are met.

For 2014, the financial targets were based on corporate revenue, income before tax, and cash flow. The performance targets were the same for both the cash and the deferred share components of the annual incentive bonus. However, as discussed below, the deferred shares have an additional service requirement, and only vest if the executive remains employed for an additional year after the end of the performance period.

The Compensation Committee set the target for pre-tax profit at \$40.7 million, the target for corporate revenue at \$388.2 million, and net increase in cash and cash equivalents at \$26.2 million (excluding adjustments from/to investment accounts, treasury stock repurchases and change in year over year deferred income tax, and income tax payable balances versus last year). The target performance level is set to promote solid performance in line with our budget for the year. The executive is eligible to receive an amount greater than the target if performance is greater than the target level. The components of the incentive plan outlined below are in place to focus the organization towards achieving growth/improved market share, shareholder value, and the effective use of cash.

The financial targets for annual cash and equity incentives are divided into three components as follows:

Corporate Revenue : 25% of the total target payout is based on the achievement of our corporate revenue target. For 2014, the corporate revenue target was \$388.2 million in net revenue, an increase of 8.8% over 2013 net revenue of \$356.9 million.

Income Before Tax ("IBT") : 50% of the total target payout is based on a pre-tax profit target of \$40.7 million, an increase of 19.0% over 2013 IBT of \$34.2 million.

Cash Flow : 25% of the total target payout is based on an increase in cash and cash equivalents of \$26.2 million. Cash flow is defined as total cash generated adjusted for treasury stock repurchases, and the change in year over year deferred income tax and income tax payable year end balances versus last year, or adjustments from/to investment accounts.

Each performance goal was assigned a target, as described above, along with a threshold level and a maximum level, which increase or decrease the payout for executives. The financial targets, along with the threshold and maximum level for each of these goals, and the actual performance are set forth below.

Goal	Percentage of Total Bonus Payout	Threshold	Target	Maximum for EVPS	Maximum for CEO, President and CFO
Net Revenue	25	% \$340 million	\$388.2 million	\$402.8 million	\$410.8 million
Income Before Tax ⁽¹⁾	50	% \$34 million	\$40.7 million	\$48 million	\$52.0 million
Net Increase in Cash and Cash Equivalents ⁽²⁾	25	% \$21.5 million	\$26.2 million	\$30.2 million	\$34.2 million

(1) Income Before Tax, for purposes of determining payouts under the executive cash bonus plan, may be adjusted for certain non-recurring items as approved by the Compensation Committee.

(2) Defined as total cash generated adjusted for treasury stock purchases and the change in year over year deferred income tax and income tax payable year end balances, versus 2013 or adjustments from/to investment accounts.

To the extent that the actual performance with respect to a performance goal is above or below the target, the portion of the bonus attributable to that performance goal is increased or decreased accordingly. After the end of the fiscal year, our Compensation Committee reviews our financial results, and determines the final achievement of each of the performance goals and the actual bonus amount that was earned and is payable to each of our executives. The Compensation Committee has the discretion to increase or decrease the award payable to any executive in its sole discretion, based on the Compensation Committee's assessment of that executive's individual performance during the year.

Our financial results for 2014 included certain one-time charges which were outside of the control of our executive team, related to our exit from the MWCC corporate center model, and the sale of 41 centers to existing franchise partners, as well as the write-off of a franchise loan and certain expenses related to 13D filers. In December 2014, our Compensation Committee examined our financial results to date, both including and excluding the assets, liabilities, operating results, and cash flows relating to these one-time expenses, which were expected to be included in the Company's financial statements in December 2014. The Compensation Committee determined that these expenses could not have been anticipated at the beginning of the performance period, and should not be included in the determination of the actual performance for purposes of the annual incentive bonus. The Compensation Committee also determined that the executive team had performed admirably during the 2014 fiscal year. The Compensation Committee amended the 2014 annual incentive cash and equity incentives such that the threshold payout would be the minimum payment that the executives would receive with respect to 2014.

The actual results with respect to 2014 performance (including discontinued operations as well as non-GAAP adjustments) are set forth in the table below:

Goal	Actual Performance (In Millions)
Net Revenue	\$ 307.8
Income Before Tax ⁽¹⁾	\$ 32.7
Net Increase in Cash and Cash Equivalents ⁽²⁾	\$ 25.0

- 35 -

(1) Income before tax was adjusted to exclude certain one-time expenses recorded in 2014, including the Company's gain/loss on the sale of corporate centers, the write-off of a franchise loan, and certain legal expenses.

(2) Cash flow was adjusted to exclude certain one-time impacts on cash recorded in 2014 to include the cash impact the Company realized regarding the gain/loss on the sale of corporate centers, the write-off of a franchise loan, and certain legal expenses.

Cash Component

The target incentive cash bonus amount for each of our named executive officers for 2014 is set forth below, along with the minimum amount they were entitled to, the maximum amount that each executive would have been entitled to for above-target performance, and the actual bonus amount for 2014.

Name	Minimum Payout	Target Payout	Maximum Payout	Actual Payout
Mr. MacDonald	\$ 317,700	\$ 635,400	\$ 1,906,200	\$ 317,700
Mr. Robinson	\$ 95,310	\$ 190,620	\$ 571,860	\$ 95,310
Ms. Sheetz	\$ 211,800	\$ 423,600	\$ 1,270,800	\$ 211,800
Mr. Kagen	\$ 53,280	\$ 106,560	\$ 213,120	\$ 53,280
Mr. Gould	\$ 46,596	\$ 93,192	\$ 186,384	\$ 46,596
Ms. Mills	\$ 48,410	\$ 96,800	\$ 193,640	\$ 0

(1) Ms. Mills did not earn an annual incentive cash bonus due to her termination of employment on September 12, 2014.

Performance-Based Deferred Share Component

The equity portion of our annual incentive bonus is composed of performance-based deferred shares. The performance goals and targets are the same as the goals and targets for the cash portion of the annual incentive bonus. At the end of the year, the Compensation Committee reviews our results and determines the number of performance-based deferred shares that will be deemed "earned." The earned deferred shares are paid to the executives as restricted shares with a one year vesting period. The target number of performance-based deferred shares for each of our named executive officers for 2014 is set forth below, along with the minimum number of shares they are entitled to, the maximum number that each executive would have earned for above-target performance, and the actual amount earned with respect to 2014 performance, which will vest in full December 31, 2015.

Edgar Filing: MEDIFAST INC - Form DEF 14A

Name	Minimum Number of Deferred Shares	Target Number of Deferred Shares	Maximum Number of Deferred Shares	Actual Number of Deferred Shares
Mr. MacDonald	20,000	40,000	80,000	20,000
Mr. Robinson	5,000	10,000	20,000	5,000
Ms. Sheetz	10,000	20,000	40,000	10,000
Mr. Kagen	1,250	2,500	5,000	1,250
Mr. Gould	1,250	2,500	5,000	1,250
Ms. Mills	1,250	2,500	5,000	0

(1) The Deferred Shares held by Ms. Mills were forfeited upon her termination of employment on September 12, 2014.

Long-Term Compensation

Our Compensation Committee provides long-term compensation to our executives in the form of equity or equity-based awards, in order to incentivize them to create stockholder value, and to align their interests with the interests of our stockholders. We generally grant these awards in the form of restricted shares or stock options, as described below. Other than with respect to the corrective action discussed below under the heading “Long-Term Compensation Correction During 2014”, we granted only performance-based deferred shares (described above under “Annual Incentive Bonus”) and stock options to our named executive officers during 2014, and we did not grant any restricted shares to our named executive officers. The description of restricted share awards and retention awards below relates to awards granted in 2013.

Restricted Share Awards

We have not historically made grants of restricted shares on an annual basis to our named executive officers. Instead, our Compensation Committee has generally made one-time grants of restricted shares that vest over long periods. We grant restricted shares as sign-on awards, long-term retention awards, or, in some cases, rewards for exceptional performance. We believe that these larger one-time restricted share awards with long vesting schedules assist us in retaining our executives and encourage our executives to create long-term stockholder value.

With the exception of the restricted shares granted to our CEO as a result of the corrective actions described below in the section titled “Long-Term Compensation Correction During 2014”, we did not grant any restricted shares to any of our named executive officers in 2014. However, our CEO, President, and CFO received a grant of retention shares in 2013, as described below.

Retention Shares

During 2013, our Compensation Committee made grants of restricted shares to Mr. MacDonald (100,000), Ms. Sheetz (50,000), and Mr. Robinson (12,000) that are referred to herein as Retention Shares. These grants have a particularly long vesting schedule. The Retention Shares are meant to retain the services of these executives over the seven year vesting schedule (five years for Mr. Robinson), and to reward them for their performance over that period. Retention Shares are not granted on an annual basis to our executives. The vesting schedule of the Retention Shares is nested in

such a way as to be the equivalent of making a smaller grant each year for five years (three years for Mr. Robinson) that vests over three years. The Compensation Committee determined that, rather than making an award each year, the award should be granted at one time. This would give the executives some certainty as to their compensation and incentivize them to create long-term stockholder value to increase the value of their awards. Taking this unique vesting schedule into account, the value of the Retention Shares in each tranche was comparable to similar annual grants made to CEOs of our peer companies.

- 37 -

The Retention Shares granted to Mr. MacDonald and Ms. Sheetz vest in five equal tranches, with each tranche vesting over a three year period, as illustrated below:

	Total Shares In Tranche	Year of Vesting						
		2014	2015	2016	2017	2018	2019	2020
Mr. MacDonald	20,000	6,666	6,667	6,667				
	20,000		6,666	6,667	6,667			
	20,000			6,666	6,667	6,667		
	20,000				6,666	6,667	6,667	
	20,000					6,666	6,667	6,667
Ms. Sheetz	10,000	3,333	3,333	3,334				
	10,000		3,333	3,333	3,334			
	10,000			3,333	3,333	3,334		
	10,000				3,333	3,333	3,334	
	10,000					3,333	3,333	3,334

The Retention Shares granted to Mr. Robinson vest in three equal tranches, with each tranche vesting over a three year period, as illustrated below:

	Total Shares In Tranche	Year of Vesting				
		2014	2015	2016	2017	2018
Mr. Robinson	4,000	1,333	1,333	1,334		
	4,000		1,333	1,333	1,334	
	4,000			1,333	1,333	1,334

Other Restricted Share Grants

Our Compensation Committee also made certain restricted share grants in 2013 to executives in addition to the grants set forth above.

Mr. MacDonald received a restricted share grant of 100,000 shares in January 2013, in recognition of his performance during 2012, and in consideration of his stepping into the CEO role during 2012. These restricted shares were meant to serve as a sign-on grant for Mr. MacDonald even though they were not granted until 2013, and the number of restricted shares was determined to be reasonable based on our competition for talent in the market, and Mr. MacDonald's experience. These restricted shares vest in equal annual installments over a five year period.

Ms. Mills received a restricted share grant of 10,000 shares in June 2013, in connection with her stepping into the role of Executive Vice President, Take Shape for Life. These shares vest in equal annual installments over a five year period. In connection with her termination on September 12, 2014, we accelerated a pro-rata portion of the restricted shares that would have vested had she remained employed through the next vesting date, and the remaining restricted shares were forfeited.

Stock Options

Our Compensation Committee granted stock options to our Executive Vice Presidents in both 2013 and 2014, but stock options have not been granted to our CEO, President, or CFO. The Compensation Committee determined that our CEO, President, and CFO hold adequate equity awards, as described above, to align their interests with stockholders, to retain their services, and to reward them for positive results that they have created. Stock options help us maintain a competitive level of total compensation for our Executive Vice Presidents, and are an important part of our effort to attract, retain, and motivate high-quality talent in key positions.

We grant stock options to our Executive Vice Presidents rather than restricted shares in order to incentivize them to create stockholder value and to retain their services. Stock options are granted with an exercise price equal to the fair market value of our shares on the date of grant, and have value only if the stock price increases from that date. We generally intend for our stock options to qualify as “incentive” stock options, which provide certain tax benefits for the grantee. Stock options vest 33% each year on the anniversary of the date of grant and have a term of 10 years from the date of grant. The number of stock options granted to each Executive Vice President is determined on a discretionary basis, rather than by a formula. We do not time the grant of our options to coincide with the announcement of any financial results.

Long-Term Compensation Correction During 2014

Following a review in 2014 of our compensation awards and procedures, our Compensation Committee determined that it had inadvertently exceeded the limit on grants of awards of restricted shares and deferred shares to an individual during a 12-month period under the 2012 Plan with respect to grants made to Mr. MacDonald during 2013 and 2014, and to Ms. Sheetz during 2014.

We promptly took corrective action. Mr. MacDonald and Ms. Sheetz agreed that the portion of the award of 100,000 restricted shares granted to Mr. MacDonald on January 2, 2013, the award of 100,000 restricted shares granted to Mr. MacDonald on February 19, 2013, the award of 80,000 performance-based deferred shares granted to Mr. MacDonald on February 19, 2013, the award of 80,000 performance-based deferred shares granted to Mr. MacDonald on February 5, 2014, and the award of 40,000 performance-based deferred shares granted to Ms. Sheetz on February 5, 2014, exceeded the limit on grants of awards under the 2012 Plan, and would be cancelled and forfeited. The amount of the remaining awards did not exceed the limits on grants to an individual during a 12-month period.

The Board amended the 2012 Plan to provide that no participant may be granted more than 150,000 restricted shares or deferred shares during a calendar year, as disclosed on the Form 8-k filed on June 17, 2014.

The Compensation Committee determined that, while the awards were mistakenly made in excess of the limits in the 2012 Plan, the awards themselves were reasonable and in line with the compensation philosophy described above. The Compensation Committee thereafter granted new awards of restricted shares and deferred shares to Mr. MacDonald and Ms. Sheetz, subject to the same vesting schedules and performance criteria as the cancelled awards. These awards were granted in compliance with the limits on grants of restricted shares or deferred shares to an individual during a calendar year under the amended 2012 Plan. The Compensation Committee has taken actions since the date of the corrective action to strengthen its internal controls and procedures, and to ensure that no similar mistakes occur in the future.

As a result of the cancellation and re-grant of these awards during 2014, the Summary Compensation Table disclosure with respect to 2014 shows a level of compensation for Mr. MacDonald that is much larger than the amount the Compensation Committee intended to award him in 2014. SEC rules require that we include the value of the replacement grants in the 2014 compensation of Mr. MacDonald, even though the Compensation Committee did not intend to grant these awards in 2014. Conversely, we have adjusted the 2013 compensation in the Summary Compensation Table. The value of the portion of the grants made in 2013 that were cancelled and forfeited as a result of corrective action taken by our Compensation Committee are not included in Mr. MacDonald's 2013 compensation amounts, since the portions of the grants that are in excess of the limits in the plan are deemed ineffective under the terms of the 2012 Plan. We have included an additional column in for Mr. MacDonald in the Summary Compensation Table, as well as an illustrative table in the "Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table" below, which displays what Mr. MacDonald's 2013 and 2014 Summary Compensation Table disclosure would have been had there been no need for the corrective action with respect to his equity and equity-based awards.

Retirement Benefits

Executives may participate in the Company 401(k) retirement plans on the same terms and conditions, including Company matching provisions, as other employees.

Perquisites

It is our general practice not to provide significant perquisites or personal benefits to our executives. The Compensation Committee considers and awards reasonable perquisites or personal benefits to executives as necessary to accomplish the objectives under our compensation philosophy. In 2014, the Compensation Committee decided to provide perquisite allowances in an amount equal \$10,000 net of all tax obligations. The amount of the perquisite allowance for each of our executives is set forth below. This perquisite allowance is intended to cover the basic perquisites that a typical executive would expect to receive.

	2014 Perquisite Allowance
Mr. MacDonald	\$ 14,185
Mr. Robinson	\$ 17,141
Ms. Sheetz	\$ 15,656
Mr. Kagen	\$ 18,211
Mr. Gould	\$ 17,928
Ms. Mills	\$ 18,293

Severance Benefits

We have entered into severance agreements generally only with our senior executives, including our CEO, President, and CFO. The severance agreements contain provisions regarding severance benefits upon certain terminations of employment, including a termination by the Company without “cause” or by the executive for “good reason”. The severance benefits provided to our CEO, President and CFO under these agreements consist of one year of continued payment of base salary, the annual bonus (cash and stock) that he or she would have been entitled to receive for the year of termination if the performance goals are reached (paid at the target level at the time such bonuses are paid to other employees), and continued participation in our health and welfare plans for one year. Severance benefits provide some security for our executives during times of uncertainty, and allow them to focus their attention on leading the Company. Severance benefits are typical for executives in these senior positions in our industry, and it is necessary for us to offer such benefits in order to attract the talent needed for our success. We believe that these severance benefits are an important factor in the retention of our executives, while still remaining modest in the overall marketplace.

We provided severance payments and benefits to Ms. Mills upon her termination of employment on September 12, 2014, which are set forth in greater detail under the heading “Potential Payments Upon Termination” below.

Our other named executive officers do not have severance agreements, and would be entitled to severance benefits only under any general severance policy that we may put in place from time to time or as are determined at the time of their termination.

Other Compensation

We do not currently provide pension arrangements, post-retirement health coverage, or similar benefits for our executives or employees. In 2014, we paid health, life, and disability insurance premiums on behalf of our executives, all on the same terms as those that we provided to all of the Company’s employees.

Anti-Hedging Policy

Our insider trading policy contains a strict anti-hedging policy. Our executives and directors are prohibited from engaging in hedging, monetization transactions or similar arrangements involving our stock, including short sales, margin transactions, and buying put or call options.

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee was an officer or employee while serving on the Compensation Committee during Fiscal 2014, or has ever been an officer of Medifast or its subsidiaries. No executive officer of Medifast has served as a director or a member of the Compensation Committee of another entity that has one or more executive officers who are also members of our Board or Compensation Committee.

Compensation Committee Report

We have reviewed and discussed with management certain Compensation Discussion and Analysis provisions to be included in the Company's Annual Report on Form 10-K. Based on the review and discussions referred to above, we recommend to the Board that the Compensation Discussion and Analysis referred to above be included in the Company's Annual Report on Form 10-K for the year-ended December 31, 2014.

COMPENSATION COMMITTEE OF THE BOARD

Carl E. Sassano, Chairman

Jerry D. Reece

Catherine T. Maguire

ANALYSIS OF RISK INHERENT IN OUR COMPENSATION POLICIES AND PRACTICES

The Compensation Committee has conducted a risk assessment of all of our compensation policies and practices to ensure that they do not foster risk taking above the level of risk associated with our business model. Based upon that review and a review by management of the Company's internal controls, the Compensation Committee has concluded that the Company's compensation programs do not encourage executives or other employees to take inappropriate risks that are reasonably likely to have a material adverse effect on the Company.

The Compensation Committee based its conclusion on a variety of factors, including the following specific aspects of the Company's compensation practices:

Our annual incentive compensation program is based on balanced performance metrics that promote disciplined progress towards longer-term Company goals;

We do not offer significant short-term incentives that might drive high-risk investments at the expense of long-term Company and shareowner value;

At the senior management and executive levels, our compensation programs are weighted towards offering incentives that reward sustainable performance by requiring continued service to receive payment; and

All of our compensation awards are capped at reasonable and sustainable levels, as determined by a review of our economic position and prospects, as well as the compensation offered within our peer group and by comparable companies.

(1) Amounts shown represent the aggregate grant date fair value of the stock awards in the year indicated, computed in accordance with FASB ASC Topic 718. For a discussion of the assumptions made in the valuation reflected in these columns, see Note 2 of the Notes to Consolidated Financial Statements included in the Company's Annual Report. The values do not correspond to the actual value that will be recognized by the named executives at the time such awards vest. With respect to the award of performance-based deferred shares to each of our named executive officers during 2014, the amount included in the grant date fair value of the number of deferred shares that were earned based on our performance for 2014 (or, for Ms. Mills, the number of deferred shares that would have

been earned had she remained employed for the full year). The maximum value of such deferred shares were: \$2.1 million, \$0.5 million, \$1.1 million, \$0.1 million, \$0.1 million and \$0.1 million for Mr. MacDonald, Mr. Robinson, Ms. Sheetz, Mr. Kagen, Mr. Gould, and Ms. Mills, respectively. Ms. Mills forfeited the deferred shares upon her termination on September 12, 2014. For information with respect to the individual performance-based awards made in fiscal year 2014, please see the 2014 Grants of Plan-Based Awards Table.

(3) The amounts reported in this column represent the perquisite allowances, Company's matching contributions under the 401(K) plan and contributions to group term life insurance and health savings accounts. Mr. MacDonald's all other compensation total includes group term life insurance contributions, \$11,500 in matched 401(K) plan contributions made by the Company and a \$14,200 perquisite allowance. Mr. Robinson's all other compensation total includes group term life insurance contributions, health savings account contributions, matched 401(K) plan contributions and a \$17,141 perquisite allowance. Ms. Mills' all other compensation total includes group term life insurance contributions, matched 401(K) plan contributions, a \$18,293 perquisite allowance, and \$256,015 in severance benefits.

(4) The amount in Mr. MacDonald's Stock Awards column for 2013 does not include the value of certain restricted share and deferred share awards granted to him during 2013 that were determined to be in excess of the limits on individual grants under the 2012 Plan and are not considered to be effective. The amount in Mr. MacDonald's Stock Awards column for 2014 does not include the grant of performance-based deferred shares that was determined to be in excess of the limits on individual grants under the 2012 Plan and was not considered to be effective. These awards were re-granted in 2014, and the value of the re-grants are included in the Stock Awards column for 2014. For more information on these awards, please see the section titled "Long-Term Compensation Correction During 2014" above.

(5) The amount in Ms. Sheetz's Stock Awards column for 2014 does not include the grant of performance-based deferred shares that was determined to be in excess of the limits on individual grants under the 2012 Plan and was not considered to be effective. This award was re-granted in 2014, and the value of the re-grant is included in the Stock Awards column for 2014. For more information on this award, please see the section titled "Long-Term Compensation Correction During 2014" above.

(7) The stock options awarded to Ms. Mills on May 31, 2013, were inadvertently not included in the 2013 Summary Compensation Table. This was due to an accounting issue regarding the date of grant. The 2013 amount has been

updated.

(8) These amounts reflect cash bonus payments in accordance with the compensation plan. The balances were improperly reflected in the "Bonus" column on the prior years' Summary Compensation Table and have been corrected in this filing.

- (1) The reflected grant is for deferred shares for 2014 performance that was erroneously granted in excess of the allowed limits in the 2012 Share Plan Agreement. These shares were cancelled and re-granted on June 17, 2014, see note (2) below.
- (2) The reflected grant is a regrant of the deferred shares granted for 2014 performance that were made in excess of the allowed limits in the 2012 Share Plan Agreement. The requirements for receiving these shares are outlined in the "Target Bonus" section outlined above. This award will vest in entirety on December 31, 2015. Upon regrant, the terms of the grant did not materially change; and therefore, the grant date fair value is based on the stock price as of the original grant date, February 5, 2014.
- (3) On February 19, 2013, a deferred shares performance grant was issued and on February 5, 2014 it was approved that the payout under the plan would be 30,000 shares. The grant was made in excess of the 2012 Share Plan Agreement allowances and was therefore cancelled and reissued as deferred shares on June 17, 2014. These shares vested in full on December 31, 2014.

(4) On January 2, 2013, a grant for 100,000 shares was made for 2012 performance and on February 19, 2013 a grant of 100,000 retention shares was made vesting in tranches over a 7 year period. Both of these grants were erroneously made in excess of the 2012 Share Plan Agreement allowances and therefore were cancelled and regranted as restricted stock on June 17, 2014. The regrant includes 70,000 shares related to the January 2, 2013 2012 performance grant and 80,000 shares related to the February 19, 2013 retention grant. The 70,000 shares will vest as follows: 10,000 shares on January 2, 2015, 20,000 shares on January 2, 2016, 20,000 shares on January 2, 2017, and 20,000 shares on January 2, 2018. The 80,000 shares will vest in accordance with the following schedule: 6,667 shares on February 19, 2015, 13,333 shares on February 19, 2016, 20,000 shares on February 19, 2017, 20,000 shares on February 19, 2018, 13,333 shares on February 19, 2019, and 6,667 shares on February 19, 2020. The terms of these grants did not materially change.

(5) As the terms of the grant did not materially change, the grant date fair value is based on the original grant date, February 19, 2013, stock price of \$24.26.

(6) As the terms of the grant did not materially change, the grant date fair value is based on the stock price as of the original grant dates, January 2, 2013 (\$26.29) and February 19, 2013 (\$24.26).

(7) The reflected grant is for deferred shares for 2014 performance that was erroneously granted in excess of the allowed limits in the 2012 Share Plan Agreement. These shares were cancelled and re-granted on June 17, 2014, see note (8) below.

(8) The reflected grant is a regrant of the deferred shares granted for 2014 performance that were made in excess of the allowed limits in the 2012 Share Plan Agreement. The requirements for receiving these shares are outlined in the "Target Bonus" section outlined above. This award will vest in entirety on December 31, 2015. Upon regrant, the terms of the grant did not materially change; and therefore, the grant date fair value is based on the stock price as of the original grant date, February 5, 2014.

(9) These awards are deferred shares granted for 2014 performance and will vest in full on December 31, 2015. The requirements for receiving the awards are outlined in the "Target Bonus" section outlined above.

(10) These options vest over a 3 year period beginning on the anniversary of the grant date and have a 10 year term.

(11) The award is deferred shares granted for 2014 performance that were forfeited by Ms. Mills on September 12, 2014 when she resigned from the Company. The requirements for receiving the award are outlined in the "Target

Bonus" section outlined above.

(12) These options vest over a 3 year period beginning on the anniversary of the grant date and have a 10 year term. Ms. Mills forfeited all 2,000 options on September 12, 2014 when she resigned from the Company.

Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table

Employment Agreements

We do not have employment agreements with any of our named executive officers. We have entered into severance agreements with Mr. MacDonald, Ms. Sheetz, and Mr. Robinson, which provide for severance payments and benefits upon certain terminations of employment, which are described in further detail below under the heading "Potential Payments Upon Termination or Change in Control."

- 46 -

Annual Incentive Bonus

Our annual incentive bonus has a cash component and a performance-based deferred share component, with the earned shares vesting one year after the end of the performance period. For 2014, our named executive officers received 50% of their target cash bonus amounts based on our performance in 2014, which is set forth in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table. The performance-based deferred shares were deemed to be earned at the minimum level based on our performance, and the value of such deferred shares are included in the “Stock Awards” column of the Summary Compensation Table. These deferred shares will not be fully vested until December 31, 2015, provided the executive remains employed through that date. Ms. Mills did not receive an annual cash bonus and all performance-based deferred shares were forfeited upon her termination of employment. A more detailed discussion of our annual incentive bonus is included above under the heading “Annual Incentive Bonus”.

Corrective Action With Respect to Certain Long-Term Compensation

As discussed above under the heading “Long-Term Compensation Correction During 2014”, we took actions during 2014 to correct certain grants of restricted shares and performance-based deferred shares made to Mr. MacDonald during 2013 and 2014 and Ms. Sheetz during 2014 that were in excess of the limit on grants to an individual during a 12-month period under our 2012 Plan. The Summary Compensation Table reflects the value of these corrected grants in the 2014 column entitled “Stock Awards.” For Mr. MacDonald, the values in the “Stock Awards” column for 2013 have been adjusted to remove the value of the grants that were deemed to be ineffective due to this correction.

As a result of the corrective action, the amounts in the “Total Compensation” column of the Summary Compensation Table for 2013 and 2014 do not reflect the intentions of the Compensation Committee with respect to Mr. MacDonald’s compensation, as the amounts included in 2014 compensation include amounts intended to be granted in 2013. The table below more accurately reflects the intention of the Compensation Committee with respect to Mr. MacDonald’s compensation.

Name and Principal Position	Year	Salary	Stock Awards	Non-Equity Incentive Plan Compensation	All Other Compensation	Total
		(\$)	(\$)	(\$)	(\$)	(\$)
Michael C. MacDonald Chairman of the Board Chief Executive Officer	2014	635,400	530,400	317,700	27,071	1,510,571
	2013	600,000	5,782,800	675,000	12,886	7,070,686

As noted above, however, the “Total Compensation” for 2014 for Mr. MacDonald does not reflect the value actually received by Mr. MacDonald during 2014, and “Total Compensation” for 2013 includes the value of awards granted in 2013 that have a vesting period of up to seven years. For a more accurate display of the value of compensation received by Mr. MacDonald with respect to 2014, see “Realized Compensation” above.

Potential Payments upon Termination or Change in Control

Mr. MacDonald, Mr. Robinson, and Ms. Sheetz

On June 19, 2013, the Company executed certain severance agreements with each of the Company's Chairman and CEO; CFO; and President and COO.

Under the terms of these agreements, in the event of a termination of employment by the Company without "Cause", or by any of these executives with "Good Reason," the officer would be eligible to receive the following as severance (in addition to receiving all accrued but unpaid salary and accrued vacation as of the termination date):

- i. the executive's then-current annual salary, which will be paid in accordance with the Company's regular payroll practices, for a period of one (1) year following the date of termination;

- ii. the annual bonus, including any cash or stock that the executive would have been entitled to had he or she been employed for the entire calendar year (provided that the related performance metrics are satisfied), at the target level, which will be paid when such consideration is normally paid to executives in accordance with the Company's regular practices; and
- iii. continued coverage under the Company's health, disability, and other insurance benefits for a period of one (1) year following the termination date.

In addition, under the terms of these agreements, and notwithstanding anything to the contrary in the Company's 2012 Plan or in any other agreement between the executive and the Company, upon the occurrence of a "Change of Control" as defined in the 2012 Plan, any and all awards previously granted under the plan will become immediately and fully vested and, to the extent applicable, exercisable as of the date immediately prior to such Change of Control.

For purposes of these agreements, the Company will have "Cause" to terminate the executive's employment in the event that the executive violates any material provision of the Company's Code of Conduct and Business Ethics.

For purposes of these agreements, these executives will be deemed to have "Good Reason" to terminate his or her employment if any of the following occur: (i) a material diminution in title, status, authority, duties or responsibilities, including the imposition of any requirement that the executive report to a person other than the CEO; (ii) any material reduction in compensation from the executive's current total compensation, including current base salary and bonuses; (iii) the Company's breach of any of its obligations under the agreement, provided, however, if cure is possible, the failure by the Company to cure the circumstance or breach within 30 days after receiving notice from the executive; (iv) the relocation of the executive's work location by more than 50 miles from the current location in Baltimore, Maryland; and (v) the failure by any successor of the Company to assume in writing the Company's obligations under this agreement.

The payments and benefits to be provided under these agreements are subject to certain confidentiality, non-solicitation, and non-disparagement provisions.

Mr. Kagen and Mr. Gould

We do not have employment agreements or severance arrangements with Mr. Kagen or Mr. Gould. Upon a termination of employment, they would not be entitled to any cash severance from the Company or the acceleration of any equity awards.

Ms. Mills

Ms. Mills left the Company on September 12, 2014 to pursue other opportunities. We did not have any severance obligations to Ms. Mills under any employment agreement or other severance policy. However we agreed to continue to pay Ms. Mills' base salary for a period of 55 weeks following her termination of employment and to continue her participation in our medical, dental and/or vision plans during that period. We also agreed to accelerate and vest on a pro-rata basis, the portion of the 10,000 restricted shares granted to her in connection with her hiring that would have vested on the next vesting date following her termination. No adjustments were made to the restricted shares granted to her in 2013 in connection with her service to the Board of Directors that will vest on January 1, 2015. All other unvested equity awards held by Ms. Mills were forfeited in their entirety. Ms. Mills executed a general release of claims in favor of the Company and is bound by a covenant not to compete for six months following her termination.

TRANSACTIONS WITH RELATED PERSONS

The Board has established a policy and certain procedures that must be followed prior to any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships, including any indebtedness or guarantee of indebtedness, with a “related person” (as defined by the SEC’s rules and regulations). Under this policy, the Nomination Committee monitors and reviews issues involving potential conflicts of interest involving officers and directors of the Company, including reviewing all related party transactions (generally, transactions involving amounts exceeding \$120,000 in which a related person has a direct or indirect material interest).

PROPOSAL 3: RATIFICATION OF INDEPENDENT AUDITORS FOR 2015

The Board has appointed McGladrey LLP (“McGladrey”), as the Company’s independent registered public accounting firm for the fiscal year ended December 31, 2015 (“Fiscal Year 2015”). The appointment was made by the Audit Committee of the Board. The appointment of McGladrey as the Company’s independent registered public accounting firm is subject to ratification by the Company’s stockholders at the Annual Meeting. Representatives of McGladrey will be present at the Annual Meeting and will be given an opportunity to make a statement. Such representatives will also be available to respond to appropriate questions.

The Board recommends that the stockholders ratify the appointment of McGladrey as the Company’s independent registered public accounting firm for Fiscal Year 2015 by adopting the following resolution at the Annual Meeting:

“RESOLVED, that the appointment of McGladrey as independent auditors of this Company for the fiscal year ended December 31, 2015, is hereby APPROVED, RATIFIED, AND CONFIRMED.”

THE BOARD RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF MCGGLADREY AS INDEPENDENT AUDITORS OF THE COMPANY FOR THE FISCAL YEAR ENDED DECEMBER 31, 2015.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee assists the Board in oversight of (i) risks related to the integrity of the Company’s financial statements; (ii) the performance of the independent auditor; (iii) the independent auditor’s qualification and independence; and such other matters as are described in the Committee’s Charter. In addition to discussions with the CEO, Chief Financial Officer (“CFO”) and other members of Management regarding the preparation of the Company’s financial statements and operating results, the Audit Committee received periodic reports from the Company’s Internal Audit and Legal departments. Such reports addressed, among other matters, ongoing projects, control assessments and audits being conducted by the Internal Audit department, reports to the Company’s compliance hotline and/or issues involving the Company’s Code of Business Conduct, material litigation and significant legal developments involving the Company and/or its subsidiaries, and proposed organizational changes. The Audit Committee also received periodic routine reports regarding the Company’s efforts to comply with Section 404 of the Sarbanes-Oxley Act and efforts related to the completion and periodic filings of the Company’s financial statements with the SEC. In addition to the scheduled meetings of the Audit Committee, the members of the Audit Committee held periodic telephonic discussions and/or in-person meetings with Management regarding various subjects. Such informal periodic meetings and discussions permit the Audit Committee to provide advice and assistance to Management on a more frequent basis than the regularly scheduled meetings of the Audit Committee.

The meetings of the Audit Committee also were designed to facilitate and encourage communication among the Committee, the Company, and the Company's independent registered public accounting firm, McGladrey. The Audit Committee discussed with McGladrey the overall scope and plans for the integrated audit of the Company's financial statements, and met with McGladrey with and without Management present, to discuss the results of their audits and evaluations of the Company's internal controls, and to discuss the efforts expended by the Company in connection with the preparation and filing of the financial statements.

- 52 -

Management has the primary responsibility for establishing and maintaining adequate internal financial controls, for preparing the financial statements and for the public reporting process. Neither the Audit Committee nor McGladrey are responsible for the preparation of the Company's consolidated financial statements, its operating results or for the appropriate safekeeping of the Company's assets. McGladrey's responsibility is to attest to the Company's fair presentation of the consolidated financial statements and attest to the effectiveness of internal controls over financial reporting. The independent registered public accounting firm is accountable to the Audit Committee, and the Audit Committee has the ultimate authority and responsibility to select, evaluate and, where appropriate, replace the independent registered public accounting firm. The role of the Audit Committee is to be satisfied that both the Company and the independent registered public accounting firm discharge their respective responsibilities effectively.

The Audit Committee has reviewed and discussed the audited consolidated financial statements for the fiscal year ended December 31, 2014 with Management and McGladrey. In addition, the Audit Committee has discussed with McGladrey the matters required to be discussed by Auditing Standards No. 16, "Communications with Audit Committees, issued by the Public Company Accounting Oversight Board (the "PCAOB").

McGladrey has provided to the Audit Committee the written disclosures and the letter required by the applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and the Audit Committee has discussed with McGladrey that firm's independence from the Company. The Audit Committee has concluded that McGladrey's provision of audit services to the Company is compatible with McGladrey's independence. The Audit Committee also reviewed and approved, among other things, the amount of fees paid to McGladrey for audit and non-audit services. For further information regarding these fees, please see the fees chart located in *Information Regarding the Independent Registered Public Accounting Firm's Fees, Services and Independence* .

Based on its review and the meetings, discussions and reports described above, and subject to the limitations on its role and responsibilities referred to above and in the Audit Committee Charter, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements for the fiscal year ended December 31, 2014, be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014.

The Audit Committee,

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of the Independent Registered Public Accountant

The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent registered public accountant. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by the independent registered public accountant.

Under the policy, pre-approval is generally provided for work associated with the following:

- registration statements under the Securities Act of 1933 (for example, comfort letters or consents);
- due diligence work for potential acquisitions or dispositions;
- attest services not required by statute or regulation;
- adoption of new accounting pronouncements or auditing and disclosure requirements, and accounting or regulatory consultations;

- 54 -

- internal control reviews and assistance with internal control reporting requirements;
- review of information systems security and controls;
- tax compliance, tax planning, and related tax services, excluding any tax service prohibited by regulatory or other oversight authorities; expatriate and other individual tax services; and
- assistance and consultation on questions raised by regulatory agencies.

For each proposed service, the independent registered public accountant is required to provide detailed back-up documentation at the time of approval to permit the Audit Committee to make a determination whether the provision of such services would impair the independent registered public accountant's independence.

The Audit Committee has approved in advance certain permitted services whose scope is routine across business units, including statutory or other financial audit work for non-U.S. subsidiaries that is not required for Exchange Act audits.

The Audit Committee pre-approved all audit, audit-related, tax, and other services provided by McGladrey during fiscal year 2014 in accordance with this policy.

Any such proposal must be received at least 120 days before the anniversary of the mailing of the prior year's proxy material, unless the date of our 2016 annual meeting of stockholders is changed by more than 30 days from June 17, 2016, in which case, the proposal must be received a reasonable time before we begin to print and mail our proxy materials. Any such notice must set forth the specific information required by Rule 14a-8 of Regulation 14A of the Exchange Act, including without limitation: (a) the name and address of the stockholder and the text of the proposal to be introduced; (b) the number of shares of common stock held of record, owned beneficially, and represented by proxy by such stockholder as of the date of such notice; and (c) a representation that the stockholder intends to appear in person or by proxy at the 2016 annual meeting of stockholders to introduce the proposal specified in the notice.

In addition, our Bylaws establish certain requirements for proposals a stockholder wishes to make from the floor of the 2016 Annual Meeting of Stockholders. If the proposal is for a matter other than the nomination of a director for election at the meeting, the proposal must be written and delivered to the Secretary at the address set forth above, not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting of stockholders; *provided, however*, that in the event that the date of the annual meeting of stockholders is more than 30 days before or more than 60 days after such anniversary date, notice by the stockholder to be timely must be so delivered by not earlier than the close of business on the 90th day prior to such annual meeting, and not later than the close of business on the later of the 60th day prior to such annual meeting, or the 10th day following the day on which public announcement of the date of such meeting is first made by the Company. In no event shall the public announcement of an adjournment or postponement of the annual meeting of stockholders commence a new time period for the giving of a stockholder's notice as described above. As described in Section 1.2 of our Bylaws, the notice must contain: (a) a reasonably detailed description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting, and any material interest in such business of the stockholder giving the notice, and the beneficial owner, if any, on whose behalf the proposal is made; (b) the name and address of the stockholder giving the notice as it appears on the Corporation's books, and of the beneficial owner, if any, on whose behalf the proposal is made; and (c) the class and number of shares of the Company which are owned beneficially and of record by the stockholder giving the notice, and the beneficial owner, if any, on whose behalf the proposal is made.

Our Bylaws also set forth the procedure for a stockholder's nomination of directors. As described in Section 1.5 of our Bylaws, nominations of persons for election to the Board of Directors may be made at any annual meeting of stockholders, or at any special meeting of stockholders called for the purpose of electing directors by any stockholder who is a stockholder of record at the time such person provides the required notice; *provided that* the notice meets the requirements set forth below, and that they continue to be a stockholder at the time of the meeting. The written notice required with respect to any nomination (including the completed and signed questionnaire, representation, and agreement discussed below) must be given, either by personal delivery or by United States mail, postage prepaid, to the Secretary of the Company (a) with respect to an election to be held at an annual meeting of stockholders, not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting, or the 10th day following the day on which public announcement of the date of such meeting is first made by the Company, and (b) with respect to an election to be held at a special meeting of stockholders for the election of directors, not less than 90 days nor more than 120 days prior to the date of such special meeting or the close of business on the 10th day following the earlier of (i) the date on which notice of such meeting is first given to stockholders and (ii) the date on which a public announcement of such meeting is first made. In no event shall the public announcement of an adjournment or postponement of an annual meeting or special meeting commence a new time period for the giving of a stockholder's notice as described above. Each such notice shall include: (1) the class and number of shares of the Company which are owned beneficially and of record by such stockholder and such beneficial owner, if any, on whose behalf the nomination is made, and each person whom the stockholder proposes to nominate for election as a director; (2) the name and address of each stockholder of record who intends to appear in person or by proxy to make the nomination and of the person or persons to be nominated; (3) the consent of each nominee to serve as a director of the Company if so elected; and (4) as to each person whom the stockholder proposes to nominate for election as a director (i) the name of each nominee holder of shares owned beneficially but not of record by such person and the number of shares of stock held by each such nominee holder, (ii) whether and the extent to which any derivative instrument, swap, option, warrant, short interest, hedge or profit interest, or other transaction has been entered into by or on behalf of such person with respect to stock of the Company, and whether any other agreement, arrangement, or understanding (including any short position or any borrowing or lending of shares of stock) has been made by or on behalf of such person, the effect or intent of any of the foregoing being to mitigate loss to, or to manage risk of stock price changes for, such person, or to increase the voting power or pecuniary or economic interest of such person with respect to stock of the Company, (iii) any other information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act, and the rules and regulations promulgated thereunder, and (iv) a completed and signed questionnaire with respect to the background and qualifications of the person the Stockholder proposes to nominate for election as a director and a written representation and agreement (in a form to be provided by the Secretary of the Company).

The required representation and agreement provides that such person (a) is not and will not become a party to (i) any agreement, arrangement or understanding with, and has not given any commitment or assurance to, any person or entity as to how such person, if elected as a director of the Company, will act or vote on any issue or question (a "Voting Commitment") that has not been disclosed to the Company, or (ii) any Voting Commitment that could limit or interfere with such person's ability to comply, if elected as a director of the Company, with such person's fiduciary duties under applicable law, (b) is not and will not become a party to any agreement, arrangement, or understanding with any person or entity other than the Company with respect to any direct or indirect compensation, reimbursement, or indemnification in connection with service or action as a director that has not been disclosed therein, and (c) in such person's individual capacity and on behalf of any person or entity on whose behalf the nomination is being made, would be in compliance, if elected as a director of the Company, and will comply with all applicable publicly disclosed corporate governance, conflict of interest, confidentiality, and stock ownership and trading policies and

guidelines of the Company.

In addition, Section 1.5(e) of our Bylaws provide that the stockholder's notice must set forth the following information (regardless of whether the notice pertains to the nomination of directors or the proposal of other business): (a) the name of each nominee holder of shares owned beneficially but not of record by such stockholder, and the number of shares of stock held by each such nominee holder; (b) whether and the extent to which any derivative instrument, swap, option, warrant, short interest, hedge or profit interest or other transaction has been entered into by or on behalf of such stockholder with respect to stock of the Company, and whether any other agreement, arrangement, or understanding (including any short position or any borrowing or lending of shares of stock) has been made by or on behalf of such stockholder, the effect or intent of any of the foregoing being to mitigate loss to, or to manage risk of stock price changes for, such stockholder or to increase the voting power or pecuniary or economic interest of such stockholder with respect to stock of the Company; (c) a description of all agreements, arrangements, or understandings between such stockholder, and (i) any other person or persons (including their names) in connection with the proposal of such business by such stockholder or (ii) each proposed nominee and any other person or persons (including their names) pursuant to which the nomination(s) are to be made by such stockholder, as the case may be, and any material interest of such stockholder in such business or nomination, as the case may be, including any anticipated benefit to the stockholder therefrom; (d) a representation that such stockholder intends to appear in person or by proxy at the annual meeting to bring such business before the meeting or to nominate the persons named in its notice, as the case may be; and (e) any other information relating to such stockholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with the solicitation of proxies with respect to business brought at an annual meeting of stockholders or for election of directors, as the case may be, pursuant to Section 14 of the Exchange Act, and the rules and regulations promulgated thereunder. The chairperson of the 2016 annual meeting of stockholders may refuse to acknowledge the introduction of any stockholder proposal or director nomination not made in compliance with the foregoing procedures.

CERTAIN MATTERS RELATING TO PROXY MATERIALS AND ANNUAL REPORTS

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for Proxy Statements, with respect to two or more stockholders sharing the same address, by delivering a single Proxy Statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. Medifast and some brokers household proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once stockholders have received notice from their broker or us that materials will be sent in the householding manner to the stockholder's address, householding will continue until otherwise notified or until the stockholder revokes such consent. If, at any time, stockholders no longer wish to participate in householding and would prefer to receive a separate proxy statement, they should notify their broker if shares are held in a brokerage account, or us if holding registered shares.

Any beneficial owner can request (i) to receive a separate copy of an annual report or proxy statement for this meeting, (ii) to receive separate copies of those materials for future meetings, or (iii) if the stockholder shares an address and wishes to request delivery of a single copy of annual reports or proxy statements if now receiving multiple copies of annual reports or proxy statements, you can make your request in writing to your broker.

Charitable Contributions

Under NYSE 303A.02 (b)(v), the Company is required to report as to whether or not any charitable contributions were made by the Company to any charitable organization for which a Company Director served as an Executive Officer of that organization in an amount greater than \$1 million or 2% of such charitable organization's consolidated gross revenues for the years 2014, 2013 or 2012. The Company did not make any such charitable contributions in excess of those amounts.

Communications with the Board or Its Committees

Stockholders and other parties interested in communicating directly with the Board, non-management directors as a group or individual directors, including Barry B. Bondroff as Lead Director of the Board in his capacity as the presiding director of executive sessions of non-management directors, may do so by writing to Medifast, Inc., c/o Corporate Secretary, 3600 Crondall Lane, Suite 100, Owings Mills, Maryland 21117, indicating to whose attention the communication should be directed. Under a process approved by the Board for handling letters received by the Company and addressed to non-management directors, the Corporate Secretary of the Company reviews all such correspondence and forwards to members of the Audit Committee a summary and/or copies of any such correspondence that, in the opinion of the Corporate Secretary, deal with the functions of the Board or committees thereof, or that the Corporate Secretary otherwise determines requires their attention. Directors may at any time review a log of all correspondence received by the Company and addressed to members of the Board and request copies of any such correspondence.
