Rule 425 Legend

Forward-Looking Statements

Statements in this press release relating to matters that are not historical facts are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 reflecting PPG Industries' current view with respect to future events or objectives and financial or operational performance or results. These matters involve risks and uncertainties as discussed in PPG Industries' periodic reports on Form 10-K and Form 10-Q, and its current reports on Form 8-K, filed with the Securities and Exchange Commission (the SEC). Accordingly, many factors could cause actual results to differ materially from the company's forward-looking statements. This press release also contains statements about PPG Industries' agreement to separate its commodity chemicals business and merge it with Georgia Gulf Corporation or a subsidiary of Georgia Gulf (the Transaction). Many factors could cause actual results to differ materially from the company's forward-looking statements with respect to the Transaction, including, the parties' ability to satisfy the conditions of the Transaction; the parties' ability to complete the Transaction on anticipated terms and schedule, including the ability of PPG to successfully complete the exchange offer and the ability of the parties to obtain any remaining regulatory approvals; risks relating to any unforeseen liabilities, future capital expenditures, revenues, expenses, earnings, synergies, economic performance, indebtedness, financial condition, losses and future prospects; business and management strategies for the management, expansion and growth of Georgia Gulf's operations; and Georgia Gulf's ability to integrate PPG's commodity chemicals business successfully after the closing of the Transaction and to achieve anticipated synergies; and the risk that disruptions from the Transaction will harm PPG's or Georgia Gulf's business. Consequently, while the list of factors presented here is considered representative, no such list should be considered to be a complete statement of all potential risks and uncertainties. Unlisted factors may present significant additional obstacles to the

realization of forward-looking statements. Consequences of material differences in results as compared with those anticipated in the forward-looking statements could include, among other things, business disruption, operational problems, financial loss, legal liability to third parties and similar risks, any of which could have a material adverse effect on PPG's consolidated financial condition, results of operations or liquidity. Forward-looking statements speak only as of the date of their initial issuance, and PPG does not undertake any obligation to update or revise publicly any forward-looking statement, whether as a result of new information, future events or otherwise, except as otherwise required by applicable law.
