TERNIUM S.A. Notes to the Consolidated Condensed Interim Financial Statements

1 Basis of presentation

Ternium S.A. (the "Company" or "Ternium"), a Luxembourg Corporation (Societe Anonyme), was incorporated on December 22, 2003 under the name of Zoompart Holding S.A. to hold investments in flat and long steel manufacturing and distributing companies. The extraordinary shareholders' meeting held on August 18, 2005, changed the corporate name to Ternium S.A.

These consolidated condensed interim financial statements have been prepared in accordance with IAS 34, "Interim Financial Reporting".

These consolidated condensed interim financial statements should be read in conjunction with the audited combined consolidated financial statements for the year ended December 31, 2005.

Certain comparative amounts have been reclassified to conform to changes in presentation in the current period.

The preparation of consolidated condensed interim financial statements requires management to make estimates and assumptions that might affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the balance sheet dates, and also the reported amounts of revenues and expenses for the reported periods. Actual results may differ from these estimates.

Material intercompany transactions and balances have been eliminated in consolidation. However, the fact that the functional currency of the Company's subsidiaries differ, results in the generation of foreign exchange gains (losses) that are included in the consolidated condensed interim income statement under "Financial expenses, net".

These consolidated condensed interim financial statements were approved by the Board of Directors of Ternium on April 28, 2006.

2 Accounting policies

The accounting policies used in the preparation of these consolidated condensed interim financial statements are consistent with those used in the audited combined consolidated financial statements for the year ended December 31, 2005.

A detail of the accounting policies followed by the Company in the preparation of these financial statements, other than those followed in the preparation of the audited combined consolidated financial statements for the year ended December 31, 2005 follows:

Edgar Filing: Ternium S.A. - Form 6-K

- Non-current assets (disposal groups) classified as held for sale

Non-current assets (disposal groups) are classified as assets held for sale and stated at the lower of carrying amount and fair value less cost to sell if their carrying amount is recovered principally through a sale transaction rather than through a continuing use.

The carrying value of non-current assets classified as held for sale total USD 9.8 million and include principally land and other real estate items. Sale is expected to be completed within a one year period.

3 Initial public offering

In January 2006, the Company successfully completed its registration process with the United States Securities and Exchange Commission ("SEC") and announced the commencement of its offer to sell 24,844,720 American Depositary Shares ("ADS") representing 248,447,200 shares of common stock through Citigroup Global Markets Inc., Deutsche Bank Securities Inc., JP Morgan Securities Inc., Morgan Stanley & Co. Incorporated, BNP Paribas Securities Corp., Caylor Securities (USA) Inc. and Bayerische Hypo-und Vereinsbank AG (collectively, the "Underwriters" and the offering thereunder, the "Initial Public Offering"). The gross proceeds from the Initial Public Offering totaled USD 496.9 million and have been used to fully repay Tranche A of the Ternium Credit facility, after deducting related expenses.

Also, the Company has granted to the Underwriters an option, exercisable for 30 days from January 31, 2006, to purchase up to 3,726,708 additional ADSs at the public offering price of USD20 per ADS less an underwriting discount of USD0.55 per ADS. On February 23, 2006 the underwriter exercised such option to purchase 2,298,136 ADSs at the public offering price of USD20 per ADS less an underwriting discount of USD0.55 per ADS.

The gross proceeds from this transaction totaled USD 46.0 million.

TERNIUM S.A.

Notes to the Consolidated Condensed Interim Financial Statements (Contd.)

3 Initial public offering (continued)

In addition, the Company entered into the Subordinated Convertible Loan Agreements for a total aggregate amount of USD594 million to fund the acquisition of Hylsamex. As per the provisions contained in the Subordinated Convertible Loan Agreements, the Subordinated Convertible Loans would be converted into shares of the Company upon delivery of Ternium's ADSs to the Underwriters. On February 6, 2006 the Company delivered the above mentioned ADSs and, accordingly, the Subordinated Convertible Loans (including interest accrued through January 31, 2006) were converted into shares at a conversion price of USD2 per share, resulting in the issuance of 302,962,261 new shares.

Furthermore, in November 2005, Sidetur, a subsidiary of Sivensa, exchanged with ISL its 3.42% equity interest in Amazonia and USD 3,1 million in cash for shares of the Company. ISL has contributed such interest in Amazonia to the Company in exchange for shares of the Company after the settlement of the Initial Public Offering.

13 Recent accounting pronouncements

IFRIC Interpretation 9, Reassessment of Embedded Derivatives

In February 2006, the International Financial Reporting Interpretations Committee ("IFRIC") issued IFRIC Interpretation 9 "Reassessment of Embedded Derivatives" ("IFRIC 9"). IFRIC 9 applies to all embedded derivatives within the scope of International Accounting Standard No. 39. However, it does not address (i) remeasurement issues arising from a reassessment of embedded derivatives, or (ii) the acquisition of contracts with embedded derivatives in a business combination nor their possible reassessment at the date of acquisition.

Paragraph 7 of IFRIC 9 states that an entity shall assess whether an embedded derivative is required to be separated from the host contract and accounted for as a derivative when the entity first becomes a party to the contract. Subsequent reassessment is prohibited unless there is a change in the terms of the contract that significantly modifies the cash flows that otherwise would be required under the contract, in which case reassessment is required. Also, paragraph 8 of IFRIC 9 states that a first-time adopter shall assess whether an embedded derivative is required to be separated from the host contract and accounted for as a derivative on the basis of the conditions that existed at the later of the date it first became a party to the contract and the date a reassessment is required by paragraph 7.

An entity shall apply this Interpretation for annual periods beginning on or after 1 June 2006, although earlier application is encouraged. If an entity applies the Interpretation for a period beginning before 1 June 2006, it shall disclose that fact. The Interpretation shall be applied retrospectively.

The Company's management has not assessed the potential impact that the application of IFRIC 9 may have on the Company's financial condition or results of operations.

14 Post balance sheet events

The following are the main post balance sheet events:

a) In April 2006, the Company acquired a 50% equity interest in Acerex S.A. de C.V. ("Acerex") through its subsidiary Hylsa S.A. de C.V. Total purchase price accounted for USD 44.6 million. Upon completion of this transaction (which is expected to occur in the second quarter of fiscal year 2006 following the approval by the Mexican competition authorities) Hylsa S.A. de C.V. will own 100% of Acerex.

Acerex is a service center dedicated to processing steel to produce short-length and steel sheets in various widths. Acerex operates as a cutting and processing plant for Ternium's Mexican operations and as an independent processor for other steel companies.

b) On April 19, 2006, the Shareholders' Meeting of Siderar, approved the distribution of dividends in cash for 122.8 million of Argentine pesos (approximately USD 40.0 million).
