Name	Number of Securities Underlying Options	Percent of Total Options Granted to Employees in 2005(1)	Exercise or Base Price (\$/Sh)(2)	Expiration Date	Grant Date Present Value \$(3)
Floyd C. Wilson	175,000	12%	\$ 8.51	01/25/2015	\$ 341,250

- (1) Based on a total of 1,404,300 shares underlying options granted pursuant to our Second Amended and Restated 2004 Employee Incentive Plan to certain employees during the fiscal year 2005.
- (2) The exercise price is the closing sale price of our Common Stock on the date of grant.
- (3) In accordance with the rules of the SEC, this column illustrates one measure of value for the respective options over a ten-year period using the Black-Scholes option-pricing model. This valuation model is hypothetical; the actual amount that will be received by a holder of an option will depend on the excess of the market price of the shares over the exercise price on the date the option is exercised. If the market price does not increase above the exercise price, compensation to the grantee will be zero. The Black-Scholes option-pricing model is a mathematical formula used for estimating option values that incorporates various assumptions. The Grant Date Present Value set out in the column above is based on

the following assumptions: (a) a ten-year option term; (b) 27.16% expected future annual stock volatility for the options; (c) a risk-free rate of return of 3.43% for the options granted; and (d) no expected dividend yield. Please note that Messrs. Miller, Bridwell and Rioux have certain interests in PHAWK, LLC which require disclosure pursuant to Item 404 of Regulation S-K. Please see *Item 13. Certain Relationships and Related Transactions* below for more information.

Compensation Committee Report on Executive Compensation

Until December 31, 2005, the Compensation Committee of our board of directors consisted of Messrs. Miller, Bridwell and Rioux. Effective December 31, 2005, Messrs. Williamson, Brown and Rioux were appointed to the Compensation Committee. The Compensation Committee is currently comprised of Messrs. Williamson, Brown and Rioux.

The general policy our Compensation Committee is to provide executive compensation designed to enhance stockholder value, including annual compensation, consisting of salary and bonus awards, and long-term compensation, consisting of stock options and other equity based compensation. To this end, the Compensation Committee designs compensation plans and incentives to link the financial interests of its stockholders, to encourage support our long-term goals, to tie executive compensation to our performance, to attract and retain talented leadership and to encourage ownership of Common Stock by executive officers.

In making decisions affecting executive compensation, the Compensation Committee reviews the nature and scope of

the executive officer's responsibilities as well as each officer's effectiveness in supporting our long-term goals. The Compensation Committee also considers the compensation practices of our peer group of companies. Based upon these and other factors which it considers relevant, and in light of our performance during 2005, the Compensation Committee has considered it appropriate, and in the best interest of Petrohawk and its stockholders, to set the overall executive compensation in keeping with the average of companies in our comparison group to enable Petrohawk to continue to attract, retain and motivate the highest level of executive personnel.

There are two primary types of compensation provided to our executive officers:

Annual compensation, which includes base salary, intended to provide a stable annual salary at a level consistent with individual contributions, and annual performance bonuses intended to link officers' compensation to our performance.

Long-term compensation, which includes stock or other equity based compensation intended to encourage actions to maximize stockholder value.

Annual Compensation

Base Salary

Consistent with its stated policy, the Compensation Committee aims to position base salaries for our executive officers annually at levels that take into consideration the performance of Petrohawk, individual performance of each executive and the executive's scope of responsibility in relation to other officers and key executives within Petrohawk. In selected cases, other factors may also be considered.

Annual Incentive Bonuses

Petrohawk pays cash bonuses based on our performance in relation to predetermined objectives and individual executive performance for the year then ended. The Compensation Committee previously established objectives related to our earnings, revenue and stockholder value. Cash bonuses were awarded to our executive officers based on our performance during 2005 against these objectives.

Long-Term Compensation

The Compensation Committee is committed to long-term incentive programs for executives that promote the long-term growth of Petrohawk. The Compensation Committee believes that the management employees should be rewarded with a proprietary interest in Petrohawk for continued long-term performance and to attract, motivate and retain qualified and capable executives.

Equity Based Compensation

The Compensation Committee grants options to purchase shares of Common Stock and shares of restricted Common Stock to executive officers under our Second Amended and Restated 2004 Employee Incentive Plan that was adopted by our board of directors and approved by our stockholders in 2005.

Compensation of Chief Executive Officer

During 2005, our Chief Executive Officer received salary of \$350,000 and a bonus for his performance of \$500,000, which bonus was paid in January of 2006. The Chief Executive Officer is eligible to participate in all of our long-term incentive programs which are available to its employees. During 2005, the Chief Executive Officer received stock options to purchase 175,000 shares of Common Stock.

In reviewing the overall compensation of our Chief Executive Officer, Floyd C. Wilson, the Compensation Committee considered compensation paid to chief executive officers of comparable companies and compared the performance of Petrohawk to that of those companies. In addition, the Compensation Committee determined that Mr. Wilson's performance was extraordinary in guiding Petrohawk throughout the entire year. Under Mr. Wilson's leadership, Petrohawk made several acquisitions, including the acquisition of Mission Resources Corporation, and experienced continued success with its drilling program. Petrohawk experienced a dramatic increase in its stock price during the year and our reputation among analysts, investors and the overall public was that it transformed into a dynamic, growing mid-cap energy company.

Internal Revenue Code Section 162(m)

The Compensation Committee also considers the potential impact of Section 162(m) of the Internal Revenue Code of 1986, as amended (Section 162(m)). Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the Chief Executive Officer and the other senior executive officers, other than compensation that is performance-based and meets certain other technical requirements. Based on these requirements, the Compensation Committee has determined that Section 162(m) will not prevent Petrohawk from receiving a tax deduction for any of the compensation paid to executive officers.

The report of the compensation committee of Petrohawk set forth below was prepared and adopted by its compensation committee.

Respectfully Submitted,

David A.B. Brown, Chairman

Herbert C. Williamson, III

Daniel A. Rioux

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Mr. James L. Irish III, an independent member of our board, is of counsel to Thompson & Knight LLP, which Petrohawk has engaged for the purpose of obtaining legal advice.

On June 30, 2005, Petrohawk entered into an agreement with PHAWK, LLC (PHAWK) to convert that certain \$35,000,000 8% Convertible Promissory Note dated as of May 25, 2004 (the PHAWK Note) to Common Stock. The PHAWK Note contained a provision providing for conversion into 8.75 million shares of Petrohawk Common Stock at any time after May 25, 2006. In consideration of the early conversion, Petrohawk agreed to make a payment of \$2.4 million to PHAWK, which represented the interest payable on the Petrohawk Note through May 25, 2006, discounted at 10%. A Special Committee of one disinterested director was formed by our board of directors to evaluate the transaction. On June 30, 2005, the Special Committee approved the transaction.

Messrs. Miller, Rioux, Bridwell, Irish and Wilson, five of the nine current directors of Petrohawk, as well as Mr. Helm, Executive Vice President Chief Administrative Officer of Petrohawk, may be deemed to be interested in the conversion of the PHAWK Note. Mr. Wilson, Chairman of the Board, President and Chief Executive Officer of Petrohawk, is also an owner and President and Chief Executive Officer of PHAWK. In addition, FCW, LLC, a member of PHAWK, has the contractual right to nominate one of the five members of the board of directors of PHAWK pursuant to PHAWK's limited liability agreement and has nominated Mr. Wilson, the majority member of FCW, LLC. FCW, LLC has made an approximately 10% capital contribution to PHAWK. Mr. David B. Miller, a director of Petrohawk, is also a director of PHAWK. In addition, EnCap Energy Capital Fund IV, L.P. and EnCap Energy Capital Fund IV-B, L.P., which are members of PHAWK, have the contractual right to nominate a majority of the members of the board of directors of PHAWK pursuant to that entity's limited liability company agreement. These EnCap entities have nominated Mr. Miller, along with two other nominees, to the board of PHAWK. Mr. Miller controls, indirectly, EnCap Energy Capital Fund IV, L.P. and EnCap Energy Capital Fund IV-B, L.P. which have collectively made an approximately 64% capital contribution to PHAWK. Each of Messrs. Helm, Bridwell and Irish has made less than a 0.2% capital contribution each to PHAWK, but do not hold any directorship or office in PHAWK and are not otherwise affiliated with that entity. Mr. Rioux, a Petrohawk director, is also a director of PHAWK. In addition, Kellen Holdings, LLC, a member of PHAWK which made an approximately 19% capital contribution to that entity, is an affiliate of Liberty Energy Holdings, LLC of which Mr. Rioux is Vice President and Treasurer.
