PROXY STATEMENT

The following statement, first mailed on or about June 30, 2003, is furnished in connection with the solicitation by the Board of Directors (the Board) of World Acceptance Corporation (the Company) of proxies to be used at the Annual Meeting of Shareholders of the Company (the Meeting) to be held on August 6, 2003, at 11:00 a.m., local time, at the Company s main office at 108 Frederick Street, Greenville, South Carolina, and at any adjournment or adjournments thereof.

The accompanying form of proxy is for use at the Meeting if a shareholder is unable to attend in person or plans to attend but prefers to vote by proxy. The proxy may be revoked by the shareholder at any time before it is exercised by submitting to the Secretary of the Company written notice of revocation, or a properly executed proxy of a later date, or by attending the Meeting and electing to vote in person. All shares represented by valid proxies received pursuant to this solicitation, and not revoked before they are exercised, will be voted in the manner specified therein. If no specification is made, the proxies will be voted in **favor** of:

1. The election to the Board of the seven (7) nominees named in this Proxy Statement;
2. The ratification of the Board s selection of KPMG LLP as independent public accountants to audit the books of the Company and its subsidiaries for the current fiscal year.

The entire cost of soliciting these proxies will be borne by the Company. In addition to the solicitation of the proxies by mail, the Company will request banks, brokers, and other record holders to send proxies and proxy materials to the beneficial owners of the Company s common stock, no par value (the Common Stock), and secure the beneficial owners voting instructions, if necessary. The Company will reimburse them for their reasonable expenses in so doing. If necessary, the Company may use several of its regular employees, who will not be specially compensated, to solicit proxies from shareholders, either personally or by other forms of communication.

Pursuant to the provisions of the South Carolina Business Corporation Act, the Board of Directors has fixed June 20, 2003, as the record date for the determination of shareholders entitled to notice of and to vote at the Meeting and, accordingly, only holders of record at the close of business on that date of outstanding shares (the Shares) of the Common Stock will be entitled to notice of and to vote at the Meeting.

The number of outstanding Shares entitled to vote as of the record date was 17,865,879. Each Share is entitled to one vote. In accordance with South Carolina law and the Company's bylaws, a majority of the outstanding Shares entitled to vote, represented in person or by proxy, will constitute a quorum for the election of directors, and the ratification of the selection of auditors. Abstentions and broker non-votes (if any) will be counted for purposes of determining the presence or absence of a quorum.

With regard to the election of directors, votes may either be cast in favor of or withheld, and directors will be elected by a plurality of the votes cast. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the election of directors. Approval of the auditors will be granted if more votes are cast in favor of such proposal than are cast against it. Accordingly, abstentions will have no effect on the outcome of the vote of such proposal. Broker non-votes (if any), will not be counted as votes cast and will have no effect on the outcome of the vote on any proposals. Cumulative voting is not permitted under the Company's articles of incorporation.

On June 20, 2003, the only class of voting securities the Company had issued and outstanding was its Common Stock. The following table sets forth the names and addresses of, and the numbers and percentages of Shares beneficially owned by, persons known to the Company to beneficially own five percent or more of the outstanding Shares. Except as noted otherwise, each shareholder listed below possesses sole voting and investment power with respect to the Shares listed opposite the shareholder's name.

ELECTION OF DIRECTORS

The Company's bylaws provide for seven directors. The Nominating and Corporate Governance Committee of the Board of Directors has nominated the director candidates described below. It is intended that the persons named in the accompanying proxy will vote only for the seven nominees for director named on the following pages, except to the extent authority to so vote is withheld with respect to one or more nominees. Each director will be elected to serve until the next annual meeting of shareholders or until a successor is elected and qualified. Directors will be elected by a plurality of the votes cast.

Although the Board does not expect that any of the nominees named will be unavailable for election, in the event of a vacancy in the slate of nominees occasioned by death or any other unexpected occurrence, it is intended that Shares represented by proxies in the accompanying form will be voted for the election of a substitute nominee selected by the Nominating and Corporate Governance Committee.

During the most recent fiscal year, the Board of Directors held four regularly scheduled meetings. Each director attended all meetings of the Board of Directors and all meetings of each committee on which he served.

Each director who is not an employee of the Company currently is paid a \$4,500 quarterly retainer, plus \$1,000 for each meeting of the Board of Directors attended and \$500 for attendance at each meeting of a committee on which he serves. The Chairman of each Committee receives an additional \$500 for each meeting attended. The Company offers a deferred fee plan for its non-employee directors under which participating directors may defer any or all of their retainer and meeting fees for specified time periods. The deferred fee plan is non-qualified for tax purposes. Deferred fees under the plan earn interest at the prime rate or, at each participating director's option, a return based on the Company's stock price performance over time. During fiscal 2003, Mr. Bramlett elected to defer 100% of the retainer and meeting fees to which he was entitled. None of the other directors have elected to participate in this plan. All directors are reimbursed for ordinary and necessary out-of-pocket expenses incurred in attending meetings of the Board of Directors and its committees. In addition, each outside director received options to purchase 6,000 Shares on each April 30 from 1992 through 2001, 1,500 Shares on May 14, 2002, and 10,500 Shares on May 16, 2003 pursuant to the terms of the Company's 1992, 1994 and 2002 Stock Option Plans. The exercise price for these options was the fair market value of the Shares on the date of grant, and each option is exercisable for 10 years from the date of grant.

The Board of Directors maintains an Audit Committee on which Messrs. Way (Chairman), Bramlett, and Hummers served during fiscal 2003. The Audit Committee reviews the results and scope of each audit, the service provided by the Company's independent accountants and all related-party transactions. The Audit Committee met five times during the most recent fiscal year, including quarterly conference calls with management and the Company's independent auditors to review interim financial information prior to its public release. Additional information regarding the Audit Committee is set forth below under Appointment of Independent Public Accountants.

The Board also maintains a Compensation and Stock Option Committee on which Messrs. Gilreath (Chairman), Bramlett, Hummers and Way serve. This Committee establishes and reviews the compensation criteria and policies of the Company, reviews the performance of the

officers of the Company and recommends appropriate compensation levels to the Board of Directors. Additionally, this Committee administers the Company's 1992, 1994, and 2002 Stock Option Plans. The Compensation and Stock Option Committee met twice during the most recent fiscal year.

The Board also maintains a Nominating and Corporate Governance Committee on which Messrs. Bramlett (Chairman), Gilreath, Hummers and Way serve. This committee was established on October 24, 2002, to make nominations for director and senior executive candidates, to make recommendations regarding membership to Board Committees and to review issues with respect to the structure of Board meetings. This Committee meets at the discretion of the Board or at the call of any two members thereof. This Committee held no meetings in fiscal 2003 and has met once in fiscal 2004.

The following is a list of nominees for election to the Board of Directors. Each nominee's name, age, current principal occupation (which has continued for at least five years unless otherwise indicated) and the name and principal business of the organization in which that occupation is carried on, the year each incumbent was first elected to the Board, all positions and offices presently held with the Company, and directorships in other public companies are set forth below. EXECUTIVE COMPENSATION

Report of Compensation and Stock Option Committee

The Compensation and Stock Option Committee is responsible for establishing compensation and benefits for the members of senior management of the Company. This Committee annually evaluates the Company's performance and compensation paid to the Company's executive officers and other senior management. It is also responsible for administering the Company's 1992, 1994, and 2002 Stock Option Plans and meets periodically to consider option grants to newly hired, promoted, and existing members of management.

Objectives and Policies

The Compensation and Stock Option Committee seeks to establish compensation policies, plans, and programs to accomplish two objectives: (i) to attract and retain highly capable and well-qualified executives and other employees and (ii) to focus executives' efforts on increasing shareholder value. To achieve these objectives, the committees have established a compensation package consisting of base salary, short-term incentive compensation in the form of annual cash bonuses based on the performance of the Company during the prior fiscal year, and long-term incentive compensation primarily in the form of discretionary stock options and restricted stock awards that vest over a period of time.

The following executive officers have been compensated pursuant to the objectives described above in accordance with employment agreements and in accordance with incentive compensation plans described below: Messrs. Walters and McLean since the beginning of fiscal 1995, and Mr. Jones since August 1999. The Compensation and Stock Option Committee believes that it is desirable to tie a significant percentage of each executive's overall compensation to the achievement of goals designed to maximize shareholder value. Accordingly, the employment agreements provide for minimum base salary levels subject to adjustment at the discretion of the Committee, potentially significant annual cash bonus awards based on the achievement of objective annual Company performance goals, and potentially significant awards of stock options and restricted stock based on the achievement of objective long-term Company performance goals.

For fiscal 2003 Messrs. Walters, Jones, and McLean were paid the minimum base salaries established under their employment agreements. The amount of cash bonuses awarded to Messrs. Walters, Jones, and McLean for fiscal 2003 were determined in accordance with the Company's Executive Incentive Plan (the Executive Incentive Plan) and based on the Company's achievement of pre-established annual goals related to (1) increases in earnings per share, (2) growth in loans receivable, (3) expense control, and (4) control of loan charge-offs. The Committee selected these goals to motivate and reward the maximization of shareholder value based on its belief that earnings per share is the most direct measure of shareholder value and that growth in loans receivable, expense control and charge-off control are the three most significant determinants of earnings per share. The relative weights assigned to each of these goals in determining the amount of cash bonus compensation for Messrs. Walters, Jones, and McLean in fiscal 2003 were as follows: earnings per share 40%; growth in loans receivable 25%; expense control 25%; and charge-off control 10%. Possible bonuses ranging from 25%

to 150% of base salary for Mr. Walters, from 22.5% to 135% of base salary for Mr. Jones, and from 20% to 120% of base salary for Mr. McLean were available for fiscal 2003 depending upon whether the Company reached the pre-established minimum, threshold, target, or maximum levels of achievement with respect to a particular goal. During fiscal 2003, the Company achieved maximum performance levels with respect to its goals for earnings per share, growth in loans receivable and expense control, and minimum level with respect to charge-off control. As a result, the cash bonuses payable under the Executive Incentive Plan amounted to 137.5%, 123.8% and 110.0% of base salary for Messrs. Walters, Jones, and McLean, respectively.

The compensation of the Company's other three executive officers, Mr. Roland, Mr. Gardner, and Mr. Thompson, provide for bonuses which are based 70%, 50%, and 50%, respectively, on the same Company performance goals that determine the compensation of Messrs. Walters, Jones, and McLean, with the balance of the potential bonus based on the achievement of business unit performance goals.

Historically, the long-term incentive components of the Company's executive compensation have been stock options under the 1992, 1994, and 2002 Stock Option Plans. Options may have a term of up to 10 years, but expire earlier upon an executive's termination of employment. Options granted under the 1992, 1994, and 2002 Stock Option Plans are exercisable at the fair market value of the Shares at the date of grant. Restricted stock awards may contain such transfer restrictions and vesting and other terms as determined by the Compensation and Stock Option Committee.

Section 162(m) of the Internal Revenue Code prohibits publicly held corporations from deducting as an expense for tax purposes the amount by which compensation paid to certain executives exceeds \$1,000,000 annually. Certain types of incentive compensation are excepted from this prohibition. While the current compensation levels of the Company's executives are well below this limit, the Committee intends to consider the effects of Section 162(m) in determining whether any of the Committee's policies, or any of the Company's compensation plans, should be changed to avoid payment of nondeductible compensation.

Compensation of Chief Executive Officer

Mr. Walters' compensation for fiscal 2003 was determined in the manner and in accordance with the policies described above.

During fiscal 2003, the Company continued to experience excellent improvement in its operating performance. For the 12 months ended March 31, 2003, the Company earned \$22.9 million, representing an 18.2% increase over the prior year, a 10.4% return on average assets and a 22.2% return on average equity. During the last three fiscal years ended March 31, 2001, 2002, and 2003, Mr. Walters has overseen increases in the Company's office network of 10, 21, and 29 net new offices, respectively; and in gross loans receivable, the Company's primary earning assets, of 22%, 7%, and 18% respectively. Additionally, the Committee has compared Mr. Walters' compensation package to those of chief executive officers of similar companies. Based on these factors, the Committee continues to believe that Mr. Walters' compensation as Chief Executive Officer appropriately reflects the Company's short-term and long-term performance.

CEO Succession

In October 2002, The Board of Directors, upon the recommendation of the Committee, approved a CEO Succession Plan, pursuant to which the position of Chief Executive Officer will be passed from Mr. Walters to Mr. Jones effective as of this Annual Meeting. Mr. Walters will remain as Chairman of the Board of Directors. In connection with the CEO Succession Plan, the terms of the employment agreements of Messrs. Walters and Jones are being amended and restated. In general, Mr. Walters will continue to be compensated in accordance with the terms of his employment agreement through March 31, 2004, unless extended, at which time Mr. Walters would be eligible for severance payments in accordance with the terms of his employment agreement. The terms of Mr. Jones' employment will generally remain the same following his transition to Chief Executive Officer, except that his annual minimum base salary will be increased from \$223,000 to \$250,000 and his possible bonus range for fiscal 2004 under the Company's executive incentive plan will be increased from 22.5% - 135% to 25% - 150%. For additional information concerning the terms of these employment agreements, see "Employment and Severance Agreements" below.

Employment and Severance Agreements

The Company maintains employment agreements with Messrs. Walters, Jones and McLean. The agreements of Messrs. Walters and Jones are being amended and restated effective June 1, 2003 in connection with the transfer of the position of Chief Executive Office from Mr. Walters to Mr. Jones effective August 6, 2003. Unless otherwise noted, the description below includes the terms of the agreements of Messrs. Walters and Jones as expected to be amended and restated based on agreements in principle with these executives regarding the revised terms.

These agreements expire on March 31, 2004 for Walters and March 31, 2006 for Jones and McLean. The terms of these agreements are ten months for Walters and three years for Jones and McLean and provide for current annual base salaries of not less than \$285,000, \$223,000 (to be increased to \$250,000 upon his appointment as Chief Executive Officer) and \$208,400, for Walters, Jones and McLean, respectively, as determined by the Compensation Committee. These salaries are subject to annual increases as determined by the Compensation Committee. In addition, the agreements provide for the payment of annual cash incentive payments in accordance with the terms of the Company's Executive Incentive Plan, based on the Company's achievement of certain pre-established performance criteria. For fiscal 2003, the performance criteria related to achievement of a certain level of earnings per common share, a certain amount of growth in loans receivable, the control of general and administrative expense within certain limits, and control over the level of charge-offs.

Under the agreements with Messrs. Walters, Jones and McLean, the Company has agreed to provide each with long-term disability insurance benefits equal to 60% of such executive's base salary at the time of disability. These agreements also provide for severance payments and the continuation of certain benefits if the executive is terminated without cause or constructively discharged (as defined in the agreements). In the

Edgar Filing: WORLD ACCEPTANCE CORP - Form DEF 14A

event of such termination without cause or constructive discharge, including any such termination or discharge that occurs within one year after a change of control of the Company, the executive is entitled to receive (i) severance pay

equal to 100% of such executive's base salary at the time of termination or change of control, as the case may be, for 24 months in the case of Mr. Walters and for the longer of 24 months or the remaining term of the employment agreement in the case of Messrs. Jones and McLean, (ii) the continuation of all other perquisites and benefits available under the agreement for a period of 24 months from the date of termination, and (iii) annual incentive compensation payments prorated to the date of termination. Under the terms of Mr. Walters' amended and restated employment agreement, he would be entitled to a prorated annual incentive compensation payment only if his employment were terminated prior to August 6, 2003.

In connection with Mr. Walters' transfer from the position of Chief Executive Officer effective August 6, 2003, his employment agreement is being modified in several other respects. His employment agreement will provide for a pro-rated annual incentive award for fiscal 2004 equal to 5/12 of the award he would have received had he remained Chief Executive Officer for all of fiscal 2004. His agreement will also be modified with respect to life insurance that had formerly been provided by the Company to satisfy a covenant in his employment agreement that the Company maintain at least \$2,000,000 in life insurance coverage for the benefit of Mr. Walters' designated beneficiary. The Company had formerly satisfied this obligation by making premium payments on a split-dollar life insurance policy. Under agreed terms of his revised employment agreement, this split-dollar policy has been unwound in exchange for the Company's agreement to reimburse Mr. Walters (including gross-ups for any taxes he may incur as a result of such reimbursements) for his cost to purchase, during the remaining term of his amended and restated employment agreement, \$1,000,000 of life insurance. The Company also agreed, during the period beginning August 6, 2003 and ending March 31, 2004 (unless extended), to provide Mr. Walters with office space and administrative assistance sufficient to enable him to perform his duties and obligations as Chairman of the Board.

Messrs. Walters, Jones and McLean have agreed not to compete with the Company during the term of their employment and for two years thereafter.

Supplemental Executive Retirement Plan

The Company has instituted a Supplemental Executive Retirement Plan (SERP), which is a non-qualified executive benefit plan in which the Company agrees to pay the executive additional benefits in the future, usually at retirement, in return for continued employment by the executive. The Company selects the key executives who participate in the SERP. The SERP is an unfunded plan, which means there are no specific assets set aside by the Company in connection with the establishment of the plan. The executive has no rights under the agreement beyond those of a general creditor of the Company. The Company has currently entered into SERP contracts with nine senior level managers, including all executive officers. The SERP contracts provide for a retirement benefit of 45% of the executive's final base salary, multiplied by a Days of Service Fraction should the executive elect early retirement. No executive will be granted early retirement until he has reached age 57 and has been a participant of the plan for at least eight years.

The expected benefits associated with such persons, assuming retirement at age 65, are as follows:

Name	Year of Birth	Retirement Age	Annual Retirement Benefits	Duration of Retirement Benefits
Charles D. Walters	1939	65	\$ 133,615	15 years

APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

Report of the Audit Committee of the Board of Directors

The Audit Committee Reviews the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee is composed of three directors, each of whom is independent within the meaning of applicable NASDAQ rules and all of whom have accounting or related financial management expertise. The Audit Committee operates under a written charter approved by the Board of Directors.

Management is responsible for the Company's financial reporting process, including its system of internal control, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent auditors are

Edgar Filing: WORLD ACCEPTANCE CORP - Form DEF 14A

responsible for auditing those financial statements. Our responsibility as members of the Audit Committee is to monitor and review these processes. It is not our duty or our responsibility to conduct auditing or accounting reviews or procedures. We are not employees of the Company and we may not be, and we may not represent ourselves to be or to serve as, accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, we have relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on the

Company's financial statements. Our oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of our Company's financial statements has been carried out in accordance with generally accepted auditing standards or that our Company's independent accountants are in fact independent.

In this context, the Audit Committee met with management and the independent accountants to review and discuss the March 31, 2003, audited consolidated financial statements. The Audit Committee also discussed with the independent accountants the matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee also received written disclosures and a letter from the independent accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants that firm's independence. In particular, the Audit Committee considered whether the provision of the services set forth below in All Other Fees is compatible with maintaining the independence of the accountants.

Based upon the Audit Committee's discussions with management and the independent accountants, and the Audit Committee's review of the representations of management and the independent accountants, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended March 31, 2003, for filing with the Securities and Exchange Commission.

The Board, upon the recommendation of the Audit Committee, has approved the selection of the firm KPMG LLP as independent public accountants to examine the books of the Company and its subsidiaries for the current fiscal year, to report on the consolidated balance sheet and related statement of operations of the Company and its subsidiaries, and to perform such other appropriate accounting services as may be required by the Board. The Board recommends that the shareholders vote in favor of ratifying and approving the selection of KPMG LLP for the purposes set forth above.

The Company has been advised by KPMG LLP that the firm did not have any direct financial interest or any material indirect financial interest in the Company and its subsidiaries during the Company's most recent fiscal year.

Representatives of KPMG LLP are expected to be present at the Meeting with the opportunity to make a statement if they so desire, and they are expected to be available to respond to appropriate questions.
