PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

October 7, 2010

GENERAL INFORMATION

These proxy materials are provided in connection with the solicitation by the Board of Directors of proxies to be used at the Annual Meeting of Shareholders of Neogen Corporation (the Annual Meeting) to be held on Thursday, October 7, 2010 at 10:00 am, local time, at the University Club of Michigan State University, 3435 Forest Road, Lansing, Michigan 48909, and at any adjournment of the meeting. The solicitation will begin on or about September 3, 2010.

There are two proposals scheduled to be voted on at the Annual Meeting:

Election of three directors; and

Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2011.

Revocation of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its exercise by the filing of a written notice of revocation with our Secretary, by delivering to our Secretary a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person.

Voting and Solicitation

All shares represented by a properly executed proxy will be voted unless the proxy is revoked. If a choice is specified, it will be voted in accordance with the specification. If no choice is specified, the proxy holders will vote the shares in accordance with the recommendations of the Board of Directors, which are set forth with the discussion of each matter later in this Proxy Statement. With respect to any matter not set forth on the proxy card that properly comes before the Annual Meeting, the proxy holders named in the proxy card will vote as the Board of Directors recommends or, if the Board makes no recommendation, at their discretion.

In summary, the Board recommends that you vote:

FOR the election of the nominees for directors; and

FOR ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2011. All shareholders at the close of business on August 9, 2010, the record date for the meeting, are entitled to vote at the meeting. On August 9, 2010 there were 22,696,759 shares of the Company's common stock outstanding. For each proposal, each shareholder is entitled to one vote for each share of Neogen Corporation common stock owned at that time.

Edgar Filing: NEOGEN CORP - Form DEF 14A

If you are a shareholder of record, you may vote by mail by completing, dating and signing your proxy card and mailing it in the envelope provided. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as officer of a corporation, guardian, executor, trustee or custodian), you should indicate your name and title or capacity.

Table of Contents

You may also vote in person at the Annual Meeting or may be represented by another person at the meeting after designating that person by executing a proper proxy.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of shares held in street name. As the beneficial owner, you will receive instructions from the street name holder that you must follow in order to have your shares voted.

If your shares are held in street name and you wish to vote in person at the meeting, you must obtain a proxy issued in your name from the street name holder.

If you are a beneficial owner of shares held in street name, you may submit new voting instructions by contacting your brokerage firm, bank or other holder of record.

A broker non-vote occurs when a shareholder holds his or her stock through a broker and the broker does not vote those shares. This usually occurs because the broker has not received timely voting instructions from the shareholder and the broker does not have discretionary voting power for the particular item upon which the vote is taken.

It is important that you instruct your broker how to vote shares held by you in street name using the vote instruction form provided by your broker. Your broker should vote your shares as you direct if you provide timely instructions on how to vote by following the information provided to you by your broker.

A plurality of the shares voting is required to elect directors. This means that the nominees who receive the most votes will be elected to the open director positions. In counting votes on the election of Directors, abstentions, broker non-votes and other shares not voted will be counted as not voted.

The proposal to ratify the appointment of Ernst & Young, LLP as independent registered public accounting firm for 2011 will be approved if a majority of the shares voted at the meeting are voted in favor of the proposal. In counting votes on this proposal, abstentions and broker non-votes will have the same effect as a vote against the proposal.

Table of Contents**PROPOSALS FOR SHAREHOLDER ACTION****PROPOSAL 1 ELECTION OF DIRECTORS**

The Company's Bylaws provide that the Company shall have at least five and no more than nine directors, with the exact number to be determined by the Board. The Board of Directors currently is comprised of nine directors. Unless otherwise instructed, proxy holders will vote the proxies received by them for the election of the nominees named below. All of the nominees for director are currently directors of the Company. If any nominee becomes unavailable for any reason, it is intended that the proxies will be voted for a substitute nominee designated by the Board. The Board of Directors has no reason to believe that the nominees named will be unable to serve if elected. Table of Contents

The following is a brief summary of the business experience for at least the past five years of each of the nominees and for the current members of the Board of Directors.

Nominees for the Board of Directors:

Robert M. Book was elected to the Board of Directors in November 1990. Since January 1993, Mr. Book has served as President of AgriVista, Inc., a company that provides agricultural consulting and marketing services. He served as President of the Indiana Institute of Agriculture, Food and Nutrition from 1983 through 1992. He was formerly Group Vice President of Agriculture Marketing for Elanco Products Company, a division of Eli Lilly & Co. Mr. Book's long career serving in executive marketing positions with a prominent and major agricultural organization gives him unusual and impressive perspective into many of the markets to which Neogen Corporation sells its wide variety of animal and food safety products. It is in this capacity as well as overall agricultural knowledge that he is most valuable as a member of the Board of Directors.

Jack C. Parnell was elected to the Board of Directors in October 1993 and as Chairman of the Board in October 2001. In 2006, Mr. Parnell resigned as Chairman, but remained a Director. Since 1991, he has held the position of Governmental Relations Advisor with the law firm of Kahn, Soares and Conway in Sacramento, California. In 1989, Mr. Parnell was appointed by President George H. W. Bush to serve as Deputy Secretary of the U.S. Department of Agriculture. From 1983 to 1989, he served in three different senior governmental positions for the state of California, including Secretary of the California Department of Food and Agriculture from 1987 to 1989. The firm of Kahn, Soares and Conway currently acts as the Company's government relations advisor. Mr. Parnell's service in senior governmental positions in the state of California and U.S. Department of Agriculture allows him to uniquely advise the Board and management on matters of government relations and regulation. It is in the capacity as well as general business knowledge where he is most valuable as a member of the Board of Directors. See also Information about the Board and Corporate Governance matters.

Dr. Clayton K. Yeutter was first elected to the Board of Directors in October 2007. Dr. Yeutter has been actively involved in his family's ranching and cattle feeding operation in Nebraska over his lifetime. Also during that time he has served in sub-cabinet or cabinet-level positions under four presidents of the United States, with his last position as Secretary of Agriculture under President George H. W. Bush. Dr. Yeutter is a former CEO of the Chicago Mercantile Exchange and he has also served on the Boards of Directors of Caterpillar, Texas Instruments, Weyerhaeuser Company, ConAgra Foods and Zurich Financial Services, among several others. He currently serves on the Boards of Directors of American Commercial Lines, Burlington Capital Group, and the Chicago Climate Exchange. Dr. Yeutter served as Secretary of Agriculture in the cabinet of George H.W. Bush where he directed international trade of agricultural products. As Neogen's international trade has grown to a much higher level, this international insight is of high value to the management and the Board of Directors.

The Board of Directors recommends a vote FOR the above nominees.

Table of Contents**PROPOSAL 2 RATIFICATION OF APPOINTMENT OF THE COMPANY'S****INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed Ernst & Young LLP to serve as the independent registered public accounting firm for the Company for 2011. While not required, we are submitting the appointment to the shareholders for their ratification as a matter of good corporate practice. The affirmative vote of a majority of the votes cast at the Annual Meeting on the proposal is required for ratification. **The Board of Directors recommends that shareholders vote FOR ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2011.** If the appointment is not ratified, it will be considered as a recommendation that the Audit Committee consider the appointment of a different firm to serve as independent registered public accounting firm for the year 2011. Even if the appointment is ratified, the Audit Committee may select a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of Neogen Corporation and its shareholders.

Relationship with Ernst & Young

Ernst & Young LLP has acted as the Company's independent registered public accounting firm for eight years. Ernst & Young LLP has advised that neither the firm nor any of its members or associates has any direct financial interest or any material indirect financial interest in the Company or any of its affiliates other than as auditors. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The fees billed by Ernst & Young LLP with respect to the years ended May 31, 2010 and 2009 were as follows:

	2010	2009
Audit Fees	\$ 266,700	\$ 254,000
Audit-Related Fees	4,100	7,000
Tax Fees		1,899
All Other Fees		
	\$ 270,800	\$ 262,899

Audit Fees include amounts billed for the annual audit of the Company's fiscal year Consolidated Financial Statements, the audit of internal controls over financial reporting, the review of the Consolidated Financial Statements included in the Forms 10-Q, and consultations concerning accounting matters associated with the annual audit. Audit-Related Fees include amounts billed for general accounting consultations and services that are reasonably related to the annual audit. It is expected that Ernst & Young LLP will provide similar audit related services during the fiscal year 2011. In connection with its review and evaluation of non-audit services, the Audit Committee is required to and does consider and conclude that the provision of non-audit services is compatible with maintaining the independence of Ernst & Young LLP.

Under its charter, the Audit Committee must pre-approve all audit and non-audit services to be performed by Ernst & Young LLP other than non-audit services that satisfy a de minimus exception. In the event management wishes to engage Ernst & Young LLP to perform non-audit services, a summary of the proposed engagement is prepared detailing the nature of the engagement, the reasons why Ernst & Young LLP is the preferred provider of the services and the estimated duration and cost of the engagement. The Audit Committee reviews and evaluates recurring non-audit services and proposed fees as the need arises at their regularly scheduled committee meetings. At subsequent meetings, the Audit Committee receives updates regarding the services actually provided and management may present additional services for approval. The Audit Committee has delegated to the Chairman or, in his absence, any other member of the Committee, the authority to evaluate and approve projects and related fees if circumstances require approval between meetings of the Committee. Any such approval is reported to the full Committee at its next meeting.

INFORMATION ABOUT THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE MATTERS

Neogen Corporation is managed under the direction of its Board of Directors. The Board conducts its business through meetings of the Board and its committees. The Board held six meetings, and there were a total of six committee meetings during fiscal 2010. Each director attended more than 75% of the total meetings of the Board and the committees on which he served in 2010. Directors are expected to attend the Annual Meeting of shareholders unless they have a schedule conflict or other valid reason. All the current Board members attended the 2009 Annual Meeting.

Independent Directors

A director is not considered to be independent unless the Board determines that he meets the NASDAQ independence rules and has no material relationship with Neogen Corporation, either directly or through any organization with which he is affiliated that has a relationship with Neogen Corporation. Based on a review of the responses of the directors to questions about employment history, affiliation and family and other relationships and on discussions with the directors, the Board has concluded that each of the Company's non-employee directors is independent. As members of management, James L. Herbert, Chairman and Chief Executive Officer and Lon M. Bohannon, President and Chief Operating Officer, are not independent.

Board Committees

The Board has five committees. The current membership, number of meetings held during 2010 and the function performed by each of these committees are described below. None of the members of any of the committees is or ever has been an employee of the Company. The Board has determined that each committee member meets the independence standards for that committee within the meaning of applicable NASDAQ and SEC regulations.

Compensation Committee Mr. Yeutter (Chair), Mr. Fischer and Mr. Parnell currently are members of the Compensation Committee, which met once during 2010. The purpose of the Compensation Committee is to assist the Board in discharging its overall responsibilities relating to executive compensation. The Compensation Committee reviews and approves corporate goals and objectives relevant to the compensation of the Chief Executive Officer and other executive officers prior to the beginning of each year, evaluates current year performance in light of those goals and establishes compensation levels for the upcoming year, including salary and bonus targets. Except in the case of the Chief Executive Officer, management provides recommendations to the Compensation Committee concerning compensation of officers. The Compensation Committee does not have a charter.

Stock Option Committee Mr. Parnell (Chair), Mr. Crowder, and Mr. Fischer currently are members of the Stock Option Committee, which met once during 2010. The purpose of the Stock Option Committee is to assist the Board in discharging its overall responsibilities relating to the Neogen Corporation Stock Option Plan. Except in the case of the Chief Executive Officer, management provides recommendations to the Stock Option Committee concerning stock option awards for officers and employees. For further information, see Compensation Discussion and Analysis in this Proxy Statement.

Governance Committee Mr. Papesh (Chair), Mr. Yeutter, and Mr. Crowder serve on the Governance Committee assisting the Board of Directors in fulfilling its responsibility to the shareholders and in complying with applicable rules and regulations relating to corporate governance. Specifically, the Governance Committee develops and recommends corporate governance principles that address Board independence and leadership, Board size and composition, meetings and committee structure, and other governance matters. In addition, the committee reviews the Company's adherence to established corporate governance principles and provides reports and recommendations to the Board of Directors. The Governance Committee was in formation during 2010 and held no formal meetings.

Table of Contents

Audit Committee Mr. Reed (Chair), Mr. Book, and Mr. Papesh currently are members of the Audit Committee. The Audit Committee met four times during 2010 and oversees the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee meets with management and the Company's independent registered public accounting firm throughout the year and reports the results of its activities to the Board of Directors. Further information regarding the role of the Audit Committee is contained in its charter that is available in the Investor Relations section of the Company's website at www.neogen.com. For further information, see Audit Committee Report in this Proxy Statement. The Board has determined that Mr. Reed is an audit committee financial expert for purposes of applicable SEC rules.

Nominating Committee Mr. Fischer (Chair), Mr. Parnell, and Mr. Reed currently serve on the Nominating Committee. The Nominating Committee, which met once during 2010 (as a part of the meeting of the whole of the Board of Directors with Mr. Herbert and Mr. Bohannon abstaining from deliberations and voting at the meeting), makes recommendations to the Board regarding individuals for nomination as director. For further information, see the charter of the Nominating Committee that is available in the Investor Relations section of the Company's website at www.neogen.com. When seeking to identify an individual to become a director to fill a new position or vacancy, the Nominating Committee will consult with incumbent directors, management and others. The Nominating Committee will consider, among other factors, the background and reputation of potential candidates in terms of character, personal and professional integrity, business and financial experience and acumen, how a person would complement the other directors in providing a diversity of expertise and experience and a person's availability and willingness to devote sufficient time to Board duties. Shareholders may recommend director candidates for consideration by the Nominating Committee by writing to the Secretary at 620 Leshar Place, Lansing, Michigan 48912, giving the candidate's name, relationship, if any, to the shareholder making the recommendation, biographical data and qualifications. The submission should also include a statement from the candidate consenting to being considered and, if nominated and elected, to serving as a director.

Lead Director/Executive Sessions of Non-Management Directors

Mr. Parnell has been designated the Lead Independent Director, with responsibility for coordinating the activities of the other independent directors. Mr. Parnell chairs all executive sessions of the Board.

Mr. Herbert and Mr. Bohannon do not attend the executive sessions except that either officer may attend a portion of any session upon request. At least one executive session is held yearly.

Management's Role in Determining Executive Compensation

The Compensation Committee makes all final decisions regarding officer compensation. Management's involvement in executive compensation is typically for the Chief Executive Officer to make recommendations on compensation for those other than himself. Compensation Objectives

Neogen executive compensation programs are designed to be aligned with shareholder value creation and are structured to reward individual and organizational performance and be simple, concise and understandable. A significant percentage of each NEO's compensation consists of variable pay.

The primary objectives of the compensation programs covering NEOs are to:

Attract, retain and motivate highly talented executives who will drive the success of the business;

Align incentives with the achievement of measurable corporate, business unit and individual performance objectives based on financial and non-financial measures, as appropriate;

Provide overall compensation that is considered equitable to the employee and the company; and

Ensure reasonable, affordable and appropriate compensation program costs.

Compensation Elements

The primary pay elements provided to NEOs are:

Base salary;

Discretionary Annual bonus; and

Equity-based long-term incentive compensation delivered in the form of stock option grants.

Other pay elements include health and welfare benefits plans under which the NEOs receive similar benefits to those provided to all other eligible U.S.-based employees, such as medical, life insurance and disability coverage.

Edgar Filing: NEOGEN CORP - Form DEF 14A

The Compensation Committee is provided materials by management regarding the various compensation elements of each NEO's compensation package. The Committee makes decisions about each compensation element in the context of each NEO's total pay package. Positions at higher levels at Neogen Corporation generally have a greater emphasis on variable pay elements of bonus and stock options, although no specific formula, schedule or tier is applied in establishing compensation mix.

Table of Contents

Each of the compensation elements and its purpose is further described below.

Base Salary

Base salary is intended to compensate the executive for the basic market value of the position, time in the position and the relation of that position to other positions in the Company. Each NEO's salary and performance is reviewed annually. Factors considered in determining the level of executive base pay include the role and responsibilities of position, performance against expectations and an individual's job experience or unique role responsibilities.

Actual earned salary for 2010 is shown in the Salary column of the Summary Compensation Table. Base salary rate increases from 2009 to 2010 are shown in the following table.

Name	2010 Salary Rate	2009 Salary Rate	Percent Increase
James L. Herbert	\$ 322,000	\$ 310,000	3.9%
Lon M. Bohannon	224,000	215,000	4.2%
Edward L. Bradley	148,600	142,600	4.2%
Richard R. Current	162,000	156,000	3.8%
Terri A. Morriscal	147,500	141,500	4.2%

Discretionary Annual Bonus

Bonuses paid in fiscal 2011 related to fiscal 2010 are as follows:

Name	Target Value	Actual Payments	Percentage of Target
James L. Herbert	\$ 155,000	\$ 155,000	100%
Lon M. Bohannon	90,000	90,000	100%
Edward L. Bradley	48,000	48,000	100%
Richard R. Current	35,000	35,000	100%
Terri A. Morriscal	45,000	35,000	78%

Target Values for bonuses are set by the Compensation Committee and communicated to the officers at the time that the prior year Actual Payments are communicated. Bonus payments were determined by the Compensation Committee's perception of the efforts expended and achievements of the officers during the fiscal year. The Compensation Committee took into account the recommendations of Mr. Herbert with respect to Mr. Bohannon's bonus, and took into account the recommendations of Mr. Herbert and Mr. Bohannon with respect to Mr. Bradley's, Mr. Current's and Ms. Morriscal's bonuses. Bonuses are not based on any formula, but are solely within the discretion of the Compensation Committee. The Committee's appraisal of the Company's overall performance was based on the fact that revenues increased 18% to \$141 million which was in excess of the planned revenue as a part of the Company's five-year plan. Operating income for the year was 31% higher than the previous year. Net cash from operating activities was \$28 million up 155% compared to the previous year. Shareholder equity increased 19% as compared to a year earlier. During the year, the management team was responsible for acquisitions adding strategically to the company's growth plans. Additionally, the company continued in the Standard and Poor's 600 Index and was named by Fortune Magazine to the list of the 100 fastest growing small public companies in America and by Forbes Magazine as one of the 200 best small public companies in America for the eighth time in ten years. Given the above facts, the Compensation Committee judged that Mr. Herbert, Mr. Bohannon and Mr. Current had been responsible for a significant increase in shareholder value and therefore awarded the full bonus amounts. In addition to the above factors Mr. Bradley and Ms. Morriscal's bonuses are affected by the sales, operating income and other operating matrices of the division for which they have primary responsibility.

Table of Contents

Substantially all employees' bonus arrangements, including all those of the Named Executive Officers, include a provision that the bonuses otherwise payable may be decreased in the event that specific earnings per share targets are not met. Actual performance of \$.76 exceeded the earnings per share target.

Long-Term Incentive Compensation

Long-term Incentive Compensation: The objectives of the long-term incentive portion of the compensation package are to:

Align the personal and financial interests of management and other employees with shareholder interests;

Balance short-term decision-making with a focus on improving shareholder value over the long term;

Provide a means to attract, reward and retain a skilled management team; and

Provide the opportunity to build a further ownership position in Neogen Corporation stock.

The long-term incentive mechanism at Neogen Corporation has been and continues to be stock option awards, the ultimate value of which is dependent on increases in the Company's stock price. Stock options are granted to provide employees with a personal financial interest in the Company's long-term success, encourage retention and enable Neogen Corporation to compete for the services of new employees in a competitive market. Neogen Corporation continues to believe that stock options are the most appropriate means to accomplish long-term incentive objectives.

The stock option program is designed to deliver competitive long-term awards while incurring a minimal level of expense and shareholder dilution relative to other long-term incentive programs. Neogen Corporation's compound growth rate in stock price has been in excess of 30% for the past five years. It is the Company's view that stock options represent the optimal use of corporate resources and the best way to achieve the objectives of the long-term compensation element.

Neogen Corporation maintains one equity-based long-term incentive plan that has been previously approved by shareholders—the Neogen Corporation 2007 Stock Option Plan, as amended.

In general, options granted by Neogen Corporation are incentive options with five-year lives that vest 20% per year following the year of grant. Certain incentive options are converted to non-qualified options when IRS limitations for incentive options are exceeded. Prior to 2006, these re-characterized options carried three year vesting provisions and ten-year terms. For 2006 and subsequent, the nonqualified options retain the same vesting and life provisions as qualified options. Nonqualified stock options, with up to ten-year terms and vesting 33% per year for the three years following the year of grant, are granted to Directors. In all cases, grant prices are equal to the closing price on the day of the grant. Neogen Corporation does not reprice options and does not reload—which means the recipient is only able to exercise the number of shares in the original stock option grant. Neogen Corporation's practice has been to make an annual award to the majority of recipients as well as rare hire-on awards to select new hires.

Annual stock option grants are made at the discretion of the Stock Option Committee, with the exception of non-employee director awards that are granted under the terms of the Stock Option Plan. Management makes recommendations to the Stock Option Committee as to the stock option award levels and terms. The determination with respect to the number of options to be granted to any particular participant is ultimately subjective in nature. While no specific performance measures are applied, factors considered in determining the number of options to be awarded to an individual include his or her level of responsibility and position within the Company, demonstrated performance over time, value to Neogen Corporation's future success, historic grants, retention concerns and, in the aggregate, share availability under the plan and overall Company expense and shareholder dilution from awards. Management provides the Stock Option Committee information on grants made in the past three years and the accumulated value of all stock option awards outstanding to each NEO.

Table of Contents

The table below shows the size of the 2010 stock option grants to each of the NEOs.

Name	Number of Options	Compensation Cost Recognized for 2010 Grants (1) (2)
James L. Herbert	75,000	\$ 474,920
Lon M. Bohannon	42,000	265,955
Edward L. Bradley	24,000	151,975
Richard R. Current	7,500	47,492
Terri A. Morrical	22,500	142,476

- (1) Represents the aggregate grant date fair value of each stock option granted in 2010, calculated in accordance with the provisions of the Compensation Stock compensation Topic of the FASB Codification, and does not allocate the expense to each vesting period.
- (2) The stock option Codification Topic 718 values throughout this Proxy Statement have been calculated using the Black-Scholes option pricing model and the assumptions in the following table:

Black-Scholes Model Assumptions (a)	2010	2009	2008	2007	2006
Risk-free interest rate	2%	2.3%	4.6%	4.7%	4.9%
Expected dividend yield	0%	0%	0%	0%	0%
Expected stock price volatility	37.8%	32.8%	34.2%	46.6%	44.5%
Expected option life	4 Years	4 Years	4 Years	4 Years	4 Years

- (a) The risk-free interest rate is based on the U.S. Treasury yield curve in effect at the time of grant. Expected stock price volatility is based on historical volatility of the Company's stock. The expected option life, representing the period of time that options are expected to be outstanding, is based on historical option exercise and employee termination data.

Retirement Plans: A defined contribution plan, the Neogen Corporation 401(k) Retirement Savings Plan (401(k) Plan) is available to all eligible U.S. employees including all NEOs. Under the 401(k) Plan, Neogen Corporation matches dollar per dollar of the first 3%, and fifty cents per dollar of the next 2% of pay contributed by the employee up to the Internal Revenue Code limits. Matching contributions to the 401(k) Plan are vested immediately upon payment.

Health and Welfare Benefits Plans: Benefits such as medical, life insurance and disability coverage are provided to each NEO under benefits plans that are provided to all eligible U.S.-based employees. The benefits plans are part of the overall total compensation offering to be competitive and provide health care coverage for employees and their families. The NEOs have no additional Company-paid health benefits. Similar to all other employees, NEOs have the ability to purchase supplemental life, dependent life, long-term care insurance, dental and accidental death and dismemberment coverage through the Company. The value of these benefits is not included in the Summary Compensation Table since they are purchased by each NEO and are made available to all U.S. employees. No form of post-retirement health care benefits is provided to any employee.

Perquisites: The values of perquisites and other personal benefits for 2010 are included in the All Other Compensation column of the Summary Compensation Table. In general the value of perquisites granted to NEOs is considered to be de minimis.

2002 Employee Stock Purchase Plan: Employees in the U.S. are permitted to voluntarily purchase Neogen Corporation stock at a 5% discount through after-tax payroll deductions under the Employee Stock Purchase Plan (ESPP) as a way to facilitate employees becoming shareholders of Neogen Corporation. The ESPP purchases stock bi-annually for participants through a third party plan administrator. None of the NEOs is currently eligible to purchase shares through the plan.

Executive and Non-Employee Director Stock Ownership Policy

Neogen Corporation has a stock ownership policy in place for all corporate officers, including the NEOs and Directors. This reflects the Company's conviction that all senior executives should have meaningful actual share ownership positions in the Company in order to reinforce the alignment of management and shareholder interests. The ownership policy was adopted by the Board of Directors at its meeting in July 2007. It is expected that the Compensation Committee will periodically review the policy requirements to ensure they continue to be reasonable and competitive.

The ownership requirements are:

Position	Market Value of Stock Owned	Expected Time Period to Comply
Non-Employee Directors	2 times annual cash fees paid	5 years
Chief Executive Officer	2 times annual salary, including bonus	3 years
Corporate Officers	2 times annual salary, including bonus	5 years

Stock owned includes shares owned outright, including 401(k) Plan shares, but does not include stock options. As of May 31, 2010, all non-employee directors, the chief executive officer and all corporate officers were at or above the applicable stock ownership requirement or within the expected time period to comply.

Employment Agreements and Severance Policy

Neogen Corporation does not provide employment or severance agreements. The Company maintains a discretionary severance practice for all eligible employees, which could potentially include the NEOs. The discretionary practice provides for payments as determined by the Company as circumstances warrant.

Chief Executive Officer Compensation

Compensation Information: For purposes of its review of Mr. Herbert's pay in fiscal 2010, the Compensation Committee considered the following criteria:

The success of the Company in the past year;

The success of the Company over an extended period; and

The importance of Mr. Herbert to the continued success of the Company.

Base Salary: Mr. Herbert's salary increased to \$322,000 in the 2010 year. Base salary determinations include consideration of the level of business performance in 2009, historical base salary increases and time in the position and take into consideration all forms of compensation earned, including long-term incentive compensation earned.

Annual Bonus: Mr. Herbert achieved 100% of his 2010 bonus objectives resulting in a \$155,000 payout based on accomplishments during the year. Mr. Herbert's bonus payout was \$150,000 in 2009.

The committee serves in an oversight capacity and is not intended to be part of the Company's operational or managerial decision-making process. Management is responsible for the preparation, integrity and fair presentation of information in the Consolidated Financial Statements, the financial reporting process and internal control over financial reporting. In this context, the Committee met and held discussions with management and Ernst & Young LLP throughout the year and reported the results of our activities to the Board of Directors. Specifically the following were completed:

Reviewed and discussed the audited financial statements for the fiscal year ended May 31, 2010 with Neogen's management;

Discussed with Ernst & Young LLP the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards), as amended; and

Received written disclosure regarding independence from Ernst & Young LLP as required by applicable requirements of the PCAOB for independent auditor communications with audit committees concerning their independence and discussed with Ernst & Young LLP its independence.

Based on the above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's fiscal year 2010 annual report on Form 10-K and the Company's annual report to shareholders.
