Information Concerning Solicitation and Voting

Place, Time and Date of Meeting. This Proxy Statement is being furnished to the Company's shareholders in connection with the solicitation of proxies on behalf of our Board of Directors for use at the Meeting to be held on Thursday, April 26, 2012, at 9:00 a.m., Pacific Daylight Time, and at any subsequent adjournment(s) or postponement(s) thereof, for the purposes set forth herein and in the accompanying Notice of Annual General Meeting of Shareholders. The Meeting will be held at the principal executive offices of one of the Company's U.S. subsidiaries at 800 W. Olympic Blvd., Suite 406, Los Angeles, California 90015. Our telephone number is (213) 745-0500.

Internet Availability of Proxy Materials. Under rules adopted by the U.S. Securities and Exchange Commission, or the SEC, we are furnishing proxy materials to our shareholders primarily via the Internet, instead of mailing printed copies of those materials to each shareholder. On or about March 15, 2012, we intend to mail to our shareholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our proxy materials, including our Proxy Statement and our Annual Report.

Record Date and Voting Securities. Only shareholders of record at the close of business on February 29, 2012, or the Record Date, are entitled to notice of and to vote at the Meeting. The Company has one series of Common Shares outstanding. As of the Record Date 117,121,150 Common Shares were issued and outstanding and held of record by 769 registered holders.

Voting. Each shareholder is entitled to one vote for each Common Share held on the Record Date on all matters submitted for consideration at the Meeting. A quorum, representing the holders of not less than a majority of the issued and outstanding Common Shares entitled to vote at the Meeting, must be present in person or by proxy at the Meeting for the transaction of business. Common Shares that reflect abstentions are treated as Common Shares that are present and entitled to vote for the purposes of establishing a quorum and for purposes of determining the outcome of any matter submitted to the shareholders for a vote. However, abstentions do not constitute a vote for or against any matter and thus will be disregarded in the calculation of a plurality.

Broker non-votes are Common Shares held in street name through a broker or other nominee over which the broker or nominee lacks discretionary power to vote and for which the broker or nominee has not received specific voting instructions. Thus, if you do not give your broker or nominee specific instructions, your Common Shares may not be voted on certain matters. Common Shares that reflect broker non-votes are treated as Common Shares that are present and entitled to vote for the purposes of establishing a quorum. However, for the purposes of determining the outcome of any matter as to which the broker or nominee has indicated on the proxy that it does not have discretionary authority to vote, those Common Shares will be treated as not present and not entitled to vote with respect to that matter, even though those Common Shares are considered present and entitled to vote for the purposes of establishing a quorum and may be entitled to vote on other matters.

If you are a beneficial shareholder and your broker or nominee holds your Common Shares in its name, the broker or nominee is permitted to vote your Common Shares on matters such as the ratification of the appointment of independent registered public accountants, even if the broker or nominee does not receive voting instructions from you.

Directors are elected by a plurality, and the two nominees who receive the most votes will be elected. Abstentions and broker non-votes will not affect the outcome of the election. In respect of all other proposals, to be approved, any such proposal must receive the affirmative vote of a majority of the Common Shares present or represented by proxy and entitled to vote. In determining the outcome of such proposals, abstentions have the effect of a negative vote. Broker non-votes will not affect the outcome of any such proposals.

The results of the advisory vote on the Company's executive compensation are not binding on the Board of Directors.

We will, upon request, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of Common Shares.

PROPOSAL 1:

THE ELECTION OF DIRECTORS

Generally

Our Amended and Restated Memorandum and Articles of Association, or the Memorandum and Articles of Association, presently provide for not less than one nor more than fifteen directors. The Board of Directors has, by resolution, presently fixed the number of directors at ten. Following the election of directors at the Meeting, the Board will be reduced to nine directors. The Memorandum and Articles of Association divide the Board of Directors into three classes, with the terms of office of each class of directors ending in different years. Currently the Board consists of four directors in Class I and three in each of Classes II and III; however, effective following the election of directors at the Meeting, the Board will consist of four directors in Class I, two in Class II and three in Class III. The current terms of office of Class II directors end at the Meeting. The current terms of office of Classes III and I directors end at the annual general meetings in 2013 and 2014, respectively.

The nominees for Class II directors are to be voted upon at the Meeting. The Board of Directors has nominated Pedro Cardoso and Colombe M. Nicholas for election as Class II directors to serve three-year terms expiring at the 2015 annual general meeting. The Company did not receive any shareholder nominations for director. Murray H. Dashe, a Class II director, notified the Board on February 16, 2012 of his preference to not stand for reelection for personal reasons.

The persons named as proxies on the accompanying proxy card intend to vote the Common Shares as to which they are granted authority to vote for the election of the nominees listed above. The form of proxy card does not permit shareholders to vote for a greater number of nominees than two. Although the Board of Directors does not know of any reason why any nominee will be unavailable for election, in the event any nominee should be unavailable at the time of the Meeting, the proxies may be voted for a substitute nominee as selected by the Board of Directors.

Director Qualifications

The Board believes that the Board, as a whole, should possess a combination of skills, professional experience and diversity of backgrounds necessary to oversee the Company's business. In addition, the Board believes that there are certain attributes that every director should possess, as reflected in the Board's membership criteria discussed below. Accordingly, the Board and the nominating and corporate governance committee consider the qualifications of directors and director candidates individually and in the broader context of the Board's overall composition and the Company's current and future needs.

The nominating and corporate governance committee is responsible for developing and recommending Board membership criteria to the Board for approval. The criteria, which are set forth in the Company's Principles of Corporate Governance, are available on the Company's website, www.herbalife.com, by following the links through Investor Relations to Corporate Governance, and include business experience and skills, independence, judgment, integrity, the ability to commit sufficient time and attention to Board activities, and the absence of potential conflicts with the Company's interests. In addition, the nominating and corporate governance committee periodically evaluates the composition of the Board to assess the skills and experience that are currently represented on the Board, as well as the skills and experience that the Board will find valuable in the future, given the Company's current situation and strategic plans. The nominating and corporate governance committee seeks a variety of occupational, educational, and personal backgrounds on the Board in order to obtain a range of viewpoints and perspectives and to enhance the diversity of the Board in such areas as professional experience, geography, race, gender, ethnicity and age. While the nominating and corporate governance committee does not have a formal policy with respect to diversity, the nominating and corporate governance committee believes that it is essential that Board members represent diverse viewpoints. This periodic assessment enables the Board to update the skills and experience it seeks in the Board as a whole, and in individual directors, as the Company's needs evolve and change over time and to assess effectiveness of efforts at pursuing diversity. In identifying director candidates from time to time, the nominating and corporate governance committee may establish specific skills and experience that it believes the Company should seek in order to constitute a balanced and effective Board.

Table of Contents

In evaluating director candidates, and considering incumbent directors for renomination to the Board, the nominating and corporate governance committee has considered a variety of factors. These include each nominee’s independence, financial literacy, personal and professional accomplishments and experience, each in light of the composition of the Board as a whole and the needs of the Company in general, and for incumbent directors, past performance on the Board. The process undertaken by the nominating and corporate governance committee in recommending qualified director candidates is described below under “The Board of Directors – Board Committees – Nominating and Corporate Governance Committee.”

The table below sets forth information about the two nominees and the directors whose terms of office continue beyond the Meeting including each such person’s specific experience, qualifications, attributes and skills that led our Board of Directors to conclude that such nominee/director should serve on our Board of Directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR PEDRO CARDOSO AND COLOMBE M. NICHOLAS.

THE BOARD OF DIRECTORS

Director Independence

Our Board of Directors has affirmatively determined that each of Messrs. Barnes, Bermingham, Dashe, Dunn, Higby and Levitt and Mmes. Black and Nicholas is or was independent under section 303A.02 of the New York Stock Exchange, or the NYSE, Listed Company Manual and the Company's Categorical Standards of Independence, which are included as part of our Principles of Corporate Governance that are available on our website at www.herbalife.com by following the links through Investor Relations to Corporate Governance. The NYSE's independence guidelines and the Company's Categorical Standards include a series of objective tests, such as the person is not an employee of the Company and has not engaged in various types of business dealings involving the Company which would prevent the person from being an independent director. The Board of Directors has affirmatively determined that none of the foregoing directors had any relationship with the Company that would classify him or her as not independent.

Board Meetings

The Board of Directors met four times during 2011. All Board members attended at least 75% of the aggregate number of Board meetings and applicable committee meetings held while such individuals were serving on such committees. Each director is expected to dedicate sufficient time, energy and attention to ensure the diligent performance of his or her duties, including attending meetings of the shareholders of the Company, the Board of Directors and committees of which he or she is a member. All current members of the Board other than Mr. Levitt attended the 2011 annual general meeting.

It is the policy of the Board of Directors to hold four regularly scheduled meetings, each of which include an executive session of non-management directors without the presence of management as well as a session of only the independent directors. Additional meetings of the Board of Directors, executive sessions of non-management directors and sessions of independent directors may be held from time to time as required or determined to be necessary. The Board has created the position of Lead Director to preside over executive sessions of non-management directors. The position is filled by an independent director elected by the independent directors serving a two-year term. Richard P. Bermingham currently serves as the Lead Director and his current term is scheduled to expire in April 2013 following the 2013 annual general meeting.

Board Leadership

Currently Mr. Johnson serves as our Chairman and CEO. The Board has determined that a board leadership structure featuring a single leader as Chairman and CEO combined with a Lead Director best serves the interests of the Company and its shareholders. Combining the roles of Chairman and CEO makes clear that the individual serving in these roles has primary responsibility for managing the Company's business, under the oversight and review of the Board. Under this structure, the Chairman and CEO chairs Board meetings, where the Board discusses strategic and business issues. The Board believes that this approach makes sense because the CEO is the individual with primary responsibility for implementing the Company's strategy, directing the work of other executive officers and leading implementation of the Company's strategic plans as approved by the Board. This structure results in a single leader being directly accountable to the Board and, through the Board, to shareholders, and enables the CEO to act as the key link between the Board and other members of management.

In addition, the Board believes this structure is appropriate for the Company as the CEO is the person most knowledgeable about the Company and its business and is therefore the individual best able to provide guidance for productive Board meetings. The unique nature of the Company's direct selling business model requires that the Chairman and CEO have forged a close relationship with, and obtain and maintain the trust of, the Company's independent distributors.

Because the Board also believes that strong, independent Board leadership is a critical aspect of effective corporate governance, the Board has established the position of Lead Director. The Lead Director is an independent director elected for a two year term by the independent directors. The Lead Director chairs the Board meetings during all executive sessions and when the Chairman and CEO is unable to participate in Board

Table of Contents

meetings, and is a contact point for shareholders and third parties who may desire to contact the Board independently of the Chairman and CEO. Mr. Bermingham currently serves as the Lead Director. The responsibilities of the Lead Director include:

setting the agenda for and leading the regularly-held non-management and independent director sessions, and briefing the Chairman and CEO on any issues arising from those sessions;

coordinating the activities of the independent directors;

presiding at meetings of the Board at which the Chairman and CEO is not present, including executive sessions of the independent directors;

acting as the principal liaison to the Chairman and CEO for the views and any concerns and issues of the independent directors;

advising on the flow of information sent to the Board, and reviewing the agenda, materials and schedule for Board meetings;

being available for consultation and communication with major shareholders, as appropriate;

maintaining close contact with the chairperson of each standing committee; and

performing other duties that the Board may from time to time delegate to assist the Board in the fulfillment of its responsibilities. The Board believes that a single leader serving as Chairman and CEO, together with an experienced and engaged Lead Director, is the most appropriate leadership structure for the Board at this time. The Board periodically reviews the structure of Board and Company leadership as part of the succession planning process.

The Board's Role in Risk Oversight

The full Board of Directors has the ultimate responsibility for risk oversight regarding the Company. The Board oversees a Company-wide approach to risk management, designed to enhance shareholder value and to support the achievement of strategic objectives and to improve long-term organizational performance. The first aspect of the Board's approach to risk management is to determine the appropriate level of risk for the Company generally, followed by an assessment of the specific risks the Company faces and the steps management is taking to manage those risks. The full Board's involvement in setting the Company's business strategy facilitates those assessments, culminating in the development of a strategic plan that reflects the Board's and management's consensus as to appropriate levels of risk as to specific aspects of the Company's business and the appropriate measures to manage those risks. Additionally, the full Board of Directors participates in a periodic enterprise risk management assessment during its quarterly meetings. In this process, risk is assessed throughout the business, focusing on risks arising out of various aspects of the Company's strategic plan and its implementation, including financial, legal/compliance, operational/strategic and compensation risks. The Board also assesses its role in risk oversight throughout our business. In addition to the discussion of risk with the full Board at least once a year, the independent directors discuss risk management during executive sessions without management present with the Lead Director presiding.

While the full Board of Directors has the ultimate oversight responsibility for the risk management process, various Board committees also have responsibility for risk management in certain areas. In particular, the audit committee focuses on financial risk, including internal controls, and assesses the Company's risk profile with the Company's internal auditors. The internal controls risk profile drives the internal audit plan for the coming year. The audit committee also handles violations of the Company's Code of Ethics and related corporate policies. Finally, the compensation committee periodically reviews compensation practices and policies to confirm that they do not encourage excessive risk taking. Management regularly reports on each such risk to the relevant committee or the full Board, as appropriate, and additional review or reporting

on enterprise risks is conducted as needed or as requested by the Board or the relevant committee.

Committees of the Board

Our Board of Directors has a standing audit committee, nominating and corporate governance committee, and compensation committee.

Table of Contents

Audit Committee

From January 1, 2011 through April 27, 2011, the audit committee consisted of Messrs. Barnes, Bermingham, Dashe and Higby. From April 28, 2011 through July 26, 2011, the audit committee consisted of Messrs. Barnes, Bermingham and Dashe. Since July 27, 2011, the audit committee has consisted of Messrs. Barnes, Bermingham, Dashe and Levitt. Each director who served on the audit committee in 2011 is or was independent as discussed above under Director Independence. As required by Rule 303A.07 of the NYSE Listed Company Manual, the Board of Directors has affirmatively determined that each of Messrs. Barnes, Bermingham, Dashe, Higby and Levitt is or was financially literate, and that Mr. Bermingham is an audit committee financial expert, as defined in Item 407(d)(5) of Regulation S-K.

The principal duties of the audit committee are as follows:

to monitor the integrity of the Company's financial reporting process and systems of internal controls regarding finance, accounting and reporting;

to monitor the independence and performance of the Company's independent auditors and internal auditing department; and

to provide an avenue of communication among the independent auditors, management, the internal auditing department and the Board of Directors.

Our Board of Directors has adopted a written charter for the audit committee which is available on the Company's website at www.herbalife.com by following the links through Investor Relations to Corporate Governance, and in print to any shareholder who requests it as set forth under Additional Information Annual Report, Financial and Additional Information. In 2011, the audit committee met four times.

Nominating and Corporate Governance Committee

During 2011, the nominating and corporate governance committee consisted of Mme. Nicholas and Messrs. Barnes and Dunn. Each director who served on the nominating and corporate governance committee in 2011 is independent as discussed above under Director Independence. The principal duties of the nominating and corporate governance committee are as follows:

to recommend to the Board of Directors proposed nominees for election to the Board of Directors both at annual general meetings and to fill vacancies that occur between annual general meetings; and

to review and make recommendations to the Board of Directors regarding the Company's corporate governance matters and practices. In identifying candidates to serve on the Board, the nominating and corporate governance committee first determines the evolving needs of the Board taking into account such factors as it deems appropriate, including, among others, the current composition of the Board of Directors, the range of talents, experiences and skills that would best complement those already represented on the Board of Directors, the balance of management and independent directors and the need for financial or other specialized expertise, as discussed in greater detail above under Proposal 1: The Election of Directors Director Qualifications. Applying these criteria, the nominating and corporate governance committee considers candidates for director suggested by its members and other directors, as well as by management and shareholders. The nominating and corporate governance committee also retains a third-party executive search firm on an ad-hoc basis to identify and review candidates upon request of the committee from time to time.

If the nominating and corporate governance committee decides, on the basis of its preliminary review, to proceed with further consideration, the committee members, as well as other directors as appropriate, interview the nominee. After completing this evaluation and interview, the nominating and corporate governance committee makes a recommendation to the full Board of Directors, which makes the final determination whether to nominate the candidate after considering the nominating and corporate governance committee's report.

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

A shareholder who wishes to recommend a prospective nominee for the Board of Directors pursuant to the provisions of the Memorandum and Articles of Association should notify the Corporate Secretary in writing with the appropriate supporting materials, as more fully described under Additional Information Shareholder Nominations.

Among other duties, the compensation committee is responsible for making the initial risk assessment of the Company's compensation programs and determining whether those programs require modification to remain consistent with the Board's determinations as to the levels of risk that are appropriate for the Company. In its assessment, the compensation committee reviewed the Company's compensation structure and noted numerous ways in which risk is potentially mitigated by practices and policies that include: the balanced mix between short- and long-term incentives; the use of multiple performance measures for the CEO's annual incentive awards; strong internal controls; the use of stock ownership guidelines; and the existence of an anti-hedging policy. In light of its analysis, the committee believes that the architecture of the Company's compensation programs provide various safeguards to protect against undue risk taking. In 2011, the compensation committee met seven times.

PROPOSAL 2:

ADVISE AS TO THE COMPANY'S EXECUTIVE COMPENSATION

The Board of Directors of the Company is committed to excellence in governance. As part of that commitment, and as required by Section 14A of the Securities Exchange Act of 1934, as amended, or the Exchange Act, the Board of Directors is providing the Company's shareholders with an opportunity to provide an advisory vote related to executive compensation.

Our executive compensation program is intended to attract, motivate and retain a talented and high-performing executive team to lead the Company's success through a unique global business model, selling products that are regulated at varying levels in the markets where we operate. The Company's executive compensation program is designed to incent and create long-term growth and value for shareholders and is simple in design; the vast majority of the compensation of the Company's named executive officers—the officers identified in the section entitled "Executive Compensation—Compensation Discussion and Analysis," is tied to Company operating and share price performance. Volume Point growth, operating income and earnings per share are used to determine executives' annual incentive compensation. Long term incentives were provided to our named executive officers in 2011 in the form of an annual grant of stock appreciation rights, or SARs, that are subject to service criteria. In addition to his annual grant, in 2011 Mr. Johnson received a long term performance award in the form of SARs that is subject to both share price appreciation and volume point growth vesting criteria. In 2008, in connection with the execution of his current employment agreement, Mr. Johnson received a long term long term performance award in the form of SARs that was subject to both share price appreciation and service criteria. All of these awards directly align the long-term interests of our executives with those of our shareholders.

The Board of Directors believes the compensation program for the named executive officers was instrumental in helping the Company achieve strong financial performance in 2011 and over the most recent years. In 2011, the Company posted strong operating results in a challenging economic environment. The Company's share price increased 51% for the year surpassing the share price performance of our industry peers and the S&P 500 as a whole.

In addition, the management team accomplished major strategic objectives in 2011 that provided significant support for the Company's continued growth and success, including:

expanding the global roll-out and distributor acceptance of daily consumption based sales methods;

introducing over 300 product SKUs globally, including new products such as the *Herbalife24* sports line and seasonal Formula 1 flavors, along with the ongoing globalization of our top products;

opening new countries to the Company's products and business opportunity, providing our distributors with new geographies to expand and build their businesses;

increasing the Company's vertical manufacturing capacity of certain of our key products; and

completing key investments in technology infrastructure to support the anticipated growth in the business.

Additional information regarding the Company's compensation program applicable to the named executive officers is described in the "Compensation Discussion and Analysis" section of this Proxy Statement and the related tables and narrative disclosure.

For the reasons discussed above, the Board of Directors unanimously recommends that shareholders vote in favor of the following resolution:

Resolved, that the shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed pursuant to Item 402 of Regulation S-K and described in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative disclosure, in the proxy statement.

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

While the resolution is non-binding, the Board of Directors values the opinions that shareholders express in their votes and in any additional dialogue. It will consider the outcome of the vote and those opinions when

making future compensation decisions. The next shareholder advisory vote on the Company's executive compensation is expected to occur at the 2013 annual general meeting and the Company currently intends to offer shareholders this advisory vote on an annual basis.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ADVISORY RESOLUTION ON THE COMPANY'S EXECUTIVE COMPENSATION.

PROPOSAL 3:

**RATIFICATION OF THE APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTANTS**

The audit committee has selected KPMG LLP as the Company's independent registered public accountants for the fiscal year ending December 31, 2012. Services provided to the Company and its subsidiaries by KPMG LLP in fiscal 2010 and 2011 are described under Fees to Independent Registered Public Accountants for Fiscal 2010 and 2011. Additional information regarding the audit committee is set forth in the Audit Committee Report.

The Memorandum and Articles of Association do not require that our shareholders ratify the selection of KPMG LLP as the Company's independent registered public accountants. However, we are requesting ratification because we believe it is a matter of good corporate practice. If the Company's shareholders do not ratify the selection, the Audit Committee will reconsider whether or not to retain KPMG LLP, but may, nonetheless, retain KPMG LLP as the Company's independent registered public accountants. Even if the selection is ratified, the Audit Committee in its discretion may change the appointment at any time if it determines that the change would be in the best interests of the Company and its shareholders.

The Company has been advised that representatives of KPMG LLP will be present at the Meeting where they will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

In the event shareholders do not ratify the appointment of KPMG LLP, the appointment will be reconsidered by the audit committee and the Board of Directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR FISCAL 2012.

Audit Committee Report

The audit committee is responsible for monitoring our financial auditing, accounting and financial reporting processes and our system of internal controls, and selecting the independent registered public accounting firm on behalf of the Board of Directors. Our management has primary responsibility for our internal controls and reporting process. Our independent registered public accounting firm, KPMG LLP, is responsible for performing an independent audit of our consolidated financial statements and the effectiveness of our internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing an opinion thereon. In this context, the audit committee met regularly and held discussions with management and KPMG LLP. Management represented to the audit committee that the consolidated financial statements for the fiscal year 2011 were prepared in accordance with U.S. generally accepted accounting principles.

The audit committee hereby reports as follows:

The audit committee has reviewed and discussed the audited consolidated financial statements and accompanying management's discussion and analysis of financial condition and results of operations with our management and KPMG LLP. This discussion included KPMG LLP's judgments about the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

Table of Contents

The audit committee also discussed with KPMG LLP the matters required to be discussed by the Statements on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

KPMG LLP also provided to the audit committee the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding KPMG LLP's communications with the audit committee concerning independence, and the audit committee has discussed with KPMG LLP the accounting firm's independence. The audit committee also considered whether non-audit services provided by KPMG LLP during the last fiscal year were compatible with maintaining the accounting firm's independence.

Based on the reviews and discussions referred to above, the audit committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2011, which have been filed with the SEC. The audit committee also selected KPMG LLP to serve as our independent registered public accounting firm for the year ending December 31, 2012.

Executive Summary

Our executive compensation program is intended to attract, motivate and retain a talented and high-performing executive team to lead the Company's success through a unique global direct selling business model, selling products that are regulated at varying levels in the markets where we operate. The compensation program is designed to accomplish this in a way that incents and creates long-term growth and value for our shareholders. The compensation committee of the Board of Directors, or, for purposes of this Compensation Discussion and Analysis, the Committee, has responsibility for establishing, developing and implementing these programs.

The Committee believes the compensation program for the named executive officers was instrumental in helping the Company achieve strong financial performance in 2011 and over the most recent years. Several key operating performance measures that drive our share value—Volume Point growth, operating income and earnings per share—are used in the annual incentive plans for our named executive officers. Each of these measures is more fully described in Annual Incentive Awards Targets and Award Determination, below. Long-term incentives granted in 2011 in the form of SARs provide a direct alignment to long-term shareholder interests.

In 2011, the Company reported strong operating results in a challenging global economic environment. These included Volume Point growth of 21% and increases in operating income and earnings per share of 45% and 39%, respectively, as reflected below:

\$ Millions							2011	5-Year
	2006	2007	2008	2009	2010	2011	Average	
(Except Per Share Data)							Growth	Growth
Volume Points	2,434	2,688	2,779	2,838	3,233	3,922	21%	10%
Operating Income	256.9	313.2	332.3	296.0	387.5	562.3	45%	19%
Earnings per Share (Diluted) (1)	0.96	1.32	1.68	1.61	2.37	3.30	39%	29%

(1) Prior periods have been adjusted to reflect the two-for-one stock split effected in the second quarter of 2011. 2010 was also adjusted for the change in accounting principle with respect to the Company's method of accounting for excess tax benefits recognized as a result of the exercise of share-based equity awards described in Note 2 of the Annual Report on Form 10-K for the year ended December 31, 2011.

Table of Contents

The Company's share price increased 51% for the year, far surpassing the share price performance of our industry peers and the S&P 500 as a whole. The publicly traded companies in the industry peer group reflected in the following chart are Avon Products, Inc., Nature's Sunshine Products, Inc., Tupperware Brands Corporation, Nu Skin Enterprises Inc., USANA Health Sciences Inc., Weight Watchers International, Inc. and Mannatech, Inc. An investment of \$100 in Herbalife on December 31, 2006 would be worth nearly three times the same investment in the median of our industry peers or the S&P 500 as of December 31, 2011 as reflected in the chart below:

Comparison of Cumulative Five Year Total Return

	12/31/06	12/31/07	12/31/08	12/31/09	12/31/10	12/31/11

Key strategic accomplishments in 2011 that provided significant support for the Company's continued growth and success, included:

expanding the global roll-out and distributor acceptance of daily consumption based sales methods;

introducing over 300 product SKUs globally to create excitement among our independent distributors, including new products such as the *Herbalife24* sports line which will allow us to provide a high-performance nutrition line to the Company's sponsored athletes and seasonal Formula 1 flavors to enhance the penetration of our top-selling global product, along with the ongoing globalization of our top products into new markets;

opening new countries to the Company's products and business opportunity, providing our distributors with new geographies to expand and build their businesses;

increasing the Company's vertical manufacturing capacity of certain of our key products; and

completing key investments in technology infrastructure to support the anticipated growth in the business.

The compensation of the Company's named executive officers in 2011 consisted almost exclusively of base salary, annual cash incentives, and grants of equity in the form of SARs. Due to the level of annual cash incentives and SARs, the vast majority of their total compensation is tied to the Company's financial performance. In setting target compensation, the Committee focuses on the total compensation opportunity for the executive. Although there is no targeted mix of compensation elements, the proportion of compensation designed to be delivered in variable pay versus base salary increases with the ability of the executive to influence overall Company results. For 2011, as reflected in the Summary Compensation Table, 95% of CEO compensation was provided in the form of annual and long-term incentives that are tied to the Company's top line performance, operating income results and stock price. For the other NEOs as a group, 74% of total compensation was similarly based on performance-based compensation.

Table of Contents

The Company's executive compensation program is simple and performance-based in design. The Company does not provide tax gross ups (other than with respect to benefits payable to Mr. Johnson in the event of a change in control, as provided in his 2008 employment agreement) or supplemental retirement benefits to its executives offers limited perquisites deemed appropriate to meet competitive practice or to reinforce the Company's strategy and culture of supporting healthy lifestyles.

At our 2011 annual general meeting, our shareholders expressed strong support for our executive compensation program, with over 96.3% of votes cast in favor of the advisory vote proposal. When designing our 2012 executive compensation program, the Committee considered, among other things, the 2011 vote results and other feedback we received from shareholders. After careful consideration, the Committee determined not to make any significant changes to the design of our executive compensation program for 2012 as a result of our 2011 advisory vote.

Executive Compensation Program Objectives

As a global leader in network marketing and nutritional products generating approximately 80% of our revenues outside the United States, we operate in an environment of challenging regulatory, economic and political uncertainty. Our success depends on the leadership of highly-talented, adaptive and dedicated executives who can apply the necessary skills to operate effectively through our unique global direct selling business model and our nutritional supplement product line. Our compensation program for the named executive officers provides highly-competitive rewards to executives who contribute to our success in achieving superior growth in profitability and shareholder returns over time.

The Committee believes that shareholder interests are advanced if the Company assembles, motivates and rewards a high-performing management team. To promote this objective, the Committee was guided by the following underlying principles in developing our executive compensation program:

The program should be designed to attract and encourage a long-term commitment from the talented executives necessary to lead our global direct selling business in advancing shareholders' interests in a manner consistent with our mission of changing people's lives.

Compensation opportunities should be highly competitive with the pay practices of companies that operate in highly regulated, global markets and require similar executive skills and capabilities.

A meaningful proportion of total compensation should be at risk and tied to achievement of performance goals and improvement in shareholder value.

Incentive compensation should provide superior pay for superior performance that meets or exceeds the high expectations of our shareholders.

Table of Contents

Incentive compensation should reflect a balanced time horizon between annual and long-term performance in order to promote sustainable growth in the value of the enterprise.

Long-term incentives should be provided in Company equity to encourage executives to plan and act with the perspective of shareholders and the Company's Vision, Mission and Values in mind and to reward them for successful implementation of our growth strategies.

Compensation Advisor

The Committee retained Pay Governance, LLC to assist in evaluating our executive compensation programs and in setting any executive officer's compensation. Pay Governance is a nationally recognized compensation consulting firm. The compensation advisor provides an additional objective perspective as to the reasonableness of our executive compensation programs and practices and their effectiveness in supporting our business and compensation objectives. During 2011, the compensation advisor regularly participated in Committee meetings and advised the Committee with respect to compensation trends and best practices, plan design, competitive pay levels, CEO long-term performance equity grants, individual pay decisions with respect to our named executive officers and other executive officers, and proxy statement disclosure. While our compensation advisor regularly consults with management in performing work requested by the Committee, Pay Governance did not perform any separate services for management.

Establishing CEO Compensation

The Chair of the Committee, with input from the compensation advisor and other independent members of the Board, recommends the CEO's compensation to the Committee in executive session, not attended by the CEO. Once a recommendation has been established by the Committee, the CEO's compensation is reviewed and approved by the independent members of the Board.

Role of Executive Officers in Executive Compensation Decisions

The CEO reviews compensation data gathered from a group of peer companies approved by the Committee and described below under "Peer Group", or the Herbalife Peer Group, and general industry compensation surveys, considers each executive officer's performance and makes a recommendation to the Committee on changes to base salary, annual incentive awards (except for Mr. Chapman, whose annual incentive target must match that of the CEO pursuant to Mr. Chapman's employment agreement) and equity awards for each executive officer other than himself. The CEO participates in Committee meetings at the Committee's request to provide background information regarding the Company's strategic objectives and to evaluate the performance of and compensation recommendations for the other executive officers. The Committee utilizes the information provided by the CEO along with input from its compensation advisor and the knowledge and experience of its members in making compensation decisions.

Table of Contents**Purpose of Compensation Elements**

The compensation and benefits program for our named executive officers consists of and is designed to achieve the following:

<i>Pay Component</i>	<i>Purpose</i>
Base Salary	Provide a competitive foundation for total compensation to each executive in consideration of his demonstrated sustained performance, capabilities, job scope and experience
Annual Cash Incentives	Focus and reward executives for achievement of challenging annual financial and other operating objectives that drive growth in shareholder value over the time
Long-term Incentives (SARs and Performance-Based Stock Options)	Enable our executives to share in the value created for shareholders and encourage successful executives to remain with the Company
Executive Medical & Wellness	Promote a healthy lifestyle among our executives through an annual health screening evaluation, supplemental medical reimbursements and an allowance for purchase of physical conditioning equipment, services and related resources
Financial Planning	Encourage executives to engage knowledgeable experts to assist with personal financial and tax planning, which we believe facilitates greater focus on their Company duties
Retirement Benefits	Encourage executives to build retirement resources by providing a match on deferred compensation in the Company's 401(k) plan and Senior Executive Deferred Compensation Plan, and purchasing Company stock through the Employee Stock Purchase Plan.
Insurance Benefits (Life and Disability)	Provide a competitive benefit in the event of death or disability of an executive.
Severance Benefits	Enable executives to focus his full time and attention on meeting the financial and operating objectives set by the Committee without fear of the financial consequences of an unexpected termination of employment.
Change in Control Benefits	Enable executives to focus on shareholder interests when considering strategic alternatives. Target annual incentive compensation, and equity grant value, are set as a percentage of base salary. In setting target annual and long-term incentive compensation levels, the Committee focuses on the total compensation opportunity for each executive. Mr. Johnson's target and maximum incentive as a percentage of his base salary was negotiated and is set forth in his 2008 employment agreement. Target incentives for other executives are set by the Company depending on the employee's position, scope of responsibilities, ability to influence Company results, and competitive pay practices among the Herbalife Peer Group, although the target incentives for Messrs. Chapman and Goudis are subject to minimums set forth in their respective employment agreements. Variations in compensation among our executive officers reflect differences in the scope and complexity of the functions they oversee, the contribution of those functions to our overall performance, their experience and capabilities, and individual performance. Although there is no targeted mix of compensation elements, the proportion of compensation designed to be delivered in variable pay vs. base salary increases with the ability of the executive to influence overall Company results. We also monitor the compensation practices of our peers to obtain a general understanding of competitive compensation practices and target metrics. Please refer to the discussion below under Peer Group for a more detailed discussion of our use of peer group and general industry compensation data.

Table of Contents**Base Salaries**

The Committee reviews base salaries of the named executive officers annually. No changes were made in base salary for 2011, which are set forth below:

Executive	2011 Salary
Michael O. Johnson	\$ 1,230,000
Desmond Walsh	\$ 650,000
Richard P. Goudis	\$ 650,000
Brett R. Chapman	\$ 615,500
John DeSimone	\$ 525,000

Annual Incentive Awards**General**

Our annual cash incentive plans are designed to motivate and reward the achievement of financial and operating goals that drive value creation for our shareholders. The Committee establishes performance criteria and goals for our incentive plans each year that are aligned with public investor expectations. The performance measures used for each named executive officer are based on the executive's primary area of focus and the executive's ability to affect the Company's results. The Company's named executive officers participate in one or more of three executive incentive plans: the Incentive Plan that covers Messrs. Johnson and Chapman, the Herbalife Senior Management Bonus Incentive Plan, or the SMBIP, in which Messrs. Walsh, Goudis and DeSimone participate, and a supplemental Alternative Performance Target, or APT, incentive provided only to Mr. Johnson.

Incentive Plan

Pursuant to the terms of their employment agreements, which were the result of arms-length negotiation, annual incentive awards provided under the Incentive Plan to Messrs. Johnson and Chapman are based on the achievement of targeted Earnings Per Share, or EPS, which the Committee believes is an important measure of shareholder value creation that aligns the interest of our executives with the expectations of our investors.

Alternative Performance Target Plan

Mr. Johnson's employment agreement provides for a supplemental APT incentive equal to 25% of his total annual incentive opportunity. The APT incentive allows the Committee a degree of flexibility in incentivizing and rewarding him for the achievement of key strategic, as well as financial, targets. As in 2009 and 2010, Volume Points were used in 2011 to determine the APT in order to encourage a keen focus on the top-line growth valued by our investors. For a more detailed discussion of Volume Points, please refer to the Targets and Award Determination below.

Herbalife Senior Management Incentive Plan

The other named executive officers Messrs. Goudis, Walsh and DeSimone participate in the SMBIP. The performance measures used, along with the associated weighting, were selected in consideration of each executive's areas of primary responsibility and his ability to influence the Company's financial results. Thus, the Committee based funding on achievement of targets for Company Operating Income and Volume Points for Messrs. Goudis and Walsh. Operating Income and EPS were used for Mr. DeSimone. A summary of 2011 annual incentive plan performance measures and weightings in calculating annual incentives is presented in the table below.

Executive	Weight in Determining Annual Incentive		
	EPS	Operating Profit	Volume Points
Michael O. Johnson, <i>Chairman and Chief Executive Officer</i>	75%		25%

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

Desmond Walsh, <i>President</i>		50%	50%
Richard A. Goudis, <i>Chief Operating Officer</i>		50%	50%
Brett R. Chapman, <i>General Counsel & Corporate Secretary</i>	100%		
John DeSimone, <i>Chief Financial Officer</i>		50%	50%

Table of Contents**Targets and Award Determination**

Performance targets in the incentive plans are aligned to what we believe to be the expectations of our board and investors at the time of the annual budget review. Budget figures are built from the bottom up based on input from operating regions regarding trends in their respective markets, including the general economic environment, sale and consumption of our products, distributor activity and retention, and the degree of risk in achieving forecasted revenue and expense levels. In setting performance targets, the Committee also considers Wall Street analysts' financial expectations for the Company and selected companies within the Herbalife Peer Group.

For purposes of each of the three incentive plans, the performance measures are defined as follows:

EPS is the Company's reported fully-diluted earnings per share calculated according to U.S. Generally Accepted Accounting Principles, then adjusted for non-recurring or exceptional items reviewed and determined each quarter by the Committee. The Committee adjusted EPS used to calculate incentive awards in 2011 to take into account the accelerated write-down of deferred financing costs in the first quarter due to the Company's refinancing of its credit facility, making EPS for incentive plan purposes consistent with the Company's target setting as well as public communications to investors and analysts.

Volume Points are point values assigned to each of our products that are usually equal in all countries for a similar product and are essentially based on the suggested retail price of U.S. products. The Company uses Volume Points to measure product sales volume. Volume Points are a useful measure of top line performance results because they exclude the impact of foreign currency fluctuations and pricing changes. In general, an increase in Volume Points indicates an increase in our revenue and our local currency net sales. As incremental revenue provides a high profit contribution, Volume Point growth is a key metric for our management team.

Operating Income is the Company's net sales less expenses, including royalty payments, costs of sales and general operating expenses, adjusted for non-recurring or exceptional items.

2011 Annual Incentive Plan Performance Targets

Performance	% of Target	Threshold	Target	Maximum	Results	Results % of Target
EPS		94%	100%	106%		
Volume Point Growth (%)		8.46	9.00	9.54	21.0	112%
Operating Income (millions)		N/A	\$458	\$485	\$562	123%

For each of the EPS, Volume Point Growth and Operating Income metrics under our annual incentive plans, our 2011 performance exceeded 106% of target. Accordingly, each named executive officer became entitled to a maximum payout permitted under the applicable plan.

The EPS threshold level applied only to Mr. Johnson in order to encourage and reward him for proposing and achieving challenging EPS performance targets. Mr. Chapman and Mr. DeSimone receive incentive awards with respect to EPS results only if EPS meets or exceeds the targeted level. Similarly, the Volume Point growth threshold level only applies to Mr. Johnson through his APT incentive to encourage and reward him for year-over-year volume growth. Mr. Goudis and Mr. Walsh receive incentive awards as to the Volume Point growth portion of the SMBIP only if Volume Point growth meets or exceeds the targeted level. For 2012, the EPS threshold level and the Volume Point growth threshold level have been eliminated from the Incentive Plan and the APT incentive, respectively.

Target-level bonuses are awarded for EPS and Operating Income results between 100% and 102.9% of target, and bonus awards increase on a prorated basis in steps for results from 103% to 106%. This bonus scale is designed to encourage realistic target setting and prudent risk-taking while simultaneously creating a cap on the potential payout in order to avoid excessive incentive awards as compared to performance. Under Mr. Johnson's APT incentive performance measure, target-level bonuses are awarded for Volume Point growth at 100% of target, and bonus funding and awards increase ratably in steps for each 0.5% achievement in excess of the incentive target, up to 200% of target at 106% achievement. Under the Volume Point growth portion of the

SMBIP incentive payable to Messrs. Goudis and Walsh, target-level bonuses are awarded for results between 100% and 102.9% of target, and bonus awards increase on a prorated basis in steps for results from 103% to 106%.

The following table shows the incentive eligible earnings (*i.e.*, 2011 base salary), target and maximum incentive percentages and amounts, and 2011 incentive awards for each named executive officer. All 2011 awards to named executive officers were based solely on the calculated results to target performance levels.

Long Term Incentive Awards

The Company's equity grants are intended to align executive officers' interests with the interests of shareholders by rewarding increases in the value of our share price and enabling us to attract, motivate and retain highly qualified individuals for positions of responsibility. The Committee also believes that these long-term incentives foster teamwork and long-term decision making necessary for continued success. Each year, the Committee determines the form of equity grant. For 2011, the total grant value was made in the form of SARs. SARs provide an opportunity for executives to earn additional compensation only to the extent our share price increases over the share price on the grant date and are less dilutive to our shareholders than stock options.

To frame our equity grant decisions, the Committee established guideline grant values for the named executive officers in consideration of individual performance, scope of job responsibilities, prior equity grants and competitive practices using published information regarding the Herbalife Peer Group compiled by Pay Governance. The guidelines are intended to provide highly competitive opportunities, generally in the top quartile of competitive practices. Using these guidelines, our Chairman and CEO proposed to the Committee equity grants for each of the named executive officers other than himself. At the same time, the Committee, separately and without the involvement of the Chairman and CEO, evaluated and proposed equity grants for the Chairman and CEO to the independent members of the Board of Directors for their approval. For 2011, the Committee determined that the high end of the guideline range should be used for Mr. Johnson in consideration of the exceptional strong Company performance in the past year. The number of SARs granted is calculated by dividing the grant value by the option value determined in accordance with financial accounting and disclosure rules under ASC Topic 718 Share Based Payments using Herbalife's closing share price on the date of grant.

Table of Contents**2011 Long Term Incentive Award Guidelines & Awards Annual Grant Program**

Executive	SAR Guideline Aggregate Grant Value	SAR Guideline Award
Michael O. Johnson	\$ 4,550,000	210,648
Desmond J. Walsh	\$ 1,253,000	58,009
Richard P. Goudis	\$ 1,253,000	58,009
Brett R. Chapman	\$ 900,000	41,667
John DeSimone	\$ 900,000	41,667

SARs were granted with an exercise price equal to the closing price of our Common Shares on May 18, 2011, the grant date, when the option value was \$21.60 and our closing share price was \$53.29. The SARs awarded to our named executive officers in 2011 vest and become exercisable to the executives based upon continued Company service over three years at the rate of 20% on the first anniversary of the award, 20% on the second anniversary of the award, and 60% on the third anniversary of the award. Vesting the greatest percentage of the award on the third anniversary of the grant date further encourages executive retention. Executives may exercise vested SARs at any time while employed at the Company and for 30 days following termination of employment other than for cause, so long as any such exercise is no later than ten years following the date of grant, at which point in time they expire. At exercise, the gains on SARs are settled by issuing Common Shares.

Additional details of the 2011 equity awards made to our executives can be found in the tabular disclosure below under 2011 Grants of Plan-Based Awards.

In March 2008, Mr. Johnson executed a new employment agreement pursuant to which he received the 2008 SARs. Since the award of that performance-based incentive, the Company's financial performance has been exceptional. In 2010, the Company achieved the share price criteria of \$40.215 (adjusted to reflect our May 17, 2011 stock split) required to vest the final tranche of Mr. Johnson's 2008 SARs, subject to continued service requirements. In consideration of the outstanding value created for shareholders under Mr. Johnson's leadership and desiring to both motivate continued high rates of profitable growth and encourage the retention of Mr. Johnson's services for an additional three years, the Company made a special grant of 863,557 performance-based SARs to Mr. Johnson on August 4, 2011, which had a grant date fair value of \$15,000,000. The exercise price of these SARs is \$57.98, the closing share price on the grant date. These SARs vest and become exercisable if two criteria are satisfied: (1) the Company must meet or exceed certain Volume Point performance targets with respect to fiscal 2014 as determined by the Committee, and (2) the average closing price of the Company's common shares during the month of December 2014 must be at least \$69.49, which is 20% greater than the average closing price of the Company's common shares over the ten trading days ending August 4, 2011.

Equity Award Grant Policy

Annual long term incentive grants of SARs were made to our named executive officers on May 18, 2011 following a meeting of the Committee and the release of the Company's First Quarter 2011 earnings. It is the Company's policy to make annual grants to our executive officers as of the third business day following our release of quarterly financial results after the annual shareholder meeting. In 2011 we deferred this grant date to May 18, 2011 due to our pending stock split that was effective on May 17, 2011. We also follow a monthly grant approval process where awards are authorized for newly-hired employees, certain selected retention situations, and to newly promoted executives other than our executive officers. The policy provides that the exercise price of stock options and SARs granted to executive officers and other employees will be established as the closing share price on the grant date. All equity awards made to our named executive officers and other executives are made pursuant to our equity grant policy, which was approved by the Committee.

Hedging

Company policy prohibits executives from entering into hedging transactions with respect to the Company's common stock.

Stock Ownership Guidelines

The Committee believes that named executive officers should be shareholders and maintain significant holdings of Common Shares. Because a significant portion of each named executive officer's compensation is paid in the form of equity-based incentive compensation awards, the Committee believes that the use of ownership guidelines is an appropriate and beneficial approach to providing additional motivation to act in the long-term best interests of shareholders.

Pursuant to our policy, the CEO is encouraged to acquire and hold Common Shares and/or vested equity awards with an aggregate value equal to five times his base salary by 2013. The other named executive officers are encouraged to acquire and hold Common Shares and/or vested equity awards with an aggregate value equal to two times their respective base salaries by 2013. As of February 29, 2012, all of our named executive officers were in compliance with these guidelines or are on track to be in compliance by 2013. The Committee reviews progress toward these standards annually.

Benefits and Perquisites

The Company's U.S.-based employees, including the named executive officers, participate in a variety of savings, health and welfare and paid time-off benefits typically provided by competitors for the services of the Company's employees. Health and welfare and paid time-off benefits help ensure that Herbalife has a healthy, productive and focused workforce.

In addition, our named executive officers are eligible to participate in the following executive benefits and perquisites that we offer:

Executive Health Benefits We value executive health and strive to support a healthy lifestyle among our named executive officers by providing the following health-related benefits:

Executive Medical Reimbursement In 2011 we provided certain senior executives with a supplemental reimbursement program to our existing medical insurance program. These reimbursement payments could be used to pay for deductibles, co-pays, and pharmacy expenses not covered by our medical insurance plan. The maximum supplemental reimbursement under this plan was \$6,000 per executive per year. In 2012 the Company eliminated this benefit and executives were encouraged to participate in government approved flexible spending accounts available to all Company employees.

Executive Physical We provide our executives with an annual health screening evaluation. We have arranged services with the Executive Health Department at UCLA, although this program allows executives to use other qualified medical practitioners for the annual health screening. The services are voluntary and confidential. We provide for a reimbursement of up to \$2,040 annually for each executive under this program.

Executive Wellness We provide a \$2,000 annual benefit to executives for the purchase of fitness training equipment, personal training services and other reasonable products or services that support physical conditioning.

Financial Planning We reimburse our named executive officers for financial counseling and tax preparation. This benefit is intended to encourage executives to engage knowledgeable experts to assist with personal financial and tax planning, which we believe enables executives greater focus on their Company duties.

Retirement benefits Our named executive officers participate in our tax-qualified 401(k) Plan and our Senior Executive Deferred Compensation Plan described in more detail under **Non-Qualified Deferred Compensation Plans**. We maintain these plans for the purposes of providing a competitive benefit, allowing named executive officers an opportunity to defer compensation to encourage our named executive officers to save for retirement. The 401(k) plan provides an employer match on the first 1% of employee deferral at 100%. On the next 5% of employee deferral, the employer match is 50%. The annual maximum employee deferral is \$16,500. Employer matching contributions vest 100% after two years of service.

Table of Contents

Employee Stock Purchase Plan Our named executive officers are eligible to participate in our broad-based Employee Stock Purchase Plan, or the ESPP. The ESPP generally allows all U.S. based employees and officers to purchase Common Shares through payroll deductions of up to 10 percent of their annual, eligible compensation up to a maximum of \$25,000 per year. The price of Common Shares purchased under the ESPP is equal to 85 percent of the fair market value of the Common Shares on the specified purchase date. We maintain the ESPP for the purpose of providing eligible employees of the Company and its subsidiaries with an opportunity to participate in the Company's success by purchasing the Common Shares through payroll deductions.

Life Insurance We provide basic life insurance coverage of 200% of base salary up to a maximum of \$1,000,000 to our executives and up to \$750,000 to all other eligible employees. This is a fully insured benefit. Employees are taxed on their imputed income from this benefit on coverage exceeding \$50,000.

Long Term Disability We provide long term disability coverage to all eligible employees in order to provide replacement for lost income due to extended periods of a medical related leave of absence. The benefit after 90 days of disability is 60% of base salary up to a monthly maximum of \$25,000. This is a fully insured benefit plan and is not taxable to the employee.

Company Purchased Event Tickets We maintain season tickets at the Staples Center and at the Home Depot Center in Southern California. Like our other employees, our named executive officers have the opportunity to use tickets not otherwise allocated for Company business purposes.

Employment and Severance Agreements

In order to attract highly qualified executives capable of leading the Company, we have previously entered into employment agreements with Mr. Johnson, Chairman and Chief Executive Officer, Mr. Goudis, Chief Operating Officer, and Mr. Chapman, General Counsel and Corporate Secretary. Those agreements establish the terms and conditions for the employment relationship each executive has with the Company and specifies compensation, executive benefits, severance provisions, change in control provisions, preservation of confidential and proprietary information, non-solicitation, non-disparagement, and other conditions. Only Mr. Johnson's agreement provides for an excise tax gross-up.

The Company has also previously entered into a severance agreement with each of Messrs. Walsh and DeSimone. These agreements contain severance and change in control provisions similar to those found in the employment agreements of Messrs. Goudis and Chapman, as detailed below. Neither agreement provides for an excise tax gross-up.

As a result of these agreements, each of the named executive officers is eligible for certain benefits and payments if his employment terminates for various reasons or as a result of a change in control of the Company. The Company has provided these benefits to the named executive officers to allow them to focus on the value of strategic alternatives to shareholders without concern for the impact on their continued employment, as each of their offices is at heightened risk of turnover in the event of a change in control. Separation benefits include cash payments and other benefits in an amount the Company believes is appropriate, taking into account the time it is expected to take a separated executive to find another job. Separation benefits are intended to ease the consequences to the executive of an unexpected termination of employment. The Company requires a general release with non-compete and non-solicitation provisions in connection with the individual separation agreements.

We consider it likely that it will take more time for higher-level employees to find new employment commensurate with their prior experience, and therefore senior management generally are paid severance for a longer period. Additional payments may be approved by the Committee in some circumstances as a result of negotiation with executives, especially where the Company desires particular non-disparagement, cooperation with litigation, non-competition and non-solicitation terms.

The employment agreement for each of Messrs. Johnson, Goudis and Chapman and the severance agreement for each of Messrs. Walsh and Mr. DeSimone specifically details various provisions for benefits and cash payments in the event of a separation. Generally, these agreements provide for certain benefits upon death, disability, resignation by the executive with good reason or termination by the Company without cause. They also provide for the acceleration of invested equity awards in connection with a change in control.

Table of Contents

The employment agreements and equity compensation awards granted to Messrs. Johnson, Goudis and Chapman contain change in control and termination provisions. In general, these arrangements provide for benefits upon a termination of such executive's employment in connection with a change in control. These arrangements are intended to preserve morale and productivity and encourage retention in the face of the disruptive impact of a change in control of the Company. Based on a competitive analysis of the severance and change in control arrangements maintained by the corporations in the Herbalife Peer Group, the Committee believes that these benefits are customary among the Herbalife Peer Group for executives in similar positions as these three executives.

Please refer to the discussion below under Potential Payments Upon Termination or Change in Control for a more detailed discussion of our severance and change in control arrangements.

Peer Group

We believe that it is appropriate to offer industry competitive cash and equity compensation to our senior executives in support of our objective to assemble and maintain a highly performing management team. To help us in our evaluation of compensation, Pay Governance analyzed publicly available information, including proxy data, as well as recent market trends and certain compensation surveys. Our level of compensation for our executive officers was compared to compensation paid by the Herbalife Peer Group. The criteria used to identify the Herbalife Peer Group were: (1) industry we compete for talent with those highly regulated consumer product companies and general industry companies of similar size; (2) business complexity Herbalife operates in 81 countries around the world in a highly regulated business where approximately 80% of its revenues are generated outside of the United States; and (3) financial scope our management talent should be similar to that of companies of a similar size in terms of revenues and market capitalization.

Table of Contents

With respect to pay decisions regarding 2011 named executive officer compensation, the industry peer group was comprised of 17 companies. All of the peer companies were within 50% and 200% of Herbalife annual revenues, market capitalization, or both. The industry peer group median revenue of \$3.7 billion and median market capitalization of \$8.0 billion were comparable to those of Herbalife, particularly after considering Herbalife's revenue and marketing capitalization growth rates. During this period, the Herbalife Peer Group consisted of the following:

Company Name	12 Month Revenue as of 12/31/11 (\$ Millions)	Market Capitalization 12/31/11 (\$ Millions)
Avon Products Inc.	11,292	8,037

Tax Implications**Section 162(m) of the Code**

Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, limits deductions for certain executive compensation in excess of \$1,000,000 in any fiscal year. Certain types of compensation are deductible only if performance criteria are specified in detail and payments are contingent on stockholder approval of the compensation arrangement. We attempt to structure our compensation arrangements to achieve deductibility under Section 162(m), unless the benefit of such deductibility is outweighed by the need for flexibility or the attainment of other corporate objectives. Cash payments made in 2011 under our Annual Incentive Plan and SAR awards made in 2011 under our Long Term Incentive Plan constitute performance based compensation within the meaning of Section 162(m) and therefore should be deductible. The Committee will continue to monitor issues concerning the deductibility of executive compensation and will take appropriate action if and when it is warranted. Since corporate objectives may not always be consistent with the requirements for full deductibility, the Committee is prepared, if it deems appropriate, to enter into compensation arrangements under which payments may not be deductible under Section 162(m). Thus, deductibility will not be the sole factor used by the Committee in ascertaining appropriate levels or modes of compensation.

Table of Contents***Section 280G of the Code***

Section 280G of the Code disallows a company's tax deduction for what are defined as "excess parachute payments" and Section 4999 of the Code imposes a 20% excise tax on any person who receives excess parachute payments in connection with a change in control. Mr. Johnson, as part of his employment agreement entered into in March 2008, would be provided with tax gross-up payments in the event any change in control payments that may be payable under his agreement become subject to this excise tax. The Committee believes that the provision of tax gross-up protection is appropriate and necessary for his retention and consistent with the current practices of the industry peer group. Please refer to the discussion under "Potential Payments upon Termination or Change in Control" for more detail on the potential gross-up payments and lost tax deductions. The committee will reconsider the appropriateness of the gross-up for Mr. Johnson upon the negotiation of a new employment agreement, if any.

Non-Qualified Deferred Compensation Plans. We maintain the Senior Executive Plan, which is applicable to eligible employees at the rank of Senior Vice President and higher. The Senior Executive Plan was amended and restated effective January 1, 2001.

The Senior Executive Plan is unfunded and benefits are paid from the Company's general assets, except that the Company has contributed amounts to a rabbi trust whose assets will be used to pay benefits if we remain solvent, but can be reached by our creditors if we become insolvent. The Senior Executive Plan allows eligible employees, who are selected by the administrative committee that manages and administers

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

the plan, or the Deferred Compensation Committee, to elect annually to defer up to 75% of their annual base salary and up to 100% of their annual bonus for each calendar year, or the Annual Deferral Amount. We make matching contributions on behalf of each participant in the Senior Executive Plan, which matching contributions are 100% vested at all times.

Effective January 1, 2002, the Senior Executive Plan was amended to provide that the amount of the matching contributions is to be determined by us in our discretion. Effective January 1, 2010, the matching contribution was set to 3.5% of a participant's annual base salary and has remained 3.5% through 2011.

Table of Contents

Each participant in the Senior Executive Plan may determine how his or her Annual Deferral Amount and matching contributions, if any, will be deemed to be invested by choosing among several investment funds or indices designated by the Deferred Compensation Committee. The Senior Executive Plan, however, does not require us to actually acquire or hold any investment fund or other assets to fund the Senior Executive Plan. The entire interest of each participant in the Senior Executive Plan is always fully vested and non-forfeitable.

In connection with a participant's election to defer an Annual Deferral Amount, the participant may also elect to receive a short-term payout, equal to the Annual Deferral Amount and the matching contributions, if any, attributable thereto plus earnings, and shall be payable two or more years from the first day of the year in which the Annual Deferral Amount is actually deferred. As of January 2004, the Senior Executive Plan was amended to allow for deferral of the short-term payout date if the deferral is made within the time period specified therein. Subject to the short-term payout provision and specified exceptions for unforeseeable financial emergencies, a participant may not withdraw, without incurring a ten percent (10%) withdrawal penalty, all or any portion of his or her account under the Senior Executive Plan prior to the date that such participant either (1) is determined by the Deferred Compensation Committee to have incurred permanent and total disability or (2) dies or otherwise terminates employment.

Potential Payments Upon Termination or Change in Control

The information below describes certain compensation that would have become payable under existing plans and contractual arrangements assuming a termination of employment and/or change in control had occurred on December 31, 2011 based upon the closing price of a Common Share on the NYSE on December 30, 2011 of \$51.67, given the named executive officers' compensation and service levels as of such date. In addition to the benefits described below, upon any termination of employment, each of the named executive officers would also be entitled to the amount shown in the column labeled "Aggregate Balance at Last FYE" in the "2011 Non-Qualified Deferred Compensation" table.

As of December 31, 2011, the Company had entered into employment agreements with each of Messrs. Johnson, Goudis and Chapman and a severance agreement with each of Messrs. Walsh and DeSimone, each as described in more detail below. In addition to the employment agreements with Messrs. Johnson, Goudis and Chapman, the Company has also entered into award agreements governing the equity-based compensation awards (including stock options, SARs and RSUs) granted to each of Messrs. Johnson, Goudis and Chapman.

Michael O. Johnson

Pursuant to the Johnson Employment Agreement, upon termination of Mr. Johnson's employment by Herbalife America for Cause, or by Mr. Johnson without Good Reason, each as defined below, Mr. Johnson would be entitled to his then current accrued and unpaid base salary through the effective date of termination as well as 100% of any accrued and unpaid bonus for any years preceding the year of termination, but, not for the year of termination. Mr. Johnson would also be entitled to any rights that may exist in his favor to payment of any amount under any employee benefit plan or arrangement of Herbalife America, other than those set forth in the Johnson Employment Agreement, in accordance with the terms and conditions of any such employee benefit plan or arrangement.

If Mr. Johnson dies or if his employment is terminated as a result of his Disability, as defined below, in addition to his accrued benefits, he will be entitled to receive a pro rata bonus payment for the year of termination based on the Company's actual results for the entire year. In addition, following a termination of employment by reason of Mr. Johnson's death or Disability, Mr. Johnson and/or his spouse will be eligible to receive retiree medical benefits until the age of 65 without regard as to whether Mr. Johnson was employed by the Company for at least four years following the effective date of the Johnson Employment Agreement.

For the term of the Johnson Employment Agreement, we provide a ten-year fixed premium term life insurance policy in the amount of \$10 million. Mr. Johnson designates both the owner and beneficiary of this policy. After the expiration of the term, Mr. Johnson may elect to continue coverage under such policy at his own cost.

Table of Contents

Upon termination of Mr. Johnson's employment by Herbalife America without Cause, or by Mr. Johnson for Good Reason, in addition to the benefits described in the preceding paragraph, Mr. Johnson would also be entitled to an additional amount equal to two times the sum of his then-current salary and bonus level (defined as two times his then-current salary), which in total as of December 31, 2011 was equal to \$7,380,000, payable in a lump sum due within 60 days of termination. If the effective date of such termination without Cause or resignation for Good Reason occurs during a trading blackout or quiet period with respect to the Company's Common Shares or if the Company determines, upon the advice of legal counsel, that Mr. Johnson may not trade in the Company's Common Shares on the effective date of such termination due to his possession of material non-public information, and in each case the restriction or prohibition continues for a period of at least twenty consecutive calendar days, Mr. Johnson will be paid an additional lump sum amount equal to \$250,000. Mr. Johnson will also be eligible to receive outplacement services for up to six months paid for by the Company in an amount not to exceed \$20,000. As a precondition to the Company's obligation to pay the amounts described above, Mr. Johnson must execute a general release of claims.

Upon the occurrence of a Change of Control, as defined below, 50% of all unvested stock options, SARs and RSUs granted to Mr. Johnson (other than the 2008 RSUs, the 2008 SARs and the 2011 SARs) shall immediately vest; however, the compensation committee may, in its sole discretion, accelerate the vesting of additional stock options, SARs and RSUs upon the occurrence of a Change of Control. Should Mr. Johnson's employment be terminated for any reason other than for Cause or resignation without Good Reason within the 90-day period preceding a Change of Control or at any time after a Change of Control, then all of his unvested stock options, SARs and RSUs (other than the 2008 RSUs, the 2008 SARs and the 2011 SARs) shall vest as of the effective date of the termination. If Mr. Johnson's employment is terminated as a result of his death or Disability, all unvested stock options, SARs and RSUs (other than the 2008 RSUs, the 2008 SARs and the 2011 SARs) will vest as of the date of such termination. Except as set forth above, all unvested stock options, SARs and RSUs (other than the 2008 RSUs, the 2008 SARs and the 2011 SARs) shall be forfeited upon the termination of Mr. Johnson's employment with the Company.

The 2008 RSUs are subject to full vesting acceleration upon the occurrence of a change in control (as defined in Section 409A of the Code), as well as upon the termination of Mr. Johnson's employment due to his death or Disability. The 2008 RSUs are subject to partial vesting upon Mr. Johnson's termination by the Company without Cause or by Mr. Johnson for Good Reason, as follows: (i) the portion of the unvested RSUs that would have become vested on the next vesting date following termination will vest, pro rata, based upon the number of months Mr. Johnson was employed between the last vesting date (or the grant date, as applicable) and the next vesting date; and (ii) if the termination date is after the third anniversary of the grant date, all of the unvested RSUs shall vest.

The 2008 SARs are subject to full vesting acceleration upon the occurrence prior to March 18, 2012 of a Change of Control or a termination of Mr. Johnson's employment by the Company without Cause, by Mr. Johnson for Good Reason or as a result of Mr. Johnson's death or Disability, in each case, subject to the achievement by the Company prior to such event (or, with respect to a Change of Control, as a result of such event) of an alternate price performance target. For all of the 2008 SARs, this alternate price performance target had been achieved as of December 31, 2011.

The 2011 SARs are subject to full vesting acceleration upon the occurrence prior to December 31, 2014 of a Change of Control or a termination of Mr. Johnson's employment by the Company without Cause, by Mr. Johnson for Good Reason or as a result of Mr. Johnson's death or Disability, in each case, subject to the achievement by the Company prior to such event (or, with respect to a Change of Control, as a result of such event) of an alternate Volume Point performance target determined by the Committee.

In the event that Mr. Johnson becomes entitled to payments and/or benefits under the Johnson Employment Agreement that are subject to excise tax pursuant to Section 4999 of the Code, the Company shall pay Mr. Johnson additional amounts so as to bear the full burden of that excise tax. In addition, if Mr. Johnson remains employed by the Company for at least four years following the effective date of the Johnson Employment Agreement, following his subsequent termination of employment for any reason other than for Cause, Mr. Johnson and his spouse will be entitled to continued medical benefits under a Company-provided medical plan until they reach age 65.

- (2) Represents bonus amounts earned in 2011, as disclosed in the "Non-Equity Incentive Plan Compensation" column of the 2011 Summary Compensation Table. Per the terms of his employment agreement or his severance agreement, as the case may be, as described above, upon a termination of his employment by the Company without Cause or by him with Good Reason, or due to death or disability, each of Messrs. Johnson, Walsh, Goudis, Chapman and DeSimone is entitled to a pro rata bonus for the year in which the termination occurs based on the Company's actual results for the entire year. Messrs. Goudis and Chapman are also entitled to a pro rata bonus upon a termination due to retirement.
- (3) Accelerated vesting of stock awards were based on the closing price of a Common Share on the NYSE on December 30, 2011 of \$51.67, and, for stock options and SARs, the difference between \$51.67 and the exercise or base price of the award.
- (4) Payment made if termination occurs during a "trading blackout" or a "quiet period" with respect to Common Shares.
- (5) If the "parachute payment" (including any termination payments and the value of accelerated equity) is greater than three times the average W-2 reported compensation for Mr. Johnson for the preceding five years, then an "excise tax" is imposed on the portion of the parachute payment that exceeds one times such average W-2 reported compensation. Under the Johnson Employment Agreement, Mr. Johnson, he will be entitled to reimbursement for any excise taxes imposed as well as a gross-up payment equal to any income, payroll and excise taxes payable by him as a result of the reimbursement for the excise taxes. For purposes of computing the excise tax and gross-up payments, base amount calculations are based on taxable wages for the years 2007 through 2011 and annualized for the year in which Mr. Johnson commenced employment with the Company. In addition, Mr. Johnson was assumed to be subject to the maximum federal and state income and other payroll taxes.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company has several written policies applicable to the review and approval of related party transactions. Pursuant to the Audit Committee Charter, any related party transaction in which a director has an interest must be reviewed and approved by the audit committee. The Company's Conflicts of Interest Policy generally prohibits any Company employee from conducting any activity that is or could be construed as a conflict with the Company's interests or as an interference with the employee's duty to serve the Company at all times to the best of his or her ability. Pursuant to that policy, any related party transaction involving employees, including executive officers, must be reviewed and approved by both the Company's legal and internal audit departments.

Registration Rights Agreement

Michael O. Johnson, our Chairman and Chief Executive Officer, is a party to a registration rights agreement with the Company. If we at any time propose to register any Company securities under the Securities Act of 1933, as amended, or the Securities Act, for sale to the public, in certain circumstances, Mr. Johnson, may require us to include his shares in the securities to be covered by the registration statement. Such registration rights are subject to customary limitations specified in the agreement.

Indemnification of Directors and Officers

The Memorandum and Articles of Association provide that, to the fullest extent permitted by the Companies Law (2012 Revision), or the Statute, every director, agent or officer of the Company shall be indemnified out of the assets of the Company against any liability incurred by him as a result of any act or failure to act in carrying out his functions other than such liability (if any) that he may incur by his own willful misconduct. To the fullest extent permitted by the Statute, such director, agent or officer shall not be liable to the Company for any loss or damage in carrying out his functions unless the liability arises through the willful misconduct of such director, agent or officer.

The Company is a Cayman Islands exempted limited liability company. As such, it is governed by the laws of the Cayman Islands with respect to the indemnification provisions. Cayman Islands law does not limit the extent to which a company's articles of association may provide for indemnification of officers and directors, except to the extent any such provision may be held by the Cayman Islands courts to be contrary to public policy, such as to provide indemnification against civil fraud or the consequences of committing a crime. The Memorandum and Articles of Association provide for indemnification of officers and directors for losses, damages, costs and expenses incurred in their capacities as such, except in the case of (a) any fraud or dishonesty of such director or officer, (b) such director's or officer's conscious, intentional or willful breach of his obligation to act honestly, lawfully and in good faith with a view to the best interests of the Company or (c) any claims or rights of action to recover any gain, personal profit or other advantage to which the director or officer is not legally entitled.

The Company has entered into an indemnification agreement with each of its directors and certain of its officers to supplement the indemnification protection available under the Memorandum and Articles of Association. These indemnity agreements generally provide that the Company will indemnify the parties thereto to the fullest extent permitted by law.

In addition to the indemnification provisions set forth above, the Company maintains insurance policies that indemnify its directors and officers against various liabilities arising under the Securities Act and the Exchange Act that might be incurred by any director or officer in his capacity as such.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to managers, officers or persons controlling us pursuant to the foregoing, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

To the Company's knowledge, based solely on a review of the copies of such filings on file with the Company and written representations from the Company's directors and executive officers, all Section 16(a) filing requirements applicable to the Company's directors, executive officers and greater-than-ten-percent beneficial owners were complied with on a timely basis for fiscal year 2011.

Householding of Proxy Materials.

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for certain proxy materials with respect to two or more shareholders sharing the same address by delivering a single set of these proxy materials addressed to those shareholders. This process, which is commonly referred to as householding, potentially provides extra convenience for shareholders and cost savings for companies. The Company and some brokers household proxy materials, unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate set of proxy materials, or if you are receiving multiple copies of the proxy materials and wish to receive only one, please notify your broker if your Common Shares are held in a brokerage account or the Company if you hold Common Shares directly. You can notify the Company by sending a written request to Herbalife Ltd., c/o Herbalife International, Inc., Assistant Corporate Secretary, 800 W. Olympic Blvd., Suite 406, Los Angeles, CA 90015, or by calling the Assistant Corporate Secretary at (213) 745-0500. However, please note that if you want to receive a paper proxy or voting instruction form or other proxy materials with respect to the Meeting, you should follow the instructions to request such materials included in the Notice of Internet Availability of Proxy Materials that was sent to you.

is a registered holder of Common Shares entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to propose such nomination and (iv) a statement as to whether the shareholder intends or is part of a group that intends (x) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Company's outstanding share capital required to approve or elect the nominee for appointment and/or (y) otherwise to solicit proxies from shareholders in support of such nomination.

The Company may require any proposed nominee to furnish such other information as may reasonably be required by the Company to determine the eligibility of such proposed nominee to serve as a director of the Company. No person nominated by a shareholder shall be eligible for election as a director of the Company unless nominated in accordance with these procedures.

Shareholder Proposals for the 2013 Annual General Meeting

Pursuant to the Memorandum and Articles of Association, for a shareholder to bring a matter before the 2013 annual general meeting, the business must be legally proper and written notice of shareholder proposal must have been filed with the Corporate Secretary of the Company not less than 90 days prior to the date of the meeting, or not later than the 10th day following the date of the first public announcement of the date of such meeting, whichever is later, nor more than 120 days prior to the meeting. For notice to be proper, it must set forth: (i) the name and address of the shareholder who intends to make the proposal as it appears in the Company's records, (ii) the class and number of Common Shares of the Company that are owned by the shareholder submitting the proposal and (iii) a clear and concise statement of the proposal and the shareholder's reasons for supporting it. If the Chairman of the meeting determines that any such proposed business has not been properly brought before the meeting, he shall declare such business out of order, and such business shall not be conducted at the meeting.
