**Item 1.01 Entry into a Material Definitive Agreement.**  
**Senior Unsecured Notes**

On May 9, 2013, LKQ Corporation (the Company, we, or our ) completed an offering of \$600 million aggregate principal amount of senior notes due May 15, 2023 (the Notes ) in a private placement conducted pursuant to Rule 144A and Regulation S under the Securities Act of 1933. The proceeds from the offering will be used to repay revolver borrowings under our senior secured credit agreement, to pay related fees and expenses, and for general corporate purposes. The Notes are governed by the Indenture dated as of May 9, 2013 (the Indenture ) among the Company, certain of the Company s subsidiaries (the Guarantors ) and U.S. Bank National Association, as trustee.

The Notes bear interest at a rate of 4.75% per year from the date of original issuance or from the most recent payment date on which interest has been paid or provided for. Interest on the Notes is payable in arrears on May 15 and November 15 of each year, beginning on November 15, 2013. The Notes will be fully and unconditionally guaranteed by the Guarantors.

The Notes and the guarantees will be our and each Guarantor s senior unsecured obligations and will be subordinated to all of the Guarantors existing and future secured debt to the extent of the assets securing that secured debt. In addition, the Notes will be effectively subordinated to all of the liabilities of our subsidiaries that are not guaranteeing the Notes to the extent of the assets of those subsidiaries.

The Notes will be redeemable, in whole or in part, at any time on or after May 15, 2018 on the redemption dates and at the respective redemption prices specified in the Indenture. In addition, we may redeem up to 35% of the notes before May 15, 2016 with the net cash proceeds from certain equity offerings. We may also redeem some or all of the notes before May 15, 2018 at a redemption price of 100% of the principal amount thereof plus accrued and unpaid interest, if any, to the redemption date, plus a make whole premium. We may be required to make an offer to purchase the notes upon the sale of certain assets, subject to certain exceptions, and upon a change of control.

In connection with the sale of the Notes, the Company entered into a Registration Rights Agreement dated as of May 9, 2013 (the Registration Rights Agreement ) with the Guarantors and the representative of the initial purchasers of the Notes identified therein. Under the Registration Rights Agreement, the Company and the Guarantors have agreed to (i) file an exchange offer registration statement to exchange the Notes for a new issue of debt securities registered under the Securities Act of 1933, with terms substantially identical to those of the Notes (except that the exchange notes will not contain terms with respect to additional interest, registration rights, or certain transfer restrictions); (ii) use their commercially reasonable efforts to consummate the exchange offer within 365 days after the issue date of the Notes; and (iii) in certain circumstances, file a shelf registration statement for the resale of the Notes. If the Company and the Guarantors fail to consummate the exchange offer within 365 days of the issue date of the Notes or otherwise fail to satisfy their registration obligations under the Registration Rights Agreement, then the annual interest rate on the Notes will increase by 0.25% per annum and by an additional 0.25% per annum for each subsequent 90-day period during which the registration default continues, up to a maximum additional interest rate of 1.0% per annum.

The Indenture, which includes the form of the Notes and the form of the guarantees, is filed as Exhibit 4.1 to this report and incorporated herein by reference. The Registration Rights Agreement is filed as Exhibit 10.1 to this report and incorporated herein by reference. The description of the Indenture, the Notes and the Registration Rights Agreement in this report are summaries only, do not purport to be complete, and are qualified in their entirety by the terms of the Indenture, the Notes and the Registration Rights Agreement, respectively.

**Assignment of Swap Contracts**
