- .. Pre-commencement communications pursuant to Rule 13e-4(c) under Exchange Act (17 CFR 240.13e-4(c))

Item 7.01. Regulation FD Disclosure.

The Company's subsidiary, Iridium Government Services LLC, and the U.S. Department of Defense's Defense Information Systems Agency, or DISA, are parties to an Enhanced Mobile Satellite Services, or EMSS, contract and a Gateway Maintenance and Support Services, or GMSS, contract for the provision of Iridium airtime and support services, respectively, to the Department of Defense, each with terms that were annually renewable through March 31, 2013. Pursuant to federal acquisition regulations, DISA exercised its right to extend the EMSS and GMSS contracts for an additional six months, through September 30, 2013. On September 30, 2013, the Company, through its subsidiary, Iridium Satellite LLC, entered into a new agreement to replace the GMSS contract, and, based upon recent discussions with the Department of Defense, the Company believes that Iridium Satellite and DISA have reached agreement on principal terms and will conclude a new agreement to replace the EMSS contract by October 21, 2013. In order to continue providing services to the Department of Defense through October 21, 2013, Iridium Government Services entered into a modification of the current EMSS to continue providing services under the existing terms until such date.

The information contained herein is being furnished and shall not be deemed filed for the purposes of Section 18 of the Securities Exchange Act of 1934 (the Exchange Act) or otherwise subject to the liabilities of that section, nor shall such information and Exhibit be incorporated by reference in any filing under the Securities Act of 1933 or under the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
