- (b) **Other Material Information.** Since September 29, 2006, nine derivative cases have been filed in state and federal courts asserting claims concerning errors related to our historical stock option granting practices and associated accounting for stock-based compensation expense. These complaints have been filed in various courts, including the California Superior Court, Santa Clara County, the United States District Court for the Northern District of California, and the Court of Chancery of the State of Delaware in and for New Castle County. All cases purport to be brought derivatively on behalf of the Company against members of our board of directors and several of our current and former officers. The cases are not currently consolidated, although all allege in substantially similar fashion claims for, among other things, breach of fiduciary duty, unjust enrichment, insider selling, abuse of control, gross mismanagement, waste, constructive fraud, and violations of Sections 10(b) and 14(a) of the Securities Exchange Act of 1934. The plaintiffs seek to recover for the Company, among other things, damages in an unspecified amount, rescission, punitive damages, treble damages for insider selling, and fees and costs. Plaintiffs also seek an accounting, a constructive trust and other equitable relief. The Company intends to take all appropriate action in response to these complaints.

The Company voluntarily contacted the SEC regarding the Audit Committee's review and, as of the date of the filing of this Schedule TO, the SEC is continuing the inquiry of the Company's historical stock option grant practices it began in late August 2006. In October 2006, the Company met with the SEC and provided it with a review of the status of the Audit Committee's review and in November 2006 the Company voluntarily provided the SEC with further documents. The Company plans to continue to cooperate with the SEC in its inquiry.
