At the meeting, you and the other shareholders will be asked to vote on the following:

- the election of five directors to the Board of Directors of ENGlobal;
- the approval of an amendment to the ENGlobal 2009 Equity Incentive Plan to increase the number of shares of common stock reserved for issuance thereunder from 480,000 shares to 980,000 shares;
- the ratification of the appointment of Hein & Associates LLP as the independent auditors of ENGlobal for fiscal year 2012; and
- any other business which properly comes before the meeting or at any adjournment or postponement thereof.

As we did last year, we are furnishing proxy materials to our shareholders over the Internet. You may read, print and download our proxy statement and annual report at <http://www.proxyvote.com>. On or about May 4, 2012, we will mail our shareholders a notice containing instructions on how to access our proxy materials and vote online. The notice also provides instructions on how you can request proxy materials be sent to you by mail or email and how you can enroll to receive proxy materials by mail or email for future meetings.

Only shareholders of record at the close of business on April 16, 2012 are entitled to notice of, and to vote at, the meeting and any adjournment or postponement thereof. Each share entitles the holder to one vote. You can vote over the Internet at <http://www.proxyvote.com> or by casting a ballot at the meeting. You may also vote by telephone by following the instructions found on the Internet site. If you request to receive proxy materials by mail or email, you may vote by any of the above methods or by mailing a proxy card. For specific voting information, see “General Information” beginning on page 1 of the enclosed proxy statement. Please submit a proxy or voting instructions in advance of the meeting even if you plan to attend the meeting. Submitting a proxy or voting instructions will not prevent you from attending the meeting in person, if you so desire, but will help ENGlobal ensure a quorum and reduce the expense of additional proxy solicitation.

Attendance is limited to shareholders of ENGlobal, their proxy holders and our guests. Shareholders holding stock in brokerage accounts must bring a brokerage statement or other evidence of share ownership as of April 16, 2012 in order to be admitted to the meeting.

Sincerely,

GENERAL INFORMATION

We are providing these proxy materials to you in connection with the solicitation of proxies by the Board of Directors (the “Board”) of ENGlobal Corporation (“ENGlobal”) for the 2012 Annual Meeting of Shareholders (the “Meeting”) and for any adjournment or postponement of the Meeting. In this Proxy Statement, we refer to ENGlobal as the “Company,” “we,” “our” or “us.”

We are making these proxy materials available to you on the Internet. On or about May 4, 2012, we will mail a notice to our shareholders containing instructions on how to access the proxy materials at <http://www.proxyvote.com> and vote online. In addition, shareholders may request proxy materials to be sent to them by mail or email.

Who is soliciting my proxy?

We are making these proxy materials available to you in connection with our solicitation of proxies for use at the Meeting. Specified directors, officers, and employees of ENGlobal may also solicit proxies on our behalf by mail, phone, fax, or in person.

Who is paying for this solicitation?

ENGlobal will pay for the solicitation of proxies, including the cost of preparing and assembling these proxy materials, making these proxy materials available on the Internet, mailing notices to our shareholders, and mailing these proxy materials to our shareholders on request. We have retained and paid a fee to Broadridge Financial Solutions, Inc. to assist us in making our proxy materials available on the Internet and tabulating our proxies, but we pay no separate compensation solely for the solicitation of proxies.

What is the purpose of the Meeting?

At the Meeting, shareholders will be asked to (1) elect directors, (2) approve an amendment to the ENGlobal 2009 Equity Incentive Plan (the “Plan”) to increase the number of shares of common stock reserved for issuance thereunder from 480,000 shares to 980,000 shares, and (3) ratify the appointment of Hein & Associates LLP as the independent auditors of ENGlobal for fiscal year 2012.

Who is entitled to vote at the Meeting?

Only shareholders of record at the close of business on April 16, 2012, the record date for the Meeting, are entitled to receive notice of and to vote at the Meeting. If you were a shareholder of record on that date, you are entitled to vote all of the shares you held on that date at the Meeting, or any postponements or adjournments of the Meeting.

If your shares are registered directly in your name, you are the holder of record of these shares and we will send the notice and online access and voting instructions directly to you. If you hold your shares in a brokerage account or through a bank or other holder of record, you hold the shares in “street name,” and your broker, bank or other holder of record will send voting instructions to you.

How many votes do I have?

You have one vote at the Meeting, or any postponements or adjournments of the Meeting, for each share of our common stock you owned as of the record date. Shareholders do not have cumulative voting rights.

How do I vote?

You may submit a proxy or voting instructions over the Internet at <http://www.proxyvote.com> by following the instructions provided in the notice mailed to you or by voting in person at the Meeting. You may also submit a proxy or voting instructions by telephone by following the instructions found on the Internet site. If you request proxy materials by mail or email, you may submit a proxy or voting instructions by any of the above methods or by completing and mailing a proxy card.

If you hold your shares in street name, you have the right to direct your broker, bank or other holder of record how to vote by following the instructions sent to you by the holder of record. If you desire to vote in person at the Meeting, as a holder in street name, you must provide a legal proxy from your bank, broker or other holder of record.

May I revoke my proxy or change my voting instructions?

Yes, you may revoke your proxy or change your voting instructions by (a) voting in person at the Meeting, (b) casting a vote over the Internet or by telephone at a later date or (c) sending a written notice of revocation to our Corporate Secretary by mail to ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, Texas 77060-5914 or by facsimile at (281) 878-1011; provided, that, with regard to (b) and (c), the Company receives such change prior to the Meeting. If you request proxy materials by mail or email, you may also change your proxy by mailing a proxy card with a later date, provided that the Company receives the later dated proxy card prior to the Meeting. If you submit a new proxy, only your later dated proxy (whether cast by Internet, telephone, mail or in person) will be counted.

What are the Board's recommendations?

The Board's recommendations are set forth together with the description of each item in this Proxy Statement. The Board recommends a vote FOR the election of five directors to our Board to serve until the next annual meeting of shareholders; FOR the approval of an amendment to the Plan to increase the number of shares of common stock reserved for issuance thereunder from 480,000 shares to 980,000 shares; and FOR the ratification of the appointment of Hein & Associates LLP as the independent auditors of ENGlobal for fiscal year 2012.

If any other matter properly comes before the Meeting, with regard to any proxies submitted by shareholders, Edward L. Pagano and John R. Beall, the persons appointed on the proxy card, will vote as recommended by the Board or, if no recommendation is given, in their own discretion.

How many votes must be present to hold the Meeting?

We will have a quorum, and will be able to conduct the business of the Meeting, if the holders of a majority of shares of our common stock outstanding and entitled to vote are represented in person or by proxy at the Meeting. As of the record date, 26,813,332 shares of our common stock, representing the same number of votes, were outstanding. Thus, the presence in person or by proxy of the record holders of at least 13,406,667 shares of our common stock will be required to establish a quorum. Shareholders of record who are present at the Meeting in person or by proxy and who abstain from voting, including brokers holding customers' shares of record who cause abstentions to be recorded at the Meeting, will be included in the number of shareholders present at the Meeting for purposes of determining whether a quorum is present.

What vote is required to approve each item?

The election of directors is decided by a plurality of the votes cast. For this purpose, “plurality” means that the individuals receiving the largest number of affirmative votes, whether or not they receive a majority of the votes, are elected as directors, up to the maximum number of directors to be chosen at the election. A properly executed proxy marked “WITHHOLD AUTHORITY” with respect to the election of one or more directors will not be voted with regard to the director or director indicated, although it will be counted for purposes of determining whether there is a quorum.

With regard to each other item voted on at the Meeting, including the increase in authorized shares under the Plan and the ratification of the appointment of Hein & Associates LLP as our independent auditors for the fiscal year 2012, the affirmative vote of the holders of a majority of the votes cast in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy marked “ABSTAIN” with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

For shares held in “street name” through a broker or other nominee, the broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Under the rules that govern brokers who are voting with respect to shares that are held in street name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. The election of directors and the amendment to the Plan would not be considered to be routine matters. Thus, if shareholders do not give their broker or nominee specific instructions, their shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such “broker non-votes” will, however, be counted in determining whether there is a quorum.

What if I do not mark a voting choice for some of the matters listed on my proxy card?

If you request proxy materials by mail or email and send a proxy card without specifying a vote or an abstention, your shares will be voted “FOR”: (1) the director nominees listed on the proxy card and in this Proxy Statement, (2) the approval of an amendment to the Plan to increase the number of shares of common stock reserved for issuance thereunder from 480,000 shares to 980,000 shares, and (3) the ratification of the appointment of Hein & Associates LLP as the independent auditors of ENGlobal for fiscal year 2012.

Could other matters be decided at the Meeting?

We do not know of any matters that will be considered at the Meeting other than the items set forth in this Proxy Statement. If other matters are properly raised at the Meeting, your proxy authorizes the Proxy Holders to vote as they think best, unless authority to do so is withheld by you in your proxy.

What happens if the Meeting is postponed or adjourned?

Pursuant to Nevada law, the Meeting may be adjourned by the chairman of the Meeting to reconvene at the same or some other place. If the adjournment is for more than 60 days, or if after the adjournment a new record date is fixed for the adjourned meeting, notice of the adjournment shall be given to each shareholder of record entitled to vote at the Meeting. If the adjournment is for less than 60 days, no additional notice will be delivered.

Who will count the votes?

We will appoint an inspector of the election who will count the votes at the Meeting.

What does it mean if I receive more than one proxy card?

Your shares are probably registered in more than one account. You should vote each proxy card you receive. We encourage you to consolidate all your accounts by registering them in the same name, social security number and address. This can be accomplished by contacting your stock broker.

How do I get copies of the exhibits filed with ENGlobal's Form 10-K?

We are furnishing our annual report to our shareholders over the Internet. You may read, print and download our annual report at <http://www.proxyvote.com>. You may request the annual report be sent to you by mail or email by following the instructions on the Notice of Internet Availability to be mailed to you on or about May 7, 2012. ENGlobal will provide to any shareholder as of the record date, who so specifically requests in writing, copies of the exhibits filed with ENGlobal's Annual Report on Form 10-K for a reasonable fee. Requests for such copies should be directed to Corporate Secretary, ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, Texas 77060-5914. The Annual Report on Form 10-K may also be read, downloaded and printed at www.englobal.com. In addition, copies of all exhibits filed electronically by ENGlobal may be reviewed and printed from the website of the Securities & Exchange Commission (the "SEC") at: www.sec.gov.

Where can I find the voting results of the Meeting?

The preliminary voting results will be announced at the Meeting. The final results will be published in a current report on Form 8-K to be filed promptly after the Meeting.

Who can help answer my questions?

If you have any questions or if you need additional copies of this proxy statement or the enclosed proxy card, you should contact Natalie S. Hairston, Corporate Vice President – Investor Relations, Chief Governance Officer and Corporate Secretary at 654 N. Sam Houston Parkway E., Suite 400, Houston, Texas 77060-5914, phone 281-878-1000.

CORPORATE GOVERNANCE

The following section summarizes information about our corporate governance policies, our Board and its committees and the director nomination process.

Our Governance Practices

Corporate Governance Guidelines

We believe that good corporate governance helps to ensure that the Company is managed for the long-term benefit of our shareholders. During the past year, we continued to review our corporate governance policies and practices, the corporate governance rules and regulations of the SEC, and the rules of the NASDAQ Stock Market ("NASDAQ").

In 2011, we reviewed and revised as necessary our Audit Committee, Compensation Committee, Nominating & Corporate Governance Committee Charters, Code of Business Conduct and Ethics, Code

of Ethics for our Chief Executive Officer and certain senior financial officers, and other policies and procedures required by applicable law or stock exchange listing standards. You can access and print these documents from the “Investor Relations” section of our website at www.englobal.com or you can request copies at no cost by writing us at ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, TX 77060-5914, Attention: Investor Relations.

Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics that applies to all of the Company’s directors, officers and employees in accordance with NASDAQ rules. The purpose and role of this code is to focus our officers, directors, and employees on areas of ethical risk, provide guidance to help them recognize and deal with ethical issues, provide mechanisms to report unethical or unlawful conduct, and help enhance and formalize our culture of integrity, honesty and accountability. We have posted this Code of Business Conduct and Ethics on the “Investor Relations” section of our website at www.englobal.com.

The Company also has a Code of Ethics applicable to the Chief Executive Officer and certain senior financial officers of the Company that complies with Item 406 of Regulation S-K of the Exchange Act and with applicable NASDAQ rules. We have posted this Code of Ethics on the “Investor Relations” section of our website at www.englobal.com.

The Board of Directors

Board Size; Meetings of the Board

Our Board currently has five members. During 2011, the Board met eight times and each director attended at least 75% of the meetings. For information regarding meetings of the committees of our Board, see “Committees of the Board of Directors—Committee Composition and Meetings” below.

Executive Sessions; Lead Director

In 2011, the Company held ten executive sessions of its non-employee directors, Messrs. Gent, Hale and Roussel. Any non-employee director can request that an executive session be scheduled. Mr. Gent has served as the Company’s lead independent director since 2002, and was re-elected by the Board to this role in 2012.

Separation of the Roles of Chairman of the Board and Chief Executive Officer

The Company is committed to strong, independent board leadership and governance, including the decision to separate the roles of Chairman of the Board and Chief Executive Officer, and believes the two offices have different responsibilities. Generally, a non-Chief Executive Officer Chairman enables non-executive directors to raise issues and concerns for Board consideration without immediately involving management, while the Chief Executive Officer is responsible for leading long-term strategic planning objectives and day-to-day performance.

Since 2010, the roles of Chairman of the Board and Chief Executive Officer have been held by separate persons. William A. Coskey, P.E. has served as Chairman of the Board since June 2005. Edward L. Pagano has been our President and Chief Executive Officer since May 2010.

We do not have a written policy with respect to separation of the roles of Chairman of the Board and Chief Executive Officer. However, the Board believes that the existing leadership structure, with the separation of these roles, provides several important advantages, including:

- drawing on the leadership skills and business experience of two different individuals;
 - enhancing the accountability of the Chief Executive Officer to the Board;
 - strengthening the Board's independence from management;
- assisting the Board in reaching consensus on particular strategies and policies; and
- facilitating robust director, board, and executive officer evaluation processes.

Board Role in Risk Oversight

The Board is responsible for oversight of us and our business, including risk management. Together with the Board's standing committees, the Board is responsible for ensuring that material risks are identified and managed appropriately. The Board and its committees regularly review material strategic, operational, financial, compensation and compliance risks with our senior management. The Audit Committee of the Board has oversight responsibility for financial risk (such as accounting, finance, internal controls and tax strategy), and also oversees compliance with applicable laws and regulations. The Compensation Committee of the Board oversees compliance with our compensation plans, and the Nominating & Corporate Governance Committee of the Board oversees compliance with our corporate governance principles. Each of the committees report to the Board regarding the areas of risk they oversee.

Director Independence

The Board has determined that no non-employee director has a relationship which, in the opinion of the Board, would interfere with the exercise of his independent judgment in carrying out the responsibilities of a director, and that all directors, except Messrs. Coskey and Pagano, meet the criteria for independence under NASDAQ rules. The Board has also determined that the members of each of its committees, including the Audit Committee, meet the criteria for membership applicable to each committee under the NASDAQ listing standards and applicable SEC rules and regulations.

Director Attendance at Annual Meetings

Although we do not have a formal policy regarding attendance by members of the Board at our annual meeting of shareholders, we encourage directors to attend. All of our directors attended the 2011 annual meeting and we expect all directors standing for reelection, except Mr. Hale, will attend the Meeting.

Board Evaluation Process

The Nominating & Corporate Governance Committee conducts an annual evaluation to determine whether the Board, its committees and its members are functioning effectively. The evaluation focuses on the Board's (and each Board committee's and member's) contribution as a whole to us and on areas that the Board, any Board committee, any individual director and/or management believe can be improved.

Director Elections

Directors will be elected by a favorable vote of a plurality of the shares of common stock present, in person or by proxy, at the Meeting and entitled to vote.

Committees of the Board of Directors

Committee Composition and Meetings

Each of our directors attended at least 75% of the total meetings held by all Board committees on which they served in 2011.

Audit Committee	Randall B. Hale (Chairperson) David W. Gent David C. Roussel	7
Compensation Committee	David C. Roussel (Chairperson) David W. Gent Randall B. Hale	6

In addition, the Audit Committee annually reviews our disclosures regarding deficiencies, if any, in the design or operation of our internal controls.

The Board has determined that Mr. Hale is qualified as an audit committee financial expert under the SEC’s rules and regulations. In addition, the Board has determined that each member of the Audit Committee has the requisite accounting and related financial management expertise under NASDAQ rules.

Nominating & Corporate Governance Committee

The duties and responsibilities of the Nominating & Corporate Governance Committee are to:

- assist the Board by identifying individuals qualified to become Board members and recommend to the Board director nominees for election at the annual meetings of shareholders or for appointments to fill vacancies;
- recommend to the Board director nominees for each Board committee and advise the Board on the appropriate composition of the Board and its committees;
 - make an annual report to the Board on succession planning;

- advise the Board about and recommend to the Board appropriate corporate governance practices and assist the Board in implementing those practices; and

In addition, the Nominating & Corporate Governance Committee reviews all relationships each director has with us in connection with the nomination process and reports the results of its review to the Board with appropriate recommendations, if any, for approval.

Compensation Committee

The duties and responsibilities of the Compensation Committee are to:

- review, evaluate and approve our agreements, plans, policies and programs to compensate our officers and directors;
 - oversee our plans, policies and programs to compensate our employees;
- review the Compensation Discussion and Analysis and, based on that review and discussion, determine whether to recommend to the Board that the Compensation Discussion and Analysis be included in our annual report or Proxy Statement for the Meeting;
 - produce a report for inclusion in our Proxy Statement for the Meeting;
 - evaluate the performance of our Chief Executive Officer and other executives;
- set the compensation for our Chief Executive Officer and such other executives as the Compensation Committee deems appropriate and otherwise discharge the Board's responsibilities relating to compensation of our officers and directors; and
- encourage stock ownership by directors and executives, including through the use of equity compensation programs.

For information regarding the Compensation Committee's role in setting compensation, see "Executive Compensation—Compensation Discussion and Analysis" and "Director Compensation." For information regarding the role of our executive officers in setting compensation, see "Executive Compensation—Compensation Discussion and Analysis." The Compensation Committee may in the future engage compensation consultants familiar with our industry to advise the Compensation Committee regarding certain compensation issues. The assignments of the consultants would be determined by the Compensation Committee, although management may have input into these assignments.

Compensation Committee Interlocks and Insider Participation

During 2011, all members of the Compensation Committee were independent directors and no member is or was our employee. During 2011, none of our executives served on a compensation committee (or equivalent) or a board of directors of another entity that had an executive serving on our Compensation Committee or Board.

Director Nominations

Consideration of Director Nominees

Shareholder Nominees

The Nominating & Corporate Governance Committee will carefully consider all qualified director candidates, whether such candidates are recommended by a shareholder or otherwise. Any

shareholder wishing to recommend a director candidate for the 2013 Annual Meeting of Shareholders should submit his nomination before January 4, 2013 to ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, TX 77060-5914, Attention: Corporate Secretary. Nominations should include the following information in order to facilitate the Nominating & Corporate Governance Committee's review and consideration:

- the name, telephone number and address of the recommending shareholder;
- the name, age, business address and residence of the director candidate;
- the principal occupation or employment of the director candidate for the past five years;
- a description of the director candidate's qualifications to serve as a director, including financial expertise and why the candidate qualifies or does not qualify as "independent" under the NASDAQ listing standards;
 - the number of shares of the Company's common stock beneficially owned by the director candidate, if any;
- a description of any arrangements or understandings between the recommending shareholder and the director candidate, if any, or any other person for whom the recommending shareholder is making the recommendation; and
- whether or not the recommending shareholder and the director candidate consent to being named in the Company's Proxy Statement with respect to disclosures regarding the nomination process.

No candidate for election to our Board has been recommended within the preceding year by a beneficial owner of 5% or more of our common stock.

Director Qualifications

The Nominating & Corporate Governance Committee establishes criteria for selecting new members of the Board. The Board as a whole should reflect a range of skills, knowledge and experience in areas of importance to the Company. Directors must be committed to upholding the highest standards of personal and professional integrity and to representing the interests of all shareholders, not particular shareholder constituencies. The Nominating & Corporate Governance Committee places no specific restrictions on the number of terms directors may serve or other Boards on which a director may sit, but directors must possess sufficient time and energy to carry out their duties effectively. A majority of directors must be "independent" under the NASDAQ rules, and members of the Company's audit committee must meet NASDAQ financial literacy and sophistication requirements. In determining whether a director is independent, the Board will broadly consider all relevant facts and circumstances.

Identifying and Evaluating Nominees for Directors

The Nominating & Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Nominating & Corporate Governance Committee regularly assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. If vacancies are anticipated, or otherwise arise, the Nominating & Corporate Governance Committee will consider various potential candidates for director. Candidates may come to the attention of the Nominating & Corporate Governance Committee through current Board members, shareholders or other persons. These candidates will be evaluated at regular or special meetings of the Nominating & Corporate Governance Committee, and may be considered at any point during the year. As described above, the Nominating & Corporate Governance Committee will consider properly submitted shareholder nominations for candidates for the Board based on the same criteria. Although not part of any formal policy, our goal is a balanced and diverse Board, with members whose skills, backgrounds and experiences are complimentary and, together, cover the spectrum of areas that impact our business. As

part of this evaluation and to further our commitment to diversity, the Nominating & Corporate Governance Committee assesses whether the nominees, as a group, collectively represent a diversity of views, backgrounds, and experiences that will enhance the Board's and our effectiveness.

Communications with the Board

Shareholders may communicate with the Board, Board committees, non-employee directors as a group, and individual directors by submitting their communications in writing to ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, TX 77060-5914, Attention: Corporate Secretary. Any communication must contain:

- a representation that the shareholder is a holder of record of our capital stock;
- the name and address, as they appear on our books, of the shareholder sending the communication; and
 - the number of shares of our capital stock that are beneficially owned by such shareholder.

ENGlobal's Corporate Secretary will distribute such communications to the intended recipient upon receipt, unless the communication is unduly hostile, threatening, illegal or similarly inappropriate, in which case the Corporate Secretary has the authority to discard the communication or to take appropriate legal action regarding the communication.

PROPOSAL ONE: ELECTION OF DIRECTORS

Nominees

The number of directors of the Company has been set at five in connection with the Meeting. At the Meeting, you and the other shareholders will elect five individuals to serve as directors until the next annual meeting of shareholders, until their successors are duly elected or appointed or until their death, resignation, or removal. Each of the nominees is currently a member of the Board. The Nominating & Corporate Governance Committee, which consists solely of directors that are independent within the meaning of the rules of the NASDAQ, recommended the nomination of the five directors to the Board.

The individuals named as proxies will vote proxies received for the election of all nominees, unless you direct them to withhold your votes. If any nominee becomes unable to serve as a director before the Meeting, an event that is not presently anticipated, discretionary authority may be exercised by the persons named as proxies to vote for substitute nominees proposed by the Board.

There are no arrangements or understandings between ENGlobal and any person pursuant to which such person has been elected as director.

The nominees for director, each of whom has consented to serve, if elected, are as follows:

Recommendation of the Board

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE FOR EACH OF THE NOMINEES TO SERVE AS A DIRECTOR OF ENGLOBAL.

PROPOSAL TWO:
APPROVAL OF THE AMENDMENT TO THE
ENGLOBAL CORPORATION 2009 EQUITY INCENTIVE PLAN

Background

The Plan was approved by the Compensation Committee on March 11, 2009 and by the Company's shareholders on June 18, 2009. The number of shares of common stock available for issuance under the Plan as originally approved was 480,000. The Board chose to limit the initial number of authorized shares under the Plan to 480,000, as that number represented the number of previously authorized but unissued shares under the expired ENGlobal Corporation 1998 Incentive Plan previously approved by shareholders on June 14, 2007.

On April 26, 2012, the Board approved, subject to shareholder approval, an amendment to the Plan to increase the number of shares available for issuance under the Plan by 500,000 from 480,000 to 980,000, in order to enhance the ability of ENGlobal to motivate current employees, to attract employees of outstanding ability and to provide for grants to be made to non-employee directors. The Board believes this increase is appropriate because it uses equity for the limited purpose of aligning the interests of participants under the Plan with those of the Company's shareholders. The Board also believes the limitation is appropriate to reduce shareholder dilution.

As of March 31, 2012, there were 76,588 unvested shares of restricted stock issued under the Plan and 120,467 shares available to issue. An additional number of shares of restricted stock are expected to be issued on June 14, 2012 as compensation to our non-employee directors for service on the Board for the 2012-2013 term and in June 2012 to Mr. Pagano pursuant to his employment agreement with the Company. We anticipate that our non-employee directors will each receive restricted shares of the Company's common stock valued at approximately \$80,000 on the date of grant and Mr. Pagano will receive a grant of restricted shares valued at approximately \$75,000 pursuant to his employment agreement. Assuming the fair market value per share of the grants is \$2.40 (the closing price of the Company's common stock on March 30, 2012), approximately 131,249 shares in the aggregate would be issued to the non-employee directors and Mr. Pagano. As a result, unless the number of shares available for issuance under the Plan is increased, we will not have enough shares of common stock available to make these grants and we will have no additional shares of common stock available to use as incentive to attract, motivate, and retain employees and directors who are critical to the success of the Company.

Therefore, the Company is seeking shareholder approval to increase the number of shares available for issuance under the Plan from 480,000 to 980,000 in order to allow the future issuance of equity to its directors and current and potential employees. A copy of the amendment is attached to this Proxy Statement as Appendix A. The Company believes equity awards encourage achievement of superior results by providing participants with an opportunity to acquire a proprietary interest in ENGlobal and additional incentive to work for its continued success.

Summary Description of the Plan

The following summary of the principal terms of the Plan is qualified in its entirety by the full text of the Plan, which has been filed as Appendix A to our Proxy Statement on Schedule 14A filed with the SEC on April 30, 2009 and can be reviewed on the SEC's website at www.sec.gov. You may also obtain, free of charge, a copy of the Plan by writing to our Corporate Secretary at 654 N. Sam Houston Parkway E., Suite 400, Houston, Texas 77060-5914.

Purpose. The purpose of the Plan is to attract and retain key employees, directors and consultants by providing them with additional incentives, and to promote the success of the Company's business.

Administration. The Board or one or more committees appointed by the Board will administer the Plan. For this purpose, the Board has delegated general administrative authority for the Plan to the Chief Governance Officer. A committee may delegate some or all of its authority with respect to the Plan to another committee of directors and may delegate certain limited award grant authority to one or more officers of the Company. (The appropriate acting body, be it the Board, a committee within its delegated authority, or an officer within his or her delegated authority, is referred to in this summary as the "Administrator.") The Administrator determines the number of shares that are subject to awards and the terms and conditions of such awards, including the price (if any) to be paid for the shares or the award. Along with other authority granted to the Administrator under the Plan, the Administrator may (i) determine fair market value, (ii) select recipients of awards, (iii) determine the number of shares subject to awards, (iv) approve forms of award agreements, (v) determine the terms and conditions of awards, (vi) reduce the exercise price of outstanding awards without participant consent, (vii) amend outstanding awards, and (viii) allow participants to satisfy withholding tax obligations through a reduction of shares.

Eligibility. Persons eligible to receive awards under the Plan include our officers, employees, consultants and members of the Board. The Administrator determines from time to time the participants to whom awards will be granted. An award may be granted by the Administrator to any eligible person to reward exceptional or special services, contributions or achievements in the manner and on such terms and conditions (including any restrictions on such shares) as determined from time to time by the Administrator. The number of shares so awarded shall be determined by the Administrator and may be granted independently or in lieu of a cash bonus. We currently have approximately 1,900 employees and three non-employee directors.

Authorized Shares; Limits on Awards. The maximum number of shares of Common Stock that may be issued pursuant to awards under the Plan equals 980,000, all of which may be subject to incentive stock option treatment. Additionally, the maximum number of shares subject to those options and stock appreciation rights that may be granted during any calendar year to any individual under the Plan is 590,000 shares.

To the extent that the Company settles an award for cash or a form other than shares, the shares that would have been delivered had there been no such cash or other settlement will not be counted against the shares available for issuance under the Plan. To the extent that shares are delivered pursuant to the exercise of a stock appreciation right or stock option, only the shares actually issued shall be counted against the applicable share limits. Shares that are subject to or underlie awards that expire or for any reason are cancelled or terminated, are forfeited, fail to vest, or for any other reason are not paid or delivered under the Plan will again be available for subsequent awards under the Plan. Additionally, shares that are exchanged by a participant or withheld by the Company as full or partial payment in connection with any award under the Plan, as well as any shares exchanged by a participant or withheld

by the Company to satisfy the tax withholding obligations related to any award under the Plan, will be available for subsequent awards under the Plan and are not counted against the applicable share limits.

As is customary in incentive plans of this nature, the number and kind of shares available under the Plan and the then outstanding stock-based awards, as well as exercise or purchase prices, performance targets under certain performance-based awards and share limits, are subject to adjustment in the event of certain reorganizations, mergers, combinations, consolidations, recapitalizations, dividends, stock splits, a split-up or a spin-off, repurchases or exchange, or other similar events, or extraordinary dividends or distributions of property to the shareholders.

Incentive Awards. The Plan authorizes stock options, stock appreciation rights (“SARs”), restricted stock, restricted stock units, performance shares and performance units, as well as other awards (described in the Plan) that are responsive to changing developments in management compensation. The Plan retains the flexibility to offer competitive incentives and to tailor benefits to specific needs and circumstances. Any award may be paid or settled in cash. An option or SAR will expire, or other award will vest in accordance with the schedule set forth in the applicable award agreement.

Stock Option. A stock option is the right to purchase shares of Common Stock at a future date at a specified price per share generally equal to, but no less than, the fair market value of a share on the date of grant. An option may either be an Incentive Stock Option (“ISO”) or a nonstatutory stock option (“NSO”). ISO benefits are taxed differently from NSOs, as described under “Federal Income Tax Treatment of Awards under the Plan,” below. ISOs also are subject to more restrictive terms and are limited in amount by the Internal Revenue Code of 1986, as amended (the “Code”), and the Plan. Full payment for shares purchased on the exercise of any option must be made at the time of such exercise in a manner approved by the Administrator.

SARs. A SAR is the right to receive payment of an amount equal to the excess of the fair market value of a common share on the date of exercise of the SAR over the base price of the SAR. The base price will be established by the Administrator at the time of grant of the SAR but will not be less than the fair market value of a share on the date of grant. SARs may be granted in connection with other awards or independently.

Restricted Stock. A restricted stock award is typically for a fixed number of shares of Common Stock subject to restrictions. The Administrator specifies the price, if any, the participant must pay for such shares and the restrictions (which may include, for example, continued service and/or performance standards) imposed on such shares.

Restricted Stock Units. A restricted stock unit is similar to a SAR except that it entitles the recipient to receive an amount equal to the fair market value of a share of Common Stock.

Performance-Based Awards. Performance-based awards designed to satisfy the requirements for deductibility under Section 162(m) of the Code (in addition to other awards expressly authorized under the Plan which may also qualify as performance-based) and may be based on the performance of the Company and/or one or more of our subsidiaries, divisions, segments, or units, or individual goals. The business criteria from which performance goals will be established are listed in the Plan under the term “Performance Goals.” Performance goals may be adjusted to reflect certain changes, including reorganizations, liquidations and capitalization and accounting changes, to the extent permitted by Section 162(m). Performance-based awards may be stock-based (payable either in stock only or in cash or stock) or may be cash-only awards (in either case, subject to the limits described under the heading “Authorized Shares; Limits on Awards” above). Before any performance-based award is paid, the Administrator must certify that the performance goals have been satisfied. The Administrator has

discretion to determine the performance goals and restrictions or other limitations of the individual awards and reserves discretion to reduce payments below maximum award limits.

The Administrator may grant stock unit awards and permit deferred payment of awards, and may determine the form and timing of payment, vesting, and other terms applicable to stock units or deferrals.

Acceleration of Awards; Possible Early Termination of Awards. Upon a change in control of the Company, outstanding awards under the Plan will be assumed or substituted. However, if the successor corporation does not assume or substitute the outstanding awards, then vesting of these awards will fully accelerate, and in the case of options or stock appreciation rights, will become immediately exercisable. For this purpose a change in control is defined to include certain changes in the majority of the Board, the sale of all or substantially all of the Company's assets, and the consummation of certain mergers or consolidations.

Transfer Restrictions. Subject to certain exceptions, awards under the Plan are not transferable by the recipient other than by will or the laws of descent and distribution and are generally exercisable, during the recipient's lifetime, only by him or her.

Termination of or Changes to the Plan. The Board may amend or terminate the Plan at any time and in any manner; provided, however, that under NASDAQ rules and the Code, shareholder approval generally is required in connection with any material amendment to the Plan. Unless required by applicable law or listing agency rule, shareholder approval for any amendment will not be required. Unless previously terminated by the Board, the Plan will terminate on June 18, 2019. Generally speaking, outstanding awards may be amended, subject, however, to the consent of the holder if the amendment materially and adversely affects the holder.

Federal Income Tax Treatment of Awards under the Plan

Federal income tax consequences (subject to change) relating to awards under the Plan are summarized in the following discussion. This summary is not intended to be exhaustive and, among other considerations, does not describe the deferred compensation provisions of Section 409A of the Code to the extent an award is subject to and does not satisfy those rules, nor does it describe state, local, or international tax consequences.

For "NSOs," the Company is generally entitled to deduct (and the optionee recognizes taxable income in) an amount equal to the difference between the option exercise price and the fair market value of the shares at the time of exercise. For ISOs, the Company is generally not entitled to a deduction nor does the participant recognize income at the time of exercise. The current federal income tax consequences of other awards authorized under the Plan generally follow certain basic patterns: SARs are taxed and deductible in substantially the same manner as NSOs; nontransferable restricted stock subject to a substantial risk of forfeiture results in income recognition equal to the excess of the fair market value over the price paid (if any) only at the time the restrictions lapse (unless the recipient elects to accelerate recognition as of the date of grant); bonuses and performance share awards are generally subject to tax at the time of payment; cash-based awards are generally subject to tax at the time of payment; and compensation otherwise effectively deferred is taxed when paid. The Company will generally have a corresponding deduction at the time the participant recognizes income. However, as for those awards subject to ISO treatment, the Company would generally have no corresponding compensation deduction.

If an award is accelerated under the Plan in connection with a change in control (as this term is used under the Code), the Company may not be permitted to deduct the portion of the compensation

attributable to the acceleration (“parachute payments”) if it exceeds certain threshold limits under the Code (and certain related excise taxes may be triggered). Furthermore, the aggregate compensation in excess of \$1,000,000 attributable to awards which are not “performance-based” within the meaning of Section 162(m) of the Code may not be permitted to be deducted by the Company in certain circumstances.

Inapplicability of ERISA. Based upon current law and published interpretations, ENGlobal does not believe the Plan is subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Anticipated Grants

As discussed in greater detail in the “Director Compensation” section of this proxy, the Board anticipates awarding a number of shares of restricted stock to each of its non-employee directors valued at approximately \$80,000 for director compensation, which the Compensation Committee considers commiserate with peer company director compensation. In addition, Mr. Pagano is entitled to receive a number of shares of restricted stock valued at approximately \$75,000 pursuant to his employment agreement with the Company.

The following table represents the expected number of restricted shares to be granted in June 2012 to our non-employee directors and to Mr. Pagano, assuming the fair market value of the grant was \$2.40 on March 30, 2012:

Name and Position	Aggregate Amount of Award (\$)	Number of Shares of Restricted Stock
Edward L. Pagano	75,000	31,250
David W. Gent, P.E.	80,000	33,333
Randall B. Hale	80,000	33,333
David C. Roussel	80,000	33,333
Total		131,249

No other specific grants are determinable at this time.

Vote Required

The approval of the amendment to the Plan requires the affirmative vote of the holders of a majority of the shares represented at the Meeting, in person or by proxy, and entitled to vote. For the approval of the amendment to the Plan, you may vote "FOR" or "AGAINST" or abstain from voting. If you hold your shares in your own name and abstain from voting on this matter, your abstention will have the effect of a vote "AGAINST" this proposal. If you hold your shares through a broker, bank, trustee or other nominee and you do not instruct them on how to vote on this proposal, your broker or other nominee will not have authority to vote your shares. As a result, broker non-votes are not expected to have an effect on the approval of this proposal.

Recommendation of the Board

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE APPROVAL OF AN AMENDMENT TO THE ENGLOBAL 2009 EQUITY INCENTIVE PLAN TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK RESERVED FOR ISSUANCE THEREUNDER FROM 480,000 SHARES TO 980,000 SHARES.

PROPOSAL THREE:

THE RATIFICATION OF THE APPOINTMENT OF HEIN & ASSOCIATES LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF ENGLOBAL FOR FISCAL YEAR 2012

The Board has appointed Hein & Associates LLP, an independent registered public accounting firm, as the Company's independent registered public accounting firm to examine the consolidated financial statements of ENGlobal for the fiscal year ended December 31, 2012, and to perform other appropriate audit and advisory services and is requesting ratification of such appointment by the shareholders. In the event that the shareholders do not ratify the appointment of Hein & Associates LLP, the adverse vote will be considered as a direction to the Board to select another independent registered public accounting firm for the next fiscal year. However, because of the difficulty and expense of making any substitution of independent registered public accounting firms after the beginning of the current fiscal year, it is contemplated that the appointment for the fiscal year ended December 31, 2012 will be permitted to stand, unless the Board finds other reasons for making a change. It is understood that even if the selection of Hein & Associates LLP is ratified, the Board, in its discretion, may direct the appointment of a new independent registered public accounting firm at any time during the year if the Board feels that such a change would be in the best interests of ENGlobal and its shareholders.

Representatives of Hein & Associates LLP will be present at the Meeting, will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Vote Required

The ratification of the appointment of Hein & Associates LLP for the year ending December 31, 2012 requires the affirmative vote of the holders of a majority of the shares represented at the Meeting, in person or by proxy, and entitled to vote. For the ratification of our independent registered public accountants, you may vote "FOR" or "AGAINST" or abstain from voting. If you hold your shares in your own name and abstain from voting on this matter, your abstention will have the effect of a vote "AGAINST" this proposal. If you hold your shares through a broker, bank, trustee or other nominee and

you do not instruct them how to vote on this proposal, your broker may have authority to vote your shares. As a result, broker non-votes are not expected to have an effect on the approval of this proposal.

Recommendation of the Board

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF HEIN & ASSOCIATES LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF ENGLOBAL FOR FISCAL YEAR 2012.

Section 16(a) Beneficial Ownership Reporting Compliance

Under U.S. securities laws, directors, executive officers and persons holding more than 10% of our common stock must report their initial ownership of our common stock and any changes in that ownership to the SEC. The SEC has designated specific due dates for such reports and ENGlobal must identify in this Proxy Statement those persons who did not file such reports when due.

Based solely upon a review of Forms 3 and 4 and any amendments thereto furnished to ENGlobal during our fiscal year ended December 31, 2011, and Forms 5 and any amendments thereto furnished to ENGlobal with respect to the same fiscal year, we believe that our directors, officers, and greater than 10% beneficial owners timely filed all required Section 16 reports, except that Messrs. Beall, Pagano, and Rennie were late filing Form 4s reporting a restricted stock grant made on November 7, 2011 and Mr. Bryant was late filing a Form 4 reporting a restricted stock grant made on November 7, 2011.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board has adopted a policy requiring that all transactions between the Company and its officers, directors, principal shareholders and their affiliates be on terms no less favorable to the Company than could be obtained from unrelated third parties and that any such transactions be approved by a majority of the disinterested members of the Board. Pursuant to such policy, the Company’s Audit Committee is responsible for the review and assessment of all related party transactions.

The Company leases approximately 1,400 square feet of residential space in Charlestown, Massachusetts from a limited liability company owned one-half by Michael H. Lee, the Company’s former Executive Vice President of Field Solutions, and Michael G. Bryant, the Company’s Executive Vice President of Field Solutions. Messrs. Lee and Bryant own less than 1% of the Company’s common stock. Upon its review of comparable lease rates in the area, the Company’s Audit Committee believed that this lease was at a commercially reasonable rental rate. ENGlobal assumed the lease when it acquired WRC Corporation, a Colorado corporation, in May 2006.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

This Compensation Discussion & Analysis generally describes the development and current composition of our executive and director compensation programs and policies, and discusses the philosophy and principles underlying those policies and programs. It also gives greater context to the data presented in the tables and narratives that follow. This discussion should be read in conjunction with such tables, which follow this Compensation Discussion & Analysis.

What is our executive compensation program designed to reward?

Our executive compensation program is designed to reward individual performance and to achieve strategic business objectives that are aimed at growing our business and aligning the long-term interests of our executives and shareholders. Specifically, as our production and profits increase, so does executive compensation. Conversely, if production and profits decrease, executive compensation may be less generous.

What are the elements and objectives of our executive compensation program?

Our compensation program for executives consists of base salary, annual incentive awards, long-term incentive awards, and termination and change-in-control arrangements. Using these elements, the Compensation Committee has designed our compensation program to prudently use our resources while meeting the following objectives:

- attract and retain the talent that we believe is required to successfully execute our business strategy;
 - align the interests of our executives with the interests of our shareholders;
- reinforce expectations of leadership and achievement, consistent with our values and our vision to be the best positioned, most trusted choice for engineering and professional services in the energy sector; and
 - provide a strong incentive to our executives to achieve their potential and our goals and long-term success.

How are executive compensation amounts determined?

In determining target compensation levels for each executive, the Compensation Committee considers:

- total compensation amounts;
 - market data;
 - individual performance;
 - corporate performance;
- compensation history; and
 - internal equity.

None of these factors are weighted, but are considered together.

Total Compensation Amounts

In determining the individual compensation for ENGlobal's executives, the Compensation Committee considers the total compensation to be awarded to each executive (base salary, annual incentive awards, long-term incentive awards, and termination and change-in-control arrangements) and may exercise discretion in determining the portion allocated to the various components of total compensation. ENGlobal believes that the focus on total compensation provides the ability to align pay decisions with our short- and long-term business needs. This approach also allows for the flexibility needed to recognize differences in performance by providing differentiated pay. The Compensation Committee collects reliable and comparable market information obtained from publicly available filings of similar companies with the SEC. Market data is analyzed and valued in its totality, and no one element is considered in isolation.

Market Data

Market data is a key consideration for the Compensation Committee. The Compensation Committee considers this data for general market movement and trends and the positioning of our executives relative to the market. The Compensation Committee reviewed and considered market data for a peer group composed of six other engineering and construction companies (Furmanite Corporation, Michael Baker Corporation, Matrix Service Company, TetraTech, Inc., Willbros Group, and VSE Corporation). These companies were selected primarily because they are representative of the sector in which we operate with respect to each company's relative leadership position in our sector, its relative size as measured by market capitalization, the relative complexity of the business, and the CEO's role and responsibilities.

Market data for target total direct compensation (base salary, targeted annual incentive and expected value of long-term incentive awards) is developed to provide a broad market view. Each executive's position relative to the market data is reflective of his experience (both with us and with other companies) and the other factors described below.

Individual Performance

The Compensation Committee also considers individual performance, including achievement of individualized goals, current and potential impact on corporate performance, reputation, skills, experience, criticality and demonstration of our values as important factors. Our values are to:

- act with absolute integrity;
- provide superb service to our customers;
- collaborate with, support and respect our employees;
 - embrace the entrepreneurial spirit;
- encourage a passion for excellence in everything we do; and
 - operate in a safe and responsible manner.

The format used for our executives' annual performance evaluations is the same as for all employees (except our Chief Executive Officer). See "What is the role of our executives in the compensation process?"

Corporate Performance

Significant portions of our annual incentive awards and long-term incentive awards are tied to corporate and operational results, which must be measured to determine the level of payout. See “Why do we choose to pay each element?” below.

Compensation Consultant

In fiscal 2012, the Compensation Committee did not retain a compensation consultant. The Compensation Committee determined that its collection of reliable and comparable market data obtained from publicly available SEC filings of similar companies was sufficient information to determine appropriate compensation for its executives, including general market movement and trends and the positioning of our executives relative to the market.

Compensation History

In determining an executive’s compensation, the Compensation Committee considers the base salary and prior years’ incentive payouts. The Compensation Committee also considers each executive’s equity holdings, including the date of any grants, the types of awards (stock options or cash), the vesting provisions, the expiration dates, the exercise prices, and the number of shares granted. The Compensation Committee reviews these historical awards in order to allocate an appropriate portion of executive compensation to retention value.

Internal Equity

The Compensation Committee believes that the success of a company depends to a large extent on honest and ethical leadership and teamwork. Consequently, compensation among senior executives is roughly equivalent. However, some differences in levels of compensation among our executives exist because of differences in their roles and responsibilities and in the factors discussed above. The Compensation Committee does not use formulas in determining base compensation amounts, but is mindful of internal equity and the impact of perceived fairness related to its decisions. Bonuses for senior executives are based on a formula tied to increases in earnings per share.

How does each element and our decisions regarding that element fit into our compensation program’s objectives and affect other elements?

The Compensation Committee believes that in order to achieve our compensation program’s objectives, a significant portion of executive compensation should be composed of variable, at risk elements, with the majority of these elements being based on alignment with our shareholders and achievement of our long-term success. Base salaries attract and retain the talent we need to lead and grow our business. The Compensation Committee strives for a balanced and effective mix of elements, which are not weighted in any particular manner. We have no policies or formulas for allocating among different forms of pay.

Why do we choose to pay each element?

Base Salary

Base salary is paid in cash commensurate with the responsibilities of each individual’s position, subject to adjustment by the Compensation Committee based on its annual review of the factors discussed

under “How are executive compensation amounts determined?” above. The Compensation Committee believes the base salaries provide a competitive level of fixed compensation based on the individual’s experience and performance as well as the position’s market value. See “Summary Compensation Table” for base salary amounts.

We did not make any adjustments to base salaries for our executive officers in 2011 other than as a result of a promotion which such executive received. In connection with a promotion in May 2011, Mr. Bryant entered into an employment agreement with us and received a salary increase from approximately \$160,000 to approximately \$190,000 per annum. In connection with his promotion in January 2011, Mr. Rennie received a salary increase from approximately \$240,000 to approximately \$250,000 per annum. In order to align her salary with those of other executives of the Company, Ms. Southall received a salary increase from \$143,000 to \$175,000 in March 2011. In connection with their promotions in November 2011, Mr. Bryant and Ms. Southall received salary increases from approximately \$190,000 to approximately \$215,010 per annum (in the case of Mr. Bryant) and from approximately \$175,000 to approximately \$190,000 per annum (in the case of Ms. Southall).

Short-term Incentive Plan

ENGlobal adopted a Short-term Incentive Plan as of January 1, 2011 (the “STI Plan”) for its executive management team, general managers, vice presidents, and certain other key corporate and business development employees. The purpose of the STI Plan is to encourage superior performance on key corporate and employee metrics that are critical to our business. Under the STI Plan, bonus awards are based on achievement of metrics established by the Compensation Committee or our Chief Executive Officer.

We believe it is important to reward exceptional performance that leads to achievement of financial, Company and individual goals. The STI Plan measures personal Key Performance Indicators (“KPI’s”) to ensure a direct link between our reward system and Company performance and shareholder return. KPI’s must align with annual financial targets and strategic goals and are determined individually. The actual incentive earned is determined by annual performance against KPI’s.

The STI Plan is “self-funding” and financial KPI’s are structured to encourage stretch, but achievable, financial growth and Net Operating Income performance growth. Overall Company financial performance must be at least 90% of budget for any incentives to be paid. Unless otherwise determined by the Compensation Committee, the maximum aggregate annual bonuses payable under the STI Plan cannot exceed 15% of consolidated pre-tax net income after consideration of the bonus expense.

Each participant’s Target Incentive (“Target”) is based on specific company KPI’s established during the annual strategic planning and budgeting process. Targets are comprised of Overall Company Financial Performance, Financial Performance in Area of Responsibility and Individual Performance Goals and a KPI Score, weighted appropriately to impact results. KPI’s include factors such as financial performance of group under management, human capital development and leadership, strategic planning, customer service / retention activities and operational improvements. Given the critical nature of Health, Safety and Environmental (HSE), a HSE KPI is included and is based on our measures of recordable incidents, lost time due to injuries and environmental harm.

The pool available under the STI Plan is determined during the annual budgeting and forecasting process. The Chief Executive Officer and Chief Financial Officer will review performance against budget and forecasts at the end of the first quarter. The Chief Executive Officer will determine whether any matters identified require an amendment to the financial measures adopted for the STI Plan and may

award discretionary incentives in exceptional circumstances when financial targets have not been met, subject to the approval of the Compensation Committee.

The Company was not profitable during 2011; therefore it did not make any payments under the STI Plan to the individuals named in the Summary Compensation Table below.

Long-Term Incentive Awards

Although use of long-term incentive awards is limited, such equity-based awards are available for issuance when appropriate to align our executives' interests with those of our shareholders. These awards are designed to retain our executives and to provide them continued motivation to achieve our long-term success. In selecting recipients for equity grants and in determining the size of such grants, we consider various factors, including:

- our achievements, financial performance and financial ratios, including revenues, operating income, and earnings per share;
 - Company and individual performance, both on an absolute basis in terms of growth over prior year performance, and against pre-established performance goals;
 - compensation paid by companies of comparable size in businesses similar to our business;
 - the executive's level of responsibility; and
 - the executive's contributions in support of our strategies.

For accounting reasons, and to limit dilution to our shareholders, the Compensation Committee has moved toward granting restricted stock awards, as a replacement for stock option grants.

The structure of our long-term incentive awards reflects the Compensation Committee's view that the purpose of the executive's equity compensation is to strengthen alignment with shareholders, provide incentives tied to our performance and serve as a retention vehicle. Time-based equity compensation can be retentive and creates shareholder alignment because their value of the award increases as our stock price increases. The weighting of the long-term incentive award vehicles is reflective of the Compensation Committee's goal to have a balanced and effective mix of cash and equity elements, which is determined on an individualized basis.

In June 2011 pursuant to his employment agreement, Mr. Pagano was granted 22,866 shares of restricted stock which vest over a four-year period, with 25% vesting each year beginning December 31, 2011. In addition, in November 2011, Messrs. Beall, Bryant and Rennie, Ms. Southall and Ms. Leedy were granted executive retention awards of 3,497, 3,497, 8,741, 5,245 and 5,245 shares of restricted stock, respectively, with 25% vesting each year beginning December 31, 2011.

Employment Agreements; Termination and Change-in-Control Arrangements

As of December 31, 2011, Messrs. Coskey, Pagano and Bryant and Ms. Leedy were each a party to a written employment agreement (the "Employment Agreements") with ENGlobal. Ms. Leedy's employment with the Company terminated on March 2, 2012. The Employment Agreements provide for an annual base salary, subject to discretionary increases by the Board, and other compensation in the form of cash bonuses, incentive compensation, stock options, stock appreciation rights, and restricted stock awards. Additionally, the executives receive health, life, and other insurance benefits in accordance with the terms of the Company's benefit plans, and the Company provides management level support services and reimbursement for specified business expenses.

The Employment Agreements provide for severance payments and benefits in the case of termination of employment. If employment ends because of death, the Company will pay any accrued but unpaid salary, additional compensation, and other benefits earned up to that date. In the case of a physical or mental disability that prevents the executive from performing his services under the Employment Agreement for a period of three months, in the case of Mr. Bryant and Ms. Leedy, or six months, in the case of Mr. Coskey and Mr. Pagano, the Company may terminate the executive's employment. If the Company terminates an executive's employment in such cases of disability, the Employment Agreements provide that the Company will continue to pay the executive his full salary and benefits for the six months following the date of termination. At the Company's option, severance payments consisting of 50% of the monthly amount of the executive's base salary, and in the case of Mr. Pagano, 100% of the monthly amount of his base salary, and full benefits may be extended for an additional six-month period.

If the Company terminates an executive's employment for "cause," as defined in the Employment Agreements, the Company will pay any accrued but unpaid salary, additional compensation, and other benefits earned up to the effective date of termination. If the Company terminates an executive's employment without "cause," the Employment Agreement provides that the Company will continue to pay the executive his full salary and benefits for the six months following the date of termination (the "Initial Severance Period"). At the Company's option, severance payments consisting of 50% of the monthly amount of the executive's base salary, and in the case of Mr. Pagano, 100% of the monthly amount of his base salary, and full benefits may be extended for an additional six-month period following the Initial Severance Period. Pursuant to his Employment Agreement, if Mr. Pagano is terminated without cause on or before the 365th day after a Company change of control event, as defined in the then current equity incentive plan, then the Initial Severance Period, during which the Company shall continue to pay Mr. Pagano his salary and benefits, will be increased from six months to one year. See "Executive Compensation Tables—Severance."

The Employment Agreements include a covenant not to compete following termination of employment for a period of up to one year as well as confidentiality provisions as are customary in nature and scope, for such agreements.

The terms of the Employment Agreements were set through the course of arms-length negotiations with the executives. As part of these negotiations, the Compensation Committee analyzed the terms of the same or similar arrangements for comparable executives employed by some of the companies in our peer group. The Compensation Committee used this approach in setting the amounts payable and the triggering events under the Employment Agreements. The Employment Agreements' termination of employment provisions were entered into in order to address competitive concerns by providing the executives with a fixed amount of compensation that would offset the potential risk of foregoing other opportunities. At the time of entering into the Employment Agreements, the Compensation Committee considered ENGlobal's aggregate potential obligations in the context of retaining the executive and his expected compensation.

Executive Perquisites

In addition to the compensation and benefits programs described above, executive officers receive certain limited perquisites and other benefits. These include Company-paid benefits for medical, dental, life, short-term disability, and long-term disability insurances, personal leave benefits, reimbursement for an annual physical exam, and Company matching contributions to the ENGlobal Corporation 401(k) Plan, as amended. These perquisites and other benefits are provided to assure competitiveness and provide an additional retention incentive for these named executives. The costs associated with providing these additional benefits are reflected in the "All Other Compensation" column of the Summary Compensation Table.

Other Compensation

From time to time, we make available to employees and executives certain other fringe benefits. We may provide club memberships, tickets to sporting or cultural events, tickets to community events, etc. To the extent that such items are taxable to the individual, they are considered to be part of the individual's compensation package. The costs associated with providing these additional benefits are reflected in the "All Other Compensation" column of the Summary Compensation Table.

Clawback Policy – Recovery and Adjustments to Cash and Equity Awards

The only Clawback Policy adopted by the Company is the one now mandated by Section 304 of the Sarbanes-Oxley Act, which is applicable only to financial restatements resulting from misconduct and is limited to incentive-based compensation awarded in the year following the first improper filing. Section 954 of the Dodd-Frank Wall Street Reform and Customer Protection Act of 2010 mandates adoption of a clawback policy with regard to incentive-based compensation, but federal regulators have not yet implemented certain requirements for these rules to take effect. We continue to track the progress of these rules, and will adopt, as applicable, a clawback policy subsequent to finalization of the regulations.

What is the role of our executives in the compensation process?

Our Chief Executive Officer has access to the internal and external compensation information described above, including each executive's annual performance review. A performance evaluation is completed for each named executive officer other than the Chief Executive Officer and Chairman. This evaluation covers performance against their specific operational goals and objectives as established for each during the first quarter of each fiscal year, as well as their performance against key Company management behaviors and values.

Based on this evaluation, our Chief Executive Officer makes recommendations, which are developed and presented to the Compensation Committee for review and consideration for approval. The Compensation Committee is comprised of all of the non-employee directors; each of whom is able to provide his views on performance and compensation. The Compensation Committee has not historically engaged or retained any outside advisors or consultants with respect to executive or director compensation.

What are our equity and security ownership requirements?

We encourage, but do not require, stock ownership by executives through the use of equity awards. We strive to ensure management's interests are aligned with shareholders' interests to support long-term value creation through the Plan, which is designed to support long-term value creation. To that end, we grant equity awards to vest over multi-year periods of service to encourage our Named Executive Officers to focus on long-term performance.

When are awards granted and base salaries approved?

Each year, the Compensation Committee approves our executives' base salaries, payout of annual incentive awards for the prior year, and annual and long-term incentive awards for the current year at its first regular quarterly meeting (generally in March or April). Any awards for newly hired executives are granted at the next regularly scheduled Committee meeting. Offers to executive candidates are reviewed

with the Compensation Committee prior to being made. Any equity awards included in an offer are subject to the Compensation Committee's approval.

Our executives do not have any role in establishing the timing of grants or vesting of equity awards. We do not have any program, plan or practice to time grants of equity or equity-based awards in coordination with the release of material non-public information and we do not set grant dates to new executives in coordination with the release of such information. We have not timed, and do not intend to time, our release of material non-public information for the purpose of affecting the value of executive compensation.

Does the accounting and tax treatment of a particular form of compensation impact the form and design of awards?

The Compensation Committee considers tax, tax deductibility and accounting treatment of various compensation alternatives. However, these are not typically driving factors. The Compensation Committee may approve non-deductible compensation arrangements if it believes they are in the best interests of the Company and its shareholders taking into account several factors, including our ability to utilize the deduction based on projected taxable income.

Review of and Conclusion Regarding All Components of Executive Compensation

Based on our performance during the past several years, and in light of our executives' efforts in directing the Company, the Compensation Committee and the Board have determined that the compensation paid to Mr. Pagano, as well as compensation paid to our other Named Executive Officers, serves the best interests of our shareholders and continues to emphasize programs that the Compensation Committee and the Board believe positively affect shareholder value.

DIRECTOR COMPENSATION

As of December 31, 2011, the following table discloses cash and equity awards and other compensation earned, paid or awarded, as the case may be, to each of the Company's non-employee directors and Mr. Coskey during the last fiscal year.

Name	Fees Earned or Paid in Cash (\$)(1)	Stock Awards (\$)(2)	All Other Compensation (\$)	Total
Mr. Coskey	--	--	\$247,567(3)	\$247,567
Mr. Hale	\$36,000	\$59,824	--	\$95,824
Mr. Gent	\$32,000	\$59,824	--	\$91,824
Mr. Roussel	\$32,000	\$59,824	--	\$91,824

(1) Amount paid in cash to non-employee directors for director compensation earned for their Board service in 2011-2012.

(2) Represents 24,390 vested shares of restricted stock at a strike price of \$3.28 granted to each director on June 16, 2011. Stock vests 25% quarterly on each of September 30, 2011, December 31, 2011, March 31, 2012, and June 30, 2012.

(3) Includes \$237,000 in salary and \$5,530 in benefits received under our Executive Benefits Policy under footnote 2 to the Summary Compensation Table above paid in connection with services rendered by Mr. Coskey during 2011.

The principal objectives of our director compensation programs are to: (i) compensate for time spent on the Company's behalf, (ii) ensure long-term retention, and (iii) align the compensation programs with long-term value to the Company's shareholders. We attempt to accomplish these objectives in an economical manner through a combination of reasonable director retainer fees and equity incentive grants to the directors.

Retainer Fees

Our non-employee directors, Messrs. Gent, Hale and Roussel, receive a retainer of \$32,000 per year. Non-employee directors are also eligible for reimbursement of travel and other miscellaneous expenses associated with attendance at Board and Committee meetings. The chairman of the Audit Committee, Mr. Hale, receives an additional \$4,000 per year.

The Board considers the director compensation programs to be in conformity with industry standards and to be reasonable by comparison to directors' compensation at the comparable companies that we used for our evaluation of executive compensation.

Restricted Stock Grants

Under the Plan, non-employee directors are eligible to receive non-statutory equity grants. In 2011, in recognition of the services provided by its Board, each non-employee director received restricted shares of the Company's common stock, valued at \$80,000 based on the fair market value of the shares on the date of grant. The shares vest ratably and quarterly, beginning September 30, 2011. The Company anticipates that in June 2012, non-employee directors will each receive restricted shares of the Company's common stock valued at approximately \$80,000 on the date of grant, with a quarterly vesting schedule beginning September 30, 2012, as compensation for their service to the Company during 2012-2013. We anticipate that the shares will be granted on June 14, 2012, will vest quarterly and be fully vested on June 30, 2013. Any unvested shares will be forfeited as of the date the non-employee director ceases to qualify as an independent director.

AUDIT MATTERS

Report of the Audit Committee

The information contained in this Report of the Audit Committee shall not be deemed to be “soliciting material” or to be “filed” or incorporated by reference in future filings with the SEC, or to be subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

In accordance with its written charter, the Audit Committee assists the Board in, among other matters, oversight of our financial reporting process, including the effectiveness of our internal accounting and financial controls and procedures, and controls over our accounting, auditing, and financial reporting practices. A copy of the Audit Committee Charter is available on our website at www.englobal.com.

The Board has determined that all three members of the Audit Committee are “independent” based upon the standards adopted by the Board, which incorporate the independence requirements under applicable laws, rules and regulations.

Management is responsible for the financial reporting process, the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, our system of internal controls and procedures designed to ensure compliance with accounting standards and applicable laws and regulations. Our independent registered public accounting firm is responsible for auditing the financial statements. The Audit Committee’s responsibility is to monitor and review these processes and procedures. The members of the Audit Committee are not professionally engaged in the practice of accounting or auditing and we are not professionals in those fields. The Audit Committee relies, without independent verification, on the information provided to us and on the representations made by management that the financial statements have been prepared with integrity and objectivity and on the representations of management and the opinion of the independent registered public accounting firm that such financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

During fiscal year 2011, the Audit Committee held seven meetings. The Audit Committee’s meetings were conducted so as to encourage communication among the members of the Audit Committee, management, and our independent registered public accounting firm, Hein & Associates, LLP. Among other things, the Audit Committee discussed with our internal and independent auditors the overall scope and plans for ENGlobal’s audits. The Audit Committee met separately with the independent registered public accounting firm, with and without management, to discuss the results of their examinations and their observations and recommendations regarding our internal controls. The Audit Committee also discussed with our independent registered public accounting firm all matters required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee reviewed and discussed our audited consolidated financial statements as of and for the year ended December 31, 2011 with management and our independent registered public accounting firm. Management’s discussions with the Audit Committee included a review of critical accounting policies.

The Audit Committee obtained from the independent auditors a formal written statement describing all relationships between us and our registered public accounting firm that might bear on the independence of the independent registered public accounting firm consistent with the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm communications with audit committees concerning independence. The Audit Committee discussed with the independent registered public accounting firm any relationships that may have an impact on the auditors' objectivity and independence and satisfied itself as to the auditors' independence. The Audit Committee has reviewed and approved the amount of fees paid to Hein & Associates for audit and non-audit services. The Audit Committee concluded that the provision of services by Hein & Associates is compatible with the maintenance of Hein & Associates' independence.

At five of its meetings during 2011, the Audit Committee met with members of senior management and the independent registered public accounting firm to review the certifications provided by the Chief Executive Officer and Chief Financial Officer under the Sarbanes-Oxley Act of 2002, the rules and regulations of the SEC and the overall certification process. At these meetings, Company officers reviewed each of the Sarbanes-Oxley certification requirements concerning internal control over financial reporting and any fraud, whether or not material, involving management or other employees with a significant role in internal control over financial reporting.

Based on the above-mentioned review and discussions with management, and the independent registered public accounting firm, and subject to the limitations on our role and responsibilities described above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that ENGlobal's audited consolidated financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2011, for filing with the SEC.

Audit Committee of the Board of Directors,

Randall B. Hale, Chairman
David W. Gent, P.E.

Principal Auditor Fees

The following table shows the fees paid or accrued by ENGlobal for the audit and other services provided by Hein & Associates for fiscal year 2011 and 2010.

	2011	2010
Audit Fees	\$281,000	\$253,300
Audit-Related Fees	--	--
Tax Fees	--	--
All Other Fees	--	--
Total	\$281,000	\$253,300

As defined by the SEC, (i) "audit fees" are fees for professional services rendered by the Company's independent registered public accounting firm for the audit of the Company's annual financial statements and review of financial statements included in the Company's Quarterly Reports on Form 10-Q, or for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for those fiscal years; (ii) "audit-related fees" are fees for assurance and related services by the Company's independent registered public accounting firm that are reasonably related to the performance of the audit or review of the company's financial

statements and are not

38

reported under "audit fees;" (iii) "tax fees" are fees for professional services rendered by the Company's independent registered public accounting firm for tax compliance, tax advice, and tax planning; and (iv) "all other fees" are fees for products and services provided by the Company's independent registered public accounting firm, other than the services reported under "audit fees," "audit-related fees," and "tax fees."

Under applicable SEC rules, except for the ability to designate a portion of this responsibility as described below, the full Audit Committee is required to pre-approve the audit and non-audit services performed by the independent registered public accounting firm in order to ensure that they do not impair the auditors' independence from ENGlobal. The Audit Committee may delegate pre-approval authority to a member of the Audit Committee and if it does, the decisions of that member must be presented to the full Audit Committee at its next scheduled meeting. The SEC's rules specify the types of non-audit services that an independent auditor may not provide to its audit client and establish the Audit Committee's responsibility for administration of the engagement of the independent registered public accounting firm.

Consistent with the SEC's rules, the Audit Committee Charter requires that the Audit Committee review and pre-approve all audit services and permitted non-audit services provided by the independent registered public accounting firm to ENGlobal or any of its subsidiaries, except that the Audit Committee Chairman has the right to approve up to \$25,000 of services in any year. During 2011, all fees were pre-approved by the Audit Committee.

OTHER MATTERS

To the best of the knowledge, information and belief of the directors, there are no other matters which are to be acted upon at the Annual Meeting. If such matters arise, the form of proxy provides that discretionary authority is conferred on the designated persons in the enclosed form of proxy to vote with respect to such matters.

The Company has received no notice of any other items to be submitted for consideration at the Annual Meeting and, except for reports of operations and activities by management, which are for informational purposes only and require no approval or disapproval, and consideration of the minutes of the preceding annual meeting for approval, which may involve technical corrections to the text where actions taken were incorrectly recorded, but which require no action of approval or disapproval of the subject matter, management does not know of or contemplate any other business that will be presented for action by the shareholders at the Annual Meeting. If any further business is properly presented at the Annual Meeting, the persons named as proxies will act in their discretion on behalf of the shareholders they represent.

SHAREHOLDER PROPOSALS FOR 2013

The 2013 Annual Meeting of Shareholders is expected to be held in June 2013. The Company must receive by January 4, 2013 any shareholder proposal intended to be presented at the next annual meeting of shareholders for inclusion in the Company's proxy materials. Proposals must comply with the proxy rules relating to shareholder proposals, including Rule 14a-8 under the Securities Exchange Act of 1934, as amended, in order to be included in our proxy materials. Proposals should be delivered to ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, Texas 77060-5914, Attention: Corporate Secretary, prior to the specified deadline.

AMENDMENT TO
ENGLOBAL CORPORATION
2009 EQUITY INCENTIVE PLAN

Whereas, the Board of Directors of ENGlobal Corporation has authorized the amendment of the ENGlobal Corporation 2009 Equity Incentive Plan (the "Plan") to increase the number of Shares (as defined in the Plan) that may be issued under the Plan to 980,000 subject to shareholder approval.

Now, therefore, the Plan is hereby amended effective as of June 14, 2012 subject to shareholder approval as follows:

Section 3(a) shall be amended in its entirety as follows:

“(a) Stock Subject to the Plan. Subject to the provisions of Section 15 of the Plan, the maximum aggregate number of Shares that may be issued pursuant to all Awards under the Plan (including Incentive Stock Options) is 980,000 Shares. Shares shall not be deemed to have been issued pursuant to the Plan with respect to any portion of an Award that is settled in cash. Upon payment in Shares pursuant to the exercise of an Award, the number of Shares available for issuance under the Plan shall be reduced only by the number of Shares actually issued in such payment. If a Participant pays the exercise price (or purchase price, if applicable) of an Award through the tender of Shares, or if Shares are tendered or withheld to satisfy any Company withholding obligations, the number of Shares so tendered or withheld shall again be available for issuance pursuant to future Awards under the Plan.”
