Item 1.01. Entry into a Material Definitive Agreement.

\$300 Million Unsecured Credit Facility

On October 10, 2013, Summit Hotel OP, LP (“Summit OP”), as borrower, Summit Hotel Properties, Inc. (“Company”), as parent guarantor, and each party executing the credit facility documentation as a subsidiary guarantor, entered into a \$300 million senior unsecured credit facility with Deutsche Bank AG New York Branch, as administrative agent, Deutsche Bank Securities Inc., as sole lead arranger, and a syndicate of lenders including Deutsche Bank AG New York Branch, Bank of America, N.A., Royal Bank of Canada, Key Bank National Association, Regions Bank, Fifth Third Bank, Raymond James Bank, N.A., and U.S. Bank National Association.

The unsecured credit facility is comprised of a \$225 million revolving credit facility (the “\$225 Million Revolver”) and a \$75 million term loan (the “\$75 Million Term Loan”) and replaces our \$150 million senior secured revolving credit facility. The credit facility has an accordion feature which will allow us to increase the total commitments by an aggregate of \$100 million on the \$225 Million Revolver and \$75 Million Term Loan prior to October 10, 2017.

The following is a summary of the indicative terms and conditions for our \$300 million credit facility. The Operating Partnership is the borrower under the credit facility. The credit facility is guaranteed by the Company and all of our existing and future subsidiaries that own or lease an “unencumbered asset.”

Outstanding borrowings on the \$300 million credit facility are limited to the least of (1) the aggregate commitments of all of the lenders, (2) the aggregate value of the unencumbered assets, less the consolidated unsecured indebtedness of the Company, all as calculated pursuant to the terms of the credit facility documentation, multiplied by 60% and (3) the principal amount that when drawn under the credit facility would result in an unsecured interest expense, calculated on a pro forma basis for the next consecutive four fiscal quarters of the Company after taking such draws into account, equal to 50% of the net operating income of the unencumbered assets, as adjusted pursuant to the credit facility documentation. A minimum of 20 of our hotel properties must qualify as unencumbered assets, as defined in the credit facility documentation, or the aggregate value of the unencumbered assets will be deemed to be \$0.

The \$225 Million Revolver will mature on October 10, 2017 which can be extended to October 10, 2018 at our option, subject to certain conditions. The \$75 Million Term Loan will mature on October 10, 2018.

Payment Terms. We are obligated to pay interest at the end of each selected interest period, but not less than quarterly, with all outstanding principal and accrued but unpaid interest due at the maturity of the respective facility. We have the right to repay all or any portion of the outstanding borrowings from time to time without penalty or premium, other than customary early payment fees if we repay a LIBOR loan before the end of the contract period. In addition, we will be required to make earlier principal reduction payments in the event of certain changes in the unencumbered asset availability.

---

We pay interest on advances at varying rates, based upon, at our option, either (i) 1, 2, 3, or 6-month LIBOR, plus a LIBOR margin between 1.75% and 2.50%, depending upon our leverage ratio (as defined in the loan documents), or (ii) the applicable base rate, which is the greatest of the administrative agent's prime rate, the federal funds rate plus 0.50%, and 1-month LIBOR plus 1.00%, plus a base rate margin between 0.75% and 1.50%, depending upon our leverage ratio. In addition, on a quarterly basis, we will be required to pay a fee on the unused portion of the unsecured credit facility equal to the unused amount multiplied by an annual rate of either (i) 0.30%, if the unused amount is equal to or greater than 50% of the maximum aggregate amount of the credit facility, or (ii) 0.20%, if the unused amount is less than 50% of the maximum aggregate amount of the credit facility. We will also be required to pay other fees, including customary arrangement and administrative.

Financial and Other Covenants. In addition, we are required to comply with a series of financial and other covenants in order to borrow under the \$300 million credit facility. The material financial covenants include the following:

- a maximum leverage ratio (as defined by, and subject to the terms described in the credit facility documentation) as follows:

Period	Leverage Ratio
Closing Date through the December 31, 2013	6.50:1.00
January 1, 2014 through June 30, 2014	6.25:1.00
July 1, 2014 and thereafter	6.00:1.00

- a minimum consolidated tangible net worth (as defined in the loan documentation) of not less than \$524,697,000 plus 75% of the net proceeds of subsequent equity issuances;
- a maximum dividend payout ratio of 95% of funds from operations (as defined in the loan documentation) or an amount necessary to maintain REIT tax status and avoid corporate income and excise taxes;
- a minimum consolidated fixed charge coverage ratio (as defined in the loan documentation) as follows:

Period	Consolidated Fixed Charge Coverage Ratio
Closing Date through June 30, 2014	1.40:1.00
July 1, 2014 and thereafter	1.50:1.00

- a ratio of secured indebtedness (as defined in the credit facility documentation) to total asset value (as defined in the credit facility documentation) of not more than 45%; and

- a ratio of secured recourse indebtedness (as defined in the credit facility documentation) to total asset value (as defined in the credit facility documentation) of not more than 10%.

Concerning the unencumbered asset pool, we are required to comply with the following covenants:

- a ratio of consolidated unsecured indebtedness of the Company (as defined in the credit facility documentation) to unencumbered asset value (as defined in the credit facility documentation) equal to or less than 60%; and
- a ratio of unencumbered adjusted net operating income (as defined in the credit facility documentation) to assumed unsecured interest expense (as defined in the credit facility documentation) equal to or greater than 2.00x.

We are also subject to other customary covenants, including restrictions on investments and limitations on liens and maintenance of properties. The credit facility also contains customary events of default, including, among others, the failure to make payments when due under any of the credit facility documentation, breach of any covenant continuing beyond any cure period and bankruptcy or insolvency.

Unencumbered Assets. The \$300 million credit facility is unsecured. However, borrowings under the credit facility are limited by the value of hotel assets that qualify as unencumbered assets. As of the date of the credit facility, 32 of our hotel properties qualified as, and are deemed to be, unencumbered assets, including:

Among other conditions, unencumbered assets must not be subject to liens or security interests, and the owner and operating lessee of such unencumbered asset must execute a guaranty supplement pursuant to which the owner and operating lessee become subsidiary guarantors of the credit facility. In addition, hotels may be added to or removed from the unencumbered asset pool at any time so long as there is a minimum of 20 hotels in the unencumbered asset pool, the unencumbered assets meet certain diversity requirements (such as limits on concentrations in any particular market), the then-current borrowings on the credit facility do not exceed the maximum available under the facility given the availability limitations described above. Further, to be eligible as an unencumbered asset, the anticipated property must: be franchised with a nationally-recognized franchisor; have been in operation a minimum of one year; satisfy certain ownership, management and operating lessee criteria; not be subject to material defects, such as liens, title defects, environmental contamination and other standard lender criteria.

We transferred to the \$300 million unsecured credit facility the outstanding principal balance of \$8 million on the existing \$150 million senior secured revolving credit facility. The \$150 million senior secured revolving credit facility was paid off in full and terminated upon entry into the \$300 million unsecured credit facility described above.

We have entered into an interest rate swap with a notional value of \$75 million that will become effective on January 2, 2014 and matures on October 1, 2018. This interest rate swap was designated a cash flow hedge and will effectively convert the interest rate on borrowings under the \$75 Million Term Loan to a fixed rate of 4.145%.
