By granting the Proxy, you authorize the persons named on the Proxy to represent you and vote your shares at the Annual Meeting. Those persons will also be authorized to vote your shares to adjourn the Annual Meeting from time to time and to vote your shares at any adjournments or postponements of the Annual Meeting.

If you attend the Annual Meeting, you may vote in person. If you are not present at the Annual Meeting, your shares may be voted only by a person to whom you have given a proper Proxy. You may revoke the Proxy in writing at any time before it is exercised at the Annual Meeting by delivering to the Corporate Secretary of the Company a written notice of the revocation, by submitting your vote electronically through the internet or by phone after the grant of the Proxy, or by signing and delivering to the Corporate Secretary of the Company a Proxy with a later date. Your attendance at the Annual Meeting will not revoke the Proxy unless you give written notice of revocation to the Corporate Secretary of the Company before the Proxy is exercised or unless you vote your shares in person at the Annual Meeting.

ELECTRONIC AVAILABILITY OF PROXY STATEMENT AND ANNUAL REPORT

As permitted under the rules of the Securities and Exchange Commission (the "SEC"), the Company is making this Proxy Statement and its Annual Report available to its stockholders electronically via the internet. The Company is sending on or about March 21, 2012, a Notice Regarding the Availability of Proxy Materials (the "Notice") to its stockholders of record as of the close of business on March 5, 2012, which Notice will include (i) instructions on how to access the Company's proxy materials electronically, (ii) the date, time and location of the Annual Meeting, (iii) a description of the matters intended to be acted upon at the Annual Meeting, (iv) a list of the materials being made available electronically, (v) instructions on how a stockholder can request to receive paper or e-mail copies of the Company's proxy materials, (vi) any control/identification numbers that a stockholder needs to access his or her proxy card and instructions on how to access the proxy card, and (vii) information about attending the Annual Meeting and voting in person.

Stockholders of Record and Beneficial Owners

Most of the Company's stockholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholders of Record. If your shares are registered directly in your name with the Company's transfer agent, you are considered the stockholder of record with respect to those shares, and the Notice is being sent directly to you by our agent. As a stockholder of record, you have the right to vote by proxy or to vote in person at the Annual Meeting. If you received a paper copy of the proxy materials by mail instead of the Notice, the proxy materials include a proxy card or a voting instruction card for the Annual Meeting.

Beneficial Owners. If your shares are held in a brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and the Notice will be forwarded to you by your

broker or nominee. The broker or nominee is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker how to vote. Beneficial owners that receive the Notice by mail from the stockholder of record should follow the instructions included in the Notice to view the proxy statement and transmit voting instructions. If you received a paper copy of the proxy materials by mail instead of the Notice, the proxy materials include a proxy card or a voting instruction card for the Annual Meeting.

QUORUM AND VOTING

Voting Stock. The Company's common stock, par value \$0.01 per share, is the only class of securities that entitles holders to vote generally at meetings of the Company's stockholders. Each share of common stock outstanding on the record date is entitled to one vote.

Record Date. The record date for stockholders entitled to notice of and to vote at the Annual Meeting was the close of business on March 5, 2012. As of the record date, 93,091,936 shares of common stock were outstanding and entitled to be voted at the Annual Meeting.

Quorum and Adjournments. The presence, in person or by Proxy, of the holders of a majority of the outstanding shares entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting.

If a quorum is not present, a majority of the stockholders entitled to vote who are present in person or by Proxy at the Annual Meeting have the power to adjourn the Annual Meeting from time to time, without notice other than an announcement at the Annual Meeting, until a quorum is present. At any adjourned Annual Meeting at which a quorum is present, any business may be transacted that might have been transacted at the Annual Meeting as originally notified.

Vote Required. Directors will be elected by the affirmative vote of the holders of a plurality of the shares present and entitled to be voted at the Annual Meeting. Ratification of the selection of the Company's auditors will require the affirmative vote of the holders of a majority of the shares present and entitled to be voted at the Annual Meeting. An automated system that Broadridge Financial Solutions administers will tabulate the votes. Brokers who hold shares in street name for customers are required to vote shares in accordance with instructions received from the beneficial owners. Brokers are permitted to vote on discretionary items if they have not received instructions from the beneficial owners, but they are not permitted to vote (a broker non-vote) on non-discretionary items absent instructions from the beneficial owner. Brokers do not have discretionary voting authority with respect to the election of directors. For ratification of the selection of the Company's auditors, brokers will have discretionary authority in the absence of timely instructions from their customers. Abstentions and broker non-votes will count in determining whether a quorum is present at the Annual Meeting. Neither abstentions nor broker non-votes will have any effect on the outcome of voting on director elections. For purposes of voting on the ratification of the selection of auditors, abstentions will be included in the number of shares voting and will have the effect of a vote against the proposal.

Default Voting. A Proxy that is properly completed and submitted will be voted at the Annual Meeting in accordance with the instructions on the Proxy. If you properly complete and submit a Proxy, but do not indicate any contrary voting instructions, your shares will be voted as follows:

FOR the election of the three persons named in this Proxy Statement as the Board of Directors' nominees for election as Class II directors.

FOR the ratification of the selection of PricewaterhouseCoopers LLP as the Company's auditors for 2012.

If any other business properly comes before the stockholders for a vote at the meeting, your shares will be voted in accordance with the discretion of the holders of the Proxy. The Board of Directors knows of no matters, other than those previously stated, to be presented for consideration at the Annual Meeting.

ITEM ONE

Messrs. Cassidy, Reid and Shackouls are currently serving as directors of the Company. Their biographical information is contained in the Directors and Executive Officers section below.

EXECUTIVE COMPENSATION AND OTHER INFORMATION

Compensation Discussion and Analysis

This compensation discussion and analysis, or CD&A, provides information about our compensation objectives and policies for our principal executive officer, each individual who served as principal financial officer during the last completed fiscal year and our other three most highly-compensated executive officers during the last completed fiscal year, and is intended to place in perspective the information contained in the executive compensation tables that follow this discussion. This CD&A provides a general description of our compensation program and specific information about its various components.

Throughout this discussion, the following individuals are referred to as our **Named Executive Officers** and are included in the Summary Compensation Table:

Thomas B. Nusz, Chairman, President and Chief Executive Officer;

Taylor L. Reid, Executive Vice President and Chief Operating Officer;

Michael H. Lou, Executive Vice President and Chief Financial Officer (principal financial officer beginning August 1, 2011);

Roy W. Mace, Senior Vice President and Chief Accounting Officer (principal financial officer prior to August 1, 2011);

Kent O. Beers, Senior Vice President Land; and

Robert J. Candito, Senior Vice President Exploration.

For purposes of these disclosures, our group of Named Executive Officers includes two individuals who served as principal financial officer during fiscal 2011. On August 1, 2011, our Board of Directors elected Mr. Lou to the office of Executive Vice President and Chief Financial Officer to serve as our principal financial officer. Mr. Mace previously served as our principal financial officer and continues to serve as our principal accounting officer. Our Board of Directors recently re-evaluated the responsibilities of our management team and determined that our executive officers are Messrs. Nusz, Reid, Lou, Mace and Mr. Nickolas J. Lorentzatos. This determination will affect which individuals are considered to be Named Executive Officers in future years.

Although this CD&A focuses on the information in the tables below and related footnotes, as well as the supplemental narratives, relating to the fiscal year ended December 31, 2011, we also describe compensation actions taken before or after the last completed fiscal year to the extent such discussion enhances the understanding of our executive compensation disclosures. With respect to cash bonuses related to performance for the 2011 fiscal year, certain of our Named Executive Officers voluntarily elected to waive in full payment of the bonus amount awarded by our Compensation Committee. See **Elements of Our Compensation and Why We Pay Each Element** **Annual Performance-Based Cash Incentive Awards** for additional information. While no material changes to our executive compensation program were implemented during fiscal 2011, we have entered into amendments to the employment agreements with certain of our Named Executive Officers and to the Executive Change in Control and Severance Benefit Plan in which certain of our Named Executive Officers participate, which amendments were effective March 1, 2012. In addition, in connection with Mr. Lou's promotion to Executive Vice President and Chief Financial Officer, we entered into an employment agreement with him, which agreement was also effective March 1, 2012, and which incorporates the same terms as the amended employment agreements. As described in greater detail below, the terms of the agreements and plan, as applicable, have been revised to (i) eliminate the payment of any tax gross up related to excise taxes that could be imposed on our Named Executive Officers under Section 280G of the Internal Revenue Code of 1986, as amended, or the Code, as a result of potential golden parachute payments, (ii) make certain changes to the severance amounts payable to our Named Executive Officers under those arrangements, and (iii) in the case of the employment agreements only, remove the automatic renewal feature. See **Employment Agreements** and **Severance and Change in Control Arrangements** below for additional information.

Compensation Program Philosophy and Objectives

Our future success and the ability to create long-term value for our stockholders depends on our ability to attract, retain and motivate the most qualified individuals in the oil and gas industry. Our compensation program is designed to reward performance that supports our long-term strategy and achievement of our short-term goals. We believe that compensation should:

help to attract and retain the most qualified individuals in the oil and gas industry by being competitive with compensation paid to persons having similar responsibilities and duties in other companies in the same and closely related industries;

align the interests of the individual with those of our stockholders and long-term value creation;

be directly tied to the attainment of our annual performance targets and reflect individual contribution thereto;

pay for performance, whereby an individual's total compensation is heavily influenced by our performance; and

reflect the unique qualifications, skills, experience and responsibilities of each individual.

In 2011, we held our first stockholder advisory vote on the compensation paid to our Named Executive Officers for 2010, which resulted in almost 85% of the votes cast approving such compensation. As recommended by our Board of Directors, a majority of stockholders expressed their preference for an advisory vote on executive compensation occurring every two years, and we have implemented that recommendation. Our Compensation Committee evaluated the results of last year's advisory vote on executive compensation and the support expressed by stockholders, and our Compensation Committee also considered many other factors in evaluating our executive compensation programs as discussed in this CD&A, including our Compensation Committee's assessment of the interaction of our compensation programs with our corporate business objectives, evaluations of our programs by external consultants, and review of data of a peer group of companies. While each of these factors bore on our Compensation Committee's decisions regarding our Named Executive Officers' compensation, our Compensation Committee did not make any changes to our executive compensation program and policies as a result of last year's say on pay advisory vote; however, we did adopt certain changes to our employment agreement provisions and the provisions of our Executive Change in Control and Severance Benefit Plan, effective March 1, 2012, that our Compensation Committee determined to be in our best interest and in the best interest of our stockholders. Specifically, the terms of the agreements and the plan, as applicable, have been revised to (i) eliminate the payment of any tax gross up related to excise taxes that could be imposed on our Named Executive Officers under Section 280G of the Code, as a result of potential golden parachute payments, (ii) make certain changes to the severance amounts payable to our Named Executive Officers, and (iii) in the case of the employment agreements only, remove the automatic renewal feature. See *Employment Agreements* and *Severance and Change in Control Arrangements* below for additional information. Given the support stockholders expressed for our executive compensation programs, our Compensation Committee generally elected to apply the same principles in determining the types and amounts of compensation to be paid to our Named Executive Officers for 2011.

Setting Executive Officer Compensation

Our Compensation Committee makes all compensation decisions related to our Named Executive Officers. For each fiscal year, Mr. Nusz, our Chief Executive Officer, Mr. Reid, our Chief Operating Officer, and Mr. Lou, our Chief Financial Officer, together review our Named Executive Officers' current compensation and make a recommendation to our Compensation Committee on overall compensation structure and individual compensation levels for each executive officer, including themselves.

As discussed in greater detail throughout this CD&A, our Compensation Committee met numerous times during 2010 and 2011 to review and discuss executive compensation matters with respect to fiscal years 2011 and 2012. Our Compensation Committee generally intends to target the 50th percentile for base salary

within our peer group and to provide our executive officers with an opportunity to earn up to the 75th percentile for total compensation, subject to target performance metrics being satisfied. Although our Compensation Committee reviews survey information as a frame of reference, ultimately the compensation decisions are qualitative, not quantitative, and take into consideration in material part factors such as the age of the data in the survey, the particular officer's contribution to our financial performance and condition, as well as such officer's qualifications, skills, experience and responsibilities. Our Compensation Committee considers outside factors as well, such as industry shortages of qualified employees for such positions, recent experience in the marketplace, and the elapsed time between the surveys used and when compensation decisions are made. In light of these qualitative and other considerations, the base salary of a particular officer may be greater or less than the 50th percentile and total compensation may be greater or less than the 75th percentile and, in any event, our Compensation Committee recognizes that the compensation of certain of our executive officers continues to build to these targeted levels.

Our Compensation Committee reviews our executive compensation program on an annual basis. During the last quarter of 2010, our Compensation Committee reviewed recommendations regarding changes to 2011 executive compensation and, following consultation with management, in December 2010, our Compensation Committee and our Board of Directors approved certain changes to our executive compensation program for 2011 that are described in the following sections of this CD&A. Similarly, during the last quarter of 2011, our Compensation Committee reviewed preliminary recommendations regarding changes to 2012 executive compensation and met with management and other members of our Board of Directors to discuss these recommendations. In December 2011, our Compensation Committee and our Board of Directors approved certain changes to our executive compensation program for 2012 that are also discussed below.

Benchmarking and Peer Group. For 2011, members of our management team met with representatives from Longnecker, our compensation consultant, and our Compensation Committee to select a group of companies that they consider a peer group for executive and director compensation analysis purposes. This peer group was then used for purposes of developing the recommendations presented to our Board of Directors for 2011 compensation packages for our executive officers and non-employee directors. The oil and gas companies that comprise this peer group were selected primarily because they (i) have similar annual revenue, assets and market capitalization as us and (ii) potentially compete with us for executive talent. In light of the difficulty in establishing an appropriate comparison group for market capitalization prior to our initial public offering in June 2010, and our rapid growth and appreciation immediately following our initial public offering, it was determined that certain changes to the 2010 peer group were necessary in order to establish an appropriate peer group for 2011.

The 2011 peer group for compensation purposes consists of:

Berry Petroleum Company
Bill Barrett Corp.
Brigham Exploration Company
Carrizo Oil and Gas, Inc.
Comstock Resources Inc.
Goodrich Petroleum Corporation

Gulfport Energy Corp.
Resolute Energy Corp.
Rex Energy Corporation
Rosetta Resources Inc.
Swift Energy Company
Venoco Inc.

Longnecker compiled compensation data for the peer group from a variety of sources, including proxy statements and other publicly filed documents. Longnecker also provided published survey compensation data from multiple sources. This compensation data was then used to compare the compensation of our Named Executive Officers to comparably titled persons at companies within our peer group and in the survey data, generally targeting base salaries for our Named Executive Officers at the 50th percentile of our peer group, and targeting annual cash and long-term incentives so that our Named Executive Officers will have the opportunity to realize in future years total compensation up to the 75th percentile of our peer group based on company performance.

Prior to the December 2011 meeting of our Compensation Committee, Longnecker worked with members of our management team and our Compensation Committee to adjust our peer group for 2012 so that the companies considered for compensation-setting purposes continue to be appropriate comparators based on the criteria described above. The 2012 peer group for compensation purposes consists of:

Berry Petroleum Company	EXCO Resources, Inc.
Bill Barrett Corp.	Forest Oil Corporation
Brigham Exploration Company	Gulfport Energy Corp.
Cabot Oil and Gas Corporation	Quicksilver Resources Inc.
Carrizo Oil and Gas, Inc.	Resolute Energy Corp.
Comstock Resources Inc.	Rosetta Resources Inc.
Concho Resources Inc.	Swift Energy Company
Continental Resources, Inc.	Whiting Petroleum Corporation

For subsequent years, our Compensation Committee will review and re-determine on an annual basis the composition of our peer group so that the peer group will continue to consist of oil and gas exploration and production companies (i) with annual revenue, assets and market capitalization (or other appropriate metrics) similar to us and (ii) which potentially compete with us for executive talent.

Role of the Compensation Consultant. Our Compensation Committee's charter grants the committee the sole authority to retain, at our expense, outside consultants or experts to assist it in its duties. Beginning in August 2010, our Compensation Committee engaged Longnecker to advise it with respect to executive compensation matters, including development of the annual compensation peer group and an annual review and evaluation of our executive and director compensation packages generally, based on, among other things, survey data and information regarding general trends. Representatives from Longnecker periodically meet with our Compensation Committee throughout the year and advise our Compensation Committee with regard to general trends in director and executive compensation, including (i) competitive benchmarking; (ii) incentive plan design; (iii) peer group selection; and (iv) other matters relating to executive compensation. In addition, Longnecker provides our management with survey compensation data regarding our compensation peer group for each fiscal year.

Elements of Our Compensation and Why We Pay Each Element

The compensation program for our Named Executive Officers is comprised of the following four elements:

base salary;

annual performance-based cash incentive awards;

long-term equity-based compensation; and

other employee benefits.

Base Salary. Base salary is the fixed annual compensation we pay to each Named Executive Officer for performing specific job responsibilities. It represents the minimum income a Named Executive Officer may receive in any year. We pay each Named Executive Officer a base salary in order to:

recognize each executive officer's unique value and historical contributions to our success in light of salary norms in the industry and the general marketplace;

remain competitive for executive talent within our industry;

provide executives with sufficient, regularly-paid income; and

reflect position and level of responsibility.

In setting annual base salary amounts, our Compensation Committee intends to generally target by position the 50th percentile of our peer group. Our Compensation Committee reviewed data provided by Longnecker with respect to our 2011 compensation peer group and, at its December 2010 meeting, approved certain changes to the base salaries of our Named Executive Officers in order to bring the base salaries of some of our Named Executive Officers in line with this targeted level of salary. Specifically for 2011, (i) Mr. Mace's annual base salary was increased from \$195,000 to \$200,000, effective March 1, 2011, (ii) Mr. Lou's annual base salary was increased from \$185,000 to \$200,000, effective March 1, 2011, and was subsequently increased to \$275,000, effective August 1, 2011, to reflect his promotion to Executive Vice President and Chief Financial Officer, and (iii) Mr. Candito's base salary was increased from \$210,000 to \$220,000, effective March 1, 2011. The base salaries of the other Named Executive Officers were not changed for fiscal 2011 and remained at the levels established in connection with our initial public offering.

At its December 2011 meeting, our Compensation Committee reviewed data with respect to our 2012 compensation peer group and approved certain increases to the base salaries of our Named Executive Officers for fiscal 2012. These increases were primarily implemented so that the base salaries of our Named Executive Officers would more closely align with the 50th percentile of our compensation peer group (as updated for 2012) and in order to ensure that executive officers at the same level of responsibility within our organization are being consistently compensated. Our Compensation Committee recognizes that Roy Mace's base salary for 2012 is significantly above the 50th percentile of base salaries for other chief accounting officers at companies within our 2012 compensation peer group; however, our Compensation Committee believes that his base salary increase is appropriate to bring his annual base salary rate in line with the base salary rates of our other senior vice presidents and to account for his additional responsibilities in other areas of our business, including human resources, corporate services and information technology. Effective March 1, 2012, the base salaries of our Named Executive Officers were set as follows:

	2012 Base Salary	50th Percentile of 2012 Peer Group	Percentage of 50th Percentile
Thomas B. Nusz	\$ 450,000	\$ 579,265	77.68%
Taylor L. Reid	\$ 350,000	\$ 373,936	93.60%
Michael H. Lou	\$ 320,000	\$ 324,660	98.56%
Roy W. Mace	\$ 260,000	\$ 175,873	147.83%
Kent O. Beers	\$ 260,000	\$ 261,771	99.32%
Robert J. Candito	\$ 260,000	\$ 288,528	90.11%

Annual Performance-Based Cash Incentive Awards. We have historically utilized, and expect to continue to utilize, performance-based annual cash incentive awards to reward achievement of specified performance goals for the company as a whole with a time horizon of one year or less. We include an annual performance-based cash incentive award as part of our compensation program because we believe this element of compensation helps to:

motivate management to achieve key shorter-term corporate objectives, and

align executives' interests with our stockholders' interests.

Our annual cash performance incentive program for our Named Executive Officers is governed by our 2010 Annual Incentive Compensation Plan (the "Incentive Plan"). For 2011, the annual performance incentive metrics included most of the same metrics that we utilized for the 2010 fiscal year, such as reserve growth and efficiency, cost structure (operating costs and general and administrative expenses), and specified milestones relating to our short- and long-term strategic objectives, including the successful execution of our business plan, securing capital, development and management of our project inventory and organizational improvements. In addition, while we evaluated overall production growth and adjusted EBITDAX in 2010, we also considered these two metrics on a per share basis for fiscal 2011 because we believe these are good indicators of performance for public companies. Further, certain broad categories such as reserve growth and efficiency and cost structure

also included specific, quantifiable metrics to be consistent with the remaining categories. We set threshold, target and maximum levels for the performance metrics to serve as a guideline for determining the actual bonus amounts earned by our Named Executive Officers for 2011. In general, for our Named Executive Officers, our Board of Directors attempted to set objectives for 2011 such that there was approximately a 90% probability of achieving the threshold performance metrics, a 60% probability of achieving the target performance metrics and a 20% probability of achieving the maximum performance metrics. In setting the performance incentive metrics for 2011, our Board of Directors conducted a historical analysis of the extent to which targets were met in prior years.

Our performance goals serve more as guidelines for our Compensation Committee to utilize throughout the year to ensure that our goals and targets will ultimately reflect our true performance. The performance goals are only one factor utilized by our Compensation Committee, alongside a number of other subjective features, such as extenuating market circumstances, individual performance and safety performance, when determining actual amounts of awards. Our Compensation Committee retains the ability to apply discretion to awards based on extenuating market circumstances or individual performance and to modify amounts based on safety performance.

If we achieve the target performance metric, the cash incentive awards are expected to be paid at target levels. In order to create additional incentive for exceptional company performance based on the metrics described above and the discretion of our Compensation Committee, awards can be up to a maximum percentage of the base salary designated for each Named Executive Officer, but it is not expected that payment at this level would occur in most years. For 2011, the target award to Mr. Nusz was set at 80% of 2011 base salary and could range from 40% to 160% of 2011 base salary, depending on performance relative to specified performance metrics and subject to the discretion of our Compensation Committee. In the case of Mr. Reid and Mr. Lou, the target award was set at 60% of their respective 2011 base salary amounts and could range from 30% to 120% of 2011 base salary. Target awards for the remaining Named Executive Officers were set at 50% of 2011 base salary and could range between 25% and 100% of 2011 base salary. In general, the actual results we attained with respect to the company performance metrics for 2011 were slightly below our targeted performance goals.

Our Compensation Committee reviewed our performance for 2011, along with the other subjective factors discussed above, with members of management and our full Board of Directors to determine the cash incentive award amounts to be awarded to our Named Executive Officers with respect to 2011. As a result of performance attained in 2011, each Named Executive Officer was awarded less than his target bonus amount, but more than the threshold bonus amount. Although they were awarded annual bonus amounts by our Compensation Committee for 2011, Messrs. Nusz, Reid and Lou voluntarily elected not to receive any bonus payments with respect to fiscal 2011. The 2011 incentive awards earned by and paid to our other Named Executive Officers are as follows: (i) Mr. Mace \$85,000, (ii) Mr. Beers \$95,625, and (iii) Mr. Candito \$93,500. On February 15, 2012, these incentive awards were paid in cash to our Named Executive Officers.

With respect to annual incentive awards for 2012, our Compensation Committee has adopted substantially the same performance metrics as those applicable to the 2011 incentive awards. At its December 2011 meeting, our Compensation Committee increased the threshold, target, and maximum percentages of base salary that each Named Executive Officer is eligible to earn with respect to 2012 annual incentive awards to the following levels: (i) Mr. Nusz 60% (threshold), 120% (target), and 240% (maximum), (ii) Messrs. Reid and Lou 40% (threshold), 80% (target), and 160% (maximum), and (iii) other Named Executive Officers 30% (threshold), 60% (target), and 120% (maximum). These increases were made in order to give our Named Executive Officers the opportunity to realize total compensation in future years up to the 75th percentile of our 2012 compensation peer group. On a going forward basis, our Compensation Committee will determine appropriate methods of evaluating our Company's achievement relative to various performance metrics and will determine if the current categories and associated metrics should be adjusted for future fiscal years.

Long-Term Equity-Based Incentives. We believe a formal long-term equity incentive program is important and consistent with the compensation programs of the companies in our peer group. We maintain a Long-Term Incentive Plan, or LTIP, which permits the grant of our stock, options, restricted stock, restricted stock units, phantom stock, stock appreciation rights and other awards, any of which may be designated as performance awards or be made subject to other conditions, to our Named Executive Officers and other eligible employees. We believe that long-term equity-based incentive compensation is an important component of our overall compensation program because it:

balances short and long-term objectives;

aligns our executives' interests with the long-term interests of our stockholders;

rewards long-term performance relative to industry peers;

makes our compensation program competitive from a total remuneration standpoint;

encourages executive retention; and

gives executives the opportunity to share in our long-term value creation.

Our Compensation Committee has the authority under the LTIP to award incentive equity compensation to our executive officers in such amounts and on such terms as the committee determines appropriate in its sole discretion. To date, our long-term equity-based incentive compensation has consisted of restricted stock awards; however, our Compensation Committee may determine in the future that different and/or additional award types are appropriate. We believe restricted stock awards effectively align our executive officers with the interests of our stockholders on a long-term basis and have retentive attributes. Our Compensation Committee currently makes annual awards of restricted stock to our Named Executive Officers with an aggregate value at the time of grant equal to a specified percentage of the individual's base salary for the year.

At its December 2010 meeting, our Board of Directors approved annual restricted stock awards to our Named Executive Officers. These awards will vest ratably over a three-year period, with the first 1/3 tranche vesting on March 15, 2012, provided the award recipient remains continuously employed through the applicable vesting dates. The vesting of these awards will accelerate in full if the award recipient's employment is terminated due to either death or disability, and the awards are subject to the accelerated vesting provisions contained in any existing employment agreement or in our Executive Change in Control and Severance Benefit Plan, to the extent an award recipient participates in the plan. The awards were granted to our Named Executive Officers on March 15, 2011 in the following amounts: (i) Mr. Nusz 15,000 restricted shares, (ii) Mr. Reid 10,600 restricted shares, (iii) Mr. Mace 9,350 restricted shares, (iv) Mr. Lou 8,900 restricted shares, (v) Mr. Beers 6,500 restricted shares, and (vi) Mr. Candito 6,050 restricted shares. The awards to Mr. Nusz and Mr. Reid were intended to represent a number of shares with an aggregate value approximately equal to 120% and 100%, respectively, of the officers' 2010 base salaries. Mr. Mace's and Mr. Lou's awards were set at approximately 125% of their 2010 base salaries, with a portion of each of their awards made in recognition of certain contributions made to our initial public offering process. The awards for Messrs. Beers and Candito were set at 75% of their 2010 base salaries.

In addition to the annual grant described above, in connection with his promotion to Executive Vice President and Chief Financial Officer in August 2011, Mr. Lou was awarded a one-time restricted stock award with an aggregate value on the date of grant approximately equal to \$275,000, or 9,100 restricted shares. This restricted stock award vests ratably over three years, with the first 1/3 tranche vesting on August 1, 2012, and is subject to the same accelerated vesting provisions described above for the annual grants.

At its December 2011 meeting, our Board of Directors again approved annual restricted stock awards to our Named Executive Officers, with the number of shares awarded to each Named Executive Officer determined based on the following percentages of base salary and the value of our common stock at the time of grant: (i) Mr. Nusz 200%; (ii) Mr. Reid and Mr. Lou 150%; and (iii) remaining Named Executive Officers 100%.

The number of shares of restricted stock granted to each Named Executive Officer is as follows: (i) Mr. Nusz 28,840 restricted shares, (ii) Mr. Reid 16,820 restricted shares, (iii) Mr. Mace 6,410 restricted shares, (iv) Mr. Lou 13,220 restricted shares, (v) Mr. Beers 7,210 restricted shares, and (vi) Mr. Candito 7,050 restricted shares. These awards were granted to our Named Executive Officers on February 15, 2012 and will vest ratably over a three year period, subject to the same accelerated vesting terms as the prior annual restricted stock awards. In addition, at its December 2011 meeting, our Board of Directors approved a one-time retention grant of restricted stock to our Named Executive Officers. This retention grant was made to further align the interests of our executives with those of our stockholders and to encourage our executives continued service. The number of shares of restricted stock granted to each Named Executive Officer in connection with this retention grant is as follows: (i) Mr. Nusz 64,400 restricted shares, (ii) Mr. Reid 38,580 restricted shares, (iii) Mr. Mace 16,840 restricted shares, (iv) Mr. Lou 34,140 restricted shares, (v) Mr. Beers 16,090 restricted shares, and (vi) Mr. Candito 16,390 restricted shares. These restricted stock awards will vest on retirement (on or after attainment of age 60 and three years of service following the date of grant of the award), or upon other termination events, including death and disability, or upon the occurrence of a change in control.

With respect to annual restricted stock grants to be awarded in future years, our Compensation Committee has not, to date, adopted any changes to the base salary percentages to be used in determining the aggregate value of the awards to be granted to our Named Executive Officers.

Employee Benefits. In addition to the elements of compensation previously discussed in this section, our Named Executive Officers are eligible for the same health, welfare and other employee benefits as are available to all our employees generally, which include medical and dental insurance, short and long-term disability insurance, a health and/or professional club subsidy and a 401(k) plan with a dollar-for-dollar match on the first 5% of eligible employee compensation. Beginning January 1, 2012, the matching contributions under the 401(k) plan were increased to cover the first 6% of eligible employee compensation, and the plan was amended to give our Board of Directors the discretion to make an additional contribution to the plan for a plan year in an amount up to 6% of each participant's eligible compensation for the year. We do not sponsor any defined benefit pension plan or nonqualified deferred compensation arrangements at this time.

The general benefits offered to all employees (and thus to our Named Executive Officers) are reviewed by our Compensation Committee each year. Currently, we do not provide our Named Executive Officers with any other special benefits or perquisites that are not available to all other employees. In the future, benefits offered only to Named Executive Officers will be reviewed by our Compensation Committee in conjunction with its annual review of executive officer compensation.

How Elements of Our Compensation Program are Related to Each Other

We view the various components of compensation as related but distinct and emphasize pay for performance with a portion of total compensation reflecting a risk aspect tied to long- and short-term financial and strategic goals. Our compensation philosophy is to foster entrepreneurship at all levels of the company by awarding long-term equity-based incentives, currently in the form of restricted stock grants, as a significant component of executive compensation. We determine the appropriate level for each compensation component based in part, but not exclusively, on our view of internal equity and consistency, and other considerations we deem relevant, such as rewarding extraordinary performance. We have not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid out compensation, between cash and non-cash compensation, or among different forms of non-cash compensation. However, we believe that our compensation packages are representative of an appropriate mix of compensation elements, and we anticipate that we will continue to utilize a similar, though not identical, mix of compensation in future years. The approximate allocation of compensation elements in the 2011 compensation packages for each Named Executive Officer (based on each Named Executive Officer's annualized base salary as in effect on December 31, 2011, and target amounts of compensation with respect to annual cash incentive bonus awards and annual restricted stock awards) is as follows:

	Thomas B. Nusz	Taylor L. Reid and Michael H. Lou	Other Named Executive Officers
Base Salary	26%	32%	40%
Annual Cash Incentive Bonus (1)	21%	19%	20%
Restricted Stock Awards (2)	53%	49%	40%
Total	100%	100%	100%

- (1) The annual cash incentive bonuses actually paid for 2011 performance were less than the target levels for each Named Executive Officer and Messrs. Nusz, Reid and Lou voluntarily elected not to receive bonuses for 2011.
- (2) Does not take into account the restricted stock award made to Mr. Lou in connection with his promotion to Executive Vice President and Chief Financial Officer and described above under Elements of Our Compensation and Why We Pay Each Element Long-Term Equity-Based Incentives.

Accounting and Tax Considerations

Under Section 162(m) of the Code a limitation was placed on tax deductions of any publicly-held corporation for individual compensation to certain executives of such corporation exceeding \$1,000,000 in any taxable year, unless the compensation is performance-based. An exception applies to this deductibility limitation with respect to certain compensation for a limited period of time in the case of companies that become publicly-traded, and we are currently within the applicable transition period.

With respect to compensation that is potentially subject to the Section 162(m) deductibility limitations, we reserve the right to use our judgment to authorize payments that do not comply with the exemptions in Section 162(m) when we believe that such payments are appropriate and in the best interest of the stockholders, after taking into consideration changing business conditions or the executive's individual performance and/or changes in specific job duties and responsibilities. During 2011, none of our Named Executive Officers received salary, bonus, vesting of restricted stock or other compensation that, in the aggregate, exceeded the tax deductible limitations under Section 162(m).

If an executive is entitled to nonqualified deferred compensation benefits that are subject to Section 409A of the Code, and such compensation does not comply with Section 409A, then the benefits are taxable in the first year they are not subject to a substantial risk of forfeiture and are subject to certain additional adverse tax consequences. We intend to design any such arrangements with our Named Executive Officers and other service providers to be exempt from, or to comply with, Section 409A.

All equity awards to our employees, including our Named Executive Officers, and to our directors will be granted and reflected in our consolidated financial statements, based upon the applicable accounting guidance, at fair market value on the grant date in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), Topic 718, Compensation Stock Compensation.

Employment Agreements

On June 18, 2010, we entered into employment agreements with Messrs. Nusz and Reid, and we entered into an employment agreement with Mr. Lou, effective March 1, 2012. The employment agreements with Messrs. Nusz and Reid were amended effective March 1, 2012, as described below, and the employment agreement with Mr. Lou incorporates the same terms as the amended employment agreements. These employment agreements are designed to ensure an individual understanding of how the employment relationship may be extended or terminated, the compensation and benefits that we provide during the term of employment and the obligations each party has in the event of termination of the officer's employment. We have not entered into employment agreements with any of our other employees and we expect the remainder of our employees to remain at will. In consultation with our compensation consultant, Longnecker, we determined that, due to the historical roles they have played in our success and growth, Messrs. Nusz and Reid are critical to the ongoing stability and development of the business and, therefore, entering into employment agreements with these individuals was advisable. In addition, in light of Mr. Lou's promotion to Executive Vice President and Chief Financial Officer, we determined that it was in our best interest to enter into an employment agreement with him in recognition of his new level of responsibility.

The employment agreements, as amended (in the case of Messrs. Nusz and Reid), provide for an initial three-year term that may be renewed upon agreement between us and the executive prior to the end of the then-current term. Prior to March 1, 2012, the employment agreements with Messrs. Nusz and Reid included provisions providing for an automatic extension of the employment term; however, in consultation with our compensation consultant, Longnecker, we determined that eliminating the automatic extension would better protect us from unintended contract continuation and would encourage more frequent evaluation of the terms of these agreements. Mr. Lou's employment agreement does not contain an automatic extension provision.

The employment agreements, as amended (in the case of Messrs. Nusz and Reid), provide for specified annual base salary rates (at the respective 2012 base salary levels set forth above under Elements of Our Compensation and Why We Pay Each Element Base Salary), which may be increased (but not decreased) by our Board of Directors in its discretion. The employment agreements also provide that the executives are eligible to receive annual performance-based bonuses each year during the employment term. The target amount of each annual bonus is a certain percentage of the executive's base salary for the year (specified in the employment agreements at the respective 2012 target percentage levels set forth above under Elements of Our Compensation and Why We Pay Each Element Annual Performance-based Cash Incentive Awards), and greater or lesser amounts may be paid depending on the performance actually achieved. The employment agreements also provide the executives with the opportunity to participate in the employee benefit arrangements offered to similarly situated executives and provide that they may periodically receive stock grants pursuant to our long-term incentive compensation plan.

The employment agreements provide for severance and change in control benefits to be paid to Messrs. Nusz, Reid and Lou under certain circumstances. The severance benefits are provided to reflect the fact that it may be difficult for executive officers to find comparable employment within a short period of time if they are involuntarily terminated. Change in control benefits are provided in order that the executives may objectively assess and pursue aggressively our interests and the interests of our stockholders with respect to a contemplated change in control, free from personal, financial and employment considerations. The employment agreements also impose certain non-compete, non-disclosure and similar obligations on the executives.

The severance and change in control benefits and the post-termination obligations imposed on the executives are described in greater detail below. See [Executive Compensation Potential Payments Upon Termination and Change in Control](#). Certain changes to the severance benefits included in the employment agreements with Messrs. Nusz and Reid were made as part of the amendments effective March 1, 2012, and these changes are described in greater detail below under [Executive Compensation Potential Payments Upon Termination and Change in Control](#).

Severance and Change in Control Arrangements

As described above, the employment agreements provide certain benefits and compensation to Messrs. Nusz, Reid and Lou in the event of certain terminations from employment, including in connection with a change in control. These benefits are described in greater detail in the section below entitled [Executive Compensation Potential Payments Upon Termination and Change in Control](#).

For executive officers and other key employees who do not have employment agreements with us, our Board of Directors adopted an Executive Change in Control and Severance Benefit Plan to provide severance and change in control benefits to participants. During fiscal 2011 and prior to the March 1, 2012 effective date of his employment agreement with us, Mr. Lou was a participant in the Executive Change in Control and Severance Benefit Plan. We believe that adoption of the Executive Change in Control and Severance Benefit Plan was appropriate because we believe that the interests of our stockholders are best served if we provide separation benefits to eliminate, or at least reduce, the reluctance of executive officers and other key employees to pursue potential corporate transactions that may be in the best interests of our stockholders, but that may have resulting adverse consequences to the employment situations of our executive officers and other key employees. Further, this plan ensures an understanding of what benefits are to be paid to participants in the event of termination of their employment in certain specified circumstances and/or upon the occurrence of a change in control. The payments and benefits provided under the Executive Change in Control and Severance Benefit Plan are subject to compliance with certain post-employment obligations regarding the use of confidential and/or proprietary information and limiting the ability of participants to compete with us or solicit our employees or customers. The payments and benefits offered under the Executive Change in Control and Severance Benefit Plan are described in greater detail under [Executive Compensation Potential Payments Upon Termination and Change in Control](#). The Executive Change in Control and Severance Benefit Plan was amended, effective March 1, 2012, to make certain changes to the severance benefits provided under the plan. These changes are described in greater detail below under [Executive Compensation Potential Payments Upon Termination and Change in Control](#).

Gross-Ups. As in effect during 2011, the employment agreements with Messrs. Nusz and Reid, and our Executive Change in Control and Severance Benefit Plan in which other Named Executive Officers participate, included provisions providing for tax gross-up payments in the event (i) a covered executive received golden parachute payments in connection with a change in control and (ii) a reduction of more than 10% of the amount of aggregate payments due would be needed in order for the payments to fall within the safe harbor amount for Section 280G purposes such that no excise taxes would be imposed. As described in greater detail below under [Executive Compensation Potential Payments Upon Termination and Change in Control](#), these arrangements were amended, effective March 1, 2012, to eliminate any potential tax gross-up payments. We determined that elimination of these potential additional payments was in our best interest and in the best interest of our stockholders. The amended arrangements include provisions providing that the executive will be required to pay in full any excise taxes associated with any golden parachute payments received, unless reducing the payments to the executive within the Section 280G safe harbor amount would put the executive in a better net after-tax position.

Stock Ownership Guidelines

Our Board of Directors has adopted Stock Ownership Guidelines that establish minimum ownership levels for Named Executive Officers and a period during which Named Executive Officers should accumulate stock if they were not yet at minimum levels when the guidelines were adopted in November 2010. The Stock Ownership

Guidelines are advisory in nature and designate the following ownership levels: (i) Vice Presidents one times annual base salary, (ii) Senior Vice Presidents and above two times annual base salary, and (iii) Chairman, President and Chief Executive Officer five times annual base salary. All of our Named Executive Officers currently own stock in excess of the minimum ownership levels. For our non-employee directors, the Stock Ownership Guidelines designate a minimum ownership level of three times the annual cash retainer fee.

Securities Trading Policy

Our securities trading policy provides that executive officers, including our Named Executive Officers, and our directors, may not, among other things, purchase or sell puts or calls to sell or buy our stock, engage in short sales with respect to our stock, buy our securities on margin, or otherwise hedge their ownership of our stock. The purchase or sale of stock by our executive officers and directors may only be made during certain windows of time and under the other conditions contained in our policy.

Clawback Policy

To date, our Board of Directors has not adopted a formal clawback policy to recoup incentive based compensation upon the occurrence of a financial restatement, misconduct, or other specified events. However, restricted stock agreements covering grants made to our Named Executive Officers and other service providers in 2011 and later years do include language providing that the award may be cancelled and the award recipient may be required to reimburse us for any realized gains to the extent required by applicable law or any clawback policy that we adopt. Our Compensation Committee is currently evaluating the practical, administrative and other implications of implementing and enforcing a clawback policy, and intends to adopt a clawback policy in compliance with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 once additional guidance is promulgated by the SEC.

Narrative Discussion of Summary Compensation Table and Grants of Plan-Based Awards Table

Our executive compensation policies and practices, pursuant to which the compensation set forth in the Summary Compensation Table and Grants of Plan-Based Awards Table was paid or awarded, are described above in the CD&A.

Employment Agreements

During fiscal 2011, we had employment agreements with Messrs. Nusz and Reid, which became effective June 18, 2010. As in effect during 2011, these employment agreements provided that Messrs. Nusz and Reid would each receive an annual base salary, which could be increased by our Board of Directors in its discretion. The employment agreements also provided that Messrs. Nusz and Reid are eligible to receive annual performance-based bonuses each year during the employment term. As set forth in the employment agreements that were in effect during 2011, the target amount of each annual bonus was 80% for Mr. Nusz and 60% for Mr. Reid of the executive's base salary for the year, and greater or lesser amounts could have been paid depending on the performance actually achieved. These employment agreements also provided Messrs. Nusz and Reid with the opportunity to participate in the employee benefit arrangements offered to similarly situated executives and provided that they may periodically receive grants pursuant to our LTIP.

More detail regarding the employment agreements with Messrs. Nusz and Reid, including information regarding the amendment to those agreements that became effective March 1, 2012, is provided in the section above entitled "Compensation Discussion and Analysis - Employment Agreements." The severance and change in control benefits provided by the employment agreements, including a discussion of the changes made to those benefits effective March 1, 2012, are described below in the section entitled "Potential Payments upon Termination and Change in Control - Employment Agreements."

Restricted Stock Awards

On March 15, 2011, each of our Named Executive Officers received a 2011 annual grant of restricted shares under our LTIP. These restricted shares vest in three substantially equal annual installments on March 15, 2012, March 15, 2013, and March 15, 2014 (so that the awards will be 100% vested on March 15, 2014), provided a Named Executive Officer remains an employee continuously from the date of grant through the applicable vesting date. In addition, on August 1, 2011, Mr. Lou received a one-time restricted stock grant in connection with his promotion to Executive Vice President and Chief Financial Officer, which award will vest ratably over three years, with the initial 1/3 tranche vesting on August 1, 2012.

All restricted stock awards will become fully vested if a Named Executive Officer's employment is terminated due to either death or disability. In addition, the awards are subject, as applicable, to the accelerated vesting provisions in the employment agreements and in the Executive Change in Control and Severance Benefit Plan. These accelerated vesting provisions are described in greater detail below in the section entitled "Potential Payments upon Termination or Change in Control." While a Named Executive Officer holds unvested restricted shares, he is entitled to all the rights of ownership with respect to the shares, including the right to vote the shares and to receive dividends thereon, which dividends must be paid within 30 days of the date dividends are distributed to our stockholders generally.

The accelerated vesting provisions applicable to these awards are described above under Narrative Discussion of Summary Compensation Table and Grants of Plan-Based Awards Table. Even though these awards were not actually issued until March 15, 2011, they are included in the Stock Awards column of the Summary Compensation Table as 2010 compensation for last year's Named Executive Officers since they were approved by our Compensation Committee on December 15, 2010 in settlement of a portion of the annual bonus award attributable to 2010 services.

Pension Benefits

Other than our 401(k) plan, we do not have any plan that provides for payments or other benefits at, following, or in connection with, retirement.

Non-Qualified Deferred Compensation

We do not have any plan that provides for the deferral of compensation on a basis that is not tax qualified.

Potential Payments Upon Termination and Change in Control

During fiscal 2011, we had employment agreements with Messrs. Nusz and Reid containing provisions regarding payments to be made to such individuals upon termination of their employment in certain circumstances, including in connection with a change in control. We also maintain an Executive Change in Control and Severance Benefit Plan, in which our Named Executive Officers, other than Messrs. Nusz and Reid, participated during fiscal 2011.

Effective March 1, 2012, we amended the employment agreements with Messrs. Nusz and Reid and certain provisions of the Executive Change in Control and Severance Benefit Plan, and we entered into an employment agreement with Mr. Lou (which made him ineligible for continued participation in the Executive Change in Control and Severance Benefit Plan), which agreement incorporates the same terms as the amended employment agreements with Messrs. Nusz and Reid. As described in greater detail below, the terms of the agreements and plan, as applicable, have been revised to (i) eliminate the payment of any tax gross up related to excise taxes that could be imposed on our Named Executive Officers under Section 280G of the Code as a result of potential golden parachute payments, (ii) make certain changes to the severance amounts payable to our Named Executive Officers under those arrangements, and (iii) in the case of the employment agreements only, remove the automatic renewal feature. We believe elimination of the potential tax gross up payment and automatic renewal provision reflect best practices and is in the best interest of our stockholders because it reduces potential expenses related to these agreements. Further, we believe the revised severance and change in control benefits, which are pointed out below, more closely align with similar benefits provided by companies in our peer group than the previous construct in the agreements.

The employment agreements and the Executive Change in Control and Severance Benefit Plan, as such arrangements were in effect during fiscal 2011, are described in detail in last year's proxy statement, filed with the SEC on March 16, 2011, in the section entitled Potential Payments Upon

Termination and Change in Control. In order to provide our stockholders with the most relevant and up-to-date disclosures regarding our currently existing arrangements, the following disclosure discusses and quantifies the benefits under the employment agreements and the Executive Change in Control and Severance Benefit Plan, in the revised forms that became effective March 1, 2012.

Employment Agreements

Under the employment agreements with Messrs. Nusz, Reid and Lou, upon any termination of employment, the executives are entitled to receive accrued but unpaid salary, any unpaid annual performance bonus earned for the calendar year prior to the year in which the executive terminates, reimbursement of eligible expenses and any employee benefits due pursuant to their terms. In addition, if the executives are terminated due to death or disability, then they will be entitled to receive the following amounts: (i) a pro-rata portion of the annual performance bonus for the calendar year of termination, (ii) an amount equal to 12 months' worth of the executive's base salary, payable in a lump sum within 60 days or by March 15 of the year following termination, whichever is earlier, and (iii) an amount equal to 18 months' worth of COBRA premiums, if the executive elects and remains eligible for COBRA.

If we terminate the employment of Messrs. Nusz, Reid or Lou for reasons other than cause (including if we do not elect to renew the employment agreement with the executive), or if the executive terminates employment for good reason, then the executive will be entitled to receive the following amounts: (i) a pro-rata portion of the annual performance bonus for the calendar year of termination; (ii) an amount equal to the sum of (a) the aggregate amount of base salary payable for the remainder of the employment term (or, if greater, an amount equal to 12 months' worth of the executive's base salary (for Mr. Nusz, this has been increased to 24 months' worth of base salary)), plus (b) the aggregate of each annual target performance bonus the executive would have been entitled to receive if he had continued to perform services for the remainder of the then-current employment term (or, if greater, one times the target performance bonus that the executive would have been eligible to receive for the calendar year of termination (for Mr. Nusz, this has been increased to two times the target performance bonus)), payable in equal monthly installments (with amounts in excess of certain limitations under Section 409A of the Code payable in a lump sum within 60 days); (iii) an amount equal to 18 months' worth of COBRA premiums, if the executive elects and remains eligible for COBRA; and (iv) accelerated vesting of all outstanding equity awards. Severance amounts, other than the pro-rata bonus amount, are subject to the executive's delivery to us (and nonrevocation) of a release of claims within 50 days of his termination date.

In the event a change in control occurs, all outstanding equity awards held by Messrs. Nusz, Reid and Lou will be immediately vested in full. In addition, in the event Messrs. Nusz, Reid and Lou are terminated by us other than for cause (including if we do not elect to renew the employment agreements) or if the executive terminates employment for good reason, in each case, within 24 months following a change in control, the executives (or their respective estates) are entitled to receive (i) an amount equal to 2.99 times the sum of (a) the executive's annualized base salary, and (b) the target annual performance bonus he is eligible to receive for the then-current year if he had continued to perform services for the remainder of the calendar year of termination (or, if greater, the average performance bonus paid to the executive for the two calendar years preceding the date of termination); and (ii) an amount equal to 18 months' worth of COBRA premiums, if the executive elects and is eligible to receive COBRA. The severance multiplier under the prior agreements was two, and the bonus calculation included the maximum potential annual performance bonus, instead of the target level. In addition, the protection period following a change in control was extended from 12 months to 24 months, consistent with the terms of the Executive Change in Control and Severance Benefit Plan. If Messrs. Nusz, Reid and Lou are terminated in connection with a change in control and would receive greater benefits under another provision of their employment agreements, they will be entitled to receive the greater benefits.

In the event any payments made pursuant to the employment agreements in connection with a change in control would result in an executive receiving golden parachute payments that are subject to excise tax under Section 280G of the Code, we will not provide any gross-up payment for such excise taxes. Instead, the

employment agreements provide that any golden parachute payments will be paid to the executive in full (with the executive responsible for paying in full any related excise tax liability), unless reducing the amount of such payments to \$1 less than the 280G safe harbor amount would result in a better net after tax position for the executive. Generally, the 280G safe harbor amount is equal to three times the executive's average annual compensation from us for the preceding five years, or such lesser period during which the executive was employed by us.

Messrs. Nusz, Reid and Lou are subject to certain confidentiality, noncompete and nonsolicitation provisions contained in the employment agreements. The confidentiality covenants are perpetual, while the noncompete and nonsolicitation covenants apply during the term of the employment agreements and for 12 months following the employee's termination date, except that the latter covenants will cease to apply if the executive is terminated for any reason on or after a change in control.

Executive Change in Control and Severance Benefit Plan

Our Executive Change in Control and Severance Benefit Plan provides severance and change in control benefits to our Named Executive Officers (other than Messrs. Nusz, Reid and Lou). Participants in the Executive Change in Control and Severance Benefit Plan are entitled to receive, upon any termination of their employment, accrued but unpaid base salary, any unpaid annual performance bonus earned for the calendar year prior to the year in which the participant's employment is terminated, reimbursement of eligible expenses and any employee benefits due pursuant to their terms. In addition, if a participant in the Executive Change in Control and Severance Benefit Plan is terminated due to death or disability, then the participant is entitled to receive the following amounts: (i) a pro-rata portion of the annual performance bonus for the calendar year of termination, (ii) an amount equal to 12 months' worth of the participant's base salary, payable in a lump sum, and (iii) an amount equal to 18 months' worth of COBRA premiums, if the participant elects and remains eligible for COBRA.

If we terminate the employment of a participant in the Executive Change in Control and Severance Benefit Plan for a reason other than cause or if a participant terminates employment for good reason, then the participant is entitled to receive the following amounts: (i) a pro-rata portion of the annual performance bonus for the calendar year of termination, (ii) an amount equal to 12 months' worth of the participant's base salary, payable in 12 equal monthly installments, (iii) a lump sum payment equal to the participant's target performance bonus for the year of termination (this bonus-related payment was not included in the prior plan), (iv) an amount equal to 18 months' worth of COBRA premiums, if the participant elects and remains eligible for COBRA, and (v) accelerated vesting of all outstanding equity awards. Severance amounts, other than the pro-rata bonus amount, are subject to the participant's delivery to us (and nonrevocation) of a release of claims within 50 days of the termination date.

In the event a change in control occurs, all outstanding equity awards held by participants in the Executive Change in Control and Severance Benefit Plan will be immediately vested in full. In addition, in the event a participant is terminated by us other than for cause or if the participant terminates employment for good reason, in each case, within 24 months following a change in control, the participant (or his or her estate) is entitled to receive (i) an amount equal to two times the sum of (a) the participant's annualized base salary and (b) the participant's target performance bonus for the calendar year in which the change in control occurs, and (ii) an amount equal to 18 months' worth of COBRA premiums, if the participant elects and remains eligible for COBRA. If the employment of a participant in the Executive Change in Control and Severance Benefit Plan is terminated in connection with a change in control and the participant would receive greater benefits under another provision of the Executive Change in Control and Severance Benefit Plan, the participant will be entitled to receive the greater benefits.

In the event any payments made pursuant to the Executive Change in Control and Severance Benefit Plan in connection with a change in control would result in an executive receiving golden parachute payments that are

subject to excise tax under Section 280G of the Code, we will not provide any gross-up payment for such excise taxes. Instead, the Executive Change in Control and Severance Benefit Plan provides that any golden parachute payments will be paid to the participant in full (with the participant responsible for paying in full any related excise tax liability), unless reducing the amount of such payments to \$1 less than the 280G safe harbor amount would result in a better net after tax position for the participant. Generally, the 280G safe harbor amount is equal to three times the participant's average annual compensation from us for the preceding five years, or such lesser period during which the participant was employed by us.

Participants in the Executive Change in Control and Severance Benefit Plan are subject to certain confidentiality, noncompete and nonsolicitation provisions contained in the plan. The confidentiality provisions are perpetual, while the noncompete and nonsolicitation covenants apply while a participant is employed by us and for 12 months following the participant's employment termination date, except that the latter covenants will cease to apply if the participant is terminated for any reason on or after a change in control.

Under our 2010 Annual Incentive Compensation Plan, upon the occurrence of a change in control, participants (including our Named Executive Officers) will receive the target annual cash bonus award amount that the participant is eligible to earn for the calendar year in which the change in control occurs, payable within 30 days after the date of the change in control.

For purposes of the employment agreements, the Executive Change in Control and Severance Benefit Plan and the 2010 Annual Incentive Compensation Plan, the terms listed below are defined as follows:

(i) *cause* means (a) the executive has been convicted of a misdemeanor involving moral turpitude or a felony, (b) the executive has engaged in grossly negligent or willful misconduct in performing his duties, which has a material detrimental effect on us, and (with respect to participants in the Executive Change in Control and Severance Benefit Plan) which acts continued for a period of 30 days after notice of such failure of performance, (c) the executive has breached a material provision of the employment agreement or the plan, as applicable, (d) the executive has engaged in conduct that is materially injurious to us or (e) the executive has committed an act of fraud. Messrs. Nusz, Reid and Lou will have a limited period of 30 days to cure events (unless the cause event is that described in clause (a) above).

(ii) *change in control* means (a) a person acquires 50% or more of our outstanding stock or outstanding voting securities, subject to certain limited exceptions, (b) individuals who serve as board members on the effective date of the employment agreements or the plan, as applicable (or who are subsequently approved by a majority of such individuals), cease for any reason to constitute at least a majority of our Board of Directors, (c) consummation of a reorganization, merger, consolidation or a sale of all or substantially all of our assets, subject to certain limited exceptions, or (d) approval by our stockholders of a complete liquidation or dissolution.

(iii) *disability* means the executive's inability to perform the executive's essential functions with or without reasonable accommodation, if required by law, due to physical or mental impairment.

(iv) *good reason* means, without the executive's express written consent, (a) a material breach by us of the employment agreement or of our obligations under the plan, as applicable, (b) a material reduction in the executive's base compensation, (c) a material diminution in the executive's authority, duties or responsibilities, (d) a change in the geographic location where the executive must normally perform services by more than 50 miles or (e) a requirement that the executive report to an employee instead of to our Board of Directors (for Mr. Nusz) or a material reduction in the authority, duties or responsibilities of the person to whom the executive reports (for all other Named Executive Officers). The executive must notify us within 60 days of the occurrence of any such event and we have 30 days following notice to cure.

Restricted Stock Awards

Our Named Executive Officers each hold outstanding awards of restricted stock under our LTIP as previously described in the sections above entitled Compensation Discussion and Analysis Elements of Our Compensation and Why We Pay Each Element Long-Term Equity-Based Incentives and Executive Compensation Narrative Discussion to the Summary Compensation Table and the Grants of Plan-Based Awards Table. The vesting of the restricted stock awards will accelerate in full if a Named Executive Officer's employment is terminated due to either death or disability. In addition, the awards are subject to the accelerated vesting provisions contained in, as applicable, the employment agreements and the Executive Change in Control and Severance Benefit Plan, which are described above in this section Potential Payments upon Termination and Change in Control. For purposes of the restricted stock awards, disability has the same meaning as set forth above with respect to the employment agreements and the Executive Change in Control and Severance Benefit Plan.

Quantification of Payments

The table below discloses the amount of compensation and/or benefits due to our Named Executive Officers in the event of their termination of employment and/or in the event we undergo a change in control, in either case, on December 31, 2011, and assuming that the price per share of common stock was \$29.09, which was the closing price per share of our common stock on December 30, 2011 (the last trading day of fiscal year 2011). In addition, the quantification of the amounts below is based on the terms of the applicable arrangements in effect on and after March 1, 2012 (as described above in this section), as if those arrangements were in place as of the last day of fiscal year 2011. The amounts below constitute estimates of the amounts that would be paid to our Named Executive Officers upon their respective terminations and/or upon a change in control under such arrangements, and do not include any amounts accrued through fiscal 2011 year-end that would be paid in the normal course of continued employment, such as accrued but unpaid salary, and benefits generally available to all our salaried employees. The actual amounts to be paid are dependent on various factors, which may or may not exist at the time a Named Executive Officer is actually terminated and/or a change in control actually occurs. Therefore, such amounts and disclosures should be considered forward-looking statements.

- (1) This column also reflects amounts for termination due to non-extension of employment agreement for Messrs. Nusz, Reid, and Lou.
- (2) Based on rate of annualized salary and annual bonus opportunity in effect for each Named Executive Officer as of December 31, 2011. For purposes of calculating any pro-rata bonus, the dollar value of the bonus

- awards actually awarded to each Named Executive Officer by our Compensation Committee for 2011 services was used; however, as discussed above under Elements of Our Compensation and Why We Pay Each Element Annual Performance-Based Cash Incentive Awards, Messrs. Nusz, Reid and Lou voluntarily elected not to receive any bonus payments with respect to fiscal year 2011. For purposes of quantifying the amount of the severance payments to Messrs. Nusz, Reid and Lou in the event of their termination without cause or for good reason, (a) the Salary amount was calculated as the base salary that the executive would have received for the three year term of the employment agreements, and (b) the Bonus Amount was calculated as the aggregate target performance bonus amount that the executive would have been eligible to receive for the three year term of the employment agreements, plus the pro-rata bonus amount.
- (3) Reflects 18 months worth of the COBRA premiums at the following monthly rates: \$1,910 for Mr. Nusz, \$1,910 for Mr. Reid, \$1,910 for Mr. Mace, \$1,910 for Mr. Lou, \$1,279 for Mr. Beers, and \$1,183 for Mr. Candito.
 - (4) The accelerated vesting of restricted stock awards is based upon the closing price per share of our common stock on December 30, 2011 (the last trading day of fiscal 2011), which is \$29.09, multiplied by the number of outstanding restricted shares that would vest upon the occurrence of the event indicated. The values reported in the table above only take into account restricted stock awards that were outstanding on December 31, 2011, and do not include the restricted stock awards granted to our Named Executive Officers in February 2012, which awards are discussed above in the CD&A.
 - (5) The aggregate total amount of compensation payable in connection with the triggering events has not been reduced to reflect any cut back in benefits or payments that would be made in connection with a change in control pursuant to the terms of the employment agreements and the Executive Change in Control and Severance Benefit Plan, as in effect beginning March 1, 2012. The modified arrangements provide that golden parachute payments will be paid in full or reduced to fall within the 280G safe harbor amount, whichever will provide a better net after-tax position for a Named Executive Officer. For purposes of this disclosure, we have reflected the maximum amount potentially payable to each Named Executive Officer under each given scenario even though such maximum amounts could be reduced pursuant to the cutback language included in the currently existing agreements.

Director Compensation

We believe that attracting and retaining qualified non-employee directors is critical to our future value growth and governance, and that providing a total compensation package between the 50th percentile and 75th percentile of our peer group is necessary to accomplish that objective. Our Board of Directors also believes that the compensation package for our non-employee directors should require a significant portion of the total compensation package to be equity-based to align the interests of our directors with our stockholders.

After review with Longnecker of non-employee director compensation paid by our peer group, our Board of Directors approved the following compensation plan for non-employee directors, which was in effect for fiscal 2011:

an annual cash retainer fee of \$40,000, plus cash payments of \$1,250 for each Board of Directors meeting attended and \$1,000 for each committee meeting attended; and

an annual equity award of shares of our restricted stock having a value of approximately \$85,000 based on the average of the high and low market-quoted sales prices of our common stock on the grant date of the award (increased from an approximate value of \$70,000 for fiscal 2010 annual equity awards in order to bring our non-employee director compensation package in line with that of our peer group at the target levels described above).

Mr. Collins, who became a member of our Board of Directors in 2011, also received an initial equity award of 550 shares of restricted stock on February 17, 2011. Both the initial and annual grants of restricted stock vest on the first anniversary of the grant date of the award.

In addition to the cash payments described above, the chairpersons of our Audit Committee, Compensation Committee and Nominating & Governance Committee receive annual cash retainer fees of \$10,000, \$5,000 and \$5,000, respectively.

Our Compensation Committee reviews the compensation of our non-employee directors on an annual basis. For the 2012 fiscal year, our Compensation Committee has approved the following changes to the compensation plan for our non-employee directors, in order to bring the total compensation package between the 50th percentile and 75th percentile of our peer group:

the 2012 annual cash retainer fee is \$50,000;

\$1,500 will be paid in cash for each Board of Directors meeting attended during fiscal 2012;

the committee chairperson fees have been increased as follows: (a) Audit Committee chair \$15,000, (b) Compensation Committee chair \$10,000, and Nominating & Governance Committee chair \$10,000; and

the annual equity award for each non-employee director is equal to a number of shares of restricted stock having a value of approximately \$150,000 on the date of grant. For fiscal 2012, the restricted stock awards were granted on February 15, 2012, and each non-employee director received 4,810 shares of restricted stock.

Effective March 1, 2012, Mr. Robert L. Zorich resigned from our Board of Directors and Mr. Bobby S. Shackouls joined our Board of Directors as a non-employee director. In addition to the annual compensation described above for 2012, Mr. Shackouls received an initial equity award of 500 shares of restricted stock on March 1, 2012.

Directors who are also our employees do not receive any additional compensation for their service on our Board of Directors.

Each director is reimbursed for (i) travel and miscellaneous expenses to attend meetings and activities of our Board of Directors or its committees; (ii) travel and miscellaneous expenses related to such director's participation in our general education and orientation program for directors; and (iii) travel and miscellaneous expenses for each director's spouse who accompanies a director to attend meetings and activities of our Board of Directors or any of our committees.

The following table provides information concerning the compensation of our non-employee directors for the fiscal year ended December 31, 2011.

Name	Fees Earned or Paid in Cash (\$)(1)	Stock Awards (\$)(2)	All Other Compensation (\$)	Total (\$)
William J. Cassidy	\$ 70,750	\$ 85,428		\$ 156,178
Ted Collins, Jr.	\$ 54,750	\$ 102,968		\$ 157,718
Michael McShane	\$ 47,750	\$ 85,428		\$ 133,178
Douglas E. Swanson, Jr. (3)	\$ 45,250	\$ 85,428		\$ 130,678
Robert L. Zorich (3)	\$ 28,750	\$ 85,428		\$ 114,178

- (1) Includes annual cash retainer fee, board and committee meeting fees, and committee chair fees for each non-employee director during fiscal 2011 as more fully explained in the preceding paragraphs.
- (2) The amounts reported in the Stock Awards column reflect the aggregate grant date fair value of restricted stock awards granted under our LTIP in fiscal year 2011, computed in accordance with FASB ASC Topic 718. See Note 10 to our consolidated financial statements on Form 10-K for the year ended December 31, 2011 for additional detail regarding assumptions underlying the value of these equity awards. As of December 31, 2011, Messrs. Cassidy, McShane, Swanson, and Zorich held 2,700 outstanding shares of restricted stock and Mr. Collins held 3,250.
