Re: Acquisition Proposal

On behalf of Sun Pharmaceutical Industries Ltd. and its affiliates (collectively, "Sun Pharma"), we are pleased to submit this proposal to acquire all the outstanding shares in Taro not currently held by Sun Pharma (the "Transaction"), as further detailed below.

We would propose to effect the Transaction at a price of US \$24.50 per Taro share, payable in cash (the "Purchase Price"). The Purchase Price represents a company valuation of approximately US \$1.09 billion for Taro. The Purchase Price further represents a premium of 25.96% over Taro's closing price on October 17, 2011, a 23.80% premium over Taro's average closing price in the last 60 days and more than three times the price paid for Taro shares in the tender offer that ended on September 14, 2010 and a compelling liquidity opportunity for Taro's shareholders. Our proposal is not subject to any financing condition.

We believe that the Transaction is beneficial both for Taro as well as its public shareholders and would welcome the opportunity to present our rationale for the Transaction to Taro's Board or, should Taro set up an independent committee to review the Transaction on behalf of Taro, such committee, and to discuss this proposal with you at greater length and to answer any questions that you or your advisers may have.

We would expect to structure the Transaction as a statutory reverse triangular merger under the Israeli Companies Law, with the intent of executing a definitive merger agreement containing customary representations, warranties, covenants and closing conditions, as promptly as practicable. We expect the Transaction to close within 30 days of the receipt of the requisite shareholder approval of Taro, subject to satisfaction of the other usual and customary closing conditions.

We are highly interested in pursuing this Transaction on an expedited timetable, and look forward to working with you to document the Transaction. We appreciate receiving your response to our proposal as soon as reasonably
