**Item 8.01 Other Events.**

At the 2005 Annual Meeting of Stockholders of Vicuron Pharmaceuticals Inc. (the Company ), which is scheduled for May 20, 2005, stockholders will be asked to approve a proposal to increase the limit on the aggregate number of shares of the Company's common stock that may be issued pursuant to awards granted under the Company's 2001 Stock Option Plan (the Proposal ). In that regard, the Company's management intends to recommend to the Compensation Committee of the Company's Board of Directors that the committee adopt a policy providing that, if stockholders approve the Proposal, equity-based awards granted by the Company during 2005, 2006 and 2007 be structured such that the Company's average annual burn rate with respect to such grants will not exceed 3.60%. For this purpose, the burn rate for any one particular year means the total number of shares of Company common stock issuable upon exercise or payment, as the case may be, of the equity-based awards granted by the Company in that year divided by the Company's total number of shares of common stock issued and outstanding as of the end of that particular year. In calculating the burn rate, shares issuable upon exercise or payment, as the case may be, of awards other than options and stock appreciation rights shall be counted as 1.5 shares for each share actually issuable in respect of the award.
