PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

To Be Held On June 1, 2007

This Proxy Statement is furnished to the stockholders of Energy Partners, Ltd. (the *Company*) in connection with the solicitation of proxies by the Board of Directors of the Company (the *Board of Directors* or the *Board*) for use at the Annual Meeting of Stockholders of the Company to be held on June 1, 2007 at the Hotel InterContinental New Orleans, Vieux Carré B Room, 444 St. Charles Ave., New Orleans, Louisiana 70130 at 9:00 a.m., Central Daylight Time (the *2007 Annual Meeting* or the *Meeting*), or at any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders.

ABOUT THE 2007 ANNUAL MEETING

Voting Procedures

Stockholders of record at the close of business on May 2, 2007 (the *Record Date*) will be entitled to vote at the Meeting. On the Record Date, there were outstanding and entitled to vote 31,676,270 shares of the Company's Common Stock (the *Company Shares* or the *Common Stock*). The holders of a majority of the Company Shares issued and outstanding and entitled to vote at the Meeting, present in person or represented by proxy, will constitute a quorum. The person(s) whom the Company appoints to act as inspector(s) of election will treat all Company Shares represented by a returned, properly executed proxy as present for purposes of determining the existence of a quorum at the Meeting. The Company Shares present at the meeting, in person or by proxy, that are abstained from voting will be counted as present for determining the existence of a quorum.

Each of the Company Shares will entitle the holder to one vote. Cumulative voting is not permitted. Directors are elected by a plurality of the votes of the shares present in person or represented by proxy and entitled to vote at the meeting. Other than with respect to the election of directors, an abstention has the effect of a vote against a matter to be presented at the Meeting. A broker non-vote is not entitled to be voted and will not affect the outcome on any proposal in the Proxy Statement. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and the broker has not received voting instructions from the beneficial owner. Votes cast at the meeting will be counted by the inspector(s) of election.

The Board of Directors is soliciting your proxy on the enclosed Proxy Card to provide you with an opportunity to vote on all matters to come before the meeting, whether or not you attend in person. If you execute and return the enclosed Proxy Card, your shares will be voted as you specify. If you make no specifications, your shares will be voted in accordance with the recommendations of the Board, as set forth below. If you submit a Proxy Card, you may subsequently revoke it by submitting a revised proxy or a written revocation at any time before your original proxy is voted. You may also attend the meeting in person and vote in person by ballot, which would cancel any proxy you previously gave.

The Board of Directors urges you to vote, and solicits your proxy, as follows:

(1) FOR the election of eleven (11) nominees for membership on the Company's Board of Directors, Messrs. Bachmann, Bumgarner, Carlisle, Carter, Dawkins, Gershen, Gobe, Herrin, Hiltz and Phillips and Dr. Francis, to serve until the Annual Meeting of Stockholders in the year 2008 and until their successors are duly elected and qualified;

(2) FOR the ratification of the appointment of KPMG LLP as the Company's independent registered public accountants for the year ending December 31, 2007; and

(3) At the discretion of the designated proxies named on the enclosed Proxy Card, on any other matter that may properly come before the 2007 Annual Meeting, and any adjournment or postponement thereof.

Proxy Solicitation

Your proxy is being solicited by and on behalf of the Board of Directors of the Company. The expense of preparing, printing and mailing proxy solicitation materials will be borne by the Company. In addition to solicitation of proxies by mail, certain directors, officers, representatives and employees of the Company may solicit proxies by telephone and personal interview. Such individuals will not receive additional compensation from the Company for solicitation of proxies, but may be reimbursed by the Company for reasonable out-of-pocket expenses in connection with such solicitation. In addition, MacKenzie Partners, Inc. has been retained to aid in the solicitation at an estimated fee of \$7,500. Banks, brokers and other custodians, nominees and fiduciaries also will be reimbursed by the Company, as necessary, for their reasonable expenses for sending proxy solicitation materials to the beneficial owners of Common Stock.

MATTERS TO BE PRESENTED TO THE STOCKHOLDERS

AT THE 2007 ANNUAL MEETING

Item 1 Election of Directors

At the 2007 Annual Meeting, eleven (11) directors are to be elected, each of whom will serve until the Annual Meeting of Stockholders in the year 2008 and until their respective successors are duly elected and qualified. The persons named as proxies on the enclosed Proxy Card intend to vote FOR the election of each of the eleven (11) nominees listed below, unless otherwise directed.

The Board has nominated, and the proxies will vote to elect, the following individuals as members of the Board of Directors to serve for a period of one (1) year and until their respective successors are duly elected and qualified: Richard A. Bachmann, John C. Bumgarner, Jerry D. Carlisle, Harold D. Carter, Enoch L. Dawkins, Dr. Norman C. Francis, Robert D. Gershen, Phillip A. Gobe, William R. Herrin, William O. Hiltz and John G. Phillips. Each nominee has consented to be nominated and to serve, if elected.

Under the Company's Corporate Governance Guidelines, a majority of the Board must be comprised of directors who are independent under the rules of the New York Stock Exchange (*NYSE*). No director will be

deemed to be independent unless the Board affirmatively determines that the director has no material relationship with the Company, either directly or as an officer, stockholder or partner of an organization that has a relationship with the Company. The Board observes all criteria established by the NYSE and other governing laws and regulations. In its review of director independence, the Board of Directors considers all relevant facts and circumstances, including without limitation, all commercial, banking, consulting, legal, accounting, charitable or other business relationships any director may have with the Company. The Board has adopted categorical standards to assist it in making determinations of independence for directors, a copy of which is attached as Annex I to this Proxy Statement.

The Board has determined that each of Messrs. Bumgarner, Carlisle, Carter, Gershen, Herrin, Hiltz and Phillips and Dr. Francis is independent. In making its determination, in addition to the matter described under Certain Relationships and Related Transactions, the Board considered that Mr. Phillip's daughter is a non-executive employee of the Company whose compensation does not exceed the limits of the Company's categorical standards or the NYSE rules. Mr. Bachmann was determined to be not independent because he is our chief executive officer. Mr. Gobe was determined to be not independent because he is our president and chief operating officer. Mr. Dawkins was determined to be not independent because one of his immediate family members (as defined in the NYSE rules) is a consulting principal of KPMG LLP, our independent registered public accountant.

The Board of Directors recommends that you vote FOR the election of the eleven (11) nominees: Messrs. Bachmann, Bumgarner, Carlisle, Carter, Dawkins, Gershen, Gobe, Herrin, Hiltz and Phillips and Dr. Francis.

Item 2 Ratification of Appointment of Independent Registered Public Accountants

The Audit Committee of the Board of Directors is required by law and applicable NYSE rules to be directly responsible for the appointment, compensation and retention of the Company's independent registered public accountants. The Audit Committee has appointed KPMG LLP as the independent registered public accountants for the year ending December 31, 2007. While stockholder ratification is not required by the Company's By-laws

or otherwise, the Board of Directors is submitting the selection of KPMG LLP to the stockholders for ratification as part of good corporate governance practices. If the stockholders fail to ratify the selection, the Audit Committee may, but is not required to, reconsider whether to retain KPMG LLP. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of different independent registered public accountants at any time during the year if it determines that such a change would be in the best interest of the Company and its stockholders.

The Board of Directors recommends a vote FOR the proposal to ratify the selection of KPMG LLP as the Company's independent registered public accountants to audit the Company's consolidated financial statements for the year ending December 31, 2007. The persons designated as proxies will vote FOR the ratification of KPMG LLP as the Company's independent registered public accountants, unless otherwise directed. CORPORATE GOVERNANCE

The Board of Directors

The directors hold regular meetings, attend special meetings as required and spend such time on the affairs of the Company as their duties require. The Company's Corporate Governance Guidelines provide that directors are expected to attend regular Board meetings and the Annual Meeting of Stockholders in person and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. During calendar year 2006, the Board of Directors held a total of 28 meetings, regular and special. All directors of the Company attended at least seventy-five percent (75%) of the meetings of the Board of Directors and of the committees on which they served during the period. All of the Company's then current directors who were standing for reelection at the meeting attended the annual meeting of stockholders in 2006.

The non-management directors meet in executive sessions at least semi-annually and our independent directors meet at least annually, to discuss such matters as they deem appropriate. At least once a year, our non-management directors meet to review the Compensation Committee's annual review of the chief executive officer. These executive sessions are chaired by the Chairman of the Nominating & Governance Committee. Stockholders may communicate with the non-management directors, or the chair of our executive sessions, by following the procedures under Communications with Board of Directors.

The Audit Committee has a charter under which its primary purpose is to assist the Board in overseeing (1) the integrity of the Company's financial statements, (2) the independent registered public accountants' qualifications and independence, (3) the performance of the Company's internal audit function and independent registered public accountants and (4) the compliance by the Company with legal and regulatory requirements. The Audit Committee is directly responsible for the appointment and compensation of the independent registered public accountants. During fiscal year 2006, the Audit Committee held five (5) meetings.

The Compensation Committee

The Board of Directors has a standing Compensation Committee, the current members of which are Messrs. Bumgarner (Chairman), Gershen, Herrin and Phillips. The Compensation Committee has a charter under which its responsibilities and authorities include reviewing the Company's compensation strategy, reviewing the performance of and approving the compensation for the senior management (other than the chief executive officer), evaluating the chief executive officer's performance and, either as a committee or together with the other independent directors, determining and approving the chief executive officer's compensation level. In addition, the committee approves and administers employee benefit plans and takes such other action as may be appropriate or as directed by the Board of Directors to ensure that the compensation policies of the Company are reasonable and fair. The Board of Directors has determined that each member of the Compensation Committee is independent as defined by NYSE listing standards. During fiscal year 2006, the Compensation Committee held three (3) meetings.

The Nominating & Governance Committee

The Board of Directors also has a standing Nominating & Governance Committee, the current members of which are Dr. Francis (Chairman) and Messrs. Carter and Herrin. The Nominating & Governance Committee has

a charter under which its responsibilities and authorities include identifying director candidates and recommending director nominees for the next annual meeting of stockholders or for any vacancy on the Board of Directors and recommending members of the Board of Directors to serve on the various committees. In addition, the Nominating & Governance Committee develops and recommends to the Board of Directors the Corporate Governance Guidelines of the Company and is responsible for the oversight of the evaluation of the Board of Directors and management. The Board of Directors has determined that each member of the Nominating & Governance Committee is independent as defined by NYSE listing standards. During fiscal year 2006, the Nominating & Governance Committee held four (4) meetings.

Nominee Qualifications

When seeking candidates for director, the Nominating & Governance Committee may solicit suggestions from incumbent directors, management, stockholders or others. While the Nominating & Governance Committee has authority under its charter to retain a search firm for this purpose, no such firm was utilized in 2006. After conducting an initial evaluation of a potential candidate, the Nominating & Governance Committee will interview that candidate if it believes such candidate might be suitable to be a director. The Nominating & Governance Committee may also ask the candidate to meet with management. If the Nominating & Governance Committee believes a candidate would be a valuable addition to the Board, it will recommend to the full Board that candidate's election.

The Nominating & Governance Committee selects each nominee based on the nominee's skills, achievements and experience. The Nominating & Governance Committee considers a variety of factors in selecting candidates, including, but not limited to the following: independence, wisdom, integrity, an understanding and general acceptance of the Company's corporate philosophy, valid business or professional knowledge and experience, a proven record of accomplishment with excellent organizations, an inquiring mind, a willingness to speak one's mind, an ability to challenge and stimulate management and a willingness to commit time and energy.

Communications with Board of Directors

The Nominating & Governance Committee, on behalf of the Board, reviews letters from stockholders concerning the Company's annual general meeting and governance process and makes recommendations to the Board based on such communications. Stockholders can send communications to the Board and to the non-management directors by mail in care of the Corporate Secretary at 201 St. Charles Avenue, Suite 3400, New Orleans, Louisiana 70170, and should specify the intended recipient or recipients. All such communications, other than unsolicited commercial solicitations or communications, will be forwarded to the appropriate director or directors for review. Any such unsolicited commercial solicitation or communication not forwarded to the appropriate director or directors will be available to any non-management director who wishes to review it.

Directors may defer all or a portion of their retainer and meeting fees. Directors are also reimbursed for their reasonable expenses in connection with attending Board of Director meetings and other Company events.

Our Amended and Restated 2000 Stock Incentive Plan for Non-Employee Directors provides for grants of stock options and restricted share units to members of the Board of Directors who are not employees of the

Company or any subsidiary. The size of any grants of stock options and restricted share units to non-employee directors, including to new directors, will be determined annually, based on the analysis of an independent compensation consultant. Based on such analysis, the Compensation Committee recommended, and the Board approved, the grant of 4,000 restricted stock units to each non-employee director on the date of the 2007 Annual Meeting. Restricted share units become 100% vested on the first anniversary of the date of grant provided the eligible director continues as a director of the Company throughout that one-year period. Prior to the first anniversary of the date of grant, an eligible director shall be vested in the pro rata number of restricted share units based on the number of days during that year that the eligible director served. The total number of shares of our Common Stock that may be issued under the plan is 500,000, subject to adjustment in the case of certain corporate transactions and events.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The objectives of the Company's compensation program are (i) to attract and retain the best available talent, (ii) to motivate employees to achieve the Company's goals, (iii) to link employee and stockholder interests through performance rewards and (iv) to provide compensation that can recognize individual contributions to corporate objectives. The Company's compensation philosophy is designed so that a substantial component of each employee's potential annual compensation is dependent upon measurable improvement to stockholder value. Decisions with respect to the compensation of the Company's executive officers are made by the Compensation Committee (the *Committee*) of the Board of Directors. The compensation of non-executive officers is determined by the executive officers. The compensation of the Chief Executive Officer is recommended by the Committee and approved by the independent members of the Board of Directors.

The Committee based its decisions with respect to performance-measured compensation of our executive officers for services rendered in 2006 upon these principles and its assessment of each officer's potential to enhance long-term stockholder value. The Committee also considered each executive officer's current salary and prior year compensation, as well as compensation paid to the executive officer's peers. The Committee engages Frederic W. Cook & Co., Inc. as a consultant to assist it in determining appropriate types and levels of compensation. The Committee expects recommendations from the Company's Chief Executive Officer but exercises its own judgment and makes its own determination.

Types of Compensation

The Company provides two main types of compensation to executive officers:

- (1) annual compensation, consisting of a base salary and an incentive bonus on the attainment of corporate and individual objectives; and
- (2) long-term compensation, consisting of stock options, the value of which is directly linked to the value of a share of the Company's Common Stock, and restricted stock units.

Annual Compensation

At least once each year, the Committee reviews the Company's executive compensation program. This review is conducted with the assistance of the Company's compensation consultant. The consultant's analysis includes an assessment of the Company's executive officers' compensation levels compared to other executive officers in similar positions in the Company's industry sector. The annual base salary of each executive is determined by an analysis of the compensation paid to other executive officers in similar positions in the Company's proxy peer group and market data derived from a combination of sources, including published salary survey data of other exploration and production companies. The Committee targets the median to 75th percentile for base salary. A competitive base salary is consistent with the Company's long-term objectives of attracting and retaining highly qualified, competent executives.

The incentive bonus is particularly aligned with the interests of the Company's stockholders. Incentive bonuses are based on quantitative and qualitative factors that the Committee may deem appropriate and the Committee's assessment of the individual's performance. While the Committee does not apply a completely formulaic approach, in 2006 the quantitative factors considered consisted of predetermined targets of production growth (both organic and through acquisitions), reserve replacement, reserve replacement cost relative to peers, lease operating expense per barrel of oil equivalent (*Loe/Boe*) and the increase in value of the Company's Common Stock relative to peers. The Committee has in the past adjusted targets for extraordinary events such as significant storms. The Committee also compares the Company's results against the results of its proxy peer group. A target bonus percentage of base salary is predetermined and periodically reviewed for each executive on the basis of market practices, although actual bonus payments can be significantly affected by the Committee's assessment of individual performance. The target bonus percentages for the current Named Officers set forth in the Summary Compensation Table are as follows: Mr. Bachmann, 100%; Mr. Gobe, 65%; Mr. Peper, 55%; Mr. Woodall, 55%; Mr. Dykes, 50%; and Mr. LeBlanc, 40%. The Committee targets the 75th percentile for the combination of base salary and incentive bonus when results warrant. In reviewing quantitative factors, the Committee will determine each year whether a threshold level of performance below the Company's objectives is deserving of any bonus percentage, taking into account external factors beyond the control of the executives. For 2006, the Committee determined that the Company exceeded its target for production growth of 10% and that the Company's stock price performance over the year was at the top of its peer group. The Company did not meet its targets relative to reserve replacement (130%), *Loe/Boe* (\$5.40) and for reserve replacement cost (an indexed target based on peer performance). Based on these results, the Committee determined that a bonus in accordance with the Company's quantitative factors of 68% of target was warranted. The bonuses for Named Officers are set forth below under Summary Compensation. The Committee has not yet established the corporate targets that are to serve as the quantitative factors used in determining incentive bonuses for 2007 performance.

Long-Term Compensation

In determining the appropriate levels of incentive compensation, the Committee reviews comparable compensation, as well as historical share usage and dilution analyses and the fair value of long-term compensation as a percentage of market capitalization, of its proxy peer group. It also reviews the mix of equity forms used by exploration and production companies of similar size and revenues in compensating executive officers.

Last year the Committee determined to use a combination of stock options and restricted stock units to provide equity compensation to the executive officers. These equity forms create an alignment of interests with the Company's stockholders. Stock options have an exercise price equal to the fair market value of the date of grant, and have a ten-year term, vesting in one-third increments on the first three anniversaries of the date of grant. If any grantee voluntarily leaves the Company other than by reason of retirement, unvested options are forfeited and vested options must be exercised within 30 days. Unvested options will become immediately exercisable upon a change of control (as defined) of the Company. Restricted stock units have been granted rather than performance shares (as used in prior years), consistent with competitive practices. If any grantee leaves the Company, unvested restricted share units are forfeited. Unvested restricted share units will become fully vested upon a change of control (as defined) of the Company. Each restricted stock unit vests in one-third increments on the first three anniversaries of the date of grant for annual awards, but could vest differently if used as an employment or other special award, as determined by the Committee. The Committee has not yet made long-term incentive awards for executive officers for 2007.

The Committee has historically targeted the 75th percentile for long-term compensation. In 2006, the desired dollar value of long-term compensation was divided between stock options (75%) and restricted stock units (25%) based on the binomial value of the stock options with FAS 123R assumptions and the market price of Common Stock at grant for restricted stock units. For 2006, the Committee approved awards in March 2006 for our executive officers based on the 50th percentile, and determined to review additional potential awards later in the year when additional peer group data was available. Additional awards were made in August 2006 based on the 75th percentile after review of more current compensation information that was not available in March 2006. The awards are set forth under Summary Compensation.

The Committee also reviewed data relating to the 2004-2006 performance cycle, and determined that the increase in reserves per share target of 25% per year and the increase in value of proved reserves target of 5% per year were not met, but the three year average of total shareholder return exceeded the maximum of 20% per year. As a result, the Committee vested two-thirds of the performance shares, or an aggregate of 69,000 shares in accordance with the quantitative targets. The Committee did not grant any performance shares in 2006.

Compensation of the Chief Executive Officer

The Committee based its recommendations to the independent members of the Board with respect to compensation of our Chief Executive Officer, Richard A. Bachmann, for services rendered in 2006 on the factors discussed above and our assessment of his potential to enhance long-term stockholder value. The Committee also considered Mr. Bachmann's current salary and prior year compensation, as well as compensation paid to his peers. The Committee used its outside compensation consultant to assist it in determining appropriate types and levels of compensation. The independent members of the Board accepted the Committee's recommendations.

Mr. Bachmann's base salary of \$440,000 for 2006 was commensurate with the median to 75th percentile of base salaries for chief executive officers of the Company's proxy peer group. For 2007, Mr. Bachmann's base salary was increased to \$500,000. Mr. Bachmann's bonus target is 100%. Mr. Bachmann was awarded a bonus of \$300,000 for 2006.

Policy on Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986 limits the deductibility for federal income taxes of compensation in excess of \$1 million paid to a publicly held company's chief executive officer and any of the other four highest-paid executive officers, except for performance-based compensation. The Committee is aware of this limitation and intends to consider the effects of Section 162(m) on the Company when making compensation decisions.

Stock Ownership Guidelines

The Company has Executive Stock Ownership Guidelines that generally require the Company's Chief Executive Officer, President, and each Executive Vice President and each Senior Vice President to maintain a share ownership equal to 50% of the profit shares acquired under equity compensation plans of the Company. Profit shares means the Shares held by an executive as a result of the exercise of stock options, the lapsing of restrictions on restricted stock and restricted stock units and the earning of performance shares, after giving effect to Shares sold or netted to pay any exercise price or tax withholding amounts related to such award.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis provisions to be included in the Company's filings pursuant to the Securities Exchange Act of 1934. Based on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the Compensation Discussion and Compensation Analysis referred to above be included in such filings.

Fiscal 2006 Nonqualified Deferred Compensation

The table below reflects activity for the Named Officers in the Energy Partners, Ltd. Key Employee Retention Plan during Fiscal 2006.

(1) This amount is reported as Other Compensation in the Summary Compensation Table.

The Company's Key Employee Retention Plan is a non-qualified deferred compensation plan maintained by the Company to promote the retention of a select group of employees. Mr. LeBlanc is the only Named Officer who is a participant in the plan. The plan provides for credits to be made by the Company to a bookkeeping account for each participant in such amount or amounts as the Company determines. No interest or other earnings are credited to the accounts. If a participant remains in employment with the Company for a required period of employment following his or her designation as a participant, he or she will begin receiving his or her account balance under the plan in 10 equal annual installments. The required period of employment is 10 years if the

person were age 45 or older when designated as a participant, 11 years if the person were older than age 43 but less than age 45 when so designated, and 12 years if the person were less than age 43 when so designated. Mr. LeBlanc was designated as a participant in 2003 and his required period of employment is 12 years. In the event of the death of the participant before the completion of the required employment period, the participant's beneficiary would receive a death benefit equal to the participant's designated death benefit account balance (which amount may be changed from time to time by the Company and is \$658,900 in the case of Mr. LeBlanc as of December 31, 2006), which death benefit is payable in 10 equal annual installments. In the event of disability of the participant before completion of the required employment period, the participant's account balance would become payable in a lump sum to the participant. If the participant's employment terminates for any reason other than death or disability before completion of the required employment period, the participant would forfeit all of his or her benefits under the plan. In the event of a change of control (defined as described in the section headed "Change of Control Arrangements" below), the participant would be entitled to a lump sum payment equal to the participant's change of control account balance under the Plan (\$28,614 in the case of Mr. LeBlanc as of December 31, 2006), except that if payment of benefits under the plan had already commenced, the benefit shall be limited to the remaining account balance. Generally, the specified dollar amount is adjusted each year to correspond to the account balance at the applicable time, so that the specified dollar amount for Mr. LeBlanc as of December 31, 2006 is equal to his account balance under the plan as of December 31, 2006.

Change of Control Arrangements

The Company has no contracts, agreements, plans or arrangements that provide severance benefits to the Named Officers if they terminate employment prior to a change in control. The Named Officers do have the same rights as other employees to receive benefits they have earned under the Company's broad-based benefit programs, such as their vested account balances under the Company's 401(k) plan and earned but unused vacation.

Certain of our executive officers, Messrs. Bachmann, Gobe, Peper and Woodall, have entered into a Change of Control Severance Agreement (*Severance Agreement*) with the Company. Messrs. Bachmann, Gobe and Peper entered into their respective agreements in March 2005 and Mr. Woodall entered into his Severance Agreement concurrently with his joining the Company in August 2006. Each Severance Agreement expires on March 28, 2008. In addition, the Company has a Change of Control Severance Plan (the *Severance Plan*) and, together with the Severance Agreements, the *Severance Program*) for certain key employees, including Messrs. Dykes and LeBlanc. The Severance Plan may be amended or terminated by the Board of Directors in its sole discretion prior to the occurrence of a change of control of the Company.

The Severance Program provides that, upon the occurrence of a change of control, all equity awards granted to participants will become fully vested, all stock options will become fully exercisable and all restrictions on restricted shares and restricted share units will lapse. With respect to performance shares or other awards contingent on satisfaction of performance measures, the performance cycle will end as of the date of the change of control, and the participant will vest in the number of shares that would have been earned if the performance cycle had ended as of the end of the period covered by the most recently issued year-end financial statement plus such additional number of shares as the Compensation Committee of the Board of Directors shall determine in respect of any period of the performance cycle not covered by such year-end statement. In addition, participants in the Severance Program are entitled to receive certain benefits in the event of certain terminations of employment for good reason (including terminations by the participant following certain changes in duties, benefits, etc. that are treated as involuntary terminations) occurring within two years after a change of control. An eligible participant would be entitled to receive between one and three times the sum of (i) the participant's annual rate of base salary for the year of termination and (ii) the participant's average annual bonus from the Company for the three calendar years preceding the calendar year in which such termination of employment occurs (or, if the participant was employed for less than three years, the greater of the average annual bonus for all of the calendar years such individual was employed and the target bonus for the calendar year of termination).

Messrs. Bachmann, Gobe, Peper and Woodall are entitled to receive three times, and Messrs. Dykes and LeBlanc are entitled to receive two times, the sum described in the preceding sentence. Payments are to be paid in a lump sum in cash within 30 days following termination.

In addition, participants who become entitled to severance benefits will continue to receive medical, dental and life insurance benefits in existence at the time of the change of control for a specified period of time (18 months for our executive officers), provided that the participant continues to pay the same portion of the required premium for such coverage as was required prior to termination. In the case of a participant who becomes entitled to severance benefits, if the participant has not, by the time of his or her termination of employment, received a bonus for the calendar year before the calendar year of termination of employment, the participant will receive a bonus for that year in an amount equal to his or her target bonus opportunity for that year. If any payments are subject to the excise tax on excess parachute payments under Section 280G of the Internal Revenue Code of 1986, payments to the participant will be reduced until no amount payable to the participant would constitute an excise parachute payment, provided that no such reduction will be made if the net after-tax payment to which the participant would otherwise be entitled without such reduction would be greater than the net after-tax payment, in each case, after taking into account Federal, state, local or other income and excise taxes, to the participant resulting from the receipt of such payments with such reduction.

For purposes of the Severance Program, the Key Employee Retention Plan and awards under the 2006 Long Term Stock Incentive Plan and the Amended and Restated 2000 Stock Incentive Plan for Non-Employee Directors, a change of control generally includes any of the following events: (i) an acquisition by any person of 25% or more of the securities entitled to vote in the election of directors, (ii) the current directors, or their approved successors, no longer constitute a majority of the Board of Directors, (iii) a merger or similar transaction is consummated which results in the holders of our Common Stock owning 50% or less of the surviving or transferee entity's securities entitled to vote generally in the election of directors or (iv) approval of a plan of liquidation or disposition of all or substantially all of our assets.

Potential Payments Upon Termination or Change in Control

The following table shows the amounts that would be payable to our Named Officers pursuant to the Severance Program, assuming there was a change of control as of December 31, 2006 and a termination of employment occurred on December 31, 2006 qualifying the Named Officer for the benefits under the Severance Program:

Name	Lump Sum Severance Payment (\$)	Continuation of Medical, Dental and Life Insurance Benefits \$(1)	Accelerated Vesting of Stock Options \$(2)	Accelerated Vesting of Restricted Shares and Restricted Share Units \$(3)	Accelerated Vesting of Performance Shares \$(4)	Total (\$)
Richard A. Bachmann	3,335,000	21,078	816,380	628,815	1,789,937	6,591,210
Philip A. Gobe	1,559,250	16,705	283,581	1,277,044	353,406	3,489,986
John H. Peper	1,212,970	16,136	222,229	147,277	300,232	1,898,844
Timothy R. Woodall	1,162,500	16,237	620,000	732,600		2,531,337
T. Rodney Dykes	664,400	15,963	138,925	86,569	265,791	1,171,648
Joseph H. LeBlanc	447,581	15,589		440,781		903,951

- (1) The value shown for the continuation of medical and dental benefits is the aggregate amount of the COBRA cost (determined as of December 29, 2006) to provide the benefits minus the Named Officer's required contribution (determined as of December 29, 2006). The value shown for the continuation of life insurance benefits is the aggregate amounts of the life insurance premiums to provide the benefits at the rate in effect as of December 31, 2006.

- (2) The value of the accelerated vesting of the stock options is based on the positive difference, if any, between the closing price of the Company's Common Stock of \$24.42 on December 29, 2006, as reported by the New York Stock Exchange, and the exercise price of such options.
- (3) The value of the Company's common stock utilized for purposes of this table was the closing price on December 29, 2006. The closing price of the Company's common stock on December 29, 2006, as reported by the New York Stock Exchange, was \$24.42.
- (4) The value of the accelerated vesting of performance shares was computed by determining the vesting as if the performance cycle had ended on December 31, 2005 and valuing the shares that would have vested utilizing the closing price of the Company's common stock on December 29, 2006. The closing price of the Company's common stock on December 29, 2006, as reported by the New York Stock Exchange, was \$24.42.

The above table does not include payments and benefits to the extent they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment such as 401(k) plan vested benefits and earned but unused vacation. The above table also does not include Mr. LeBlanc's account balance under the Company's Key Executive Retention Plan which would become vested and payable upon a change of control. The terms of the Key Employee Retention Plan are described following the Fiscal 2006 Nonqualified Deferred Compensation Table, and Mr. LeBlanc's account balance as of December 31, 2006 is set forth in that table.

As stated above, under the Severance Program, in the event of a change of control, all stock options will become fully exercisable, all restrictions on restricted shares and restricted share units will lapse, and performance shares will vest as if the performance cycle had ended as of the end of the period covered by the most recently issued year-end financial statement, plus such additional number of shares as the Compensation Committee of the Board of Directors shall determine in respect of any period of the performance cycle not covered by such year-end statement. All of the outstanding stock options, restricted shares, restricted share units and performance shares contain the respective provisions to that effect. Termination of employment in a qualifying termination is not a condition for such benefits. Thus, if a change of control were to occur, the Named Officers would receive the benefit of the accelerated vesting of stock options, restricted shares, restricted share units and performance shares as shown in the above table even if the Named Officer's employment does not terminate. Pursuant to the terms of outstanding stock options, in the event of a change of control, such options would remain exercisable until the expiration of their 10-year term. Under the terms of outstanding restricted shares, restricted share units and performance shares, in the absence of a change of control, such awards would be forfeited in the event of a termination of employment for any reason. Under the terms of outstanding stock options, in the absence of a change of control, the following rules would apply upon a termination of employment: (i) in the case of a termination for any reason other than death, disability or retirement (defined to mean a voluntary termination on or after age 55 with at least 5 years of service), unvested options would be forfeited and vested options would remain exercisable for 30 days following termination of employment (but not beyond their expiration date), and (ii) in the case of a termination by reason of death, disability or retirement, options would continue to vest through December 31st of the year of termination of employment, unvested options would be forfeited as of such December 31st, and vested options would remain exercisable for 3 years following termination of employment (but not beyond their expiration date).

Energy Partners, Ltd. Director Independence Standards

The Board of Directors of Energy Partners, Ltd (the Company) has adopted the following standards to assist it in making determinations of independence in accordance with the NYSE Corporate Governance rules.

A director will be deemed to be independent unless, within the preceding three years (which period shall be one year until November 4, 2004):

Employment Relationships

- such director was employed by the Company or any of the Company's subsidiaries, other than as interim Chairman or Chief Executive Officer;
- any immediate family member of such director was an executive officer of the Company or any of the Company's subsidiaries;
- such director was affiliated with or employed by a present or former internal or external auditor of the Company or any of its subsidiaries; or
- an immediate family member of such director was affiliated with or employed in a professional capacity by a present or former internal or external auditor of the Company or any of its subsidiaries.

Compensation Relationships

- such director received more than \$100,000 in any such year in direct compensation from the Company or any of its subsidiaries other than: (i) director and committee fees; (ii) pension or other forms of deferred compensation for prior service; *provided, however*, that such compensation is not contingent in any way on continued service; and (iii) compensation received for former service as an interim Chairman or Chief Executive Officer; or
- an immediate family member of such director received more than \$100,000 in any such year in direct compensation from the Company or any of its subsidiaries as a director or executive employee other than: (i) director and committee fees and (ii) pension or other forms of deferred compensation for prior service; *provided, however*, that such compensation is not contingent in any way on continued service.

Commercial Relationships

- such director was, and is currently, an executive officer or employee of another company that made payments to, or received payments from, the Company or any of its subsidiaries for property or services in an amount which, in any single fiscal year, exceeded the greater of \$1 million or 2% of such other company's consolidated gross revenues; or
- an immediate family member of such director was, and is currently, an executive officer of another company that made payments to, or received payments from, the Company or any of its subsidiaries for property or services in an amount which, in any single fiscal year, exceeded the greater of \$1 million or 2% of such other company's consolidated gross revenues.

Charitable Relationships

Edgar Filing: ENERGY PARTNERS LTD - Form DEF 14A

- such director was an executive officer of a charitable organization that received contributions from the Company or any of its subsidiaries in an amount which, in any single fiscal year, exceeded the greater

Interlocking Directorates

- such director was employed as an executive officer of another company where any of the Company's or its subsidiaries' present executives at the time served on that company's compensation committee; or
- an immediate family member of such director was employed as an executive officer of another company where any of the Company's or its subsidiaries' present executives at the time served on that company's compensation committee;

Other Relationships

For relationships not specifically mentioned above, the determination of whether a director has a material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company), and therefore would not be independent, will be made by the Board of Directors after taking into account all relevant facts and circumstances. For purposes of these standards, a director who is solely a director and/or a non-controlling shareholder of another company that has a relationship with the Company will not be considered to have a material relationship that would impair such director's independence.

For purposes of the standards set forth above, "immediate family members" means any of such director's spouse, parents, children, siblings, in-laws (other than those who are no longer family members as a result of legal separation or divorce, or those who have died or become incapacitated) or persons (other than a domestic employee) who share such director's home. These standards shall be interpreted in a manner consistent with the New York Stock Exchange Corporate Governance rules.
