PROXY STATEMENT

For the Annual Meeting of Stockholders

To Be Held on March 12, 2013

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of ModusLink Global Solutions, Inc., a Delaware corporation (we or the Company), for use at the Company's 2012 Annual Meeting of Stockholders (the 2012 Meeting), which will be held at Norton's Woods Conference Center at the American Academy of Arts and Sciences, 136 Irving Street, Cambridge, Massachusetts 02138, on March 12, 2013, at 9:00 a.m. Eastern time, and at any adjournments or postponements thereof. On or about February 15, 2013, we are mailing these proxy materials together with an annual report, consisting of our Annual Report on Form 10-K for the fiscal year ended July 31, 2012 (the 2012 Annual Report) and other information required by the rules of the Securities and Exchange Commission. The Company's principal executive offices are located at 1601 Trapelo Road, Waltham, Massachusetts 02451 and its telephone number is (781) 663-5000.

STOCKHOLDERS ENTITLED TO VOTE

Only holders of record of the Company's (i) common stock, par value \$.01 per share (the Common Stock), (ii) Series A Junior Participating Preferred Stock, par value \$.01 per share (the Series A Stock) and (iii) Series B Junior Participating Preferred Stock, par value \$.01 per share (the Series B Stock) as of the close of business on January 16, 2013 (the Record Date), are entitled to notice of and to vote at the 2012 Meeting. As of the Record Date, 44,021,864 shares of Common Stock were outstanding. No shares of Series A Stock or Series B Stock were outstanding as of the Record Date; therefore, only holders of record of the Company's Common Stock on the Record Date will vote at the 2012 Meeting. Each share of Common Stock entitles the record holder thereof to one vote on each matter brought before the 2012 Meeting.

HOW TO VOTE

Your vote is very important to the Board. Whether or not you plan to attend the 2012 Meeting, we urge you to submit your proxy to vote your shares today.

If You Are a Registered Holder of Common Stock

If you are a registered holder of Common Stock, you may vote your shares either by voting by proxy in advance of the 2012 Meeting or by voting in person at the 2012 Meeting. By submitting a proxy, you are legally authorizing another person to vote your shares on your behalf. We urge you to use the enclosed WHITE proxy card to vote FOR the Board's nominees. If you submit your executed WHITE proxy card, but you do not indicate how your shares are to be voted, then your shares will be voted in accordance with the Board's recommendations set forth in this Proxy Statement. In addition, if any other matters are brought before the 2012 Meeting (other than the proposals contained in this Proxy Statement), then the individuals listed on the WHITE proxy card will have the authority to vote your shares on those other matters in accordance with their discretion and judgment.

Whether or not you plan to attend the 2012 Meeting, we urge you to promptly submit a proxy: (a) via the Internet or by telephone following the easy instructions on the enclosed WHITE proxy card or (b) by signing, dating and returning the enclosed WHITE proxy card in the postage-paid envelope provided. If you later decide to attend the 2012 Meeting and vote in person, that vote will automatically revoke any previously

submitted proxy.

If You Hold Your Shares in Street Name

If you hold your shares in street name, i.e., through a bank, broker or other holder of record (a custodian), your custodian is required to vote your shares on your behalf in accordance with your instructions. If you do not give instructions to your custodian, your custodian will not be permitted to vote your shares with respect to non-discretionary items, such as the election of Directors.

Under the rules of The NASDAQ Stock Market LLC (Nasdaq), if you do not give instructions to your custodian, it will still be able to vote your shares with respect to certain discretionary items, but will not be allowed to vote your shares with respect to certain non-discretionary items. The ratification of the appointment of our independent registered public accounting firm (Proposal 5) is a discretionary item. The election of Directors (Proposal 1), the declassification of the Board (Proposal 2), the advisory vote on executive compensation (Proposal 3) and the approval of the Steel Holdings Investment (Proposal 4) are each non-discretionary items. Accordingly, if you do not give instructions to your custodian with respect to such proposals, or if your custodian does not exercise its discretionary authority with respect to such proposals, your shares will be treated as broker non-votes on these particular matters. Broker non-votes are shares with respect to which a bank or brokerage firm does not receive voting instructions from the beneficial holder and does not have or exercise the discretionary authority in voting on a proposal.

Accordingly, we urge you to promptly give instructions to your custodian to vote FOR the Board's nominees by using the WHITE voting instruction card provided to you by your custodian. Please note that if you intend to vote your street name shares in person at the 2012 Meeting, you must provide a legal proxy from your custodian at the 2012 Meeting.

How Does the Board Recommend I Vote?

The Board recommends a vote:

FOR the election of each of the Board's nominees;

FOR the approval of the amendment of the Company's Restated Certificate of Incorporation to declassify the Board;

FOR the approval, on an advisory basis, of the compensation of the Company's named executive officers, as such information is disclosed in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative disclosure beginning on page 29 (commonly referred to as say-on-pay);

FOR the approval of the Steel Holdings Investment; and

FOR the ratification of KPMG LLP as the Company's independent registered public accounting firm for the current fiscal year.

If You Receive a Proxy From Another Party

Representatives of Clinton Spotlight Master Fund, L.P. (Clinton) and Peerless Systems Corporation (Peerless) have each stated that they may propose their own Director nominees at the 2012 Meeting. The Company does not know whether Clinton or Peerless will in fact nominate individuals for election as Directors at the 2012 Meeting or solicit proxies for that purpose. Nominations by Clinton or Peerless have NOT been endorsed by the Board. The Company is not responsible for the accuracy of any information contained in any proxy solicitation materials used by Clinton or Peerless or any other statements that they may otherwise make.

The Board recommends that you DO NOT sign or return any proxy card that may be sent to you by Clinton or Peerless, even as a protest. Voting against nominees on any proxy card other than a proxy card sent to you by the Company is not the same as voting for the Board's nominees, because a vote cast on any other proxy card will revoke any previous proxy submitted by you. If you have previously submitted any other color proxy card, we urge you to revoke that proxy by voting in favor of the Board's nominees by using the enclosed WHITE proxy card. Only the latest validly executed proxy that you submit will be counted.

QUORUM AND VOTES REQUIRED

Quorum

The presence of a majority of the outstanding shares of Common Stock represented in person or by proxy and entitled to vote at the 2012 Meeting will constitute a quorum.

Votes Required

The two nominees for Director receiving the highest vote totals will be elected as Directors of the Company.

Approval of Proposal 2 requires the affirmative vote of seventy-five percent (75%) of the outstanding shares of Common Stock entitled to vote.

Approval of Proposals 3, 4 and 5 requires the affirmative vote of a majority of the votes cast.

Withheld Votes, Abstentions and Broker Non-Votes

Abstentions and broker non-votes will be considered shares present and entitled to vote for the purpose of determining whether a quorum exists. A broker non-vote occurs when a custodian does not vote on a particular proposal because it has not received voting instructions from the applicable beneficial owner and does not have discretionary voting power on the matter in question.

With respect to Proposals 1 (Election of Directors), 3 (Advisory Vote on Executive Compensation), 4 (Approval of the Steel Holdings Investment) and 5 (Ratification of Independent Registered Public Accounting Firm), abstentions and any broker non-votes will not be included in the vote totals and, as such, will have no effect on the outcome of these proposals.

With respect to Proposal 2 (Declassification of Board), abstentions and any broker non-votes will have the same effect as votes cast against Proposal 2.

ATTENDANCE AT THE ANNUAL MEETING

Attendance at the 2012 Meeting or any adjournment or postponement thereof will be limited to stockholders of the Company and its permitted guests. If you are a stockholder of record, your name will be verified against the list of stockholders of record prior to your admittance to the 2012 Meeting or any adjournment or postponement thereof. Please be prepared to present photo identification for admission. If you hold your shares in street name, you will need to provide proof of beneficial ownership, such as a brokerage account statement or other similar evidence of ownership, as well as photo identification, in order to be admitted to the 2012 Meeting. Please note that if you hold your shares in street name and intend to vote in person at the 2012 Meeting, you must also provide a legal proxy obtained from your custodian.

HOW TO REVOKE YOUR PROXY

Your proxy is revocable. The procedure you must follow to revoke your proxy depends on how you hold your shares.

If you are a registered holder of Common Stock, you may revoke a previously submitted proxy by submitting another valid proxy (whether by phone, the Internet or mail) or by providing a signed letter of revocation to the Secretary of the Company, at the principal executive offices of the Company, 1601 Trapelo Road, Waltham, Massachusetts 02451, before the closing of the polls at the 2012 Meeting. Only the latest-dated validly executed proxy will count. You also may revoke any previously submitted proxy by attending the 2012 Meeting and voting your shares in person. Note that simply attending the 2012 Meeting without taking one of the above actions will not revoke your proxy.

If you hold shares in street name, in general, you may revoke a previously submitted voting instruction by submitting to your custodian another valid voting instruction (whether by phone, the Internet or mail) or a signed letter of revocation. Please contact your custodian for detailed instructions on how to revoke your voting instruction and the applicable deadlines.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board has seven members and is currently divided into three classes. A class of Directors is elected each year for a three-year term. Subject to approval of Proposal 2, commencing with the Company's 2013 Annual Meeting of Stockholders, the Board will be declassified and Directors will be elected annually for one-year terms. If Proposal 2 is not approved, the Board will remain classified and Directors will continue to be elected for three-year terms.

On June 11, 2012, Joseph C. Lawler, the Company's former President and Chief Executive Officer and Class I Director, resigned from the Board. In connection with Mr. Lawler's resignation from the Board, Class I was reduced to two members to eliminate the vacancy created thereby. The current term of the Company's Class I Directors, who are Francis J. Jules and Michael J. Mardy, will expire at the 2012 Meeting. Messrs. Jules and Mardy have determined not to stand for reelection at the conclusion of their terms. Pursuant to the terms of the Settlement Agreement (as described below under the heading *HNH Solicitation*), the nominees for Class I Director for election at the 2012 Meeting are Warren G. Lichtenstein and Glen M. Kassan. If either of Mr. Lichtenstein or Mr. Kassan is elected at the 2012 Meeting and if Proposal 2 is not approved, such individual will be elected to serve for a term of three years that will expire at the Company's 2015 Annual Meeting of Stockholders and upon such individual's successor being elected and qualified. If Proposal 2 is approved and if either Mr. Lichtenstein or Mr. Kassan is elected at the 2012 Meeting, the term of such individual will expire, by virtue of the amendment to the Company's Restated Certificate of Incorporation contemplated by Proposal 2, at the Company's 2013 Annual Meeting of Stockholders and upon such individual's successor being elected and qualified. The persons named as proxies will vote for each of Mr. Lichtenstein and Mr. Kassan for election to the Board as a Class I Director unless the proxy card is marked otherwise.

Pursuant to the terms of the Settlement Agreement, in the event that Proposal 4 (the Steel Holdings Investment) is approved at the 2012 Meeting and the Steel Holdings Investment is consummated, Edward E. Lucente and Joseph M. O'Donnell have agreed to and will resign from the Board and Messrs. Jules and Mardy will be appointed as Class II Directors to fill the vacancies created thereby.

THE ELECTION OF BOTH OF MESSRS. LICHTENSTEIN AND KASSAN IS A CONDITION TO STEEL HOLDINGS' OBLIGATION TO FUND THE STEEL HOLDINGS INVESTMENT.

THE BOARD RECOMMENDS USING THE ENCLOSED WHITE PROXY CARD TO VOTE FOR THE TWO NOMINEES LISTED BELOW.

Clinton and Peerless have each stated that it may propose its own Director nominees for election at the 2012 Meeting. If either of Clinton or Peerless does in fact nominate candidates for election to the Board, the number of nominees for election as Directors at the 2012 Meeting will exceed the number of Directors to be elected at the 2012 Meeting. The two nominees standing for election who receive the greatest number of votes cast at the 2012 Meeting will be elected as Directors.

The Board recommends that you DO NOT sign or return any proxy card that may be sent to you by Clinton or Peerless, even as a protest. Voting against nominees on any proxy card other than the WHITE proxy card sent to you by the Company is not the same as voting for the Board's nominees, because a vote cast on any other proxy card will revoke any previous proxy submitted by you. If you have previously submitted any other color proxy card, we urge you to revoke that proxy by voting in favor of the Board's nominees by using the enclosed WHITE proxy card. Only the latest validly executed proxy that you submit will be counted.

Background to the Other Solicitations

On November 16, 2011, the Company announced that the Board had unanimously decided to explore strategic alternatives aimed at enhancing stockholder value and that the Company had retained Goldman, Sachs & Co. as its financial advisor to undertake a comprehensive and thorough review of viable strategic alternatives. The strategic alternatives review process has been overseen primarily by a committee of the Board comprised of Jeffrey J. Fenton, Virginia G. Breen and Francis J. Jules in regular consultation with the full Board; Mr. Fenton is the chairman of the committee. The Company has explored various alternatives seeking to enhance stockholder value, including a possible sale of the Company or equity investment in the Company, in an effort to enhance and/or realize value in respect of its supply chain business, as well as realize the value of certain of the Company's deferred tax assets, including those generated by net operating losses and certain other tax attributes.

Clinton Solicitation

Beginning in March of 2012 the Company and its advisors began discussions with Clinton regarding a potential transaction with the Company. On March 7, 2012, the Company received a letter from Clinton, pursuant to which Clinton and its affiliates proposed to make an equity investment in the Company in the event that the Company determined to sell substantially all of the Company's supply chain business. The purchase price of such investment would be at a mutually agreed premium to the tangible asset value of the Company following such asset sale and the distribution of a substantial portion of the cash generated therefrom. In addition, the proposal was conditioned upon the Company's appointment of new executive management to be designated by Clinton. On March 26, 2012, upon execution by Clinton and the Company of a customary confidentiality agreement, Clinton was given access to the due diligence materials provided in the Company's electronic data room. The Company, its legal and financial advisors and Clinton and its legal counsel continued to exchange drafts of a term sheet and negotiate the terms of potential transactions with Clinton.

On May 23, 2012 the Company received an alternative proposal from Clinton, pursuant to which Clinton and its affiliates proposed, if the Company disposed of its supply chain business, to make an equity investment in the Company immediately following such sale (although the proposal noted that Clinton was willing to modify the proposal should the Company decide to retain its supply chain business in the near or mid-term). The purchase price of such investment would be at a mutually agreed premium to the tangible asset value of the Company following such asset sale. The proposal provided the Company's existing stockholders an option at the time of a sale of the supply chain business to either receive a portion of these sale proceeds through the distribution of a substantial portion of the net cash proceeds of sale, or elect to maintain all or a portion of their investment in the Company. The Company would be expected to pursue a new business plan that Clinton believed could effectively utilize certain of the Company's deferred tax assets. The proposal also required the election of three independent directors designated by Clinton to a newly constituted five-person Board and the Company's appointment of new executive management to be designated by Clinton.

Following the Company's receipt of the May 23 letter, the Company and its advisors continued discussions with Clinton regarding a potential transaction and a non-disclosure agreement was executed on June 11, 2012 addressing certain proprietary terms of Clinton's proposal. These discussions continued until the Company entered into the Investment Agreement with Steel Partners Holdings L.P. (Steel Holdings), an affiliate of HNH, and the Settlement Agreement with HNH described below under the heading *HNH Solicitation*. Following the execution of the NDA the Company and Clinton exchanged mark-ups of a term sheet which included a revised proposal from Clinton pursuant to which Clinton and its affiliates would make an equity investment in the Company and also invest directly in a newly formed subsidiary of the Company that would follow a new business plan that Clinton believed could effectively utilize certain of the Company's deferred tax assets and be managed by designees of Clinton. The alternative proposal required the Company to re-invest substantially all of the proceeds of the Clinton investment in the newly formed subsidiary and to appoint a representative of Clinton to the Board. The Board initially determined that the terms and structures discussed with Clinton did not meet the strategic objectives of the Company, as such proposals limited the use of proceeds of the investment to an unacceptably narrow range of uses or were unacceptable from an economic point of view. Following continued discussions, the Board concluded that the terms of the Investment Agreement with Steel Holdings and the Settlement Agreement with HNH were more favorable to the Company and its stockholders than the proposals discussed with Clinton.

On October 22, 2012, Clinton sent a letter to the Company's corporate secretary purportedly providing notice of its intent to nominate three directors, Gregory P. Taxin, Seth E. Gardner and Kenneth S. Grossman, at the 2012 Meeting to stand for election to the Board. As Class I was reduced in size to two members on June 11, 2012 in connection with the resignation of Joseph C. Lawler, the Company's Chief Executive Officer, from the Board of Directors, only two such individuals may be nominated at the 2012 Meeting.

HNH Solicitation

On March 7, 2012 HNH requested a waiver exemption under the Tax Benefit Preservation Plan to permit the purchase by HNH and its affiliates of up to 19.9% of the Company's Common Stock. On March 22, 2012, the Company sent a letter to HNH explaining that it had granted the requested waiver under the Tax Benefit Preservation Plan, but that the waiver did not extend to the Company's Rights Agreement, dated March 21, 2012.

In connection with the Company's review of strategic alternatives, in June 2012 the Company and its advisors began discussions with HNH in respect of a potential equity investment in the Company's Common Stock, which continued until the Company entered into the Investment Agreement with Steel Holdings and the Settlement Agreement with HNH described below. On June 27, 2012, upon execution by HNH and the Company of a customary confidentiality agreement, HNH was given access to the due diligence materials provided in the Company's electronic data room. During these discussions HNH and the Company exchanged numerous proposals, beginning with a letter sent to the Company on July 11, 2012 (the July 11 Letter) pursuant to which HNH and its affiliates proposed to purchase up to 23 million shares of the Company's Common Stock at a cash purchase price per share in the range of \$3.75 to \$5.25 subject to customary conditions including the completion of satisfactory due diligence. HNH's proposal detailed in the July 11 Letter was also conditioned upon receiving three of seven seats on the Board and senior management positions to be designated by HNH and its affiliates to oversee operations of the Company. Subsequently, in a letter dated August 3, 2012, based upon the information it had received to date, HNH indicated a proposed purchase price of \$4.50 for such investment.

Following the receipt of these letters, the Company entered into discussions with HNH. Through early September 2012, the Company, its legal and financial advisors and HNH and its legal counsel continued to exchange drafts of a term sheet and negotiate the terms of a potential transaction including HNH's and its affiliates' proposal to make a direct investment in the Company's Common Stock of approximately \$100 million in the aggregate at a cash purchase price of approximately \$5 per share. As part of these ongoing negotiations, HNH participated in a management presentation on September 13, 2012. HNH was also invited to present its business plan for the Company at the Board's September 19 meeting. Prior to the planned presentation, HNH submitted an alternative proposal in a letter dated September 18, 2012 (the September 18 Letter) pursuant to which HNH and its affiliates would invest on a pro rata basis in a rights offering intended to raise up to \$100 million, provided that other stockholders subscribed for at least \$20 million of the Company's Common Stock at \$5 per share. HNH's revised proposal was conditioned upon the Company agreeing to appoint two of its representatives to the Board upon an agreement in principle on a term sheet and prior to the execution of definitive agreements providing for HNH's and its affiliates' investment. HNH also proposed that it and its affiliates would provide a bridge loan facility for up to \$50 million at an annual rate of 10%, increasing at a rate of 1% per month commencing on April 1, 2013, which would mature upon the earlier of the closing of the rights offering and September 30, 2013. In addition, upon entering into the bridge loan the September 18 Letter provided for the Company to issue to HNH warrants to acquire up to 19.9% of the Company's Common Stock for an exercise price of \$0.01. Upon receipt of this materially different and alternative proposal, the Board HNH's presentation at the September 19, 2012 Board meeting, and advisors for the Company sought to have HNH restore the prior proposal. On September 25, 2012, HNH submitted a further revised proposal for a rights offering, which HNH and its affiliates committed to backstop, and which did not include a minimum investment threshold for the Company's stockholders or the bridge financing component, which the Company had indicated it did not require.

On September 28, 2012, HNH sent a letter to the Company's corporate secretary purportedly providing notice of its intent to nominate three directors, Warren G. Lichtenstein, Glen M. Kassan and Richard K. McClelland, at the 2012 Meeting to stand for election to the Board. As Class I was reduced in size to two members on June 11, 2012, only two such individuals may be nominated at the 2012 Meeting.

The Company maintained communications with HNH, and on October 9, 2012, HNH sent a further proposal letter to the Company (the October 9 Letter) regarding its willingness to invest in, and backstop, a \$100 million rights offering at a per share price of \$5. This proposal was conditioned upon HNH receiving three of seven seats on the Board upon consummation of the rights offering, the appointment of Mr. Lichtenstein as chairman of the board of directors, and approval rights as to the appointment of the Company's CEO. Following the receipt of the October 9 Letter, HNH's representatives were provided the Company's most recent forecasts and access to members of management and the Board. HNH, the Company and their respective representatives also reentered into discussions regarding a direct investment in lieu of a rights offering and exchanged multiple drafts of a term sheet. HNH stated that it would not proceed to conduct additional due diligence unless the Company agreed to a period of exclusivity (or agreed to reimburse HNH's expenses up to \$750,000). On November 27, 2012 HNH submitted through its representatives a mark-up of the term sheet (the November 27 Term Sheet) that contained a limited set of open issues on the principal terms and included the \$100 million direct investment and purchase price of \$5 per share. Upon receipt of the November 27 Term Sheet and confirmation by the Company's advisors with HNH of the size and purchase price of HNH's and its affiliates' investment, the Company offered through its representatives to accept the principal terms set forth in the November 27 Term Sheet with the exception of the timing for completion of HNH's due diligence and offered HNH a limited period of exclusivity. At that time the Company believed that it and HNH had agreed upon all of the material terms of the potential transaction other than the timing for

completion of HNH's due diligence, and delivered to HNH's legal counsel on December 1, 2012 a proposed exclusivity letter and on December 6, 2012 definitive documentation reflecting such terms. HNH did not provide a mark-up or other response to the definitive documentation provided by the Company's legal counsel to HNH's legal counsel.

On December 17, 2012, HNH sent a letter to the Board pursuant to which it withdrew its previous proposals, including the amount of any direct investment and the \$5 per share purchase price, and proposed that the Company immediately appoint two directors designated by HNH to the Board and then to conduct a rights offering to be backstopped by HNH and its affiliates on terms to be determined by the Board following the appointment of the HNH directors. HNH further expressed concern about the Company's business performance and prospects and stated that it was withdrawing its prior proposals based on changes in the Company's financial position, results and prospects since its original September proposal. On December 21, 2012, the Company responded to HNH and advised it that at the time of what the Company believed was HNH's acceptance of the principal terms in late November, including the \$5 per share purchase price, that HNH and its advisors had received the Company's then current financial information and forecast and that no change in this information had occurred since that time. HNH was urged to provide a definitive proposal, whether conforming to the November 27 Term Sheet or, if HNH was withdrawing its proposal, the revised terms it was then proposing.

On January 11, 2013, the Company announced that it had filed with the SEC its annual report on Form 10-K for the fiscal year ended July 31, 2012, which included a restatement of the Company's financial statements for fiscal years 2009 through 2011 and unaudited selected financial data for fiscal years 2007 and 2008, as well as unaudited interim financial statements for the four fiscal quarters of each of 2010 and 2011, and the first two quarters of fiscal 2012. The Company also filed its Form 10-Q for the third quarter of fiscal 2012 ended April 30, 2012 and a Form 10-Q for the first quarter of fiscal 2013 ended October 31, 2012.

On January 29, 2013, representatives of HNH attended a meeting with representatives of the Board to discuss a potential investment by affiliates of HNH in the Company and a settlement of the proxy contest. Following that meeting, counsel to each of HNH and the Company further negotiated the terms of the possible settlement and potential investment.

On February 11, 2013, the Company and Steel Holdings, an affiliate of HNH, reached an agreement regarding the sale and issuance of 7,500,000 shares of the Company's common stock at a price of \$4.00 per share and warrants to purchase 2,000,000 shares of the Company's common stock at an exercise price of \$5.00 per share (and the issuance of such shares upon exercise of such warrants) to Steel Holdings, pursuant to the terms and subject to the conditions set forth in the Investment Agreement (the "Investment Agreement"), dated February 11, 2013 by and between the Company and Steel Holdings (the "Steel Holdings Investment"). A detailed description of the Investment Agreement is set forth below under Proposal 4 under the heading "Investment Agreement". The Investment Agreement may be terminated by Steel Holdings in the event that both Mr. Lichtenstein and Mr. Kassan are not elected to the Board at the 2012 Meeting.

In connection with the Steel Holdings Investment, the Company, HNH and certain of HNH's affiliates entered into an agreement (the "Settlement Agreement") pursuant to which HNH agreed to withdraw its notice (the "Nomination Notice") of nomination of two candidates to be elected as directors at the 2012 Meeting and the Company agreed to nominate Warren G. Lichtenstein and Glen M. Kassan for election to the Board at the 2012 Meeting.

The Settlement Agreement also provides that:

HNH has agreed to vote its shares of the Company's common stock in favor of the directors nominated by the Board for election at the 2012 Meeting and each other matter recommended for stockholder approval by the Board and to certain customary restrictions during the Settlement Agreement Period (as defined below).

If Mr. Lichtenstein is elected to the Board and the Steel Holdings Investment is approved by the Company's stockholders, following the consummation of the Steel Holdings Investment, Mr. Lichtenstein will be appointed as Chairman of the Board.

The Company has agreed not to increase the size of the Board to more than 7 directors at any time from the date of the Settlement Agreement until ten days preceding the opening of the advance notice period for nominations of directors for the Company's 2013 annual meeting of stockholders (the "Settlement Agreement Period").

Edgar Filing: ModusLink Global Solutions Inc - Form DEFC14A

The Company and HNH agreed, subject to consummation of the Steel Holdings Investment, that Messrs. Lucente and O'Donnell will resign from the Board in connection with the closing of the Steel Holdings Investment and Messrs. Jules and Mardy will be appointed to fill the vacancies created thereby.

The Company agreed, subject to consummation of the Steel Holdings Investment, to grant a limited waiver under Section 203 of the Delaware General Corporation Law in respect of the shares of Common Stock and warrants (and shares of Common Stock underlying the warrants) purchased pursuant to the Investment Agreement, as well as an additional 1,405,374 outstanding shares of Common Stock (subject to proportionate adjustment as provided in the Settlement Agreement) that HNH and its affiliates may purchase. The Company also agreed, subject to consummation of the Steel Holdings Investment, to grant HNH and its affiliates a waiver under its Tax Benefit Preservation Plan and to amend its Shareholder Rights Plan to permit the purchase of such securities.

HNH has agreed that for a period of two years following the date of the Settlement Agreement, HNH and its affiliates' ownership in the Company may not exceed 30% of the Company's outstanding Common Stock in the aggregate (subject to proportionate adjustment as provided in the Settlement Agreement), except for any acquisitions of Common Stock in connection with the exercise of the warrants issued in connection with the Steel Holdings Investment.

The Company agreed to include a proposal in this Proxy Statement to amend the Company's restated certificate of incorporation providing for the declassification of the Board, and the annual election of all directors, beginning at the Company's 2013 annual meeting of stockholders.

HNH has agreed that, if elected to the Board, each of Mr. Kassan and Mr. Lichtenstein will be required to resign from the Board in the event that a court of competent jurisdiction determines that HNH or any of its affiliates, including Steel Holdings, has materially breached its obligations to consummate the Steel Holdings Investment. In addition Mr. Kassan, if elected to the Board, will be required to resign on the date upon which HNH and its affiliates have sold (other than to an affiliate) in excess of 4,900,000 shares of Common Stock in the aggregate (subject to proportionate adjustment as provided in the Settlement Agreement) and Mr. Lichtenstein, if elected to the Board, will be required to resign on the date upon which HNH and its affiliates have sold (other than to an affiliate) in excess of 9,100,000 shares of Common Stock in the aggregate (subject to proportionate adjustment as provided in the Settlement Agreement).

The Settlement Agreement may be terminated, among other reasons, by the Company or HNH if the Investment Agreement is terminated because the Board has effected a change of recommendation or if the Company has terminated the Investment Agreement following the receipt of a Superior Proposal (as defined in the Investment Agreement) from a third party prior to receiving stockholder approval of the Steel Holdings Investment. The Settlement Agreement may also be terminated by the Company in the event the Investment Agreement is terminated because of an uncured material breach by Steel Holdings or its affiliates. Further, the Settlement Agreement may be terminated by the Company or HNH if Mr. Lichtenstein and Mr. Kassan are not elected to the Board at the 2012 Meeting and the Steel Holdings Investment is not consummated.

The foregoing summary is not a complete description of the terms of the Settlement Agreement and is qualified in its entirety by reference to, and should be read in conjunction with, the Settlement Agreement. For a further description of the terms of the Settlement Agreement, including a copy of the Settlement Agreement, please see the Company's Current Report on Form 8-K filed with the SEC on February 13, 2013.

Peerless Solicitation

At the Company's 2011 Annual Meeting of Stockholders, Peerless nominated Timothy E. Brog and Jeffrey S. Wald for election to the Board and presented a non-binding stockholder proposal recommending that the Board amend the Company's certificate of incorporation and the Bylaws to eliminate the Company's classified Board. Mr. Wald was elected to hold office until the Company's 2014 Annual Meeting of Stockholders and until his successor has been duly elected and qualified.

On October 18, 2012, Peerless sent a letter to the Company's corporate secretary purportedly providing notice of its intent to nominate two directors, Timothy E. Brog and James W. Westphal, at the 2012 Meeting to stand for election to the Board and its intent to present a non-binding stockholder proposal recommending that the Board amend the Company's certificate of incorporation and the Bylaws to eliminate the Company's classified Board.

Mr. Lichtenstein has served as Chairman of the Board of HNH, a diversified global industrial company, since July 2005. He is a Co-Founder of Steel Partners Japan Strategic Fund (Offshore), L.P., a private investment partnership investing in Japan, and Steel Partners China Access I LP, a private equity partnership investing in China. He also co-founded Steel Partners II, L.P. (SPII), a private investment partnership that is now a wholly-owned subsidiary of Steel Holdings, in 1993. Mr. Lichtenstein has served as a director of GenCorp Inc., a manufacturer of aerospace and defense products and systems with a real estate business segment, since March 2008. (Steel Excel), a company whose business is expected to consist primarily of capital redeployment and identification of new, profitable operations in the sports, training, education, entertainment and lifestyle businesses, since October 2010. Mr. Lichtenstein served as the Chairman of the Board, President and Chief Executive Officer of SP Acquisition Holdings, Inc. (SPAH), a company formed for the purpose of acquiring one or more businesses or assets, from February 2007 until October 2009. He served as a director of WebFinancial Corporation, a predecessor entity of Steel Holdings, from 1996 to June 2005, as Chairman and Chief Executive Officer from December 1997 to June 2005 and as President from December 1997 to December 2003. From May 2001 to November 2007, Mr. Lichtenstein served as a director (formerly Chairman of the Board) of United Industrial Corporation (United Industrial), a company principally focused on the design, production and support of defense systems, which was acquired by Textron Inc. He served as a director of KT&G Corporation, South Korea's largest tobacco company, from March 2006 to March 2008. Mr. Lichtenstein served as a director of Layne Christensen Company, a provider of products and services for the water, mineral, construction and energy markets, from January 2004 to October 2006. We believe Mr. Lichtenstein is qualified to serve as a director due to his expertise in corporate finance, record of success in managing private investment funds and his related service as a director of, and advisor to, a diverse group of public companies, including other companies having attributes similar to the Company.

Glen M. Kassan, age 69. Mr. Kassan has served since July 2005 as a director of HNH and as its Vice Chairman of the Board since October 2005. We believe Mr. Kassan is qualified to serve as a director due to his years of experience and record of success in leadership positions in industrial and other public companies having attributes similar to the Company as well as the expertise he possesses in capital markets and corporate finance.

The Board's Recommendation

We believe that the terms of the Investment Agreement and the Settlement Agreement afford the Company the opportunity to obtain a significant common equity investment upon terms the Board considers favorable, and in the context of that significant

investment, the election of Messrs. Lichtenstein and Kassan (which is a condition to the closing of the Steel Holdings Investment) is appropriate and desirable. In addition, we believe that Messrs. Lichtenstein and Kassan, in light of their relevant expertise, leadership experience and diverse industry, capital markets and corporate finance backgrounds, have the qualifications and experience necessary to assist the Board in enhancing value for all stockholders. We also believe that the terms of the Investment Agreement and the Settlement Agreement provide a pragmatic and constructive solution that allows the Company to avoid a proxy contest with its largest stockholder.

The Board recommends a vote FOR each of the two above nominees for Director using the enclosed WHITE proxy card.

Vote Required

The two nominees for Director receiving the highest vote totals will be elected as Directors of the Company. With respect to this proposal to elect Directors and assuming that either Clinton or Peerless does in fact nominate its own slate of two Directors, withheld votes and any broker non-votes would have the effect of reducing the likelihood that the applicable Director nominee of the Company would be elected, as only the two nominees that receive the highest vote totals will be elected. If neither Clinton or Peerless nominates any Directors, withheld votes and broker non-votes will have no practical effect in the election of Directors, as only two nominees will be up for election.

O'Donnell and Wald joined the Compensation Committee on June 20, 2012. The Compensation Committee met fifteen (15) times during fiscal 2012.

During fiscal 2012, the Company's former President and Chief Executive Officer and its Senior Vice President, Human Resources regularly attended Compensation Committee meetings to provide information and recommendations regarding the Company's executive compensation program. The former President and Chief Executive Officer formulated and presented recommendations regarding any change in the base salary, bonus, equity compensation and other benefits of other executive officers, but the Compensation Committee was not bound by such recommendations and the Compensation Committee ultimately approved the compensation of all executive officers. In addition, the Senior Vice President, Human Resources and members of the human resources staff compile relevant data at the request of the Compensation Committee. Other than making recommendations and participating in discussions regarding the compensation of other executive officers, the Company's former President and Chief Executive Officer generally did not play a role in determining the amount or form of executive compensation. The Compensation Committee generally met in executive sessions without any member of management present when discussing compensation matters pertaining to the former President and Chief Executive Officer and, at times, on other compensation-related matters. The Compensation Committee also reviewed with the Board the compensation of the former President and Chief Executive Officer, prior to taking final action with respect to such compensation. The former President and Chief Executive Officer did not make proposals or recommendations regarding his own compensation.

In addition, to the extent permitted by applicable law and the provisions of a particular equity-based incentive plan while he was employed by the Company, the Board delegated authority to the former President and Chief Executive Officer to grant stock options to non-executive employees within certain limits, including a prohibition on making grants to direct reports and per person limits, which authority was generally used to facilitate making new hire grants and to recognize promotions or reward special accomplishments and achievements. The Compensation Committee approved the number of shares included in an annual stock option pool for annual grants to non-executive employees and thereafter the former President and Chief Executive Officer was authorized to determine the amounts, recipients and date of grant of the annual stock option grants to non-executive employees. The Board authorized the former President and Chief Executive Officer to make restricted stock awards and restricted stock unit awards to non-executive employees in an amount not to exceed 1,000 shares in any one instance, and 10,000 shares in the aggregate in any fiscal year. Such authority has been given to the Chairman of the Board following the former President and Chief Executive Officer's announced retirement in June 2012.

The Compensation Committee's practice is to engage an outside compensation consultant to advise it as needed and to conduct a comprehensive review of executive compensation every two years. In intervening years, it is the Compensation Committee's practice to adjust the data from the prior year, as it deems necessary, to reflect prevailing market trends for executive compensation. For certain of the years included in the Summary Compensation Table, the Compensation Committee has used Hewitt Associates LLC (Hewitt) and Pearl Meyer & Partners (PM&P), as discussed below.

Pursuant to its charter, the Compensation Committee has the sole authority to retain, terminate, obtain advice from, oversee and compensate its outside advisors, including its compensation consultant. The Company has provided appropriate funding to the Compensation Committee to do so.

In fiscal 2005, the Company retained Hewitt as an independent advisor reporting to the Compensation Committee on executive compensation matters. During the fiscal years ended July 31, 2009 and July 31, 2010, Hewitt provided independent advice on compensation matters pertaining to the named executive officers and our other executives as requested by management or the Compensation Committee. During fiscal 2009, Hewitt reviewed with the Compensation Committee the overall executive

compensation landscape, conducted a review of all elements of our executive compensation program, including bonus, long-term incentives, supplemental benefits, perquisites and severance, and provided a competitive review of compensation levels for a selected group of senior executive positions, including the named executive officers. Hewitt's findings were delivered in early fiscal 2010, and were taken into consideration in making fiscal 2010 executive compensation determinations and fiscal 2011 executive compensation determinations (other than with respect to the compensation of the former President and Chief Executive Officer, as discussed below). Hewitt acted as an advisor to the Compensation Committee and also has provided, with the knowledge and consent of the Compensation Committee, advice and expertise to management on matters to be presented by management to the Compensation Committee. The Company did not retain Hewitt to provide any other services to the Company.

During fiscal 2010, the Compensation Committee retained PM&P as an independent advisor regarding fiscal 2011 compensation of the former President and Chief Executive Officer. In fiscal 2011, the Compensation Committee retained PM&P as its independent executive compensation consultant. None of the Company's management participated in the Compensation Committee's decision to retain PM&P. PM&P reports directly to the Compensation Committee and the Compensation Committee may replace PM&P or hire additional consultants at any time. PM&P attends meetings of the Compensation Committee, as requested, and communicates with the Chair of the Compensation Committee between meetings; however, the Compensation Committee makes all decisions regarding the compensation of the Company's executive officers.

PM&P provides various executive compensation services to the Compensation Committee with respect to the Company's executive officers and other key employees pursuant to a written consulting agreement with the Compensation Committee. The services PM&P provides under the agreement include advising the Compensation Committee on the principal aspects of the Company's executive compensation program and evolving best practices, and providing market information and analysis regarding the competitiveness of the Company's program design and award values in relationship to its performance.

The Compensation Committee regularly reviews the services provided by its outside consultants and believes that PM&P is independent in providing executive compensation consulting services. The Compensation Committee conducted a specific review of its relationship with PM&P and determined that PM&P's work for the Compensation Committee did not raise any conflicts of interest, consistent with the guidance provided under the Dodd-Frank Act, the SEC and the Nasdaq. In making this determination, the Compensation Committee noted that during fiscal 2012:

PM&P did not provide any services to the Company or its management other than service to the Compensation Committee, and its services were limited to executive compensation consulting. Specifically, it does not provide, directly or indirectly through affiliates, any non-executive compensation services, including, but not limited to, pension consulting or human resource outsourcing;

Fees from the Company were far less than 1% of PM&P's total revenue;

PM&P maintains a Conflicts Policy which was provided to the Compensation Committee with specific policies and procedures designed to ensure independence;

None of the PM&P consultants on the Company matter had any business or personal relationship with Compensation Committee members;

None of the PM&P consultants on the Company matter, or PM&P, had any business or personal relationship with executive officers of the Company; and

None of the PM&P consultants on the Company matter directly own Company stock.

The Compensation Committee continues to monitor the independence of its compensation consultant on a periodic basis.

The Compensation Committee reviews executive compensation on an ongoing basis and consults with its independent consultant as deemed necessary. The Compensation Committee also annually reviews the results of the Company's management succession planning activities as it relates to the management team, and shares its findings with the full Board.

Nominating and Corporate Governance Committee

The Board has a Nominating and Corporate Governance Committee (the Governance Committee), which makes recommendations to the Board concerning all facets of the Director-nominee selection process, develops and recommends to the

Board corporate governance principles applicable to the Company and oversees the evaluation of the Board and management. The Governance Committee has the authority to engage such independent legal and other advisors as it deems necessary or appropriate to carry out its responsibilities. The Governance Committee is responsible for overseeing an annual self-evaluation of the Board to determine whether it and its committees are functioning effectively and determines the nature of the evaluation, supervises the conduct of the evaluation and prepares an assessment of the performance of the Board, which is discussed with the Board. The Governance Committee also oversees the Company's enterprise risk management program and activities. The Governance Committee may, at the request of the Board, periodically review and make recommendations to the Board relating to management succession planning, including policies and principles for Chief Executive Officer selection and performance review, as well as policies regarding succession in the event of an emergency or the retirement of the Chief Executive Officer. The Board has adopted a written charter for the Governance Committee, a copy of which can be found under the Investor Relations Governance section of the Company's website at www.moduslink.com.

In recommending candidates for election to the Board, the Governance Committee considers nominees recommended by directors, officers, employees, stockholders and others, using the same criteria to evaluate all candidates. The Governance Committee reviews each candidate's qualifications, including whether a candidate possesses any of the specific qualities and skills desirable in certain members of the Board. Evaluations of candidates generally involve a review of background materials, internal discussions, and interviews with selected candidates as appropriate. Upon selection of a qualified candidate, the Governance Committee would recommend the candidate for consideration by the full Board. The Governance Committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees. The Board requires that all nominees for the Board have a reputation for integrity, honesty and adherence to high ethical standards. In addition, nominees should also have demonstrated business acumen, experience and ability to exercise sound judgment in matters that relate to the current and long-term objectives of the Company and should be willing and able to contribute positively to the decision-making process of the Company. The Governance Committee will consider nominees for the Board recommended by stockholders in accordance with the Third Amended and Restated Bylaws of the Company (the Bylaws).

Stockholders wishing to propose Director candidates for consideration by the Governance Committee may do so by writing, by deadlines specified in the Company's Bylaws, to the Secretary of the Company and providing information concerning the nominee and his or her proponent(s) required by the Company's Bylaws. The Company's Bylaws set forth further requirements for stockholders wishing to nominate director candidates for consideration by stockholders including, among other things, that a stockholder must give timely written notice of an intent to make such a nomination to the Secretary of the Company. See Proposals of Stockholders for 2013 Annual Meeting and Nomination of Directors in this Proxy Statement for more information.

The Governance Committee currently consists of Virginia G. Breen, Jeffrey J. Fenton, Francis J. Jules, Edward E. Lucente (Chair) and Michael J. Mardy, each of whom is independent as defined in applicable Nasdaq listing standards. The Governance Committee met nine (9) times during fiscal 2012.

Board's Role in Risk Oversight

We believe that risk is inherent in innovation and the pursuit of long-term growth opportunities. The Company's management is responsible for day-to-day risk management activities. The Board, acting directly and through its committees, is responsible for the oversight of the Company's risk management. With the oversight of the Board, the Company has implemented practices and programs designed to help manage the risks to which we are exposed in our business and to align risk-taking appropriately with our efforts to increase stockholder value.

The Governance Committee has primary responsibility for initial consideration of all risk oversight matters and oversees our financial and risk management policies and enterprise risk management activities. As part of the overall risk oversight framework, the Governance Committee's risk oversight responsibilities include, among other things, reviewing annually: (i) the categories of risk the Company faces; (ii) the design of the Company's risk management functions; (iii) the internal communication of the Company's risk management strategy; (iv) the risk policies and procedures adopted by management and the implementation of such policies and procedures; and (v) the reports of management, independent auditors, legal counsel and outside experts regarding risks the Company faces. Additionally, the Governance Committee meets with the Company's management team (i) on a quarterly basis to discuss the risks the Company faces and (ii) every six months to do an in-depth review of one particular risk area the Company faces. Our management team reviews risks on a regular basis and meets quarterly to discuss the Company's risk management.

In addition, the Board participates in regular discussions with the Company's senior management on many core subjects, including strategy, operations, finance, and legal and public policy matters, in which risk oversight is an inherent element. The Board believes that the leadership structure described above under Board Leadership Structure facilitates the Board's oversight of risk management because it allows the Board, with leadership from the non-executive Chairman and working through its committees, including the independent Governance Committee, to participate actively in the oversight of management's actions.

Diversity

Diversity has always been very important to us. Although we have no formal separate written policy, pursuant to our Corporate Governance Guidelines, the Board annually reviews the appropriate skills and characteristics of the members of the Board, and diversity is one of the factors used in this assessment.

Director Stock Ownership Guidelines

In September 2008, the Compensation Committee adopted stock ownership guidelines for our Directors, which guidelines were updated in December 2010. The Compensation Committee believes that it is appropriate for the Directors to hold equity in the Company. Under these guidelines, as updated, the non-employee Directors' ownership requirement is set at three times the annual retainer. All individuals will have five years from the later of the adoption of the guidelines or his or her first appointment or election as a Director to reach these ownership levels. In computing the amounts owned, the Company will consider the value of shares owned outright, restricted stock held by the individual, and in-the-money vested options. Compliance is measured at the end of each calendar year.

Stockholder Communications with the Board

Stockholders may send written communications to the Board, the presiding director or any individual member of the Board to the following address: c/o Secretary, ModusLink Global Solutions, Inc., 1601 Trapelo Road, Waltham, Massachusetts 02451. The Company will forward all such correspondence accordingly, except for mass mailings, job inquiries, surveys, business solicitations or advertisements, or patently offensive or otherwise inappropriate material.

PROPOSAL 2

APPROVAL OF THE AMENDMENT TO THE COMPANY S

RESTATED CERTIFICATE OF INCORPORATION

The Board has unanimously adopted and is submitting for stockholder approval an amendment to the Company s Restated Certificate of Incorporation (the Charter Amendment) that would eliminate the classification of the Board and provide instead for the annual election of Directors commencing with the Company s 2013 annual meeting of stockholders, which will be held after the fiscal year ending on July 31, 2013.

The Company s current classified board structure has been in place since 1994. The Board believes that its classified structure has helped assure continuity of the Company s business strategies and has reinforced a commitment to long-term stockholder value. Although these are important benefits, the Board acknowledged the affirmative vote by stockholders at the Company s 2011 annual meeting of stockholders to declassify the Board and recognized the growing sentiment among the investment community in favor of annual elections. After careful consideration, the Board determined that it is appropriate to propose declassifying the Board, commencing with the Company s 2013 annual meeting of stockholders.

The proposed Charter Amendment eliminates the classification of the Board effective upon the Company s 2013 annual meeting of stockholders and provides for the annual election of all Directors beginning at that annual meeting and makes certain conforming changes to the Company s Restated Certificate of Incorporation and the Bylaws. If approved, the Charter Amendment would become effective upon the filing of a certificate of amendment with the Secretary of State of the State of Delaware, which the Company would do promptly after stockholder approval is obtained for the Charter Amendment.

If stockholders approve the Charter Amendment, the current term of each director would end at the Company s 2013 annual meeting of stockholders. Commencing at the 2013 annual meeting of stockholders, the entire Board would stand for election annually and the term of any director chosen as a result of a newly created directorship or to fill a vacancy following such election would expire at the next annual meeting of stockholders.

The proposed Charter Amendment would not change the present number of Directors or the Board s authority to change that number and to fill any vacancies or newly created directorships.

Delaware corporate law provides, unless otherwise provided in the certificate of incorporation, that members of a board that is classified may be removed only for cause. At present, because the Board is classified, and because the Restated Certificate of Incorporation does not otherwise provide, the members of the Board are removable only for cause. The proposed Charter Amendment provides that, once the Board has become declassified at the Company s 2013 annual meeting of stockholders, Directors may be removed with or without cause.

Approval of the Charter Amendment will result in the amendment of Article Seventh of the Company s Restated Certificate of Incorporation, as shown on Appendix II.

Vote Required

The Company s Restated Certificate of Incorporation provides that any amendment to Article Seventh may only be approved by the affirmative vote of seventy-five percent (75%) of the Company s outstanding voting stock. Therefore, approval of this Proposal 2 requires the affirmative vote of seventy-five percent (75%) of the outstanding shares of Common Stock entitled to vote. Abstentions and broker non-votes will have the same effect as votes against this proposal.

The Board recommends that the stockholders vote FOR the approval of the amendment of the Company s Restated Certificate of Incorporation.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Board recognizes that it is appropriate to seek the views of stockholders on the design and effectiveness of the Company's executive compensation program. Per the Dodd-Frank Wall Street Reform and Consumer Protection Act enacted in July 2010, we are required to provide our stockholders with the opportunity to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement.

As described in more detail under the heading "Compensation Discussion and Analysis" beginning on page 29 of this Proxy Statement, we believe our executive compensation program aligns with our short and long-term business goals, with a significant portion of compensation "at risk" and directly linked to our overall performance. As such, we believe our executive compensation properly aligns the interests of our executives with the interests of our stockholders.

The Board recommends that the stockholders vote in favor of the following resolution:

Resolved, that the stockholders approve, on an advisory basis, the compensation of the Company's named executive officers as described in the Compensation Discussion and Analysis, the Summary Compensation Table and other related tables and disclosures in this proxy statement.

As an advisory vote, this proposal is not binding upon the Company or the Board. The Compensation Committee values the opinions expressed by our stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for our named executive officers.

Vote Required

Approval of this Proposal 3 requires the affirmative vote of a majority of the votes cast. Abstentions and any "broker non-votes" will not be included in the vote totals and, as such, will have no effect on the outcome of this proposal.

The Board recommends that the stockholders vote FOR the approval, on an advisory basis, of the compensation of our named executive officers.

PROPOSAL 4

APPROVAL OF THE STEEL HOLDINGS INVESTMENT

We are seeking approval for the sale and issuance of 7,500,000 shares of the Company's Common Stock at a price of \$4.00 per share and warrants to purchase 2,000,000 shares of the Company's Common Stock at an exercise price of \$5.00 per share (and the issuance of such shares upon exercise of such warrants) to Steel Holdings, an affiliate of HNH, for an aggregate amount of \$30,000,000. As described in detail below, we are seeking this approval as required by Nasdaq's Listing Rules, as this investment would result in HNH and its affiliates holding more than 20% of our outstanding Common Stock.

The Company also entered into the Settlement Agreement, which is described in detail above under Proposal 1 under the heading Background to the Other Solicitations, in connection with the Investment Agreement.

The Board has adopted a resolution recommending that our stockholders approve the Steel Holdings Investment. The Board determined that the Steel Holdings Investment is in the best interests of the Company and its stockholders because, among other reasons:

The stated purchase price per share is a 45% premium to the volume weighted average price of the Company's Common Stock over the 30 trading days preceding the date of the Investment Agreement.

The Board believes the Steel Holdings Investment and Messrs. Lichtenstein and Kassan may assist the Company in realizing greater value from the Company's NOL tax assets than the Company would have absent this capital investment and their respective expertise.

The Board believes the significant increase in the Company's cash balance that would result from consummation of the Steel Holdings Investment will enhance our customers' and vendors' assessment of the Company's financial strength.

The Board believes that the terms of the Settlement Agreement together with the Investment Agreement provide a pragmatic and constructive solution that allows the Company to avoid an expensive proxy contest with its largest stockholder.

The Board believes that a two-year standstill agreement from HNH and its affiliates with respect to further acquisitions of Common Stock in excess of the acquisitions permitted by the Settlement Agreement benefits our stockholders by affording time for the price of our Common Stock to reflect the anticipated benefits of our turnaround strategy and efforts to utilize the Company's NOL tax assets.

The terms of the Investment Agreement allow the Board, subject to certain terms and conditions, to terminate the Investment Agreement to accept a superior proposal from a third party for a transaction on terms that the Board determines to be more favorable to the Company and its stockholders.

The Company's stockholders will have the opportunity to vote upon the Steel Holdings Investment at the 2012 Meeting.

Why We are Seeking Stockholder Approval of the Steel Holdings Investment

As a Nasdaq-listed company, we are subject to Nasdaq's Listing Rules. Nasdaq Listing Rule 5635(b) requires us to obtain stockholder approval prior to the issuance of securities when the issuance or potential issuance will result in a change of control as defined by Nasdaq (the Change of Control Rule). Nasdaq generally characterizes a transaction whereby an investor or group of investors acquires, or obtains the right to acquire, 20% or more of the voting power of an issuer on a post-transaction basis as a change of control for purposes of the Change of Control Rule. As of the date hereof, HNH and its affiliates currently own approximately 14.9% of the outstanding Common Stock. Upon the acquisition of the Common Stock pursuant to the Investment Agreement, HNH and its affiliates will own approximately 27.4% of the outstanding Common Stock. Upon exercise of the Warrants, HNH and its affiliates would own approximately 30.1% of the outstanding Common Stock. Accordingly, the Board has submitted this Proposal 4 for stockholder approval because the Change of Control Rule will apply to the issuance of our Common Stock and Warrants (and shares of Common Stock underlying the Warrants) to an affiliate of HNH in the Steel Holdings Investment.

The approval sought under this Proposal 4 will be effective to satisfy the stockholder approval required by the Change of Control Rule. Under Nasdaq Listing Rule 5635(e)(4), the minimum vote which will constitute stockholder approval of this Proposal 4 for the purposes of the Change of Control Rule is a majority of the total votes cast on the proposal in person or by proxy at the 2012 Meeting, so long as a quorum is present.

The Investment Agreement

Generally

On February 11, 2013, the Company and Steel Holdings, an affiliate of HNH, entered into the Investment Agreement providing for the sale and issuance of 7,500,000 shares of Common Stock at a price of \$4.00 per share and warrants to purchase 2,000,000 shares of Common Stock at an exercise price of \$5.00 per share (the Warrants) for an aggregate purchase price of \$30,000,000. The following summary is not a complete description of the terms of the Investment Agreement and is qualified in its entirety by reference to, and should be read in conjunction with, the Investment Agreement. For a further description of the terms of the Investment Agreement, including a copy of the Investment Agreement, please see the Company's Current Report on Form 8-K filed with the SEC on February 13, 2013.

The Investment Agreement contains customary representations and warranties by the Company relating to, among other things, its corporate organization and subsidiaries, the due authorization of the Investment Agreement and the shares of Common Stock and Warrants to be issued, the capitalization of the Company, the lack of required governmental consents, compliance with laws and other instruments, litigation, its filings with the SEC, including the financial statements included therein, undisclosed liabilities, absence of certain events and changes, litigation, taxes, the broker fees payable by the Company, solvency and internal controls. The Company also represented that the Board had taken all actions necessary to render inapplicable the provisions of Section 203 of the General Corporation Law of the State of Delaware (Section 203), solely by virtue of the Steel Holdings Investment and the acquisitions of securities permitted to be made by HNH and its affiliates under the Settlement Agreement, for so long as HNH and its affiliates and associates continue to collectively own at least fifteen percent of the Company's outstanding Common Stock. The representations and warranties included in the Investment Agreement are made solely for purposes of the Investment Agreement and may not be accurate or complete as of any particular date because they are subject to a contractual standard of materiality or material adverse effect different from that generally applicable to public disclosure to stockholders or used for the purpose of allocating risk between the parties to the Investment Agreement rather than establishing matters of fact. Stockholders should not rely on these representations and warranties as statements of factual information.

The Investment Agreement also contains representations and warranties by Steel Holdings relating to, among other things, its corporate organization, the due authorization and execution of the Investment Agreement, the shares of Common Stock owned by Steel Holdings and its affiliates, its investment intent and its status as an accredited investor.

Until the closing of the Steel Holdings Investment or the earlier termination of the Investment Agreement, the Company has agreed, without the consent of Steel Holdings, to conduct its business in the ordinary course in a manner consistent with past practice, not to grant any waiver under the Company's Tax Benefit Preservation Plan or Shareholder Rights Plan and not to issue or sell any equity interests, other than in accordance with the Company's Tax Benefit Preservation Plan, Shareholder Rights Plan and equity incentive plans that are currently effective.

The sale of Common Stock and the Warrants pursuant to the Investment Agreement is intended to be exempt from the registration requirements of the Securities Act of 1933, as amended (the Securities Act), and the Company expects to rely upon Section 4(2) of the Securities Act for an exemption from registration. Upon the closing of the Steel Holdings Investment, the Company has agreed to reimburse Steel Holdings reasonably documented out-of-pocket expenses up to a maximum of \$200,000.

Competing Proposals

The Investment Agreement restricts the ability of the Board to directly or indirectly solicit, initiate, facilitate or engage in discussions with a third party regarding a Competing Proposal (as defined below). However, in the event that the Board receives an unsolicited Competing Proposal from a third party that, prior to receipt of stockholder approval, the Board determines in good faith, after consultation with the Company's legal and financial advisors, constitutes or could reasonably be expected to result in a Superior Proposal (as defined below), and that the failure to take the following actions would be inconsistent with the proper

exercise of its fiduciary duties under applicable law, the Board may furnish information to the third party and engage in discussions or negotiations regarding such Competing Proposal with the third party, subject to specified conditions. If the Board concludes in good faith, after consultation with the Company's legal and financial advisors, that a Competing Proposal constitutes a Superior Proposal and that the failure to take the following actions would be inconsistent with the proper exercise of its fiduciary duties under applicable law, the Board may, prior to obtaining stockholder approval, withdraw its recommendation of the Steel Holdings Investment or accept the Superior Proposal, subject to specified conditions, including the ability of Steel Holdings to propose revisions to the terms of the Steel Holdings Investment. The Board may also withdraw its approval or recommendation of the Steel Holdings Investment prior to obtaining stockholder approval, subject to certain conditions, if the Board first determines in good faith, after consulting with outside counsel, that the failure to take such action would be inconsistent with the proper exercise of its fiduciary duties under applicable law.

Under the Investment Agreement, a Superior Proposal means a written Competing Proposal made by any person on terms that the Board determines in good faith, after consultation with the Company's financial and legal advisors, and considering all relevant legal, financial, regulatory and other aspects of the proposal and the person making the proposal, are more favorable to the Company and its stockholders than the transactions contemplated by the Investment Agreement (considering any changes thereto agreed in writing by Steel Holdings in response thereto) and which the Board determines in good faith is reasonably likely to be consummated. A Competing Proposal is defined as any of the following transactions with a person other than Steel Holdings or any of its affiliates, or any inquiry, proposal or offer relating to, or which could reasonably be expected to lead to, any such transaction, directly or indirectly, whether in one transaction or a series of transactions: (i) any merger, consolidation, tender offer, exchange offer, recapitalization, share exchange or similar business combination involving the Company or any of its subsidiaries, (ii) any sale, lease, transfer or other disposition of a material portion of the assets of the Company or any of its subsidiaries, (iii) any issuance of, or transaction involving the sale or transfer of, the Company's equity interests to non-employees of the Company representing, or exercisable or exchangeable for or convertible into securities representing, 5% or more of the voting power of the Company, or (iv) any other transaction directly or indirectly having the purpose or effect of any of the foregoing.

Conditions and Termination

Steel Holdings' obligation to close the Steel Holdings Investment is subject to certain conditions, including the election of both Mr. Lichtenstein and Mr. Kassan to the Board, the approval of the Steel Holdings Investment by the Company's stockholders, that no Company Material Adverse Effect (as defined in the Investment Agreement) shall have occurred and other customary closing conditions.

The Company's obligation to close the Steel Holdings Investment is subject to certain conditions, including the approval of the Steel Holdings Investment by the Company's stockholders and other customary closing conditions.

The Investment Agreement may be terminated, among other reasons, by Steel Holdings if the Board changes its recommendation to the Company's stockholders regarding the Steel Holdings Investment or recommends a Competing Proposal, or if either Mr. Lichtenstein or Mr. Kassan is not elected to the Board at the 2012 Meeting, and may be terminated by the Company if the Board has received a Superior Proposal and determined to accept it prior to receiving stockholder approval of the Steel Holdings Investment. The Investment Agreement may be terminated by either party if stockholder approval of the Steel Holdings Investment is not obtained. In the event of the termination of the Investment Agreement due to any of the foregoing reasons, the Company will be required to pay to Steel Holdings a termination fee equal to \$900,000, plus an additional amount equal to Steel Holdings' reasonably documented out-of-pocket expenses up to a maximum of \$200,000. The Investment Agreement may also be terminated by either party if the closing of the Steel Holdings Investment has not occurred by May 6, 2013, subject to extension in the event specified regulatory approvals are required and not obtained.

Steel Holdings, as an affiliate of HNH, is also subject to the restrictions and obligations set forth in the Settlement Agreement. A description of the Settlement Agreement is set forth above under Proposal 1 under the heading HNH Solicitation.

Warrants

The per share exercise price of the Warrants is \$5.00. The Warrants will be exercisable (including on a cashless basis) beginning on the original date of issuance and will expire on the date that is five years following the closing of the Steel Holdings Investment. The terms of the Warrants provide for customary adjustments to the number of shares issuable upon exercise of the Warrants and the exercise price of the Warrants in the event of a stock split, capital stock dividend, subdivision or other similar event.

The foregoing summary is not a complete description of the terms of the Warrants and is qualified in its entirety by reference to, and should be read in conjunction with, the form of Warrant. For a further description of the terms of the Warrants, including a copy of the form of Warrant attached as Exhibit B to the Investment Agreement, please see the Company's Current Report on Form 8-K filed with the SEC on February 13, 2013.

Registration Rights

Pursuant to the Investment Agreement, the Company agreed to grant Steel Holdings certain registration rights. The Company agreed to file a resale registration statement on Form S-3 as soon as practicable after it is eligible to do so, covering the shares of Common Stock purchased by Steel Holdings and the shares of Common Stock issuable upon exercise of the Warrants. The Company is required to keep the resale registration statement effective for three years following the date it is declared effective. Steel Holdings also has the right, until such time as it owns less than one-third of the Common Stock originally issued to it under the Investment Agreement, to require that the Company file a prospectus supplement or amendment to cover sales of Common Stock through a firm commitment underwritten public offering. The underwriters of any underwritten offering have the right to limit the number of shares to be included in any such offering. In addition, the Company has agreed to certain piggyback registration rights. If the Company registers any securities for public sale, Steel Holdings has the right to include its shares in the registration, subject to certain exceptions. The underwriters of any underwritten offering have the right to limit the number of Steel Holdings shares to be included in any such offering for marketing reasons. The Company has agreed to pay the expenses of Steel Holdings in connection with any registration of the securities issued in the Steel Holdings Investment and to provide customary indemnification to Steel Holdings in connection with such registration.

The foregoing summary is not a complete description of the terms of the Registration Rights Agreement and is qualified in its entirety by reference to, and should be read in conjunction with, the form of Registration Rights Agreement. For a further description of the terms of the Registration Rights Agreement, including a copy of the form of Registration Rights Agreement attached as Exhibit A to the Investment Agreement, please see the Company's Current Report on Form 8-K filed with the SEC on February 13, 2013.

Effects of Approval on Current Stockholders

If this Proposal 4 is approved, the sale of the Common Stock and Warrants in the Steel Holdings Investment will dilute each existing stockholder's proportionate ownership and voting power. If this Proposal 4 is approved and the Steel Holdings Investment is consummated, HNH and its affiliates will beneficially own approximately 27.4% of our outstanding Common Stock and approximately 30.1% in the aggregate upon exercise of the Warrants. In addition, during the two-year period following the date of the Settlement Agreement, HNH and its affiliates will be permitted to purchase an additional 1,405,374 shares of outstanding Common Stock (subject to proportionate adjustment as provided in the Settlement Agreement). Following that two-year period, HNH and its affiliates are not restricted from acquiring additional shares of Common Stock, but the Company retains the right to implement a shareholder rights plan. We cannot be certain that the interests of HNH and its affiliates will be consistent with the interests of all of our other stockholders. As our largest stockholder, HNH and its affiliates would have considerable influence in our day-to-day affairs and determining the outcome of any corporate transaction or other matter submitted to our stockholders for approval, including the election of directors and approval of mergers, consolidations or the sale of all or substantially all of our assets. Accordingly, the Steel Holdings Investment could have the effect of delaying or preventing a change in control not favored by HNH or its affiliates.

Vote Required

Approval of this Proposal 4 requires the affirmative vote of a majority of the votes cast. Abstentions and any broker non-votes will not be included in the vote totals and, as such, will have no effect on the outcome of this proposal.

The Board recommends that the stockholders vote FOR the approval of the Steel Holdings Investment.

PROPOSAL 5

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has appointed KPMG LLP, an independent registered public accounting firm, to audit the Company's consolidated financial statements for the fiscal year ending July 31, 2013, and recommends that the stockholders vote for ratification of such appointment. If the stockholders do not ratify the selection of KPMG LLP as the Company's independent registered public accounting firm, the appointment will be reconsidered by the Audit Committee. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the Company's and its stockholders' best interests. A representative of KPMG LLP, which served as the Company's independent registered public accounting firm in fiscal 2012, is expected to be present at the 2012 Meeting, to be available to respond to appropriate questions from stockholders and to make a statement if he or she desires to do so.

Vote Required

Approval of this Proposal 5 requires the affirmative vote of a majority of the votes cast. Abstentions and any broker non-votes will not be included in the vote totals and, as such, will have no effect on the outcome of this proposal.

The Board recommends that the stockholders vote FOR the ratification of KPMG LLP to serve as the Company's independent registered public accounting firm for the current fiscal year.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary of Fiscal 2012 Compensation

Entering fiscal 2012, the Company reported fiscal 2011 results that showed a continuing decline in revenue and a larger operating loss compared to the prior year. The Compensation Committee generally considers the Company's financial performance in making executive compensation determinations and links variable compensation to such performance. The Compensation Committee strives to set challenging but in its view attainable targets for incentive compensation. Based on Company financial performance in fiscal 2011 and fiscal 2012, no bonuses were earned under the management incentive plans for those periods. In addition, no salary increases were made in fiscal 2012 other than for promotional purposes. The Compensation Committee's use of stock options further aligns the interests of management and the Company's stockholders. Reflecting the pay-for-performance aspects of the Company's compensation philosophy and demonstrating that compensation programs are aligned with stockholder value creation, no named executive officer held in-the-money options at July 31, 2012.

During fiscal 2012, prior to Messrs. O'Donnell and Wald joining the Compensation Committee, the Compensation Committee made several changes in the Company's pay practices, designed to align compensation with achievement of the Company's strategies and, ultimately, better financial results. These included:

A shift in management incentive plan metrics for fiscal 2012 to put more emphasis on achieving an improvement in operating income, focusing on the Company's cost savings initiatives and continued focus on free cash flow;

The de-emphasis of time-based restricted stock as a component of annual equity awards; and

Modifications to the Company's peer group to achieve a better representative sample of the relevant market in which the Company competes for talent.

A consideration of the state of the global economy and the Company's performance was reflected in 2012 compensation decisions. For example:

Base salaries for the named executive officers remained at their fiscal 2011 levels when fiscal 2012 compensation was determined. The only fiscal 2012 base salary increase was for Mr. Gray, who we provided with a promotional increase of 31% in June 2012 in recognition of his expanded role and responsibilities upon assuming the additional role of Chief Administrative Officer.

Our fiscal 2012 performance annual bonus program was aligned with our business mission, strategy and goals and provided corresponding rewards only upon attainment of performance, thereby linking executives' interests with our stockholders. For fiscal 2012, target bonus opportunities as a percentage of base salary were held at their fiscal 2011 levels. The 2012 Management Incentive Plan provided for bonuses based on operating income and business-related goals having objective measurement (namely a measurement of cost savings and free cash flow), all of which measure the success of our long-term strategic plan for increased profitability and efficiency as more fully discussed in Management's Discussion and Analysis of Financial Condition and Results of Operation contained in the 2012 Annual Report. No payment was to be made related to any metric unless a minimum level of operating income was earned. As this minimum was not met, no bonuses were paid for fiscal 2012.

The equity component of our compensation program for fiscal 2012 was also similarly linked to our performance and the long-term interests of our stockholders. For 2012 the equity component of our compensation plan consisted of stock options and performance-based restricted stock. The stock options vest over time, and will only have value if our share price increases. The performance-based restricted stock would be earned only if we met an operating income goal. However, since this performance metric was not met, no restricted shares for fiscal 2012 were issued and executives received no payment thereon.

Fiscal 2012 was a year that saw a change in leadership of the Company, as the Company's President and Chief Executive Officer announced his retirement in June 2012. In order to ensure an orderly transition of his duties, the Company and Mr. Lawler entered into a separation agreement.

Edgar Filing: ModusLink Global Solutions Inc - Form DEFC14A

In reaching this agreement, the Board used the amounts that would have been payable under Mr. Lawler's Executive Severance Agreement as a reference point and provided for the acceleration of vesting of certain options and restricted stock which were anticipated to vest during his transition period. Mr. Lawler's retirement was effective on

October 1, 2012. In addition, the Company's President, Global Operations, Mr. McLennan, departed in June 2012 by mutual agreement with the Company and received the benefits he otherwise would have received under his existing severance agreement, had the departure not been by mutual agreement. Also, the Company eliminated the position of David J. Riley, Executive Vice President, Corporate Development, in July 2012, and Mr. Riley received benefits pursuant to his existing severance agreement.

Also, during the fiscal year, in light of the challenges facing the Company including the uncertainty associated with its ongoing review of strategic alternatives, the need for leadership and continuity given the aforementioned departures, and the activities required to address the Company's pending restatement and SEC inquiry, the Company entered into retention agreements and amendments to severance arrangements with certain of the named executive officers in order to provide additional incentive to remain with the Company.

Executive Compensation Objectives

Our executive compensation program is designed to meet the following objectives:

Attract and retain executive officers who contribute to our success;

Align compensation with our business mission, strategy and goals; and

Motivate and reward high levels of performance.

These objectives collectively seek to link compensation to overall Company performance, which helps to ensure that the interests of our executives are aligned with the interests of our stockholders. These objectives serve as guiding principles in compensation program design.

Our compensation philosophy generally is to set our target total compensation (base salary, bonus and long term incentives) at the 50th percentile for similarly situated individuals at companies we consider to be our peers and competitors for talented individuals such as our executives and within the general industry (as more fully described below under [Benchmarking](#)). However, we also consider the need to account for factors such as tenure, individual performance, and unique characteristics and criticality of the job to the Company, and, as a result, from time to time and for certain individuals, we will exceed or trail the 50th percentile target.

As to performance-based compensation, the Compensation Committee believes that one measure of the effectiveness of a variable compensation plan is whether compensation is being earned commensurate with performance and whether goals are set properly to reward desired performance. The Company did not meet its financial goals for fiscal 2012 and accordingly no amounts were earned under variable cash compensation or on performance-based equity.

Components of Executive Compensation

The principal components of compensation for our named executive officers consist of base salary; performance-based annual cash bonus; equity grants of stock options and performance-based restricted stock; limited perquisites; and other benefits. Each component is described in more detail below. As discussed under [Human Resources and Compensation Committee](#) , from time to time we engage a compensation consultant to assist us in determining these compensation levels and to review our executive compensation programs.

Base Salary

Base salary is the fixed component of an executive's annual cash compensation and supports our compensation objectives to attract and retain talented executives and adequately compensate and reward them for services rendered during the fiscal year. Changes in base salary are typically considered based on subjective evaluation of individual performance during our annual performance review process which takes place in our fiscal first quarter. Assessment of individual performance includes achievements and performance of the applicable operating unit or function for which the executive is responsible. In addition, from time to time, adjustments are made to base salaries during the fiscal year in light of promotions, added responsibilities or in reaction to changes in the market for an individual possessing the skills and abilities required by our executives. Prior to his retirement, our former President and Chief Executive Officer made recommendations regarding compensation adjustments for the

other named executive officers, which adjustments were considered by and were subject to approval by the Compensation Committee. The process for reviewing the compensation of our former President and Chief Executive Officer during 2012 is described in the section titled President and Chief Executive Officer Compensation Decisions below.

The Compensation Committee reviewed base salaries during the first quarter of fiscal 2012, and given the state of the economy, decided that no change in base salary would be made for fiscal 2012 for our named executive officers at that time. However, in June 2012, in connection with Mr. Gray assuming the additional role of Chief Administrative Officer and after consideration of this expanded role, Mr. Gray's annual base salary was increased by 31% from \$306,000 to \$400,000.

Performance-Based Annual Cash Bonus

Historically, the Compensation Committee has established an Executive Management Incentive Plan or MIP, which provides cash incentives for our executives. This plan supports our compensation objectives by focusing on annual financial and operating results and enabling our target total compensation to remain competitive within the marketplace for executive talent. Each named executive officer has a target bonus award for each plan year.

Target bonus awards are expressed as a percentage of the base salary paid to the named executive officer during that plan year. Historically, the Compensation Committee has selected bonus amounts for the named executive officers such that target total compensation approximated the 50th percentile of comparable positions at our peer companies or the general industry. For fiscal 2012, targeted performance-based cash bonus percentages were maintained at the levels in place for fiscal 2011. In making this determination, the Compensation Committee considered the bonus percentages relative to market and peer group practice and the mix of target cash and equity compensation for the named executive officers. For fiscal 2012 targeted bonuses were:

Executive Officer	Target as Percentage of Base Salary (%)
Joseph C. Lawler	125
Steven G. Crane	70
Scott R. Crawley	60
Peter L. Gray	60
Thomas Nightingale	100
William R. McLennan	80
David J. Riley	50

At target, if earned, the performance-based annual cash bonus for the named executive officers would approximate the 50th percentile relative to the general industry survey discussed below under Benchmarking.

For fiscal 2012 bonus payouts could range from 25% to 200% of an individual's target bonus, based on financial performance of the Company.

For fiscal 2012, the Compensation Committee established metrics to focus the Company's executives on increasing operating income, reducing costs and generating cash from operations (or free cash flow), which the Compensation Committee believes are key drivers for the Company's success and are aligned with our long-term strategy. In fiscal 2012, a portion of each participant's target bonus percentage was allocated 70% to operating income and 30% to business-related goals having objective measurement (Personal Goals). The Compensation Committee chose two equally weighted additional financial metrics as the Personal Goals for the named executive officers, namely cost savings and free cash flow. The metrics were weighted 70% for operating income, 15% for costs savings and 15% for free cash flow. The weighting of the operating income metric was increased from 40% in fiscal 2011 to 70% in fiscal 2012, emphasizing the Company's focus on driving profitability and efficiency in fiscal 2012. The Compensation Committee conditioned all bonus payments on the Company achieving the threshold level of operating income. Operating income for 2012 was to be determined exclusive of the impact of acquisitions or divestitures, the impact of any restructuring charges, any expense variances to budget related to @Ventures, which conducts the Company's venture capital investing activities, and any expenses related to the Company's director nomination process for the 2011 Annual Meeting of Stockholders. Free cash flow was to be determined excluding the impact of any acquisitions or divestitures and equal to the difference between net cash (used in) provided by operating activities of continuing operations less additions to property and equipment. As a term of his employment offer, Mr. Nightingale was guaranteed a minimum payment of \$200,000 under the 2012 MIP.

The following are the threshold, target and maximum levels established for each performance metric for fiscal 2012:

	Threshold	Target	Maximum
Operating Income	\$ 2.0 million	\$ 3.0 million	\$ 5.0 million
Cost Savings ¹	\$ 14.1 million	\$ 19.9 million	\$ 25.7 million
Free Cash Flow ²	\$ 7.0 million	\$ 9.0 million	\$ 25.0 million

Achievement of the threshold level of performance for the operating income metric was required for any payments to be made under the plan with respect to any of the metrics. Payouts for the various components would scale from 25% to 100% between the threshold and the target levels and from 100% to 200% between the target and the maximum levels.

In the Compensation Committee's view, the objectives established were challenging in that they could be achieved only with substantial effort and improved performance compared with fiscal 2011 results. The changes in threshold, target and maximum levels in fiscal 2012 from actual results for operating income and free cash flow in fiscal 2011 were as follows:

	Threshold	Target	Maximum
Operating Income	129%	143%	172%
Free Cash Flow ²	163%	180%	321%

Due to the operating income result being below the threshold level, no payouts were made under the plan, other than Mr. Nightingale's guaranteed payment.

Equity Grants

A key component of our executives' compensation takes the form of equity grants, including stock options and performance-based restricted stock.

Our long-term equity incentives support our compensation objectives by rewarding the achievement of long-term business objectives that benefit our stockholders and help us retain a successful and tenured management team. Our executive compensation program has, to a great extent, historically relied on equity components to meet its objectives.

In determining the size and value of equity grants made during fiscal 2012, we reviewed market information provided by PM&P in September 2011. The Compensation Committee also considered the advice of PM&P, which reviewed the compensation of the executives of the Company in September 2011, in determining the mix of performance-based and market risk-based equity.

Stock options

Historically, our equity program for executive officers has always included stock options with the size and value of awards based on the executive's position and market compensation data. The Compensation Committee believes that stock options align the interests of our executive officers with those of investors and rewards the executives for enhancing our stock valuation, and serve as a retention vehicle. As part of the named executive officers' compensation, stock options are generally awarded (i) upon initial hiring, (ii) annually, and (iii) periodically, in the event of promotions, added responsibilities and exemplary performance. The number of shares underlying an option grant is determined relative to market practice and in line with the Company's goals in relation to setting target total compensation. Stock option grants in 2012 were made on the third business day after the release of earnings for our fiscal 2011 other than new hire grants, which were made at commencement of employment. Except as noted below, options granted in fiscal 2012 vest over 4 years with 25% vesting after one year and 1/48th of the options vesting each month thereafter.

¹ Cost savings targets were calculated and measured in relation to a cost reduction plan reviewed with the Board of Directors at the conclusion of fiscal 2011.

Edgar Filing: ModusLink Global Solutions Inc - Form DEFC14A

We define free cash flow as net cash provided by operating activities of continuing operations less additions to property and equipment (exclusive of the impact of any acquisitions or divestitures).

For fiscal 2012, the awards granted to our named executive officers were as follows:

Name	Date of Grant	Exercise Price	Number of Shares Underlying Option
Joseph C. Lawler	9/30/2011	3.49	183,100
Steven G. Crane	9/30/2011	3.49	70,600
Scott R. Crawley*	8/29/2011	4.18	35,000
	8/29/2011	4.18	50,000**
Peter L. Gray	9/30/2011	3.49	58,900
Thomas Nightingale*	12/12/2011	5.16	400,000
William R. McLennan	9/30/2011	3.49	78,600
David J. Riley	9/30/2011	3.49	58,900

* All options granted to Messrs. Crawley and Nightingale were granted in connection with their commencement of employment.

** Such option will vest as to 10,000 shares on each of the first five anniversaries of the grant date subject to a minimum average share price being achieved on each such vesting date, which shall be \$7.00, \$8.50, \$11.00, \$12.50 and \$14.00, respectively. If the specified minimum average share price for the applicable anniversary date is not achieved, the 10,000 shares shall not vest and become exercisable but may vest on a subsequent anniversary date if the minimum average share price related to the earlier anniversary date is achieved or exceeded on a subsequent anniversary date.

Performance-Based Restricted Stock

Another component of our equity program is performance-based restricted stock, pursuant to which executive officers would be granted a predetermined number of shares of restricted stock in the event that the Company achieves a certain level of financial performance. The Compensation Committee believes that performance-based restricted stock aligns the interests of our executive officers with those of investors, rewards the executives for enhancing our stock valuation and serves as a retention vehicle.

For fiscal 2012, the potential awards for our named executive officers were as follows:

Name	Number of Shares	
	25% Level	100% Level
Joseph C. Lawler	21,975	87,900
Steven G. Crane	8,475	33,900
Scott R. Crawley	3,750	15,000

In addition to the awards set forth in the table, each award earned under the plan was subject to a multiplier related to achievement by the Company of a certain level of revenue in fiscal 2012. The percentage by which the Company's revenue for fiscal 2012 exceeded the target level of \$887.1 million, if at all, was to be multiplied by the number of shares to be issued relative to operating income performance, and added to the award (the revenue multiplier).

The number of shares underlying the performance-based restricted stock awards was determined relative to market practice and in line with the Company's goal regarding target total compensation. Mr. Crawley's participation levels were determined after considering that Mr. Crawley had recently joined the Company at the time the plan was adopted and had received equity awards of 85,000 options with an exercise price of \$4.18 and 25,000 shares of restricted stock in connection with his commencement of employment. Mr. Nightingale did not participate in the plan given that he joined the Company in December 2011 and received equity awards of 400,000 options with an exercise price of \$5.16 and 60,000 shares of restricted stock in connection with the commencement of his employment.

The Compensation Committee set the financial performance target for earning shares associated with the 25% level at achieving break-even operating income and with the 100% level at achieving \$2 million of operating income. For these purposes, operating income was to be calculated the same as under the MIP. As was the case with the performance-based annual cash bonus, for fiscal 2012, the Company's operating income determined in accordance with the plan was below the target established under the plan and therefore no issuances were made for fiscal 2012 of performance-based restricted stock and no revenue multiplier was applicable.

Restricted Shares

In past years, the Compensation Committee has determined that an element of annual equity compensation would take the form of time vesting restricted stock awards. For fiscal 2012, however, the Compensation Committee determined that no time vesting restricted stock awards would be made (other than new hire grants of 25,000 shares to Mr. Crawley and 60,000 shares to Mr. Nightingale) and that all annual equity awards would be performance-based or market-risk-based in order to align the executives' incentives with stockholder interests.

The Company from time to time awards shares of restricted stock coincident with the commencement of employment or in recognition of a promotion, added responsibilities, exemplary performance, to address market factors or to serve as a means to retain and motivate management.

Perquisites and other benefits

The Compensation Committee believes that the perquisites provided to the named executive officers are reasonable and modest compared to the general market. To the extent we offer any perquisites, we do so in order to be competitive with the market. Each of the named executive officers receives an automobile allowance as a term of his employment, long-term disability benefits and 401(k) matching benefits consistent with those offered to all other participating employees.

From time to time, we have awarded discretionary cash bonuses based on, for example, exemplary performance or the assumption of additional responsibilities. No such bonuses were awarded to any named executive officers in fiscal 2012.

Assessment of risk

The Compensation Committee believes that our compensation policies and practices motivate our employees to achieve our corporate objectives and to remain with our Company while avoiding unreasonable risk taking, and that our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on our Company. We believe we have allocated our compensation among base salary and incentive compensation target opportunities in such a way as to not encourage excessive risk taking. In addition, we believe our approach to goal setting, and our bonus plan design that provides for payouts at various levels of performance, further aligns employee and stockholder interests. Also, the multi-year vesting of our equity awards and our share ownership guidelines encourage our employees to have a long-term perspective.

Benchmarking

The Compensation Committee reviews executive compensation relative to marketplace norms on a regular basis and has followed a practice of refreshing this data every two years. For fiscal 2012, we considered a review of compensation completed in September 2011 when making our compensation decisions. In the September 2011 compensation review, the Compensation Committee evaluated the competitiveness of our total target compensation relative to two data sources. One data source, which we refer to as our fiscal 2012 custom peer group (the FY12 Custom Peer Group), consists of companies within the Information Technology Services and Supply Chain Management Services sectors. The companies in the FY12 Custom Peer Group were:

Brightpoint, Inc.;

CIBER Inc.;

Computer Task Group, Inc.;

CTS Corporation;

Digital River, Inc.;

Forward Air Corporation;

GSI Commerce, Inc.;

Hub Group, Inc.;

Pacer International, Inc.;

PC Connection, Inc.;

PFSweb, Inc.; and

ScanSource Incorporated.

In recognition that the Company had evolved in recent years with respect to business model and size, the Compensation Committee commissioned a comprehensive study of potential executive compensation peers in 2011. With the assistance of PM&P, we identified potential peers using a rules-based process that considered industry, size with respect to revenues, employees, assets, financial and operating characteristics, including operating leverage and EBITDA margin, as well as customer base and end markets served. We developed the FY12 Custom Peer Group by considering companies identified during such process. The resulting FY12 Custom Peer Group reflects the Company's evolution to a supply chain management services model. In general, the FY12 Custom Peer Group includes companies more likely to serve enterprise-level customers and operate in lower margin businesses.

The FY12 Custom Peer Group differed from the group that we had used previously, our FY10 Custom Peer Group. The changes reflected that one company in the prior peer group had been acquired and was no longer independent (ATC Technology Corporation) and a determination by the Company that certain former peers' size and/or business was sufficiently different from that of the Company (Axiom Corporation, Celestica Inc., Convergys Corporation and Sykes Enterprises) so that they were no longer considered a peer for compensation comparison purposes. In addition, we added CIBER Inc., Computer Task Group, Inc., CTS Corporation, Pacer International, Inc., PC Connection, Inc., PFSweb, Inc. and ScanSource Incorporated as we believed these companies had similarities to our business and reflected the market in which we compete for executive talent. Following the process of determining the FY12 Custom Peer Group, we concluded that FY12 Custom Peer Group data of a reliable sample size was only available for our former Chief Executive Officer, Chief Financial Officer, Executive Vice President, General Counsel and Secretary and President, Global Operations positions. Accordingly, only those four positions were compared with the FY12 Custom Peer Group.

The second data source we considered in making fiscal 2012 compensation decisions was market survey data developed by national compensation consulting firms and summarized for the Compensation Committee by PM&P. These surveys (the Pearl Meyer & Partners Executive and Senior Management Total Compensation Survey and Mercer's US Executive Benchmark Database) reflect a broader industry reference than our FY12 Custom Peer Group. Only revenue size appropriate cuts of data were considered. Since inclusion in this second group was based solely on revenue size and participation in one or both of these surveys, the Compensation Committee is not aware of the names of the specific companies included. PM&P blended this general industry group data with data from the FY12 Custom Peer Group as available to form a Market Composite used as a comparison for all of our named executive officers.

Relative to the Market Composite, we found that fiscal 2012 target total compensation for our former President and Chief Executive Officer was less than competitive with the market median (i.e., more than 10% below median). We also found that in the aggregate, our total target compensation for the named executive officers as a group was closely aligned with the Market Composite median.

Tally Sheets

Edgar Filing: ModusLink Global Solutions Inc - Form DEFC14A

The Compensation Committee periodically reviews all components of compensation for the named executive officers, including salary, bonus, current value of all stock options and restricted shares outstanding, the dollar value and cost to us of all perquisites and benefits and the actual projected payout obligations under potential termination, severance and change-in-control scenarios. Tally sheets detailing the above components and scenarios with their respective dollar amounts are prepared by

management for each of our named executive officers and other executives and reviewed by the Compensation Committee at least annually. The Compensation Committee believes, based on this review, that the compensation of the named executive officers is reasonable. In addition, the Compensation Committee believes that the differences between the compensation of our former President and Chief Executive Officer and that of the other named executive officers was appropriate based on similar differences found in market data.

President and Chief Executive Officer Compensation Decisions

The Compensation Committee coordinated the annual performance evaluation of our former President and Chief Executive Officer with the independent members of our Board. The evaluation was based on objective criteria, including the performance of the business, accomplishment of reported goals and strategic objectives and the development of management. There was no formula applied or weighting of these factors and the Compensation Committee considered the President and Chief Executive Officer's performance in its totality. The evaluation was used by the Compensation Committee in determining our former President and Chief Executive Officer's cash compensation (base salary and bonus), which was also reviewed with the independent members of the Board prior to final approval by the Compensation Committee. The equity components of Mr. Lawler's compensation in fiscal 2012, stock options and participation level for performance-based restricted stock awards were determined after reviewing PM&P's executive compensation analysis.

Input from Management

In fiscal 2012, our former President and Chief Executive Officer and our Senior Vice President, Human Resources provided information and recommendations regarding our executive compensation program to our Compensation Committee, as is described in the Human Resources and Compensation Committee section above. Prior to the hiring of our current Senior Vice President, Human Resources in May 2011, and in particular for the fiscal year 2011 compensation matters discussed in this Proxy Statement, our Executive Vice President and General Counsel was responsible for human resources matters and performed these duties.

Related Policies and Considerations

Employment, Termination of Employment and Change-In-Control Agreements

Each of our executive officers is an employee-at-will, meaning that his employment may be terminated at any time and for any reason. We have entered into severance benefit agreements with each of our named executive officers, which are described under the heading Potential Payments Upon Termination or Change-in-Control. During fiscal 2007, the Compensation Committee retained Hewitt to conduct a review of our severance benefits, including change-in-control protections. Based on that review, we standardized the severance benefits for our executives, with certain exceptions for pre-existing arrangements. In fiscal 2012, PM&P also reviewed our severance benefits. Based on the reviews, we believe that the severance benefits we offer to our executives are competitive with similarly situated individuals and companies. With respect to termination of employment absent a change-in-control, we believe that the benefits we offer are in line with the markets in which we compete, and we offer these benefits to attract and retain our executives. These benefits were enhanced in late fiscal 2012, for certain executives, to include a payment equal to such individual's target bonus as part our retention efforts. Regarding change-in-control benefits, we have structured these benefits as a double trigger meaning that the benefits are only paid in the event of, first, a change-in-control transaction, and second, the loss of employment within one year after the transaction. We decided to offer these benefits in order to provide an incentive for our executives to remain in our employ in the event of such a transaction.

Stock Ownership Guidelines

The Compensation Committee believes that it is appropriate for the executive officers to hold equity in the Company. Under our stock ownership guidelines, the Chief Executive Officer's ownership requirement is set at three times his annual salary and other executive officers ownership requirement is set at two times their respective annual salaries. All individuals will have five years from the later of the adoption of the guidelines or his or her first appointment as an executive officer to reach these ownership levels. In computing the amounts owned, the Company will consider the value of shares owned outright, unvested restricted stock held by the individual, and in-the-money vested options. Compliance is measured at the end of each calendar year.

Tax and Accounting Implications

Under Section 162(m) of the Internal Revenue Code, certain executive compensation in excess of \$1 million paid to certain officers of a public company is not deductible for federal income tax purposes unless the executive compensation is awarded under a performance-based plan approved by stockholders. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Compensation Committee has not adopted a policy that all compensation must be deductible. The Compensation Committee intends, to the extent practicable, to preserve deductibility under the Internal Revenue Code of compensation paid to our executive officers while maintaining compensation programs that support attraction and retention of key executives.

Stock options awarded to executive officers under our stock option plans, which were approved by stockholders, and shares of restricted stock awarded under our performance-based restricted stock program are performance-based and are potentially deductible for us. Restricted stock awards that are not performance-based do not qualify for the performance-based exception to Section 162(m) of the Internal Revenue Code, but the Compensation Committee believes that the retention benefit derived outweighs any tax benefit that might otherwise be obtained.

The compensation that we pay to the named executive officers is expensed in our financial statements as required by U.S. generally accepted accounting principles. As one of many factors, the Compensation Committee considers the financial statement impact in determining the amount of, and allocation among the elements of, compensation. We account for stock-based compensation in accordance with the requirements of the Financial Accounting Standards Board Accounting Standards Codification Topic 718 (ASC 718) (formerly Statement of Financial Accounting Standards No. 123R, Share-Based Payment).

The Human Resources and Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on this review and discussion, recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

- (1) The amounts shown in the Stock Awards and Option Awards columns represent the aggregate grant date fair value of awards computed in accordance with ASC 718, not the actual amounts paid to or realized by the named executive officers during fiscal 2012, fiscal 2011 and fiscal 2010. ASC 718 fair value amount as of the grant date for stock awards and stock options generally is spread over the number of months of service required for the grant to vest. An explanation of the vesting of restricted stock awards and options awards, as well as the methodology for performance-based restricted stock payouts, is discussed in the footnotes to the Grants of Plan-Based Awards for Fiscal 2012 and Outstanding Equity Awards at 2012 Fiscal Year End tables below.
- (2) Reflects the aggregate grant date fair value of awards computed in accordance with ASC 718 for restricted stock and performance-based restricted stock awards granted to the named executive officers. The fair value of these awards is based on the closing price of our Common Stock on the date of grant and, for performance-based restricted stock awards, is calculated at the target share payout, which is also the maximum share payout in fiscal 2012, as of the grant date (September 21, 2011,

Edgar Filing: ModusLink Global Solutions Inc - Form DEFC14A

September 22, 2010 and September 23, 2009). The performance objectives for fiscal 2012 were not achieved and no performance-based restricted shares were issued. Mr. Nightingale did not receive a performance-based restricted stock award in fiscal 2012.

- (3) The fair value of each stock option award is estimated as of the date of grant using a binomial valuation model. Additional information regarding the assumptions used to estimate the fair value of all stock options awards is included in Note 15 to Consolidated Financial Statements in the 2012 Annual Report.

- (4) Represents amounts earned under the Company's fiscal 2012, 2011 or 2010 Executive Management Incentive Plan, as applicable. See Compensation Discussion and Analysis for a discussion of the 2012 MIP.
- (5) Amounts set forth in this column represent employer 401(k) plan matching cash contributions, in addition to the other items noted in the applicable footnote.
- (6) Mr. Lawler retired from the Company effective as of October 1, 2012.
- (7) Includes \$303,946, which is the grant date fair value of the award, plus \$18,142, which is the incremental fair value of the award as modified on June 11, 2012 pursuant to the Separation and Release Agreement entered into between Mr. Lawler and the Company.
- (8) Includes a \$12,000 automobile allowance.

* Equity awards to the named executive officers during fiscal 2012 were made pursuant to the 2010 Incentive Award Plan.

- (1) Non-equity awards were to be made pursuant to the 2012 MIP. In September 2011, the Compensation Committee established the performance objectives for fiscal 2012, as well as the threshold, target and maximum payment levels. The threshold amount is 25% of target and maximum is 200% of target. The performance objectives were not achieved and no awards were made pursuant to the 2012 MIP, other than \$200,000 to Mr. Nightingale, which was guaranteed to be paid to Mr. Nightingale per his employment arrangement. See Compensation Discussion and Analysis for a discussion of the 2012 MIP.
- (2) The amounts shown reflect number of potential shares of performance-based restricted stock to be issued subject to satisfaction of performance conditions. Threshold achievement payout is 25% of target and maximum achievement payout is 100% of target. In addition to the awards set forth in the table, each award earned under the plan is subject to a multiplier related to achievement by the Company of a certain level of revenue in fiscal 2012. The percentage by which the Company's revenue for fiscal 2012 exceeds the target level, if at all, will be multiplied by the number of shares to be issued relative to operating income performance, and added to the award. Performance below a threshold level results in no payout. The performance objectives set for fiscal 2012 performance were not achieved and no performance-based restricted shares were issued. See Compensation Discussion and Analysis for a discussion of the plan.
- (3) Restricted stock awards vest 33 1/3% on each of the first three anniversaries of the date of grant, provided that the recipient remains employed by the Company or one of its subsidiaries on each such date. Mr. Nightingale's restricted stock award provided that should Mr. Lawler cease to be employed as the Chief Executive Officer of the Company during Mr. Nightingale's

- first twelve months of employment, then 50% of such award would become immediately vested. Due to Mr. Lawler's retirement on October 1, 2012, Mr. Nightingale's restricted stock award vested as to 30,000 shares on October 1, 2012, and will vest as to 10,000 shares on December 12, 2013 and as to 20,000 shares on December 12, 2014. The vesting of these restricted stock awards is accelerated under certain circumstances. See *Potential Payments Upon Termination or Change-in-Control* below.
- (4) Unless otherwise noted, stock option awards vest as to 25% on the first anniversary of the date of grant and as to 1/48th of the shares on each monthly anniversary thereafter, provided that the recipient remains employed by the Company or one of its subsidiaries on each such date. The vesting and exercisability of the options is accelerated under certain circumstances. See *Potential Payments Upon Termination or Change-in-Control* below.
 - (5) The grant date fair value of *All Other Stock Awards* is computed based on a value per share of \$4.18 on August 29, 2011 for Mr. Crawley and \$5.16 on December 12, 2011 for Mr. Nightingale. The grant date fair value of *All Other Option Awards* is computed based on a value per share of (i) \$1.66 on September 30, 2011 for Messrs. Lawler, Crane, Gray, McLennan and Riley, (ii) (x) \$1.98 on August 29, 2011 for the option to purchase 35,000 shares granted to Mr. Crawley and (y) \$2.11, \$2.00, \$1.79, \$1.63, \$1.43 on August 29, 2011 for the option to purchase 50,000 shares granted to Mr. Crawley (such option will vest as to 10,000 shares on each of the first five anniversaries of the grant date subject to a minimum average share price being achieved on each such vesting date, which shall be \$7.00, \$8.50, \$11.00, \$12.50 and \$14.00, respectively) and (iii) \$2.41 on December 12, 2011 for Mr. Nightingale. The grant date fair value of the performance-based shares of restricted stock is computed based on a value per share of (i) \$3.49 on September 21, 2011 for Messrs. Potential Payments Upon Termination or Change-in-Control

We have entered into agreements with each of our named executive officers, which agreements provide for benefits in the event of termination of employment. These benefits vary based on whether the termination occurs before or within one year following a change in control of the Company.

Joseph C. Lawler, William R. McLennan and David J. Riley

Messrs. Lawler, McLennan and Riley have each ended their employment with the Company, effective as of October 1, 2012, June 11, 2012 and July 3, 2012, respectively. Each of Messrs. Lawler and McLennan entered into separation agreements with the Company, the details of which are described above under Employment Agreements of Named Executive Officers.

Steven G. Crane

Mr. Crane is party to an agreement entered into with him in July 2007 (as amended, the Crane Executive Severance Agreement), which provides that in the event Mr. Crane's employment is terminated by the Company without Cause, then Mr. Crane will receive (i) 12 months of continued base salary and (y) his target bonus for the year in which the termination occurs (added by amendment to the Crane Executive Severance Agreement on June 12, 2012) (each payable in 12 monthly installments). In the event Mr. Crane's employment is terminated by the Company without Cause or by Mr. Crane for Good Reason (as defined below) within one year after a Change of Control (as defined below) of the Company, then (i) Mr. Crane will receive (x) 12 months of continued base salary, and (y) his target bonus (each payable in 12 monthly installments) and (ii) all of Mr. Crane's stock options which are then outstanding shall be immediately vested and shall remain exercisable for a period of 6 months following the his last day of employment (but not to exceed the original term of such awards) and all of his restricted stock shall be immediately vested and free of restrictions.

On June 12, 2012, the Company entered into a retention agreement with Mr. Crane pursuant to which the Company agreed to pay Mr. Crane \$160,000 on December 31, 2012 and \$240,000 on June 30, 2013, provided that he remains employed by the Company on each such date. These amounts are immediately due and payable in the event Mr. Crane's employment is terminated by the Company without Cause or Mr. Crane terminates his employment after a Change of Control for Good Reason. In the event Mr. Crane terminates his employment voluntarily or is terminated for Cause, no payments of the retention bonus shall be payable.

In addition, subject to Mr. Crane's continued employment with the Company, the Company agreed to grant to Mr. Crane an option to purchase 150,000 shares of the Common Stock of the Company on the third trading day of the first open trading window applicable to him following the date the restatement of the Company's financial statements is complete and announced to the public, with an exercise price equal to the fair market value on the grant date. Such option would vest in two equal installments on the first and second anniversary of the grant date, provided that Mr. Crane remains employed by the Company on each such vesting date.

Scott R. Crawley

Mr. Crawley is party to an agreement entered into with him in August 2011 (the *Crawley Executive Severance Agreement*), which provide that in the event Mr. Crawley's employment is terminated by the Company without Cause (as defined below), then Mr. Crawley will receive (i) 12 months of continued base salary and (y) his target bonus for the year in which the termination occurs (added by amendment to the *Crawley Executive Severance Agreement* on July 30, 2012) (each payable in 12 monthly installments). In the event Mr. Crawley's employment is terminated by the Company without Cause or by Mr. Crawley for Good Reason (as defined below) within one year after a Change of Control (as defined below) of the Company, then (i) Mr. Crawley will receive (x) 12 months of continued base salary, and (y) his target bonus (each payable in 12 monthly installments) and (ii) all of Mr. Crawley's stock options which are then outstanding shall be immediately vested and shall remain exercisable for a period of 6 months following the his last day of employment (but not to exceed the original term of such awards) and all of his restricted stock shall be immediately vested and free of restrictions.

In the event Mr. Crawley terminates his employment voluntarily or is terminated for Cause, no payments of the retention bonus shall be payable. In addition, subject to Mr. Crawley's continued employment with the Company, the Company agreed to grant to Mr. Crawley an option to purchase 150,000 shares of the Common Stock of the Company on the third trading day of the first open trading window applicable to him following the date the restatement of the Company's financial statements is complete and announced to the public, with an exercise price equal to the fair market value on the grant date. Such option would vest in two equal installments on the first and second anniversary of the grant date, provided that Mr. Crawley remains employed by the Company on each such vesting date.

Thomas Nightingale

Mr. Nightingale is party to an agreement entered into with him in December 2011, which provides that in the event Mr. Nightingale's employment is terminated by the Company without Cause (as defined below), or by Mr. Nightingale due to the unilateral relocation by the Company of his principal work place for the Company to a site more than 60 miles from Mr. Nightingale's principal office, then Mr. Nightingale will receive (i) 12 months of continued base salary and (y) his target bonus for the year in which the termination occurs (each payable in 12 monthly installments). In the event Mr. Nightingale's employment is terminated by the Company without Cause (as defined below) or by Mr. Nightingale for Good Reason (as defined below) within one year after a Change of Control (as defined below) of the Company, then (i) Mr. Nightingale will receive (x) 12 months of continued base salary, and (y) his target bonus (each payable in 12 monthly installments) and (ii) all of Mr. Nightingale's stock options which are then outstanding shall be immediately vested and shall remain exercisable for a period of 6 months following his last day of employment (but not to exceed the original term of such awards) and all of his restricted stock shall be immediately vested and free of restrictions.

Peter L. Gray

The Company also entered into an agreement with Mr. Gray in August 2002. As amended to date, including the amendment entered into on June 12, 2012, the agreement provides that in the event that his employment is terminated by the Company for a reason other than for Cause, then the Company shall pay Mr. Gray (i) 12 months of continued base salary and (y) his target bonus for the year in which the termination occurs (each payable in 12 monthly installments). In addition, the agreement provides that in the event that his employment is terminated by the Company for a reason other than for Cause or by Mr. Gray for Good Reason within one year following a Change of Control of the Company, then (i) the Company shall pay Mr. Gray (x) a lump sum payment equal to two times his then-current base salary and (y) a lump sum payment equal to his target annual bonus for the year during which his termination occurs and (ii) all of Mr. Gray's stock options which are then outstanding shall be immediately vested and shall remain exercisable for a period of 6 months following his last day of employment (but not to exceed the original term of such awards), and all of his restricted stock shall be immediately vested and free of restrictions. For purposes of Mr. Gray's agreement, the definition of *Cause* is substantially similar to the definition of *Cause* set forth below.

On June 12, 2012, the Company entered into a Retention Agreement with Mr. Gray, pursuant to which the Company agreed to pay to Mr. Gray \$160,000 on December 31, 2012 and \$240,000 on June 30, 2013, provided that he remains employed by the Company on each such date. These amounts are immediately due and payable in the event Mr. Gray's employment is terminated by the Company without Cause or Mr. Gray terminates his employment after a Change of Control for Good Reason. In the event Mr. Gray terminates his employment voluntarily or is terminated for Cause, no payments of the retention bonus shall be payable.

In addition, subject to Mr. Gray's continued employment with the Company, the Company agreed to grant to Mr. Gray an option to purchase 150,000 shares of the Common Stock of the Company on the third trading day of the first open trading window applicable to him following the date the restatement of the Company's financial statements is complete and announced to the public, with an exercise price equal to the fair market value on the grant date. Such option would vest in two equal installments on the first and second anniversary of the grant date, provided that Mr. Gray remains employed by the Company on each such vesting date.

Each severance agreement described above is intended to comply with Section 409A of the Code. Also, under certain circumstances, in the event that any amounts payable to an executive officer under a severance agreement would qualify as "excess parachute payments" under Section 280G of the Code, then we may not be obligated to pay to the executive officer that portion of the consideration that is payable as a result of the Change of Control as is necessary to eliminate any "excess parachute payments."

For purposes of the severance agreements, terms are defined as follows:

Cause is defined as a good faith finding by a majority of the members of the Board of the Company after giving the executive an opportunity to be heard, of: (i) gross negligence or willful misconduct by the executive in connection with his employment duties, (ii) failure by the executive to perform his duties or responsibilities required pursuant to his employment, after written notice and an opportunity to cure, (iii) misappropriation by the executive of the assets or business opportunities of the Company, or its affiliates, (iv) embezzlement or financial or other fraud committed by the executive, (v) the executive knowingly allowing any third party to commit any of the acts described in any of the preceding clauses (iii) or (iv), or (vi) the executive's indictment for, conviction of, or entry of a plea of no contest with respect to, any felony or any crime involving moral turpitude.

Good Reason is defined as: (i) the unilateral relocation by the Company of the executive's principal work place for the Company to a site more than 60 miles from the executive's principal office, (ii) a material reduction in the executive's then-current salary without the executive's consent or (iii) material diminution of the executive's duties, authority or responsibilities, without the executive's consent. In order to establish **Good Reason** for a termination, the executive must provide notice to the Company of the existence of the condition giving rise to **Good Reason** within 90 days following the initial existence of the condition, and the Company has 30 days following receipt of such notice to remedy such condition.

Change of Control is defined as the first to occur of any of the following:

(A) the acquisition by an individual, entity or group (a **Person**) of beneficial ownership of any capital stock of the Company if, after such acquisition, such Person beneficially owns 50% or more of either (x) the then-outstanding shares of common stock of the Company (the **Outstanding Company Common Stock**) or (y) the combined voting power of the then-outstanding securities of the Company entitled to vote generally in the election of directors (the **Outstanding Company Voting Securities**); provided, however, that for purposes of this subsection (A), any acquisition directly from the Company shall not constitute a Change in Control; or

(B) such time as the Continuing Directors (as defined below) do not constitute a majority of the Board of the Company (or, if applicable, the Board of a successor corporation to the Company), where the term **Continuing Director** means at any date a member of the Board (x) who was a member of the Board on the date of the Executive Severance Agreement or (y) who was nominated or elected subsequent to such date by at least a majority of the directors who were Continuing Directors at the time of such nomination or election or whose election to the Board was recommended or endorsed by at least a majority of the directors who were Continuing Directors at the time of such nomination or election; provided, however, that there shall be excluded from this clause (y) any individual whose initial assumption of office occurred as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents, by or on behalf of a person other than the Board; or

(C) the consummation of a merger, consolidation, reorganization, recapitalization or share exchange involving the Company or a sale or other disposition of all or substantially all of the assets of the Company (a Business Combination), unless, immediately following such Business Combination, each of the following two conditions is satisfied: (x) all or substantially all of the individuals and entities who were the beneficial owners of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of common stock and the combined voting power of the then-outstanding securities entitled to vote generally in the election of directors, respectively, of the resulting or acquiring corporation in such Business Combination (which shall include, without limitation, a corporation which as a result of such transaction owns the Company or substantially all of the Company's assets either directly or through one or more subsidiaries) (such resulting or acquiring corporation is referred to herein as the Acquiring Corporation) in substantially the same proportions as their ownership of the Outstanding Company Common Stock and Outstanding Company Voting Securities, respectively, immediately prior to such Business Combination and (y) no Person (excluding any employee benefit plan (or related trust) maintained or sponsored by the Company or by the Acquiring Corporation) beneficially owns, directly or indirectly, 40% or more of the then-outstanding shares of common stock of the Acquiring Corporation, or of the combined voting power of the then-outstanding securities of such corporation entitled to vote generally in the election of directors (except to the extent that such ownership existed prior to the Business Combination); or

(D) the liquidation or dissolution of the Company.

Members of the Board receive a combination of cash compensation and equity in the form of restricted stock awards, provided they are eligible under the applicable plan. In addition, all of the Directors of the Company receive reimbursement of expenses incurred with respect to attendance at meetings of the Board and meetings of committees thereof, which is not included in the above table.

In June of 2012 in light of the various challenges facing the Company, including the restatement, management changes, restructuring and cost reduction activities, the Board of Directors determined that greater board oversight and direction of management was appropriate. Accordingly, the Board requested that the Mr. Lucente act as a Board resource to management and provide greater board oversight by spending additional time at the Company's headquarters in Waltham, Massachusetts. In

connection therewith the Company provided or reimbursed Mr. Lucente for an apartment in Massachusetts, transportation to and from his home in Florida, transportation in Massachusetts and living expenses (including certain meals and entertainment) while in Massachusetts. Such benefits and reimbursements are reported as perquisites to Mr. Lucente in the table above as required under Item 402(k) of Regulation S-K and SEC guidance on perquisites. However, the Board and the Company consider these expenses as necessary and directly related to Mr. Lucente's Board oversight role.

The Board has adopted a Director Compensation Plan which governs cash compensation to Directors and under which all Directors are eligible to participate, other than any Director who (i) is an employee of the Company or any of its subsidiaries or affiliates or (ii) unless otherwise determined by the Board, is an affiliate, employee or designee of an institutional or corporate investor in the Company (an "Affiliated Director"). On December 8, 2010, the Board, upon recommendation of the Compensation Committee, amended the Director Compensation Plan, and, on November 23, 2011, the Board, upon recommendation of the Compensation Committee, further amended the Director Compensation Plan. Pursuant to the Director Compensation Plan, each participating Director who serves as a Director during any fiscal quarter shall receive a payment for such quarter of \$12,500, with a pro rata fee applicable to service for less than a whole quarter; provided that, any Director who serves as the non-executive Chairman of the Board during any fiscal quarter shall receive a payment for such quarter of \$28,750 instead of \$12,500, with a pro rata fee applicable to service for less than a whole quarter. Each participating Director who serves as the chairperson of a committee of the Board during any fiscal quarter shall receive a payment of \$1,250; provided, however, that the chairperson of the Audit Committee during any fiscal quarter shall receive a payment of \$2,500, in each such case with a pro rata fee applicable to service for less than a whole quarter. In addition, pursuant to the amended Director Compensation Plan adopted on December 8, 2010, any Director serving as presiding director during any fiscal quarter received a payment of \$5,000. Under the amended Director Compensation Plan adopted on November 23, 2011, this payment was eliminated. Each participating Director who attends a telephonic meeting of the Board or a committee thereof shall receive a meeting fee of \$500. Each participating Director who attends a meeting of the Board or a committee thereof, where a majority of the Directors attend such meeting in person, shall receive a meeting fee of \$1,000.

In addition, pursuant to the amended Director Compensation Plan adopted on November 23, 2011, each Director, other than an Affiliated Director, will receive a restricted stock award for shares of Common Stock with a fair market value equal to \$80,000 on the first business day of the calendar year provided that such Director is serving as a Director on such date. Such awards are subject to a restriction on transfer which lapses on the first anniversary of the date of grant. Notwithstanding the foregoing, if a Director ceases to be a Director due to (i) removal without cause, (ii) resignation upon request of a majority of the Board, other than for reasons the Board determines to be cause, (iii) the failure to be re-elected to the Board either because the Company fails to nominate the Director for re-election or the Director fails to receive sufficient stockholder votes, then, on the day the Director ceases to be a Director, 25% of the restricted stock award shall vest for each full calendar quarter that the Director has served as a Director from and after the award date.

From December 8, 2010 to November 23, 2011, each Director, other than an Affiliated Director, received a restricted stock award for shares of Common Stock with a fair market value equal to \$80,000 on the first business day of the calendar year following the annual meeting of stockholders provided that such Director was both serving as Director immediately prior to and immediately following such annual meeting, and had served on the Board for at least six months (unless otherwise determined by the Board). Such awards were subject to a restriction on transfer which lapsed on the first anniversary of the date of grant.

Prior to December 8, 2010, each Director, other than an Affiliated Director, received a restricted stock award for 2,500 shares of Common Stock on the first business day of the calendar year following the annual meeting of stockholders provided that such Director was both serving as Director immediately prior to and immediately following such annual meeting, and had served on the Board for at least six months (unless otherwise determined by the Board). Such awards were subject to a restriction on transfer which lapsed on the first anniversary of the date of grant.

Previously, the members of the Board were granted stock options under the 2005 Non-Employee Director Plan (the "2005 Plan"). Per the terms of the 2005 Plan, all Directors, other than an Affiliated Director (as defined above), were automatically granted an option to acquire 20,000 shares of Common Stock (the "Initial Option") upon election to the Board. Each Initial Option vested and became exercisable as to 1/36th of the number of shares of Common Stock originally subject to the option on each monthly anniversary of the date of grant, provided that the optionee served as a Director on such monthly anniversary date. The

2005 Plan also provided that on the date of each annual meeting of stockholders of the Company, each eligible Director who was both serving as Director immediately prior to and immediately following such annual meeting, and who had served on the Board for at least six months, would automatically be granted an option to purchase 2,400 shares of Common Stock (an Annual Option). Each Annual Option vested and became exercisable as to 1/36th of the number of shares originally subject to the option on each monthly anniversary of the date of grant, provided that the optionee served as a Director on such monthly anniversary date. The option exercise price per share for each option granted under the 2005 Plan shall equal the closing price of the Common Stock on the date of grant. Except as otherwise provided in the applicable option agreement, each option granted under the 2005 Plan terminates, and may no longer be exercised, on the date that is ten years after the date of grant of such option. On September 23, 2009 and December 8, 2010, respectively, the Board, upon recommendation of the Compensation Committee, amended the 2005 Plan to eliminate the Annual Option and the Initial Option, in light of the transition to its practice of awarding restricted stock as the means of equity compensation to the members of the Board. Each Annual Option granted under the 2005 Plan and held by a current Director is fully vested and exercisable.

Prior to the adoption of the 2005 Plan, all Directors of the Company were eligible to receive non-statutory stock options to purchase shares of Common Stock under the Company's 1999 Stock Option Plan for Non-Employee Directors, as amended (the 1999 Plan). Since the adoption of the 2005 Plan, no further options have been or will be granted under the 1999 Plan. Under the 1999 Plan each eligible Director who was elected to the Board for the first time was granted an option to acquire 20,000 shares of Common Stock (the 1999 Initial Option). Each Affiliated Director who ceased to be an Affiliated Director was granted, on the date such Director ceased to be an Affiliated Director but remained as a member of the Board, a 1999 Initial Option to acquire 20,000 shares of Common Stock under the 1999 Plan. Each 1999 Initial Option granted under the 1999 Plan and held by a current Director is fully vested and exercisable. On each anniversary of the grant of the 1999 Initial Option, each eligible Director was automatically granted an option to purchase 2,400 shares of Common Stock (a 1999 Annual Option), provided that such eligible Director served as a Director on the applicable anniversary date. Each 1999 Annual Option granted under the 1999 Plan and held by a current Director is fully vested and exercisable.

The option exercise price per share for each option granted under the 1999 Plan equals the closing price of the Common Stock on the date of grant. Except as otherwise provided in the applicable option agreement, each option granted under the 1999 Plan shall terminate, and may no longer be exercised, on the date that is ten years after the date of grant of such option.

Each of the Directors has also entered into an Indemnification Agreement with the Company providing that the Company shall indemnify the Director to the fullest extent authorized or permitted by applicable law in the event that the Director is involved in any threatened, pending or completed action, suit or proceeding, or any inquiry or investigation, whether brought by or in the right of the Company or by any other party and whether of a civil, criminal, administrative or investigative nature, by reason of the fact that the Director is or was a Director of the Company, or is or was serving at the request of the Company as a Director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against all expenses, judgments, fines and penalties, provided that the Director shall not have been finally adjudged to have engaged in willful misconduct or to have acted in a manner which was knowingly fraudulent or deliberately dishonest, or had reasonable cause to believe that his or her conduct was unlawful.

Audit Committee Policy on Pre-Approval of Services of Independent Registered Public Accounting Firm

The Audit Committee's policy is to pre-approve all audit services to be provided by the Company's independent registered public accounting firm or other firms, and all non-audit services to be provided by the Company's independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The Company's independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. Audit Committee Report

The Audit Committee of the Board has reviewed and discussed the Company's audited financial statements for fiscal 2012 with the Company's management. The Audit Committee has discussed with KPMG LLP, the Company's independent registered public accounting firm, the matters required to be discussed by the Statement on Auditing Standards No. 61. The Audit Committee has discussed with KPMG LLP its independence and has received the written disclosures and the letter from KPMG LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence. Based on the review and discussions described above, among other things, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal 2012.

The information contained in the foregoing report shall not be deemed to be soliciting material or filed or incorporated by reference into any of the Company's previous or future filings with the SEC, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent specifically incorporated by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.

Certain Relationships and Related Transactions

The Audit Committee of our Board has adopted a written policy and procedures for the review and approval of related-party transactions. A related-party transaction is a transaction that meets the minimum threshold for disclosure under the relevant SEC rules (generally, transactions involving amounts exceeding \$120,000 in which a related person or entity has a direct or indirect material interest). Related persons include the Company's executive officers, directors, nominees for directors, 5% or more beneficial owners of our Common Stock, immediate family members of these persons and entities in which one of these persons has a direct or indirect material interest. When a potential related-party transaction is identified, management presents it to the Audit Committee to determine whether to approve or ratify it.

The Audit Committee reviews the material facts of any related-party transaction and either approves or disapproves of the entry into the transaction. In the course of reviewing the related-party transaction, the Audit Committee considers whether (i) the transaction is fair and reasonable to the Company, (ii) under all of the circumstances the transaction is in, or not inconsistent with, the Company's best interests, and (iii) the transaction will be on terms no less favorable to the Company than could have been obtained in an arms-length transaction with an unrelated third party. If advance approval of a related-party transaction is not feasible, then the transaction will be considered and, if the Audit Committee determines it to be appropriate, ratified by the Audit Committee. No director may participate in the approval of a transaction for which he or she is a related party.

When a related-party transaction is ongoing, any amendments or changes are reviewed and the transaction is reviewed annually for reasonableness and fairness to the Company.

In fiscal 2012, there were no related-party transactions involving the Company and a related person.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who beneficially own more than ten percent of a registered class of the Company's equity securities, to file reports of beneficial ownership and changes in beneficial ownership with the SEC.

Based solely on its review of the copies of such forms received or written representations from certain reporting persons, the Company believes that, during fiscal 2012, its officers, directors and ten-percent stockholders complied with all applicable Section 16(a) filing requirements applicable to such individual. There are no known failures to file a required Form 3, Form 4 or Form 5.

Annual Report on Form 10-K

The Company's Annual Report on Form 10-K for the fiscal year ended July 31, 2012, including exhibits, is available without charge upon request from the Company. Requests for copies of the Annual Report on Form 10-K should be sent to the Company's Office of Investor Relations at ModusLink Global Solutions, Inc., 1601 Trapelo Road, Waltham, Massachusetts 02451.

Householding of Annual Meeting Materials

Some banks, brokers and other nominee record holders may participate in the practice of householding proxy statements, annual reports and notices of Internet availability of proxy materials. This means that only one copy of our Proxy Statement, 2012 Annual Report or Notice of Internet Availability of Proxy Materials may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of either document to you if you write, email or call our Investor Relations department at 1601 Trapelo Road, Waltham, Massachusetts 02451, email: ir@moduslink.com, or telephone: (781) 663-5012. If you want to receive separate copies of the Proxy Statement, 2012 Annual Report or Notice of Internet Availability of Proxy Materials in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker, or other nominee record holder, or you may contact the Company at the above address, email or telephone number.

Manner and Cost of Proxy Solicitation

We will pay for the entire cost of soliciting proxies. The Company estimates that the total expenditures relating to the Company's current proxy solicitation (other than salaries and wages of officers and employees) will be approximately \$700,000, of which approximately \$500,000 has been incurred as of the date hereof (and of which approximately \$300,000 relates to the printing, handling and mailing of this Proxy Statement and our Annual Report). In addition to solicitation by mail, our directors and the executive officers identified in Appendix I may, without additional compensation, solicit proxies by mail, in person, by telephone or other electronic means or by means of press release or other public statements. Additional information about persons who are participants in this proxy solicitation is set forth in Appendix I.

We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners. In addition, we have retained Innisfree M&A Incorporated (Innisfree) to assist in the proxy solicitation for a fee up to \$300,000, plus reimbursement of out-of-pocket expenses. Innisfree has advised the Company that approximately 50 of its employees will be involved in the proxy solicitation by Innisfree on behalf of the Company. In addition, Innisfree and certain related persons will be indemnified against certain liabilities arising out of or in connection with the engagement.

Other Matters

The Board does not know of any other matter which may properly come before the 2012 Meeting. If any other matters are properly presented to the 2012 Meeting, the Board intends that the persons named in the proxies will vote upon such matters in accordance with their best judgment.

Proposals of Stockholders for 2013 Annual Meeting and Nomination of Directors

Any proposal that a stockholder of the Company wishes to be considered for inclusion in the Company's Proxy Statement, Notice of Internet Availability of Proxy Materials and proxy card for the Company's 2013 Annual Meeting of Stockholders (the 2013 Annual Meeting) must be submitted to the Secretary of the Company at its offices, 1601 Trapelo Road, Waltham, Massachusetts 02451, no later than October 16, 2013. In addition, such proposals must comply with the requirements of Rule 14a-8 under the Exchange Act and the Company's Bylaws, as applicable.

If a stockholder of the Company wishes to present a proposal or nominate a director before the 2013 Annual Meeting, but does not wish to have the proposal considered for inclusion in the Company's Proxy Statement and proxy card, such stockholder must also give written notice to the Secretary of the Company at the address noted above. The Secretary must receive such notice no earlier than November 12, 2013 and no later than December 12, 2013 (unless the Company's 2013 Annual Meeting is held before February 10, 2014 or after May 11, 2014, in which case different deadlines are established by the Company's Bylaws) and the stockholder must comply with the provisions of the Company's Bylaws. If a stockholder fails to provide timely notice of a proposal to be presented at the 2013 Annual Meeting, the stockholder will not be permitted to present the proposal to the stockholders for a vote at the 2013 Annual Meeting.

RESTATED CERTIFICATE OF INCORPORATION
OF MODUSLINK GLOBAL SOLUTIONS, INC.**

PURSUANT TO SECTION 242
OF THE GENERAL CORPORATION LAW OF
THE STATE OF DELAWARE

ModusLink Global Solutions, Inc., a corporation organized and existing under the laws of the State of Delaware (the Corporation), hereby certifies:

The Board of Directors of the Corporation, by vote of its members, duly adopted, pursuant to Section 242 of the Delaware General Corporation Law (the DGCL), an amendment to the Restated Certificate of Incorporation of the Corporation filed with the Delaware Secretary of State on September 29, 2008, and declared said amendment to be advisable. The amendment was duly adopted by the affirmative vote of the stockholders in accordance with the provisions of Section 242 of the DGCL. The amendment is as follows:

RESOLVED: That Section 1 of Article VII of the Restated Certificate of Incorporation of the Corporation be amended to read as follows:

Section 1. Number, Election and Terms of Directors.

Subject to the rights of the holders of any class or series of stock having a preference expressly vested in it by the provisions of **Section 2 of Article FOURTH** with respect to the Preferred Stock, the number of Directors of the Corporation shall be fixed by the By-Laws of the Corporation and may be increased or decreased from time to time in such a manner as may be prescribed by the By-Laws, but in no case shall the number be less than three nor more than fifteen.

The Directors shall be divided into three classes, as nearly equal in number as possible. One class of Directors (Class I) has been initially elected for a term expiring at the annual meeting of stockholders to be held in 1994, another class (Class II) has been initially elected for a term expiring at the annual meeting of stockholders to be held in 1995, and another class (Class III) has been initially elected for a term expiring at the annual meeting of stockholders to be held in 1996 with members of each class to hold office until their successors are elected and qualified. Commencing with the 2013 annual meeting of stockholders, which will be held after the fiscal year ending on July 31, 2013 (each annual meeting of stockholders, an Annual Meeting), the Board of Directors shall cease to be classified as provided in Section 141(d) of the General Corporation Law of the State of Delaware. The term of each Director in office immediately prior to the 2013 Annual Meeting shall expire at the 2013 Annual Meeting, notwithstanding that such director may have been elected for a term that extended beyond the 2013 Annual Meeting. The Directors elected at the 2013 Annual Meeting (and each Annual Meeting thereafter) shall be elected for a term expiring at the next Annual Meeting and upon his or her successor having been duly elected and qualified or until his or her earlier death, resignation or removal. Until the 2013 Annual Meeting, directors are removable only for cause pursuant to **Section 4** of this **Article SEVENTH**.
