SPECIAL NOTE REGARDING THE REGISTRANT

In connection with our initial public offering of our Class A common stock in February 2007, we effected a reorganization of our business, which had previously been conducted through HFF Holdings LLC (HFF Holdings) and certain of its wholly-owned subsidiaries, including Holliday Fenoglio Fowler, L.P. and HFF Securities L.P. (together, the Operating Partnerships) and Holliday GP Corp. (Holliday GP). In the reorganization, HFF, Inc., a newly-formed Delaware corporation, purchased from HFF Holdings all of the shares of Holliday GP, which is the sole general partner of each of the Operating Partnerships, and approximately 44.7% of the partnership units in each of the Operating Partnerships (including partnership units in the Operating Partnerships held by Holliday GP) in exchange for the net proceeds from the initial public offering and one share of Class B common stock of HFF, Inc. Following this reorganization, HFF, Inc. became, and continues to be, a holding company holding partnership units in the Operating Partnerships and all of the outstanding shares of Holliday GP. As of August 31, 2012, HFF Holdings had exchanged all of the remaining partnership units in each of the Operating Partnerships for shares of Class A common stock of the Company pursuant to the Exchange Right (as defined in this Proxy Statement). As of August 31, 2012 and continuing through the filing date of this Proxy Statement, HFF, Inc. through its wholly-owned subsidiaries, holds 100% of the partnership units in the Operating Partnerships and is the only equity holder of the Operating Partnerships. We refer to these transactions collectively in this Proxy Statement as the Reorganization Transactions. Unless we state otherwise, the information in this Proxy Statement gives effect to these Reorganization Transactions.

Unless the context otherwise requires, references to (1) HFF Holdings refer solely to HFF Holdings LLC, a Delaware limited liability company that was previously the holding company for our consolidated subsidiaries, and not to any of its subsidiaries, (2) HFF LP refer to Holliday Fenoglio Fowler, L.P., a Texas limited partnership, (3) HFF Securities refer to HFF Securities L.P., a Delaware limited partnership and registered broker-dealer, (4) Holliday GP refer to Holliday GP Corp., a Delaware corporation and the general partner of HFF LP and HFF Securities, (5) HoldCo LLC refer to HFF Partnership Holdings LLC, a Delaware limited liability company and a wholly-owned subsidiary of HFF, Inc. and (6) Holdings Sub refer to HFF LP Acquisition LLC, a Delaware limited liability company and wholly-owned subsidiary of HFF Holdings. Our business operations are conducted by HFF LP and HFF Securities, which are sometimes referred to in this Proxy Statement as the Operating Partnerships. Also, except where specifically noted, references in this Proxy Statement to the Company, we or us mean HFF, Inc., a Delaware corporation, and its consolidated subsidiaries after giving effect to the Reorganization Transactions.

The Nominating and Corporate Governance Committee (N&CG Committee) and the Board have determined that each nominee for director possesses the experience and skills necessary to oversee the management of the Company in the interest of the Company and its stockholders and meets the requirements set forth in our Corporate Governance Guidelines and the N&CG Committee Charter. In addition, the N&CG Committee and the Board have determined that each nominee for director has a number of characteristics that qualify him or her to serve as a director, including professional background and experience, intangible attributes and exemplary Board attendance and participation. The N&CG Committee and the Board have also determined that each director has additional qualifications based on his or her positions and achievements, as described on pages 12 through 15.

Executive Compensation Advisory Vote (Say-on-Pay Vote)

We are asking stockholders to approve on an advisory basis our named executive officer compensation for 2013. The Board recommends a FOR vote because it believes our compensation policies and practices effectively link pay and performance. See the Compensation Discussion and Analysis (CD&A) section beginning on page 20 for a discussion of important matters relating to our compensation practices and programs for our named executive officers. See page 16 for the advisory resolution to approve executive compensation.

Ratification of Ernst & Young LLP

We are asking our stockholders to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the 2013 fiscal year. Information concerning Ernst & Young LLP, including a summary of the fees earned by Ernst & Young LLP for services provided to us for 2012 and 2011, is set forth on page 46. See page 17 for the proposal to ratify the selection of Ernst & Young LLP as our independent registered public accountants for the 2013 fiscal year.

2012 Business Highlights

In 2012, we saw increases in revenue and production volumes from their 2011 levels. We saw a slight decrease in operating income, due primarily to increased compensation expense resulting from increased headcount and the payment of performance-based compensation to our transaction professionals. Listed below are certain of our business highlights for the 2012 fiscal year:

Record full year revenues of \$285.0 million for the year ended December 31, 2012, an increase of \$30.3 million, or approximately 11.9%, compared to revenues of \$254.7 million during the same period in 2011.

Net income attributable to controlling interest for the year ended December 31, 2012 of \$43.9 million (after a downwards adjustment to net income of \$0.2 million to reflect the impact of the non-controlling ownership interest of HFF Holdings in the Operating Partnerships), an increase of \$3.8 million, or 9.6%, compared with \$40.0 million for the year ended December 31, 2011 (after a downwards adjustment to net income of \$2.0 million to reflect the impact of the non-controlling ownership interest of HFF Holdings in the Operating Partnerships).

Adjusted EBITDA for the year ended December 31, 2012 was \$70.0 million, which represents an increase of \$1.0 million, or 1.5%, as compared to \$69.0 million for the year ended December 31, 2011. Adjusted EBITDA is a non-GAAP measure. A reconciliation of net income attributable to controlling interest to Adjusted EBITDA, as well as a definition of Adjusted EBITDA, is included in [Annex A](#) to this Proxy Statement.

Overall production volumes for the year ended December 31, 2012 totaled approximately \$41.9 billion on 1,358 transactions, which was a new high-watermark for the number of transactions and represents a

Table of Contents

17.6% increase in production volume and a 23.3% increase in the number of transactions when compared to the production volumes of approximately \$35.6 billion on 1,101 transactions for the comparable period in 2011.

2012 Compensation Determinations

The Company's executive compensation program is structured to provide incentives to achieve Company financial objectives, provide long-term incentives for the executive officers and set compensation levels sufficiently competitive to retain and attract high-quality executives and to motivate them to contribute to the Company's success. The payouts under the Company's fiscal year 2012 compensation program reflect the Company's solid performance.

2012 Compensation

The 2012 compensation of our named executive officers is set forth in the Summary Compensation Table beginning on page 30. The CD&A contains important information concerning our 2012 executive compensation program.

VOTING PROCEDURES

Your vote is very important. Your shares can only be voted at the Annual Meeting if you are present or represented by proxy. Whether or not you plan to attend the Annual Meeting, you are encouraged to vote by proxy to assure that your shares will be represented. Stockholders may vote by means of completing a proxy card and mailing it in the postage-paid envelope provided. Please refer to your proxy card or the information forwarded by your bank, broker or other holder of record.

You may revoke your proxy at any time before it is voted at the Annual Meeting by (a) giving written notice to the Secretary of the Company, (b) submitting a proxy bearing a later date or (c) casting a ballot at the Annual Meeting. Properly executed proxies that are received before the Annual Meeting's adjournment will be voted in accordance with the directions provided. If no directions are given, your shares will be voted by one of the individuals named on your proxy card as recommended by the Board of Directors.

Who can vote? Stockholders of record as of the close of business on April 17, 2013 are entitled to vote. On that day, 37,246,416 shares of Class A common stock were outstanding and eligible to vote. Each share of our Class A common stock will entitle its holder to one vote on all matters to be voted on by stockholders at the Annual Meeting. The only issued share of our Class B common stock, which previously voted together with our Class A common stock, was transferred to the Company and retired on August 31, 2012 in accordance with the Company's certificate of incorporation. Accordingly, there were no shares of Class B common stock outstanding and eligible to vote on April 17, 2013. A list of stockholders eligible to vote will be available at the headquarters of HFF, Inc. located at One Oxford Centre, 301 Grant Street, Suite 600, Pittsburgh, Pennsylvania 15219, beginning May 13, 2013. Stockholders may examine this list during normal business hours for any purpose relating to the Annual Meeting.

How does the Board of Directors recommend I vote? The Board of Directors recommends a vote **FOR** each Board of Directors nominee (Item 1), **FOR** the approval of the executive compensation resolution (Item 2) and **FOR** the ratification of the Board of Directors' appointment of Ernst & Young LLP as the independent, registered certified public accountants of the Company for the upcoming year (Item 3).

What shares are included in the proxy card? The proxy card represents all the shares of common stock registered to your account.

How do I vote by proxy? Stockholders may vote by proxy by returning the proxy card through the mail. To vote, sign and date each proxy card you receive, mark the boxes indicating how you wish to vote and return the proxy card in the postage-paid envelope provided.

How are votes counted? The Annual Meeting will be held if a quorum, consisting of a majority of the outstanding shares of common stock entitled to vote, is represented. Broker non-votes, votes withheld and abstentions will be counted for purposes of determining whether a quorum has been reached.

Director elections (Item 1 on the proxy card) are determined by a plurality of the votes cast. Ratification of the appointment of our independent, registered public accounting firm (Item 3 on the proxy card) requires the affirmative vote of a majority of eligible shares present at the Annual Meeting, in person or by proxy, and voting thereon.

The affirmative vote of a majority of the eligible shares present at the Annual Meeting, in person or by proxy, and voting thereon will constitute the stockholders' non-binding approval with respect to the compensation of the Company's named executive officers (Item 2 on the proxy card). Because the advisory vote on the compensation of the Company's named executive officers is an advisory vote, the vote is not binding on the Company. However, the Board of Directors and the Compensation Committee of the Board of Directors value the opinions expressed by the stockholders in their vote on this Item and therefore will take such vote into consideration when evaluating the compensation of the Company's named executive officers.

When nominees, such as banks and brokers, holding shares on behalf of beneficial owners do not receive voting instructions from the beneficial owners by the tenth day before the Annual Meeting, the nominees may vote those shares only on matters deemed routine by the New York Stock Exchange, such as the ratification of the appointment of independent, registered certified public accountants. On non-routine matters, such as the election of directors and the advisory vote on the compensation

Table of Contents

of the Company's named executive officers, nominees cannot vote and there is a so-called "broker non-vote" on that matter. Abstentions are counted in tabulations of the votes cast by stockholders on the proposals and will have the effect of a negative vote.

If no specific instructions are given by the stockholder of record, proxies which are signed and returned will be voted "FOR" the election of the Director nominees set forth in this proxy statement, "FOR" the advisory vote on the compensation of the Company's named executive officers and "FOR" the proposal to ratify Ernst & Young LLP as the Company's independent, registered certified public accountants.

Who will count the vote? The Company's transfer agent, American Stock Transfer & Trust

Company, will tally the vote, which will be certified by an Inspector of Elections.

Who is soliciting this proxy? Solicitation of proxies is made on behalf of the Board of Directors. The Company will pay the cost of preparing, assembling and mailing the notice of Annual Meeting, this Proxy Statement and the accompanying proxy card. In addition to the use of mail, proxies may be solicited by directors, officers and regular employees of the Company, without additional compensation. Proxies may be solicited by mail, in person or by telephone or other electronic means. The Company will reimburse brokerage houses and other nominees for their expenses in forwarding proxy materials to beneficial owners of the Company's Class A common stock.

Table of Contents

CORPORATE GOVERNANCE

In accordance with the Delaware General Corporation Law and the Company's Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws, the Company's business, property and affairs are managed under the direction of the Board of Directors. Although directors are not involved in the day-to-day operating details, they are kept informed of the Company's business through written reports and documents provided to them regularly, as well as by operating, financial and other reports presented by the officers of the Company at meetings of the Board of Directors and committees of the Board of Directors.

Meetings of the Board of Directors and its Committees. The Board of Directors had six meetings during 2012. All of the incumbent directors entitled to vote on matters coming before the Board of Directors in the aggregate attended at least 75% of the Board of Directors and assigned committee meetings.

Attendance at the Annual Meeting. The Company strongly encourages each of its directors to attend its Annual Meeting of Stockholders. In 2012, eight of the Company's nine current directors attended the Annual Meeting of Stockholders (Morgan K. O'Brien was not a director at the time of the 2012 Annual Meeting and did not attend).

Board Self-Assessment. The Board of Directors conducts a self-assessment annually to consider the skills and experience of the Board as a whole, director independence and Board leadership structure. The self-assessment is an important tool to ensure that the Board of Directors has an appropriate level of expertise and leadership to fulfill its responsibilities.

Director Independence. The Board of Directors has determined that the following directors are independent under the independence standards promulgated by the New York Stock Exchange (NYSE): Deborah H. McAneny, Susan P. McGalla, George L. Miles, Jr., Lenore M. Sullivan, Steven E. Wheeler and Morgan K. O'Brien. In making its determinations regarding director and director nominee independence, the Board of Directors considered, among other things:

any material relationships with the Company, its subsidiaries or its management, aside from such director's or director nominee's service as a director;

transactions between the Company, on the one hand, and the directors and director nominees and their respective affiliates, on the other hand;

transactions outside the ordinary course of business between the Company and companies at which some of its directors are or have been executive officers or significant stakeholders, and the amount of any such transactions with these companies; and

relationships among the directors and director nominees with respect to common involvement with for-profit and non-profit organizations.

The independent directors of the Company meet periodically at regularly scheduled executive sessions without the non-independent directors. Ms. McAneny serves as the presiding director of such meetings.

Board Leadership. Each of John H. Pelusi, the Company's Chief Executive Officer, Mark D. Gibson and Joe B. Thornton, Jr. is a transaction professional of the Operating Partnerships and serves as Vice Chairman of the Board of Directors. Ms. McAneny serves as lead independent director. The role of lead independent director is to serve in a lead capacity to coordinate the activities of the other non-employee directors and to perform such other duties and responsibilities as the Board of Directors may determine.

The Board of Directors has carefully considered its leadership structure and believes at this time that the Company and its stockholders are best served by having Mr. Pelusi and the other employee directors serve as Vice Chairmen of the Board of Directors because of the leadership and

Edgar Filing: HFF, Inc. - Form DEF 14A

direction this structure gives the Board of Directors and both the Company's and the Operating Partnerships' management. Because Messrs. Pelusi, Gibson and Thornton are heavily involved in the day-to-day operations of the Company and the Operating Partnerships, the Board of Directors believes that this structure promotes a more clear focus for the execution of the Company's and the Operating Partnerships' strategic initiatives and business plans, all of which are approved by the Board of Directors. Moreover, the Board of Directors believes that its other structural features, including a majority of independent directors, regular meetings of the non-management directors in executive session, key committees consisting wholly of independent directors and a lead independent director, provide substantial independent oversight of the Company's and the Operating Partnerships' management. However, the

Table of Contents

Board of Directors recognizes that, depending on future circumstances, other leadership models may become more appropriate. Accordingly, the Board of Directors will continue to periodically review its leadership structure.

Committees of the Board of Directors. The Board of Directors has established three standing committees.

Audit Committee In 2012, the Audit Committee had five meetings. The Audit Committee is responsible for, among other things, directly appointing, retaining, evaluating, compensating and terminating our independent, registered public accounting firm; discussing with our independent, registered public accounting firm their independence from management; reviewing with our independent, registered public accounting firm the scope and results of their audit; pre-approving all audit and permissible non-audit services to be performed by the independent, registered public accounting firm; overseeing the financial reporting process and discussing with management and our independent, registered public accounting firm the interim and annual financial statements that we file with the Securities and Exchange Commission; and reviewing and monitoring our accounting principles, policies and financial and accounting controls. The Board of Directors of the Company has adopted a written charter for the Audit Committee, which is publicly available at www.hfflp.com on the Investor Relations page. The members of the Audit Committee are currently George L. Miles, Jr. (chairperson), Deborah H. McAneny, Susan P. McGalla and Morgan K. O'Brien. The Board of Directors has determined that each of the members of the Audit Committee is independent under the listing standards promulgated by the NYSE and as that term is used in Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended (the Exchange Act). The Board of Directors has determined that Mr. Miles qualifies as an Audit Committee financial expert as that term is defined by applicable securities laws and Securities and Exchange Commission regulations and has designated him as the Audit Committee's financial expert.

Compensation Committee There were nine meetings of the Compensation Committee in 2012. The Compensation Committee is responsible for, among other things, reviewing and recommending director compensation policies to the Board of Directors; making recommendations, at least

annually, to the Board of Directors regarding our policies relating to the amounts and terms of all compensation of our executive officers; and administering and discharging the authority of the Board of Directors with respect to our equity plans. For further information regarding the Compensation Committee's processes and procedures for the consideration of executive compensation, refer to the discussion under the heading Compensation Discussion and Analysis in this Proxy Statement. A copy of the Compensation Committee's written charter is publicly available at www.hfflp.com on the Investor Relations page. The members of the Compensation Committee are currently Lenore M. Sullivan (chairperson), George L. Miles, Jr., Steven E. Wheeler and Morgan K. O'Brien. The Board of Directors has determined that each of the members of the Compensation Committee is independent under the listing standards of the NYSE, and each member is an outside director within the meaning of the Treasury Regulations promulgated under Section 162(m) of the Internal Revenue Code of 1986, as amended.

Nominating and Corporate Governance Committee In 2012, the Nominating and Corporate Governance Committee met five times. The Nominating and Corporate Governance Committee is responsible for, among other things, selecting potential candidates to be nominated for election to the Board of Directors; recommending potential candidates for election to the Board of Directors; reviewing corporate governance matters; and making recommendations to the Board of Directors concerning the structure and membership of other Board of Directors committees. While the Nominating and Corporate Governance Committee does not have a formal policy with regard to the consideration of diversity in identifying director nominees, the Nominating and Corporate Governance Committee and the Board of Directors believe it is essential that the Board of Directors is able to draw on a wide variety of backgrounds and professional experiences among its members. The Nominating and Corporate Governance Committee desires to maintain the Board of Directors' diversity through the consideration of factors such as gender, education, skills and relevant professional and industry experience. The Nominating and Corporate Governance Committee does not intend to nominate representational directors but instead considers each candidate's credentials in the context of these standards and the characteristics of the Board of Directors in its entirety. A copy of the Nominating

Table of Contents

and Corporate Governance Committee's written charter is publicly available at www.hfflp.com on the Investor Relations page. The members of the Nominating and Corporate Governance Committee are currently Deborah H. McAneny (chairperson), Susan P. McGalla, Lenore M. Sullivan and Steven E. Wheeler. The Board of Directors has determined that each of the members of the Nominating and Corporate Governance Committee is independent under the listing standards of the NYSE.

Director Emeritus. John P. Fowler, who served prior to May 2012 as a Class III director and a Vice Chairman of the Board of Directors, currently serves as Director Emeritus so that the Board of Directors can continue to benefit from his judgment and experience. Mr. Fowler is invited to attend meetings of the Board of Directors and to participate in the discussion of matters that come before the Board of Directors, but does not vote on such matters. Mr. Fowler does not receive any compensation for his service as Director Emeritus. Mr. Fowler also continues to serve the Company as an executive managing director of HFF LP.

Election of New Class III Director. John P. Fowler's decision not to stand for reelection to the Board of Directors at the 2012 Annual Meeting left a vacancy on the Board of Directors. On October 30, 2012, the Board of Directors elected Morgan K. O'Brien to serve as a Class III director. Mr. O'Brien was named to the Audit and Compensation Committees of the Board of Directors. A summary of Mr. O'Brien's experience and qualifications is included under the heading Election of Directors.

Stockholder Communications. Stockholders and other parties interested in communicating directly with any of the individuals who are directors of the Company or the Board of Directors as a group may do so by writing to Investor Relations, HFF, Inc., One Oxford Centre, 301 Grant Street, Suite 600, Pittsburgh, Pennsylvania 15219. The Company's policy is to deliver such communications directly to the Board of Directors.

Code of Conduct and Ethics and Corporate Governance Guidelines. The Board of Directors is committed to ethical business practices and has adopted a Code of Conduct and Ethics. This Code applies to all of the Company's employees and directors and includes the code of ethics for the Company's principal executive officer, principal financial officer, principal accounting officer or controller within the meaning of the Securities and

Exchange Commission regulations adopted under the Sarbanes-Oxley Act of 2002, as amended. The Company's Code of Conduct and Ethics, as well as the Company's Corporate Governance Guidelines, is posted on the Company's website at <http://www.hfflp.com> on the Investor Relations page.

Risk Oversight. The Company faces a number of risks, including market risks, credit risk, liquidity risk, reputational risk, operational risk and risks from adverse fluctuations in interest rates and inflation and/or deflation. Management is responsible for the day-to-day management of risks faced by the Company, while the Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors seeks to ensure that the risk management processes designed and implemented by management are adequate. The Board of Directors periodically consults with management regarding the Company's risks. In addition, the Audit Committee periodically reviews with management, internal audit and independent auditors the adequacy and effectiveness of the Company's policies for assessing and managing risk.

Director Compensation. Our policy is not to pay director compensation to directors who are also our employees. In 2012, each outside director was paid a base annual retainer of \$55,000 (or a pro rata portion thereof in the case of Mr. O'Brien, who was elected to the Board of Directors on October 30, 2012), and the lead independent director, Ms. McAneny, was paid an additional annual retainer of \$15,000. In 2012, the chair of the Audit Committee received an additional annual retainer of \$15,000, the chair of the Compensation Committee received an additional annual retainer of \$10,000 and the chair of the Nominating and Corporate Governance Committee received an additional annual retainer of \$7,500.

Outside directors also receive an annual grant of restricted stock units based on the Company's Class A common stock with a market value of \$40,000 on the grant date, vesting immediately and distributable over three years (or such longer term as elected by such director). Each newly-elected outside director receives an initial election grant of restricted shares of the Company's Class A common stock with a market value of \$30,000 on the grant date, vesting annually over three years, and re-elected outside directors receive grants of restricted shares of the Company's Class A common stock identical to those granted to newly-elected directors.

We reimburse all non-employee directors for reasonable expenses incurred to attend meetings of our Board of Directors or committees. Other than as described above, we do not expect to provide any of our directors with any other compensation or perquisites. In addition to the payments described above, we allow voluntary deferral by our directors of up to 100% of the cash retainer, committee fees and equity awards to a future date elected by the director. The deferred retainer and fees are deemed invested in an investment fund based upon our Class A common stock or another investment vehicle such as an interest-bearing cash account.

Certain Relationships and Related Transactions. We have a policy that the Board of Directors or a committee designated by the Board of Directors review any transaction in which the Company and its directors, executive officers or their immediate family members are participants to determine whether a related party has a direct or indirect material interest in the transaction. Upon determining that a related party has a direct or indirect material interest in the transaction, the Board of Directors, or a committee designated by the Board of Directors, then must approve or ratify any such related party transaction. In determining whether to approve or ratify a related party transaction, the Board of Directors, or a committee designated by the Board of Directors, will take into account whether the transaction is on terms no less favorable to the Company than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction, as well as any other factors the Board of Directors, or a committee designated by the Board of Directors, deems appropriate. During 2012, there were no related party transactions that were required to be approved by the Board of Directors. This policy has been stated orally and is complimented by the written conflict of interest policy in our Code of Conduct and Ethics.

Compensation Committee Interlocks and Insider Participation. During 2012, no member of the Compensation Committee was an officer or employee of the Company, or any of its subsidiaries, or was formerly an officer of the Company or any of its subsidiaries. No member of the Compensation Committee had any relationship requiring disclosure by the Company under any paragraph of Item 404 of Regulation S-K. Furthermore, no member of the Compensation Committee had a relationship that requires disclosure under Item 407(e)(4) of Regulation S-K.

Submission of Director Nominations. The Nominating and Corporate Governance Committee will consider director nominees submitted by stockholders to the Board of Directors in accordance with the procedures set forth in the Company's Amended and Restated Bylaws. Those procedures require a stockholder to deliver notice to the Company's Secretary or Assistant Secretary at the principal executive offices of the Company not less than 90 nor more than 120 days prior to the first anniversary of the preceding year's annual meeting of stockholders, except that in the case where the size of the Board of Directors is increased without public announcement at least 80 days prior to the first anniversary of the preceding year's annual meeting, such notice shall be considered timely if made no later than the close of business on the tenth day following the public announcement of such by the Company (provided that if no public announcement is made at least 10 days before the meeting, such notice is not required). Such notice must be in writing and must include (i) the name and address of the nominating stockholder, as they appear on the Company's books, (ii) the class and number of shares of the Company's stock which are owned beneficially and of record by the nominating stockholder, (iii) certain representations, (iv) the nominee's written consent to being named in the proxy statement as a nominee and to serving as a director if elected, and (v) any information regarding the nominee that is required under Regulation 14A of the Exchange Act to be included in a proxy statement relating to the election of directors. Finally, if the stockholder (or a qualified representative of the stockholder) does not appear at the meeting at which the voting takes place with respect to such stockholder's nomination, such nomination shall be disregarded, notwithstanding that proxies in respect of such vote may have been received by the Company. Candidates for the Board of Directors are evaluated through a process that may include background and reference checks, personal interviews with members of the Nominating and Corporate Governance Committee and a review of the candidate's qualifications and other relevant characteristics. Candidates recommended by the stockholders of the Company are evaluated on the same basis as other candidates (other than directors standing for re-election) recommended by the Company's directors, officers, third party search firms or other sources. However, through its own resources, the Nominating and Corporate Governance Committee expects to be able to identify an ample number of qualified candidates.

ELECTION OF DIRECTORS

(ITEM 1 ON PROXY CARD)

The Company's directors are divided into three classes. The members of each class serve for a staggered, three-year term. Upon the expiration of the term of a class of directors, directors in that class will be elected for three-year terms at the annual meeting of stockholders in the year in which their term expires. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of our directors. The Company's Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws allow the Board of Directors to set the number of directors on the Board of Directors. The Board of Directors currently consists of nine directors.

Under Delaware law and the Company's Amended and Restated Bylaws, the Company may increase the number of directors during the year and appoint additional directors to fill the vacancies so created if it chooses to do so. At the 2012 Annual Meeting of Stockholders, the Board of Directors elected to set the number of directors at eight after John P. Fowler did not stand for re-election as a Class III director. With the election of Morgan K. O'Brien to the Board of Directors as a Class III director on October 30, 2012, the size of the Board of Directors was increased to its current size of nine directors.

The term of office of one class of directors expires each year in rotation so that one class is elected at each annual meeting of stockholders for a three-year term. The term of the Class I directors will expire at the Annual Meeting. The other directors will remain in office for the remainder of their respective terms, as indicated below.

Director candidates are nominated by the Board of Directors upon the recommendation of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee has recommended the three nominees below, each of whom is currently a Class I director of the Company. Stockholders are also entitled to nominate director candidates for the Board of Directors in accordance with the procedures set forth on page 10 under the heading "Corporate Governance - Submission of Director Nominations" in this Proxy Statement.

Director elections are determined by a plurality of votes cast. The persons named on the accompanying form of proxy will vote the shares **FOR** the nominees, unless you instruct otherwise. Each nominee has consented to stand for election and the Board of Directors does not anticipate that any nominee will be unavailable to serve. In the event that one or more of the nominees should become unavailable to serve at the time of the Annual Meeting, the shares represented by proxy will be voted for the remaining nominees and any substitute nominee(s) designated by the Board of Directors.

The Board of Directors believes that each of the directors and nominees for director listed below has the sound character, integrity, judgment and record of achievement necessary to be a member of the Board of Directors. In addition, each of the directors and nominees for director has exhibited during his prior service as a director the ability to operate cohesively with the other members of the Board of Directors and to challenge and question management in a constructive way. Moreover, the Board of Directors believes that each director and nominee for director brings a strong and unique background and skill set to the Board of Directors, giving the Board of Directors as a whole competence and experience in diverse areas, including corporate governance and board service, finance, management and commercial real estate industry experience.

Set forth below is information regarding each nominee for Class I director, as well as each Class II and Class III director (each of whose term will continue after the Annual Meeting), including their ages, years of service as directors, business experience and service on other boards of directors during at least the last five years, as well as certain specific experiences, qualifications and skills that led to the Board of Directors conclusion that each of the directors and nominees for director listed below should continue to serve as a director.

**NON-BINDING ADVISORY VOTE ON
THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS
(ITEM 2 ON PROXY CARD)**

As required by Section 14A of the Securities Exchange Act of 1934, as amended (the Exchange Act), the Company is providing its stockholders with the opportunity to cast an advisory vote on the compensation of its named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion beginning on page 15 of this Proxy Statement.

In connection with setting the compensation for executive officers, the Company has adopted the philosophy set forth in the Mission and Vision Statement of the Operating Partnerships. The Mission and Vision Statement reflects our pay for value-added performance philosophy. The Committee's goals in structuring the Company's compensation program for its named executive officers are to:

provide incentives to achieve Company financial objectives;

provide long-term incentives for the executive officers; and

set compensation levels sufficiently competitive to retain and attract high quality executives and to motivate them to contribute to the Company's success.

The Committee has determined that to achieve these objectives, the Company's executive compensation program should reward both individual and Company short-term and long-term performance. To this end, the Committee believes that executive compensation packages provided by the Company to its executive officers should include both cash- and stock-based compensation. See Compensation Discussion and Analysis Compensation Philosophy Mission and Vision Statement for further details on the Company's compensation philosophy.

For a more detailed description of the Company's financial results for fiscal year 2012, please see Management's Discussion and Analysis of Financial Condition and Results of Operations in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012. The Company believes that its executive compensation program has played an essential role in its continuing financial success by aligning the long-term interests of its named executive officers with the long-term interests of its stockholders.

The Company is asking our stockholders to indicate their support for our named executive officer compensation as described in this Proxy Statement. This proposal, commonly known as a say-on-pay proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, the Board of Directors encourages the Company's stockholders to approve the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion included in the Company's Proxy Statement for the 2013 Annual Meeting of Stockholders, is hereby approved on an advisory basis.

As an advisory vote, this vote is not binding upon the Company. However, the Compensation Committee, which is responsible for designing and administering the Company's executive compensation program, values the opinions expressed by stockholders in their vote on this item and therefore will take such vote into consideration when evaluating the Company's compensation programs and practices applicable to the named executive officers. The Company holds this vote annually and the next vote will be held at the Company's annual meeting of stockholders in 2014.

The Board of Directors recommends a vote FOR the approval of the non-binding advisory resolution approving the compensation of the Company's named executive officers.

**RATIFICATION OF APPOINTMENT OF
INDEPENDENT, REGISTERED CERTIFIED PUBLIC ACCOUNTANTS**

(ITEM 3 ON PROXY CARD)

The Board of Directors, acting upon the recommendation of the Audit Committee, asks that the stockholders ratify the selection of Ernst & Young LLP as the Company's independent, registered certified public accountants to audit and report upon the financial statements of the Company for the 2013 fiscal year. Ratification requires the affirmative vote of a majority of eligible shares present at the Annual Meeting, in person or by proxy, and voting thereon. Unless otherwise specified by the stockholders, the shares of stock represented by the proxy will be voted **FOR** ratification of the appointment of Ernst & Young LLP as the Company's independent, registered certified public accountants.

Although the submission to stockholders of the appointment of Ernst & Young LLP is not required by law or the Company's amended and restated bylaws, the Audit Committee believes it is appropriate to submit this matter to stockholders to allow a forum for stockholders to express their views with regard to the Audit Committee's selection. In the event the stockholders fail to ratify the appointment, the Board of Directors will reconsider its selection. Even if the selection is ratified, the Board of Directors, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if the Board of Directors determines that such a change would be in the best interests of the Company and its stockholders.

One or more representatives of Ernst & Young LLP are expected to be at the Annual Meeting. They will have an opportunity to make a statement and will be available to respond to appropriate questions.

The Board of Directors recommends that the stockholders vote **FOR the ratification of the selection of Ernst & Young LLP to serve as the Company's independent, registered certified public accountants for the 2013 fiscal year.**

SUBMISSION OF STOCKHOLDER PROPOSALS

The next stockholder meeting will be held on or about May 23, 2014. Stockholders wishing to have a proposal included in the Board of Directors' 2013 Proxy Statement must submit the proposal so that the Secretary of the Company receives it no later than January 3, 2014 nor earlier than December 4, 2013, which is 120 days and 150 days prior to the first anniversary of the date this Proxy Statement was released to stockholders, respectively. The notice must describe various matters regarding the nominee or proposed business. The Securities and Exchange Commission rules set forth standards as to what stockholder proposals are required to be included in a proxy statement. In addition, pursuant to the Company's amended and restated bylaws, if the stockholder (or a qualified representative of the stockholder) does not appear at the meeting at which the voting takes place with respect to such stockholder's proposal, such proposal shall be disregarded, notwithstanding that proxies in respect of such vote may have been received by the Company.

For any proposal that is not submitted for inclusion in next year's proxy statement (as described above) but is instead sought to be presented directly at next year's annual meeting, Securities and Exchange Commission rules permit management to vote proxies in its discretion if (a) the Company receives notice of the proposal before the close of business 45 days before the first anniversary of the mailing date of this Proxy Statement and advises stockholders in next year's proxy statement about the nature of the matter and how management intends to vote on such matter, or (b) the Company does not receive notice of the proposal prior to the close of business 45 days before the first anniversary of the mailing date of this Proxy Statement. Notices of intention to present proposals at the 2014 Annual Meeting should be addressed to the Chief Operating Officer and Secretary of HFF, Inc., One Oxford Centre, 301 Grant Street, Suite 600, Pittsburgh, Pennsylvania 15219. For further information regarding the submission of director nominations, see Corporate Governance Submission of Director Nominations in this Proxy Statement.

AUDIT COMMITTEE REPORT

The information contained in this report shall not be deemed to be soliciting material or filed or incorporated by reference in future filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended, or the Exchange Act.

The Audit Committee appoints the independent accounting firm to be retained to audit the Company's financial statements, and once retained, the independent accounting firm reports directly to the Audit Committee. The Audit Committee consults with and reviews recommendations made by the accounting firm with respect to financial statements, financial records and financial controls of the Company and makes recommendations to the Board of Directors as it deems appropriate from time to time. The Audit Committee is responsible for pre-approving both audit and non-audit engagements with the independent accountants. The Board of Directors has adopted a written charter setting forth the functions the Audit Committee is to perform, and this report is made pursuant to that charter.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors of HFF, Inc. Management is responsible for the Company's financial reporting process, including its system of internal controls, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent accountants are responsible for auditing those financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America. The Committee's responsibility is to monitor and review these processes. It is not the Audit Committee's duty or responsibility to conduct auditing or accounting reviews.

The Audit Committee and the Chairman of the Audit Committee have met with management during fiscal year 2012 to consider the adequacy of the Company's internal controls, and discussed these matters and the overall scope and plans for the audit of the Company with the Company's independent, registered certified public accountants during that time period, Ernst & Young LLP. The Audit Committee also discussed with senior management and Ernst & Young LLP the Company's disclosure controls and procedures.

In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report on Form 10-K for the year ended December 31, 2012 with management, including a review of the quality, in addition to the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with Ernst & Young LLP, who are responsible for expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under auditing standards generally accepted in the United States, including the matters required to be discussed by statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee has received the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence. In addition, the Audit Committee reviewed and has discussed with Ernst & Young LLP their independence, including the compatibility of non-audit services performed with the accountant's independence.

The Audit Committee discussed with the Company's independent accountants the overall scope and plans for their audit. The Audit Committee has met with the independent accountants, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board of Directors approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2012 for filing with the Securities and Exchange Commission.

The Company is requesting stockholder ratification of the appointment of Ernst & Young LLP. In appointing Ernst & Young LLP as the Company's auditors for fiscal year 2013, the Audit Committee has considered whether Ernst & Young LLP's provision of services other than audit services is compatible with maintaining their independence.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (CD&A) provides an overview of the Company s executive compensation programs for the Chief Executive Officer (CEO), Chief Operating Officer (COO) and Chief Financial Officer (CFO) (collectively, the named executive officers (NEOs)) together with a description of the material factors underlying the decisions which resulted in the 2012 compensation provided to the Company s NEOs as presented in the tables which follow this CD&A. The following discussion and analysis contains statements regarding future individual and Company performance targets and goals. These targets and goals are disclosed in the limited context of the Company s compensation programs and should not be understood to be statements of management s expectations or estimates of financial results or other guidance. The Company specifically cautions investors not to apply these statements to other contexts.

Executive Summary

This Executive Summary summarizes certain information contained within the CD&A. This Executive Summary does not include all of the information included within the CD&A, which you should read in its entirety for a more detailed discussion and analysis of our executive compensation program and the compensation decisions relating to our named executive officers.

Our Executive Compensation Program

The Company's executive compensation program is designed to motivate our NEOs to create value for our stockholders. To achieve this objective, our incentive programs use a mix of cash and stock incentive awards, which we believe allows us to attract and retain highly-qualified executives while aligning our executive compensation with the Company's financial performance.

2012 Business Highlights

In 2012, we saw increases in revenue and production volumes from their 2011 levels. We witnessed a slight decrease in operating income, due primarily to increased compensation expense resulting from increased headcount and the payment of performance-based compensation to our transaction professionals. Listed below are certain of our business highlights for the 2012 fiscal year:

Record full-year revenues of \$285.0 million for the year ended December 31, 2012, an increase of \$30.3 million, or approximately 11.9%, compared to revenues of \$254.7 million during the same period in 2011.

Net income attributable to controlling interest for the year ended December 31, 2012 of \$43.9 million (after a downward adjustment to net income of \$0.2 million to reflect the impact of the non-controlling ownership interest of HFF Holdings in the Operating Partnerships), an increase of \$3.8 million, or 9.6%, compared with \$40.0 million for the year ended December 31, 2011 (after a downward adjustment to net income of \$2.0 million to reflect the impact of the non-controlling ownership interest of HFF Holdings in the Operating Partnerships).

Adjusted EBITDA for the year ended December 31, 2012 of \$70.0 million, an increase of \$1.0 million, or 1.5%, as compared to \$69.0 million for the year ended December 31, 2011. Adjusted EBITDA is a non-GAAP measure. A reconciliation of net income attributable to controlling interest to Adjusted EBITDA, as well as a definition of Adjusted EBITDA, is included in Annex A to this Proxy Statement.

Overall production volumes for the year ended December 31, 2012 totaled approximately \$41.9 billion on 1,358 transactions, which was a new high-watermark for number of transactions and represents a 17.6% increase in production volume and a 23.3% increase in number of transactions when compared to the production volumes of approximately \$35.6 billion on 1,101 transactions for the comparable period in 2011.

2012 Compensation Determinations

The Company's executive compensation program is structured to provide incentives to achieve Company financial objectives, provide long-term incentives for the executive officers and set compensation levels sufficiently competitive to retain and attract high-quality executives and to motivate them to contribute to the Company's success. The payouts under the Company's fiscal year 2012 compensation program reflect the Company's solid performance.

Compensation Committee

Edgar Filing: HFF, Inc. - Form DEF 14A

The Compensation Committee (the Committee) of the Board of Directors is currently composed of four non-employee directors, all of whom are independent directors under the listing standards of the New York Stock Exchange and the Securities and Exchange Commission rules. The Committee has responsibility for determining and implementing the Company's philosophy with respect to executive compensation. Accordingly, the Committee has overall responsibility for approving and evaluating the various components of the Company's executive compensation program. The Committee meets at least twice per year (and more often as necessary) to

Table of Contents

discuss and review the compensation of the NEOs. The Committee annually reviews and approves the compensation of the CEO. The Committee also reviews and approves the compensation of the other NEOs after considering the recommendations of the CEO. In establishing and reviewing compensation for the NEOs, the Committee considers, among other things, the financial results of the Company, recommendations of management and compensation data for comparable companies.

The Committee operates under a written charter adopted by the Board of Directors of the Company on January 30, 2007. A copy of this charter is posted on the Company's website at <http://www.hfflp.com> on the Investor Relations page.

Compensation Consultant

In 2009, the Committee engaged Frederic W. Cook & Co., Inc. (Cook & Co.), an independent compensation consultant, to review executive compensation and make recommendations for the 2010 compensation of the CEO. In the fourth quarter of 2010, the Committee engaged an outside consultant, Semler Brossy Consulting Group, LLC (Semler Brossy), to assist in framing the design of the Company's going-forward overall compensation system related to the leadership and management of the Company's Operating Partnerships, which included the NEOs. In 2011 and again in 2012, the Committee re-engaged Cook & Co. to provide advice on executive compensation matters. All services provided by consultants to the Committee are conducted under the direction or authority of the Committee, and all work performed by compensation consultants must be pre-approved by the Committee.

Frederic W. Cook & Co., Inc. does not provide any other services to the Company, and neither Cook & Co. nor any members of its consulting team owns any shares of the Company's stock. There are no personal or business relationships between Cook & Co.'s employees and any executive of the Company. In addition, there are no business or personal relationships between Cook & Co.'s employees and any member of the Compensation Committee. Cook & Co. maintains a detailed conflict of interest policy in order to ensure that compensation committees receive conflict-free advice, and all of Cook & Co.'s employees were in compliance with such policy in 2012. Fees and expenses paid to Cook & Co. in 2012 in respect of consulting services to the Company were less than 1% of Cook & Co.'s total consulting income during that period.

Compensation Philosophy Mission and Vision Statement

In connection with setting the compensation for executive officers, the Company has adopted the philosophy set forth in the Mission and Vision Statement (see below) of the Operating Partnerships. The Mission and Vision Statement reflects our pay for value-added performance philosophy. We believe this Mission and Vision Statement is critical to our continued success. The Mission and Vision Statement relies upon the concept that a client's interest must be placed ahead of ours or any individual working for us. Our goal is to hire and retain associates throughout the entire organization who have the highest ethical standards with the best reputation in the industry to preserve our culture of integrity, trust and respect. We endeavor to promote and encourage teamwork to ensure our clients have the best team on each transaction. Without the best people, we believe we cannot be the best firm and achieve superior results for our clients.

To enable us to achieve our goals, we believe that we must maintain a flexible compensation structure, including equity-based compensation awards, to appropriately recognize and reward our existing and future associates who profoundly affect our future success. We believe the ability to reward superior performance is essential if we want to provide superior results for our clients.

The Committee's goals in structuring the Company's compensation program for its NEOs are to:

provide incentives to achieve Company financial objectives;

provide long-term incentives for the executive officers; and

set compensation levels sufficiently competitive to retain and attract high quality executives and to motivate them to contribute to the Company's success.

Table of Contents

The Committee has determined that to achieve these objectives, the Company's executive compensation program should reward both individual and Company short-term and long-term performance. To this end, the Committee believes that executive compensation packages provided by the Company to its executive officers should include both cash- and stock-based compensation. However, the Committee does not rely on any policy or formula in determining the appropriate mix of cash and equity compensation, nor does it rely on any policy or formula in allocating long-term compensation to different forms of awards.

Given the CEO's unique role both as an executive officer of the Company and a transaction professional of HFF LP, the Company's executive compensation program operates in conjunction with the Company's overall compensation system, which is intended to ensure continued significant and direct emphasis on annual production, to maintain and honor our partnership culture, to continue the alignment of employee, management and stockholder interests through our profit participation bonus plans and to enhance our succession plans for future leadership of the Company.

Setting Executive Compensation

In making compensation decisions, the Committee considers the recommendations of management. The Committee also considers corporate and executive performance, an executive's level of experience and responsibility, an executive's current compensation level and historical compensation practices. In addition, the Committee may look at market data for comparable companies. The Committee does not attempt to maintain a specific percentile with respect to a particular peer group set of companies in determining compensation for NEOs. However, the Committee does periodically review information regarding compensation trends and levels from a variety of sources in making compensation decisions.

In 2012, the Committee engaged Cook & Co. to provide advice on executive compensation matters. At the same time, the Committee conducted an extensive review of the CEO's compensation, considering CEO compensation at public companies in the professional services sector, including real estate service companies, with annual revenues between \$100 million and \$500 million as well as CB Richard Ellis Group and Jones Lang LaSalle, which consistently compete for top executive talent in the commercial real estate industry. This analysis included data on the following key elements of pay: (i) base salary, (ii) bonus, (iii) stock and option awards, (iv) non-equity incentive plan compensation and (v) all other compensation. The Committee reviewed the data with caution given the limited number of companies in the peer subset, described above, and significant differences in size and business scope between the Company and the peer subset. In connection with the CFO's and COO's compensation, the Committee also reviewed average compensation for similar positions from national general industry surveys.

The Committee also evaluates the performance of the Company's CEO, CFO and COO based on quantitative and qualitative performance criteria as described in more detail herein.

Consideration of Stockholder Advisory Vote on Executive Compensation

In determining and approving compensation of our NEOs, the Committee monitors the results of the Company's annual vote on executive compensation. The Company's stockholders overwhelmingly approved our executive compensation program at our last annual meeting, with 28,104,422 votes for approval, 306,544 votes against, 20,650 abstentions and 5,256,533 broker non-votes (an approval rating of 98.8% of the shares represented at the meeting, with broker non-votes not considered in the calculation). Although this vote is non-binding, the Committee viewed this strong endorsement of our executive compensation decisions and policies as an additional factor supporting the Committee's conclusion that our existing approach to executive compensation has been successful for the Company.

2012 Executive Compensation Components

The Company's executive compensation program is comprised of three elements:

base salary;

cash bonuses; and

long-term incentives, consisting of equity awards.

Table of Contents

In making decisions with respect to any element of a NEO's compensation, the Committee considers the total current compensation that such NEO may be awarded and any previously granted unvested equity awards. The Committee's goal is to award compensation that is reasonable in relation to the Company's compensation philosophy and objectives when all elements of potential compensation are considered.

Base Salaries

In General. Base salary reflects the scope of job responsibility and the day-to-day performance of the executive officer relative to his or her duties and responsibilities. As a fixed component of compensation, base salary plays an important role in attracting and retaining executive talent. In determining base salaries, the Committee considers several factors, including:

historical information regarding compensation previously paid to NEOs;

the individual's experience and level of responsibility; and

the performance of the Company and the executive.

Base salaries are reviewed annually; however, a decrease in base salary may be prohibited by an executive officer's employment agreement.

Compensation for Executive Officers During 2012

In April 2009, in connection with other cost savings initiatives adopted in light of continued negative trends in the markets in which the Company operates, Mr. Pelusi voluntarily agreed to reduce his base salary to \$300,000. This represented a \$150,000 reduction from his prior base salary of \$450,000, which itself had been previously voluntarily reduced \$150,000 from his original 2009 base salary of \$600,000. Such reduced base salary was effective as of April 1, 2009. Effective October 1, 2010, Mr. Pelusi's salary was reinstated to \$600,000 in light of improved performance by the Company and conditions in the markets in which the Company operates. During 2011 and 2012, Mr. Pelusi was paid an annual salary of \$600,000.

Mr. Pelusi is also employed as a transaction professional of HFF LP, one of the two partnerships through which we conduct our business. Accordingly, he is also paid for his service as a transaction professional. As is the case with all transaction professionals, his payment as a transaction professional is based upon commissions he earns for the capital markets revenue that he brings into HFF LP. This is consistent with HFF LP's pay-for-performance policy, as the compensation earned by Mr. Pelusi as a transaction professional is directly related to the amount of revenue he generates for HFF LP. In addition, in order to attract and retain top producers, such as Mr. Pelusi, it is critical that they share in the revenue and certain other income that they generate for the Operating Partnerships.

Mr. Pelusi, like other transaction professionals who satisfy certain performance thresholds, is entitled to receive commission payments equal to 50% of the adjusted collected fee amount that he generates for HFF LP. Under this policy, the adjusted collected fee amount is determined based upon the gross revenue actually received by HFF LP attributable to the efforts of Mr. Pelusi and after payment of all customary and appropriate fee splits with outside cooperating brokers or others. The adjusted collected fee amount is also reduced by related producer expenses, including all applicable management plan payments, bonus pool payments to analysts, splits with other producers and employees, and other similar compensation paid or payable to individuals involved in the generation of any commission revenue. Mr. Pelusi is the only transaction professional who also serves as an NEO and whose compensation is directly reviewed and approved by the Committee. The Committee considers Mr. Pelusi's total compensation relative to that of other top Company transaction professionals so as to balance the fact that Mr. Pelusi, by reason of his service as CEO, must redirect much of his focus and efforts to his CEO responsibilities as opposed to his own individual production.

The Committee also considers Mr. Pelusi's base salary and total compensation as they compare to those paid to the chief executive officers and other counterparts of the Company's competitors and other peer companies (as defined above under the heading *Setting Executive Compensation*). After reviewing Mr. Pelusi's compensation, the Committee decided to increase Mr. Pelusi's annual base salary for 2013 to \$1,000,000.

Table of Contents

The salary of our CFO, Gregory R. Conley, was \$250,000 in 2012. Among the factors considered in establishing his base salary were Mr. Conley's base salary and total compensation as they compare to those paid to the chief financial officers and other counterparts of the Company's competitors and other peer companies, as well as his skills and experience, historical base salary and performance as CFO of the Company. After reviewing Mr. Conley's compensation and consulting with Mr. Pelusi, the Committee decided to increase Mr. Conley's annual base salary for 2013 to \$350,000.

During 2012, our COO, Nancy O. Goodson, was paid a base salary of \$206,000. Among the factors considered in establishing her base salary were Ms. Goodson's base salary and total compensation as they compare to those paid to the chief operating officers and other counterparts of the Company's competitors and other peer companies, as well as her skills and experience, historical base salary and performance as COO of the Company. After reviewing Ms. Goodson's compensation and consulting with Mr. Pelusi, the Committee decided to increase Ms. Goodson's annual base salary for 2013 to \$225,000.

Bonuses

In General. Annual cash and equity-based bonuses are included as part of the executive compensation program because the Committee believes that a significant portion of each NEO's compensation should be contingent on the annual performance of the Company, as well as the individual contribution of the NEO. The Committee believes that this structure is appropriate because it aligns the interests of management and stockholders by rewarding executives for strong annual performance by the Company. Bonuses, if earned based on superior performance, are intended to be on the high end of competitive levels to compensate for lower base salaries.

In addition to our regular bonus program, in connection with his service as a transaction professional with HFF LP, Mr. Pelusi is eligible for an annual bonus through HFF LP's Profit Participation Bonus Plan, and each of our CEO, CFO and COO are eligible for an annual bonus through HFF Inc.'s Firm Profit Participation Bonus Plan.

2012 Performance Bonuses

In connection with determining the 2012 bonus amount for Mr. Pelusi, the Committee fixed a target bonus of \$800,000, or 133% of his base salary, with the actual bonus paid to be based upon the achievement of pre-established individual and Company-level objectives. In particular, Mr. Pelusi's bonus was dependent on his performance in connection with (i) maximizing stockholder value while ensuring adherence to the Company's Vision and Mission Statement, (ii) managing the Company's investor relations and communications effort and supporting the Company's stock in the institutional and analyst community, (iii) ensuring that the 2012 strategic plan and annual budget were implemented, (iv) exploring and developing strategic alternatives for the Company's growth and future profitability, (v) identifying succession planning candidates and outlining a multi-year management development plan for those candidates, and (vi) managing the Company's public company operations, including (x) coordination, implementation, communication and oversight for all board of directors meetings, SEC filings, earnings releases and earnings calls, (y) oversight of the Company's risk management and (z) managing Mr. Pelusi's other CEO responsibilities.

After considering the outstanding 2012 performance of Mr. Pelusi and the Company in light of the individual and Company-level objectives established by the Committee and reviewing Mr. Pelusi's compensation, considering peer company information, the Committee approved a cash bonus of \$2,250,000 for Mr. Pelusi, or 281% of his 2012 target bonus opportunity. The Committee determined that this bonus amount was appropriate in light of the Company's performance discussed above, which included exceeding certain budgeted goals and the payment of a special dividend, and Mr. Pelusi's contributions to that performance. The Committee believed that payment of the entire bonus in cash was appropriate given Mr. Pelusi's significant stock holdings in the Company. As it did in the prior year, the Committee recognized that the Company's margin goals were not met, largely as a result of the many new producer teams added to the Company, and the time and resources spent throughout the year integrating these new producer teams into the Company before such new producer teams were able to generate significant revenues. The Committee believed, however, that these

Table of Contents

producer additions were critically important to the long-term, top-line growth of the Company's business and that, in the absence of the producer additions, the Company's 2012 revenue would likely have translated into a higher operating margin.

Under their employment agreements, Mr. Conley and Ms. Goodson are each eligible to receive an annual cash bonus in an amount up to 50% of his or her base salary. The Committee may also, in its discretion, fix target bonuses and award performance bonuses in excess of such amounts. The Committee fixed target 2012 bonus opportunities for Mr. Conley and Ms. Goodson of \$125,000 and \$103,000, respectively, or 50% of their respective base salaries. In connection with determining the bonus amounts for Ms. Goodson and Mr. Conley, the Committee consulted with the CEO and considered his impression of such officers' performance, as outlined in a written performance review of each of Ms. Goodson and Mr. Conley. The performance factors considered by the Committee in connection with awarding such incentive bonuses included the CFO's and COO's (i) implementation and execution of the Company's business plan, (ii) managing and recommending improvements in the Company's operations, including the Company's credit facilities, and internal efficiencies, (iii) managing and administering the Company's support functions, including assisting with the opening of offices in Denver and Orlando and expansion and renewals of offices in several other cities, and (iv) individual performance and achievements. In connection with awarding a bonus to Mr. Conley, the Committee also considered his performance in connection with the preparation of the Company's financial statements and maintaining effective internal controls. After considering Mr. Pelusi's recommendations, competitive data provided by the consultant and the performance factors noted above, the Committee approved bonuses of \$182,750 (of which \$37,500 was in the form of immediately vested shares of Class A common stock, with the remainder paid in cash) and \$125,000 (of which \$21,000 was in the form of immediately vested shares of Class A common stock, with the remainder paid in cash) for Mr. Conley and Ms. Goodson, respectively, or 146% and 121%, respectively, of their target bonuses. The Committee determined that these bonus amounts were appropriate in light of the performance of Mr. Conley and Ms. Goodson in their respective areas of responsibility.

Profit Participation Bonus Plans

Operating Partnership Profit Participation Bonus Plans. The Profit Participation Bonus Plan of each of HFF LP and HFF Securities (each, an Office Profit Participation Plan) is designed to reward an office or line of business for an exceptionally productive year. In addition, the Office Profit Participation Bonus Plans reward income generation as well as the ability of an office or line of business to control costs. This element of compensation is integral to HFF LP's and HFF Securities' compensation practices because it provides an understandable incentive to each of our offices and lines of business and allows us to reward superior performance. Each Office Profit Participation Bonus Plan generally provides that offices or lines of business that generate profit margins for their office or line of business of 14.5% or more are entitled to additional bonuses of an allocated share of 15% of net income from the office. The allocation of the profit participation bonus and how it is shared within the office are determined by the office head in consultation with the managing member of the Operating Partnerships. In addition, in January 2011 the Company amended each Office Profit Participation Plan such that the Board, or any appropriate committee thereof, may elect to pay up to one-third of the profit participation bonuses payable under the applicable Office Profit Participation Bonus Plan in the form of equity-based awards pursuant to the Company's 2006 Omnibus Incentive Compensation Plan (the 2006 Plan) (or any other compensation plan adopted by the Company under which equity securities of the Company are authorized), which awards may be subject to delayed vesting schedules. The Compensation Committee's current practice, however, subject to the Committee's future consideration and approval at the time of each grant, is that if a recipient owns greater than 300,000 shares of Class A common stock at the time of grant, the recipient is paid the full amount of the profit participation bonus in cash in lieu of equity-based awards, although one-third of such cash payment payable is subject to a similar delayed vesting schedule as that applicable to portions of profit participation bonuses paid in the form of equity-based awards that year.

Mr. Pelusi, in his role as a transaction professional, is eligible to participate in HFF LP's Office Profit Participation Bonus Plan. Mr. Pelusi's profit participation bonus under the HFF LP's Office Profit Participation Bonus Plan in 2012 was a result of the achievement of the Pittsburgh, Pennsylvania office of the Company, at

Table of Contents

which Mr. Pelusi serves as a transaction professional. In 2012, the Pittsburgh office generated a profit margin of greater than 14.5%. Accordingly, Mr. Pelusi received a profit participation bonus under the HFF LP Office Profit Participation Bonus Plan of \$68,700 in 2013 related to 2012 performance. Because Mr. Pelusi owns greater than 300,000 shares of Class A common stock, his profit participation bonus was paid in cash, 75% of which vested immediately upon grant and 25% of which will vest on March 1, 2014.

Firm Profit Participation Plan. In January 2011, the Company adopted the HFF, Inc. Firm Profit Participation Bonus Plan (the Firm Profit Participation Bonus Plan), under which members of the Executive and Leadership Committees (or any similar committees established in the future) established by the Company, the Operating Partnerships or any other affiliate of the Company, which include each of our CEO, CFO and COO, are eligible for an annual bonus. The purpose of the Firm Profit Participation Bonus Plan is to encourage and reward firm-wide collaboration and broad stewardship and to promote the financial success of the Company and the Operating Partnerships as well as succession planning for the future. For each calendar year, if the Company achieves a 17.5% or greater adjusted operating income margin, a bonus pool is funded by a percentage of the Company's adjusted operating income, ranging from 15% to 25%, beyond predefined adjusted operating income margin thresholds, ranging from 17.5% to 27.5%. The Board, or any appropriate committee thereof, may elect to pay up to two-thirds of the profit participation bonuses payable under the Firm Profit Participation Bonus Plan in the form of equity-based awards pursuant to the 2006 Plan (or any other compensation plan adopted by the Company under which equity securities of the Company are authorized). The Compensation Committee's current practice, however, subject to the Committee's future consideration and approval at the time of each grant, is that if a recipient owns greater than 300,000 shares of Class A common stock at the time of grant, the recipient is paid the full amount of the profit participation bonus in cash in lieu of equity-based awards, although one-third of such cash payment payable is subject to a similar delayed vesting schedule as that applicable to portions of profit participation bonuses paid in the form of equity-based awards that year.

Mr. Pelusi, Mr. Conley and Ms. Goodson are each eligible to participate in the Firm Profit Participation Bonus Plan. Mr. Pelusi received a profit participation bonus under the Firm Profit Participation Bonus Plan of \$216,926 in 2013 related to 2012 performance. This amount represented a significant decrease from Mr. Pelusi's profit participation bonus under the Firm Profit Participation Bonus Plan of \$726,807 paid in 2012 for 2011 performance as the Committee, in its discretion, made a concerted effort to distribute profit participation bonuses under the Firm Profit Participation Bonus Plan more broadly among the potential recipients. Because Mr. Pelusi owns greater than 300,000 shares of Class A common stock, his profit participation bonus was paid in cash, 50% of which vested immediately upon grant and 50% of which will vest on March 1, 2014. Mr. Conley and Ms. Goodson received a profit participation bonus under the Firm Profit Participation Bonus Plan of \$50,000 and \$25,000, respectively in 2013 related to 2012 performance. Each of Mr. Conley's and Ms. Goodson's profit participation bonuses was paid one-third in cash and two-thirds in restricted shares of the Company's Class A common stock under the 2006 Plan. Fifty percent of each of the cash and equity portions of the profit participation bonus vested immediately upon grant and 50% will vest on March 1, 2014.

For further detail regarding the Officer Profit Participation Bonus Plans and the Firm Profit Participation Bonus Plan, see the description under Profit Participation Bonus Plans below.

Long-Term Incentive Program

Our Board of Directors believes that compensation paid to executive officers should be closely aligned with our performance on both a short-term and long-term basis, and that their compensation should assist us in recognizing and rewarding key executives who profoundly affect our future success through their value-added performances. Therefore, we have adopted and maintain an incentive compensation plan, the 2006 Plan. This plan is designed to align management's performance objectives with the interests of our stockholders. Awards under our 2006 Plan are administered by the Committee.

All grants of equity compensation to NEOs, including those made in connection with the Office Profit Participation Bonus Plan and the Firm Profit Participation Bonus Plan, are made by the Committee. Whether grants are made and the type and size of any grants are based upon Company and individual performance, position held, years of service, level of experience and potential of future contribution to the Company's success.

Table of Contents

The Committee may also consider long-term incentive grants previously awarded to the NEOs, long-term incentive grants given to other executive officers throughout the Company's history and grant practices at comparable companies.

2012 Equity Grants

As described above, in March 2013 Mr. Conley and Ms. Goodson were granted 1,814 and 907, respectively, restricted shares of the Company's Class A common stock with a grant date fair value of \$33,333 and \$16,667, respectively, under the 2006 Plan as part of their 2012 profit participation bonuses. One-half of the restricted shares vested immediately upon grant and one-half of the restricted shares will vest on March 1, 2014. In addition, as described above, in March 2012 Mr. Conley and Ms. Goodson were granted 2,040 and 1,143, respectively, immediately vested shares of the Company's Class A common stock with grant date fair values of \$37,500 and \$21,000, respectively, as part of their 2012 performance bonuses.

The Company has no formal program, plan or practice to time equity grants to its executives in coordination with the release of material non-public information.

Employment Agreements

A description of the employment agreements of our current NEOs, Mr. Pelusi at HFF LP, Ms. Goodson and Mr. Conley at HFF, Inc., including a specific description of the components of each such executive officer's compensation, is set forth below.

Other Compensation and Perquisite Benefits

In addition to the principal categories of compensation described above, the Company provides its NEOs with coverage under its broad-based health and welfare benefits plans, including medical, dental, vision, disability and life insurance. The Company also sponsors a 401(k) plan. The 401(k) plan is a tax-qualified retirement savings plan pursuant to which all employees, including the NEOs, are able to contribute to the 401(k) plan up to the limit prescribed by the Internal Revenue Code on a before-tax basis. Prior to April 1, 2009, the Company made a matching contribution of 50% of the first 6% of pay contributed by the employee, up to a maximum of \$5,000, to the 401(k) plan. Annual salary subject to the Company match was capped at a maximum amount prescribed by the IRS in the particular year. Effective April 1, 2009, the Company suspended 401(k) matching for all participating employees, including the NEOs. The Company reinstated 401(k) matching for all participating employees, including the NEOs, effective October 1, 2010.

All contributions made by a participant vest immediately and matching contributions by the Company made prior to April 1, 2009 were, and following October 1, 2010 are, fully vested after two years of service. These benefits are not tied to any individual or corporate performance objectives and are intended to be part of an overall competitive compensation program.

The NEOs are not generally entitled to benefits that are not otherwise available to all of our employees. In this regard, the Company does not provide pension arrangements (other than the 401(k) Plan), post-retirement health coverage or similar benefits for its executives.

Tax and Accounting Implications

Deductibility of Certain Compensation

Section 162(m) of the Internal Revenue Code limits the deductions that may be claimed by a public company for compensation paid to certain individuals to \$1,000,000 except to the extent that any excess compensation is performance-based compensation. In 2012, the NEOs' base salary and bonuses were not considered performance-based under Section 162(m) and therefore all such compensation is subject to the \$1,000,000 limit. The CEO's commission payments are exempt from the 162(m) limits and Profit Participation Bonus Plan amounts earned by the CEO, and paid by the Operating Partnerships, are not subject to the Section 162(m) limits. The Committee intends to maintain flexibility to pay compensation that is not entirely deductible when the best interests of the Company make that advisable. In approving the amount and form of

Table of Contents

compensation for the NEOs, the Committee will continue to consider all elements of cost to the Company of providing such compensation, including the potential impact of Section 162(m).

The Committee considers the accounting impact in connection with equity compensation matters; however, these considerations do not significantly affect decisions on grants of equity compensation.

Employment Agreements

John H. Pelusi, Jr.

HFF LP and Mr. Pelusi are parties to an amended and restated employment agreement in respect of Mr. Pelusi's capacity as a transaction professional on terms and conditions substantially identical to the employment agreements between HFF LP and the members of HFF Holdings who were employed as transaction professionals at the time of our initial public offering. Such employment agreement was amended on June 30, 2010 when, in connection with the modification of the Exchange Right described in "Certain Relationships and Related Party Transactions Exchange Right," Mr. Pelusi and certain other members of HFF Holdings voluntarily agreed to extend the term of the non-competition and non-solicitation restrictions under their employment agreements until March 2015. Mr. Pelusi is the only transaction professional who also serves as an NEO and whose compensation is directly reviewed and approved by the Committee.

Mr. Pelusi's employment agreement provides for salary, bonuses, commission sharing, draws against commissions, bonuses and other income allocations as established from time to time by Holliday GP at the direction of our Board of Directors after consideration of the recommendation and advice of the operating committee and managing member of HoldCo LLC. Mr. Pelusi is provided with the welfare benefits and other fringe benefits to the same extent as those benefits are provided to our other similarly situated employees.

As discussed in "Non-Competition, Non-Disclosure, Non-Solicitation and Other Restrictive Covenants" below, certain non-competition and non-solicitation obligations of Mr. Pelusi under his employment agreement, as amended (as well as similar obligations of other members of HFF Holdings under their respective employment agreements), will terminate in March 2015.

The Company has not entered into an employment agreement with Mr. Pelusi in respect of his service as the Company's Chief Executive Officer.

Gregory R. Conley and Nancy O. Goodson

We have employment agreements with each of Gregory R. Conley and Nancy O. Goodson. Pursuant to the terms of these respective employment agreements with HFF, Inc., Mr. Conley serves as our Chief Financial Officer and Ms. Goodson serves as our Chief Operating Officer, in each case until such executive's employment is terminated by us or Mr. Conley or Ms. Goodson, as the case may be.

The compensation package of each of Mr. Conley and Ms. Goodson is comprised of the following elements:

Base Salary. Each employment agreement establishes a base salary for the first year of the agreement. The Compensation Committee, in consultation with our chief executive officer, will review an executive officer's base salary annually to ensure that the proper amount of compensation is being paid to such executive officer commensurate with his or her services performed for us. The Compensation Committee may increase, but not decrease, such base salary in its sole discretion.

Annual Cash Bonus. Mr. Conley and Ms. Goodson are each eligible to receive an annual cash bonus, in an amount up to 50% of his or her base salary, based upon the applicable executive officer's achievement of certain pre-determined financial or strategic performance goals established by the Company from time to time. The Committee may also, in its discretion, fix target bonuses and award performance bonuses in excess of such amounts.

Long-Term Incentive Compensation. Pursuant to their respective employment agreements, on the effective date of the employment agreement of Mr. Conley and Ms. Goodson, subject to the terms and conditions of the HFF, Inc. 2006 Omnibus Incentive Compensation Plan and the applicable award agreement with such executive officer under such plan, each executive officer received a grant of restricted Class A common stock with an aggregate fair market value on the date of grant of \$300,006. This restricted stock grant vested in four equal annual installments beginning in January 2009 and is now fully vested. Although not expressly provided for in their respective employment agreements, Mr. Conley and Ms. Goodson have received, and may in the future receive, additional grants of equity compensation. See Compensation Discussion and Analysis Long-Term Incentive Program.

Mr. Pelusi is also prohibited by the terms of the non-competition covenant from directly or indirectly engaging in any activity that requires or would inevitably require the disclosure of confidential information of us or our affiliates. In the case of any breach of the employment agreement, including the non-competition, non-disclosure, non-solicitation and other restrictive covenants thereof, Mr. Pelusi, Mr. Conley, Ms. Goodson will each agree that, in addition to any other right we may have at law, equity or under any agreement, we will be entitled to immediate injunctive relief and may obtain a temporary or permanent injunction or other restraining order.

Mr. Pelusi is currently eligible in his role as a transaction professional to participate in HFF LP's Office Profit Participation Bonus Plan.

Applicability of Plan to Designated Offices. An Office Profit Participation Bonus Plan applies to each separate office (each, an Office) or line of business (each, a Business Line) of HFF LP and HFF Securities designated by the Managing Member of HFF LP (the Managing Member). The Managing Member, currently John H. Pelusi, Jr., is elected by certain senior officers of HFF LP pursuant to the HFF LP partnership agreement.

Bonus Pool Calculation. With respect to each Office or Business Line to which an Office Profit Participation Bonus Plan applies and for each calendar year, if a 14.5% or greater Profit Margin is generated by such Office or Business Line, then an amount equal to 15% of the Adjusted Operating Income generated by such Office or Business Line will comprise the bonus pool. For purposes of each Office Profit Participation Bonus Plan, Profit Margin means the Net Operating Income of such Office or Business Line as a percentage of the revenue of such Office or Business Line, all as determined in accordance with U.S. generally accepted accounting principles (GAAP), Net Operating Income means net operating income (using the same revenue and cost accounts as used in preparing the Company's audited financial statements) of such Office or Business Line, which includes allocations for overhead expenses and servicing expenses, if applicable, plus any gain on sale of mortgage servicing rights and securitization compensation from the securitization of any Freddie Mac loans which the Company services, and Adjusted Operating Income means the Net Operating Income of such Office or Business Line adjusted for depreciation and amortization.

Allocation of Bonus Pool. Each full-time or part-time employee of HFF LP and HFF Securities is eligible to receive a bonus payment under the applicable Office Profit Participation Bonus Plans (an Office Profit Participation Bonus) with respect to services performed during the calendar year. The Company's chief executive officer, Mr. Pelusi, and two of the Company's directors, Mark D. Gibson and Joe B. Thornton, Jr., as well as the Company's director emeritus John P. Fowler, are transaction professionals of HFF LP and eligible for Office Profit Participation Bonuses.

For each calendar year, the head of each Office or Business Line of HFF LP and HFF Securities, after consultation with the Managing Member, will select the recipients of Office Profit Participation Bonuses and determine the allocation of the bonus pool among the eligible recipients.

Payment of Profit Participation. Subject to any applicable federal, state, local or other withholding taxes, Office Profit Participation Bonuses are paid in accordance with each Office's or Business Line's allocation plan as soon as reasonably practicable following the closing of the books and records of the Company in accordance with GAAP in respect of the applicable year in which the Office Profit Participation Bonus is earned, or, if determined by the Managing Member with respect to any Office or Business Line, on or before March 15 of the year following the year with respect to which the Office Profit Participation Bonus was earned. In addition, the

Board of Directors, or any appropriate committee thereof, may elect to pay up to one-third of the Office Profit Participation Bonuses payable under the Office Profit Participation Bonus Plans in the form of equity-based awards pursuant to the 2006 Plan (or any other compensation plan adopted by the Company under which equity securities of the Company are authorized).

construe and interpret the Office Profit Participation Bonus Plans and to make all other determinations, including determinations as to the eligibility of any employee, as he or she may deem necessary or advisable for the administration of the Office Profit Participation Bonus Plans,

correct any defect or supply any omission or reconcile any inconsistency in the Office Profit Participation Bonus Plans,

adopt, amend and rescind such rules and regulations as, in his or her opinion, may be advisable in the administration of the Office Profit Participation Bonus Plans,

Firm Profit Participation Bonus Plan

In general. In January 2011, the Company adopted the HFF, Inc. Firm Profit Participation Bonus Plan (the Firm Profit Participation Bonus Plan), under which members of the Executive and Leadership Committees (or any similar committees established in the future) established by the Company, the Operating Partnerships or any other affiliate of the Company, which include each of Mr. Pelusi, Mr. Conley and Ms. Goodson, are eligible for an annual bonus. The purpose of the Firm Profit Participation Bonus Plan is to encourage and reward firm-wide collaboration and broad stewardship and to promote the financial success of the Company and the Operating Partnerships as well as succession planning for the future. For each calendar year, if the Company achieves a 17.5% or greater Adjusted Operating Income Margin, a bonus pool is funded by a percentage of the Company's

Table of Contents

Adjusted Operating Income beyond predefined Adjusted Operating Income Margin thresholds. The bonus pool is equal to the sum of:

15% of the Adjusted Operating Income, if any, greater than that required to reach a 17.5% Adjusted Operating Income Margin but less than that required to reach an Adjusted Operating Income Margin of 20.0%, plus

17.5% of the Adjusted Operating Income, if any, greater than that required to reach a 20.0% Adjusted Operating Income Margin but less than that required to reach an Adjusted Operating Income Margin of 22.5%, plus

20% of the Adjusted Operating Income, if any, greater than that required to reach a 22.5% Adjusted Operating Income Margin but less than that required to reach an Adjusted Operating Income Margin of 25.0%, plus

22.5% of the Adjusted Operating Income, if any, greater than that required to reach a 25.0% Adjusted Operating Income Margin but less than that required to reach an Adjusted Operating Income Margin of 27.5%, plus

25.0% of the Adjusted Operating Income, if any, greater than that required to reach a 27.5% Adjusted Operating Income Margin.

For purposes of the Firm Profit Participation Bonus Plan, Adjusted Operating Income means the Company's net operating income adjusted for interest income and expense and other income (including, without limitation, that relating to the sale of servicing rights, securitization profits under the Company's Freddie Mac Program Plus Seller Servicer line of business and trading profits under the Company's arrangements regarding Federal National Mortgage Association loans), all as determined in accordance with GAAP. For purposes of the Firm Profit Participation Bonus Plan, Adjusted Operating Income Margin means Adjusted Operating Income as a percentage of the Company's revenue, all as determined in accordance with GAAP.

Allocation of Bonus Pool. Members of the Executive and Leadership Committees (or any similar committees established in the future) established by the Company, the Operating Partnerships or any other affiliate of the Company are eligible to participate in and receive a bonus payment under the Firm Profit Participation Bonus Plan (a Firm Profit Participation Bonus) with respect to services performed during the calendar year. The Company's chief executive officer, John H. Pelusi, Jr., and two of the Company's directors, Mark D. Gibson and Joe B. Thornton, Jr., are members of the Executive Committee and are eligible for Firm Profit Participation Bonuses. The Company's chief financial officer, Gregory R. Conley, the Company's chief operating officer, Nancy O. Goodson, as well as the Company's director emeritus John P. Fowler, are *ad hoc* members of the Executive Committee and are also eligible for such bonuses.

Payment of Profit Participation. Subject to any applicable federal, state, local or other withholding taxes, Firm Profit Participation Bonuses will be paid within 30 days of the date on which the bonus pool is calculated by the Company's chief financial officer or his or her designee. The Board of Directors of the Company, or an appropriate committee thereof, may elect to pay up to two-thirds of the Firm Profit Participation Bonuses payable under the Firm Profit Participation Bonus Plan in the form of equity-based awards pursuant to the 2006 Plan (or any other compensation plan adopted by the Company under which equity securities of the Company are authorized).

Any action of the chief executive officer in administering the Firm Profit Participation Bonus Plan is final, conclusive and binding on all persons. Subject to the provisions of the Firm Profit Participation Bonus Plan, the chief executive officer has the authority to:

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The agreements described below were each filed as exhibits to our Annual Report on Form 10-K for the fiscal year ended December 31, 2012, and the following descriptions of each of these agreements are qualified by reference thereto.

Table of Contents

Reorganization Transactions

Upon the consummation of our initial public offering, pursuant to a sale and merger agreement, HFF, Inc. contributed the net proceeds raised in the offering to HoldCo LLC, its wholly-owned subsidiary. In consideration for the net proceeds from the offering and one share of Class B common stock, HFF Holdings sold all of the shares of Holliday GP, which is the sole general partner of each of the Operating Partnerships, and approximately 45% of the partnership units in each of the Operating Partnerships (including partnership units in the Operating Partnerships held by Holliday GP), to HoldCo LLC. HFF Holdings used approximately \$56.3 million of the sale proceeds to repay all outstanding borrowings under HFF LP's credit agreement. Accordingly, we did not retain any of the proceeds from the offering.

In addition to cash, HFF Holdings also received an exchange right that permitted HFF Holdings to exchange interests in the Operating Partnerships for shares of our Class A common stock (the Exchange Right) and rights under a tax receivable agreement between HFF, Inc. and HFF Holdings.

Exchange Right

Pursuant to the terms of HFF, Inc.'s amended and restated certificate of incorporation, HFF Holdings could from time to time exchange its partnership units in the Operating Partnerships for shares of the Company's Class A common stock on the basis of two partnership units, one for each Operating Partnership, for one share of Class A common stock, subject to customary conversion rate adjustments for stock splits, stock dividends and reclassifications. Beginning in February 2009, twenty-five percent of partnership units in HFF LP and HFF Securities held by HFF Holdings became exchangeable by HFF Holdings, upon the direction of its members, for shares of our Class A common stock. In addition, members of HFF Holdings gained the right to exchange an additional twenty-five percent of the partnership units in the Operating Partnerships held by HFF Holdings for shares of Class A common stock in each of February 2010, February 2011 and February 2012.

In June 2010, following consultation with the Company's Board of Directors, the members of HFF Holdings agreed to modify the Exchange Right in connection with the voluntary extension of the Company's employment agreements with certain participating members of HFF Holdings. These modifications permitted HFF Holdings to exchange in June 2010 all of its partnership units in the Operating Partnerships that corresponded to participating members' interests in HFF Holdings for shares of Class A common stock. The participating members of HFF Holdings were then entitled to redeem all of their respective membership units in HFF Holdings for such shares of Class A common stock. This modification was conditioned upon each participating member's voluntary agreement to extend the term of his or her existing non-competition and non-solicitation agreement to March 2015 and to the imposition of resale restrictions on a portion of his or her shares of Class A common stock received pursuant to the Exchange Right exercise. The shares of Class A common stock subject to the resale restrictions equal 4,020,640 shares in the aggregate, which is equal to 25% of the original number of shares of Class A common stock that such participating members would have received following an exchange of 100% of their membership units in HFF Holdings held at the time of the initial public offering. The restrictions began to be released in March 2013. In March 2013, 33%, or approximately 1.34 million, of such restricted shares of Class A common stock became eligible to be freely sold, with a like amount of such restricted shares of Class A common stock becoming eligible to be freely sold in each of March 2014 and March 2015. The contractual provisions setting forth these new resale restrictions can be waived, amended or terminated by the members of HFF Holdings following consultation with the Company's Board of Directors. Members choosing not to participate in the modification of the Exchange Right continued to be subject to their existing non-competition and non-solicitation agreements and the Exchange Right restrictions that were effective at the time of the initial public offering.

Twenty-nine members, including Messrs. Pelusi, Fowler, Gibson and Thornton, representing approximately 91% of the voting equity interests in HFF Holdings, elected to become subject to the conditions described above. On June 30, 2010, HFF Holdings exchanged all of its partnership units in the Operating Partnerships that corresponded to such participating members' interests in HFF Holdings for shares of Class A common stock. These shares were then distributed to such participating members upon the members' redemption of their respective membership units in HFF Holdings.

Table of Contents

Nine members, representing approximately 9% of the voting equity interests in HFF Holdings, elected not to become subject to the conditions described above. HFF Holdings' partnership units in the Operating Partnerships that correspond to these members' interests in HFF Holdings were exchanged as of August 30, 2012 for shares of our Class A common stock.

As of August 31, 2012, HFF Holdings had exchanged all of the remaining partnership units in each of the Operating Partnerships for shares of Class A common stock of the Company pursuant to the Exchange Right (as defined in this Proxy Statement). The one share of Class B common stock held by HFF Holdings, which constituted the only issued share of our Class B common stock, was transferred to the Company and retired on August 31, 2012 in accordance with the Company's certificate of incorporation. Accordingly, there were no shares of Class B common stock outstanding. As of August 31, 2012 and continuing through the filing date of this Proxy Statement, HFF, Inc. through its wholly-owned subsidiaries, holds 100% of the partnership units in the Operating Partnerships and is the only equity holder of the Operating Partnerships.

Tax Receivable Agreement

As described above, partnership units in HFF LP and HFF Securities held by Holdings Sub, HFF Holdings' wholly-owned subsidiary, were sold to HoldCo LLC, our wholly-owned subsidiary, for cash raised in the initial public offering. Additional partnership units in HFF LP and HFF Securities held by HFF Holdings through Holdings Sub have since been exchanged by HFF Holdings for shares of our Class A common stock on the basis of two partnership units, one of each Operating Partnership, for one share of Class A common stock, subject to customary conversion rate adjustments for stock splits, stock dividends and reclassifications. HFF LP and HFF Securities made an election under Section 754 of the Internal Revenue Code effective for the taxable year in which the initial sale of partnership units occurred and have kept that election in effect for each taxable year in which an exchange of partnership units for shares has occurred. The initial sale and subsequent exchanges produced increases to the tax basis of the assets owned by HFF LP and HFF Securities at the time of the initial public offering and at the time of each exchange of partnership units. This increase in tax basis was allocated to us and allows us to reduce the amount of tax payments to the extent we have future taxable income.

Upon the consummation of the Company's initial public offering, the Company entered into a tax receivable agreement with HFF Holdings that provides for the payment by the Company to HFF Holdings of 85% of the amount of the cash savings, if any, in U.S. federal, state and local income tax that the Company actually realizes as a result of the increase in tax basis of the assets owned by HFF LP and HFF Securities and as a result of certain other tax benefits arising from our entering into the tax receivable agreement and making payments under that agreement. As members of HFF Holdings, each of John Pelusi, the Company's chief executive officer, Mark Gibson and Joe B. Thornton, each a member of the Company's board of directors and a transaction professional of the Operating Partnerships, and John Fowler, a current director emeritus of the Company's board of directors and a transaction professional of the Operating Partnerships, is entitled to participate in such payments, in each case on a pro rata basis based upon such person's ownership of interests in each series of tax receivable payments created by the initial public offering or subsequent exchange of Operating Partnership units. During the third quarter of 2012, Messrs. Pelusi, Fowler, Gibson and Thornton received payments of \$1.4 million, \$1.1 million, \$1.4 million and \$1.4 million, respectively, in connection with the Company's payment of \$17.7 million to HFF Holdings under the tax receivable agreement. During the third quarter of 2011, Messrs. Pelusi, Fowler, Gibson and Thornton received payments of \$0.5 million, \$0.4 million, \$0.5 million and \$0.5 million, respectively, in connection with the Company's payment of \$6.3 million to HFF Holdings under the tax receivable agreement. The Company will retain the remaining 15% of cash savings, if any, in income tax that it realizes. For purposes of the tax receivable agreement, cash savings in income tax will be computed by comparing the Company's actual income tax liability to the amount of such taxes that it would have been required to pay had there been no increase to the tax basis of the assets of HFF LP and HFF Securities allocable to the Company as a result of the initial sale and later exchanges and had the Company not entered into the tax receivable agreement. The term of the tax receivable agreement commenced upon consummation of our initial public offering and will continue until all such tax benefits have been utilized or have expired.

Although we are not aware of any issue that would cause the IRS to challenge the tax basis increases or other tax benefits arising under the tax receivable agreement, HFF Holdings will not reimburse us for any

Table of Contents

payments previously made if such basis increases or other benefits were later not allowed. As a result, in such circumstances we could make payments to HFF Holdings under the tax receivable agreement in excess of our actual cash tax savings.

While the actual amount and timing of payments under the tax receivable agreement depends upon a number of factors, including the amount and timing of taxable income generated in the future, changes in future tax rates, the value of individual assets, the portion of the Company's payments under the tax receivable agreement constituting imputed interest and increases in the tax basis of the Company's assets resulting in payments to HFF Holdings, the Company has estimated that the payments that will be made to HFF Holdings will be \$154.9 million and has recorded this obligation to HFF Holdings as a liability on the consolidated balance sheets. During the year ended December 31, 2012, the tax rates used to measure the deferred tax assets were updated, which resulted in a decrease of deferred tax assets of \$0.4 million and the valuation allowance was reversed which resulted in an increase of deferred tax assets of \$21.9 million, which collectively resulted in an increase in the payable under the tax receivable agreement of \$17.4 million. In addition, during the year ended December 31, 2011, the tax rates used to measure the deferred tax assets were updated which resulted in a reduction of deferred tax assets of \$4.6 million, which in turn resulted in a reduction in the payable under the tax receivable agreement of \$3.9 million. To the extent the Company does not realize all of the tax benefits in future years, this liability to HFF Holdings may be reduced.

In conjunction with the filing of the Company's 2011 federal and state tax returns in 2012, the benefit for 2011 relating to the Section 754 basis step-up was finalized resulting in \$20.9 million in tax benefits realized by the Company for 2011. As discussed above, the Company is required to remit to HFF Holdings 85% of any such cash savings in federal and state tax. As such, during August 2012, the Company paid \$17.7 million to HFF Holdings under this tax receivable agreement and, as a result, Messrs. Pelusi, Fowler, Gibson and Thornton received payments in connection with the tax receivable agreement in 2012. As of March 31, 2013, we have made payments to HFF Holdings pursuant to the terms of the tax receivable agreement in an aggregate amount of approximately \$31.5 million.

Registration Rights Agreement

We entered into a registration rights agreement with HFF Holdings pursuant to which we were required to register under the Securities Act of 1933, as amended, under certain circumstances and subject to certain restrictions, shares of our Class A common stock (and other securities convertible into or exchangeable or exercisable for shares of our Class A common stock) held or acquired by HFF Holdings, its affiliates and certain of its transferees. Such securities registered under any registration statement are available for sale in the open market unless restrictions apply. On September 30, 2009, a Registration Statement on Form S-3 relating to the offering and sale from time to time by the members of HFF Holdings of the 20,355,000 shares of Class A common stock exchangeable for the 20,355,000 partnership units in each of the Operating Partnerships beneficially owned by members of HFF Holdings immediately following the Reorganization Transactions became effective. At December 31, 2012, all such 20,355,000 partnership units had been exchanged for an equal amount of shares of the Company's Class A common stock pursuant to the Exchange Right. The Company did not receive any proceeds from any offerings of shares of its Class A common stock by any selling stockholder under the Registration Statement, but it did incur expenses in connection with such offerings. Such expenses were less than \$120,000 in 2012.

Operating Partnership Agreements

The HFF LP and HFF Securities partnership agreements (including amendments thereto), under which HFF Holdings (through its wholly-owned subsidiary Holdings Sub) was a party prior to August 31, 2012, are filed as Exhibits 10.1, 10.2, 10.3 and 10.4 of the Company's Annual Report on Form 10-K for the year ended December 31, 2012.

Annex A

Use of Non-GAAP Measures

The Company defines Adjusted EBITDA as net income attributable to controlling interest before (i) interest expense, (ii) income tax expense, (iii) depreciation and amortization, (iv) net income attributable to the non-controlling interest, (v) stock-based compensation expense, which is a non-cash charge, (vi) income recognized on the initial recording of mortgage servicing rights that are acquired with no initial consideration, which is also a non-cash income amount that can fluctuate significantly based on the level of mortgage servicing right volumes, and (vii) the increase (decrease) in payable under the tax receivable agreement, which represents changes in a liability recorded on the Company's consolidated balance sheet determined by the ongoing remeasurement of related deferred tax assets and, therefore, can be income or expense in the Company's consolidated statement of income in any individual period. The Company uses Adjusted EBITDA in its business operations to, among other things, evaluate the performance of its business, develop budgets and measure its performance against those budgets. The Company also believes that analysts and investors use Adjusted EBITDA as supplemental measures to evaluate its overall operating performance. However, Adjusted EBITDA has material limitations as an analytical tool and should not be considered in isolation, or as a substitute for analysis of the Company's results as reported under GAAP. The Company finds Adjusted EBITDA as a useful tool to assist in evaluating performance because it eliminates items related to capital structure and taxes, including, the Company's tax receivable agreement. Note that the Company classifies the interest expense on its warehouse lines of credit as an operating expense and, accordingly, it is not eliminated from net income attributable to controlling interest in determining Adjusted EBITDA. Some of the items that the Company has eliminated from net income attributable to controlling interest in determining Adjusted EBITDA are significant to the Company's business. For example, (i) interest expense is a necessary element of the Company's costs and ability to generate revenue because it incurs interest expense related to any outstanding indebtedness, (ii) payment of income taxes is a necessary element of the Company's costs and (iii) depreciation and amortization are necessary elements of the Company's costs.

Any measure that eliminates components of the Company's capital structure and costs associated with the Company's operations has material limitations as a performance measure. In light of the foregoing limitations, the Company does not rely solely on Adjusted EBITDA as a performance measure and also considers its GAAP results. Adjusted EBITDA is not a measurement of the Company's financial performance under GAAP and should not be considered as an alternative to net income, operating income or any other measures derived in accordance with GAAP. Because Adjusted EBITDA is not calculated in the same manner by all companies, it may not be comparable to other similarly titled measures used by other companies.

- (a) Amounts do not reflect expense associated with the stock component of estimated incentive payouts under the Company's firm profit participation bonus plan or office profit participation bonus plans that are anticipated to be paid in respect of the applicable year. Such expense is recorded as incentive compensation expense within personnel expenses in the Company's consolidated statements of income during the year to which the expense relates. Following the award, if any, of the related incentive payout, the stock component expense is reclassified as stock compensation costs within personnel expenses. For further information regarding the Company's accounting policies to its firm profit participation bonus plan and office profit participation bonus plans, see Note 2 to the Company's consolidated financial statements included in the annual report on Form 10-K for the year ended December 31, 2012 filed with the Securities and Exchange Commission. Stock-based compensation expense for the three and twelve month periods ended December 31, 2012 reflects \$0.3 million and \$1.0 million of expense, respectively, recognized during such periods that was associated with restricted stock granted in March 2012 under the Company's firm profit participation bonus plan or office profit participation bonus plans in respect of 2011. Stock-based payments under such plans were first made in 2012 in respect of 2011. For further information regarding the Company's accounting policies relating to its stock compensation, see Note 3 to the Company's consolidated financial statements included in the annual report on Form 10-K for the year ended December 31, 2012 filed with the Securities and Exchange Commission.
