PROXY STATEMENT

Questions and Answers

1. **Q: Who is entitled to vote?**
A: Shareholders as of the close of business on the record date, February 10, 2004, are entitled to vote at the Annual Meeting.
-

2. **Q: How do I cast my vote?**
A: There are four different ways you may cast your vote this year. You may vote by:
- (1) *telephone*, using the toll-free number listed on each proxy card (if you are a shareholder of record) or vote instruction card (if your shares are held by a bank or broker);
 - (2) *the Internet*, at the address provided on each proxy or vote instruction card;
 - (3) *marking, signing, dating, and mailing* each proxy or vote instruction card and returning it in the envelope provided. If you return your signed proxy or vote instruction card but do not mark the boxes showing how you wish to vote, your shares will be voted FOR the two proposals; or
 - (4) *attending the meeting* (if your shares are registered directly in your name on Sunoco's books and not held through a broker, bank or other nominee).

For voting procedures for shares held in the Sunoco, Inc. Capital Accumulation Plan or SunCAP, Sunoco's 401(k) Plan for employees, see Question 8.

If you are the registered shareholder (that is, if you hold your stock in your name), you can vote by telephone or electronically through the Internet by following the instructions provided on the proxy card.

If your shares are held in street name (that is, they are held in the name of a broker, bank or other nominee), or your shares are held in custody for your account by The Vanguard Fiduciary Trust Company (Vanguard), as trustee for SunCAP, you will receive instructions with your materials that you must follow in order to have your shares voted. Please review your proxy or vote instruction card to determine whether you will be able to vote by telephone or electronically.

The deadline for voting by telephone or electronically is 11:59 p.m. Eastern U.S. Time, May 5, 2004.

Table of Contents

3. Q: How do I revoke or change my vote?

A: You may revoke or change your vote by:

- (1) notifying Sunoco's Corporate Secretary or its designated agent, IVS Associates, Inc., Suite 210, 111 Continental Drive, Newark, DE 19713, in writing at any time before the meeting;
- (2) submitting a later-dated proxy by mail, telephone, or via the Internet; or
- (3) voting in person at the meeting (if your shares are registered directly in your name on Sunoco's books and not held through a broker, bank, or other nominee).

The latest-dated, timely, properly completed proxy that you submit, whether by mail, telephone or the Internet, will count as your vote. If a vote has been recorded for your shares and you submit a proxy card that is not properly signed or dated, the previously recorded vote will stand.

4. Q: Who will count the vote?

A: Representatives of IVS Associates, Inc., an independent tabulator, will count the vote and act as the judge of election.

5. Q: Is my vote confidential?

A: Proxy cards, vote instruction cards, telephone and Internet voting reports, ballots and voting tabulations that identify individual shareholders are returned directly to IVS Associates, Inc. and are handled in a manner that protects your voting privacy. As a registered shareholder, SunCAP participant, or Non-Objecting Beneficial Owner, your vote will not be disclosed to Sunoco except: (1) as needed to permit IVS Associates, Inc. to tabulate and certify the vote; (2) as required by law; or (3) in limited circumstances such as a proxy contest in opposition to the Board. Additionally, all comments written on the proxy or vote instruction card or elsewhere will be forwarded to Sunoco, but your identity will be kept confidential unless you specifically ask that your name be disclosed.

6. Q: What does it mean if I get more than one proxy or vote instruction card?

A: If your shares are registered differently and are in more than one account, you will receive more than one card. Please complete and return all of the proxy or vote instruction cards you receive (or vote by telephone or the Internet all of the shares on all of the proxy or vote instruction cards received) to ensure that all of your shares are voted.

7. Q: How many shares can vote?

A: As of the February 10, 2004 record date, 75,698,948 shares of Sunoco common stock were issued and outstanding. Every shareholder of common stock is entitled to one vote for each share held as of the record date.

Table of Contents

8. Q: How is Sunoco common stock in SunCAP voted?

A: Voting instructions from SunCAP participants are maintained in the strictest confidence and will not be disclosed to Sunoco except as set forth in those limited circumstances discussed in Question 5, which apply to all shareholders. If you hold shares of Sunoco common stock through SunCAP, you may vote by instructing the SunCAP trustee, Vanguard, how to vote your shares pursuant to the vote instruction card that is mailed to you with this proxy statement. If you do not provide voting instructions, or provide unclear voting instructions, then Vanguard will vote the shares in your SunCAP account in proportion to the way the shares of Sunoco common stock are voted by the other SunCAP participants.

9. Q: What is a quorum ?

A: A quorum is a majority of the outstanding shares. They may be present at the meeting or represented by proxy. There must be a quorum for the meeting to be held, and a proposal must receive more than 50% of the shares voting at the meeting to be adopted. If you submit a timely, properly executed proxy or vote instruction card, then you will be considered part of the quorum, even if you abstain from voting.

Abstentions: Abstentions are not counted in the tally of votes FOR or AGAINST a proposal. A WITHHELD vote is the same as an abstention. Abstentions and withheld votes are counted as shares present and entitled to be voted.

Broker Non-Votes: Broker non-votes occur when shares held by a broker are not voted with respect to a proposal because (1) the broker has not received voting instructions from the shareholder, and (2) the broker lacks the authority to vote the shares at his/her discretion. Broker non-votes will not affect the outcome of any of the matters being voted upon at this meeting, and they are not counted as shares present and entitled to be voted with respect to the matter on which the broker has not voted expressly.

10. Q: Who can attend the Annual Meeting and how do I get a ticket?

A: All shareholders who owned shares on February 10, 2004 may attend. Just check the box on your proxy or vote instruction card, or as indicated on the Internet site, or press the appropriate key if voting by telephone. If your shares are held through a broker and you'd like to attend, please write to Ann C. Mulé, Chief Governance Officer, Assistant General Counsel and Corporate Secretary, Sunoco, Inc., Ten Penn Center, 1801 Market Street, Philadelphia, PA 19103-1699. Include a copy of your brokerage account statement or an omnibus proxy (which you can get from your broker), and we will send you a ticket.

11. Q: How will voting on any other business be conducted?

A: Although we do not know of any business to be considered at the 2004 Annual Meeting other than the proposals described in this proxy statement, if any other business is presented at the Annual Meeting, your signed proxy or vote instruction card, or your authenticated Internet or telephone proxy, gives authority to John G. Drosdick, Sunoco's Chairman, Chief Executive Officer and President, and Ann C. Mulé, Sunoco's Chief Governance Officer, Assistant General Counsel and Corporate Secretary, to vote on such matters at their discretion.

12. Q: Can I, in the future, receive my proxy statement and annual report over the Internet?

A: Yes. You can receive this information over the Internet.

- (1) *If you are a registered shareholder:* You can agree to access the annual report and proxy statement on the Internet by completing the question regarding consent included on your proxy or vote instruction card, on the Internet site, or on the telephone. You will be notified when you receive your proxy card that the materials are available on our web site (www.SunocoInc.com). Your choice of electronic delivery will remain in effect until you contact us by sending a written request to the Corporate Secretary, Sunoco, Inc., Ten Penn Center, 1801 Market Street, Philadelphia, PA 19103-1699.
- (2) *If you hold shares through a broker or bank:* Please refer to the information provided by that entity in the proxy materials mailed to you; or contact your broker or bank and indicate your preference to access the documents on the Internet.

13. Q: If I am receiving multiple copies of the proxy statement and annual report at my residence, what do I need to do to receive only one copy?

A: With your consent and the consent of other shareholders in your household, we may send one set of the proxy statement and annual report to a household where two or more Sunoco shareholders reside if we believe they are members of the same family. Each consenting shareholder would continue to receive a separate notice of annual meeting and proxy card. This procedure, referred to as householding, would reduce the volume of duplicate information you receive, and would also reduce the Company's printing and mailing costs. If you are an eligible shareholder and would be interested in receiving only one copy of the proxy statement and annual report, please complete the question regarding consent relating to multiple copies included on your proxy or vote instruction card, on the Internet site, or on the telephone; or you may contact the Company by sending a written request to the Corporate Secretary, Sunoco, Inc., Ten Penn Center, 1801 Market Street, Philadelphia, PA 19103-1699. Your consent will remain in effect unless Sunoco receives contrary instructions from you or other shareholders in your household. Should you revoke your consent, Sunoco will begin sending individual copies of the annual report and proxy statement to you within thirty (30) days of your revocation. Also, if you would like to obtain a separate copy of the annual report or proxy statement, you may direct your request to the address above, or you may call 215-977-6082. If you hold your shares in street name, please contact your broker.

14. Q: I have Sunoco shares that are held in street name, as do others in my household. We received only one copy of the proxy statement and annual report. What if I would like additional copies of these materials?

A: Some brokerage firms have instituted householding in connection with the delivery of annual reports and proxy statements (see Question 13). If your family holds Sunoco shares in multiple brokerage accounts, you may have previously received householding notification from your broker or bank. If you wish to revoke your decision to household and thereby receive multiple reports, please contact your broker directly. If any shareholder residing at the same address would like additional copies of the annual report or proxy statement, please contact your broker or bank, or you may contact Sunoco at Ten Penn Center, 1801 Market Street, Philadelphia, PA 19103-1699, Attention: Corporate Secretary.

17. Q: What is Sunoco's process for nominating director candidates?

A: All of Sunoco's directors are elected each year by its shareholders at the annual meeting of shareholders. The Board of Directors is responsible for filling vacancies on the Board at any time during the year, and for nominating director nominees to stand for election at the annual meeting of shareholders. The Governance Committee of the Board of Directors reviews all potential director candidates, and recommends potential director candidates to the full Board. Director candidates may be identified by current directors of the Company, as well as by shareholders. The Governance Committee is comprised entirely of independent directors, as defined in the New York Stock Exchange listing standards and Sunoco's Categorical Standards of Independence. The Governance Committee does not generally utilize the services of search firms or consultants to assist in identifying and screening potential candidates. The Governance Committee has an extensive diligence process for reviewing potential candidates, including an assessment of each candidate's education, experience, independence and other relevant factors, as described under "Director Qualifications" in Sunoco's Corporate Governance Guidelines (page 10 in this proxy statement) and in the Governance Committee Charter attached as Appendix D. The full Board reviews and has final approval authority on all potential director candidates being recommended to the shareholders for election. See Question 18 below regarding the process for shareholder nominations of director candidates.

18. Q: Can a shareholder nominate someone to be a director of Sunoco?

A: As a shareholder, you may recommend any person as a nominee for director of Sunoco for consideration by the Governance Committee by submitting the name and supporting information in writing to the Governance Committee of the Board of Directors, c/o Sunoco, Inc., Ten Penn Center, 1801 Market Street, Philadelphia, PA 19103-1699. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, executive officers, and persons who own more than 10% of Sunoco's common stock to file reports of ownership and changes of ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission. Sunoco believes that during 2003, all SEC filings of its officers and directors complied with the requirements of Section 16 of the Securities Exchange Act, based on a review of forms filed, or written notice that no annual forms were required, except (1) reports filed in May 2003 on behalf of Sunoco's outside directors (Mr. Darnall, Ms. Fairbairn, Mr. Gerrity, Ms. Greco, Mr. Kaiser, Mr. Kennedy, Mr. Lenny, Mr. Matthews, Mr. Pew and Mr. Ratcliffe), which were inadvertently filed late due to an administrative error; and (2) reports filed in September 2003 on behalf of Mr. Darnall, Ms. Fairbairn, Ms. Greco, Mr. Lenny, Mr. Matthews and Mr. Ratcliffe, which were inadvertently filed late due to an administrative error. GOVERNANCE OF THE COMPANY

Corporate Governance Guidelines

INTRODUCTION

Sunoco's corporate governance practices are designed to ensure that qualified directors are elected, that other than the CEO Sunoco's directors are independent directors, and that directors are provided with full and transparent information from management so that the Board can function at a high level. Corporate governance practices also help to ensure that full and transparent disclosures are made by Sunoco to its shareholders, the securities markets and the Securities and Exchange Commission.

Sunoco's Board has been focused on corporate governance practices for many years. Sunoco published its first set of formal corporate governance guidelines in 1998 and has updated and republished these guidelines each year in its proxy statement so that its shareholders would be well informed as to the manner in which Sunoco is governed.

Sunoco's Board has specifically charged its Governance Committee with the responsibility of keeping up with best practices in corporate governance so that Sunoco's practices can continually be updated. Recognizing that corporate governance is of critical importance to the enterprise and thus merits adequate resources, the Board elected in 2002 a Chief Governance Officer a senior level executive whose job duties are dedicated to corporate governance and providing guidance with respect to compliance with the federal securities laws and the New York Stock Exchange listing standards. With respect to corporate governance matters, this executive reports directly to the Governance Committee and the full Board to help ensure that governance practices, consistent with Sunoco's best practices philosophy, are implemented over time and in the context of an ever-changing and increasingly complex corporate environment.

The following Corporate Governance Guidelines were adopted by Sunoco's Board of Directors on March 4, 2004.

ROLE OF BOARD AND MANAGEMENT:

Sunoco's business is conducted by its employees under the direction of the CEO and the oversight of the Board, to enhance the long-term value of Sunoco for its shareholders. The Board is elected by the shareholders to oversee management and to assure that the long-term interests of the shareholders are being served. Both the Board and management recognize that the long-term interests of Sunoco are advanced by responsibly addressing the concerns of other constituencies, including employees, customers, suppliers and the communities in which Sunoco operates.

BOARD COMPOSITION

Annual Director Election: Each director is elected annually by shareholders for a one-year term. Sunoco does not have a staggered board.

Director Independence: A director is independent only if he or she is a non-management director and is free of any direct or indirect material relationship with Sunoco or its management. Except for Sunoco's Chairman and CEO, all current directors meet the independence standards of the New York Stock Exchange Listing Standards and the Categorical Standards of Independence set forth below.

Categorical Standards of Independence: To be considered independent for purposes of these Standards, a director must be determined by resolution of the full Board, after due deliberation, to have no direct or indirect material relationship with the Company other than as a director. In each case, the Board, through its Governance Committee, shall consider all relevant facts and circumstances, and shall apply the following standards when assessing the independence of a director:

Table of Contents

- a. A director will not be considered independent if, within the preceding three years:
- (i) the director was employed by the Company or any of its direct or indirect subsidiaries;
 - (ii) an immediate family member of the director was employed by the Company as an executive officer;
 - (iii) the director received more than \$100,000 per year in direct compensation from the Company, other than director and committee fees, and pensions and other forms of deferred compensation for prior service (provided it is not contingent on continued service);
 - (iv) an immediate family member of the director received more than \$100,000 in a year in direct compensation from the Company, other than director and committee fees, and pensions and other forms of deferred compensation for prior service (provided it is not contingent on continued service);
 - (v) the director was affiliated with or employed by a present or past internal or independent auditor of the Company or any of its subsidiaries;
 - (vi) an immediate family member of the director was affiliated with or employed in a professional capacity by a present or past internal or independent auditor of the Company or any of its subsidiaries; or
 - (vii) an officer of the Company was on the compensation committee of the board of directors of a company that employed as an executive officer the director or an immediate family member of the director.
- b. The following commercial relationships will not be considered material relationships that would impair a director's independence:
- (i) if a director is an executive officer or an employee, or whose immediate family member is an executive officer, of another company that made payments to, or received payments from, the Company for property or services in an amount, which in any single year, did not exceed the greater of \$1 million or two percent (2%) of the other company's consolidated gross revenues within the preceding three years;
 - (ii) if a director of the Company is an executive officer of another company which is indebted to the Company, or to which the Company is indebted, and the total amount of either company's indebtedness to the other is less than two percent (2%) of the total consolidated assets of either company; or
 - (iii) if a director is an executive officer of a charitable organization and the Company made, within the last three years, contributions that in any single year were less than the greater of \$1 million or two percent (2%) of the charitable organization's consolidated gross revenues, as determined from the charitable organization's latest publicly available financial information.
- c. An Audit Committee member may not have a direct or indirect financial relationship with the Company or any of its subsidiaries (i.e., accept directly or indirectly any consulting, advisory or other compensatory fee) other than compensation for service as a director. Audit Committee members may receive directors' fees (in the form of cash, stock, stock units or other in-kind consideration ordinarily available to directors, as well as regular benefits that other directors receive).
- d. An Audit Committee member may not be an affiliated person of the Company or any of its subsidiaries. Affiliated person is defined in Rule 10A-3 of the Securities Exchange Act of 1934 to mean a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified.
- e. With respect to any relationship not covered by paragraphs a and b above, the determination of whether the relationship is material, and therefore whether the director would be independent, will be made by the directors who satisfy the independence criteria set forth in paragraphs a and b.

Table of Contents

b above. The Company will describe and explain in the next proxy statement the basis for any determination by the Board of Directors that a relationship is not material despite the fact that it does not meet the categorical standards set for in paragraph b above. The Company will also disclose and explain the basis for any determination of independence for a director that does not meet the criteria in paragraphs a and b above.

Board Size and Mix: Annually by resolution, Sunoco's Board fixes the number of directors that will constitute the Board for the following year. The Board believes that a board size of between 10 and 12 directors is the ideal size for Sunoco, although at times the size may vary due to transition periods for new directors in anticipation of planned director retirements.

Director Qualifications: The Governance Committee and the full Board of Directors considers, at a minimum, the following factors in recommending potential new Board members or the continued service of existing members:

- a. A director is nominated based on his or her professional experience. He or she should be accomplished and have recognized achievements in his or her respective field.
- b. A director should have relevant education, expertise and experience, and be able to offer advice and guidance to the Chief Executive Officer based on that expertise and experience.
- c. A director should possess high personal and professional ethics, integrity and values.
- d. A director must be inquisitive and objective, have the ability to exercise practical and sound business judgment, and have an independent mind.
- e. A director must be willing to devote sufficient time and effort to carrying out his or her duties and responsibilities effectively.
- f. All of the directors, except for the Chief Executive Officer, should be independent, as outlined in Sunoco's Categorical Standards of Independence, and be without the appearance of any conflict while serving as a Director.
- g. A director should have the ability to work effectively with others.
- h. In selecting a director, the Board generally seeks active or former chief executive officers or senior level executives of public companies, or leaders of major complex organizations, with experience at a strategy/policy setting level or with high level management experience.
- i. In selecting a director, the Board of Directors seeks qualified individuals who, taken together, represent a diversity of skills, backgrounds and experience, including age, ethnic background, gender and professional experience.
- j. The Board, through the Governance Committee, is continually assessing which functional skills or areas of expertise are needed to round out the existing strengths of the Board as part of its director selection process.
- k. A director will not be nominated for election after his or her 72nd birthday.

Director Candidate Selection: All of Sunoco's directors are elected each year by its shareholders at the annual meeting of shareholders. The Board of Directors is responsible for filling vacancies on the Board at any time during the year, and for nominating director nominees to stand for election at the annual meeting of shareholders. The Governance Committee of the Board of Directors reviews all potential director candidates, and recommends potential director candidates to the full Board. Director candidates may be identified by current directors of the Company, as well as by shareholders. The full

Board reviews and has final approval authority on all potential director candidates being recommended to the shareholders for election.

Changes to a Director's Current Position: If the position held by an independent director at the time of election (including retirement) changes, he or she must offer to tender his or her resignation as a director to the Governance Committee.

Service by Independent Directors on Other Boards and Other Audit Committees:

- Ø **Other Boards.** Sunoco does not limit the number of other public company boards on which an independent director may serve. However, Sunoco does expect all directors to devote sufficient time and effort to their duties as a Sunoco Board member. This is a factor that is considered in the annual individual director evaluation process.
- Ø **Other Audit Committees.** As a general rule, Sunoco's independent directors are expected to serve on not more than two other public company audit committees in addition to Sunoco's.

Directors should advise Sunoco's Governance Committee prior to joining the board of another public company so that a review can be performed to ensure there are no conflicts or other issues.

Service by CEO on Other Boards: The CEO must obtain the approval of the Governance Committee prior to accepting an invitation to serve on the board of another public company. The Governance Committee is of the view that the CEO should be limited to two outside public company directorships in addition to board service on Sunoco Partners LLC, the general partner of Sunoco Logistics Partners L.P., the master limited partnership in which Sunoco has a 75.3% interest.

The CEO may not serve on the board of a company on which a Sunoco independent director serves as an officer.

Retirement Age: Sunoco's independent directors retire from the Board at the annual meeting following their 72nd birthday. Because Sunoco's Board has adopted a mandatory retirement age and because Sunoco's Governance Committee annually performs an individual director evaluation for each director prior to recommending his or her nomination for election by the shareholders, the Board has decided not to adopt arbitrary term limits for its directors.

No Former CEO on Board: It is Sunoco's policy that when the CEO retires from Sunoco, he or she must also resign from the Board at that time.

BOARD OPERATIONS

Board Leadership: Sunoco's CEO also holds the position Chairman of the Board. Sunoco's Chairman and CEO is not a member of any standing Board committee, other than the Executive Committee. Sunoco believes the unified position of Chairman and CEO serves the corporation well because the remainder of Sunoco's directors, who are all independent, have many opportunities to be involved with the agenda setting process and to significantly influence the Board process.

- Ø *Executive Sessions.* Executive Sessions of only independent directors are regularly scheduled at the conclusion of each board meeting. A *Presiding Director* leads each Executive Session. The *Presiding Director* is responsible for leading and facilitating the agenda and discussions. Sunoco's independent directors each serve as *Presiding Director* for an Executive Session on a rotating basis.

- Ø *Independent Director Only Meetings.* In addition to the Executive Sessions, two separate meetings of independent directors are held each year. The Chair of the Governance Committee leads these meetings and is responsible for agenda preparation.

Table of Contents

Board Meetings: Sunoco's Board usually meets seven times per year in regularly scheduled meetings, but meets more often if necessary. Six of these regularly scheduled meetings occur over a 2-day period, including Committee meetings. During these meetings, strategic and other issues, as well as major corporate actions are reviewed and approved. In addition, annually, the Board meets over a longer 3-day period to summarize, review and approve strategic and other issues, as well as major corporate actions.

Meeting Agendas: The Chairman and CEO establishes a preliminary agenda for each Board meeting. Any director may request items to be included on the agenda.

While the Board believes that a carefully planned agenda is important for effective Board meetings, the agenda is flexible enough to accommodate new developments. Ample time is scheduled at each Board meeting to assure full discussion of important matters. Agendas, in addition to including financial and operating reports, also include other reports, such as current issues that could affect Sunoco's short-term and/or long-term strategy and business, critical measures and comparisons, and other types of presentations that could enhance a director's perspective on various matters. Management presentations are scheduled to permit a substantial proportion of Board meeting time to be available for discussion and comments.

The Corporate Secretary maintains a list of recurring agenda items and the timing of such agenda items throughout the year. This list is circulated to all Board members, who are free to add additional agenda items.

Information Flow: Board members receive agendas and other information well in advance of Board meetings so they will have an opportunity to prepare for discussion of the items at the meeting.

Information is provided from a variety of sources, including management reports, periodic SEC reports, a comparison of performance to operating and financial plans, reports on Sunoco's stock performance and operations prepared by third parties, and articles from various business publications.

In many cases, significant items requiring Board approval may be reviewed at one or more meetings and voted upon in subsequent meetings, with the intervening time being used for clarification and discussion of relevant issues.

Regular Attendance of Non-Directors at Board Meetings: Board meetings generally begin in executive session with only Board members and Sunoco's General Counsel and its Corporate Secretary in attendance. Thereafter, the Board meets in plenary session joined by the other Sunoco senior executives. At each meeting, various senior executives report to the Board on their respective areas of responsibility. At times, other Sunoco personnel are asked to make specific presentations to the Board.

New Director Orientation: Sunoco's new directors are required to attend an orientation session which includes receiving and reviewing extensive materials relative to Sunoco's business and operations, visiting Sunoco facilities and meeting key personnel. The orientation also includes an overview of Sunoco's strategic plan, goals and objectives, Sunoco's governance practices, Sunoco's disclosure procedures and practices, Sunoco's compensation philosophy and an overview of Sunoco's investor relations program.

New directors attend meetings of all Board committees to acquaint them with the work and operations of each committee. After this rotation, new directors are assigned to particular committees.

Ongoing Director Education: Sunoco conducts ongoing training or continuing director education for its Board members. In addition to plant and site visits, Sunoco has an ongoing program of continuing director education on emerging issues and topics that could assist directors in discharging their duties. Sunoco is supportive of its directors attending outside director education programs.

Performance Evaluations: Sunoco's Board has a three-tier performance evaluation process which enables continuous improvements at all three tiers.

Table of Contents

- Ø *Full Board Evaluation.* The Board, through the Governance Committee, conducts an annual evaluation of how it is functioning as a whole. The results are reviewed with the Board.

- Ø *Committee Evaluation.* Sunoco's individual committees conduct annual self-evaluations. The results are reviewed with the Governance Committee and the Board.

- Ø *Individual Director Performance Evaluation.* Individual director evaluations are conducted annually by the Governance Committee. The results are shared with the individual director.

BOARD STRUCTURE

Committees of the Board: The Board makes all decisions of major importance to Sunoco; however, the Board has established five standing committees so that certain areas can be addressed in more depth.

Committee Structure: Sunoco's five standing committees are: the Audit Committee, the Compensation Committee, the Governance Committee, the Public Affairs Committee, and the Executive Committee. Each Committee has the authority to, as it deems appropriate, independently engage outside legal, accounting or other advisors or consultants. Additionally, each committee annually conducts a review and evaluation of the performance of the committee and its members. The current charters of each committee are published on Sunoco's website and will be mailed to shareholders upon written request. A summary of the responsibilities of each of the committees follows:

- Ø *Audit Committee.* The Audit Committee assists the Board in its oversight of the integrity of Sunoco's financial statements and disclosures and other internal control processes and Sunoco's compliance with ethics policies and legal and regulatory requirements. This Committee prepares a report that is included in Sunoco's proxy statement. The Committee appoints, retains, compensates, terminates and oversees the work of, and evaluates the independence and ability of, the independent auditors, as well as selects, appoints and evaluates Sunoco's General Auditor. The Committee also provides oversight on Sunoco's guidelines and policies with respect to business risk matters and other matters deemed appropriate by the Committee. The Committee establishes procedures for handling complaints, including the anonymous, confidential treatment of those employees raising such complaints regarding Sunoco's accounting, internal accounting controls or auditing matters.

- Ø *Compensation Committee.* The Compensation Committee reviews and approves Sunoco's compensation philosophy, reviews and approves the executive compensation programs, plans and awards, and reviews and approves Sunoco's short-term and long-term incentive plans. The Committee prepares an annual report on executive compensation, which is included in Sunoco's proxy statement. The Committee also reviews the general employee pension and employee welfare benefit plans, as appropriate.

- Ø *Governance Committee.* The Governance Committee reviews the role, composition, and structure of the Board and its committees. The Committee reviews and evaluates individual Board members each year prior to recommending the annual directors' slate for election by shareholders at the Annual Meeting. The Committee identifies and reviews qualified individuals as potential new director candidates. The Committee consults with the CEO to review and consider recommendations regarding CEO succession and succession and development plans for the other executive officers. Additionally, the Committee sets and administers policies governing the level and form of directors' compensation.

Edgar Filing: SUNOCO INC - Form DEF 14A

The Governance Committee monitors and reviews corporate governance issues and emerging trends and continually benchmarks the best practices and governance guidelines of its proxy peers, leading governance authorities and experts, as well as Sunoco's institutional investors. The Committee has specifically been charged with recommending to the Board, on an on-going basis, a set of corporate governance guidelines.

Table of Contents

- Ø *Public Affairs Committee.* The Public Affairs Committee reviews Sunoco's policies, practices and performance in the areas of environmental protection, health and safety, equal employment opportunity and diversity practices, government affairs and corporate charitable contributions. The Committee assesses Sunoco's performance as a responsible corporate citizen and keeps the Board apprised of Sunoco's relationship with its constituencies. The Committee reviews management's position on important public affairs issues, and assures that Sunoco addresses critical public affairs issues from a perspective that considers the interests of Sunoco's various constituencies. The Committee also assumes oversight responsibility for the resolution of significant complaints from shareholders, and the proper handling of shareholder proposals that concern topics within its purview for inclusion in Sunoco's proxy statement.

- Ø *Executive Committee.* The Executive Committee exercises the authority of the Board during the intervals between meetings of the Board except for Board actions specifically excluded by law and except that no action shall be taken by this Committee if any member of the Committee has voted in opposition.

Committee Membership:

- Ø *Independence.* Each committee of the Board, except for the Executive Committee, is composed entirely of independent directors, as defined in the New York Stock Exchange Listing Standards and Sunoco's Categorical Standards of Independence.

- Ø *Other Qualifications.* The individual qualifications of committee members are reviewed annually for compliance with the various regulatory requirements mandated for the members of each particular committee. The Governance Committee recommends the members and chairs of the Committees to the Board.

- Ø *Rotation Policy.* Sunoco's Board does not have a practice of automatic rotation of committee chairs and members after a set time period. There are many reasons to maintain an individual director on a specific committee, including continuity and subject matter expertise necessary for an effective committee. However, the Governance Committee reviews the strengths and expertise of each director, as well as the current and anticipated needs for each committee and, at times, may rotate members based on committee needs.

Committee Agendas: Committee agendas are prepared by the Committee Secretary in consultation with the Committee Chair. Annual recurring events for each committee are circulated each year and used as preliminary agenda items. All committee members are free to include additional items on an agenda.

Committee Reporting: Each Committee Chair reports to the full Board on committee actions in a timely manner, but in no event later than the next Board meeting.

- Ø Annually, the CEO meets with the independent directors to discuss the overall performance and direction of the Company, as well as his or her individual performance.
- Ø Following that discussion, the independent directors meet separately, at a meeting which is led by the Chair of the Governance Committee, to evaluate Sunoco s direction and performance and the individual performance of the CEO.
- Ø The results of this evaluation are communicated to the CEO at an executive session of the Board.

Review and Approve Executive Compensation:

Table of Contents

- Ø The Board and its Committees have the right to, at any time, retain outside financial, legal or other advisors or consultants.

Monitor Ethical and Legal Compliance

The Board monitors ethical and legal compliance by overseeing the processes which are in place to maintain the integrity of the company the integrity of the financial statements and the integrity of compliance with laws and ethics (and with Sunoco's Code of Business Conduct and Ethics).

BOARD AND EXECUTIVE COMPENSATION PROGRAM

Sunoco attempts to maintain fair and straightforward compensation programs at both the Board and executive levels which are designed to enhance shareholder value.

Director Compensation:

- Ø Sunoco's Governance Committee, which is composed entirely of independent directors, sets and administers the policies that govern the level and form of director's compensation.
- Ø Sunoco's Governance Committee directly engages an independent compensation consultant to advise it as to best practices and emerging trends in director compensation. The independent consultant also benchmarks Sunoco's director compensation compared to the proxy performance peer group and general industry data, which is adjusted for each company's relative revenue base.
- Ø Sunoco's Governance Committee believes that a substantial portion of the total director compensation package should be in the form of Sunoco common shares and share equivalents in order to better align the interests of Sunoco's directors with the long-term interests of its shareholders.
- Ø In 2003, the Governance Committee recommended, and the full Board approved, the discontinuance of the granting of stock options to the Company's outside directors as a form of compensation which was previously part of the outside directors compensation package.
- Ø In order to further encourage a link between director and shareholder interests, the Committee adopted Director Stock Ownership Guidelines to which members of the Board of Directors are expected to adhere. Directors are expected to own shares or share equivalents equal to 5 times the total annual retainer within 5 years of joining the Sunoco Board.
- Ø In addition to the Director Stock Ownership Guidelines, director-nominees are required to own at least \$2,000 worth of Sunoco common shares prior to standing for election as a director for the first time.

Executive Compensation:

- Ø Sunoco's Compensation Committee consists entirely of independent directors who have the sole authority to retain an independent compensation consultant to assist in the evaluation of CEO and senior executive compensation.
- Ø Total compensation (cash and non-cash) for Sunoco's CEO and the senior executives is targeted at median levels as determined from an annual review of proxy performance peers, industry peers and general industry data, which is adjusted for each company's relative revenue base.
- Ø Sunoco's annual incentive program results in payments that are closely correlated with Sunoco's earnings, return on capital employed and health, environmental and safety performance.

Table of Contents

- Ø Most Sunoco salaried employees and hourly employees participate in an annual bonus plan. The performance factors for the executive bonus plan are the same as those used for the employee bonus plan so that annual incentive compensation of the executives and these Sunoco employees is aligned with Company performance.
- Ø Sunoco's long-term incentive awards (options and performance units) have generally been less than 1% of outstanding shares, even though since 1997, Sunoco has repurchased 25% of its outstanding shares.
- Ø The long-term executive incentive plan does not permit re-pricing of options, strike prices below market prices or reloads of options.
- Ø All of Sunoco's executive incentive plans qualify under IRS Section 162(m) as performance-based plans that enable Sunoco to fully deduct the plan payments.
- Ø Sunoco maintains stock ownership guidelines for its approximately top 35 executives. The amount of stock required to be owned increases with the level of responsibility of each executive, with the CEO expected to own stock with a value at least equal to four times his base salary.
- Ø Sunoco policy prohibits hedging in connection with Sunoco stock, so all Sunoco employees are prohibited from hedging their exposure in connection with transactions in Sunoco stock.
- Ø Sunoco policy prohibits any executive of the Company from utilizing, engaging, retaining, or hiring the independent auditor that has been appointed/engaged by the Audit Committee for personal financial counseling, including tax services.

Other Governance Matters

Director Independence

It is the policy of Sunoco and the Board of Directors that all of the directors, except for the Chief Executive Officer, be independent as defined by the New York Stock Exchange rules, and as further defined by the Board under the Company's Categorical Standards of Independence (the Standards). The Standards were recommended by the Governance Committee and adopted by the Board of Directors. In accordance with the Standards, a director must be determined by the Board to have no material relationship with the Company. The Standards specify the criteria by which the independence of Sunoco's directors will be determined. When making an independence determination, the Board considers all relevant facts and circumstances.

The full text of the Standards is included in Sunoco's Corporate Governance Guidelines under Categorical Standards of Independence on page 10 of this proxy statement.

Pursuant to the Standards and a review of all relevant facts and circumstances, the Board has affirmatively determined that the following directors, with the exception of John G. Drosdick, Sunoco's Chairman, Chief Executive Officer and President, are independent: Robert J. Darnall, Ursula F. Fairbairn, Thomas P. Gerrity, Rosemarie B. Greco, James G. Kaiser, Robert D. Kennedy, Richard H. Lenny, Norman S. Matthews, R. Anderson Pew, G. Jackson Ratcliffe, John W. Rowe, and John K. Wulff.

Certain Relationships and Related Transactions

Sunoco does business with entities with whom certain of the directors are affiliated, either as an executive officer or by serving on the entity's board. The Board, through its Governance Committee, has carefully reviewed each of these relationships, and has concluded that they relate to activities conducted in the normal course of business and none requires additional disclosure.

Communications with Directors

Interested persons with concerns may communicate with Sunoco's non-management directors by calling Sunoco's toll-free, confidential Employee and Compliance Hotline at 1-800-228-5687. The hotline is available 24 hours a day, seven days a week.

Director Attendance at Annual Meetings

It is the Company's policy that the directors who are up for election at the annual meeting attend the annual meeting. All nominees for election at the 2003 Annual Meeting of Shareholders attended the 2003 Annual Meeting.

Table of Contents**Board and Committee Membership**

During 2003, the Board of Directors held 7 meetings and had five committees consisting of an Audit Committee, a Compensation Committee, an Executive Committee, a Governance Committee, and a Public Affairs Committee. For a description of the functions performed by each of these committees, see Sunoco's Corporate Governance Guidelines on page 10, and the committee charters contained in the appendices to this proxy statement. All directors attended at least 75% of the total number of Board meetings and committee meetings during the period that they served on the Board and committees in 2003.

The table below provides Board committee membership as of March 8, 2004. The table also indicates the number of meetings held by each of the Board committees in 2003.

Mr. Wulff is currently the Non-Executive Chairman of Hercules Incorporated. He was with KPMG and predecessor certified public accounting firms from 1971 until 1987. Table of Contents**Directors Compensation**

As discussed in the Corporate Governance Guidelines, directors are compensated partially in Sunoco common stock or stock equivalents to better align their interests with those of shareholders. Currently, equity-based compensation represents a substantial portion of the total compensation package. The Chief Executive Officer (CEO) is not paid for his services as a director. The following table summarizes the annual compensation of Sunoco s directors beginning in May 2003.

Directors Compensation Table

Type of Compensation	Value
Retainer (Cash Portion)	\$ 22,400
Retainer (Stock-Based Portion)	\$ 33,000 ¹
Restricted Share Credit under Directors Deferred Compensation Plan	\$ 22,000 ²
TOTAL (excluding Committee Chair Retainer, Committee Chair Fee, and meeting fees)	\$ 77,400
Annual Retainer for Committee Chair	\$ 2,000
Committee Chair Fee (per meeting attended for which a director serves as chair)	\$ 500
Board or Committee Attendance Fee (per meeting) ³	\$ 2,000

NOTES TO TABLE:

- ¹ Represents the approximate dollar value on the date of grant of 870 shares of Sunoco common stock paid under the Directors Retainer Stock Plan.
- ² Represents the approximate dollar value on the date of grant of 587 restricted share units, calculated in accordance with the terms of the Directors Deferred Compensation Plan.
- ³ A fee of \$2,000 per day is also paid in cash for special meetings.

Directors Deferred Compensation Plan: The Directors Deferred Compensation Plan permits independent directors to defer a portion of their compensation. Payments of compensation deferred under this plan are restricted in terms of the earliest and latest dates that payments may begin. Deferred compensation is designated as share units, cash units, or a combination of both. Cash units accrue interest at a rate based upon Sunoco's cost of borrowing. A share unit is treated as if it were invested in shares of Sunoco common stock, but it does not have voting rights. If share units are chosen, dividend equivalents are credited in the form of additional share units. Share units are settled in cash, based upon the fair market value of Sunoco common stock at the time of payment. The Plan also provides for the annual crediting of restricted share units, which is a portion of the directors' compensation package. The restricted share units are not payable until death or other termination of Board service.

Directors Retainer Stock Plan: The Retainer Stock Plan for outside directors allows for the payment of a certain percentage of the independent directors' annual retainer in stock. The retainer is granted to each director after the annual meeting. Any shares issued are restricted, prohibiting the transfer or sale of such shares for one year from the date of issue. The holder of the shares receives quarterly dividend equivalents equal to the dividends declared on the Company's shares. A director may defer receipt of these shares pursuant to the Directors' Deferred Compensation Plan.

Table of Contents

Long-Term Performance Enhancement Plan II: The Long-Term Performance Enhancement Plan II provides that stock option awards under the plan may be made to outside directors of the Company. The options generally have a ten-year term and are generally exercisable two years after the date of grant. The purchase price payable upon exercise of an option will not be less than the fair market value of a share of Sunoco Common Stock on the date the option was granted. The purchase price may be paid in cash or in shares of common stock. Stock options having a value of approximately \$19,000 were granted to the Company's outside directors in 2001 and 2002. In 2003, the Governance Committee recommended, and the full Board approved, the discontinuance of the granting of stock options to the Company's outside directors as part of the outside directors' compensation package.

The Directors' Retainer Stock Plan and the Long-Term Performance Enhancement Plan II, which are equity compensation plans, were approved by the shareholders.

Directors' Stock Ownership Guidelines: Each outside director is expected to own Sunoco common stock with a market value equal to at least 5 times the total annual retainer. Included in the determination of stock ownership for purposes of these guidelines are all shares beneficially owned and any share units held in the Directors' Deferred Compensation Plan. New directors are allowed a five-year phase-in period to comply with the guidelines.

Directors' & Officers' Indemnification Agreements

Sunoco's bylaws require that Sunoco indemnify its directors and officers, to the extent permitted by Pennsylvania law, against any costs, expenses (including attorneys' fees) and other liabilities to which they may become subject by reason of their service to Sunoco. To insure against such liabilities, Sunoco has purchased liability insurance for its directors and officers and has entered into indemnification agreements with its directors and certain key executive officers and other management personnel. This insurance and the indemnification agreements supplement the provisions in Sunoco's Articles of Incorporation which eliminate the potential monetary liability of directors and officers to Sunoco or its shareholders in certain situations as permitted by law.

Item 1. Election of Directors

There are 13 nominees for election this year. Detailed information on each nominee is provided on pages 29 to 33. All directors are elected annually, and serve a one-year term until the next Annual Meeting. All of the director nominees have consented to serve if elected. However, if any of the nominees should be unable or unwilling to stand for election at the time of the Annual Meeting, the Board may reduce the number of directors to be elected at the Annual Meeting, or designate a substitute. If a substitute is designated, proxy votes in favor of the original director candidate will be counted for the substituted candidate. At this time, the Board of Directors knows no reason why any of the nominees may not be able to serve as a director if elected.

Your Board unanimously recommends a vote FOR the ratification of Ernst & Young s appointment as independent auditors for the fiscal year 2004.

Approval of Audit and Non-Audit Services

Under its pre-approval policy, concurrent with the appointment of the independent auditors, the Audit Committee specifically pre-approves the recurring audit and audit-related services and estimated fees. In addition, the Audit Committee provides pre-approval of certain audit and audit-related services. This provides the necessary flexibility to enable the Company to consult with the independent auditors on routine audit and audit-related matters or to enable the independent auditors to provide services that only they may provide. With regard to tax services, the Audit Committee provides pre-approval for recurring, routine tax compliance services. If circumstances arise during the year that require the engagement of the independent auditors for additional services not contemplated in the original pre-approvals, the Audit Committee would specifically pre-approve the services and estimated fees before the independent auditors provide such services.

The Company has determined that it will not engage the independent auditors for tax planning services for the Company or its executives. The Company will engage its independent auditors for permitted non-audit services only if the Audit Committee determines that specific services are in the best interests of the Company and would not impair the independence of the auditors.

AUDIT COMMITTEE REPORT

The Audit Committee reviews Sunoco's financial reporting process on behalf of the Board of Directors. In fulfilling its responsibilities, the Committee has reviewed and discussed the audited financial statements contained in the 2003 Annual Report on Form 10-K with Sunoco's management and the independent auditors. Management is responsible for the financial statements and the reporting process, including the system of internal controls. The independent auditors are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States.

The Committee discussed with the independent auditors their independence from Sunoco and its management including the matters in the written disclosures required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and considered the compatibility of non-audit services with the auditors' independence. In addition, the Committee discussed the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, the inclusion of the audited financial statements in Sunoco's Annual Report on Form 10-K for the year ended December 31, 2003, for filing with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION: REPORT OF THE COMPENSATION COMMITTEE

Background: An essential part of Sunoco's executive compensation program is the linkage of executive compensation to company performance so that when the company does well, the executive is rewarded, and when the company does not do well, the executive is not rewarded.

The Compensation Committee of Sunoco's Board (the Committee) has taken many actions over the years to improve Sunoco's governance practices specifically relating to executive compensation and to link executive compensation with company performance. The Committee is composed entirely of independent directors. The Committee engages its own independent compensation consultant to advise it regarding best practices in executive compensation and to annually review market data to assess Sunoco's competitive position and the reasonableness of compensation for the three components of executive compensation (base salary, annual incentives and long-term incentives). The market data reviewed by the Committee includes data from Sunoco's performance peer group, and other companies from the oil industry and general industry. The independent compensation consultant also advises the Committee with respect to specific executive compensation decisions. The Committee holds executive sessions of only Committee members after each regular Committee meeting. The independent compensation consultant also attends the sessions at the Committee's request. The Committee reviews all of the perquisites of the CEO and the other executive officers, as well as their compliance with Sunoco's policies regarding perquisites. The Committee reviews and approves, in advance, employment, severance, or similar arrangements or payments to be made to any executive officer. The Committee also reviews, approves, and monitors compliance with Sunoco's Executive Stock Ownership Guidelines. Sunoco's insider trading policy prohibits hedging in connection with Sunoco stock, so all Sunoco employees are prohibited from hedging their exposure in connection with transactions in Sunoco stock.

Each year, the Committee seeks to ensure that Sunoco's annual incentive (or bonus) program results in payments that are closely correlated with Sunoco's achievement of specific company performance goals. In this context, the Committee seeks to ensure that a major portion of the compensation of Sunoco's executives is in fact linked to Sunoco performance. Sunoco's annual incentive bonus plan was redesigned in 1996 so that executives would be rewarded only if specific company performance targets were met. It should be noted that most Sunoco salaried employees and hourly employees participate in an annual bonus plan. The performance factors for the executive bonus plan are the same as those used for the employee bonus plan, so that the annual incentive compensation of the executives and these Sunoco employees is aligned with the company performance targets of return on capital employed versus the Company's performance peer group, and net income targets, as modified by overall company health, environment and safety performance. The Committee is of the view that the actual operation of the performance based annual bonus plan has appropriately reflected company performance and the actual level of goal achievement. Since 1997, the payouts have varied from a low of 20% of target to a high of 199% depending on the goals being met.

The Committee has believed for many years that it is important that a substantial portion of long-term compensation should also be tied to specific company goals and metrics. Due to this belief, beginning in 1996, Sunoco modified its long-term compensation program to switch from a totally stock option based program to a program that consisted of a mix of stock options and performance-based common stock units (CSUs). The performance-based CSUs were designed to have value only if certain company objectives were met over a three-year performance period. Each year the Committee has evaluated the company goals and modified them as appropriate, based on overall Company objectives and desired Company outcomes. Additionally, each year the Committee has evaluated the appropriate mix of stock options and performance-based CSUs. While this mix has varied, for the most part, the Committee has elected to split the long-term value opportunity 50-50 between stock options and performance-based CSUs. The Committee is of the view that the actual operation of the CSUs has appropriately reflected company performance and actual level of goal achievement, with the payouts for awards since 1996 ranging from a low of 25% of target to a high of 150% of target depending on the goals being met.

Table of Contents

With regard to Sunoco's current long-term incentive plan, the Committee approved the plan design, which provides that the option price of any stock option grant under this plan is always the fair market value on the date of grant. The plan also prohibits the repricing of out-of-the-money stock options without shareholder approval and does not provide for reload options. All stock options which have been granted under this plan have had a minimum vesting period of two years. This plan was approved by Sunoco's shareholders. It should also be noted that Sunoco began expensing stock options in 2002.

The Committee's Responsibilities: The Compensation Committee of the Board has responsibility for setting and administering the policies which govern executive compensation. Reports of the Committee's actions and decisions are presented to the full Board. The purpose of this report is to summarize the philosophical principles, specific program objectives and other factors considered by the Committee in reaching its determinations regarding the executive compensation of the Named Executive Officers.

Compensation Philosophy: The Committee has approved principles for the management compensation program which:

- ◆ Encourage strong financial and operational performance of the Company;
- ◆ Emphasize performance-based compensation (pay at risk) which balances rewards for short-term and long-term results;
- ◆ Focus executives on beating the competition including measurements based on performance relative to peer companies;
- ◆ Link compensation to the interests of shareholders by providing stock incentives and requiring significant shareholdings; and
- ◆ Provide a competitive level of total compensation necessary to attract and retain talented and experienced executives.

Management's Stock Ownership Guidelines: The Committee considers stock ownership by management to be an important means of linking management's interests directly to those of shareholders. Sunoco has stock ownership guidelines for its approximately 35 top executives. The amount of stock required to be owned increases with the level of responsibility of each executive. The Chief Executive Officer is expected to own stock with a value at least equal to four times his base salary. Shares that the executives have the right to acquire through the exercise of stock options or which may be earned at some time in the future through common stock units are not included in the calculation of stock ownership until any such rights are exercised or become payable and result in the ownership of common shares. Participants are expected to reach their respective stock ownership goals by the end of a five-year period.

Compensation Methodology: Sunoco strives to provide a comprehensive executive compensation program that is performance-based and competitive in order to attract and retain superior executive talent. The Committee has engaged its own independent compensation consultant to advise regarding current best practices in executive compensation and to review market data and assess Sunoco's competitive position for three components of executive compensation: (1) base salary, (2) annual incentives, and (3) long-term incentives. Because the Committee believes that the Company's direct competition for executive talent is broader than the companies that are included in the performance peer group, compensation practices of companies in the performance peer group, others in the oil industry, as well as general industry adjusted for relative revenues, are taken into consideration in establishing executive compensation at Sunoco.

Table of Contents
Components of Compensation:

- ◆ **Base Salary:** Annual base salary is designed to compensate executives for their level of responsibility and sustained individual performance. The Committee approves in advance all salary increases for the Named Executive Officers. The Committee engages its own independent consultant to assist in the annual review of base salaries. In determining salary increases, the Committee reviews data presented by its independent consultant. The goal is to compensate executives at the median range of base salaries paid by companies in the performance peer group, the oil industry, and general industry as adjusted for relative revenues. Individual performance is a key component in determining base salary increases.
- ◆ **Annual Incentives:** Annual incentive awards for the Named Executive Officers are provided in order to promote the achievement of Sunoco's short-term business objectives in executing Sunoco's business strategy. The Committee engages its own independent consultant in determining the annual incentive awards. Each year the Committee considers the Company's prior year's performance and objectives, as well as its expectations for Sunoco in the upcoming year and data presented by the Committee's independent consultant. Bearing in mind these considerations, the Committee sets certain Company performance goals which must be met before payments are made. Additionally, individual performance goals may be established for each participant. Actual payout may range from 0% to 200% of the annual incentive opportunity, depending on achievement of goals, with payments increasing as performance improves.

For the 2003 awards, the Committee established a fixed percentage of actual annual base salary as an executive's annual incentive opportunity, based on comparative survey data on annual incentives paid in the performance peer group, the oil industry, and general industry as adjusted for relative revenues. The incentive opportunity increases with the level of the actual base salary, which reflects the level of responsibility of the executive. Annual incentive awards for 2003 were based on meeting weighted objectives for the following principal measurements:

- Ø Sunoco's after-tax operating income, as defined by the Committee; and
- Ø Sunoco's performance relative to the peer group (see page 48), as measured by return on capital employed, or ROCE ;
- Ø as modified by certain health, environment and safety (HES) performance goals, which varied by business unit.

Due to the Company's performance during 2003 as against the performance goals, there was a payout based on Sunoco's after-tax operating income performance and on Sunoco's performance relative to the performance peer group, as measured by ROCE, which was modified by certain HES performance. The HES performance varied by business unit. The payout ranged from 187.4% to 196.0%. This compares to 2002, when, due to company performance as against the performance goals, there was no payout for the portion of the annual incentive opportunity that related to after-tax operating income. There was a payout in 2002 based on Sunoco's performance relative to the former performance peer group, as measured by ROCE, which was modified by certain HES performance, and which averaged 23.8% for the Company.

- ◆ **Long-Term Incentive Compensation:** Long-term incentive awards for the Named Executive Officers are granted in order to promote the achievement of Sunoco's long-term business objectives in executing Sunoco's business strategy. Each year, the Committee reviews and approves all long-term incentive awards. The Committee engages its own independent consultant to assist in determining the form and amount of the awards. In determining the total value of the long-term incentive opportunity, the Committee reviews data presented by its independent compensation consultant regarding similar awards made to individuals in comparable positions within the performance peer group, the oil industry, and general industry as adjusted for relative revenues.

Table of Contents

The Committee believes that it is important that a substantial portion of long-term compensation be tied to company goals and/or other Company-specific performance-based metrics. As noted above, since 1996, Sunoco's long-term compensation program has consisted of a mix of stock options and performance-based Common Stock Units (CSUs). The performance-based CSUs were designed to pay out only if certain objective Company-specific performance criteria were met. Each year the Committee has evaluated the appropriate mix of stock options versus performance-based CSUs. While this mix has varied, for the most part, the Committee has elected to split the long-term value opportunity equally between stock options and CSUs. For the awards granted in 2003, the mix is 50-50.

The following is a description of the awards granted in 2003:

- Ø *Stock Options:* Options have an exercise price equal to the fair market value of common stock on the date of grant, are exercisable beginning two years from the date of grant, and have a term of ten years from the date of grant.
- Ø *Common Stock Units:* For the 2003 awards, performance-based CSUs are earned based on the level of company performance achieved over a three-year period subsequent to the date of grant measured on a scale combining the Company's return on capital employed above the cost of capital and its earnings per share annual compound growth.

Chief Executive Officer Compensation: The Chief Executive Officer participates in the same programs and receives compensation based on the same factors as the other executive officers. However, Mr. Drosdick's overall compensation reflects a greater degree of policy and decision-making authority and a higher level of responsibility with respect to the strategic direction and financial and operational results of the Company. For 2003, the Chief Executive Officer's compensation components were:

- ◆ **Base Salary:** The Committee, as well as all independent directors, evaluated Mr. Drosdick's individual performance during 2002 based on certain criteria. These criteria included the following: overall leadership, development of Sunoco's long-term strategic plan and annual goals and objectives, development of an effective senior management team and provision for management succession, effective communications with stakeholders and relationship with the Board. As a result of this evaluation and Sunoco's performance in 2002, Mr. Drosdick's annual salary was increased to \$960,000, effective January 1, 2003.
- ◆ **Annual Incentive:** Annual incentive compensation for Mr. Drosdick was based on meeting weighted objectives for the following principal measurements as discussed above:
 - Ø Sunoco's after-tax operating income, as defined by the Committee; and
 - Ø Sunoco's performance relative to the peer group (see page 48), as measured by ROCE;
 - Ø as modified by certain HES performance goals, which varied by business unit.

Due to the Company's performance during 2003 as against the performance goals, there was a payout based on Sunoco's after-tax operating performance and on Sunoco's performance relative to the performance peer group, as measured by ROCE, which was modified by certain HES performance. The HES performance varied by business unit. Based on these criteria, Mr. Drosdick was awarded \$1,798,944. This compares to 2002, when, due to company performance as against the performance goals, there was no payout for the portion of the annual incentive opportunity that related to after-tax operating income. There was a payout in 2002 based on Sunoco's performance relative to the former performance peer group, as measured by ROCE, which was modified by

certain HES performance, and which averaged 23.8% for the Company. Based on the criteria for 2002, Mr. Drosdick was awarded \$220,150.

- ◆ **Long-Term Incentive Awards:** In December 2003, as part of the Company's annual award of long-term compensation to executives, Mr. Drosdick received a grant of 154,000 stock options which become exercisable in December 2005, and 40,800 performance-based common stock units. In determining the amounts granted, the Committee considered, without specific weighting, the performance of the Company, the same individual criteria that is referred to above under Base Salary, previous awards granted to the CEO, and the value of such awards granted to other chief executive officers in the industry survey groups. See pages 38 and 40 for a discussion of the Committee's review of and actions regarding 2003 long-term incentive compensation.

Deductibility of Compensation: Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1 million for compensation paid to executive officers, unless certain requirements are met. This section has no material impact on Sunoco's ability to take a tax deduction for annual compensation in excess of \$1 million paid to any of the Named Executive Officers for the year 2003.

NOTES TO TABLE:

- 1 The amounts reported shown in this column include reimbursements for the payment of certain taxes.
- 2 Long-term awards were composed of stock options and common stock units (representing shares of Sunoco common stock). Grants of Performance-Based Common Stock Unit Awards are excluded from this table; however, such grants made during the last completed fiscal year are reflected in the table of Performance-Based Common Stock Unit Awards on page 47.
- 3 The table below shows the components of this column for 2003:

Name	Company Match Under Defined Contribution Plans*	Cost of Term Life Insurance	Total
J. G. Drosdick	\$ 48,000	\$ 1,920	\$ 49,920
J. H. Maness	\$ 21,750	\$ 870	\$ 22,620
R. W. Owens	\$ 20,750	\$ 830	\$ 21,580
T. W. Hofmann	\$ 19,250	\$ 770	\$ 20,020

* Executive officers participate in two defined contribution plans: (i) SunCAP, Sunoco's 401(k) plan for most employees, and (ii) the Sunoco, Inc. Savings Restoration Plan. The Savings Restoration Plan permits a SunCAP participant to continue receiving the Company-matching contribution after reaching certain limitations under the Internal Revenue Code.

- 4 The amounts shown for 2001 include the payout of Performance-Based Common Stock Units granted in 1997, which were paid out at 25% of target, including applicable dividend equivalents. The payout of the common stock units was contingent on achieving a certain level of total shareholder return as compared to the Peer Group, which was achieved, and on achieving a certain stock price averaged over a specified ten-day period. The stock price was achieved, but not for the specified ten-day period. Due to the Company's performance, the Compensation Committee determined that it was appropriate to pay out the 1997 Performance-Based Common Stock Unit Award at the 25% level. The required criteria for payout of the 1998 Performance-Based Common Stock Unit Award were met in 2001 and 110% of the targeted award was paid in early 2002. The amounts shown reflect the value of the common stock units paid out, including applicable dividend equivalents.
- 5 The amount shown for 2001 consists of \$150,000 representing the value of the 1997 Performance-Based Common Stock Unit Award and \$532,488 representing the value of the 1998 Performance-Based Common Stock Unit Award, including applicable dividend equivalents. The amount shown for 2002 represents the value of the 1999 Performance-Based Common Stock Unit Award, including applicable dividend equivalents, the criteria for which were met in 2002, and was paid out in early 2003 at 143% of the targeted award. The amount shown for 2003 represents the value of the 2000 Performance-Based Common Stock Unit Award, including applicable dividend equivalents, the criteria for which were met in 2003, and which was paid out in cash in early 2004 at 150% of the targeted award.
- 6 In connection with his hiring in 2000, J. H. Maness was granted a special award of 48,000 common stock units with a value of \$1,458,000 on the date of grant. This award was payable in 16,000 share installments in 2001, 2002 and 2003 contingent upon his continued employment with the Company. The first installment of 16,000 shares with a value of \$624,250, including dividend equivalents, was paid to Mr. Maness in May 2001, the second installment of 16,000 shares with a value of \$582,080, including dividend equivalents, was paid to him in April 2002,

and the final installment of 16,000 shares with a value of \$643,360, including dividend equivalents, was paid to him in April 2003. The amount shown for 2003 also includes \$342,689, which represents the value of the 2000 Performance-Based Common Stock Unit Award, including applicable dividend equivalents, the criteria for which were met in 2003, and which was paid out in cash in early 2004 at 150% of the targeted award.

- ⁷ The amount shown for 2001 consists of \$35,500 representing the value of the 1997 Performance-Based Common Stock Unit Award and \$126,022 representing the value of the 1998 Performance-Based Common Stock Unit Award, including applicable dividend equivalents. In 1999, Mr. Owens received a special award of 8,000 common stock units with a value of \$204,500 on the date of grant. This award was paid to Mr. Owens in December 2002 with a value of \$260,800, including dividend equivalents. NOTES TO TABLE:

- 1 No Stock Appreciation Rights (SARs) were granted.

- 2 Each option was awarded with an exercise price equal to the fair market value of a share of Sunoco common stock on the date of grant and will become exercisable two years from the grant date. Each option has a term of ten years from the date of grant. These stock options were granted along with an equal number of limited rights. Limited rights become exercisable only in the event of a Change in Control (as defined in the Plan) and permit the holder to be paid in cash the appreciation on a stock option instead of exercising the option.

- 3 These dollar amounts are not intended to forecast future appreciation of the common stock price. The Named Executive Officers will not benefit unless the common stock price increases above the stock option exercise price. Any appreciation in the common stock price which results in a gain to these Named Executive Officers would also benefit all shareholders of the common stock. For example, the additional value realized by all shareholders of Sunoco common stock as a group (at December 31, 2003) based on the assumed annual appreciation levels for the term of the options for the December 3, 2003 grants reflected in the table would be as follows:

APPRECIATION LEVEL	ADDITIONAL VALUE
5%	\$ 2,323,842,570
10%	\$ 5,889,133,281

STOCK PERFORMANCE GRAPH

Sunoco's performance peer group is composed of major domestic independent refining and marketing companies and other companies which are similar in size and compete with Sunoco in certain geographic regions.

NOTES TO GRAPH:

¹ Assuming that the value of the investment in Sunoco common stock and each index was \$100 on December 31, 1998 and that all dividends were reinvested, this graph compares Sunoco's cumulative total return (i.e., based on common stock price and dividends), plotted on an annual basis, with Sunoco's performance peer group's cumulative total return and the S&P 500 Stock Index (a performance indicator of the overall stock market).

² Premcor was included in the Peer Group beginning on April 29, 2002, the date the company completed its initial public offering.

NOTES TO TABLE:

¹ Final Average Total Cash Compensation is the average of the base salary and annual bonus in the highest 36 consecutive months during the last 120 months of service.

Edgar Filing: SUNOCO INC - Form DEF 14A

- ² Based on the SERP minimum benefit formula of 40% of the Final Average Total Cash Compensation with 12 or more years of service.

The retirement benefits shown above for SCIRP, the Pension Restoration Plan and SERP are amounts calculated prior to the Social Security offset. The Social Security offset is equal to one and two-thirds percent of primary Social Security benefits for each year of Retirement Plan participation up to 30 years or a maximum offset of 50% of primary Social Security benefits.

The SERP was amended in 2003 to provide Mr. Drosdick with a retirement benefit equal to 60% of Final Average Earnings at age 65. This benefit will vest with 10 years of service or upon a change in control and will be reduced 5% for each year retirement is prior to age 65.

Any SERP benefit payable to Mr. Owens will be offset by accrued benefits from the pension plans of prior employers as provided in his employment arrangement. For purposes of calculating his benefits under SERP, Mr. Owens has been credited with his years of service with certain former employers.

Credited years of service under these plans for the Named Executive Officers as of December 31, 2003 are as follows:

Name	Years of Service
J. G. Drosdick	7
J. H. Maness	3
R. W. Owens	14 ¹
T. W. Hofmann	26
C. K. Valutas	27

NOTE TO TABLE:

¹ R. W. Owens' years of service include 8 years credited under SERP for service with prior employers, as described above.

SEVERANCE PLANS

The Named Executive Officers participate in plans with certain other key management personnel which provide for severance benefits in the event they are involuntarily terminated without cause by Sunoco. In the case of the Chief Executive Officer, severance payments would be equal to two years of base salary plus guideline annual incentive in effect on his or her termination date, as defined in the plans. The other Named Executive Officers would receive such payments for one and one-half years. If termination (whether actual or constructive) occurs within two years of a Change in Control, as defined in the plans, severance would be payable in a lump sum equal to three times annual compensation for the Chief Executive Officer and the other Named Executive Officers. For these purposes, annual compensation consists of (i) the executive's annual base salary in effect immediately prior to a Change in Control or immediately prior to his or her employment termination date, whichever is greater, plus (ii) the greater of his or her annual guideline incentive in effect immediately before the Change in Control or employment termination date, or the highest bonus awarded to the executive in any of the three years ending before the Change in Control or in any subsequent year ending before his or her employment termination date.

Each eligible executive will be entitled to medical and life insurance coverage for up to the number of years of severance received, at the same rate that such benefits are provided to active employees of Sunoco. In the case of a Change in Control, the plans also provide for the protection of certain pension benefits and reimbursement for any additional tax liability incurred as a result of excise taxes imposed on payments deemed to be attributable to the Change in Control. Sunoco's long-term incentive compensation plans provide that upon a Change in Control, all stock options become immediately exercisable, and all performance-based common stock units will be paid out in an amount equal to the total number of performance-based common stock units outstanding as of the Change in Control (when the Change in Control occurs during the year following the date of grant) and at the greater of (i) the total number of performance-based common stock units outstanding as of the Change in Control or (ii) the total number of performance-based common stock units outstanding, multiplied by the applicable performance factor (as defined in the Plans) related to the Company's performance immediately prior to the Change in Control (when the Change in Control occurs after the first year of grant). The common stock unit awards will be paid out regardless of whether performance targets have been met. Common stock unit awards conditioned on continued employment will be paid out in an amount equal to the total number of common stock units outstanding as of the Change in Control.

By Order of the Board of Directors,

Ann C. Mulé

Chief Governance Officer, Assistant General Counsel and Corporate Secretary

Membership The Governance Committee shall consist of no fewer than three directors. Every member shall satisfy the independence standards of the New York Stock Exchange Listing Standards and the Company's Categorical Standards of Independence as set forth in the Company's Corporate Governance Guidelines. The Board shall appoint a Chairman and the members upon recommendation of the Governance Committee and shall have the power to fill vacancies on the Committee. Additionally, the Board shall have the power to remove any member at any time with or without cause.

Purpose: The Governance Committee reviews the role, composition, and structure of the Board and its committees. The Committee reviews and evaluates individual Board members each year prior to recommending the annual directors' slate for election by the shareholders at the Annual Meeting. The Committee identifies and reviews qualified individuals as potential new director candidates, consistent with criteria approved by the Board. The Committee monitors and reviews corporate governance issues, emerging trends and best practices and has specifically been charged with recommending to the Board, on an on-going basis, a set of corporate governance guidelines. The Committee also consults with the CEO to review and consider recommendations regarding CEO succession and the succession and development plans for the other executive officers. Additionally, the Committee sets and administers policies governing the level and form of directors' compensation.

Duties and Responsibilities:

Review the Role, Composition and Structure of the Board

1. The Governance Committee reviews the evolving needs of the Company and recommends changes in the composition and size of the Board, if appropriate.
2. The Governance Committee recommends to the Board the most qualified nominees for election (or re-election) by the shareholders at each Annual Meeting.
 - Because Sunoco's directors are elected annually by shareholders for a one-year term, the Governance Committee annually conducts an individual director evaluation for all current directors, allowing sufficient time to identify, review and pursue potential new director candidates, if appropriate.
 - ii The Committee discusses the performance and qualifications of each director by focusing on each director's respective attendance, preparation, participation and contributions in both Board and committee meetings and by applying the same criteria used to determine the acceptability of a new board nominee.

Edgar Filing: SUNOCO INC - Form DEF 14A

- ii Conducts a diligence review for each current director, focusing on meeting the required Categorical Standards of Independence as set forth in the Company's Corporate Governance Guidelines and encompassing all relationships between and among each director, the company and senior management, including any potential conflict of interest, whether or not required for public disclosure, in order to allow for a comprehensive determination of each director's independence.
- ii Also based on this discussion, the Chair of the Committee may meet confidentially with a director when areas for improvement have been identified.

D-1

Table of Contents

- ii The Committee may invite the full Board to comment on the qualifications and performance of their fellow directors from time to time (peer appraisal).
 - ii Based on this discussion and review, the Committee recommends (or does not recommend) to the Board a director be nominated for re-election at the next Annual Meeting of Shareholders.
-
- Reviews and recommends the preliminary slate of directors to the Board.
 - All nominees respond to either a letter of inquiry from the Chairman of the Committee, or to a specific question included in the Company's Directors' and Officers' Questionnaire, as to their willingness to stand for election as a director, after which a final slate of directors is approved by Board resolution.
3. The Governance Committee continually assesses which functional skills or areas of expertise are needed to round out the existing strengths of the Board and establishes qualifications and other required criteria for prospective candidates, which may be modified from time to time. At a minimum, the following factors are required in recommending potential new Board members or the continued service of existing members:
- A director is nominated based on his or her professional experience and should be accomplished and have recognized achievements in his or her respective field.
 - A director should have relevant education, expertise and experience, and be able to offer advice and guidance to the CEO based on that expertise and experience.
 - A director should possess the highest personal and professional ethics, integrity and values.
 - A director must be inquisitive and objective, have the ability to exercise practical and sound business judgment, and have an independent mind.
 - A director must be willing to devote sufficient time and effort to carrying out his or her duties and responsibilities effectively.
 - All directors, except for the CEO, should be independent, as outlined in Sunoco's Categorical Standards of Independence, and be without the appearance of any conflict while serving as a Director.
 - A director should have the ability to work effectively with others.
 - In selecting a director, the Board generally seeks active or former chief executive officers or senior level executives of public companies, or leaders of major complex organizations, with experience at a strategy/policy setting level or with high level management experience.
 - In selecting a director, the Board of Directors seeks qualified individuals who, taken together, represent a diversity of skills, backgrounds and experience, including age, ethnic background, gender and professional experience.
 - The Board, through the Governance Committee, is continually assessing which functional skills or areas of expertise are needed to round out the existing strengths of the Board as part of its director selection process.
 - A director will not be nominated for election after his or her 72nd birthday.
4. The Governance Committee, in order to identify and recommend to the full Board qualified individuals as potential director candidates, has developed the following process:
- The Committee develops and maintains a list of potential candidates for board membership, which is periodically reviewed and updated by the Committee.
 - Committee members and other directors as well as shareholders can recommend potential candidates.
 - The qualifications and other criteria of all prospective candidates are reviewed to determine if a candidate is suitable for board membership.
 - If a candidate is suitable, a more detailed review is performed, which includes the same diligence review (as described above for current directors), as well as a review of the individual's educational expertise, a review of other current directorships and any other public information available.

Table of Contents

- If a candidate receives unanimous approval by the Committee, the candidate will be recommended to the Board for approval prior to any discussion with the proposed candidate.
 - Depending on the current composition of the Board and its size, a potential candidate approved by the Board will be contacted and interviewed by the Chairman of the Committee, other directors, as well as the CEO. Depending on the results of the interview, a position on the Board may be extended.
5. In order to determine whether the Board is functioning effectively, the Governance Committee annually conducts an evaluation of the full Board:
- An evaluation questionnaire is designed to monitor and evaluate the Board's collective assessment of how effectively they are working as a whole and to identify areas where improvements can be made.
 - The Committee approves the questionnaire used as the evaluation tool.
 - The Board is asked to complete this questionnaire.
 - The questionnaire is collected and reviewed on a confidential basis.
 - The results of the self-assessment are discussed and analyzed by the Committee in detail.
 - The Committee recommends to the Board areas identified as needing improvement and the mechanics for achieving such improvements.
 - After Board approval, the Committee monitors the implementation of the recommended improvements.

Review the Role, Composition and Structure of the Committees

6. The Governance Committee periodically reviews each committee's charter, structure and membership criteria.
- The Committee periodically and based on the current and anticipated business environment and the strategies being pursued by the Company assesses the appropriateness of each Board committee and, if necessary, recommends the creation of new Board committees or the elimination of existing committees.
 - The Committee recommends to the newly elected Board each year, the Chairpersons and members of each Board committee for the following year and such changes in committee membership which may be appropriate or necessary during the course of a year.
 - ii Each Committee of the Board, except for the Executive Committee, is composed entirely of independent directors, as defined in the New York Stock Exchange Listing Standards and the Company's Categorical Standards of Independence as set forth in the Company's Corporate Governance Guidelines.
 - ii Individual qualifications of committee members are reviewed annually for compliance with the various regulatory requirements mandated for the members of each particular committee.
 - The Committee plans for the orderly succession and transition of new committee members
