PROXY STATEMENT

Annual Meeting Of Stockholders to be held August 19, 2003

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Why Did You Send Me this Proxy Statement?

We sent you this proxy statement and the enclosed proxy card because our board of directors is soliciting your proxy to vote at the 2003 annual meeting of stockholders. This proxy statement summarizes the information you need to know to cast a vote at the annual meeting. However, you do not need to attend the annual meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card.

Who is Entitled to Vote?

We will begin sending this proxy statement, the attached notice of annual meeting and the enclosed proxy card on or about July 18, 2003, to all stockholders entitled to vote. Stockholders who owned Keystone common stock at the close of business on July 3, 2003, are entitled to vote. On this record date, there were 14,821,470 shares of Keystone common stock, no par value, outstanding. Keystone's common stock is our only class of voting stock. We are also authorized to issue up to 3,000,000 shares of preferred stock, no par value, and no shares are presently issued and outstanding. We are also sending along with this proxy statement, Keystone's 2003 Annual Report, which includes our financial statements.

What Constitutes a Quorum?

The holders of a majority of the outstanding shares of Keystone's common stock entitled to vote at the meeting must be present, in person or by proxy, in order to constitute a quorum. We can conduct the business of the meeting only if a quorum has been established. We will include proxies marked as abstentions and broker non-votes in determining the number of shares present at the meeting.

How Many Votes Do I Have?

Each share of Keystone common stock that you own entitles you to cast one vote. The proxy card indicates the number of shares of Keystone common stock that your own.

How Do I Vote By Proxy?

Whether you plan to attend the annual meeting or not, we urge you to complete, sign and date the enclosed proxy card and to return it promptly in the postage-prepaid envelope provided. Returning the proxy card will not affect your right to attend the annual meeting and vote.

If you properly fill in your proxy card and send it to us in time to vote, your proxy (*one of the individuals named on your proxy card*) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, your proxy will vote your shares as recommended by the board of directors as follows:

FOR the election of all seven nominees for director (see page 10)

FOR ratification of the appointment of Ernst & Young LLP as the Company's independent public accountants (see page 21)

If any other matter is presented, your proxy will vote in accordance with the recommendation of the board of directors or, if no recommendation is given, in his or her own discretion. At the time this proxy statement went to press, we knew of no matter which needed to be acted on at the annual meeting, other than the election of directors and the ratification of the appointment of Ernst & Young LLP.

May I Change My Vote After I Return My Proxy?

Yes. If you give a proxy, you may change your vote at any time before it is exercised. You may change your vote in any one of three ways:

You may send our Corporate Secretary another proxy with a later date.

You may notify our Corporate Secretary in writing before the annual meeting that you have revoked your proxy.

You may attend the annual meeting and vote in person.

How Do I Vote in Person?

If you plan to attend the annual meeting and vote in person, we will give you a ballot form when you arrive. However, if your shares are held in the name of your broker, bank or other nominee, you must bring the proxy card, an account statement or a letter from the nominee indicating that you were the beneficial owner of the shares on July 3, 2003, the record date for voting, and a written instruction from the nominee authorizing you to vote the shares.

What Vote is Required to Approve Each Proposal?

Proposal 1:

Elect Seven Directors

The seven nominees for director who receive the most votes will be elected. So, if you do not vote for a particular nominee, or you indicate **WITHHOLD AUTHORITY** to vote for a particular nominee on your proxy card, your vote will not count either for or against the nominee.

Proposal 2:

Ratification of Ernst & Young LLP

The affirmative vote of a majority of the shares of Common Stock represented and voted at the annual meeting is required to ratify the appointment of Ernst & Young LLP as the Company's independent public accountants.

The Effect of Broker Non-Votes

If your broker holds your shares in its name, the broker will be entitled to vote your shares on Proposals 1 and 2 even if it does not receive instructions from you.

If your broker does not vote your shares on either Proposal 1 or 2, such broker non-votes will have no effect on the outcome since only a plurality of votes actually cast is required to elect a director and ratify the appointment of Ernst & Young LLP.

What are the Costs of Soliciting these Proxies?

We will pay all the costs of soliciting these proxies. In addition to mailing proxy soliciting material, our directors, officers and employees also may solicit proxies in person, by telephone or by other electronic means of communications for which they will receive no compensation. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward the proxy material to their principals and to obtain authority to execute proxies. We will then reimburse them for their reasonable expenses. In addition, we may pay for and use the

services of individuals or companies that we do not regularly employ in connection with the solicitation of proxies if the board of directors determines this is advisable.

How Do I Obtain an Annual Report on Form 10-K?

If you would like a copy of our Annual Report on Form 10-K for the year ended March 28, 2003, that we filed with the Securities and Exchange Commission, we will send you one without charge. Please write to:

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act, as amended, requires insiders including our executive officers, directors and beneficial owners of more than 10% of our common stock, to file reports of ownership and changes in ownership of our common stock with the SEC and the NYSE, and to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of copies of such forms received by us, we believe that our insiders complied with all applicable Section 16(a) filing requirements during fiscal 2003, except for the following filings: (1) Each of the nonemployee directors was granted options having a value of \$30,000 on September 20, 2002, based upon the price of the Company's Common Stock on that date. In early December 2002 using Black & Scholes methodology, it was determined that each option would be exercisable as to 7,853 shares of Common Stock. Form 4s for each of the directors were filed with the SEC on December 4, 2002; (2) Messrs. Hartman, Lockwood and Wood each sold shares of the Company's Common Stock in June 2002 and filed their respective Form 4s in August 2002 after the 10th of that month; (3) Mr. Brown was late in filing a Form 4 for a gift of shares to a charity made in early January 2003; (4) Mr. Thompson was late filing a Form 4 with respect to a sale of shares of the Company's Common Stock in February 2003; and (5) Mr. Hogarty was late in filing a Form 4 for a purchase of shares of Common Stock in November 1999.

INFORMATION ABOUT DIRECTORS AND EXECUTIVE OFFICERS

The Board of Directors

The Board of Directors oversees the business and affairs of Keystone and monitors the performance of your management. In accordance with established Company corporate governance principles, the Board does not involve itself in day-to-day operations.

The Board adopted and approved a charter for the audit committee in May 2000, a copy of which was attached to our 2001 proxy statement on file with the Securities and Exchange Commission. The Board has determined that all members of the audit committee are independent as that term is defined in Rule 4200 of the listing standards of the National Association of Securities Dealers.

The Compensation Committee

The compensation committee makes recommendations regarding our employee stock plan, salaries and bonuses for Keystone's executive officers. Directors Thompson, McQuay and Seebart currently serve as members of the compensation committee. The compensation committee met four times

during fiscal 2003.

The Nominating Committee

The nominating committee met one time in fiscal 2003. Directors Brown, McQuay and Thompson serve as members of the nominating committee.

The nominating committee will accept for consideration stockholders' nominations for directors if made in writing. The nominee's written consent to the nomination and sufficient background information on the candidate must be included to enable the Committee to make proper judgments as to his or her qualifications. Nominations must be addressed to the Secretary of the Company at the Company's headquarters and must be received no later than May 21, 2004 in order to be considered for the next annual election of directors.

How Do We Compensate Directors?

Effective September 1, 2003, Board members, who are not also employees, will receive \$30,000 per annum as compensation for serving on the Board and any committees and will receive that number of restricted shares of Common Stock having a value of \$30,000 on that date. The shares may not be sold until September 1, 2004. During the last year, directors who were not also employees, were compensated at the rate of \$30,000 per year for all meetings of the Board of Directors and committees thereof; and also received options to purchase 7,853 shares of Common Stock. Such options had an exercise price equal to the market price of such shares on December 3, 2002, the date of grant, were immediately exercisable and expire on August 19, 2007. Directors are also reimbursed for all reasonable and documented expenses incurred as Board members.

Compensation Committee Interlocks and Insider Participation

No interlocking relationship exists between Keystone's executive officers, board of directors or compensation committee and any executive officer or member of the board of directors or compensation committee of any other company, nor has any such interlocking relationship existed in the past.

Certain Relationships and Related Transactions

The Company entered into a lease dated January 5, 1995, with V-JAC Properties, Ltd. for an 8,000 square foot warehouse facility in Ontario, California, with a term of three years, for a monthly rent of \$3,494. Upon the expiration of the term, the Company entered into a five year lease (with an option to renew for an additional five years), on the same terms as the earlier lease, approved by unanimous vote of the disinterested directors in February 1998. V-JAC Properties, Ltd. is a partnership whose interests are held equally by Virgil K. Benton, Sr., and John G. Jordan, former directors of the Company, and Al A. Ronco and Charles J. Hogarty, who are currently directors of the Company. Mr. Benton died during 2000. This lease was terminated by mutual agreement effective July 1, 2003.

The Company also entered into a lease dated January 5, 1995, with V-JAC Properties, Ltd. for a 10,000 square foot warehouse facility in Palmyra, New Jersey, with a term of three years, for a monthly rent of \$2,985. Upon the expiration of the term, the Company entered into a five year lease (with an option to renew for an additional five years), with a 5% increase in the monthly rent, approved by the unanimous vote of the disinterested directors in February 1998. The Company exercised its option to renew for an additional five years at a monthly rent of \$3,295.

On January 1, 1995, North Star Plating Company (North Star) entered into a ten-year lease agreement with a partnership owned by the spouses of Ronald G. Brown and Kim D. Wood to lease property occupied by North Star's East Peoria, Illinois service center. The initial base rent under the lease was \$6,975 per month, which is subject to increase on each anniversary of the lease term by the percentage increase in the Consumer Price Index during the preceding year. In addition to the base rent, North Star pays real estate taxes, maintenance, utilities and insurance costs associated with the property. North Star was merged with the Company in 1997 at which time Mr. Brown became a director of the Company and Mr. Wood was elected a Vice President. Kim D. Wood resigned as a Vice President of the Company in January 2003. North Star was recently renamed Keystone Automotive Industries MN, Inc.

On January 1, 1995, North Star entered a ten-year lease agreement with a partnership owned by the spouse of Raymond Wood, a former stockholder, officer and director of North Star, and the spouse of Ronald G. Brown to lease the property occupied by North Star's Brainerd, Minnesota chrome bumper plating center. The initial base rent under the lease was \$23,600 per month, which is subject to increase on each anniversary of the lease term by the percentage increase in the Consumer Price Index during the preceding year. In addition to the base rent, North Star pays real estate taxes, maintenance, utilities and insurance costs associated with the property. Pursuant to the lease agreement, North Star is responsible for certain occurrences on the premises, including any environmental contamination. Upon the demise of the spouse of Raymond Wood in 2001, her partnership interest devolved to Woodhaven Investments, a partnership in which Kim D. Wood is a partner.

On January 1, 1995, North Star entered into a ten-year lease agreement with a partnership owned by Kim D. Wood and Richard Monson, the general manager of North Star's Brainerd, Minnesota chrome bumper manufacturing and recycling center to lease the property occupied by North Star's St. Cloud, Minnesota service center. The initial base rent under the lease was \$5,000 per month, which is subject to increase on each anniversary of the lease term by the percentage increase in the Consumer Price Index during the preceding year. In addition to the base rent, North Star pays real estate taxes, maintenance, utilities and insurance costs associated with the property.

On May 20, 1996, North Star entered into a ten-year lease agreement with a partnership owned by the spouses of Ronald G. Brown and Kim D. Wood and the Brown Family Limited Partnership to lease property occupied by North Star's headquarters and Minneapolis, Minnesota service center hub. The initial base rent under the lease was \$12,000 per month, which is subject to increase on the anniversary of the lease term by the percentage increase in the Consumer Price Index during the preceding year. In addition to the base rent, North Star pays real estate taxes, maintenance utilities and insurance costs associated with the property. In an amendment to the lease dated September 23, 1996, the partnership agreed to construct a 37,260 square foot addition to the existing building. North Star began occupying the addition in January 1997 and, accordingly, the base rent increased to \$25,627 per month.

The Company believes that the terms and conditions of the above leases with affiliated parties are no less favorable to the Company than could have been obtained from unaffiliated parties in arm's length transactions at the time such leases were entered into.

A board of seven directors is to be elected at the Annual Meeting. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the Company's seven nominees named below, all of whom are presently directors of the Company. Employee Defined Benefit Pension Plan

General. The Board of Directors adopted the Employee Defined Benefit Pension Plan (the Pension Plan), originally effective as of April 1, 1978, for the benefit of the eligible employees of the Company. Since the implementation of the Pension Plan, the Company has amended the Pension Plan from time to time. The primary purpose of the Pension Plan was to provide a retirement benefit for participating employees who continue in the employ of the Company until their retirement. Effective April 30, 1997, the Pension Plan was suspended with no further benefits to accrue on behalf of any participant or beneficiary and no further contributions, except as may be required by law, to be made. It is anticipated that the Pension Plan will be terminated and that the termination will not have a material adverse impact on the financial condition of the Company upon that event. The Pension Plan has been replaced with the 401(k) Savings Plan described below.

Estimated Monthly Benefits. The following table sets forth the estimated monthly benefit under the Pension Plan based on the current benefit structure.

For benefit calculation purposes, a highest-five-year average of compensation is used. Benefits are paid as straight-life annuities with no subsidies or offsets. The compensation covered by the Pension Plan for all of the Named Executive Officers was limited to \$150,000 in April 1997 when the Pension Plan was suspended, in accordance with Section 401(a)(17) of the Internal Revenue Code of 1986, as amended.

401(k) Savings Plan

Effective April 1, 1997, the Section 401(k) Savings Plan (the Savings Plan) in effect at North Star was amended to make the Savings Plan available to employees of the Company. Pursuant to the amendment, the

Company became the Savings Plan sponsor and North Star became an adopting employer. All employees of the Company as of April 1, 1997, became participants in the Savings Plan and the amendment had no effect upon those persons who were employed at North Star on April 1, 1997. Persons becoming employees of the Company subsequent to April 1, 1997 are not eligible to participate until they complete one year of service and are at least 21 years of age.

Under the terms of the Savings Plan, participants can contribute, by way of payroll deductions, up to 50% of their pre-tax compensation annually, subject to certain legal limitations. The Savings Plan also provides for a matching contribution by the Company equal to 50% of the first 6% of a participant's contribution. For purposes of determining the amount of contributions and matching contributions to be allocated to a participant's account, compensation is defined as the annual income amount reportable by the Company for federal income tax purposes, including overtime, commissions and bonuses.

A participant is always 100% vested in his own Savings Plan contributions. A participant becomes 100% vested in the matching contributions allocated to his account upon the earliest to occur of four years of service, normal retirement age (age 65), disability while employed by the Company, his death while employed by the Company or the termination or complete discontinuance of contributions to the Savings Plan.

If a participant terminates employment with the Company for any other reason, a participant vests 25% in his benefits after one year of service, and 25% each year thereafter, with 100% vesting after four or more years of service.

REPORTS OF THE COMPENSATION COMMITTEE

AND AUDIT COMMITTEE

The following Compensation Committee's Report on Executive Compensation and Audit Committee's Report shall not be deemed to be soliciting material or to be filed with the SEC or subject to Regulations 14A or 14C of or to the liabilities of Section 18, of the Securities Exchange Act of 1934, as amended (the Exchange Act), and shall not be deemed incorporated by reference into any filing under the Securities Act of 1933 or the Exchange Act, notwithstanding any general incorporation by reference of this proxy statement into any other document.

The Report of the Compensation Committee on Executive Compensation

General

The Compensation Committee of the Board of Directors (the Compensation Committee) is responsible for establishing and administering the policies that govern executive compensation and benefit practices. All decisions of the Compensation Committee are submitted to Keystone's board of directors for ratification. The Compensation Committee is currently comprised of Messrs. Thompson, McQuay and Seebart.

Compensation Philosophy

The Company's executive compensation program is designed to: (1) provide levels of compensation that integrate pay and incentive plans with the Company's strategic goals, so as to align the interests of executive management with the long-term interests of the Company's stockholders, (2) attract, motivate and retain executive talent capable of achieving the strategic business goals of the Company and (3) recognize outstanding individual contributions. The Company's executive compensation program consists of three main elements: base salary, annual cash bonus under the Bonus Plan and long-term incentives in the form of stock options. The executive compensation program is reviewed each year by the Compensation Committee and recommendations of the Compensation Committee as to base salary adjustments, bonuses and stock option awards are acted upon by the Board.

Base Salary

In the case of base salary adjustments, the Compensation Committee subjectively considers the performance and contributions of each executive officer as measured against formal and informal goals and objectives with respect to the total Company performance, as appropriate for the respective responsibilities of each officer. From a quantitative perspective, specific measures of performance considered in dealing with compensation in the aggregate include net earnings, cash flow and return on investment. From a qualitative point of view, objectives have included the quality of long-term planning and progress in organizational and management development.

At the same time, the Compensation Committee takes into account the relationship of the compensation of the Company's executive officers to the compensation of individuals occupying comparable positions in other similar organizations of like size to the Company, with a view to ensuring that executives are fairly compensated and thus appropriately motivated and are retained in the employment of the Company. Base pay

levels for the executive officers are generally in the middle of a competitive range of salaries.

Annual Cash Bonuses

In the case of the Bonus Plan, the amount available each year for awards is based solely on a formula tied to the increase in earnings of the Company over the prior year, before income taxes and after deducting such awards. The Compensation Committee establishes a target bonus level for each participant in the Bonus Plan which represents a specified percentage of the participant's base salary which will be awarded as a bonus if the

Company's earnings exceed a target level set by the Committee for the year, which is generally the prior year's earnings. The maximum percentages of base salary range from 84% to 96%. Certain adjustments to earnings for events deemed to be beyond the reasonable control of the executive officers may be made to the earnings. Additionally, the awards are increased or decreased based upon a formula tied to the change in return on net assets from the prior year. Cash awards under the Bonus Plan were earned in fiscal 2003 by all but one of the executive officers.

Long-Term Incentives

The Compensation Committee provides the Company's executive officers with long-term incentive compensation primarily through grants of stock options under the Plan. The Compensation Committee is responsible for selecting the executive officers to whom grants should be made, the time of grants, the determination of the per share exercise price and the number of shares subject to each option awarded. The Compensation Committee believes that stock options provide the Company's executive officers with the opportunity to purchase and maintain an equity interest in the Company and to share in the appreciation of the value of the Common Stock. The Compensation Committee believes that stock options directly motivate an executive to maximize long-term stockholder value. The options incorporate vesting periods in order to encourage key employees to continue in the employ of the Company. All executive officers received stock option grants in fiscal 2003.

CEO

In making a salary increase of approximately 4.2% to Mr. Hogarty, President and CEO of the Company effective March 29, 2003, the Compensation Committee subjectively evaluated specific measures of performance of the Company, including quantitative factors such as percent increase in net earnings, return on stockholders' equity and return on assets and qualitative factors such as his progress in developing a strategic plan for the Company. For fiscal 2003, Mr. Hogarty received awards under the Company's Bonus Plan and stock options.

Summary

The Compensation Committee believes that its executive compensation philosophy of paying its executive officers by means of base salaries, annual cash bonuses and long-term incentives, as described in this Report, is in the best interests of the Company and its stockholders.

The Audit Committee of the board of directors (the Audit Committee) developed a charter for the Audit Committee, which was approved by the Board in May 2000. The complete text of the charter was attached to the 2001 Proxy Statement filed with the SEC. During fiscal 2004, the Board of Directors intends to review and revise, to the extent necessary, the existing charter to ensure it is fully compliant with the requirements of the Sarbanes-Oxley Act of 2002 and the NASDAQ corporate governance listing standards.

The following is the report of the Audit Committee with respect to the Company s audited financial statements for the fiscal year ended March 28, 2003, which include its consolidated balance sheets as of March 28, 2003 and March 29, 2002 and the related consolidated statements of operations, stockholders equity and cash flows for each of the three years in the period ended March 28, 2003 and the notes thereto.

The Audit Committee is responsible for overseeing the Company's financial reporting process on behalf of the Board of Directors. Management of the Company has the primary responsibility for the Company's financial reporting process, principles and internal controls as well as preparation of its financial statements. The Company's independent auditors are responsible for performing an audit of the Company's financial statements and expressing an opinion as to the conformity of such financial statements with accounting principles generally accepted in the United States.

The Audit Committee has reviewed and discussed the Company's audited financial statements as of and for the year ended March 28, 2003 with management and the independent auditors. The Audit Committee has discussed with the independent auditors the matters required to be discussed under auditing standards generally accepted in the United States, including those matters set forth in Statement on Auditing Standards No. 61 (Communication with Audit Committees), as currently in effect. The independent auditors have provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect, and the Audit Committee has discussed with the auditors their independence from the Company. The Audit Committee has also considered whether the independent auditors' provision of information technology and other non-audit services to the Company is compatible with maintaining the auditors' independence. The Audit Committee has concluded that the independent auditors are independent from the Company and its management.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended March 28, 2003.
