Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On March 26, 2013, the Organization & Compensation Committee (the Committee) of the Board of Directors (the Board) of Exide Technologies (the Company) approved amendments to the Company's 2012 AIP to include revised performance measures (as amended, the Amended AIP) and approved fiscal 2014 short-term cash incentive plan awards pursuant to the Amended AIP for certain employees and named executive officers other than the chief executive officer. The Board of Directors also approved the fiscal 2014 AIP award under the Amended AIP for the chief executive officer on March 27, 2013.

Performance Measures

Corporate Consolidated Operating Income (CCOI), defined as net sales of the Company reduced by cost of sales, further reduced by the sum of all selling, administrative and research, development and engineering expenses, excluding foreign currency impact and before restructuring and impairment charges.

Corporate Working Capital (CWC), defined as a twelve point average of trade receivables plus a twelve point average of inventories minus a twelve point average of accounts payable (with each twelve point average based on the month end balance of each of the three components for each of months April 2013 through March 2014). To eliminate the impacts of foreign currency translations, each of the twelve month end balances of working capital will be adjusted to planned currency exchange rates.

Two Environmental, Health & Safety metrics: Global Total Recordable Incident Rate (GTRIR) and Global Blood Lead Levels (GBLL).

Regional Operating Income (ROI), defined as net sales of a specified region reduced by cost of sales, further reduced by the sum of all selling, administrative and research, development and engineering expenses, excluding foreign currency impact and before restructuring and impairment charges.

Regional Working Capital (RWC), defined as a twelve point average of regional trade receivables plus a twelve point average of regional inventories minus a twelve point average of regional accounts payable (with twelve point regional average based on month end balances of each of the three working capital components for each of the months April 2013 through March 2014). The Americas and Asia Pacific regions will be measured in US dollars while the European region will be measured in Euros.

Regional Total Recordable Incident Rate (RTRIR) and Blood Lead Levels (RBLL).

Named Executive Officer target payouts as a percentage of annual base salary are as follows: James R. Bolch (125%), Phillip A. Damaska (60%), Barbara A. Hatcher (50%), Paul Hirt (60%), Michael Ostermann (60%).

Performance will be measured against pre-established targets as outlined in the table below.

	Corporate NEO Weighting	Regional NEO Weighting	Threshold (50% payout)	Target (100% payout)	Maximum (200% payout)
CCOI	60%	20%	80% achievement	100% achievement	135% achievement
CWC	30%	-	Approximately 1% above target	100% achievement	Approximately 5% reduction from target
GTRIR	5%	-	10% YOY reduction	20% YOY reduction	30% YOY reduction
GBLL	5%	-	5% YOY reduction	10% YOY reduction	15% YOY reduction
ROI	-	40%	80% achievement	100% achievement	135% achievement

Edgar Filing: EXIDE TECHNOLOGIES - Form 8-K

RWC	-	30%	Approximately 1% above target	100% achievement	Approximately 5% reduction from target
RTRIR	-	5%	10% YOY reduction	20% YOY reduction	30% YOY reduction
RBLI	-	5%	5% YOY reduction	10% YOY reduction	15% YOY reduction

No employee or named executive officer may receive any fiscal 2014 AIP award if an overall plan trigger of 50% of the CCOI target is not achieved. All 2014 AIP awards under the Amended AIP are capped at payout of 200% of target award.
