ITEMS TO BE INCLUDED IN THE REPORT

**Item 2.02. Results of Operations and Financial Condition**

On January 31, 2006, Flextronics International Ltd. (the Company ) issued a press release announcing its results for the third fiscal quarter ended December 31, 2005. A copy of the press release is attached as Exhibit 99.1 to this report.

The press release includes non-GAAP operating results. Non-GAAP operating results are not based on any standardized methodology prescribed by U.S. generally accepted accounting principles ( GAAP ) and are not necessarily comparable to similar measures presented by other companies. Non-GAAP operating results should not be considered in isolation or as a substitute for operating results prepared in accordance with GAAP. The Company has provided a reconciliation of non-GAAP operating results to GAAP operating results in the schedules to the attached press release.

Management uses non-GAAP operating results as a performance measure and furnishes the information in order to provide investors with additional information to analyze the Company s operating results and facilitate period-to-period comparisons. Non-GAAP operating results exclude after-tax intangibles amortization, restructuring and other charges. In addition, because the Company has historically reported non-GAAP operating results to the investment community, the Company believes the inclusion of non-GAAP numbers provides consistency in its financial reporting.
