PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

To Be Held on Wednesday, May 2, 2007

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of CIRCOR International, Inc. (the Company) for use at the Annual Meeting of Stockholders of the Company to be held on Wednesday, May 2, 2007, at 1:00 p.m. Pacific Daylight Savings Time (4:00 p.m., Eastern Daylight Savings Time), and any adjournments or postponements thereof (the Annual Meeting). The Annual Meeting will be held at the offices of the Company's subsidiary, Circle Seal Controls, Inc., 2301 Wardlow Circle, Corona, California.

At the Annual Meeting, the stockholders of the Company will be asked to consider and vote upon the following matters:

1. The election of two Class II Directors for a three-year term each, such term to continue until the Annual Meeting of Stockholders in 2010 and until each such Director's successor is duly elected and qualified;
2. Ratification of the selection by the Audit Committee of the Company's Board of Directors of Grant Thornton LLP as the Company's independent auditors for the fiscal year ending December 31, 2007; and

3. Such other business as may properly come before the meeting and any adjournments or postponements thereof.

The Notice of Annual Meeting, Proxy Statement and Proxy Card are first being mailed to stockholders of the Company on or about March 28, 2007 in connection with the solicitation of proxies for the Annual Meeting. The Board of Directors has fixed the close of business on March 14, 2007 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting (the Record Date). Only holders of record of the Company's common stock, par value \$.01 per share (the Common Stock), at the close of business on the Record Date will be entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were 16,235,643 shares of Common Stock outstanding and entitled to vote at the Annual Meeting and approximately 105 stockholders of record. Each holder of a share of Common Stock outstanding as of the close of business on the Record Date will be entitled to one vote for each share held of record with respect to each matter submitted at the Annual Meeting.

The presence, in person or by proxy, of holders of at least a majority of the total number of outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. A quorum being present, the affirmative vote of a plurality of the votes cast is necessary to elect each nominee as a Class II Director of the Company and a majority of the votes cast is necessary to ratify the selection of Grant Thornton LLP as the Company's independent auditors for the fiscal year ending December 31, 2007.

Shares that reflect abstentions or broker non-votes (i.e., shares represented at the meeting held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which the broker or nominee does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the Annual Meeting. With respect to the election of the Directors, votes may be cast for or withheld from the nominee. Votes cast for the nominee will count as yes votes; votes that are withheld from the nominee will not be voted with respect to the election of the nominee although they will be counted when determining whether there is a quorum. Broker non-votes will have no effect on the outcome of the election of Directors.

Stockholders of the Company are requested to complete, date, sign and return the accompanying Proxy Card in the enclosed envelope. Common Stock represented by properly executed proxies received by the Company and not revoked will be voted at the Annual Meeting in accordance with the instructions contained therein. If instructions are not given therein, properly executed proxies will be voted FOR the election of the nominees for Director listed in this Proxy Statement and FOR ratification of the selection of Grant Thornton LLP as the Company's independent auditors for the 2007 fiscal year. It is not anticipated that any matters other than the election of two Class II Directors and ratification of the selection of Grant Thornton LLP as the Company's independent auditors for the 2007 fiscal year will be presented at the Annual Meeting. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders.

Any properly completed proxy may be revoked at any time before it is voted on any matter (without, however, affecting any vote taken prior to such revocation) by giving written notice of such revocation to the Secretary or Assistant Secretary of the Company, or by signing and duly delivering a proxy bearing a later date, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

The Annual Report to stockholders of the Company, which consists of a letter to stockholders from our Chief Executive, Chief Operating and Chief Financial Officers together with the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006 (Fiscal 2006), is being mailed to stockholders of the Company concurrently with this Proxy Statement. Except where otherwise incorporated by reference, the Annual Report is not a part of the proxy solicitation material.

CORPORATE GOVERNANCE

Independence of Directors

The Company's Board of Directors has affirmatively determined that each Director, other than David A. Bloss, Sr., our Chief Executive Officer, is independent of the Company. In evaluating the independence of each Director, the Board applied the standards and guidelines set forth in the applicable New York Stock Exchange (NYSE) regulations in determining that each non-management Director has no material relationship with the Company, either directly or as a partner, shareholder or affiliate of an organization that has a relationship with the Company. The bases for the Board's determination include, but are not limited to, the following:

Other than Mr. Bloss, no Director is an employee of the Company or its subsidiaries or affiliates.

No Director has an immediate family member who is an officer of the Company or its subsidiaries or has any other current or past material relationship with the Company.

Other than Mr. Bloss, no Director receives, or in the past three years, has received any compensation from the Company other than compensation for services as a Director.

No Director has a family member who has received any compensation during the past three years from the Company.

No Director, during the past three years, has been affiliated with, or had an immediate family member who has been affiliated with a present or former internal or external auditor of the Company.

No executive officer of the Company serves on the compensation committee or the board of directors of any corporation that employs a Director or a member of any Director's immediate family.

No Director is an officer or employee (or has an immediate family member who is an officer or employee) of an organization that sells products and services to, or receives products and services from the Company in excess of the greater of \$1 million or 2% of such organization's consolidated gross revenues in any fiscal year.

In making its determination, the Board also considered the fact that one of our Directors, David F. Dietz, is a partner in Goodwin Procter LLP (Goodwin Procter), a law firm that provides legal services to the Company. After considering the insignificant fees paid by the Company to Goodwin Procter in proportion to Goodwin Procter's overall revenues (less than one percent), as well as considering both the independent judgment that Mr. Dietz has exhibited during his seven and one-half year tenure as a Director and his ability to maintain such independent judgment, the Board determined that the relationship between Goodwin Procter and the Company does not result in Mr. Dietz having a material relationship with the Company and does not compromise his independence.

Principles of Corporate Governance

The Board's Nominating and Corporate Governance Committee has developed, and the full Board of Directors has adopted, a set of Principles of Corporate Governance. The Principles of Corporate Governance are available on the Company's website at www.circor.com under the Investors/Corporate Governance sub link, and a hardcopy will be provided by the Company free of charge to any shareholder who requests it by writing to the Company's Secretary at the Company's corporate headquarters.

Code of Conduct and Business Ethics/Compliance Training/Reporting of Concerns

The Company has implemented and regularly monitors compliance with a comprehensive Code of Conduct and Business Ethics which applies uniformly to all directors, executive officers and employees. Among other things, the Code of Conduct and Business Ethics addresses such issues as conflicts of interest, corporate opportunities, confidentiality, fair dealing, protection and proper use of company assets, compliance with applicable law (including insider trading laws), and reporting of illegal or unethical behavior. The Code of Conduct and Business Ethics is available on the Company's website at www.circor.com under the Investors/Corporate Governance sub link, and a hardcopy will be provided by the Company free of charge to any shareholder who requests it by writing to the Company's Secretary at the Company's corporate headquarters.

In order to enhance understanding of and compliance with the Code of Conduct and Business Ethics, the Company (through a third-party provider) also maintains an on-line training program pursuant to which all directors and officers, and most managerial level employees, must take a series of courses designed to demonstrate the ways in which certain activities might run afoul of the Code of Conduct and Business Ethics. In addition, although all employees are encouraged to personally report any ethical concerns without fear of retribution, the Company, through a third-party provider, maintains the CIRCOR International Help Line, a toll-free hotline through which employees may report concerns confidentially and anonymously. In addition to facilitating communication of ethical concerns, the Help Line serves as the vehicle through which employees may communicate with the Audit Committee of the Board of Directors confidentially and anonymously regarding any accounting or auditing concerns. Finally, employees also have the option of communicating any concerns via email to a designated email address that is regularly checked by the Company's chief legal and compliance officer.

Meetings of and Communications with the Non-Management Directors

The Board has determined that its non-management members will meet a minimum of two times per year to discuss any issues that might more properly be raised outside of the presence of management and has appointed David F. Dietz as Lead Director to facilitate these meetings. The Board also has established a process through which interested parties, including stockholders, may communicate directly with Mr. Dietz. In particular, confidential communications may be sent directly to Mr. Dietz at the following address: P.O. Box 146699, Boston, Massachusetts 02114.

Nomination of Directors/Director Presence at Annual Meetings

General Criteria

The Nominating and Corporate Governance Committee recognizes that the challenges and needs of the Company will vary over time and, accordingly, believes that the selection of director nominees should be based on skill sets most pertinent to the issues facing or likely to face the Company at the time of nomination. Accordingly, the Nominating and Corporate Governance Committee does not believe it is in the best interests of the Company to establish rigid criteria for the selection of nominees to the Board. Generally speaking, however, the Nominating and Corporate Governance Committee believes that the Company will benefit from a diversity of background and experience on the Board and, therefore, will consider and seek nominees who, in addition to general management experience and business knowledge, possess, among other attributes, an expertise in one or more of the following areas: finance, manufacturing technology, international business, investment banking, business law, corporate governance, risk assessment, and investor relations. In addition, there are certain general attributes that the Nominating and Corporate Governance Committee believes all director candidates must possess including:

A commitment to ethics and integrity;

A commitment to personal and organizational accountability;

A history of achievement that reflects superior standards for themselves and others; and

A willingness to express alternate points of view while, at the same time, being respectful of the opinions of others and working collaboratively with colleagues.

As noted in the Principles of Corporate Governance, a majority of directors must be independent. The Nominating and Corporate Governance Committee, however, also believes that, absent special circumstances, all directors other than the Chief Executive Officer should be independent.

Shareholder Nominations

The Nominating and Corporate Governance Committee will consider nominations submitted by shareholders, provided that such nominations are submitted to the Company not less than 120 calendar days prior to the first anniversary date on which the Company's proxy statement was released to shareholders in connection with the previous year's annual meeting. To submit any such nomination, a shareholder must deliver notice of such nomination to the Secretary of the Company at the Company's principal executive offices. Therefore, in order to be considered by the Nominating and Corporate Governance Committee for nomination and inclusion in the Company's proxy statement for its Annual Meeting to be held in 2008, shareholder recommendations for director must be received by CIRCOR's Secretary prior to November 29, 2007. Any such notice also must include (i) the name and address of record of the shareholder; (ii) a representation that the shareholder is a record holder of the Company's Common Stock, or if the shareholder is not a record holder, evidence of ownership in accordance with Rule 14a-8(b)(2) of the Securities and Exchange Act of 1934; (iii) the name, age, business and residential address, educational background, current principal occupation or employment, and principal occupation or employment for the preceding five full fiscal years of the proposed director candidate; (iv) a description of the qualifications of the proposed director candidate which address the general criteria for directors as expressed in the Company's most recent proxy statement; (v) a description of all arrangements or

understandings between the shareholder and the proposed director candidate; and (vi) the consent of the proposed director candidate to be named in the proxy statement and to serve as a director if elected at such meeting. Shareholders must also submit any other information regarding the proposed candidate that is required to be included in a proxy statement filed pursuant to the rules of the SEC. Nominations that meet the criteria described above will be forwarded to the Chairman of the Nominating and Corporate Governance Committee for further review and consideration by such Committee.

Evaluation of Candidates

In evaluating candidates for director, the Nominating and Corporate Governance Committee applies the skills, experience, qualifications and demeanor of the individual against the general criteria set forth above, including the particular needs of and issues facing the Company at the time. In addition, with regard to current Directors, the Nominating and Corporate Governance Committee takes into consideration such individuals' performance as a Director. The Nominating and Corporate Governance Committee intends to evaluate any shareholder candidates in the same manner as candidates from all other sources.

Director Attendance at Annual Meetings

To date, our Board has not adopted a formal policy regarding director attendance at Annual Meetings. However, the Board typically schedules a Board meeting either on or the day before the date of the Annual Meeting, and our Directors, therefore, are encouraged to and typically do attend the Annual Meeting. At our last Annual Meeting, which was held on May 2, 2006, all of our Directors were in attendance. We anticipate that all of our Directors will be in attendance at the May 2, 2007 Annual Meeting.

Committees

Audit Committee. The Audit Committee, which consists of Messrs. Among other responsibilities, the Audit Committee also reviews the scope and results of the audit with the independent auditors, reviews with management and the independent auditors the Company s annual and quarterly operating results, considers the adequacy of the Company s internal accounting procedures and controls, and considers the effect of such procedures on the auditors independence. The Audit Committee also is responsible for overseeing the Company s internal audit function and for overseeing the Company s compliance with legal and regulatory requirements. In accordance with the requirements of the NYSE, the Board of Directors, during the year ended December 31, 2000, adopted an Audit Committee Charter. During the Company s 2003 fiscal year and again

during the 2004 fiscal year, minor revisions were made to the Audit Committee Charter to ensure compliance with revised NYSE and SEC requirements and to more clearly delineate the delegation of certain board functions as between the Audit Committee and the Nominating and Corporate Governance Committee. A copy of the Audit Committee Charter is available on the Company's website at www.circor.com under the Investors/Corporate Governance sub link; the Company also will provide a hardcopy of the Audit Committee Charter to shareholders free of charge upon written request to the Company's Secretary at the Company's corporate headquarters. Each member of the Audit Committee is independent as that term is defined in both the applicable listing standards of the NYSE and the rules of the SEC. Each member also meets the financial literacy requirements of the NYSE, and, in addition, the Board has determined that at least one of the Committee's members, Mr. Cross, is an audit committee financial expert under the disclosure standards adopted by the SEC.

Compensation Committee. The Compensation Committee, which consists of Messrs. Brady, Hayes and Naugle (all of whom have been affirmatively determined by the full Board to be independent directors), reviews and recommends the compensation arrangements for the Company's Chief Executive Officer and for all other officers and senior level employees, reviews general compensation levels for other employees as a group, determines the awards to be granted to eligible persons under the Company's Amended and Restated 1999 Stock Option and Incentive Plan and takes such other action as may be required in connection with the Company's compensation and incentive plans. The Compensation Committee operates in accordance with a Charter which is available on the Company's website at www.circor.com under the Investors/Corporate Governance sub link; the Company also will provide a hardcopy of the Compensation Committee Charter to shareholders free of charge upon written request to the Company's Secretary at the Company's corporate headquarters.

The Nominating and Corporate Governance Committee operates in accordance with a Charter which is available on the Company's website at www.circor.com under the Investors/Corporate Governance sub link; the Company also will provide a hardcopy of the Nominating and Corporate Governance Charter to shareholders free of charge upon written request to the Company's Secretary at the Company's corporate headquarters.

Certain Relationships and Related Person Transactions

Review and Approval of Related Person Transactions

The Company 's Code of Conduct and Business Ethics includes our written policy that any transaction with our directors (or their immediate family members) be approved by our Nominating and Corporate Governance Committee and then by the remaining disinterested members of our Board of Directors, and be on terms no less favorable to us than we could obtain from non-affiliated parties.

Related Person Transactions

As noted above under *Corporate Governance Independence of Directors*, David F. Dietz is a Director of the Company and is also a partner in Goodwin Procter, a law firm that provides legal services to the Company. In 2006, the Company paid Goodwin Procter \$146,018 in legal fees and disbursements. We engage Goodwin Procter, from time to time in the ordinary course of our business, on an arm 's length basis. Under NYSE rules, the Board determines annually, based on all of the relevant facts and circumstances, whether each Director satisfies the criteria for independence and periodically evaluates related person transactions involving directors in connection with such process. In 2006, the relationship described above was reviewed, considered and approved in the course of the Board 's annual review and determination of director independence, and after considering the insignificant fees paid by the Company to Goodwin Procter in proportion to Goodwin Procter 's overall revenues (less than one percent), as well as considering both the independent judgment that Mr. Dietz has exhibited during his seven and one-half year tenure as a Director and his ability to maintain such independent judgment, the Board determined that the relationship between Goodwin Procter and the Company does not compromise Mr. Dietz 's independence.

Other than as described above, during Fiscal 2006, the Company was not a party to any other transaction where the amount involved exceeds \$120,000 and in which an executive officer, director, director nominee or 5% stockholder (or their immediate family members) had a material direct or indirect interest and no such person was indebted to the Company.

Compensation Committee Interlocks and Insider Participation

None of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving as a member of our Compensation Committee. In addition, none of our executive officers serves as a member of the compensation committee of any entity that has one or more of its executive officers serving as a member of our Board of Directors. As we have noted above, Mr. Dietz is a partner of Goodwin Procter, a law firm which provides legal services to the Company. As also noted, our Board of Directors has affirmatively determined that this relationship does not compromise Mr. Dietz' independence.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Program

The following Compensation Discussion and Analysis describes the material elements of compensation for the individuals who served as the Company's Chief Executive Officer and Chief Financial Officer during fiscal 2006, as well as the other individuals included in the Summary Compensation Table on page 17 (such individuals are referred to herein as the "Named Executive Officers"). The Compensation Committee of the Board makes all decisions for the total direct compensation of the Named Executive Officers based on the factors described below and, for Named Executive Officers other than our Chief Executive Officer, our Chief Executive Officer's recommendations.

Compensation Philosophy and Objectives

We believe that the most effective executive compensation program is one that is designed to reward the achievement of specific annual, long-term and strategic goals that promote the profitable growth of the Company and improve stockholder value.

The Company's current executive compensation programs are intended to achieve two fundamental objectives: (1) attracting and retaining qualified executives by offering compensation and benefits (including retirement benefits) that are competitive with industry peers; and (2) motivating executives to achieve results that improve stockholder value by aligning executives' interests with the interests of our stockholders.

As described in more detail below, the material elements of our current executive compensation program for Named Executive Officers include a base salary, an annual bonus opportunity, a long-term incentive opportunity, retirement benefits, perquisites and other benefits, and severance protection for certain actual or constructive terminations of the Named Executive Officers' employment. We believe that each element of our executive compensation program helps us to achieve one or both of the compensation objectives noted above.

Setting Executive Compensation

To assist the Compensation Committee in assessing and determining competitive compensation packages structured based on the foregoing objectives, through the end 2005 we had engaged CFS Consulting, Inc. ("CFS Consulting") as an independent compensation consultant to conduct reviews of our total compensation program for our Chief Executive Officer as well as for other key executives. Compensation decisions for the year ended December 31, 2006 were based on the reviews and information compiled by CFS Consulting; however, in 2006 we engaged Watson Wyatt Worldwide ("Watson Wyatt") to advise with respect to the implementation of a new long-term equity incentive program for 2007, certain revisions to our qualified noncontributory defined benefit pension plan for eligible salaried employees and to act as our independent compensation consultant for future years. CFS Consulting reviewed and identified peer group companies, obtained and evaluated current executive compensation data for these peer group companies, made recommendations regarding the base salary and bonus

levels of Named Executive Officers for 2006 in light of compensation data for our peer group companies and made recommendations concerning the appropriate level of long-term incentive compensation for our senior executive officers for 2006. Based on the recommendations of CFS Consulting, the Company selected as its peer companies for 2006, publicly-traded manufacturing companies that are reasonably similar to the Company in structure and complexity and which have total annual revenue under \$1 billion (collectively, the Compensation Peer Group). We believe that the Compensation Peer Group provides relevant comparative compensation data for the Company. While we review the compensation data for our Compensation Peer Group in determining the compensation levels of Named Executive Officers, we do not set compensation levels by reference to any certain percentile or benchmark within the Compensation Peer Group. Rather, our goal is to provide each Named Executive Officer with a current executive compensation program that is market-derived and market-driven consistent with our compensation philosophies described above.

As a result of the compensation philosophies, described above, a significant percentage of total compensation is allocated to incentives. There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Rather, the Compensation Committee reviewed information provided by CFS Consulting to determine the appropriate level and mix of incentive compensation.

2006 Executive Compensation Components

For the fiscal year ended December 31, 2006, the principal components of compensation for Named Executive Officers were:

base salary;

performance-based annual incentive compensation;

long-term equity incentive compensation;

retirement and other benefits; and

perquisites and other personal benefits.

Base Salary

The Company provides the Named Executive Officers and other employees with base salary to compensate them for services rendered during the fiscal year. In October of each year, the Compensation Committee generally reviews and establishes the base salaries for each Named Executive Officer. Our general policy is to set base salaries that are market-derived and market-driven in light of base salaries paid to comparable executives at our Compensation Peer Group and other market data provided by CFS Consulting, a Named Executive Officer's individual performance during the prior fiscal year, a subjective assessment of the nature of the position, the contribution and experience of the executive and, for Named Executive Officers other than our Chief Executive Officer, our Chief Executive Officer's recommendations. Based on this review, the Compensation Committee determined that the appropriate base salary for each Named Executive Officer for 2006 was the amount reported for such officer in Column (c) of the Summary Compensation Table on page 17.

Performance-Based Annual Incentive Compensation

Consistent with the principle that our executives should be motivated to achieve results that improve stockholder value, we believe that an important portion of the overall cash compensation for executive officers should be contingent upon the successful achievement of certain annual corporate goals that we believe drive improvement in stockholder value. Our 2006 management bonus plan provided for a target cash bonus, achievement of which is dependent upon the attainment of certain performance goals. The actual targets are

based on a percentage of the officer's base salary. Based on the recommendation of CFS Consulting, the Compensation Committee set the target bonus awards for 2006 at 75% of base salary for our Chief Executive Officer, 55% of base salary for our Chief Financial Officer, 60% of base salary for our Chief Operating Officer, 45% of base salary for our Group Vice President Circor Energy Products and 45% of base salary for our Group Vice President Thermal Fluid Controls. Depending on the achievement of the predetermined goals, the annual bonus may be less than or greater than the target bonus. For example, a minimum, target, and maximum level of achievement are pre-determined by the Compensation Committee with respect to each goal with respective payouts of 0%, 100% and 200%. The maximum possible payout under the 2006 management bonus plan was 200% of the target bonus. Because disclosure of the specific targets for each goal under our management bonus plan would give competitors information that could be leveraged for competitive advantage, the Company does not disclose these specific targets. The targets are set at aggressive levels each year in order to motivate high business performance and require substantial effort and commitment by our executives to achieve results that would significantly contribute towards increasing stockholder value. At the same time, the targets are intended to represent achievable goals in order to keep management motivated. Generally these goals fell into one or more of the following three categories: (i) a corporate performance component (with specific factors including earnings per share, net sales, inventory turns, on-time delivery and acquisition achievements); (ii) a business unit component (with specific factors including earnings, sales, on-time delivery and inventory turns); and (iii) an individual performance component (with specific factors including quantitative and qualitative targets related to the achievement of goals within the individual's area of responsibility). In 2006, the annual bonus opportunity for our Chief Executive Officer, Chief Financial Officer and Chief Operating Officer was weighted 100% to the attainment of certain targets within the corporate performance component. In 2006, the annual bonus opportunity for our Group Vice President Circor Energy Products and Group Vice President Thermal Fluid Controls, was weighted 100% to the attainment of certain targets within their respective business unit components. Based on the Company's results for the fiscal year ended December 31, 2006, our Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Group Vice President Circor Energy Products and Group Vice President Thermal Fluid Controls earned 138%, 118%, 118%, 140% and 49% of their respective target bonuses.

In order to more closely align the interests of our executives with those of our stockholders, our executives are also eligible to participate in our Management Stock Purchase Plan (MSPP). Under the MSPP, which is a component plan of our Amended and Restated 1999 Stock Option and Incentive Plan, executives may make an advance election to receive restricted stock units (RSUs) in lieu of a specified percentage or dollar amount of such executive's earned annual cash bonus. Such RSUs are issued on the basis of a 33% discount to the closing price of the Company's stock on the day the incentive bonuses are paid or otherwise would be paid and generally vest in whole after a three-year period, at which time they are converted into shares of our Common Stock unless the executive previously has elected a longer deferral period. Dividends equal to any dividends paid on shares of our Common Stock are accrued to the account of an RSU holder and are paid to the holder at the time such RSUs actually vest. Based on elections made prior to December 31, 2005, for the fiscal year ended December 31, 2006, our Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Group Vice President Circor Energy Products and Group Vice President Thermal Fluid Controls elected to defer 100%, 50%, 100%, 50% and 20% of their respective bonuses into RSUs.

Long-Term Equity Incentives

The Company's policy is that executives' long-term compensation should promote both the long-term retention of key executives as well as improvements to the value provided to stockholders by aligning executives' interests with the interests of our stockholders. The following is a summary of the Company's long-term equity incentive program in effect through 2006. The Company has implemented a new long-term equity incentive program for 2007, as further described below under Subsequent Compensation Actions.

Under the program in effect through 2006, based on the recommendation of CFS Consulting, the Company's prior independent compensation consultant, the Compensation Committee set the value to be awarded in 2006 based on 125% of base salary for our Chief Executive Officer, 100% of base salary for our

Chief Operating Officer, 90% of base salary for our Chief Financial Officer, 70% of base salary for our Group Vice President Circor Energy Products and 70% of base salary for our Group Vice President Thermal Fluid Controls.

In light of applicable tax regulations and accounting principles and in order to provide equity-based awards to the Named Executive Officers that are competitive with our peer group companies, in 2006 we chose to denominate 100% of the long-term incentive awards in the form of RSUs. The amount of RSUs awarded to each Named Executive Officer is determined by dividing the amount of such Named Executive Officer's long-term incentive award by the fair market value of the Company's Common Stock at the time of grant. Based on this calculation our Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Group Vice President Circor Energy Products and Group Vice President Thermal Fluid Controls received 23,283 8,414 8,990 5,336 and 5,286 RSUs respectively. These RSUs vest one-third per year over a three-year period with the recipient becoming entitled to one share of our Common Stock for each RSU upon vesting. At the time of the RSU grant, the recipient may elect to defer receipt of shares upon vesting until a later date. As with any RSUs granted in lieu of cash bonus compensation, cash dividends are credited to the RSU holder's account for each non-vested RSU and are paid in cash upon vesting, whether or not actual receipt of the shares has been deferred until a later date.

Stock Ownership Guidelines

To further align the interests of the directors and executive officers of the Company with the interests of the stockholders, the Company has adopted Stock Ownership Guidelines for Directors and Executive Officers. These guidelines, which were formally adopted by the Company's Board of Directors on February 21, 2006, establish an expectation that, within a five-year period, each director and executive officer shall achieve and maintain an equity interest in the Company at least equal to a specified multiple of such individual's annual base salary or director's fee. The applicable multiples are as follows:

Position	Target
Chief Executive Officer	5x annual base salary
Chief Operating Officer	3x annual base salary
Chief Financial Officer	3x annual base salary
Group and Corporate Vice Presidents	2x annual base salary
Non-employee Director	3x value of annual retainer

In calculating an individual's equity interest, credit is given for the value of actual shares of Common Stock owned beneficially, the after-tax value of all vested stock options and RSU awards, and the after-tax value of RSUs which the individual has received in lieu of either bonus compensation or annual director's retainer.

Retirement Benefits

Consistent with the Company's philosophy that compensation should promote the long-term retention of key executives and be competitive with industry peers, the Company has sponsored a qualified noncontributory defined benefit pension plan for eligible salaried employees (the Retirement Plan) and a nonqualified noncontributory defined benefit supplemental plan for certain highly compensated employees (the SERP). The eligibility requirements of the Retirement Plan are generally the attainment of age 21 and the completion of at least 1,000 hours of service in a specified 12-month period. The assets of the pension plan are maintained in a trust fund at an independent investment firm. The Retirement Plan is administered by a retirement plan committee comprised of Company executives appointed by the Board. The Retirement Plan provides for monthly benefits to, or on behalf of, each participant at age 65 and has provisions for early retirement after age 55 and five years of service and surviving spouse benefits after five years of service. Participants in the Retirement Plan who terminate employment prior to retirement with at least five years of service are vested in their accrued retirement benefit. The Retirement Plan is subject to the Employee Retirement Income Security Act of 1974, as

amended. The normal retirement benefit for participants in the pension plan is an annuity payable monthly over the participant's life. If the participant is married, he or she will receive a spousal joint and 50% survivor annuity, unless an election out is made. Generally, the annual normal retirement benefit is an amount equal to 1.67% of the participant's final average compensation (as defined in the Retirement Plan), reduced by the maximum offset allowance (as defined in the Retirement Plan) multiplied by years of service (with a maximum of 25 years). Compensation recognized under the Retirement Plan for purposes of the calculation above generally includes base salary and annual bonus. Annual compensation in excess of \$220,000 per year is disregarded for all purposes under the Retirement Plan. However, benefits accrued prior to the 1994 plan year may be based on compensation in excess of \$220,000. The SERP provides additional monthly benefits to (i) a select group of key executives, which includes our Chief Executive Officer, Chief Operating Officer and Chief Financial Officer, (ii) individuals who were projected to receive reduced benefits as a result of changes made to the pension plan to comply with the Tax Reform Act of 1986, (iii) executives who will be affected by Internal Revenue Service limits on compensation under the Retirement Plan, and (iv) individuals who deferred compensation under the qualified Retirement Plan. The SERP is not a tax-qualified plan, and is subject to certain provisions of the Employee Retirement Income Security Act of 1974, as amended. The SERP is not funded. Tier one benefits are provided under the SERP to a select group of key executives, which includes our Chief Executive Officer, Chief Operating Officer and Chief Financial Officer. The annual benefit payable at normal retirement is equal to the difference between (x) 2% of the highest three year average compensation multiplied by years of service up to ten years, plus 3% of average compensation times years of service in excess of ten years, to a maximum of 50% of average compensation, less (y) the annual benefit payable under the Retirement Plan formula described above. Normal retirement age under tier one is age 62.

Based on a desire for cost and funding predictability and consultation with Watson Wyatt, as of July 1, 2006, we froze the accrued pension benefits of the Retirement Plan participants. Under the revised Retirement Plan, such participants generally do not accrue any additional benefits under the Retirement Plan after July 1, 2006 (although vesting for unvested participants continues until full vesting) and will instead receive enhanced benefits associated with our defined contribution 401(k) plan described below. In order to provide continuity and honor commitments made to key executives in connection with their retention, the SERP was not frozen in connection with the revisions to the Retirement Plan and benefits under the SERP continue to accrue. SERP participants are also eligible to participate in our defined contribution 401(k) plan described below; however, due to the benefits provided under the SERP, such participants do not receive the enhanced benefits under our 401(k) plan that were implemented in connection with the revisions to the Retirement Plan.

The Company maintains a defined contribution 401(k) plan in which substantially all of our U.S. employees, including the Named Executive Officers are eligible to participate. In conjunction with the freeze of the Retirement Plan on July 1, 2006 and the enhancements to the qualified 401(k) plan, we also plan to implement a nonqualified 401(k) excess plan by the end of 2007 to provide benefits that would have otherwise been provided under the qualified 401(k) plan to certain participants but for the imposition of certain maximum statutory limits imposed on qualified plan benefits (for example, annual limits on eligible pay and contributions). Company employees, including the Named Executive Officers, who reach the maximum limits in the qualified 401(k) plan will generally be eligible for the 401(k) excess plan. As mentioned above, in connection with the freeze of the Retirement Plan on July 1, 2006, our employees receive enhanced benefits under our 401(k) plan. Each year, commencing with Fiscal 2007, the Company makes an automatic core contribution on behalf of each participant equal to 2.5% of the participant's compensation (regardless of whether the participant contributes to the plan). In addition, the Company makes an additional matching contribution on behalf of each participant equal to 50% of the first 5% of compensation contributed to the plan by the participant. As described above, the Named Executive Officers eligible to participate in the SERP do not receive core or matching contributions from the Company.

Perquisites and Other Benefits

The Company provides the Named Executive Officers with certain limited perquisites and other personal benefits that the Company and the Compensation Committee believe are reasonable and consistent with the

overall compensation program objective of enabling the Company to attract and retain superior employees for key positions. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to the Named Executive Officers. In 2006 our Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Group Vice President Circor Energy Products and Group Vice President Thermal Fluid Controls received monthly car allowances of \$1,250, \$1,000, \$1,000, \$700 and \$700 respectively. In addition, pursuant to our Chief Executive Officer's Amended and Restated Executive Employment Agreement, the Company also pays for tax preparation and planning services and the initiation and annual dues associated with a country club membership of his choice. In the case of the country club membership fees, we believe this perquisite to be appropriate in that it provides an appropriate forum for off-site business meetings as well as customer and supplier entertainment.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits the deductibility on the Company's tax return of compensation over \$1 million to any of the Named Executive Officers unless, in general, the compensation is paid pursuant to a plan which is performance-related, non-discretionary and has been approved by our stockholders. The Company's policy with respect to Section 162(m) is to make every reasonable effort to ensure that compensation is deductible to the extent permitted while simultaneously providing our executives with appropriate rewards for their performance.

Subsequent Compensation Actions

In consultation with Watson Wyatt, the Compensation Committee has developed and approved the material terms of a revision to our long-term equity incentive program beginning in 2007. To further promote the Company's goals of retaining key executives and motivating such executives to achieve results that improve stockholder value by more closely aligning the executives' interests with the interests of our stockholders, our revised long-term equity incentive program will transition, over a four-year period, from the Company's current practice of grants of time-vested RSUs to grants of a mixture of time-vested RSUs and performance stock units (PSUs). PSU payouts will be in the form of our Common Stock but will be contingent on the Company's performance against a pre-set objective (currently anticipated to be a targeted return on invested capital (ROIC) goal to be set by the Compensation Committee). It is expected that the attainment of the ROIC goal will result in 100% of the shares covered by the applicable PSU grant to be earned, and the Compensation Committee will determine the percentage of shares that will be earned at various achievement levels below or above the targeted ROIC. Any shares of our Common Stock earned pursuant to any PSU grant will be subject to ratable vesting over a four year period from the date of the PSU grant.

Under the initial phase-in period in 2007, our Chief Executive Officer will receive grants of RSUs equal to the same percentage of base salary received in 2006 (as set forth under the caption Long-Term Equity Incentives above) and our Named Executive Officers (other than the Chief Executive Officer) will receive grants of RSUs equal to two times the percentage of base salary received in 2006 (as set forth under the caption Long-Term Equity Incentives above). However, unlike the three-year vesting for RSUs granted in 2006, RSUs granted in February 2007 to our Chief Executive Officer will vest ratably over a four-year period and those granted to our other Named Executive Officers will vest ratably over a six-year period. In 2008, we expect our Chief Executive Officer will receive grants of RSUs up to a targeted level to be determined and specified as a percentage of base salary, and such RSUs would vest ratably over a four-year period. We do not expect that the Named Executive Officers (other than the Chief Executive Officer) will receive any grants of RSUs in 2008, but they will be eligible for awards of PSUs if the Company's actual ROIC achievement for 2008 exceeds a target to be set by the Compensation Committee. In 2009 we expect that for all Named Executive Officers, 75% of the long-term equity incentive awards will be granted in the form of RSUs and 25% will be granted in the form of PSUs. Both RSU and PSU grants made in 2009 would vest ratably over a four-year period. In 2010 we expect that for all Named Executive Officers, 50% of the long-term equity incentive awards will be granted in the form of RSUs and 50% will be granted in the form of PSUs. Both RSU and PSU grants made in 2010 or later would vest ratably over a four-year period.

- (1) The amounts shown in this column reflect the dollar amounts recognized in accordance with SFAS 123R for financial statement reporting purposes for the fiscal year ended December 31, 2006 with respect to

- RSU awards under the Company's Amended and Restated 1999 Stock Option and Incentive Plan and RSUs purchased under the MSPP and thus include amounts attributable to RSUs granted in and prior to 2006. For a discussion of the assumptions related to the calculation of the amounts in this column, please refer to Note 11 (Share-Based Compensation) to the Company's audited consolidated financial statements for the year ended December 31, 2006 included in our Annual Report on Form 10-K filed with the SEC on February 22, 2007.
- (2) The amounts shown in this column reflect the dollar amounts recognized in accordance with SFAS 123R for financial statement reporting purposes for the year ended December 31, 2006 in connection with stock options granted under the Company's Amended and Restated 1999 Stock Option and Incentive Plan. The Company ceased granting stock options to employees and directors in 2005, and thus the amounts shown in this column are attributable to stock options granted prior to 2006. For a discussion of the assumptions related to the calculation of the amounts in this column, please refer to Note 11 (Share-Based Compensation) to the Company's audited consolidated financial statements for the year ended December 31, 2006 included in our Annual Report on Form 10-K filed with the SEC on February 22, 2007.
 - (3) The amounts shown in this column reflect amounts earned for performance under our 2006 management bonus plan. Our executives are also eligible to participate in our MSPP, a component plan of our Amended and Restated 1999 Stock Option and Incentive Plan, pursuant to which executives may make an advance election to receive RSUs in lieu of a specified percentage or dollar amount of such executive's annual cash bonus. Such RSUs are issued on the basis of a 33% discount to the closing price of the Company's stock on the day the incentive bonuses are paid or otherwise would be paid and generally vest in whole after a three-year period, at which time they are converted into shares of our Common Stock unless the executive previously has elected a longer deferral period. Based on elections made prior to December 31, 2005, for the fiscal year ended December 31, 2006, Messrs. Bloss, Smith, Higgins, Coppinger and Cope elected to defer 100%, 50%, 100%, 50% and 20% respectively of their respective bonus amounts shown above into RSUs. RSUs were issued as of February 26, 2007 by dividing the named executive officer's election amount by \$24.27 (the 2006 RSU Cost), which was 67% of \$36.23, the closing price of our Common Stock on February 23, 2007, the trading day immediately preceding the award date. In accordance with SFAS 123R, the compensation expense associated with the 33% discounted purchase price of these RSUs will be recognized over the three-year vesting period. Accordingly, these amounts will be included in column (e) Stock Awards of the Summary Compensation Table in future years as such amounts are recognized.
 - (4) The amounts shown in this column reflect the aggregate change in actuarial present value of the named executive officer's accumulated benefit under our Retirement Plan and the SERP from October 1, 2005 (the pension plan measurement date used for financial reporting purposes with respect to our audited consolidated financial statements for the fiscal year ended December 31, 2005) to September 30, 2006 (the pension plan measurement date used for financial reporting purposes with respect to our audited consolidated financial statements for the fiscal year ended December 31, 2006). There were no above-market or preferential earnings on compensation that was deferred on a basis that is not tax-qualified. Present values as of October 1, 2005 are based on a 5.50% discount rate. Present values as of September 30, 2006 are based on a 5.80% discount rate. Both present values assume commencement at normal retirement age with no mortality before commencement and RP-200.
 - (5) See Supplemental All Other Compensation Table for specific items in this category.
 - (6) Mr. Bloss received 23,097 RSUs in lieu of receiving his entire incentive bonus of \$560,669. This number of RSUs was determined by dividing \$560,669 by the 2006 RSU cost.
 - (7) Mr. Smith received 3,928 RSUs in lieu of receiving 50% of his incentive bonus of \$190,729. This number of RSUs was determined by dividing \$95,349 by the 2006 RSU cost.
 - (8) Mr. Higgins received 8,197 RSUs in lieu of receiving his entire incentive bonus of \$198,976. This number of RSUs was determined by dividing \$198,976 by the 2006 RSU cost.
 - (9) Mr. Coppinger received 3,459 RSUs in lieu of receiving 50% of his incentive bonus of \$167,970. This number of RSUs was determined by dividing \$83,964 by the 2006 RSU cost.

- (1) The amounts shown in these columns reflect the potential value of the payout for each Named Executive Officer under our 2006 management bonus plan if the threshold, target or maximum goals are satisfied for all performance measures. The potential payouts are performance-driven and therefore completely at risk. The general performance goals are described in the Compensation Discussion and Analysis on page 12 under the heading Performance-Based Incentive Compensation. The amounts actually earned for the fiscal year ended December 31, 2006 are reported in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table. Subject to elections to defer such amounts into RSUs as described in footnote 3 of the Summary Compensation Table, amounts earned were paid on March 15, 2007.
- (2) For 2006, equity incentive plan awards were made based on a percentage of the named executive officer's base salary as of December 31, 2005 and are not tied to performance goals. Accordingly, time vesting is the only condition to realization of the underlying shares and the amounts shown in this column therefore reflect the grant date fair value of each equity award as determined in accordance with SFAS 123R.
- (3) The amounts reflect long term incentive grants in form of RSUs pursuant to our Amended and Restated 1999 Stock Option and Incentive Plan.
- (4) Mr. Bloss received 38,260 RSUs in lieu of receiving his entire fiscal 2005 incentive bonus of \$712,898.

- (1) All stock options listed in this column were granted pursuant to our Amended and Restated 1999 Stock Option and Incentive Plan. All such options have a ten-year option term and vest ratably 20% per year generally beginning on the first anniversary of the date of grant indicated below. However, commencement of the five-year vesting with respect to the options granted to Mr. Coppinger on 10/29/2001 was triggered by attainment of certain performance criteria applicable to grants to Mr. Coppinger and certain other employees on that date; as a result, the first 20% of such options became vested on 12/5/03 with an additional 20% vesting on each subsequent December 5th until fully vested on 12/5/2007.

- (1) Participants are eligible for the Qualified and Excess Plans if they are at least 21 years of age and were hired before 2/1/2006.
- (2) Participants are eligible for the Supplemental Plan if named in the plan document.
- (3) Participants are eligible for early retirement at age 55 with 5 years of vested service.
- (4) A full year of service is earned in plan years where the participant worked over 1,000 hours. Partial years of service are granted for years where the participant worked less than 1,000 hours. There have been no ad-hoc additional years of service granted to any participants. No additional years of service are earned under the Qualified and Excess Plans after June 30, 2006 when those plans were frozen (see Compensation Discussion and Analysis on page 13 under the heading Retirement Benefits).
- (5) The present value of accumulated benefits is calculated based on the same assumptions as noted in Note 13 (Employee Benefit Plans) to the Company's audited consolidated financial statements for the year ended December 31, 2006 included in our Annual Report on Form 10-K filed with the SEC on February 22, 2007.

2006 Nonqualified Deferred Compensation

The Company did not maintain any type of Nonqualified deferred compensation plan in 2006, therefore the relevant table has been omitted.

SEVERANCE AND OTHER BENEFITS UPON

TERMINATION OF EMPLOYMENT OR CHANGE IN CONTROL

In order to achieve our compensation objective of attracting, retaining and motivating qualified executives, we believe that we need to provide our Named Executive Officers (and other executive officers) with severance protections that are consistent with the severance protections offered by our Compensation Peer Group. The following section describes the particular benefits that may become payable to the Named Executive Officers, depending on the circumstances surrounding their termination of employment with us. In calculating the amount of any potential payments to the Named Executive Officers under the arrangements described below, we have assumed that the applicable triggering event (i.e., termination of employment or change in control) occurred on December 31, 2006 and that the price per share of our common stock is equal to \$36.79, the closing price on December 29, 2006, the last trading day in 2006.

Amended and Restated Executive Employment Agreement with David A. Bloss, Sr.

Consistent with the philosophy stated above and with the Amended and Restated Executive Employment Agreement (the "Employment Agreement") we have entered into with our Chief Executive Officer, we believe that severance should be payable to the Chief Executive Officer of the Company if the Chief Executive Officer's employment is terminated by us without cause, by the executive for a "good reason" that we believe results in a constructive termination of his employment, or in connection with a change of control of the Company. If the Chief Executive Officer's employment is terminated by the Company without cause, by the executive for good reason or in connection with a change in control of the Company, we believe that providing the Chief Executive Officer with cash severance benefits is consistent with our peer group companies and provides him with financial security during a period of time when he is likely to be unemployed and seeking new employment.

Severance Benefits Termination of Employment Other than in Connection with Change in Control

Under Mr. Bloss' Employment Agreement, in the event Mr. Bloss' employment is terminated during the employment term either by the Company other than for Cause or Disability or by Mr. Bloss for Good Reason (as those terms are defined in the Employment Agreement), Mr. Bloss will be entitled to severance pay that generally includes: (1) accrued and unpaid base salary and accrued and unpaid incentive compensation, if any, through the date of termination; (2) an amount equal to two times the sum of (a) the average of Mr. Bloss' annual base salary for each of the three immediately preceding fiscal years and (b) the average of the annual incentive compensation received by Mr. Bloss for the three immediately preceding fiscal years (excluding any sign-on bonus, retention bonus or any other special bonus); (3) the continued vesting of each unvested stock option in accordance with the vesting schedule set forth in such stock option for an additional twenty-four months following the date of termination; (4) the continued vesting of each RSU for an additional twenty-four months following the date of termination; (5) the crediting of an additional twenty-four months of benefit service under the SERP; (6) the payment of such health insurance premiums as may be necessary to allow Mr. Bloss and Mr. Bloss' spouse and dependents to continue to receive health insurance coverage substantially similar to the coverage they received prior to the date of termination for a period of one year; and (7) a gross-up payment so that the net amount of such payment (after taxes) is sufficient to pay the excise tax, if any, due under the Internal Revenue Code in respect of the payments to be made under items (1) through (6) above.

Severance Benefits Termination of Employment in Connection with Change in Control

If within eighteen months after a change in control, Mr. Bloss' employment is terminated by the Company without Cause or Mr. Bloss terminates his employment for Good Reason, Mr. Bloss will be entitled to severance pay that generally includes: (1) an amount equal to three times the sum of (a) Mr. Bloss' current base salary and

(b) the highest annual incentive compensation received by Mr. Bloss in any of the three immediately preceding fiscal years (excluding any sign-on bonus, retention bonus or any other special bonus); (2) the immediate acceleration of vesting of all stock options and other stock-based awards (including RSUs); (3) full vesting in his accrued benefits under the SERP plus the crediting of an additional thirty-six months of benefit service under the SERP; (4) the payment of such health insurance premiums as may be necessary to allow Mr. Bloss and Mr. Bloss spouse and dependents to continue to receive health insurance coverage substantially similar to the coverage they received prior to the date of termination for a period of three years; (5) the payment of expenses incurred in leasing an automobile (at least equal to Mr. Bloss leasing allowance prior to termination) for a period of three years; and (6) a gross-up payment so that the net amount of such payment (after taxes) is sufficient to pay the excise tax, if any, due under the Internal Revenue Code in respect of the payments to be made under items (1) through (5) above.

Change in Control Agreements with Other Named Executive Officers

Currently, our executive officers including our Named Executive Officers (other than our Chief Executive Officer, who is entitled to severance in the circumstances described above) generally receive severance only upon certain terminations of employment in connection with a change in control, as described below. However, in addition to severance under the change in control circumstances described below, our Chief Operating Officer is entitled to severance equal to one time his annual base salary in the event he is terminated without cause by the Company. This benefit was granted in connection with the hiring of our Chief Operating Officer and is not currently otherwise available to other senior executives. We believe that the occurrence, or potential occurrence, of a change in control transaction will create uncertainty regarding the continued employment of our executive officers including our Named Executive Officers. This uncertainty results from the fact that many change in control transactions result in significant organizational changes, particularly at the senior executive level. In order to encourage our executive officers to remain employed with the Company during an important time when their prospects for continued employment following the transaction are often uncertain, we provide our executive officers (other than the Chief Executive Officer) with severance benefits pursuant to a change in control agreement if their employment is terminated by us without cause or by the executive for good reason within twelve months following a change in control. We believe that such executive officers should receive their change in control severance benefits if their employment is constructively terminated in connection with a change in control. Given that none of our executive officers (other than the Chief Executive Officer) has an employment agreement that provides for fixed positions or duties, or for a fixed base salary or actual or target annual bonus, absent some form of constructive termination severance trigger, potential acquirors could constructively terminate an executive officer's employment and avoid paying severance. For example, following a change in control, an acquiror could materially demote an executive officer, significantly reduce his salary and/or eliminate his annual bonus opportunity to force the executive officer to terminate his own employment and thereby avoid paying severance. Because we believe that constructive terminations in connection with a change in control are conceptually the same as actual terminations, and because we believe that acquirors would otherwise have an incentive to constructively terminate executive officers to avoid paying severance, the change in control agreements we have entered into with our executive officers (other than the Chief Executive Officer) permit executive officers to terminate their employment in connection with a change in control for certain good reasons that we believe result, in those circumstances, in the constructive termination of the executive officers' employment. In the event the employment of an executive officer (other than the Chief Executive Officer) is terminated by the Company following a change in control, we believe that providing these executive officers with cash severance benefits is consistent with our peer group companies and provides them with financial security during a period of time when they are likely to be unemployed and seeking new employment.

The Company therefore has entered into change in control agreements with our executive officers including our Chief Financial Officer, Chief Operating Officer, Group Vice President Circor Energy Products and Group Vice President Thermal Fluid Controls. The agreements are substantially identical and provide for certain benefits to be paid to such Executive officers in connection with a termination of employment with the Company under the circumstances described below.

Severance Benefits Termination of Employment in Connection with Change in Control

If within twelve months after a change in control, an executive officer's employment (other than the Chief Executive Officer) is terminated by the Company without Cause or such executive officer terminates his employment for Good Reason (as those terms are defined in the change in control agreements), such executive officer will be entitled to severance pay that generally includes: (1) (a) for our Chief Financial Officer and Chief Operating Officer an amount equal to two times and (b) for our other executive officers including our Group Vice President Circor Energy Products and Group Vice President Thermal Fluid Controls an amount equal to one times the sum of (i) such executive officer's current base salary and (ii) the highest annual incentive compensation received by such executive officer in any of the three immediately preceding fiscal years (excluding any sign-on bonus, retention bonus or any other special bonus); (2) the immediate acceleration of vesting of all stock options and other stock-based awards (including RSUs); (3) (a) for our Chief Financial Officer and Chief Operating Officer full vesting in their accrued benefits under the SERP plus the crediting of an additional twenty-four months of benefit service under the SERP and (b) for our other executive officers including our Group Vice President Circor Energy Products and Group Vice President Thermal Fluid Controls full vesting in their accrued benefits, if any, under the SERP; (4) (a) for our Chief Financial Officer and Chief Operating Officer the payment of such health insurance premiums as may be necessary to allow them and their spouses and dependents to continue to receive health insurance coverage substantially similar to the coverage they received prior to the date of termination for a period of two years and (b) for our other executive officers including our Group Vice President Circor Energy Products and Group Vice President Thermal Fluid Controls the payment of such health insurance premiums as may be necessary to allow them and their spouses and dependents to continue to receive health insurance coverage substantially similar to the coverage they received prior to the date of termination for a period of one year; and (5) for our Chief Financial Officer and Chief Operating Officer the payment of expenses incurred in leasing an automobile (at least equal to the leasing allowance received prior to termination) for a period of two years. The aggregate amount payable to the Named Executive Officers under items (1) through (5) may, in certain instances, trigger the payment of excise taxes under the Internal Revenue Code. In the event that the applicable Named Executive Officer would receive a greater economic benefit by receiving payments up to the maximum amount that would not require the payment of excise taxes instead of the full amounts due under items (1) through (5) above, the change in control agreements provide that the aggregate payments to the Named Executive Officer will be reduced to the maximum amount that would not require the payment of excise taxes.

The following tables list the estimated amounts that the Named Executive Officers would have become entitled to (under the Amended and Restated Executive Employment Agreement for Mr. Bloss, and under a change in control agreement for the other Named Executive Officers) had their employment with the Company terminated on December 31, 2006 under circumstances described above:

DIRECTOR COMPENSATION

The Company uses a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on the Board. Further, each director is reimbursed for reasonable travel and other expenses incurred in attending meetings. In setting director compensation, the Company considers the significant amount of time that Directors expend in fulfilling their duties to the Company as well as the skill-level required by the Company of members of the Board. Directors are subject to the Stock Ownership Guidelines described above.

Currently, our non-employee directors receive cash compensation as follows:

Annual Retainer	\$ 33,500
Chairman Fee (Audit Committee)	\$ 6,000
Chairman Fee (Nominating and Corporate Governance and Compensation Committees)	\$ 4,000
Lead Director	\$ 4,000
Committee Meeting Attendance (all Committees)	\$ 1,000
Telephonic Committee Meetings (all Committees)	\$ 750

Directors also are eligible to receive an annual equity incentive grant under our Amended and Restated 1999 Stock Option and Incentive Plan. Currently, the targeted value of such grant is \$36,000. As a result, with respect to the most recent grants which were made on February 26, 2007, each non-employee director received a grant of 1,000 RSUs which are convertible into shares of Common Stock on a one-for-one basis and which vest in equal one-third portions over a three-year period. The number of RSUs was determined by dividing \$36,000 by the closing price of our Common Stock on the trading day immediately preceding the award date. At his election, each Director, under the MSPP, may elect to defer all or part of such Director's annual cash retainer for the purchase of RSUs at a 33% discount from the closing price of our Common Stock on the date of the fee payments. Those directors who are our employees do not receive compensation for their services as directors.

The table below summarizes the compensation paid by the Company to non-employee Directors for the fiscal year ended December 31, 2006.

- (1) The amounts shown in this column reflect the fees earned in 2006 for Board and committee service and annual retainer fees of \$33,500. Our Directors are also eligible to participate in our MSPP, a component plan of our Amended and Restated 1999 Stock Option and Incentive Plan, pursuant to which Directors may make an advance election to receive RSUs in lieu of all or part of such Director's fees. Such RSUs are issued on the basis of a 33% discount to the closing price of the Company's stock on the day the fees are

- paid or otherwise would be paid and generally vest ratably over a three-year period, at which time they are converted into shares of our Common Stock unless the Director previously has elected a longer deferral period. Based on elections made prior to [December 31, 2005], for the fiscal year ended December 31, 2006, [all of our Directors elected to defer all of their fees shown above into RSUs]. RSUs were issued as of February 26, 2007 by dividing the Director's election amount by \$24.27 (the 2006 RSU Cost), which was 67% of \$36.23 the closing price of our Common Stock on February 23, 2007, the trading day immediately preceding the award date. The dollar amounts recognized for financial statement reporting purposes in accordance with SFAS 123R in connection with the issuance of such RSUs will be included in column (c) Stock Awards of the Director Compensation Table in future years as such amounts are recognized.
- (2) The amounts shown in this column reflect the dollar amounts recognized for financial statement reporting purposes for the fiscal year ended December 31, 2006 in accordance with SFAS 123R of RSU awards under the Company's Amended and Restated 1999 Stock Option and Incentive Plan and RSUs purchased under the MSPP and thus include amounts attributable to RSUs granted in and prior to 2006. For a discussion of the assumptions related to the calculation of the amounts in this column, please refer to Note 11 (Share-Based Compensation) to the Company's audited consolidated financial statements for the year ended December 31, 2006 included in our Annual Report on Form 10-K filed with the SEC on February 22, 2007.
- (3) The amounts shown in this column reflect the dollar amounts recognized for financial statement reporting purposes for the year ended December 31, 2006 in accordance with SFAS 123R in connection with stock options granted under the Company's Amended and Restated 1999 Stock Option and Incentive Plan. The Company ceased granting stock options to employees and directors in 2005, and thus the amounts shown in this column are attributable to stock options granted prior to 2006. For a discussion of the assumptions related to the calculation of the amounts in this column, please refer to Note 11 (Share-Based Compensation) to the Company's audited consolidated financial statements for the year ended December 31, 2006 included in our Annual Report on Form 10-K filed with the SEC on February 22, 2007. Mr. Brady received a grant of 10,000 options when he joined the board in April 2003 while all other Directors have longer service which accounts for the differences. The following Directors have option awards outstanding at the end of fiscal year 2006: Mr. Brady (13,000), Mr. Callahan (11,666), Mr. Cross (8,000), Mr. Dietz (22,000), Mr. Hayes (16,000) and Mr. Naugle (16,000).

Report of the Audit Committee of the Board of Directors

The Audit Committee has furnished the following report on Audit Committee matters:

The Audit Committee acts pursuant to a written charter which initially was adopted by the Board of Directors of the Company on May 24, 2000. During Fiscal 2003 and again during Fiscal 2004, minor revisions were made to the Audit Committee Charter to ensure compliance with revised NYSE and SEC requirements and

to more clearly delineate the delegation of certain board functions as between the Audit Committee and the Nominating and Corporate Governance Committee. Pursuant to this Charter, the Audit Committee is primarily responsible for overseeing and monitoring the accounting, financial reporting and internal controls practices of the Company and its subsidiaries. Its primary objective is to promote and preserve the integrity of the Company's financial statements and the independence and performance of the Company's independent auditors. The Audit Committee also oversees the performance of the Company's internal audit function and the Company's compliance with legal and regulatory requirements.

It is important to note, however, that the role of the Audit Committee is one of oversight, and the Audit Committee relies, without independent verification, on the information provided to it and the representations made by management, the internal auditors and the independent auditors. Management retains direct responsibility for the financial reporting process, system of internal controls and system of disclosure controls and procedures.

In furtherance of its role, the Audit Committee has an annual agenda which includes periodic reviews of the Company's internal controls and of areas of potential exposure for the Company such as environmental and litigation matters. The Audit Committee meets at least quarterly and reviews the Company's interim financial results and earnings releases prior to their publication. The Audit Committee also reviews the Company's periodic reports on Forms 10-Q and 10-K prior to their filing.

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval generally is provided for up to one year and any pre-approval is detailed as to the particular service or category of services and generally is subject to a specific budget. The Audit Committee has delegated pre-approval authority to its Chairperson when expediting of services is necessary. The independent auditors and management report annually to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed. All of the audit, audit-related, tax and other services provided by KPMG LLP in Fiscal 2006 and related fees were approved in accordance with the Audit Committee's policy.

PROPOSAL 2

RATIFICATION OF AUDITORS

The Audit Committee of the Board of Directors has appointed the firm of Grant Thornton LLP as the Company's independent auditors for Fiscal 2007. Grant Thornton LLP, which has no direct or indirect interest in the Company or any affiliate of the Company, was recently appointed by the Audit Committee to succeed KPMG LLP which had audited the Company's books and records from its inception in 1999 through completion of the audit for Fiscal 2006. Although action by the stockholders in this matter is not required, the Board believes that it is appropriate to seek stockholder ratification of this appointment in light of the critical role played by independent auditors in maintaining the integrity of the Company's financial controls and reporting. The Board of Directors therefore recommends to the stockholders that they ratify the appointment of Grant Thornton LLP as independent auditors of the Company for Fiscal 2007. Should the stockholders not ratify the selection of Grant Thornton LLP, the Audit Committee will consider the vote and the reasons therefore in future decisions on the selection of independent auditors.

Auditor Presence at Annual Meeting / Selection of Auditor for Fiscal 2007

A representative of Grant Thornton LLP (our independent auditor for the current year) is expected to be present at the Annual Meeting and will be given the opportunity to make a statement, if he or she so desires, and to respond to appropriate questions. We do not currently expect that a representative of KPMG LLP (our independent auditor for the most recently completed fiscal year) will be present at the Annual Meeting.

Changes in Certifying Accountant

On February 26, 2007 the Audit Committee selected Grant Thornton LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2007 and dismissed KPMG LLP as its independent registered public accounting firm effective as of such date. Prior to its dismissal, KPMG LLP completed its audit of the Company's financial statements for the year ended December 31, 2006. The decision to engage Grant Thornton LLP as the Company's independent registered public accounting firm was the result of a competitive selection process involving several firms.

Regarding the Former Independent Auditor

KPMG LLP's reports on the Company's financial statements for the fiscal years ended December 31, 2006 and December 31, 2005 did not contain an adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope, or accounting principles, except as follows: KPMG LLP's report on the consolidated financial statements of Circor International, Inc. as of and for the years ended December 31, 2006 and 2005, contained a separate paragraph stating that, As discussed in note 2 to the consolidated financial statements, the Company adopted Statement of Financial Accounting Standards No. 123(R), Share Based Payment on January 1, 2006. As discussed in note 13 to the consolidated financial statements, during the fourth quarter of 2006, the Company adopted Statement of Financial Accounting Standards No. 158, Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans. KPMG LLP's reports on management's assessment of effectiveness of internal control over financial reporting and the effectiveness of internal control over financial reporting as of December 31, 2006 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles except as follows: CIRCOR International, Inc. acquired Hale Hamilton Valves Limited (Hale Hamilton) and Sagebrush Pipeline Equipment Co. (Sagebrush) during 2006, and management excluded from its assessment of the effectiveness of the Company's internal control over financial reporting as of December 31, 2006, Hale Hamilton's and Sagebrush's internal control over financial reporting associated with aggregate total assets of \$104,737,876 and aggregate total revenues of \$75,888,877 included in the consolidated financial statements of CIRCOR International, Inc. as of and for the year ended December 31, 2006. KPMG's audit of internal control over financial reporting of CIRCOR International, Inc. also excluded an evaluation of the internal control over financial reporting of Hale Hamilton and Sagebrush. During the fiscal years ended December 31, 2006 and December 31, 2005, and through February 26, 2007, there were no disagreements with KPMG LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of KPMG LLP would have caused KPMG LLP to make reference thereto in its reports on the Company's financial statements for such periods. During the fiscal years ended December 31, 2006 and 2005, and through February 26, 2007, there were no reportable events with respect to the Company as such term is defined in Item 304(a)(1)(v) of Regulation S-K. On February 26, 2007, the Company requested that KPMG LLP furnish it with a letter addressed to the SEC stating whether or not it agrees with the above statements as of February 26, 2007. A copy of such letter, dated February 27, 2007, was filed as an exhibit to a Form 8-K filed by the Company on March 2, 2007.

Regarding the Newly-Engaged Independent Auditor

During the Company's two most recent fiscal years ended December 31, 2005, December 31, 2006, and through February 26, 2007, the Company did not consult with Grant Thornton LLP regarding either (1) the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the Company's financial statements, and neither a written report was provided to the Company or oral advice was provided that Grant Thornton LLP concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue; or (2) any matter that was either the subject of a disagreement or reportable event as defined in Item 304(a)(1)(iv) and (v) of SEC Regulation S-K.
