Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995

This Form 10-Q includes forward-looking statements. Forward-looking statements include statements concerning our plans, objectives, goals, strategies, future events, future revenues or performance, capital expenditures, financing needs, plans or intentions relating to acquisitions, our competitive strengths and weaknesses, our business strategy and the trends we anticipate in the industries and economies in which we operate and other information that is not historical information. When used in this Form 10-Q, the words estimates, expects, anticipates, projects, intends, believes and variations of such words or similar expressions are intended to identify forward-looking statements. All forward-looking statements, including, without limitation, our examination of historical operating trends, are based upon our current expectations and various assumptions. Our expectations, beliefs and projections are expressed in good faith, and we believe there is a reasonable basis for them, but we cannot assure you that our expectations, beliefs and projections will be realized.

There are a number of risks and uncertainties that could cause our actual results to differ materially from the forward-looking statements contained in this Form 10-Q. Important factors that could cause our actual results to differ materially from the forward-looking statements we make in this Form 10-Q are set forth in our Form 10-K for the fiscal year ended September 29, 2007, including the factors described in the section entitled Risk Factors. If any of these risks or uncertainties materialize, or if any of our underlying assumptions are incorrect, our actual results may differ significantly from the results that we express in or imply by any of our forward-looking statements. We do not undertake any obligation to revise these forward-looking statements to reflect future events or circumstances. Presently known risk factors include, but are not limited to, the following factors:

seasonality and fluctuations in our operating results and cash flow;

fluctuations in market prices for seeds and grains;

Edgar Filing: CENTRAL GARDEN & PET CO - Form 10-Q

supply shortages in small animals and pet birds;

adverse weather conditions;

inability to comply with the terms of our indebtedness;

Table of Contents

limitations in our debt capacity as a result of deterioration in operating results coupled with our current outstanding indebtedness and seasonal borrowing needs;

dependence on a few customers for a significant portion of each of our businesses;

consolidation trends in the retail industry;

uncertainty of our product innovations and marketing programs;

competition in our industries;

risks associated with our acquisition strategy;

dependence upon our key executive officers;

rising energy prices, fuel and related petrochemical costs;

implementation of a new enterprise resource planning information technology system over the next several years;

potential environmental liabilities;

risk associated with international sourcing;

litigation and product liability claims; and

the voting power associated with our Class B stock.

CENTRAL GARDEN & PET COMPANY

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Three Months Ended December 29, 2007

(unaudited)

1. Basis of Presentation

The condensed consolidated balance sheet of Central Garden & Pet Company and subsidiaries (the Company or Central) as of December 29, 2007, the condensed consolidated statements of operations for the three months ended December 30, 2006 and December 29, 2007 and the condensed consolidated statements of cash flows for the three months ended December 30, 2006 and December 29, 2007 have been prepared by the Company, without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments, except as discussed in note 2) considered necessary to present fairly the financial position, results of operations and cash flows of the Company for the periods mentioned above, have been made.

For the Company's foreign business in the UK, the local currency is the functional currency. Assets and liabilities are translated using the exchange rate in effect at the balance sheet date. Income and expenses are translated at the average exchange rate for the period. For the three month period ended December 29, 2007, there was a comprehensive loss of \$290.5 million, which includes a net loss of \$289.5 million and foreign currency translation adjustments of \$1.0 million that are excluded from net earnings but reported in accumulated other comprehensive income, a separate component of shareholders' equity. Deferred taxes are not provided on translation gains and losses, because the Company expects earnings of its foreign subsidiary to be permanently reinvested. Transaction gains and losses are included in results of operations.

Due to the seasonal nature of the Company's garden business, the results of operations for the three month periods ended December 29, 2007 and December 30, 2006 are not indicative of the operating results that may be expected for the entire fiscal year. These interim financial statements should be read in conjunction with the annual audited financial statements, accounting policies and financial notes thereto, included in the Company's 2007 Annual Report on Form 10-K, which has previously been filed with the Securities and Exchange Commission.

Minority Interest

Minority interest in the Company's condensed consolidated financial statements represents the 20% interest not owned by Central in a consolidated subsidiary. Since the Company controls this subsidiary, its financial statements are fully consolidated with those of the Company, and the minority owner's 20% share of the subsidiary's net assets and results of operations is deducted and reported as minority interest.

Recently Adopted Accounting Pronouncements Effective September 30, 2007, the Company adopted the provisions of Financial Accounting Standards Board (FASB) Interpretation No. 48, Accounting for Uncertainty in Income Taxes, an Interpretation of FASB Statement No. 109 (FIN 48). As a result of the implementation of FIN 48, the Company recognized a \$0.5 million increase to its reserve for uncertain tax positions and a cumulative effect adjustment to decrease retained earnings. At the adoption date, the Company had \$1.6 million of unrecognized tax benefits, \$0.8 million of which would affect the effective tax rate if recognized. The Company does not anticipate that there will be any significant changes to these unrecognized tax benefits within the next twelve months.

Interest and penalties related to uncertain tax positions are recognized in income tax expense. As of the adoption date, the Company had approximately \$0.4 million of accrued interest and penalties related to uncertain tax positions.

The Company's major taxing jurisdictions are the United States and various states. Tax years 2004 through 2007 for the Internal Revenue Service and 2002 through 2007 for various states remain open to examination. The Company does not believe that the outcome of any examination will have a material impact on the Company's financial statements.

Recently Issued Accounting Pronouncements In December 2007, the FASB issued Statement of Financial Accounting Standards (SFAS) No. 141(R) Business Combinations, which establishes accounting principles and disclosure requirements for all transactions in which a company obtains control over another business. This accounting pronouncement is effective for the Company in its fiscal year beginning September 27, 2009. The Company is currently evaluating the impact of SFAS No. 141(R) on its consolidated financial statements.

Edgar Filing: CENTRAL GARDEN & PET CO - Form 10-Q

In December 2007, the FASB issued SFAS No. 160, Noncontrolling Interests in Consolidated Financial Statements, an amendment to ARB No. 51. This standard prescribes the accounting by a parent company for minority interests held by other parties in a subsidiary of the parent company. SFAS No. 160 is effective for the Company in its fiscal year beginning September 27, 2009. The Company is currently evaluating the impact of SFAS No. 160 on its consolidated financial statements.

Table of Contents

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities, which provides companies an option to report selected financial assets and liabilities at fair value. SFAS No. 159 requires companies to provide information to assist financial statement users to understand the effect of a company's choice to use fair value on its earnings, as well as to display on the face of the balance sheet the fair value of assets and liabilities chosen by the company for fair value accounting. Additionally, SFAS No. 159 establishes presentation and disclosure requirements designed to simplify comparisons between companies that choose different measurement attributes for similar types of assets and liabilities. SFAS No. 159 is effective for the Company in its fiscal year beginning September 28, 2008. The Company is currently evaluating the impact of SFAS No. 159 on its consolidated financial statements.

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements. SFAS No. 157 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The standard also establishes a framework for measuring fair value and provides for expanded disclosures about fair value measurements. SFAS No. 157 is effective for the Company's fiscal year beginning September 28, 2008. The Company is currently evaluating the impact of SFAS No. 157 on its consolidated financial statements.

2. Goodwill

The Company accounts for goodwill in accordance with SFAS No. 142, Goodwill and Other Intangible Assets, and tests goodwill for impairment annually, or whenever events occur or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying amount. This assessment involves the use of significant accounting judgments and estimates as to future operating results and discount rates. Changes in estimates or use of different assumptions could produce significantly different results. An impairment loss is generally recognized when the carrying amount of the reporting unit's net assets exceeds the estimated fair value of the reporting unit. The Company uses discounted cash flow analysis to estimate the fair value of its reporting units. Current accounting convention also requires a comparison of current market capitalization to book value.

Based on the Company's most recent annual impairment test as of July 1, 2007, the Company determined that there was no goodwill impairment. However, due to the continuing depressed stock price, as of December 29, 2007, shareholders' equity (book value) was approximately \$775 million and the market capitalization was approximately \$390 million. As a result, the Company concluded there was an indicator of possible goodwill impairment.

Accordingly, the Company updated its analysis and evaluation of goodwill for possible impairment as of December 29, 2007, which included a comparison of market capitalization to the combined fair values of the Company's four reporting units. Based on the Company's updated analysis and sustained decline in market capitalization, the Company determined that it was required to take a non-cash charge of \$400 million, \$288.7 million net of taxes or \$4.06 per share, this quarter to recognize the impairment of goodwill and other intangible assets, including \$202 million relating to the Garden Segment and \$198 million relating to the Pet Segment.

3. Long-Term Debt

As of December 29, 2007, the Company had \$650 million in senior secured credit facilities consisting of a \$350 million revolving credit facility maturing in February 2011 and a \$300 million term loan maturing in September 2012. Interest on the revolving credit facility is based on a rate equal to prime plus a margin, which fluctuates from 0% to 0.375%, or LIBOR plus a margin, which fluctuates from 0.75% to 1.50%, determined quarterly based on consolidated total debt to consolidated EBITDA for the most recent trailing 12-month period. Interest on the term loan is based on a rate equal to LIBOR plus a margin, which fluctuates from 1.50% to 1.75% or the prime rate plus a margin, which fluctuates from 0.50% to 0.75%, at the Company's option. The August 2007 amendment provides that the margin on loans increases when its leverage ratio exceeds 4.5 to 1.0. The term loan is payable in quarterly installments of \$750,000 with the balance payable in September 2012. These facilities are secured by substantially all of the Company's assets and contain certain financial covenants which require the Company to maintain minimum levels of interest coverage and maximum levels of total debt to EBITDA and that restrict the Company's ability to repurchase stock, make investments in or acquisitions of other businesses and pay dividends above certain levels over the life of the facilities.

The Company was in compliance with all financial covenants as of December 29, 2007. There was \$154.0 million outstanding at December 29, 2007 under the \$350 million revolving credit facility plus \$16.0 million outstanding under certain letters of credit. The remaining potential available borrowing capacity was up to \$180.0 million. The Company's borrowing capacity is also subject to compliance with the financial covenants in its credit agreement.

Table of Contents**4. Stock-Based Compensation**

The Company has various non-qualified stock-based compensation programs, which provide for stock option grants and restricted stock awards. The grant date fair values of stock options and restricted stock awards are amortized over the vesting period. Stock options may be granted to officers, key employees and directors. Stock options are generally granted with a 30 month cliff vesting and 42 month expiration, but are also granted with graded vesting increments of 20% or 25% per year and expiring up to eight years from the date of grant. Beginning in fiscal 2006, the Company adopted SFAS No. 123(R), Share-Based Payment, and elected to adopt the modified prospective transition method. Under this transition method, compensation cost associated with stock options recognized thereafter includes: (1) amortization related to the remaining unvested portion of all share-based payments granted prior to, but not vested as of September 24, 2005, based on the grant date fair value estimated in accordance with the original pro forma footnote disclosure provisions of SFAS No. 123 and (2) amortization related to all share-based payments granted subsequent to September 24, 2005, based on the grant date fair value estimated in accordance with the provisions of SFAS No. 123(R). Stock compensation expense is recognized over the requisite service period using the straight-line attribution method.

The Company recognized share-based compensation expense of \$0.9 million and \$1.0 million for the three month periods ended December 29, 2007 and December 30, 2006, respectively, as a component of selling, general and administrative expenses.

The fair value of each option award is estimated on the date of grant using the Black-Scholes option valuation model. Expected stock price volatilities are estimated based on the Company's implied historical volatility. The expected term of options granted is based on analyses of historical employee termination rates and option exercises. The risk-free rates are based on U.S. Treasury yields, for notes with comparable terms as the option grants, in effect at the time of the grant. For purposes of this valuation model, no dividends have been assumed. Assumptions for the three month periods ended December 29, 2007 and December 30, 2006 used in the Black-Scholes model are presented below:

	December 30, 2006	December 29, 2007
Stock plans:		
Average expected life in years	5 years	4 years
Expected volatility	28%	31%
Risk-free interest rate	4.6%	3.2%

The following table summarizes option activity for the three months ended December 29, 2007:

	Number of Shares (in thousands)	Weighted Average Exercise Price per Share	Weighted Average Remaining Contractual Life (in years)	Aggregate Intrinsic Value (in thousands)
Outstanding at September 29, 2007	4,724	\$ 12.89	3 years	\$ 60,910
Granted	78	\$ 5.39		
Exercised	(24)	\$ 4.86		
Cancelled or expired	(192)	\$ 14.16		
Outstanding at December 29, 2007	4,586	\$ 12.75	3 years	\$ 58,491
Exercisable at December 29, 2007	960	\$ 12.67	1 year	\$ 12,164

The weighted average per share fair value of options granted during the three months ended December 29, 2007 and December 30, 2006 was \$1.59 and \$5.43, respectively. The total intrinsic value of options exercised during the three months ended December 29, 2007 and December 30, 2006 was \$0.1 million and \$2.2 million, respectively.

As of December 29, 2007, there was \$6.4 million of total unrecognized compensation cost related to nonvested stock options, which is expected to be recognized over a remaining weighted-average vesting period of three years.

Edgar Filing: CENTRAL GARDEN & PET CO - Form 10-Q

Restricted Stock Awards: As of December 29, 2007, there were 0.6 million shares of restricted stock awards outstanding. The awards generally vest in 20% or 25% annual increments beginning two or three years from the date of grant.

Table of Contents

Restricted stock award activity during the three months ended December 29, 2007 is summarized in the following table.

	Number of Shares (in thousands)
Nonvested at September 29, 2007	648
Granted	30
Vested	(27)
Forfeited	(60)
 Nonvested at December 29, 2007	 591

The weighted average per share grant-date fair value of restricted stock awards granted during the first three months of fiscal 2008 and fiscal 2007 was \$5.39 and \$16.33, respectively.

As of December 29, 2007, there was \$5.9 million of unrecognized compensation cost related to nonvested restricted stock awards, which is expected to be recognized over a remaining weighted-average period of two years.

5. Earnings per Share

The potential effects of stock awards and the assumed conversion of the Company's convertible preferred stock were excluded from the diluted earnings per share calculation for the three month periods ended December 29, 2007 and December 30, 2006 because their inclusion in a net loss period would be anti-dilutive to the earnings per share calculation.

6. Selling, General and Administrative Expenses

The following transactions are included in selling, general and administrative expenses in the first quarter of fiscal 2008.

In October 2007, the Company sold a facility for approximately \$7.9 million in cash. In connection with the sale, the Company is leasing back the property from the purchaser for a period of approximately two years. The Company is accounting for the leaseback as an operating lease. The Company recognized a gain of approximately \$3.1 million in the Pet Products segment in the quarter ended December 29, 2007 and deferred approximately \$1.5 million to be recognized ratably over the term of the lease.

In December 2007, the Company sold a facility for approximately \$5.1 million. Proceeds were comprised of cash of \$1.3 million and a \$3.8 million recourse note payable to the Company. The note is due in full in January 2009. The Company is leasing back the property from the purchaser for a period of approximately eight months and is accounting for the leaseback as an operating lease. The Company recognized a gain of approximately \$4.6 million from this sale in the Garden Products segment in the quarter ended December 29, 2007.

In December 2007, the Company received approximately \$5.0 million in cash related to the settlement of a legal matter that is included in Corporate.

In December 2007, the Company sold the net assets of its live bird business for approximately \$1.2 million in cash and recognized a loss of approximately \$1.6 million in the Pet Products segment.

Table of Contents

The combined effect of these transactions for the quarter is as follows:

	For the Quarter Ended December 29, 2007 (in millions)
Gain on sales of property	\$ 7.7
Legal settlement	5.0
Loss on sale of business	(1.6)
Total	\$ 11.1

The transactions noted above, in total, increased the Company's earnings, after tax, by approximately \$0.10 per share for the quarter.

7. Segment Information

Management has determined that the Company has two operating segments which are also reportable segments based on the level at which the Chief Executive Officer reviews the results of operations to make decisions regarding performance assessment and resource allocation. These operating segments are Pet Products and Garden Products.

	Three Months Ended	
	December 30, 2006	December 29, 2007

Table of Contents**8. Consolidating Condensed Financial Information of Guarantor Subsidiaries**

Certain 100% wholly-owned subsidiaries of the Company (as listed below, collectively the Guarantor Subsidiaries) have guaranteed fully and unconditionally, on a joint and several basis, the obligation to pay principal and interest on the Company's \$150,000,000 9-1/8% Senior Subordinated Notes (the Notes) issued on January 30, 2003. Certain subsidiaries and operating divisions are not guarantors of the Notes and have been included in the financial results of the Parent in the information below. These Non-Guarantor entities are not material to the Parent. Those subsidiaries that are guarantors and co-obligors of the Notes are as follows:

Farnam Companies, Inc. (including Thompson's Veterinary Supplies, Inc.)

Four Paws Products Ltd.

Grant Laboratories, Inc.

Gulfstream Home & Garden, Inc.

Interpet USA, LLC

Kaytee Products, Inc.

Matthews Redwood & Nursery Supply, Inc.

New England Pottery, LLC

Norcal Pottery Products, Inc.

Pennington Seed, Inc. (including Phaeton Corporation (dba Unicorn Labs), Pennington Seed, Inc. of Nebraska, Gro Tec, Inc., Seeds West, Inc., All-Glass Aquarium Co., Inc. (including Oceanic Systems, Inc. and Cedar Works, LLC.))

Pets International, Ltd.

T.F.H. Publications, Inc.

Wellmark International (including B2E Corporation and B2E Biotech LLC)

In lieu of providing separate audited financial statements for the Guarantor Subsidiaries, the Company has included the accompanying consolidating condensed financial statements based on the Company's understanding of the Securities and Exchange Commission's interpretation and application of Rule 3-10 of the Securities and Exchange Commission's Regulation S-X.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations
Overview

Central Garden & Pet Company is a leading innovator, marketer and producer of quality branded products. We are one of the largest suppliers in the pet and lawn and garden supplies industries in the United States. The total pet industry is estimated to be approximately \$36 billion in annual retail sales. We estimate the annual retail sales of the pet supplies and ultra-premium pet food markets in the categories in which we participate to be approximately \$13 billion. The total lawn and garden market in the United States is estimated to be approximately \$95 billion in annual retail sales. We estimate the annual retail sales of the lawn and garden supplies markets in the categories in which we participate to be approximately \$27 billion.

Our pet supplies products include products for dogs and cats, including edible bones, premium healthy edible and non-edible chews, ultra-premium dog and cat food, leashes, collars, toys, pet carriers, grooming supplies and other accessories; products for birds, small animals and specialty pets, including food, cages and habitats, toys, chews and related accessories; animal and household health and insect control products; products for fish, reptiles and other aquarium-based pets, including aquariums, furniture and lighting fixtures, pumps, filters, water conditioners, food and supplements, and information and knowledge resources; and products for horses and livestock. These products are sold under a number of brand names including Adams, All-Glass Aquarium, Altosid, Aqueon, BioSpot, Breeder's Choice, Coralife, Farnam, Four Paws, Interpet, Kaytee, Kent Marine, Nylabone, Pet Select, Pre Strike, Oceanic, Super Pet, TFH, Zilla, and Zodiac.

Our lawn and garden supplies products include proprietary and non-proprietary grass seed; wild bird feed, bird feeders, bird houses and other birding accessories; weed, grass, ant and other herbicide, insecticide and pesticide products; and decorative outdoor lifestyle and lighting products including pottery, trellises and other wood products and holiday lighting. These products are sold under a number of brand names including AMDRO, GKI/Bethlehem Lighting, Grants, Ironite, Lilly Miller, Matthews Four Seasons, New England Pottery, Norcal Pottery, Pennington, Over n Out, Sevin and The Rebels.

Edgar Filing: CENTRAL GARDEN & PET CO - Form 10-Q

In fiscal 2007, our consolidated net sales were \$1.7 billion, of which our lawn and garden segment, or Garden Products, accounted for approximately \$778 million and our pet segment, or Pet Products, accounted for approximately \$893 million. In fiscal 2007, our income from operations was \$99.4 million, of which Garden Products accounted for \$45.6 million and Pet Products accounted for \$94.3 million, before corporate expenses and eliminations of \$40.5 million.

Table of Contents

Background

We have transitioned our company to a leading marketer and producer of branded products from a traditional pet and lawn and garden supplies distributor. We made this transition because we recognized the opportunity to build a portfolio of leading brands and improve profitability by capitalizing on our knowledge of the pet and lawn and garden supplies sectors, strong relationships with retailers and nationwide sales and logistics network. Our goal was to diversify our business and improve operating margins by establishing a portfolio of leading brands. Since 1997, we have acquired numerous branded product companies and product lines, including Wellmark and Four Paws in fiscal 1997; Kaytee Products, TFH and Pennington Seed in fiscal 1998; Norcal Pottery in fiscal 1999; AMDRO and All-Glass Aquarium in fiscal 2000; Lilly Miller in fiscal 2001; Alaska Fish Fertilizer in fiscal 2002; Kent Marine, New England Pottery, Interpet, KRB Seed Company, (dba Budd's Seed), and Energy Savers Unlimited in fiscal 2004; Pets International and Gulfstream Home & Garden in fiscal 2005; Farnam, Breeder's Choice, Tech Pac, Ironite and Shirlo in fiscal 2006 and B2E Corporation, B2E Biotech LLC and DLF Trifolium Oregon (dba ASP Research) in fiscal 2007.

Virtually all of our sales before fiscal 1997 were derived from distributing other manufacturers' products. Since then, our branded product sales have grown to approximately \$1.4 billion, or approximately 84% of total sales, in fiscal 2007. During this same period, our sales of other manufacturers' products have declined to approximately 16% of total sales, and our gross profit margins have improved from 13.6% in fiscal 1996 to 32.0% in fiscal 2007.

Recent Developments

Goodwill

We account for goodwill in accordance with SFAS No. 142, "Goodwill and Other Intangible Assets," and test goodwill for impairment annually, or whenever events occur or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying amount. This assessment involves the use of significant accounting judgments and estimates as to future operating results and discount rates. Changes in estimates or use of different assumptions could produce significantly different results. An impairment loss is generally recognized when the carrying amount of the reporting unit's net assets exceeds the estimated fair value of the reporting unit. We use discounted cash flow analysis to estimate the fair value of our reporting units. Current accounting convention also requires a comparison of current market capitalization to book value.

Based on our most recent annual impairment test as of July 1, 2007, we determined that there was no goodwill impairment. However, due to the continuing depressed stock price, as of December 29, 2007, shareholders' equity (book value) was approximately \$775 million and the market capitalization was approximately \$390 million. As a result, we concluded there was an indicator of possible goodwill impairment.

Accordingly, we have updated our analysis and evaluation of goodwill for possible impairment as of December 29, 2007, which included a comparison of market capitalization to the combined fair values of our four reporting units. Based on our updated analysis and sustained decline in market capitalization, we determined that we were required to take a non-cash charge of \$400 million, \$288.7 million net of taxes or \$4.06 per share, this quarter to recognize the impairment of goodwill and other intangible assets, including \$202 million relating to our Garden Products segment and \$198 million relating to our Pet Products segment. Notwithstanding the goodwill impairment charge, we believe the non-cash charge is not reflective of recent results or our long-range forecast, which continues to project growth and margin improvement, and consequently, does not by itself indicate impairment. However, according to current accounting convention, we are required to place greater emphasis on current stock trading values than on our forecasts in performing our impairment assessment.

Gain on Sale of Properties and Legal Settlement Proceeds

The following transactions are included in selling, general and administrative expenses in the first quarter of fiscal 2008.

In October 2007, we sold a facility for approximately \$7.9 million in cash. In connection with the sale, we are leasing back the property from the purchaser for a period of approximately two years. We are accounting for the leaseback as an operating lease. We recognized a gain of approximately \$3.1 million in the Pet Products segment in the quarter ended December 29, 2007 and deferred approximately \$1.5 million to be recognized ratably over the term of the lease.

Table of Contents

In December 2007, we sold a facility for approximately \$5.1 million. Proceeds were comprised of cash of \$1.3 million and a \$3.8 million recourse note payable to the Company. The note is due in full in January 2009. We are leasing back the property from the purchaser for a period of approximately eight months and are accounting for the leaseback as an operating lease. We recognized a gain of approximately \$4.6 million from this sale in the Garden Products segment in the quarter ended December 29, 2007.

In December 2007, we received approximately \$5.0 million in cash related to the settlement of a legal matter that is included in Corporate.

In December 2007, we sold the net assets of our live bird business for approximately \$1.2 million in cash and recognized a loss of approximately \$1.6 million in the Pet Products segment.

The combined pre-tax effect of these transactions for the quarter is as follows:

	For the Quarter Ended December 29, 2007
	(in millions)
Gain on sale of property	\$ 7.7
Legal settlement	5.0
Loss on sale of business	(1.6)
Total	\$ 11.1

The transactions noted above, in total, increased our earnings, after tax, by approximately \$0.10 per share for the quarter.

New Accounting Pronouncements

In December 2007, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 141(R) Business Combinations, which establishes accounting principles and disclosure requirements for all transactions in which a company obtains control over another business. This accounting pronouncement is effective for us in our fiscal year beginning September 27, 2009. We are currently evaluating the impact of SFAS No. 141(R) on our consolidated financial statements.

In December 2007, the FASB issued SFAS No. 160, Noncontrolling Interests in Consolidated Financial Statements, an amendment to ARB No. 51. This standard prescribes the accounting by a parent company for minority interests held by other parties in a subsidiary of the parent company. SFAS No. 160 is effective for us in our fiscal year beginning September 27, 2009. We are currently evaluating the impact of SFAS No. 160 on our consolidated financial statements.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities, which provides companies an option to report selected financial assets and liabilities at fair value. SFAS No. 159 requires companies to provide information to assist financial statement users to understand the effect of a company's choice to use fair value on its earnings, as well as to display on the face of the balance sheet the fair value of assets and liabilities chosen by the company for fair value accounting. Additionally, SFAS No. 159 establishes presentation and disclosure requirements designed to simplify comparisons between companies that choose different measurement attributes for similar types of assets and liabilities. SFAS No. 159 is effective for us in our fiscal year beginning September 28, 2008. We are currently evaluating the impact of SFAS No. 159 on our consolidated financial statements.

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements. SFAS No. 157 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The standard also establishes a framework for measuring fair value and provides for expanded disclosures about fair value measurements. SFAS No. 157 is effective for our fiscal year beginning September 28, 2008. We are currently evaluating the impact of SFAS No. 157 on our consolidated financial statements.

Table of Contents**Critical Accounting Policies, Estimates and Judgments**

There have been no material changes to our critical accounting policies, estimates and assumptions or the judgments affecting the application of those accounting policies, except for our estimates regarding the fair value of goodwill and other intangible assets pursuant to SFAS No. 142, discussed in note 2 to the financial statements, since our Annual Report on Form 10-K for the fiscal year ended September 29, 2007.

We adopted the provisions of FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes, an Interpretation of FASB Statement No. 109 (FIN 48) as of September 30, 2007. As a result of the implementation of FIN 48, we recognized a \$0.5 million increase to our reserve for uncertain tax positions and a cumulative effect adjustment to decrease retained earnings as of the date of adoption.

Results of Operations**Three Months Ended December 29, 2007****Compared with Three Months Ended December 30, 2006*****Net Sales***

Net sales for the three months ended December 29, 2007 decreased \$3.6 million, or 1.1%, to \$313.8 million from \$317.4 million for the three months ended December 30, 2006. Pet Products net sales decreased \$0.7 million, or 0.4%, to \$201.6 million for the three months ended December 29, 2007 from \$202.3 million in the comparable fiscal 2007 period. Garden Products net sales decreased \$2.9 million, or 2.5%, to \$112.2 million for the three months ended December 29, 2007 from \$115.1 million in the comparable fiscal 2007 period. Our branded product sales increased \$1.4 million and sales of other manufacturers products decreased \$5.0 million. While our branded Pet Products sales were approximately the same as the prior year quarter, our aquatics sales decreased \$6.6 million which was offset primarily by increased sales in the bird & small animal category of \$5.9 million.

Gross Profit

Gross profit for the three months ended December 29, 2007 decreased \$7.6 million, or 7.4%, to \$94.3 million from \$101.9 million for the three months ended December 30, 2006. Pet Products and Garden Products gross profit decreased \$4.4 million and \$3.2 million, respectively. Gross profit as a percentage of net sales decreased from 32.1% for the three months ended December 30, 2006 to 30.1% for the three months ended December 29, 2007 due primarily to product mix and to a lesser extent, rising costs.

Selling, General and Administrative Expenses

Selling, general and administrative expenses decreased \$11.0 million, or 11.5%, to \$84.9 million for the three months ended December 29, 2007 from \$95.9 million for the three months ended December 30, 2006. Included in selling, general and administrative expenses for the three months ended December 29, 2007 are net gains of \$11.1 million from the sale of assets and a legal settlement. Absent these net gains in the quarter, selling, general and administrative expenses increased \$0.1 million from \$95.9 million for the three months ended December 30, 2006 to \$96.0 million for the three months ended December 29, 2007. As a percentage of net sales, selling, general and administrative expenses, absent the \$11.1 million benefit in the current quarter, remained relatively flat at 30.6% for the three months ended December 29, 2007, compared to 30.2% in the comparable prior year quarter.

Selling and delivery expense increased \$0.2 million, or 0.4%, from \$47.6 million for the three months ended December 30, 2006 to \$47.8 million for the three months ended December 29, 2007. As a percentage of net sales, selling and delivery expense increased to 15.2% from 15.0% of net sales due primarily to increased payroll costs.

Facilities expense was \$3.6 million for the three months ended December 29, 2007 and for the three months ended December 30, 2006.

Warehouse and administrative expense decreased \$11.2 million to \$33.5 million in the quarter ended December 29, 2007. The decrease in the quarter was due to several large transactions that resulted in an \$11.1 million net benefit in the current quarter. \$7.7 million of the gain resulted from the sale of two properties and \$5.0 million was received from a legal settlement, both partially offset by the loss of \$1.6 million from the sale of the net assets of our live bird business. Absent these transactions, warehouse and administrative expense decreased \$0.1 million to \$44.6 million for the current year quarter from \$44.7 million for the three months ended December 30, 2006.

Goodwill Impairment

We updated our analysis and evaluation of goodwill for possible impairment as of December 29, 2007. Applicable accounting standards require a comparison of the sum of the fair values of the reporting units to the current market capitalization when assessing

Table of Contents

goodwill for possible impairment. As a result, we recorded an impairment charge related to goodwill of approximately \$397 million, including \$199 million in the Garden Products segment and \$198 million in the Pet Products segment, and an impairment charge related to other intangibles of approximately \$3 million in the Garden Products segment in the first quarter of fiscal 2008.

Net Interest Expense

Net interest expense for the three months ended December 29, 2007 increased \$0.5 million, or 4.4%, to \$11.2 million from \$10.7 million for the three months ended December 30, 2006. The increase was due primarily to reduced interest income in the current quarter due primarily to interest received in the prior year quarter on a note receivable that is no longer outstanding.

Other Income

Other income increased \$0.4 million to \$0.5 million for the quarter ended December 29, 2007 from \$0.1 million for the quarter ended December 30, 2006 due primarily to increased earnings from investments accounted for under the equity method of accounting in the Garden Segment.

Income Taxes

Our effective income tax rate was 27.9% for the quarter ended December 29, 2007 compared to 38.4% for the quarter ended December 30, 2006. The fiscal 2008 effective tax rate was lower than in the prior year due primarily to the non-cash goodwill impairment charge in the current fiscal quarter, since some goodwill is not deductible for tax purposes.

Inflation

The results of operations and financial condition are presented based upon historical cost. While it is difficult to accurately measure the impact of inflation, we believe that the effects of inflation on our operations have not been material.

Weather and Seasonality

Historically, our sales of lawn and garden products have been influenced by weather and climate conditions in the different markets we serve. Additionally, Garden Products' business has historically been highly seasonal. In fiscal 2007, approximately 62% of Garden Products' net sales and 57% of our total net sales occurred in the second and third fiscal quarters. Substantially all of Garden Products' operating income is typically generated in this period, which has historically offset the operating loss incurred during the first fiscal quarter of the year.

Liquidity and Capital Resources

We have financed our growth through a combination of bank borrowings, supplier credit, internally generated funds and sales of equity and debt securities to the public.

Historically, our business has been seasonal and our working capital requirements and capital resources tracked closely to this seasonal pattern. During the first fiscal quarter, accounts receivable reach their lowest level while inventory, accounts payable and short-term borrowings begin to increase. During the second fiscal quarter, accounts receivable, accounts payable and short-term borrowings increase, reflecting the build-up of inventory and related payables in anticipation of the peak lawn and garden selling season. During the third fiscal quarter, inventory levels remain relatively constant while accounts receivable peak and short-term borrowings start to decline as cash collections are received during the peak selling season. During the fourth fiscal quarter, inventory levels are at their lowest, and accounts receivable and payables are substantially reduced through conversion of receivables to cash.

We service two broad markets: pet supplies and lawn and garden supplies. Our pet supplies businesses involve products that have a year round selling cycle with a slight degree of seasonality. As a result, it is not necessary to maintain large quantities of inventory to meet peak demands. Additionally, this level sales cycle eliminates the need for manufacturers to give extended credit terms to either distributors or retailers. On the other hand, our lawn and garden businesses are highly seasonal with approximately 62% of Garden Products' net sales occurring during the second and third fiscal quarters. For many manufacturers of garden products, this seasonality requires them to ship large quantities of their product well ahead of the peak consumer buying periods. To encourage distributors to stock large quantities of inventory, industry practice has been for manufacturers to give extended credit terms and/or promotional discounts.

Edgar Filing: CENTRAL GARDEN & PET CO - Form 10-Q

The primary cash flows for the three months ended December 29, 2007 were \$10.1 million of cash used in financing activities and \$3.0 million of cash used in investing activities, partially offset by \$0.4 million of cash provided by operating activities. Net cash provided by operating activities increased by \$3.7 million. The improvement in cash from operating activities was attributable to better working capital management and increased earnings excluding the non-cash impairment of goodwill. Net cash used in investing activities decreased by \$14.1 million from the prior year quarter primarily due to proceeds received from sales of facilities, the absence of acquisitions and lower capital expenditures in the current year quarter, partially offset by the collection of a note in the prior year quarter. Net cash provided by financing activities decreased by \$26.7 million from the prior year quarter due primarily to the use of additional operating cash flow generated in the current quarter to pay down our revolving line of credit.

Table of Contents

At December 29, 2007, our total debt outstanding was \$601.7 million compared to \$581.9 million at December 30, 2006, due to increased seasonal working capital requirements.

Concurrent with the acquisition of Farnam, we arranged \$650 million in senior secured credit facilities to finance the acquisition and to replace our then existing \$125 million revolving credit facility maturing in May 2008 and our existing \$175 million term loan maturing in May 2009. The credit facilities consist of a \$350 million revolving credit facility maturing in February 2011 and a \$300 million term loan maturing in September 2012. Interest on the revolving credit facility is based on a rate equal to prime plus a margin, which fluctuates from 0% to 0.375%, or LIBOR plus a margin, which fluctuates from 0.75% to 1.50%, determined quarterly based on consolidated total debt to consolidated EBITDA for the most recent trailing 12-month period. Interest on the term loan is based on a rate equal to LIBOR plus a margin, which fluctuates from 1.50% to 1.75% or the prime rate plus a margin, which fluctuates from 0.50% to 0.75%, at our option. The term loan is payable in quarterly installments of \$750,000 with the balance payable in September 2012. These facilities are secured by substantially all of our assets and contain certain financial covenants which require us to maintain minimum levels of interest coverage and maximum levels of total debt to EBITDA and that restrict our ability to repurchase our stock, make investments in or acquisitions of other businesses and pay dividends above certain levels over the life of the facilities.

In March 2007 and in August 2007, we amended the maximum leverage and minimum interest coverage ratios, amended certain defined terms and amended certain negative covenants and other provisions of our credit agreement. In the August 2007 amendment, we also made certain changes to the interest rate on loans to provide for a margin on loans when our leverage rates exceed 4.5x. There was \$154.0 million outstanding at December 29, 2007 under the \$350 million revolving credit facility plus \$16.0 million outstanding under certain letters of credit. The remaining potential borrowing capacity was up to \$180.0 million. Our borrowing capacity is also subject to compliance with the financial covenants in our credit agreement. Through the fiscal quarter ending June 2008, our credit agreement requires a minimum interest coverage ratio of 2.5 to 1.0 and a maximum leverage ratio of 5.0 to 1.0. As of December 29, 2007, our interest coverage ratio was 2.90 to 1.0 and our leverage ratio was 4.25 to 1.0, and we were in compliance with all financial covenants.

We believe that cash flows from operating activities, funds available under our revolving credit facility, and arrangements with suppliers will be adequate to fund our presently anticipated working capital requirements for the foreseeable future. We anticipate that our capital expenditures will not exceed \$45 million for the next 12 months. The increase in expected capital expenditures, compared to our historical rate, is due to our implementation of a scalable enterprise-wide information technology platform to improve existing operations, to support future growth and to enable us to take advantage of new applications and technologies. We invested approximately \$32 million in fiscal 2007, 2006 and 2005 (on a combined basis) in this initiative and are planning to invest an additional \$10 million in fiscal 2008 for planned implementations. Capital expenditures for 2009 and beyond will depend upon the pace of conversion of remaining legacy systems. This initiative, when complete, will combine our numerous information systems into one enterprise system and create a common business model and common data, which should create greater efficiency and effectiveness.

As part of our growth strategy, we have acquired a number of companies, and we anticipate that we will continue to evaluate potential acquisition candidates in the future. If one or more potential acquisition opportunities, including those that would be material, become available in the near future, we may require additional external capital. In addition, such acquisitions would subject us to the general risks associated with acquiring companies, particularly if the acquisitions are relatively large.

Off-Balance Sheet Arrangements

There have been no material changes to the information provided in our Annual Report on Form 10-K for the fiscal year ended September 29, 2007 regarding off-balance sheet arrangements.

Contractual Obligations

There have been no material changes outside the ordinary course of business in our contractual obligations set forth in the Management's Discussion and Analysis of Financial Condition and Results of Operations - Liquidity and Capital Resources in our Annual Report on Form 10-K for the fiscal year ended September 29, 2007.

Table of Contents**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

We believe there has been no material change in our exposure to market risk from that discussed in our fiscal 2007 Annual Report filed on Form 10-K:

Item 4. Controls and Procedures

(a) Our Chief Executive Officer and Chief Financial Officer have reviewed, as of the end of the period covered by this report, the disclosure controls and procedures (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) and 15d-15(e)) that ensure that information relating to the Company required to be disclosed by us in the reports that we file or submit under the Exchange Act, is recorded, processed, summarized and reported in a timely and proper manner and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure. Based upon this review, we believe that the controls and procedures in place are effective to ensure that information relating to the Company that is required to be disclosed by us in the reports that we file or submit under the Exchange Act is properly disclosed as required by the Exchange Act and related regulations.

(b) *Changes in internal controls.* There were no changes in our internal controls during our last fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION**Item 1. Legal Proceedings**

We are not currently a party to any material legal proceedings.

Item 1A. Risk Factors

There have been no material changes from the risk factors previously disclosed in our Form 10-K in response to Item 1A. to Part I of Form 10-K.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The following table sets forth the repurchases of any equity securities during the fiscal quarter ended December 29, 2007 and the dollar amount of authorized share repurchases, remaining under our stock repurchase program.

Period	Total Number of Shares (or Units) Purchased	Average Price Paid per Share (or Units)	Total Number of Shares (or Units) Purchased as Part of Publicly Announced Plans or Programs	Maximum Number (or Approximate Dollar Value) of Shares (or Units) that May Yet Be Purchased Under the Plans or Programs
September 30 - November 3, 2007				\$ 89,986,000
November 4 - December 1, 2007				\$ 89,986,000
December 2 - December 29, 2007	6,743	\$ 5.23		\$ 89,986,000
Total	6,743	\$ 5.23		\$ 89,986,000
