PROXY STATEMENT

Our board of directors solicits your proxy for the 2008 annual meeting of shareholders of Marriott International, Inc. (*we*, *us*, or the *Company*) to be held on Friday, May 2, 2008, beginning at 10:30 a.m., at the JW Marriott Hotel, 1331 Pennsylvania Avenue, N.W., Washington, D.C. 20004, and at any postponements or adjournments of the meeting. This proxy statement is first being released to shareholders by the Company on March 28, 2008.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON MAY 2, 2008:

THE PROXY STATEMENT AND ANNUAL REPORT TO SHAREHOLDERS ARE AVAILABLE AT <http://bnymellon.mobular.net/bnymellon/mar>

QUESTIONS AND ANSWERS ABOUT THE MEETING

What is the purpose of the annual meeting?

At our annual meeting, shareholders will act upon the matters described in the accompanying notice of meeting. These actions include the election of directors, ratification of the appointment of the independent registered public accounting firm (sometimes referred to as the *independent auditor*) and any other matter that may be properly presented at the meeting. In addition, our management will report on the Company's performance during fiscal 2007 and respond to questions from shareholders.

Who is entitled to vote?

Only shareholders of record at the close of business on the record date, March 11, 2008, are entitled to receive notice of and to vote at the meeting, or any postponement or adjournment of the meeting. Each outstanding share of the Company's Class A common stock entitles its holder to cast ten votes on each matter to be voted upon.

Who can attend the meeting?

All shareholders of record at the close of business on the record date, or their duly appointed proxies, may attend the meeting. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

You will find directions to the meeting, and information on parking, public transportation and lodging, on the back cover of this proxy statement.

Table of Contents

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of Class A common stock of the Company outstanding on the record date and entitled to vote will constitute a quorum. A quorum is required for business to be conducted at the meeting. As of the March 11, 2008 record date, 354,269,691 shares of our Class A common stock were outstanding and entitled to vote. If you submit a properly executed proxy card, even if you abstain from voting, then you will be considered part of the quorum. Similarly, broker non-votes (described below) will be counted in determining whether there is a quorum.

How do I vote?

You may vote either by casting your vote in person at the meeting, or by marking, signing and dating each proxy card you receive and returning it in the prepaid envelope, by telephone, or electronically through the Internet by following the instructions included on your proxy card.

The telephone and Internet voting procedures are designed to authenticate votes cast by use of a personal identification number. The procedures, which are designed to comply with Delaware law, allow shareholders to appoint a proxy to vote their shares and to confirm that their instructions have been properly recorded.

If you hold your shares in street name through a broker or other nominee, you may be able to vote by telephone or electronically through the Internet in accordance with the voting instructions provided by that institution.

What does the Board recommend?

The Board's recommendations are set forth after the description of each item in this proxy statement. In summary, the Board recommends a vote:

- FOR election of the 10 director nominees (see Item 1 on page 5); and
- FOR ratification of the appointment of the independent auditor (see Item 2 on page 6).

Unless you give other instructions, the persons named as proxy holders on the proxy card will vote in accordance with the Board's recommendations.

How will my shares be voted?

Edgar Filing: MARRIOTT INTERNATIONAL INC /MD/ - Form DEF 14A

Your shares will be voted as you indicate on the proxy card. If you return your signed proxy card but do not mark the boxes indicating how you wish to vote, your shares will be voted FOR the election of the 10 director nominees listed below and FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent auditor for 2008.

Can I change my vote or revoke my proxy after I return my proxy card, or after I vote by telephone or electronically?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised at the meeting. Regardless of the way in which you submitted your original proxy, you may change it by:

- (1) Returning a later-dated signed proxy card;

Table of Contents

- (2) Delivering a written notice of revocation to Mellon Investor Services LLC, P.O. Box 358015, Pittsburgh, PA 15252-8015;
- (3) Voting by telephone or the Internet; or
- (4) Voting in person at the meeting.

If your shares are held through a broker or other nominee, you will need to contact that institution if you wish to change your voting instructions.

How do I vote my 401(k) shares?

If you participate in the Company's Employees Profit Sharing, Retirement and Savings Plan and Trust (the *401(k) Plan*) or the Sodexo Employee Savings Plan, you may give voting instructions as to the number of share equivalents allocated to your account as of the record date. You may provide voting instructions to the trustee under the applicable plan by completing and returning the proxy card accompanying this proxy statement. The trustee will vote your shares in accordance with your duly executed instructions if they are received by 11:59 p.m. Eastern Time, Tuesday, April 29, 2008. If you do not send instructions by this deadline or if you do not vote by proxy or return your proxy card with an unclear voting designation or no voting designation at all, the trustee will vote the number of shares equal to the share equivalents credited to your account in the same proportion that it votes shares for which it did receive timely instructions.

What vote is required to approve each item?

If you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion on some of the items to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those items and will not be counted in determining the number of shares necessary for approval for each item.

In the election of directors, each nominee must receive more FOR votes than AGAINST in order to be elected as a director. Instructions to ABSTAIN and broker non-votes will have no effect on the election of directors.

For ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm, the affirmative vote of the holders of a majority of the shares of Class A common stock represented in person or by proxy and entitled to vote on the item will be required for approval. Instructions to ABSTAIN with respect to this item will not be treated as votes cast, although they will be counted for purposes of determining the number of shares represented and entitled to vote. Accordingly, an abstention will have the effect of a vote AGAINST this item. Broker non-votes will not have any effect on the outcome of votes for this item.

Who will count the vote?

Representatives of Mellon Investor Services LLC, our independent stock transfer agent, will count the votes and act as the inspector of election.

What shares are included on my proxy card(s)?

The shares on your proxy card(s) represent ALL of your shares of Class A common stock that the Company's stock transfer records indicate that you hold, including (i) any shares you may hold through the Mellon Investor Services Program for Marriott International, Inc. Shareholders administered by Mellon

Table of Contents

Bank, N.A.; (ii) if you are a current or former Marriott employee, any shares that may be held for your account by The Northern Trust Company as custodian for the 401(k) Plan; and (iii) if you are a current or former Sodexo Inc. employee, any shares that may be held for your account by State Street Bank and Trust Company as trustee for the Sodexo Employee Savings Plan. If you have shares in the 401(k) Plan or the Sodexo Employee Savings Plan and do not vote by proxy, or return your proxy card with an unclear voting designation or no voting designation at all, then the 401(k) Plan trustee or State Street, as applicable, will vote your shares in proportion to the way the other 401(k) Plan participants or Sodexo Employee Savings Plan participants, as applicable, voted their shares. Shares that are held in street name through a broker or other nominee are not included on the proxy card(s) furnished by the Company, but the institution will provide you with a voting instruction form.

What does it mean if I receive more than one proxy card?

If your shares are registered under different names or are held in more than one account, you may receive more than one proxy card. To ensure that all your shares are voted, please sign and return all proxy cards, or if you choose, vote by telephone or through the Internet using the personal identification number printed on each proxy card. We encourage you to have all accounts registered in the same name and address (whenever possible). You can accomplish this by contacting our transfer agent, Mellon Investor Services LLC, at (800) 311-4816.

How will voting on any other business be conducted?

Although we currently do not know of any business to be considered at the 2008 annual meeting other than the proposals described in this proxy statement, if any other business is properly presented at the annual meeting, your proxy gives authority to J.W. Marriott, Jr. and/or William J. Shaw to vote on such matters at their discretion.

When are shareholder proposals for the 2009 annual meeting of shareholders due?

To be considered for inclusion in our proxy statement for the 2009 annual meeting of shareholders, shareholder proposals must be received at our offices no later than November 28, 2008. Proposals must comply with Rule 14a-8 under the Securities Exchange Act of 1934, and must be submitted in writing to the Corporate Secretary, Marriott International, Inc., Department 52/862, Marriott Drive, Washington, D.C. 20058.

In addition, our bylaws require that, if a shareholder desires to introduce a shareholder proposal or nominate a director candidate from the floor of the 2009 annual meeting of shareholders, the shareholder must submit such proposal or nomination in writing to the Company's Secretary at the above address not later than February 1, 2009. The written proposal or nomination must comply with our bylaws. The Chairman of the meeting may refuse to acknowledge or introduce any shareholder proposal or the nomination of any person made after February 1, 2009, or that does not comply with our bylaws. If a shareholder fails to meet these deadlines or satisfy the requirements of Rule 14a-4 under the Securities Exchange Act of 1934, the proxies we solicit allow us to vote on such proposals as we deem appropriate. You can find a copy of our bylaws in the Investor Relations section of the Company's website (www.marriott.com/investor) by clicking on Corporate Governance & Social Responsibility or you may obtain a copy by submitting a request to the Corporate Secretary, Marriott International, Inc., Department 52/862, Marriott Drive, Washington, D.C. 20058.

Table of Contents

How much did this proxy solicitation cost and who paid that cost?

The Company paid for this proxy solicitation. We hired MacKenzie Partners, Inc. to assist in the distribution of proxy materials and solicitation of votes for an estimated fee of \$6,500, plus reimbursement of certain out-of-pocket expenses. We also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to shareholders. Proxies will be solicited by mail, telephone, or other means of communication. Our directors, officers and regular employees who are not specifically employed for proxy solicitation purposes and who will not receive any additional compensation for such activities may also solicit proxies.

Can I receive future shareholder communications electronically through the Internet?

Yes. You may elect to receive future notices of meetings, proxy materials and annual reports electronically through the Internet. If you have previously consented to electronic delivery, your consent will remain in effect until withdrawn. To consent to electronic delivery:

- If your shares are registered in your own name, and not in street name through a broker or other nominee, simply log in to Investor ServiceDirect, the Internet site maintained by our transfer agent, Mellon Investor Services LLC, at www.melloninvestor.com/isd and the step-by-step instructions will prompt you through enrollment.
- If your shares are registered in street name through a broker or other nominee, you must first vote your shares using the Internet, at www.proxyvote.com, and immediately after voting, fill out the consent form that appears on-screen at the end of the Internet voting procedure.

You may withdraw this consent at any time and resume receiving shareholder communications in print form.

PROPOSALS TO BE VOTED ON

ITEM 1 Election of Directors

All of our directors, except for Dr. Floretta Dukes McKenzie (as described below), are standing for election at the 2008 annual meeting, and each director elected will hold office for a term expiring at the 2009 annual meeting of shareholders or until his or her successor is elected or appointed.

The following current directors of the Company have been nominated for re-election as a director:

J.W. Marriott, Jr.

John W. Marriott III

Steven S Reinemund

Edgar Filing: MARRIOTT INTERNATIONAL INC /MD/ - Form DEF 14A

Lawrence W. Kellner
Debra L. Lee

George Muñoz
Harry J. Pearce

William J. Shaw
Lawrence M. Small

In addition, the Board has nominated Mary K. Bush for election as a new director.

You can find information on the director nominees beginning on page 6.

We do not know of any reason why any of the nominees would be unable to serve. However, if any of the nominees should become unavailable to serve as a director, the Board may designate a substitute nominee or reduce the size of the board. If the Board designates a substitute nominee, the persons named as proxies will vote FOR that substitute nominee.

Table of Contents

Richard S. Braddock resigned from the Board on February 5, 2008, and Dr. McKenzie, whose term ends on the date of the 2008 annual meeting, is not standing for re-election as a director. The Board wishes to thank both Mr. Braddock and Dr. McKenzie for their service to the Company. Because of Dr. McKenzie's impending departure, the Board of Directors has reduced the size of the Board from 11 to 10 directors, effective as of the 2008 annual meeting of shareholders.

The Company's bylaws prescribe the voting standard for election of directors as a majority of the votes cast in an uncontested election, such as this one, where the number of nominees does not exceed the number of directors to be elected. Under this standard, a nominee must receive more FOR votes than AGAINST votes in order to be elected as a director. In a contested election, where the number of nominees exceeds the number of directors to be elected (which is not the case at the 2008 annual meeting), the directors will be elected by a plurality of the shares present in person or by proxy and entitled to vote on the election of directors. Under the Company's bylaws, if a nominee who already serves as a director is not elected, that nominee shall offer to tender his or her resignation to the Board. The Nominating and Corporate Governance Committee will then recommend to the Board whether to accept or reject the resignation, or whether other action should be taken. Within 90 days of the certification of election results, the Board will publicly disclose its decision regarding whether to accept or reject the resignation.

The Board recommends a vote FOR each of the 10 director nominees.

ITEM 2 Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee of the Board of Directors has appointed Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2008. Ernst & Young LLP, a firm of registered public accountants, has served as the Company's independent registered public accounting firm since May 3, 2002. Ernst & Young LLP will examine and report to shareholders on the consolidated financial statements of the Company and its subsidiaries.

Representatives of Ernst & Young LLP will be present at the annual meeting, will have an opportunity to make a statement if they so desire, and are expected to be available to respond to questions. You can find information on pre-approval of independent auditor fees and Ernst & Young LLP's 2007 and 2006 fees beginning on page 18.

The Board of Directors has put this proposal before the shareholders because the Board believes that seeking shareholder ratification of the appointment of the independent auditor is good corporate practice. If the appointment of Ernst & Young LLP is not ratified, the Audit Committee will evaluate the basis for the shareholders' vote when determining whether to continue the firm's engagement.

The Board recommends a vote FOR ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2008.

Mary K. Bush, age: 60. The Honorable Mary K. Bush has served as the President of Bush International, which advises U.S. corporations and foreign governments on international financial markets, banking and economic matters, since 1991. She has served as the U.S. Government's representative on the IMF Board, head of the Federal Home Loan Bank System and as a Board member of Sallie Mae. She led the International Finance Department at Fannie Mae and was advisor to the Deputy Secretary of the Treasury. Earlier in her career, she managed corporate banking and advisory relationships in New York at Citibank, Bankers Trust and Chase. In 2006, President Bush appointed her Chairman of the HELP Commission on reforming foreign aid and she now serves on the U.S. Treasury Advisory Committee on the Auditing Profession. She is a member of the Board of Directors of Briggs & Stratton, Discover Financial Services, ManTech International Corporation, United Airlines Corporation and The Pioneer Family of Mutual Funds.

Ms. Bush was suggested to the Nominating and Corporate Governance Committee as a potential director candidate by our chief executive officer, J.W. Marriott, Jr. The Board has not yet assigned her to any of the Board's committees.

Governance Principles

The Board has adopted Governance Principles that meet or exceed the New York Stock Exchange (*NYSE*) Listing Standards. The portion of our Governance Principles addressing director independence appears below, and the full text of the Governance Principles can be found in the Investor Relations section of the Company's website (www.marriott.com/investor) by clicking on Corporate Governance & Social Responsibility. A copy may also be obtained upon request from the Company's Corporate Secretary. Our Governance Principles establish the limit on the number of board memberships for the Company's directors at four, including Marriott. In recommending Ms. Bush as a nominee for election, the Board waived that limit to allow her to be a member of six boards. In approving the waiver, the Board considered that Ms. Bush was not an executive at an operating company and therefore would have sufficient time to effectively carry out her duties and responsibilities as a Board member.

Director Independence

Our Governance Principles include the following standards for director independence:

5. **Independence of Directors.** From and after the 2007 Annual Meeting of Shareholders, at least two-thirds of the directors shall be independent, provided that having fewer independent directors due to the departure, addition or change in independent status of one or more directors is permissible temporarily, so long as the two-thirds requirement is again satisfied by the later of the next annual meeting of shareholders or nine months. To be considered independent, the board must determine that a director has no direct or indirect material relationship with Marriott. The board has established the following guidelines to assist it in determining director independence:

a. A director is not independent if, within the preceding three years: (i) the director was employed by Marriott or a Marriott affiliate, or Marriott's independent auditor or otherwise affiliated with Marriott's independent auditor; (ii) an immediate family member of the director was employed by Marriott or a Marriott affiliate as an executive officer or by Marriott's independent auditor in a professional capacity; (iii) the director is, or in the past three years has been, part of an interlocking directorate in which the director is employed by another company for which an executive officer of Marriott is a director who serves on the compensation committee of that other company; or (iv) the director receives, or an immediate family member receives, more than \$100,000 per year in direct compensation from Marriott, other than director and committee fees or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).

b. The following commercial or charitable relationships are not material relationships that would impair a Marriott director's independence: (i) service as an executive officer of another company that does business with Marriott where the annual sales to, or purchases from, Marriott are in an amount equal to or less than the greater of \$1 million or two percent of the consolidated gross annual revenues of that other company; (ii) service as an executive officer of another company which is indebted to Marriott, or to which Marriott is indebted, where the total amount of either company's indebtedness to the other is less than two percent of the total consolidated assets of the other company; and (iii) service by a Marriott director or his or her immediate family member as an officer, director or trustee of a charitable organization, where Marriott's discretionary charitable contributions to that organization are in an amount equal to or less than the greater of \$1 million or two percent of that organization's consolidated gross annual revenues. The board annually reviews all commercial and charitable relationships of directors, and publishes whether directors previously identified as independent continue to satisfy the foregoing tests.

Table of Contents

c. For relationships not covered by the guidelines in paragraph (b) above, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, shall be made by the directors who satisfy the independence guidelines set forth in paragraphs (a) and (b) above.

The Board undertook its annual review of director independence in February 2008 and subsequently reviewed the independence of the new director nominee, Mary K. Bush, in March 2008. As provided in the Governance Principles, the purpose of these reviews was to determine whether any such relationships or transactions were inconsistent with a determination that the director or nominee is independent.

During these reviews, the Board recognized the current or recent employment of J.W. Marriott, Jr., John W. Marriott III, and William J. Shaw and the family relationships of J.W. Marriott, Jr. and John W. Marriott III with other Company executives. The Board considered that the remaining director nominees each serve as directors or executive officers of companies that do business with Marriott and that in each case the payments to and from Marriott were significantly less than the two percent threshold in Marriott's Governance Principles. The Board further considered that the remaining nominees are also affiliated with charitable organizations that received contributions from Marriott and/or the J. Willard and Alice S. Marriott Foundation and that the contribution amounts were significantly below the charitable contribution threshold in Marriott's Governance Principles.

Based on the standards set forth in the Governance Principles and after reviewing the relationships described above, the Board affirmatively determined that Mary K. Bush, Lawrence W. Kellner, Debra L. Lee, George Muñoz, Harry J. Pearce, Steven S. Reinemund, and Lawrence M. Small are each independent of the Company and its management. J.W. Marriott, Jr., John W. Marriott III, and William J. Shaw are considered not independent as a result of their employment with the Company and/or family relationships.

The Board considered the independence of Richard S. Braddock, who resigned from the Board on February 5, 2008, and Floretta Dukes McKenzie, who is not standing for re-election at the 2008 annual meeting, in advance of the 2007 annual meeting. The Board affirmatively determined that Mr. Braddock and Dr. McKenzie were independent of the Company and its management. In reaching this conclusion with respect to Mr. Braddock, the Board considered that Mr. Braddock served as a director of companies that did business with Marriott and that in each case the payments to and from Marriott were significantly less than the two percent threshold in Marriott's Governance Principles. In reaching this conclusion with respect to Dr. McKenzie, the Board considered that Dr. McKenzie served as a director of companies that did business with Marriott and that in each case the payments to and from Marriott were significantly less than the two percent threshold in Marriott's Governance Principles. In addition, the Board considered that Dr. McKenzie served on the board of the Marriott Foundation for People with Disabilities, a charitable organization. Approximately one-third of the charitable contributions made to the Foundation were made by the Company and the J. Willard and Alice S. Marriott Foundation, and the Board determined that these contributions did not impact Dr. McKenzie's independence in view of her position with the organization, the size of the contributions and the lack of her involvement in decisions relating to the contributions.

Committees of the Board

The Board of Directors has five standing committees: Audit, Compensation Policy, Nominating and Corporate Governance, Committee for Excellence, and Executive. AUDIT COMMITTEE REPORT AND INDEPENDENT AUDITOR FEES

Report of the Audit Committee

The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements, the reporting process and maintaining an effective system of internal controls over financial reporting. The Company's independent auditors are engaged to audit and express opinions on the conformity of the Company's financial statements to accounting principles generally accepted in the United States and the effectiveness of the Company's internal controls over financial reporting.

In this context, the Audit Committee has reviewed and discussed the audited financial statements together with the results of management's assessment of the internal controls over financial reporting with management and the Company's independent auditor. The Audit Committee also discussed with the independent auditors those matters required to be discussed by the independent auditors with the Audit Committee under the rules adopted by the Public Company Accounting Oversight Board (*PCAOB*) and the Audit Committee received and discussed with the independent auditors their annual written report on their independence from the Company and its management, as required by the PCAOB Rules.

Relying on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on SEC Form 10-K for the year ended December 28, 2007, for filing with the SEC.

EXECUTIVE AND DIRECTOR COMPENSATION

Report of the Compensation Policy Committee

The Compensation Policy Committee (the *Committee*), which is composed solely of independent members of the Board of Directors, assists the Board of Directors in fulfilling its responsibilities relating to executive compensation. The Committee is responsible for overseeing compensation programs that enable the Company to attract, retain and motivate executives capable of establishing and implementing business plans in the best interests of the shareholders. The Committee, on behalf of and in certain instances subject to the approval of the Board of Directors, reviews and approves compensation programs for certain senior officer positions. In this context, the Committee reviewed and discussed with management the Company's Compensation Discussion and Analysis required by section 402(b) of Regulation S-K. Following the reviews and discussions referred to above, the Committee recommended to the Board that the Compensation Discussion and Analysis be included in the Company's annual report on Form 10-K and this proxy statement.

Compensation Discussion and Analysis

This section explains the Company's executive compensation program for the following *Named Executive Officers*:

J.W. Marriott, Jr.	Chairman and Chief Executive Officer
William J. Shaw	President and Chief Operating Officer
James M. Sullivan	Executive Vice President, Lodging Development
Arne M. Sorenson	Executive Vice President, Chief Financial Officer and President Continental European Lodging Operations
Robert J. McCarthy	President, North American Lodging Operations and Global Brand Management

Philosophy

The Company believes that the Named Executive Officers should be paid in a manner that contributes to shareholder value. Therefore, compensation is designed to motivate the Named Executive Officers to perform their duties in ways that will help the Company achieve its short-and long-term objectives. In addition, each element of compensation is designed to provide the Company with the ability to attract and

Edgar Filing: MARRIOTT INTERNATIONAL INC /MD/ - Form DEF 14A

retain important talent both within and outside of our industry at costs consistent with market practice. In following this compensation philosophy, Named Executive Officer total compensation consists of the following elements:

Base Salary

Annual Bonuses

Annual and Supplemental Stock Awards

Other Benefits

Table of Contents

Compensation Consultant

The Compensation Policy Committee selected and retained a compensation consultant, Pearl Meyer & Partners, to assist the Committee in establishing and implementing executive and director compensation strategy. The consultant's primary responsibilities for 2007 are described below. The consultant reports to and was instructed in its duties by the Committee. In carrying out its responsibilities, the consultant worked with the Executive Vice President, Global Human Resources. The consultant receives no other compensation from the Company outside its role as advisor to the Committee, other than fees paid by the Company for the CHiPS Executive & Senior Management Survey (see Market Data below).

Total Compensation

The Committee sets total compensation and each element of pay for the Named Executive Officers, subject to approval by the full Board of Directors for Mr. Marriott and Mr. Shaw. The Committee refers to the total compensation of executives between the 50th and 75th percentiles of a broad-based and select group of companies (as described below) as a guideline for setting Named Executive Officer compensation. In our experience, this range of total compensation typically is sufficient to attract and retain key executive talent. However, the Committee retains discretion to deviate from this range in the event of superior Company or individual performance or competitive recruiting pressures.

For 2007, total compensation for Messrs. Marriott, Shaw, Sorenson and McCarthy in all cases fell below the 75th percentile and was within or approximately within the 50th to 75th percentile range. The Committee set the total compensation level for Mr. Sullivan by reviewing publicly-disclosed compensation data for development and real estate executives at other hotel companies. It also considered his historical contributions to the Company and experience in the Marriott development organization. The Committee values continuity of leadership within the real estate markets and believes this gives Mr. Sullivan a unique perspective on our business and brands. In addition, Mr. Sullivan's compensation reflects his responsibilities for leading the Owner and Franchise Services and Mergers and Acquisitions departments.

Prior to each fiscal year, the Company's Human Resources Department collects and analyzes external market data for the Named Executive Officer positions and assesses how the Named Executive Officers' compensation compares to the 50th to 75th percentile range. Based on this review, the Executive Vice President, Global Human Resources presents to the Committee a summary of the market data and recommends appropriate adjustments for total compensation and each element of compensation. For base salary, he recommends a percentage increase. For annual stock awards, he recommends a dollar value for the awards which is later converted into a number of shares based on the value of a share of Company stock on the grant date of the award. In addition, he recommends plan design threshold, target, and maximum payout targets for the next fiscal year annual bonus plans, stated as a percentage of base salary.

Prior to making his recommendations to the Committee, the Executive Vice President, Global Human Resources consults with the Chief Executive Officer about the analysis regarding all elements of executive pay due to Mr. Marriott's extensive knowledge and historical perspective of the business community, the Company and the hotel industry. For example, Mr. Marriott historically has provided valuable insight on issues such as pay equity among executives, share usage and industry practice. In 2007, Mr. Marriott reviewed the achievements of each Named Executive Officer for the fiscal year and presented these accomplishments to the Committee.

The Committee reviews the above recommendations, obtains further input and counsel from Pearl Meyer & Partners, considers any appropriate changes, and in its sole discretion, determines payouts and awards of compensation for each Named Executive Officer for the fiscal year. For Mr. Marriott's and

Table of Contents

Mr. Shaw's compensation, the Committee reports its recommendations for full Board approval. The Committee does not follow a specific formula for allocating the amount of compensation among each element of pay, but reviews the value delivered through each element and the mix of total compensation against the market data for the Named Executive Officers and makes adjustments in its discretion. For example, the Company does not offer a traditional pension plan. The Committee believes that this is an appropriate departure from market practice because the Company allocates a higher portion of compensation to equity pay, which provides long-term income potential that is linked to shareholder value.

In its final determination, the Committee is not constrained by rigid/categorical guidelines or formulae to determine the elements and levels of compensation for the executive officers. It relies upon its collective judgment as applied to the challenges confronting the Company as well as subjective factors such as leadership ability, individual performance, retention needs and future potential.

For 2007, the Committee determined that the prior-year allocation for the annual bonus component of total compensation of the Named Executive Officers was significantly lower than that which was reported in the market data for 2007. In addition, the equity component of total compensation was more heavily weighted than the equity component of total compensation observed in the market data. For these reasons, the Committee reallocated the mix of pay by increasing the annual bonus opportunity and decreasing the annual equity value range for all of the Named Executive Officers for 2007. As a result of these adjustments, for 2007 the annual stock awards represented approximately 70% of total compensation for the Named Executive Officers, and annual bonuses were approximately 15-20%. The balance of total compensation was comprised of base salary, retirement and other benefits.

Market Data

The external market data includes several revenue-based surveys as well as a custom survey of companies specifically selected by the Committee. In general, the revenue-based surveys used for establishing Named Executive Officer pay include companies with median annual revenue ranging from \$10 to \$20 billion. For 2007, the surveys were the *CHiPS Executive & Senior Management Survey*, the *Hewitt Total Compensation Measurement: Executive Survey*, the *Towers Perrin CDB Executive Database*, and the *Fred Cook Survey of Long-Term Incentives*. The Committee did not consider the individual companies in the revenue-based surveys when making compensation decisions. The custom survey consisted of the following hospitality, brand and service companies:

American Express	Darden Restaurants	J.C. Penney	Starwood Hotels & Resorts
AMR	FedEx	Kellogg	Walt Disney
Anheuser-Busch	General Mills	Kimberly-Clark	Yum! Brands
Cendant	H.J. Heinz	Limited Brands	
Colgate-Palmolive	Hilton Hotels	McDonalds	

The Committee believes, based on the recommendation of the compensation consultant, that the companies participating in the revenue-based and custom surveys represent the broad pool of executive talent for which the Company competes. In addition, each year the compensation consultant reviews a summary of the survey results and advises the Committee as to whether the survey results are credible based on its analysis of other surveys and its general analysis of current compensation practices. For 2007, the compensation consultant advised the Committee that the survey results were appropriate and supported the compensation recommendations for the Named Executive Officers.

Table of Contents

In reviewing the data, management may utilize discretion in determining the relevance of each survey. For example, the surveys do not reflect a relevant position match for the Executive Vice President, Lodging Development. In addition, when reviewing the survey results for Chief Financial Officers, the Committee considered adjustments for the fact that the survey data do not reflect Mr. Sorenson's additional responsibilities as President Continental European Lodging Operations. These adjustments are not formulaic, but are based on subjective evaluations of the relative pay and contributions to the Company of each Named Executive Officer.

Base Salary

The Committee approves individual base salary adjustments for the Named Executive Officers (subject to Board approval for Mr. Marriott's and Mr. Shaw's salary adjustments) each February for the current fiscal year, with retroactive adjustments to the first day of the fiscal year. For 2007, the Human Resources Department compiled and presented data to the Committee demonstrating that the average annual base salary increase for the overall market for senior executives in recent years has ranged from 3% to 5%. The Human Resources Department recommended the increases be approximately 5% for each of the Named Executive Officers because the Company had strong results for 2006 and because the Named Executive Officer leadership team was recognized to have contributed significantly to those results. The compensation consultant reviewed and supported the recommendations. Based on these recommendations and its subjective assessment of the executives' individual contributions and internal pay equity among the executives, the Committee approved, for 2007, a 5.0% annual increase in base salary for Mr. Marriott and a 5.1% annual increase for Messrs. Shaw, Sullivan and Sorenson. Mr. McCarthy's base pay was increased by 10%, which includes a 5.1% annual increase plus an additional increase to reflect an expansion of his scope of responsibility from President, North American Lodging Operations to President, North American Lodging Operations and Global Brand Management.

Annual Bonuses

To promote growth and profitability, the Company maintains two annual cash bonus plans: the Marriott International, Inc. Executive Officer Incentive Plan (*Incentive Plan*) and the Marriott International, Inc. Executive Officer Individual Performance Plan (*Individual Plan*). The plans are designed to provide executives an incentive to achieve identified annual corporate objectives.

Each February, the Committee approves individual performance objectives for the current fiscal year under each bonus plan. In the following February or March after the release of the fiscal year financial results, the Committee reviews each individual's performance against the stated performance objectives to determine the actual bonus payments. The bonus payments are made as a percentage of salary within a range that corresponds to a threshold (if applicable), target (expressed as *norm*) or maximum level of performance determined to have been achieved for the year. The Committee maintains discretion to increase the actual payout under the bonus plans in the case of significant business disruption or unusual business events (e.g. the events of September 11, 2001), or to decrease payments under the plans. In 2007, discretion was exercised under the Incentive Plan as described below. All of the Committee decisions regarding annual bonuses for Mr. Marriott and Mr. Shaw were subject to Board approval.

Incentive Plan

The Incentive Plan rewards executives for the Company's achievement of pre-established Company financial objectives. The Incentive Plan payout represents 50-60% of the executive's total annual bonus opportunity under the combined Incentive Plan and Individual Plan. In recent years

Table of Contents

including 2007, the Incentive Plan has focused entirely on earnings per share (*EPS*) performance, except that Mr. McCarthy's objectives include a combination of EPS and operating profit from the North American Lodging Operations division (*NALO*), his primary area of responsibility.

The Company puts heavy emphasis on EPS as a performance measure because EPS is an important indicator of Company profitability and aligns the interests of management with that of shareholders. For this purpose, the Company uses EPS as reported under U.S. Generally Accepted Accounting Principles (*GAAP*), as may be modified during the goal setting process for items that are not expected to have a direct impact on the business going forward. For 2007, the company established the EPS and NALO Profit goals primarily through an extensive annual budgeting process whereby each hotel and individual corporate unit developed and submitted a budget. The Company consolidated the individual budgets and considered the external market factors such as global and domestic economic forecasts and lodging industry outlook, as well as internal factors such as current revenue from group bookings, expected unit growth for the year, and expected capital needs. The budget was reviewed and approved by the Board of Directors. Considering these factors, the Committee set the EPS goal for 2007 at a level that the Committee believed was achievable but not certain to be met. For 2007, the Incentive Plan's EPS performance goal was \$1.85 excluding synthetic fuel operations. Mr. McCarthy's NALO Operating Profit goal was \$915.7 million.

For 2007, each Named Executive Officer was entitled to receive a bonus based on his achieved level of performance and its corresponding bonus level for the relevant performance goal, as follows:

EPS		NALO Profit	
Achievement vs. Goal	Achievement vs. Goal	Bonus Award	Payout as % of Norm
Below 85%	Below 85%	No Bonus	0%
85%	85%	Threshold Bonus	25%
95%	97.5%	Norm Bonus	100%
102%	102%	Maximum Bonus	150 to 155%

If the achievement falls between two of the stated performance achievement levels, the bonus payment will be interpolated between the corresponding bonus levels.

For 2007, the Company's EPS as reported under GAAP was \$1.75. However, in determining the Incentive Plan payouts, the Committee adjusted this result to exclude the financial impact of the Company's settlement with the Internal Revenue Service regarding certain Employee Stock Ownership Plan tax deductions taken in earlier years. The Committee determined that this was an appropriate adjustment because the expense associated with the settlement was not planned for in the 2007 budgeting process and because all corresponding prior-year benefits to the Company from the Employee Stock Ownership Plan deductions did not increase the Named Executive Officers' annual bonus payments in those years. As adjusted, the Company's EPS was \$1.89, which exceeded the maximum achievement level. Consequently for 2007, each Named Executive Officer received a maximum payout of the EPS portion of the Incentive Plan. The following table reconciles the Company's 2007 reported GAAP EPS to EPS as adjusted (amounts are reported in millions, except per share amounts).

	As Reported	ESOP Impact	Excluding ESOP Impact
Income (loss) from continuing operations	\$ 697	\$ (54)	\$ 751
Diluted shares	397.3	397.3	397.3
Earnings per share - diluted	\$ 1.75	\$ (0.14)	\$ 1.89

NALO operating profit was \$939.3 million. This amount is the sum of the segment results for North American Full-Service and North American Limited-Service reported in the Company's 2007 Form 10-K. Therefore, Mr. McCarthy received a maximum payout for the NALO profit portion of the Incentive Plan.

Individual Plan

The Individual Plan emphasizes individual executive performance as well as measures of business/operating unit financial performance such as revenue growth relating to newly developed rooms and customer, owner/franchisee and associate satisfaction. The Company believes that these factors are the key to our success within the hospitality and service industry. The Individual Plan payout is either 40% or 50% of the executives total annual bonus opportunity. The weighting of each performance factor varies slightly among the eligible executives by position due to differences in accountability and responsibility. These performance factors reflect subjective assessment by the Committee and, like the EPS goal, are intended to establish high standards consistent with the Company's quality goals which are achievable but not certain to be met. The Committee assesses each individual's achievement of Individual Plan components, and determines a corresponding payout at or in between the threshold, norm or maximum award levels. The Committee's recommendation regarding each Individual Plan component for Mr. Marriott and Mr. Shaw were approved by the Board. The performance components for each Named Executive Officer under the Individual Plan for 2007 were:

- Individual Achievement: Each year the Company sets specific management objectives for the Named Executive Officers. Each Named Executive Officer has a different set of objectives that is aligned to his unique responsibilities and role within the Company. The objectives are developed by Mr. Marriott and members of his executive team, and reviewed, modified as necessary and approved by the Committee (or Board in the cases of Mr. Marriott's and Mr. Shaw's management objectives). The management objectives in some cases are difficult to accomplish and in some cases are among the core duties of the positions. Examples of the types of management objectives are:

Implement a strategy to enter the boutique segment of the lodging industry

Achieve human capital goals

Promote lodging industry interests on public policy issues such as global tourism and immigration reform

The objectives may be modified during the year by the Committee if a change in business circumstances warrants. The objectives are not assigned specific weightings. A maximum payout occurs only if all of the objectives are achieved. A payout at or above norm occurs when a majority of the objectives are achieved; the actual payment is determined by the Committee based on its subjective assessment of the Named Executive Officer's job performance for the year. For each of the five years preceding 2007, the Named Executive Officers received varying award levels above norm but below maximum payout. For 2007, each of Messrs. Marriott, Shaw, Sorenson and McCarthy obtained an above norm but below maximum payout and Mr. Sullivan obtained a maximum payout for the individual achievement portion of the Individual Plan.

- Room Growth: Assessment of room growth was based on the number of rooms developed and the net present value associated with completed development projects. For 2007, the Company established the room growth goal primarily through an extensive annual budgeting process

Table of Contents

whereby a budget was developed and submitted for each geographic region that was identified for potential growth. The Company's Lodging Development Department consolidated the individual budgets and considered external market factors such as global and domestic economic forecasts and lodging industry outlook, as well as miscellaneous internal factors such as existing development resources. The room growth goal for 2007 was 50,000 rooms and \$558 million net present value. Achievement of the goal results in a maximum component bonus payout; achievement of 85% of the goal results in a threshold/norm component bonus payout; and achievement of less than 85% of the goal results in no component bonus payout. For 2007, the Company exceeded the above goals for the number and net present value of rooms developed. Consequently, for 2007 each Named Executive Officer received a maximum payout of the room growth portion of the Individual Plan.

- **Owner/Franchisee Satisfaction:** Assessment of owner and franchisee overall satisfaction is based on satisfaction survey results compared to the prior year. Each year, the Company retains a third party to survey the owners and franchisees of our North America hotels on various aspects of their relationship with the Company. Annual goals for certain key metrics are established at a level which generally exceeds the prior year's results. However the goals may be lower in some instances such as when prior year results are unusually high and are unlikely to be repeated, or when economic conditions make it highly unlikely to achieve. Public disclosure of the target and results would reveal confidential information about the Company's relationships with its owners and franchisees which would cause competitive or economic harm to the Company. Since Owner/Franchisee satisfaction was first introduced as a component of the Individual Plan in 2003, the Named Executive Officers received a norm payout in two years and a maximum payout in two years. For 2007, each of the Named Executive Officers received a maximum payout for the owner/franchisee satisfaction portion of the Individual Plan.

- **Guest Satisfaction:** Guest satisfaction is assessed based on Company survey results for the year compared to pre-established goals. The Company retains a third party to conduct the survey. Similar to the owner/franchisee satisfaction objective, the guest satisfaction objective typically is set at a level which exceeds the prior year's results. Disclosure of the target and results would reveal confidential information about the Company's guest satisfaction strategies which would cause competitive or economic harm to the Company. The annual goals are difficult to accomplish and not certain to be met. Over the five years preceding 2007, the Named Executive Officers received an above threshold but below norm payout in two years and an above norm but below maximum payout performance in three years. For 2007, each of the Named Executive Officers received an above threshold but below norm payout for the guest satisfaction portion of the Individual Plan. The target and results for Mr. McCarthy consisted solely of guest satisfaction results from NALO, his primary area of responsibility.

- **Human Capital:** Human capital is measured by the results of the Company's annual associate opinion survey (conducted by a third party) as compared against survey results for the consumer services industry. As the leader of the Company's largest operations division, Mr. McCarthy has a separately weighted human capital goal. For 2007, the target for a norm payout was to exceed the survey score of the consumer services industry, and the target for a maximum payout was to exceed the survey score of the consumer services industry by 10%. For 2007, Mr. McCarthy received a maximum payout for the human capital portion of the Individual Plan. Mr. Marriott and Mr. Shaw have a human capital objective under the Individual Achievement component described above.

Table of Contents

Under the combined Incentive Plan and Individual Plan, the respective weightings of the relevant performance measures and the aggregate target and actual payments for 2007 are displayed in the table below. As reflected in the table, target awards range from 125% of salary for Mr. Marriott to 60% of salary for Mr. McCarthy. The Committee determined the differences in the target award percentages by reviewing market data for each position. The threshold award for each component is equal to 25% of the target award. The maximum award for each component is between 150% and 155% of the target award.

The awards potential under the Incentive Plan and Individual Plan for 2007 are reported in dollars in the Grants of Plan-Based Awards for Fiscal 2007 table, below. The actual payments for 2007 (paid in 2008) are reported in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

Annual and Supplemental Stock Awards*Annual Stock Awards*

The Company grants equity compensation awards to eligible executives under the Marriott International, Inc. Stock and Cash Incentive Plan (the *Stock Plan*). For 2007, the Named Executive Officers were permitted to choose to receive the value of their equity awards as all restricted stock units (*RSUs*), all stock settled stock appreciation rights (*SARs*) or an equal mix of both types of awards. RSUs are a promise to deliver shares of Company stock at stated future vesting dates. Similar to options, which the Company offered to Named Executive Officers prior to 2006, SARs deliver the appreciation in Company stock over a period of time from the grant date until they are exercised, but SARs do not require the payment of an exercise price. Both types of awards use fewer shares than options, which was a factor the Committee considered when approving these types of awards starting in 2006. In addition, vesting conditions on the awards and the opportunity for long-term capital appreciation help

the Company achieve its objectives of management retention and linking pay to Company performance. The Committee believes that giving the executives this choice of RSUs and/or SARs provides significant reward potential and flexibility to meet the executives' individual financial planning profiles and needs. The Company is able to provide this alternative at no additional expense.

Table of Contents

The target values (stated in dollars) for the annual equity awards for each Named Executive Officer for 2007 were:

Name	Target Value(\$)
J.W. Marriott, Jr.	\$ 5,741,900
William J. Shaw	\$ 2,369,500
James M. Sullivan	\$ 1,745,700
Arne M. Sorenson	\$ 1,745,700
Robert J. McCarthy	\$ 1,453,700

These targets were recommended by the Human Resources Department, validated by the compensation consultant and approved by the Committee (with Board approval for Mr. Marriott's and Mr. Shaw's targets). The target values were based in part on the prior year award values as well as the external market data for both long-term incentive and total compensation.

Supplemental Stock Awards

Supplemental stock awards (typically RSUs) tend to be infrequent and are presented for approval at quarterly Board meetings in recognition of special performance, to retain key talent or as a sign-on employment inducement. The Company considers a number of factors when determining supplemental stock grants such as individual performance, the size of competitive long-term awards, key contributions and retention needs. In order to maintain total compensation consistent with the above-described guidelines, the Committee may adjust the components of total compensation in future years to account for current year supplemental awards. Mr. McCarthy received a supplemental stock award of 25,000 RSUs (that vests pro rata over five years) in February 2007 to reflect an expansion of his scope of responsibility as President, North American Lodging Operations and Global Brand Management. None of the other Named Executive Officers received a supplemental stock award in 2007.

Grant Timing and Pricing

The Company grants annual stock awards in February each year on the second business day following the release of its prior fiscal year annual earnings. This timing is designed to avoid the possibility that the Company could grant stock awards prior to the release of material, non-public information which is likely to result in an increase in its stock price, or to delay the grant of stock awards until after the release of material, non-public information that is likely to result in a decrease in the Company's stock price.

Executives derive value from their options and stock-settled SARs based on the appreciation in the value of the underlying shares of Company stock. For purposes of measuring this appreciation, the Company sets the exercise or base price as the average of the high and low prices of the Company stock on the NYSE on the date the awards are granted. This average price valuation is common practice and offers no inherent pricing advantage to the executive or the Company.

Nonqualified Deferred Compensation Plan

In addition to a qualified 401(k) plan, the Company offers senior management the opportunity to defer payment and income taxation of a portion of their salary/commissions, bonus and/or annual cash incentives under the Marriott International, Inc. Executive Deferred Compensation Plan.

The plan also provides participants the opportunity for long-term capital appreciation by crediting their accounts with notional earnings (or losses) based on the performance of benchmark investment funds selected by participants. The

Table of Contents

Committee believes that offering this plan to executives is critical to achieve the objectives of attracting and retaining talent, particularly because the Company does not offer a defined benefit pension plan. The Company makes a discretionary matching contribution to the Named Executive Officers' deferred compensation accounts in February following each fiscal year. The rate of match is determined as an estimate of the matching contributions that the Named Executive Officers would receive in the Company's 401(k) plan but for limitations imposed under the Internal Revenue Code. Throughout the year, the Company accrues for a matching contribution of 75% of deferrals up to 6% of cash compensation. The Committee has discretion to adjust the actual match allocation based on fiscal year financial results but no such adjustment was made for 2007. The Company also may make an additional discretionary contribution to the Named Executive Officers' deferred compensation accounts based on subjective factors such as individual performance, key contributions and retention needs.

Other Compensation

The Company offers certain other perquisites and personal benefits to its executives. One benefit is complimentary rooms, food and beverages at Company-owned, operated or franchised hotels and the use of hotel related services such as Marriott-managed golf and spa facilities while on personal travel. These benefits are offered to encourage executive officers to visit and personally evaluate our properties. The value of these benefits is included in the executives' wages for tax purposes.

In addition, the executives may participate in Company-wide plans and programs. Some of these benefits are paid for by the executives such as 401(k) plan elective deferrals, vision coverage, long- and short-term disability, group life and accidental death and dismemberment insurance, health care and dependent care spending accounts, retiree medical coverage and tuition reimbursement. Other benefits are paid for or subsidized by the Company such as the 401(k) Company match, certain group medical and dental benefits and business travel accident insurance.

The Company does not have employment agreements or severance plans for its Named Executive Officers. The Committee believes that the combination of the compensation and benefit programs discussed above currently is adequate to attract and retain executive talent, but the Committee continuously monitors the market for development in executive compensation practices to ensure that the Company remains competitive.

Tax Considerations

Internal Revenue Code Section 162(m) limits the Company's federal income tax deduction for compensation in excess of one million dollars paid to Named Executive Officers except for the Chief Financial Officer. However, performance-based compensation can be excluded from the limitation so long as it meets certain requirements. The Committee believes SARs and options satisfy the requirements for exemption under Section 162(m).

For 2007, the annual bonuses and RSUs did not meet the requirements for exemption as performance-based compensation under Section 162(m). However, the Committee believes that the value of preserving the ability to structure compensation programs to meet a variety of corporate objectives, such as workforce planning, customer satisfaction and other non-financial business requirements, justifies the cost of being unable to deduct a portion of the executives' compensation.

For 2008, the Committee decided to limit the Named Executive Officers' choice of equity awards to all SARs or an equal mix of RSUs and SARs. The Committee made this change for grants beginning in 2008 to lessen the potential tax implications under section 162(m) of the

Internal Revenue Code.

Management

- (1) These columns report all amounts earned as salary or under the Company's Incentive Plan and Individual Plan during the fiscal year, whether paid or deferred under certain Company employee benefit plans.
- (2) The value reported for Stock Awards and Option/SAR awards is the aggregate cost recognized in the Company's financial statements for such awards for the fiscal year including awards granted in prior years. The costs for awards made during 2007 and 2006 are determined in accordance with Financial Accounting Standard (FAS) No. 123(R), disregarding adjustments for forfeiture assumptions, and the costs for awards made prior to 2006 are determined in accordance with the modified prospective transition method under FAS No. 123(R). In accordance with FAS No. 123(R), the Company recognizes, in the year of grant, over 90% of the grant-date value of awards granted in 2007 and 2006 to executives who are eligible for retirement based on attaining 10 or more years of service at age or after 55. All of the Named Executive Officers except Messrs. Sorenson and McCarthy met these retirement eligibility requirements as of the grant date of their 2007 and 2006 awards. The assumptions for making the valuation determinations are set forth in the footnotes captioned Share-Based Compensation or Employee Stock Plans to our financial statements in each of the Company's Forms 10-K for the fiscal years 2002 through 2007. For additional information on these awards, see the Grants of Plan Based Awards for Fiscal 2007 table, below.

Table of Contents

(3) All Other Compensation consists of the following:

- Company contributions to the Company's qualified 401(k) plan
- Company contributions to the Company's non-qualified Executive Deferred Compensation Plan
- Perquisites and personal benefits including:
 - Personal financial services
 - Tax return preparation and advisory services
 - Personal use of the Company jet
 - Spousal accompaniment while on business travel
 - Rooms, food, beverages and use of other hotel related services such as golf and spa facilities at Company-owned, operated or franchised hotels while on personal travel
 - Other miscellaneous benefits

The values in this column do not include perquisites and personal benefits that were less than \$10,000 in aggregate for the fiscal year. The following table identifies the total amount the Company contributed to each Named Executive Officer's qualified 401(k) plan and non-qualified Executive Deferred Compensation Plan for fiscal year 2007. It also specifies values for perquisites and personal benefits for each Named Executive Officer that comprise more than the greater of 10% of his aggregate perquisites or personal benefits or \$25,000.

Name	Company Contributions to the 401(k) Plan (\$)	Company Contributions to the Executive Deferred Compensation Plan (\$)	Personal Use of the Company Jet (\$)	Executive Life Insurance (\$)	Executive Tax and Financial Services (\$)	Other (\$)
Mr. Marriott	10,125	114,725	105,213	59,934	74,900	
Mr. Shaw	10,125	87,124				18,676
Mr. Sullivan	10,125	52,904				
Mr. Sorenson	10,125	52,904				11,609
Mr. McCarthy	10,125	189,034				

The value of the personal use of the Company jet is the sum of:

- allocable flight-specific costs of the personal flights (including, where applicable, return flights with no passengers) such as landing fees, crew costs and other related items, and
- the product of (i) all other costs of maintaining and flying the jet for the billable year other than certain fixed expenses such as pilot compensation, management fee and hangar rental costs, multiplied by (ii) a fraction the numerator of which is the individual's personal flight hours on the jet for the billable year and the denominator of which is the total flight hours of the jet for the billable year.

Although amounts are reported for aircraft use during the Company's fiscal year, incremental cost is calculated on the basis of a December 1 through November 30 billable year, which reflects the contract service period used for billing by a third party aircraft management company.

The value reported as executive life insurance for Mr. Marriott is the economic benefit (increase in cash surrender value) from certain life insurance policies held by a trust for the benefit of the Marriott family to which the Company contributed premiums from 1996 through 2002. The value reported as executive tax and financial services for Mr. Marriott is the full pro rata cost for compensation of the Company employee who delivered the tax and financial services.

Amounts reported under the Non-Equity Incentive Plan Compensation column include all amounts earned under the Company's Incentive Plan and Individual Plan, which for the 2007 fiscal year were as follows:

Mr. McCarthy	247,500	228,415	475,915

Equity Compensation

As explained in the Compensation Discussion and Analysis, the Company gave executives the choice to receive the value of their annual stock grant in one of three forms: (1) 100% stock-settled SARs, (2) 50% SARs and 50% RSUs, or (3) 100% RSUs. For 2007, Mr. Marriott and Mr. Shaw elected 100% RSUs, Mr. Sullivan elected 50% SARs and 50% RSUs, and Mr. Sorenson and Mr. McCarthy elected 100% SARs. As noted above, Mr. McCarthy received a supplemental stock award of RSUs that vests pro rata over 5 years.

Deferred Compensation

Elective deferrals for salary and non-equity incentive compensation under the Company's Executive Deferred Compensation Plan are included in the Summary Compensation Table above in the columns that are associated with the type of compensation (i.e., Salary or Non-Equity Incentive Plan Compensation) that is deferred. Company match allocations are included in the values reported in the All Other Compensation column. Elective deferrals and Company allocations also are separately disclosed in the Nonqualified Deferred Compensation table below.

- (1) Grant Date applies to equity awards reported in the All Other Stock Awards and All Other Option/SAR Awards columns. The Board of Directors approved the SARs and Stock Awards at the February 1, 2007 meeting. Pursuant to the Company's equity compensation grant procedures described in the Compensation Discussion and Analysis, the grant date of these awards was February 12, 2007, the second trading day following the release of the Company's 2006 earnings.
- (2) The amounts reported in these columns include potential payouts corresponding to the achievement of the threshold, target, and maximum performance objectives under the Company's annual cash incentive plans.
- (3) This column represents the final closing price of the Company's Class A common stock on the NYSE on the date of grant. However, pursuant to the Company's equity compensation grant procedures, the awards were granted with an exercise or base price equal to the average of the high and low stock price of the Company's Class A common stock on the NYSE on the date of grant. In 2007, the exercise price was higher than the closing price.
- (4) The grant date fair value is the value of awards granted in 2007 as determined in accordance with FAS No. 123(R) disregarding that the Company recognizes the value of the awards for financial reporting purposes over the service period of the awards.

The Grants of Plan-Based Awards table reports the dollar value of cash incentive plan awards (at their threshold, target and maximum achievement levels) and the number and grant date fair value of stock awards granted to each Named Executive Officer during the 2007 fiscal year. With regard to cash incentives, this table reports the estimated potential value that could have been obtained by the executive, whereas the Summary Compensation Table reports the actual value realized for 2007 (paid in February 2008).

Awards granted under the Stock Plan typically vest 25% on each of the first four anniversaries of their grant date, contingent on continued employment with the Company. With respect to supplemental awards, the Company may use a shorter or longer vesting period depending upon the Company's retention objectives for the individual recipient. Even when vested, an executive may lose the right to exercise or receive a distribution of any outstanding stock awards if the executive terminates employment due to serious misconduct as defined in the Stock Plan, or if the Committee determines that the executive has engaged in competition with the Company or has engaged in criminal conduct or other behavior that is actually or potentially harmful to the Company. The Company believes that these provisions serve its objectives of retention and connecting the executives' long-term interests to those of the Company. These awards do not offer dividend or voting rights until they vest or are exercised and shares are issued to the grantee.

The Outstanding Equity Awards at Fiscal Year-End table reflects the potential value, based on the Company's year-end stock price, of all outstanding unvested or vested but unexercised equity awards held by the Named Executive Officers as of the last day of the fiscal year. These include RSUs and SARs granted in 2007, as well as restricted stock, restricted stock units, deferred bonus stock, deferred stock contracts and options granted prior to 2007. Options/SARs and RSUs are described above. The following describes the restricted stock, deferred bonus stock and deferred stock contract awards:

RS Restricted stock awards were last granted in 2003. Restricted stock awards were grants of stock that were subject to general restrictions such as continued employment and non-competition. Holders of restricted stock awards receive dividends and may exercise voting rights on their restricted shares. Shares are released from restrictions over a 5-, 8- or 10-year period.

Table of Contents

DBS Deferred bonus stock was last granted in 2001. There are two types of deferred bonus stock awards: (1) a current award, which is distributed in ten annual installments beginning one year after the award is granted, or (2) a deferred award, which is distributed in one or up to ten annual installments beginning the January following termination of employment. Both types of deferred bonus stock awards contingently vest in ten equal annual installments beginning one year after the award was made.

DSC Deferred stock contracts were last granted in 2003. Deferred stock contracts are similar to deferred bonus stock awards except that they typically vest in five or ten equal annual installments and generally are distributable in ten annual installments following termination of employment.

Aggregate notional earnings in this table are not reported in the Summary Compensation Table because they are based on market rates that are determined by reference to mutual funds.
- (3) This column includes amounts in each Named Executive Officer's total Executive Deferred Compensation account balance as of the last day of the fiscal year. The following table reports the portion of the Aggregate Balance that was reported as compensation in the Summary Compensation Table in each of the Company's prior year proxy statements since we became a public company on March 27, 1998.

Table of Contents

Name	Amounts that were reported as compensation in prior year proxy statements (\$)
Mr. Marriott	9,715,805
Mr. Shaw	2,934,881
Mr. Sullivan	4,938,284
Mr. Sorenson	1,119,629
Mr. McCarthy	386,280

- (4) Of this reported amount, \$150,000 represents one of four equal installments beginning in 2006. The decision to make these contributions was made by the Company in 2005, before Mr. McCarthy was a Named Executive Officer.

Under the Company's Executive Deferred Compensation Plan, participants are eligible to defer the receipt of up to 80% of their salary, bonus, non-equity incentive plan compensation and/or commissions. Such amounts are immediately vested. In addition, the Named Executive Officers may receive a discretionary match which vests 25% per year for each year that the executive remains employed by the Company following the date the Company match is allocated to the executive's plan account, or if sooner, which vests in full upon approved retirement, death or disability. For 2007, the Company matched 75% on deferrals of the first 6% of compensation for each of the Named Executive Officers.

Accounts in the Executive Deferred Compensation Plan are credited with notional earnings based on the market rate of return of the available benchmark investment alternatives offered under the plan. The benchmark investment alternatives are indexed to traded mutual funds, and each Named Executive Officer may elect among the investment alternatives in increments of 1% of his or her account. The executive may make daily changes in his or her investment election for future deferrals, and may make monthly transfers of balances between the available investment alternatives. If no investment election is made, a default investment alternative is selected by the plan administrator. In 2007, the benchmark investments and their respective notional annual rates of return in the Executive Deferred Compensation Plan were as follows:

Benchmark Investment	2007 Rate of Return
Vanguard Money Market	5.3%
PIMCO Total Return	8.7%
Vanguard Balanced	8.4%
Fidelity VIP Index 500	5.4%
Fidelity VIP Contrafund	17.6%
GE Premier Growth Equity	5.3%
Vanguard Mid-Cap Index	6.1%
Vanguard Diversified Value	3.9%
Royce Small Cap	-2.1%
Franklin Templeton International	15.8%

Executives may receive a distribution of the vested portion of their Executive Deferred Compensation Plan accounts upon termination of employment (including retirement or disability) or, in the case of deferrals by the executive (and related notional earnings), upon a specified future date while still employed, as elected by the executive (an *in-service distribution*). Each year's deferrals may have a separate distribution election. Distributions payable upon termination of employment may be elected as (i) a lump sum cash payment; (ii) a series of annual cash installments payable over a designated term not to exceed twenty years; or (iii) five annual cash payments beginning on the sixth January following termination of employment. In-service distributions may be elected by the executive as a single lump sum cash payment or in annual cash payments over a term of one to five years, in either case beginning not earlier than the

Table of Contents

third calendar year following the calendar year of the deferral. However, in the case of amounts of \$10,000 or less, or when no election regarding the form of distribution is made, the distribution will be made in a lump sum. When the executive is a key employee for purposes of Section 409A of the Internal Revenue Code, any distribution payable on account of termination of employment will not occur during the six months following termination of employment. Typically, the Named Executive Officers are key employees.

Potential Payments Upon Termination or Change in Control

The Company does not have employment agreements with any of the Named Executive Officers. Furthermore, the Company does not have severance agreements with any of the Named Executive Officers.

Upon retirement or permanent disability (as defined in the pertinent plan), a Named Executive Officer may continue to vest in outstanding stock awards (with the exception of certain supplemental RSU awards granted after 2005); may exercise options and SARs for up to 5 years in accordance with the awards' original terms; and immediately vests in the unvested portion of his Executive Deferred Compensation account. However, for stock awards granted in or after 2006, upon retirement an executive forfeits a portion of any stock awards that are granted within the year preceding retirement, proportional to the number of days after termination within that year. For these purposes, retirement is a termination of employment with retirement approval of the Committee by an executive who has attained age 55 with 10 years of service with the Company, or, for the Executive Deferred Compensation Plan and Stock Plan equity awards granted before 2006, has attained 20 years of service with the Company. In all cases, however, the Committee or its designee has the authority to revoke approved retiree status if an executive terminates employment for serious misconduct or is subsequently found to have engaged in competition with the Company or engaged in criminal conduct or other behavior that is actually or potentially harmful to the Company. A Named Executive Officer who dies as an employee or approved retiree immediately vests in his Executive Deferred Compensation account, options/SARs and other stock awards. These provisions were developed based on an analysis of external market data.

As of December 28, 2007, J.W. Marriott, Jr., William J. Shaw, and James M. Sullivan met the age or service conditions for retirement eligibility. Arne M. Sorenson would meet such conditions if he remains employed until October 13, 2013. Robert J. McCarthy meets the conditions for retirement eligibility for his Executive Deferred Compensation account and pre-2006 equity awards because he has served more than 20 years with the Company. He would meet the conditions for retirement eligibility for his post-2005 equity awards if he remains employed until May 2, 2008. The table below reflects the value of unvested stock awards and unvested Executive Deferred Compensation accounts that each Named Executive Officer would receive upon retirement, disability or death as of December 28, 2007 (based on the Company's fiscal year-end closing stock price of \$34.12).

Under the Stock Plan, in the event of a change in control of the Company, the Company or its successor will provide substitute equity awards under the Stock Plan or, if in the event no similar equity awards are available, an equivalent value as determined at that time will be credited to each Named Executive Officer's account in the Executive Deferred Compensation Plan. If the Company or its successor does not substitute equity awards or credit the Executive Deferred Compensation Plan accounts, the Company or its successor will provide for the awards to be exercised, distributed, canceled or exchanged for value. The vested and unvested values of the equity awards as of the last day of the fiscal year are indicated for each Named Executive Officer in the Outstanding Equity Awards at 2007 Fiscal Year-End table.

The benefits reported in the table above are in addition to benefits available prior to the occurrence of any termination of employment, including under then-exercisable stock options and vested Executive Deferred Compensation Plan balances, and benefits available generally to salaried employees such as benefits under the company's 401(k) plan, group medical and dental plans, life and accidental death insurance plans, disability programs, health and dependent care spending accounts, and accrued paid time off. The actual amounts that would be paid upon a named executive officer's termination of employment can be determined only at the time of any such event. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed above, any actual amounts paid or distributed may be higher or lower than reported above. Factors that could affect these amounts include the timing during the year of any such event, the Company's stock price and the executive's age. In addition, in connection with any actual termination of employment or change in control transaction, the Company may determine to enter into an agreement or to establish an arrangement providing additional benefits or amounts, or altering the terms of benefits described above, as the Committee determines appropriate.

Directors Compensation

For 2007, non-employee directors received compensation in the form of meeting attendance fees and annual cash retainer fees, as well as annual deferred stock awards under the Company's Stock Plan. The Vice-Chairman of the Board receives fees and stock awards at 125% of the amount of the other directors. The chairs of each Committee of the Board of Directors receive an additional retainer fee to compensate for the responsibilities of those positions.

Attendance and retainer fees are paid on a quarterly basis. However, in accordance with established Company procedures, a director may elect to defer payment of all or a portion of his or her director fees pursuant to the Company's Executive Deferred Compensation Plan and/or the Stock Plan. As elected by the director, fees that are deferred pursuant to the Stock Plan are credited to the director's stock unit account in that plan, or are replaced with SARs having equivalent grant-date value, except that only the annual retainer may be replaced with SARs. Non-employee director SARs are granted at fair market value, have a 10-year term, and are immediately vested but cannot be exercised until one year following grant. As elected by the director, retainer and meeting fees that are deferred as a deferred stock award may be distributed in a lump sum or in one to 10 annual installments following termination of service as a board member. Retainer and meeting fees that are deferred as a deferred stock award accrue dividend equivalents but do not provide voting rights until the stock is distributed.

The Company grants the annual deferred stock award following the Company's annual meeting of shareholders. The deferred stock award is equal in value to the annual cash retainer for each director (disregarding committee chair retainers). In the year prior to the grant of the award, the recipient may choose to have his or her award distributed in a lump sum or in one to 10 annual installments following termination of service as a board member. The annual director deferred stock awards neither accrue

Table of Contents

dividend equivalents nor provide voting rights until the stock is distributed to them. The pricing practices for executive stock awards discussed in the Compensation Discussion and Analysis above are followed for director stock awards.

The Company reimburses directors for travel expenses, other out-of-pocket costs they incur when attending meetings and, for one meeting per year, attendance by spouses. To encourage our directors to visit and personally evaluate our properties, the directors also receive complimentary rooms, food and beverages at Company-owned, operated or franchised hotels, as well as the use of hotel-related services such as Marriott-managed golf and spa facilities, when on personal travel. The value of these benefits is reported to the directors as taxable compensation.

The following Director Compensation Table shows the compensation we paid in 2007 to our non-employee directors. As officers, J.W. Marriott, Jr. and William J. Shaw are not paid for their service as directors.

- (1) For 2007, each non-employee director received a retainer fee of \$60,000 and an attendance fee of \$1,250 for each Board, committee or shareholder meeting attended. Richard S. Braddock received an additional annual retainer of \$10,000 for his services as chair of the Compensation Policy Committee. George Muñoz received an additional annual retainer of \$13,333 for his services as chair of the Audit Committee beginning in May 2007. Lawrence W. Kellner and Debra L. Lee each received an additional annual retainer of \$6,667 each for their service as chairs of the Nominating and Corporate Governance Committee and Committee for Excellence, beginning in May 2007. Steven S Reinemund was elected to the board as a new member at the 2007 annual meeting of shareholders on April 27, 2007. John W. Marriott III serves as the non-employee Vice Chairman of the Company's Board of Directors. Relating to his services as a non-employee Vice Chairman, he receives 125 percent of the ordinary annual cash retainer (disregarding committee chair retainers), attendance fees and annual stock award of the non-employee directors.
- (2) This column includes any cash retainer and meeting fee amounts that the directors elected to be credited to their deferred stock unit accounts in the Stock Plan, annual cash retainers that the directors elected to receive as SARs, as well as fees that were deferred pursuant to the Executive Deferred Compensation Plan as follows.

Because cash retainers and meeting fees otherwise are paid quarterly, deferred stock units were credited to the Stock Plan on April 10, 2007, July 10, 2007, October 10, 2007, and January 10, 2008. The number of deferred stock units credited to each director's account was determined by dividing the dollar amount the director elected to defer by the average of the high and low trading prices of the Company's Class A common stock on the respective credit dates, which were \$49.85, \$46.16, \$41.56, and \$33.68, respectively. The SARs were granted on the first business day after the annual shareholders meeting. The number of SARs received was determined by dividing the dollar amount of the cash retainer elected by the estimated value of a SAR at the time of grant. The per share value of each SAR as reported in this column was \$20.38, determined in accordance with FAS No. 123(R). In 2007, each award was granted on April 30, 2007, at a trading price of \$45.91.

- (3) In 2007, each director was granted a deferred stock award on April 27, 2007 for 1,730 shares, except that the Vice Chairman received 2,162 shares. In accordance with the Company's equity compensation grant procedures, the awards were determined by dividing each director's annual retainer fee for the year by the average of the high and low prices of a share of the Company's Class A common stock on the date the awards were granted, which was \$46.25 per share.
- (4) The following table indicates the number of outstanding options, SARs, DS, DBS, RSUs, or RS held by each director at the end of 2007.

Table of Contents**STOCK OWNERSHIP****Stock Ownership of our Directors, Executive Officers and Certain Beneficial Owners**

The table below sets forth the beneficial ownership of Class A common stock by our directors, director nominees and executive officers as of January 31, 2008 (unless otherwise noted), as well as additional information about beneficial owners of 5 percent or more of the Company's Class A common stock. Ownership consists of sole voting and sole investment power, except as indicated in the notes below, and except for shares registered in the name of children sharing the same household or subject to any community property laws. Unless otherwise noted, the address for all greater than five percent beneficial owners is Marriott International, Inc., 10400 Fernwood Road, Bethesda, Maryland 20817.

Note on Various Marriott Family Holdings: SEC rules require reporting of beneficial ownership of certain shares by multiple parties, resulting in multiple counting of some shares. After eliminating double-counting of shares beneficially owned, J.W. Marriott, Jr. and John W. Marriott III together have an aggregate beneficial ownership of 17.7% of Marriott's outstanding shares. The aggregate total beneficial ownership of J.W. Marriott, Jr., John W. Marriott III, and each of the Other 5% Beneficial Owners shown below, except for T. Rowe Price Associates, Inc., is 29% of outstanding shares after removing the shares counted multiple times. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the *Exchange Act*), requires the Company s directors and executive officers and persons who own more than 10% of a registered class of the Company s equity securities (the *Reporting Persons*) to file with the SEC and the NYSE reports on Forms 3, 4 and 5 concerning their ownership of and transactions in the common stock and other equity securities of the Company, generally within two business days of a reportable transaction. As a practical matter, the Company seeks to assist its directors and executives by monitoring transactions and completing and filing reports on their behalf.

Based solely upon a review of SEC filings furnished to the Company and written representations that no other reports were required, we believe that all Reporting Persons complied with these reporting requirements during fiscal 2007.

We expect such arrangements to continue in 2008. In fiscal 2007, we received management fees of approximately \$8.4 million, plus reimbursement of certain expenses, and procurement and renovation services fees of approximately \$323,000 from our operation of and provision of services for these hotels. The Company has no financial involvement in either the hotels listed above beyond the foregoing roles or in Family Enterprises. Family Enterprises reimbursed the Company in the amount of \$181,106 for the cost of employing staff in 2007.

Our Company was founded by J.W. Marriott, Jr.'s father, and our Board of Directors believes that the involvement of a number of Marriott family members in responsible positions of the Company makes a significant long-term contribution to the value of our corporate name and identity and to the maintenance of Marriott's reputation for providing quality products and services. In addition to J.W. Marriott, Jr.'s service as Chairman and Chief Executive Officer and John W. Marriott III's service as Vice Chairman, the Company employs a number of members of the Marriott family in management positions, including J.W. Marriott, Jr.'s children Stephen G. Marriott, David S. Marriott, and Deborah M. Harrison, and his son-in-law (and Mrs. Harrison's husband) Ronald T. Harrison. Richard S. Braddock, who resigned from the Board on February 5, 2008, currently owns 40 percent of Weiss Linescale, Inc, a company that provides market research services to the Company. Mr. Braddock's son, Richard Braddock, Jr., became President in 2007 and currently owns 10 percent of Weiss Linescale, Inc. The Company made approximately \$313,000 in payments to Weiss Linescale, Inc. in 2007 and expects to make payments in a comparable amount in 2008.

Policy on Transactions and Arrangements with Related Persons

The Company has adopted a written policy for approval of transactions and arrangements between the Company and the Company's current and recent former directors, director nominees, current and recent former executive officers, greater than five percent shareholders, and their immediate family members where the amount involved exceeds \$120,000. Each of the related person transactions described above is subject to, and has been approved or ratified under, this policy.

The policy provides that the Nominating and Corporate Governance Committee reviews certain transactions subject to the policy and determines whether or not to approve or ratify those transactions. In doing so, the committee takes into account, among other things, whether the transaction is on terms that are no less favorable to the Company than terms generally available to an unaffiliated third-party under similar circumstances and the materiality of the related person's interest in the transaction. The policy also provides that the Company's Corporate Growth Committee, an internal management committee whose members include the Company's President and Chief Operating Officer, Chief Financial Officer, Executive Vice President and General Counsel, and other executive officers responsible for lodging development, lodging operations and timeshare, reviews all such transactions that involve the management, operation, ownership, purchase, sale, or lease of a hotel, timeshare property, land and/or improvements.

Table of Contents

The Nominating and Corporate Governance Committee and the Corporate Growth Committee have considered and adopted standing pre-approvals under the policy for certain limited transactions with related persons that meet specific criteria. Information on transactions subject to pre-approval is provided to the appropriate committee at its next regularly scheduled meeting. Pre-approved transactions are limited to:

- certain lodging transactions with specified maximum dollar thresholds where the Corporate Growth Committee has both approved the transaction and determined that its terms are no less favorable to the Company than those of similar contemporaneous transactions with unrelated third parties and, in some cases, where the transaction is the result of an open auction process involving at least three unrelated third party bidders;
- certain other lodging transactions with specified maximum dollar thresholds that are consistent with general terms and conditions that the Nominating and Corporate Governance Committee has previously approved;
- ordinary course sales of timeshare, fractional or similar ownership interests at prices that are no lower than those available under Company-wide employee discount programs;
- employment and compensation relationships that are subject to Compensation Policy Committee or other specified internal management approvals and which, in the case of executive officers, are subject to required proxy statement disclosure;
- certain transactions with other companies and certain charitable contributions that satisfy the independence criteria under both the Company's Corporate Governance Policies and the NYSE corporate governance listing standards; and
- non-lodging transactions involving less than \$500,000 that are approved by at least two disinterested members of the Corporate Growth Committee.

HOUSEHOLDING

The SEC allows us to deliver a single proxy statement and annual report to an address shared by two or more of our shareholders. This delivery method, referred to as householding, can result in significant cost savings for us. In order to take advantage of this opportunity, the Company and banks and brokerage firms that hold your shares have delivered only one proxy statement and annual report to multiple shareholders who share an address unless one or more of the shareholders has provided contrary instructions. The Company will deliver promptly, upon written or oral request, a separate copy of the proxy statement and annual report to a shareholder at a shared address to which a single copy of the documents was delivered. A shareholder who wishes to receive a separate copy of the proxy statement and annual report, now or in the future, may obtain one, without charge, by addressing a request to the Corporate Secretary, Marriott International, Inc., Dept. 52/862, Marriott Drive, Washington, D.C. 20058 or by calling (301) 380-6601. You may also obtain a copy of the proxy statement and annual report from the Company's website (www.marriott.com/investor) by clicking on Corporate Info & SEC Filings. Shareholders of record sharing an address who are receiving multiple copies of proxy materials and annual reports and wish to receive a single copy of such materials in the future should submit their request by contacting us in the same manner. If you are the beneficial owner, but not the record holder, of the Company's shares and wish to receive only one copy of the proxy statement and annual report in the future, you will need to contact your broker, bank or other nominee to request that only a single copy of each document be mailed to all shareholders at the shared address in the future.
