**Details of Stock Acquisition Rights**

I. Reason for the Issuance of Stock Acquisition Rights as Stock Options

The Stock Acquisition Rights will be issued in lieu of a portion of the cash compensation for certain executives of the Company and certain executives and employees of the Company's subsidiaries. The Stock Acquisition Rights will have the same economic effect as restricted stocks generally used in the US and Europe. The Stock Acquisition Rights are expected to have the following benefits by lowering the ratio of cash compensation, and restricting the exercise of the rights for two years after they are granted, among others:

1. Retain talented personnel for longer terms by introducing deferred payment rather than paying compensation entirely in cash.
2. Align the interests of executives and employees with those of shareholders by reflecting changes in shareholder value in compensation packages.
3. Create a common objective for Nomura Group in terms of improving performance and trust by sharing a common incentive plan for executives and employees working in different business divisions and regions.
4. Enhance competitiveness of Nomura Group in the labour markets by providing a tool for compensation that is widely used by global financial institutions.

II. Terms and Conditions on the Issuance of Stock Acquisition Rights

1. Number of Stock Acquisition Rights Grantees and Stock Acquisition Rights to be Granted

Total of 12,044 Stock Acquisition Rights will be granted to 229 executives of the Company and executives and employees of the Company's subsidiaries.

Executives of the Company <sup>1</sup>	21	30 348	2,365
Executives and Employees of the Company's Subsidiaries	208	2 421	9,679
<b>Total</b>	<b>229</b>		<b>12,044</b>

The above number is the projected number to be granted. Should the number of stock acquisition rights to be granted decrease due to grantees not applying or other reasons, the revised number of Stock Acquisition Rights will be issued.
