Section 1 Registrant's Business and Operations

Item 1.01 Entry into a Material Definitive Agreement

In 2004, El Paso Electric Company (the Company) entered into a 20-year contract for the purchase of up to 133 MW of capacity and associated energy from Southwestern Public Service Company (SPS) beginning in 2006 (the contract). The contract provides that, in the event the transactions thereunder are subject to adverse regulatory action, the affected party may initiate discussions with the other party to assess whether modifications to the contract may be appropriate. If the parties are unable to reach a mutually satisfactory resolution within six months, either party may terminate the contract by providing not less than two years' prior written notice to the other party.

The Company previously received notice from SPS that SPS had been subject to adverse regulatory action by the Texas Public Utility Commission regarding transactions under the contract and that SPS wished to exercise its right to terminate the contract early. On January 29, 2008, the Company and SPS entered into an amendment to the contract and agreed that the contract will terminate on September 30, 2009. The Company received a fully executed copy of the amendment from SPS on February 7, 2008.

A copy of the amendment is attached as an exhibit hereto.

Item 9.01 Financial Statements and Exhibits

10.01 First Amendment dated January 29, 2008 to the Transaction Agreement Between El Paso Electric Company and Southwestern Public Service Company dated July 7, 2004.
